

Chapter 425 Retribution

Celia did not want to answer Adrien's call because she did not know what she could possibly say to him even if she did.

After all, he had always lied to her and had sold her mother's ring without her knowledge. He had even failed to keep the Kane Group, and put the blame on her. She felt like she had had enough of a despicable father like him.

Thinking for a moment, she figured that he must have something to say to her after dealing with such a huge blow.

She did not want to agitate him, so she bit the bullet and walked out of the office before answering the phone.

As soon as she clicked on the answer button, Adrian's loud voice roared.

"Are you satisfied now? The Kane Group is gone now. I have signed the agreement to transfer all my shares to someone else. I am officially no longer the CEO of the Kane Group! Are you pleased now that your father is in such a tragic situation? Ungrateful bitch!"

Frowning, Celia knew that he was going to scold her.

"Don't be so emotional. You signed the agreement on your own, so there is no point in blaming or yelling at me. I never forced you to do it, did I?"

"Do you really think that you didn't force me? How could you even say such rubbish? You're the one to blame because you refused to ask the Shaw family for help."

Talking to her made Adrien more agitated. "Do you have anything to do with that Mr. Reyes? He was so cruel in doing things. Celia, my wonderful daughter, I had no idea you had such tricks up your sleeve."

Celia was puzzled. "What are you even talking about? Who is Mr. Reyes?"

She did not personally know anyone with the last name Reyes. If her memory served her right, then the CEO of the Semshy Group was apparently Nolan Reyes. However, she had never seen or met that man before.

When Adrien heard her words, he could not help laughing ironically.

"You really don't know him, or are you just pretending? Let me tell you, the man I am talking about is Nolan Reyes, the CEO of the Semshy Group! He's the one who purchased the Kane group and crushed all my dreams. Do you still not get it?"

His words only shocked and confused Celia even more.

She was really not expecting her boss to purchase the Kane Group.

Ever since she joined the Semshy Group, she knew how much bigger it was than the Kane Group. Moreover, Celia also knew that Nolan had purchased a lot of companies over the years to expand his business territory.

However, there was one thing that she could not understand no matter how hard she thought about it.

Most of the companies that Nolan had acquired before were of great commercial value. Compared to them, Kane Group was nothing.

So why did he suddenly acquire the Kane Group?

Even after thinking for a long time, Celia still could not understand what was going on.

Clearly, Nolan had no reason to fancy a small company like the Kane Group.

While she was confused and silent, Adrien roared again, "Celia, I really want to know what your heart is made of. Why are you so cruel? Why didn't you ask the Shaw family for help? Ever since your mother died, our family has been in shambles. We've lost the Kane Group now. How are we possibly supposed to manage in the future? You are too evil!"

Celia's disappointment in her father was replaced by endless indifference.

With a cold sneer, she said in a blunt tone, "Adrien, you can only put on your tough man attitude before me! Have you ever thought about how you treated me and my mom? Who do you think you are to ask me to turn to the Shaw family for help? And why did you even do it? Maybe, what you're going through now is retribution for being too ruthless to my mother and me back then. You betrayed my mom, and kicked me out of the house. You should have seen this coming. Anyway, you deserve it, Adrien!"

Adrien was not expecting her to be so brutal, and he was stunned for a moment before he sneered. "Celia, don't get too cocky. With the company gone, I can't buy your mother's ring back for you. And even if you sued me, it would be in vain, because I just don't have the money to buy the ring back.

And let me tell you, this is your retribution for not saving me when I needed help!" He laughed unscrupulously.
