

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 545

He was looking for the Red Alliance to help him check on something?

What did he want to check?

Qiao Nian bent her legs and leaned obliquely, glancing at the people around her. Ye Wangchuan had been busy the past couple of days and did not get any sleep last night, so he had eye bags under his eyes. It seemed like his bloodthirsty aura was heavier than usual.

Qiao Nian turned away after a quick glance. Then, she slowly took out her cell phone and unconsciously opened up the chat with the Red Alliance.

The red letter 'S' was particularly conspicuous on her cell phone screen.

However, Ye Wangchuan did not look her way. Rubbing his eyebrows and eyes with one hand, he touched his thin lips with the other hand and said, "Stop by the supermarket along the way. I want to buy something."

Gu San hesitated, looked aside, and asked him strangely, "Master Wang, what are you planning to buy so late in the evening? Let me go buy it for you."

Just as he said this, he passed by a supermarket.

He parked his car along the side of the road and turned his head around. He stretched out his hand to unbuckle his seatbelt and said, "Master Wang, please remain in the car. Let me go buy it."

Ye Wangchuan's slender hand opened the door and stopped him, saying, "I'll go by myself. Please wait a while."

Qiao Nian muttered an agreement softly. She felt unwell and was curled up lazily in the corner. She didn't stop him.

Although Gu San wanted to go with him, he was worried about leaving Qiao Nian alone in the car. Thus, he gave up on the idea of following him.

He asked briefly, "What are you planning to buy, Master Wang? Are you going to get some gum?"

He wasn't guessing blindly.

Master Wang was smoking just now. When Miss Qiao got in the car, he put out the cigarette butt and threw it away. However, it would still be possible for Miss Qiao to smell the smoke on him. Therefore, it was possible that Master Wang was going to get some gum to hide the smoke smell on him.

Qiao Nian didn't think too deeply about this as she picked at the tip of her eyebrows. She just wondered why Ye Wangchuan wanted chewing gum.

The tall figure quickly returned to the car.

Tall and long-legged, he stood out from the crowd when he walked along the street. Qiao Nian noticed several girls looking at him.

He returned very quickly.

Holding on to a plastic bag, he handed its content to her after he got into the car—some medicine he had bought for her.

“Eat the medicine. The drugstore clerk said that after eating this medicine, your stomach will no longer hurt after half an hour.”

He then handed her a drink. His eyebrows and eyes were looking down, looking very handsome.

“Eat the medicine together with this drink.”

Qiao Nian took the medicine with complex eyes. She looked down and saw that he had bought a medicine called Fenbid.

Furthermore, she could feel the warmth of the drink through the paper cup. It was very warm, even warmer than the actual temperature of the drink itself.

She held onto her cup and was not able to voice out her inner feelings. In a deep voice, she said, “You went just to buy these for me?”

“Yes. You’re suffering from an upset stomach, right?”

Ye Wangchuan looked at the pale and distressed face in front of him and stuffed the black plastic bag into her arms. He spoke slowly, and his voice was very provocative. A smile seemed to tug at the corners of his eyes. “I bought some other stuff too. I didn’t know which brands you prefer, so I asked the clerk and bought you these two bags. The clerk recommended these brands.”

Gu San was lost in his thoughts while listening to their conversation and almost blurted out a question.

Out of the corner of his eye, he saw the black plastic bag that Ye Wangchuan had passed to Qiao Nian. He recognized the brand of the product inside the bag. He had seen the packaging on television commercials every day.

His face suddenly turned red.

Oh my goodness, it was a product from the Sophie brand?

Master Wang went down to buy sanitary pads for Miss Qiao?

He took another look at Qiao Nian’s pale face and lips, and it became obvious what kind of medicine Qiao Nian was holding.

It was definitely medicine used by girls on their period!
