

Chapter 336 An Irresistible Kiss

Wayne was caught off guard by Brea's sudden kisses and complaints. So he could only hold her in his arms and hug her slender waist, fearing that she would fall if she moved too much.

As for her questions, he replied with a smile, "I treat you well because you deserve it, not because of what you think. It's my first time being good to a woman. You don't have to doubt my sincerity."

Brea was so touched by Wayne's words that she fell into his arms and said, "Do you know what you are talking about? If you keep saying that, I will really fall in love with you. And if I fall in love with you, I'll pester you."

Wayne patted her shoulder lightly, leaned over, and kissed her cheek. With eyes full of tenderness, he said, "It doesn't matter. Actually, I'm also in love with you. So if we both love each other, then we can be together. What do you think?"

Brea was intoxicated, but she still shook her head and cried. "No way! I can't promise you this. I have to be reserved because men are all bastards. If you get me too soon, you won't cherish me. I don't want to be abandoned after you sleep with me. Because if Keira finds out, she must laugh at me."

Upon hearing this, Wayne couldn't help but burst into laughter. "You really think too much. I'm not that kind of a man. It's difficult for me to fall in love with a woman. But once I fall in love, I'm bound to be serious."

He looked into her eyes and planted a gentle kiss on her forehead. "I swear I will cherish our relationship and treat you well."

Brea was so moved that she buried her head in his arms and rubbed against it. After a long time, she suddenly raised her head, furrowed her beautiful brows, and said with sadness in her eyes, "What if your father doesn't agree with us being together? The Evans family is one of the richest families. Although the Duffy family is not that bad, it can't be compared to the Evans family. I'm sure your father is hoping that you can find a woman from a family of equal social rank and status. Then the two powerful families can join forces."

The more she spoke, the darker her expression became. And tears gradually welled up in her eyes. "Besides, I have so many negative rumors. Your family will definitely not like me. What if... What if, in their eyes, Keira suits you better than me?"

As he listened to her words, Wayne felt like his heart was breaking.

He couldn't help wondering what kind of torture she had gone through. She was born into a rich family, and she had an enviable beauty. Why did she feel so inferior in front of her lover?

Wayne couldn't help holding Brea's flawless face and kissing it gently. It was as if he was kissing the countless scars in her heart.

"Alright, my dear lady." Wayne explained gently, "You don't really have to worry so much about it. Trust me. I will protect you and let my family accept you. You are kind and beautiful. Everyone will like you."

When Brea felt Wayne's tender kiss lingering on her face, her body gradually softened. She unconsciously sat on his lap, wrapped her arms around his neck, and gave him a hot kiss on the lips.

The kiss was unprecedentedly intense. With her eyes closed, she kissed him affectionately. She groaned and used her tongue full of the smell of alcohol to tease the tip of his hot tongue.

It seemed Wayne had become the top-class red wine that made her completely intoxicated.

He was the kind of wine she would never quit drinking.

Brea's enthusiasm made Wayne's body tighten, and his lower body was uncomfortably hard. No matter how hard he tried to control it, the fiery thing stood up disobediently and pressed against her butt.
