

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1299

However, Bo Jingxing's uncle had come to him for help. Other than Qiao Nian, he couldn't think of anyone else who had the ability to find Eagle Eye.

Of course, he could also make a move. However, the enemy would be alerted if he did.

In the Ninth Branch, Luo Qing and the others did not have the ability... Overall, only Qiao Nian could help with this.

Qiao Nian nodded and didn't say anything else. She just said impatiently, "10 AM, right? Got it."

The next day.

10 AM.

Qiao Nian woke up early in the morning and took a photo of the design drawing for Yuan Yongqin before sending it to her email.

Someone had already arrived in the private room.

Bo Zheng casually drank the water in his cup.

He was used to not touching coffee or other refreshing drinks. He only drank plain water. He would only touch a little wine and tea occasionally during the holidays. Most of the time, even in a place like a cafe, he only wanted a cup of plain water.

He had an appointment with Ye Wangchuan at 10 o'clock.

But he had come early. He had arrived at the meeting place an hour early and had been waiting here.

He was accompanied by the deputy captain. The deputy captain was younger than him, and youthful exuberance of youth exuded between his brows.

In terms of personality, he clearly had the unique problem of being young. He was not so calm!

The deputy captain looked at his watch almost every few minutes, unable to hide the anxiety on his tanned face. Finally, he couldn't suppress his anxiety and said anxiously, "Captain Bo, is the person you're waiting for not here yet?"

Bo Zheng was calmer and more imposing than him. He put down the water cup unhurriedly and said, "I made an appointment with him at ten. It's not time yet, is it?"

"I know, but this is urgent. I'm afraid if we delay any longer, Eagle Eye will get away." He kept the impatience out of his voice. It was obvious he'd been holding back.

Bo Zheng asked him casually, "What's the use of being anxious? Eagle Eye won't escape? As long as we can't find his exact location, it's useless even if you're anxious. We can't catch him!"

This was reasonable, and his deputy captain understood this. However, he couldn't help but feel anxious and angry. He wished he knew computers. He could find the criminal's location with a few taps on the keyboard and immediately bring people to arrest him!

After all, this Eagle Eye was too vicious. It wouldn't be enough for the commoners to be angry if they did not catch him!

The deputy captain knew that his superior had a point. He could only suppress his anger for the time being and wait for the other party to bring experts.

At ten o'clock, a black car with a red flag was parked on the road outside.

Bo Zheng saw the car stop through the glass window of the private room and said in a low voice, "He's here."

"They're here?" Deputy Captain Luo's eyes lit up. He immediately stood up and craned his neck to look out. He immediately saw the parked car.

Then, he saw two people get out of the car. One was a young man he did not know.

The other one was even more ridiculous—a girl. She was wearing a sweater with gray letters on the top and denim biker on the bottom. Her jeans were slightly tucked in at the waist and clung to her waist, showing off her figure. The girl stood sideways to him, her legs straight and long under her jeans.

That was not even the point.

The key was that even from so far away, Deputy Captain Luo was certain that the other party was extremely young.
