

Chapter 389 Brea Was Going To Be An A-list Star

The entire morning, Celia devoted herself to her work. She studied all the information Derek gave her. In the end, she came up with a general idea in her mind.

She had finished the design draft of Brea's dress for the party, and some of the details had been perfected. Her goal was to carry out two tasks at the same time.

At almost lunchtime, Celia received a message from Brea.

"Cece, sorry I can't take you to the executive canteen today. I felt tired this morning, so I stayed at home and didn't go to Semshy Group, so I can't have lunch with you. I'm sorry. I'll make it up to you next time."

Celia felt warmth in her heart, thinking that Brea really treated her as a good friend. Brea even apologized to her for such a trivial matter. She smiled unconsciously and quickly replied, "It's alright, Brea. There's no need to be sorry about it. You need to rest and take care of yourself. I appreciate your kindness."

Brea replied quickly, "We are friends, so you don't need to be so polite. By the way, how's everything going at work today? I heard that Kiley has come back to work. I'm not in the company, so I can't protect you. Did she bully you?"

Celia didn't expect that despite Brea's busy schedule, she was still concerned about her. She hurriedly replied, "I'm fine. Kiley apologized to me again this morning. I think she won't make trouble for me in the future. As for my other colleagues, they are easy to get along with. So don't worry about me, okay?"

Brea sent an emoji and texted back, "That's good. If anyone dares to bully you, don't hesitate to tell me. I'll back you up after I return to the company. If you don't like anybody, I'll deal with them for you. Don't be scared of them."

Celia felt even warmer in her heart. She replied with a smiley emoji.

"Thank you, Brea. But I think I can manage. I don't want to bother you with my personal affairs. I want you to focus on working hard to be an A-list star."

Celia and Brea chatted casually for a while. Then suddenly, Celia heard her colleagues nearby gossiping.

She listened casually and found that they were talking about Brea and Wayne.

"Do you know that Brea and Mr. Evans are together now?"

"Of course! The news is still on the hot search. How can I not know?"

"Is she going to be an A-list star this time? She has been on the hot search for a long time. This hasn't happened before."

As Celia listened to her colleagues, she couldn't help sending a message to Brea, teasing her.

"Do you know that you are the hot topic in the company now? Everyone is talking about you and Wayne. "

Celia waited for a while before Brea replied, "Thanks to Wayne. He has helped me a lot, so I'll strike while the iron is hot. I will take part in many activities to gain more popularity. Many companies have already contacted me. Among them are some brands and projects I didn't dare to imagine before. This is really a good opportunity for me."

Celia was sincerely happy for Brea. "Brea, your time is coming, so seize the opportunity. I believe you will soon become an A-list star. Just work hard."

Brea thanked Celia, and they chatted for a while more before Celia returned to her work.

As soon as Celia put down her phone, Kiley came to her and held her arm intimately. "Cece, it's lunchtime. Let's go to the canteen now."

She felt a little uncomfortable being too close to Kiley, so she let go of Kiley.

At this moment, Derek also walked out of his office.

"Kiley, Mr. Watson is here now. Let's go." Celia immediately stood up to ease her embarrassment. It was as if she had seen a savior.

But when she looked at Derek, she was surprised to see his haggard face. He looked more exhausted now than in the morning.
