

Chapter 357 The Past In College

"Okay. I know you are shy, so let's get in the car now."

After saying this, Tyson opened the door for Celia and let her sit in the car. And while she was fastening the seat belt and not paying attention to him, he quickly kissed her on the face.

"Hey, how can you..."

Celia was flustered by the sudden kiss. She pouted and was about to complain angrily. But when she met his gentle eyes, she could only swallow back her words.

She lowered her head and said in a soft and shy tone, "Why do you always steal a kiss from me? I'm not prepared at all."

Tyson smiled. "You are so lovely that I can't stop myself from kissing you all the time. After all, I'm a vigorous man. There are times that I can't control myself."

His words made Celia's face turn even redder.

Of course, she knew that Tyson was just joking. But she enjoyed the feeling very much.

Tyson also saw through her mind. As soon as he got in the car, he teased her, "Honey, I can't control myself even more when you blush. If you don't want me to kiss you, turn your face away. Otherwise, I can't resist myself again."

"Okay, I'll turn around then."

Celia was about to turn her head away, but Tyson stopped her.

"You little fool! We are a legal couple, so it's legal for me to kiss you. But if you don't like it, I won't do it. You don't have to turn your head away."

"It's not that I don't like it," Celia explained in a low voice. "I'm just afraid that you think I'm not good-looking when you kiss me. I'm not wearing much makeup today."

Tyson smiled gently and stared at her for a while. "You can rest assured that you are flawless in my eyes from head to toe."

Celia bit her lower lip, looked at him, and said, "Then... From now on, you can kiss me anytime you like. I won't resist."

Then she closed her eyes and seemed to be waiting for Tyson's kiss.

He found her so cute that he couldn't help laughing. But he didn't do anything to her. Instead, he just pinched her face and asked, "Are you full? Do you want to go to other food stalls? Let's buy some more."

Celia was a little surprised at his action. But she shook her head and said, "No need. There are still some snacks here. These are more than enough."

As she spoke, she pointed at the snacks Tyson put in the car. "Let's go home now."

Tyson took the snacks and handed them to her, then started the car.

While eating, Celia also fed him some snacks from time to time. After observing him for a while, she asked, "Tyson, is there anything you want to ask me?"

Tyson shook his head without saying anything.

But although he didn't intend to ask anything, Celia was still worried. "Don't you want to know what happened among me, Alick and Lesly? Are you not worried that there might be something between Alick and me?"

"I don't care about your past. It has nothing to do with me. I only care about our present and am responsible for our future. Don't worry, okay? I trust you."

Celia was so moved by Tyson's words that she couldn't help leaning her head against his arm.

"Honey, thank you for always being so kind to me."

While waiting for the green light, she rubbed her face against his arm. She couldn't help telling him about some things in college.

"Lesly and I had a good relationship at that time. We were both working students, and we agreed to work part-time in a restaurant together. Later, Alick pursued me. I saw that he was very sincere, so I accepted him. At first, our relationship went well. Then Lesly's family got into trouble. She was having some difficulties, so I introduced her to Alick, thinking that he might be able to help her get a job since he had a good family condition."

She paused, sighed, and continued, "Then, as his birthday was approaching, I found two more part-time jobs, so I could buy him a gift. I was so busy that I didn't notice he was starting to act strange. One day when I happily went to him with the gift I bought with the hard-earned money I had saved for a long time, I found out they were already together."

Having said this, she smiled slightly. "But it's all over now. It doesn't matter anymore. Maybe Alick got tired of being with Lesly, so he dumped her. Don't worry. I don't have any communication with him now, and I'm not interested in contacting him ever again."

Tyson gently stroked her back and comforted her, "If Alick harasses you again, you must tell me. I'll handle him for you."

Celia remembered what Alick did when she first entered the company and wanted to tell Tyson about it. But then, she thought that after she scolded Alick, he disappeared. He must have gotten scared off.

It was better not to bother Tyson about it anymore. After all, the less trouble, the better.

Besides, Alick was a playboy. He wouldn't be obsessed with her.

At the thought of this, she decided not to tell Tyson that Alick had harassed her in Semshy Group. Instead, she said, "I'll listen to you, honey. Don't worry. If he dares to do anything to me again, I'll tell you. Then you can teach him a lesson."

A satisfied smile crept across Tyson's face. But when Celia didn't notice, his eyes turned cold.

Besides Alick, there was also Lesly. They both bullied Celia.

He must do something to make them pay for what they did to Celia.
