

Chapter 482 The Shameless Family

At Mabel's words, Cerissa also appeared and squeezed into the yard.

Why was the whole family here? Celia thought.

She realized that the chance for closing the door had passed. She looked up at Adrien with cold eyes.

"Adrien, why have you brought Cerissa and Mabel here? Aren't you worried that it might be revealed that I was the substitute bride for Cerissa?"

Adrien smiled, "I came here to see Tyson. I don't care if he finds out. If he's angry because the bride was changed, Cerissa can marry him immediately. It seems that he does not lack money now."

It was not the first time Celia had known Adrien to be shameless but she was still shocked.

She asked sternly, "Do you know what you're doing? Do you really think marriage is the same as going shopping? That you can change it if you are not satisfied? Or do you think all men in the world are like you and will break their promises when money is no longer an issue?"

Adrien didn't get angry but laughed at her words. "I know what I'm doing," he asserted. "The CEO of the Kane Group has been replaced. I have no choice but to come to you and Tyson to try my luck."

Finally, it dawned on Celia why he was here. Angrily, she

said, "Stop it! When did you become so shameless? I made it clear to you last time on the phone. You are not my father any more. Don't disturb my life again. "

Putting on a pitiful look, Adrien said, "Cece, you know what? I couldn't sleep at all these past two days. Since I transferred the shares of the Kane Group, I have been very depressed. I've wanted to throw myself off a building several times. If it weren't for Mabel and Cerissa to help me through, you wouldn't be seeing me now. You are my daughter. No matter how cruel you are, you wouldn't just watch me die, right?"

Celia saw through his fake misery.

"Your words mean nothing to me." She turned her face away. "Whether you are alive or dead, it has nothing to do with me. I will not forget what you did to me for the rest of my life. You are already dead to me. Die again. It doesn't matter."

Adrien's face darkened when he heard Celia's words. He was about to say something when Cerissa suddenly let out a piercing scream.

"This car is so fancy!"

Mabel and Cerissa had already got into the car.

It was unlocked because it was always parked in the yard. These two people were really impolite.

Cerissa was looking at the steering wheel with amazement.

Mabel sat in the passenger seat and ran her hands along the interior of the car.

The two of them seemed to have already claimed the car to be their own.

Cerissa then poked her head out the window and asked,
"Cece, do you have the key to this car?"
