

## Chapter 450 A Wild Nigh

Kiley's clothes were torn before she even had a chance to respond. Her breasts jumped in the air.

Alick's eyes glowed with pleasure as he took a closer look at her. Sure enough, Kiley had big breasts. Even though they were not round-shaped, they were more lovely than he had anticipated.

After tearing her clothes apart, he stroked her breasts vigorously. Kiley became more aroused as his motions became more forceful. She even tried her hardest to please him, expecting he'd do whatever he wanted to her.

"Mr. Juarez, you are quite attractive. I fell in love with you at first sight. Every day, I fantasize about how you would fuck me. You're finally going to fuck me today. I'm really happy. Just fuck me. I truly enjoy it..."

Kiley kept shouting and babbling.

A contemptuous expression appeared on Alick's face when he heard this.

Clearly, he did not like her and made no attempt to hide it. He reprimanded her while poking her clitoris with his fingers.

"A bitch like you is not worthy to like me. You are not even worthy to touch my shoes!"

Kiley was even more aroused after he reprimanded her. She not only tightened her body but also answered brazenly, "I am a bitch. I'm ready to be fucked. Fuck me, Mr. Juarez! Fuck me, fuck me to death. I'm ready to let you fuck me."

As intended, Alick was aroused by these vulgar words.

Although he despised Kiley, he couldn't deny that his passion for her was fueled by her obscene nature.

He completely stripped her bare and tossed her clothes on the floor.

Alick grew increasingly aroused by her bare body.

She looked completely average, but her body was quite sexy. Even though she wasn't as stunning as Celia or Lesly, she appeared to have her own style.

Most significantly, she was the most coquettish woman he had ever dated.

Among the women he dated, Lesly was the most coquettish, but even she couldn't match Kiley's level of flirtatiousness.

Alick grabbed her chin, brought his cock to her mouth, and stared down at her, saying, "If you can lick me and make me feel satisfied, I will fuck you."

Kiley gave him a flattering glance without reluctance. She immediately took off his underwear. Her eyes flashed with amazement when she saw that his cock had swollen to the extreme.

Without contempt, she held his cock and licked it.

She licked at his tender areas with her tongue and knew just how to satisfy him with her teeth.

Alick increasingly felt satisfied as he became addicted to her abilities.

Kiley was not attractive enough, but she was skilled and chatty in sex.

Every once in a while, he could sleep with her to spice things up. He was unable to have sex with Celia, but he knew that having sex with a woman who was so flirtatious would be enjoyable.

After all, Kiley was a lot more exciting than the other pretty girls he had slept with in the past.

It didn't take Kiley long before Alick ejaculated.

Her pink tongue was still licking her lips after she swallowed the thick, smelly semen.

"Can you fuck me now, Mr. Juarez?"

Alick was completely swayed by her coyness and wanted to play with her. He stopped and said to her, "Don't worry. I've figured out how to make you satisfied."

He unwrapped the toys he had purchased specifically for Celia to play with and tossed them to Kiley. "Lick them up and put them in your body. You can play with them. I'll fuck you when you get to the climax."

Kiley was a pretty open-minded person. She licked the vibrating egg and the vibrator she picked on the floor while winking at Alick.

Soon as the licking was nearly over, she rubbed the vibrator around her clitoris and caressed Alick's cock with the other hand.

She gave him another round of oral sex while pressing the vibrator into her own body.

"Ah!"

Alick almost ejaculated again from the physical and mental pleasure he felt.

Kiley did an up-and-down twist with her buttocks. She wiped the discharge from her vagina with her fingertips and applied it to her wazoo. When she was ready, she inserted the vibrating egg into it.

The three different holes all over her body were stuffed, and the cumulative effect of all those pleasures drove her to an orgasmic climax.

She was gasping for air as she lay on the floor, but she didn't forget to entice Alick with her gaze.

"Mr. Juarez, please, fuck me now."

When he heard that, Alick swallowed hard but did not react. Instead, he pressed the service call button and asked the staff to get him a uniform.

Later, he tossed the uniform on Kiley's face and said, "put it on and I'll fuck you."

Instantly, Kiley put on the uniform without uttering a word.

Alick sat with his legs spread apart on the couch and gazed lustfully at her.

Kiley crept up to him on her knees and sat on his thighs.

She slowly opened her two plump buttocks to receive the hot and enormous cock.

"My God..." Kiley sighed contentedly. She started moving as soon as she finished swallowing the entire huge thing.

Alick had the impression that his lower body was entirely connected to hers. He attempted a thrust into Kiley's core, feeling that his soul had been abandoned there as well.

Within a short time, he ejaculated with a clear indication of intense satisfaction.

"Mr. Juarez..."

Kiley embraced him, putting her lips to his.

Alick's cock, which had just softened in her body, hardened once more.

They eventually changed to a different position. In each way he could, he tortured Kiley.

After biting Kiley's nipples until they were red and swollen, burning her collarbone and back with the cigarette end, and inserting a spoon into her genital area to scrape out any remaining sperm. He then made her drink it...

He had tried every tactic he wouldn't dare to use on other women on Kiley.

They had a terrific time on this wild night.
