

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 324

Fu Ge's face instantly flushed, and he felt repeatedly suffocated by her. He looked at her in disbelief, clenching the notebook in his hand, and the blue veins on the back of his hand bulged. "Qiao Nian, when did you become like this? Your words are so vulgar!"

Eating shit on a live broadcast? Was it something a girl should say?!

At least he had never heard Qiao Chen say this!

He frowned fiercely and began to become impatient. He pursed his thin lips and said, "I've told you everything that should be said. If you don't want to listen, you can feel free to embarrass yourself. I won't stop you..."

Ah!

Qiao Nian raised her eyebrows, her eyes as dark as ink, and just as she was about to sneer, a voice suddenly came in from behind—

"Why don't I know that my girlfriend is going to be ashamed?"

With this sound, Qiao Nian raised her eyes and saw the handsome man wearing a beige windbreaker.

It was Ye Wangchuan!

His height was superior at 1.8 meters, and the windbreaker just reached his legs, showing off his slender figure, wide shoulders, narrow waist, and a pair of big long legs that looked even more conspicuous.

Qiao Nian glanced at his trench coat but didn't notice that what he said was the point.

Several people in Class A were stunned by the word “girlfriend”, including Fu Ge!

Only she automatically filtered it out and asked puzzledly, “Why are you here?”

There was a smile in Ye Wangchuan’s eyes, and he looked down and said in an affectionate tone, “Gu San said that you were stopped by someone, so I came over to take a look.”

When talking to Qiao Nian, he was as gentle as a spring breeze. When he raised his eyes to look at Fu Ge, his dark eyes were like warnings hidden in the shadows. When he spoke, he still curled up the corners of his mouth with a lazy expression, “Young Master Fu, who did you just say would be ashamed? Qiao Nian?”

Upon seeing his expression, Fu Ge was immediately intimidated. His handsome face twisted with a confused expression, and his eyes flickered. “I, I don’t mean that.”

Seemingly with a good temper, Ye Wangchuan asked him gently, “Oh? What do you mean?”

Fu Ge was speechless.

What did he mean... it was literally! He wasn’t optimistic about Qiao Nian’s admission to Qing University and felt that she would embarrass herself if she participated in the independent admissions.

But could he say it directly?

If Ye Wangchuan wasn’t here, he might just say it. But... he felt humiliated and embarrassed. He clenched the exercise book in his hand and regretted coming to block Qiao Nian at the school gates.

He hadn't thought about coming at the beginning, but his mother heard him and Chen Chen on the phone and learned that Qiao Nian was going to take Qing University's exam too, so she urged him to come and give her this exercise book.

It was meant to ease their relationship.

But now, it seemed like Qiao Nian had no such intentions. She was already arrogantly attached to Ye Wangchuan, the big tree!

Seeming to see through his thoughts, Ye Wangchuan suddenly said lazily, "You didn't know that Liang Lu from Qing University came specially to Rao City's First High School?"

Fu Ge suddenly raised his head.

He himself was a student of the Finance Department at Qing University.

Although it wasn't a medical department, he had heard of the school's aces.

The two most powerful majors at Qing University were the Finance and the Medicine majors!

He had chosen to study finance at the beginning because his chemistry scores were average, and because it would be more convenient to take over the Fu Family business in the future. Another reason he didn't want to admit was that the scores of the Medicine Department at Qing University were actually 20 points higher than that of the Finance Department.

The total score was 650, which sounded like 20 points weren't much.
