

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 127

They walked towards the lecture hall merrily.

They were complimenting Shen Qiongzhi and Madam Fu as the attention was on Qiao Chen and Fu Ge today.

One was a young and capable guy that got into Qing University. He even managed to convince a professor from Qing University to give a lecture at First High School.

The other was multi-talented and was even guaranteed to be famous. She was like a celebrity with the things she did on social media.

Hence, because of them, Madam Fu and Shen Qiongzhi were at the center of attention among the ladies.

Qiao Chen came after the call.

“Mom, Aunt Fu. I’m sorry for being late. I was in class. Are you guys heading to the lecture hall? Let me bring you there.”

She was eloquent in her speech, with the whole set of clothes from Seven. They were from the upper class and could tell it immediately. They were impressed.

They praised. “You must be Chen Chen. You’re so pretty. No wonder Second Young Master Fu was attracted to you, I would be attracted to you as well.”

Madam Fu smiled, but she didn’t respond.

Her attitude didn't change.

She wasn't going to admit or deny the relationship.

In fact, she felt that Qiao Chen wasn't a good match for the Fu family.

However, because of her son and the Qiao Family's recent growth, she couldn't express her thoughts.

They walked towards the lecture hall.

Coincidentally, Qiao Nian and the rest of Class A were heading towards the lecture hall as well.

They met.

Qiao Chen was humiliated just now. Hence, she had a strange look on her face when she saw Qiao Nian.

Shen Qiongzhi's and Madam Fu's faces changed as well.

Qiao Nian acted like she didn't recognize them. She then said nonchalantly to them.

"Excuse me."

She had a raspy voice.

Her voice was different from a girl's.

The ladies started to check her out.

Their eyes lit up when they realized how pretty she was.

She was damn pretty!

She wasn't trying as hard as Qiao Chen. Even though she was just wearing an unbranded black shirt, they could tell that its quality was better than what Qiao Chen was wearing.

She didn't put much effort into tying her hair up, but it showed off her nice facial features.

She was way prettier compared to Qiao Chen.

Technically, Qiao Chen was nowhere near as pretty as her.

She was so pretty that even ladies would be attracted to her. What was rare was that her beauty felt natural.

One of the ladies asked, "Who's this girl, is she a student?"

She was outstanding.

Madam Fu heard that and replied proudly, "She just transferred in, but her conduct is horrible."

"Oh." The lady was disappointed.

What a pity.

How could someone so pretty have bad conduct?

Qiao Nian didn't care what they were saying and walked past them. She didn't want to interact with Shen Qiongzhi at all.

The rest of Class A followed her and left.
