

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1435

Lan Pavilion.

The clubhouse was in a quiet place on Chang'an Street. The decoration of the French parasol tree made the environment in the clubhouse look even more elegant.

After passing through the winding corridor, Jiang Xianrou was in one of the private rooms.

Many other people were in the private room apart from her.

Ruan Sisi and Tang Ning were there.

However, like last time, Tang Ning was dragged here by her friend. She found a corner to play by herself and basically did not talk to Jiang Xianrou.

People were playing cards in the box. Some were singing. Some were drinking. It was a lively game.

Jiang Xianrou sat in a corner and played with her phone.

Her fair face was almost expressionless. It was impossible to tell that she was the star of the day.

After Ruan Sisi played a round of dice with someone, she threw down the dice and walked to her side. She sat down with a smile and asked her, "Xianrou, why aren't you playing with us?"

Jiang Xianrou turned off the light on her phone screen and looked up. Her eyelids were lowered as she said softly, "I don't know how to play dice."

Naturally, Ruan Sisi saw her small gesture of putting the phone down. She raised her eyebrows, smiled, and said, "Isn't there something else if you don't play dice? We can sing or play pool."

"Forget it today." Jiang Xianrou did not deny it, but she wasn't interested in this at all. "I don't want to play today."

Ruan Sisi smiled and exposed her thoughts. "I think you're not in the mood to play~! Did you see the news about Qiao Nian on the Internet?"

Jiang Xianrou's beautiful eyes darkened when Qiao Nian was mentioned. It was obvious that she didn't look well and didn't want to mention this name.

Ruan Sisi smiled when she did not deny it. She held her arm and said disdainfully, "Xianrou, why are you arguing with her? Some people only have such big plans. They think that they have seen the vast world just by seeing the palm-sized sky... Didn't she just get first place in a world-class competition? How can she compare to you entering the Pharmacy Association?"

"What kind of place is the Pharmacy Association? How many people want to enter but can't?"

"Among the authoritative experts in the country, I'm afraid even Mr. Huang might not be qualified to enter the Pharmacy Association. How can Qiao Nian compare to you now that you're a member?"

Jiang Xianrou's gloomy expression eased a little. She curled her lips and smiled, looking quite humble. "I was also lucky to be able to enter the Pharmacy Association."

However, Ruan Sisi gave her enough face. "That's not true. You entered because of your ability. In short, you're the one who entered the Pharmacy Association, not Qiao Nian."

Jiang Xianrou's mood improved a little. She pursed her lips and did not speak, but her smug expression clearly agreed with her words.

Ruan Sisi let go of her arm and patted her shoulder. She said earnestly, "So, don't compare yourself to Qiao Nian. She can't compare to you."

"I didn't compete with her. I really don't want to play dice. That's why I'm not playing with you guys. It's not that I'm in a bad mood because I saw the news on Weibo."

Jiang Xianrou spoke in a dignified manner. Ruan Sisi was speechless.

However, Jiang Xianrou ignored her. She looked at her phone again, got up, and said, "I'm going to the washroom."

"Yes, go ahead."

Ruan Sisi put away her unhappiness and nodded. She watched Jiang Xianrou leave the private room, but she was very nonchalant.
