

Chapter 417 I Can Actually Do Whatever I Want With Money

Sensing the sarcasm in Tyson's words, Adrian glared at him.

"Nolan, right? So what if you're rich? You really think you can do whatever you want with money? The Kane Group is the result of my lifelong painstaking efforts. How can you take it away from me with just a bunch of stinky money?"

Facing his anger, Tyson sneered with contempt.

"I'm sorry, but the fact is that, I can actually do whatever I want with money," Tyson said coldly, staring straight into his eyes.

"I already assigned someone to investigate the Kane Group, and according to their findings, your late wife, Jenifer, founded the company together with you, and the major part of the start-up fund came from her."

Tyson's cruel and cold aura overwhelmed Adrien.

"Kane Group is actually the fruit of your late wife's painstaking efforts. How dare you claim that it is yours?"

Adrien never even imagined that Tyson would say such a thing. He was so furious that color drained from his face.

Except for the Kane family members, only a few senior shareholders of the company knew about it, so naturally, Adrien was not expecting Tyson to dig up that matter.

Noticing his ghastly expression, Tyson continued, "You're not only ungrateful, but you also forced your daughter with Jenifer to move out of the house after Jenifer passed. Scum like you is not qualified to run the Kane Group!"

Shocked, Adrien stared at Tyson in disbelief.

He really was not expecting Tyson to find out this, either.

Only a handful of people knew this, and even some of the Kane family members were oblivious to it, so how did Tyson find out about it?

Anyway, Adrien was beyond just shocked.

Tyson glared at him.

"Adrien, you are no longer the CEO of the Kane Group. Maybe, this is God's punishment for what you did to your late wife and your poor daughter."

A chill ran down Adrien's spine and he felt as though a demon was clenching his heart, suffocating him.

However, he still managed to hold on and stared at Tyson with deep hatred.

"You... You... You're talking nonsense!"

Although Adrien was trying to refute, words were stuck in his throat.

Not wanting to waste his time arguing with him anymore, Tyson said to Briar, "Show him out."

"Got it."

Briar bowed curtly to Adrien. Although Adrien was not happy at all, he had no courage to put up a fight, so he left the meeting room with hatred boiling in his heart.

Just when he was about to walk out of the door, Tyson stopped him all of a sudden.

Adrien was almost dreaming of the situation turning around, but Tyson's words crushed his hopes.

"From now on, Adrien is no longer the CEO of the Kane Group, and he is not allowed in this building anymore."

Furious, Adrien had the urge to punch him, but Tyson dodged him effortlessly.

He then pushed him away with one hand, making him roll out of the room in an embarrassing way.

"If you dare to hit me, I won't play nice," Tyson warned coldly.

Holding his lower back, Adrien stood up with difficulty and began spewing curses at him.

Soon, his assistant followed him out and asked, "Are you okay, Boss?"

Adrien stopped for a moment and burst into hysterical laughter.

"Boss? I'm not your boss any more. The Kane Group is no longer mine. I've even transferred my last shares. I have nothing now!"

Shocked, the assistant could not do anything but watch Adrien leave.

After walking to the gate, Adrien turned back and took one last look at the company building before leaving sadly.

No matter how much he thought about it, he just could not figure out why the CEO of the Semsby Group was targeting him.

Nolan was so rich. How could he possibly be interested in Kane Group?

Since Adrien's life was now ruined, he would not let Celia live well.

He couldn't let it go so easily.
