

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1100

The Emerald Pavilion was not far from Qing University, and Nie Mi had arranged to meet her at the campus. Qiao Nian had only come to Qing University for her last exam and when she looked for Liang Conglin. Thus, she was not that familiar with the grounds.

Fortunately, Nie Mi had sent her the office's location.

Finding her way there, she raised her hand and knocked on the office door when she arrived.

"Come in."

Nie Mi's voice came from the office. He was probably busy.

Qiao Nian walked in lazily and saw him organizing the teaching materials. He was extremely busy.

In addition to Nie Mi, a few music teachers were also helping. Seeing Qiao Nian enter, the teachers said to Nie Mi in unison, "Master Nie, your student is here. We'll leave first."

News of Nie Mi taking in a disciple had long spread throughout Qing University's music department. Everyone was very tactful and they saw Qiao Nian.

They also did not forget to close the door as they left.

Nie Mi had been busy organizing the teaching materials he needed for school. It had been a long time since he had been so busy, and he was feeling vexed. He quickly waved at Qiao Nian when he saw her coming over. Under his white hair, his face was gentle and loving. "Nian Nian, you're here. Come quickly, help me take a look at this PowerPoint. How do I do this?"

He had been focused on music for decades and liked traditional ethnic things. He was also more of a nostalgic and sentimental person, and so could not keep up with the trends.

He had originally promised Liang Conglin that he would come back to teach when Qiao Nian came to Qing University to study. However, he did not expect that teaching was different from what he remembered.

Teachers not only had to write on the blackboard, but they also had to prepare PowerPoints.

.....

The computer the university had given him was not easy to use. It kept getting stuck. He couldn't straighten it out even after a long time.

Thus, he asked Qian Nian since he knew that she was good at these things. Since she was nearby, he sent Qiao Nian a message to ask for help.

He had not expected her to arrive so quickly.

“And this computer of mine. Help me see if it’s broken. It will inexplicably swallow the picture every time I pull one up. It also keeps popping up the wrong program reminder...”

Nie Mi’s life had been smooth-sailing, but this time, he was almost killed by a regular teaching course. He turned sideways and gave up his seat.

Qiao Nian adjusted her cap and walked over. “Let me take a look.”

Her voice was low and powerful.

It was inexplicably trustworthy.

Nie Mi wasn’t good at this. Seeing that Qiao Nian was sitting on the stool, he simply gave up his seat and went to pour her a glass of water.

As he stood at the side and watched the girl calmly help him with the computer, he thought of something and asked, “By the way, are you going on stage for this school opening ceremony?”

He knew that the Chinese Medicine Faculty could not find anyone.

As expected, the girl nonchalantly responded with an ‘mm’ while she helped him clean up the error program on his computer.

“Are you sure?” Nie Mi frowned.

He heard that this year, the Clinical Department was going to make a big move at the opening ceremony. At that point, no one would be able to steal the limelight from them.

He didn’t know what the Clinical Department was up to, but he knew that Liang Lu was targeting the Chinese Medicine Department. She was probably very dissatisfied.

Qiao Nian still had to study at Qing University in the future. She wasn’t afraid of becoming enemies with Liang Lu the moment she arrived, but that Liang Lu was quite annoying.

“I think so.” Qiao Nian checked his computer and realized that the disk in the main computer was broken. She didn’t do anything else. She looked up and said, “I need to change the parts of this computer. I’ll help you make a copy of the data, then change your computer later.”
