

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1549

Jiang Xianrou couldn't hide the joy in her eyes, but she pursed her lips and remained calm. She didn't show it on her face just because Wei Ying praised her in public.

Wei Ling looked at the mother and daughter from the side. The smile on her lips disappeared, and she suddenly asked, "By the way, Young Master Ye will be coming today, right?"

Jiang Xianrou's expression changed the moment she finished speaking.

Tang Wanru could no longer maintain her smile. "This..."

!!

"Young Master Ye and Xianrou are so close. Isn't he coming?" Wei Ling touched a sore spot. Her smile was quite gentle, and her words pierced Jiang Xianrou and Tang Wanru's sore spots like sharp thorns.

Jiang Xianrou's face turned even paler. Her smugness was also suppressed. She said without a change in expression, "Young Master Qin and the others..."

She was about to say that Qin Si and the others were busy and didn't have time to come over, but her phone suddenly vibrated.

Jiang Xianrou hurriedly glanced at it. It was a WeChat message.

A message from Qin Si.

She quickly clicked on it.

[Qin Si: I'll come over later.]

At first, Jiang Xianrou suspected that she had seen it wrong. She ignored her image and took a closer look at her phone.

Qin Si had indeed sent a message saying that he was coming over.

Overjoyed, Jiang Xianrou immediately replied, telling him to inform her in advance when they reached so that she could pick them up outside.

She finished replying to the message.

Tang Wanru couldn't help but feel awkward and was about to help her out. "Young Master Ye and the others..."

"Mom." Jiang Xianrou immediately stopped her. She looked at Wei Ling with a smile and replied, "Aunt Wei, they'll be arriving later. Do you want me to arrange for you to sit at the same table?"

There was some silence.

Wei Ling had only heard that Jiang Xianrou had fallen out with the people in her small circle. Coupled with the fact that she couldn't stand the mother and daughter's arrogant faces, she deliberately tried to disgust them.

She didn't expect Ye Wangchuan and the others to really come.

When she thought of how her family had been tortured by the Ye family some time ago, her expression immediately became awkward. She immediately said, "I was just asking casually. It's fine. You don't have to go through so much trouble to arrange for us to be together."

"Yes, alright." Jiang Xianrou walked down the stairs.

She was just making conversation.

She wasn't stupid to really put them together.

Wouldn't she lose face again if Qin Si and the others left?

...

11:30 AM.

The welcoming party was half an hour away from starting.

Qi Yan had also arrived.

Tang Wanru accompanied her in.

Jiang Zongnan and Jiang Yao were outside to see if there were any more guests.

As the protagonist of the day, Jiang Xianrou did not go in. She was still waiting outside with her phone.

Finally, her phone rang.

Seeing the caller ID, Jiang Xianrou picked it up almost without hesitation. "Hello, Young Master Qin, you're here?"

Qin Si had just parked the car.

Zhang Yang and Bo Jingxing were also both here.

Of course, Ye Wangchuan came too.

He walked with Qiao Nian. Both of them were wearing blue today. Blue was an extremely eye-catching color, and both of them had fair skin.

It was pleasing to look at as they stood together.

They were simply more eye-catching than the other.

Gu San walked behind them dutifully. He was already used to this.

Back then, before Master Wang could woo her, the two of them were already very compatible.

Miss Qiao was now Master Wang's girlfriend. When a couple stood together, it wasn't too much to praise them.

Qiao Nian rarely wore anything other than black and white. Today, she looked exceptionally refreshing. In addition, her aura was eye-catching.

They immediately attracted the attention of many passersby as they walked.

Qiao Nian didn't think so herself. Her shoulders were relaxed and she wasn't holding anything as she followed Qin Si and the others into the Imperial Mansion.
