

Chapter 400 I'm Serious About Brea

Wayne happily typed out his reply to Tyson, infusing his words with a teasing tone.

"As the boss of the Semsy Group, you are quite capable. The result has been better than I expected. I'm very satisfied, and I wish to personally thank you for helping me realize Brea's dream. If you need any help in the future, I am happy to oblige."

Tyson replied with an emoji to show his speechlessness. Then he followed it up with his reply, deliberately teasing Wayne in response.

"Recently, Brea has been a trending topic. I just helped to increase her influence and helped her popularity grow so she can become an A-list star as soon as possible. After all, the young master of the Evans Group asked me for help in person, so I couldn't possibly decline! But when did you become so spoony? Why are you so concerned about Brea's happiness? I thought that you two were just a fake couple. Why are you so kind to her? You didn't even treat your ex-girlfriends like this."

Wayne smiled as he replied, "You know what my ex-girlfriends were after when they chose to be with me. They didn't love me sincerely, and I wasn't serious about them either. Why would I go out of my way for them? They were satisfied if I just handed them money. Brea is different. Although we are technically a fake couple, I really like her. In fact, I realized that I've fallen in love with her somewhere along the way. Before, I didn't understand why you suddenly changed after you met Cece. But now I get it. This is kind of an unspeakable feeling. It changes you."

Tyson's next reply came slowly, and its tone was much more serious.

"What's this? I haven't seen you for a few days and suddenly you grasped a profound life philosophy! Well, if you really care for her, then you'd better stop playing around. If you are serious about Brea, Cece and I can help you pursue her. You'll become a real couple in no time."

After Wayne read this reply, he became lost in thought.

Of course he was serious about Brea! His pursuit of her was the most serious thing he had ever done!

After a pause, Wayne replied, "I am serious about Brea."

Originally, he hadn't intended to tell others about his feelings for Brea. But Tyson was his best friend, so he thought he could be honest about the situation.

Furthermore, he wanted to get his best friend's blessing.

Tyson's reply made him feel a rare sense of warmth.

"Since you are serious about her, you should try your best to pursue her. After you win her over, cherish her."

Wayne felt the warmth grow in his heart as he pictured this outcome. "I will."

After finishing the conversation with Tyson, he put his phone down and drove away.

At the Semsy Group.

Celia had worked hard for the entire afternoon, and she had already finished the first draft of the dress design for Vida. It was almost time to get off work, so she felt she could relax for a moment. She pulled out her phone and prepared to message Tyson.

To her surprise, as soon as she turned on her phone, she got a message from Mack.

"Let's have dinner together tonight. I've booked a table at a restaurant near your company. When are you off work? I'll pick you up."

Celia froze as panic rushed through her body.

She immediately refused his invitation. "I'm sorry. I've been busy recently, so I don't have time to join you for dinner tonight. In fact, don't text me anymore. I won't have any relationship with you. Besides, Tyson picks me up every day. You'd better not come around, or he might see you and make a scene."
