

## MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1183

Qin Si suffered a loss and silently knocked the teacup on the coffee table. He lay on the sofa like a salted fish and said weakly, "In short, Beijing will probably change again."

Qiao Nian had just blacklisted Jiang Xianrou. Seeing him slumped on the sofa, she did not want to say anything at first. However, she raised her eyelids and said leisurely, "No."

"???"

"Old Master Wei left a will."

The girl's voice was quite light and casual as if she did not know how big this matter was.

!!

Gu San, Qin Si, and Ye Wangchuan looked at her.

Especially Qin Si, he sat up again from his limp state. At first, his expression was one of disbelief. He did not understand why Qiao Nian would not immediately say that Wei Dongshan had made a will.

On the other hand, he felt that Qiao Nian wasn't the type to cause trouble for no reason.

Since she said that Old Master Wei had made a will, there was most likely such a thing.

"But..." Qin Si was dumbfounded and still in disbelief. "No one said anything about Elder Wei making a will. No one in the Wei family knows about this. Sister Qiao, where did you hear that Old Master Wei made a will?"

Wei Ying was still jumping up and down in the provincial hospital, wanting to inherit the Wei family.

She even acted like she was in charge of welcoming the guests.

This...

If Old Master Wei had a will, did it say who the Wei family would belong to in the future?

He moved his mouth, wanting to ask.

Qiao Nian seemed to know what he wanted to ask her. She pursed her lips and said calmly, "Don't ask me. I don't know the contents of the will."

Qin Si slumped back down.

Wasn't that as good as not saying anything?

Qiao Nian continued slowly, "But I guess he probably left the Wei family to Uncle Wei."

“Why?” Qin Si propped himself up again and frowned. “Old Master Wei is actually quite good to Wei Ying.”

“Wei Ying is his first daughter. She suffered when she was young. Old Master Wei has always felt that he owes her. She has caused a lot of trouble outside all these years. She got a divorce and dragged her family back to the Wei family. She even changed her child’s surname to Wei. She clearly has the intention of inheriting the family business. I don’t see Old Master Wei stopping her... Perhaps Old Master Wei will hand the family to her.

“After all, even if Wei Mingxuan doesn’t take over the Wei family, he can still do well in Beijing. It’s hard to say about Wei Ying’s side. None of them are promising!”

Qiao Nian felt warm from the heat of the hairdryer. Her eyelids were closed, and she was a little sleepy. She replied vaguely, “My intuition. Look... When the will is announced, it should be as I guessed. The Wei family will be handed over to Uncle Wei and Wei Lou...”

She stopped mid-sentence.

Her voice was muffled and sleepy.

The girl’s half-closed eyes were beautiful and eye-catching. She looked like someone not to be trifled with.

Although Qin Si did not understand why Qiao Nian was so sure that the Wei family would end up in Wei Mingxuan’s hands and not Wei Ying’s, he did not continue to pursue the matter. Instead, he asked, “That’s not right. Sister, how did you know that Old Master Wei made a will?”

He took a deep breath and finally realized that he had been led astray by Qiao Nian. “I was clearly asking this question just now, but you told me that you didn’t know the will’s contents.”

She was clearly avoiding the critical question and not answering him.

Qiao Nian was originally a little sleepy. She had performed at the school anniversary today, been pulled to the Jiang residence by Jiang Zongjin, and went to the provincial hospital to operate on Old Master Wei.

She basically spent the entire day as busy as a bee.
