

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 697

Qiao Nian raised her eyes and did not move. She didn't even intend to pick up the voice recorder. "The thing you wanted to give me is this recording of the conversation between you and Qiao Chen?"

Wu Jie raised her eyes incomprehensibly and met her gaze. She pursed her lips and said, "Is there anything wrong? With this recording, you can prove that she instigated trouble behind your back. Furthermore, you can also find her uncle to expose her."

Qiao Nian squinted her eyes slightly. It seemed as though her gaze could see through her true intentions.

Wu Jie was stung by her gaze and subconsciously avoided her gaze. She bit her lip and said, "I have received the punishment that I deserve for doing something wrong. She was also involved in this matter, and she shouldn't be forgiven so easily. If I had successfully reported you that day, you might not have been able to go to university. Would you be able to forget it so easily?"

Qiao Nian stood up, raised her hand, and returned the voice recorder to her. She didn't even listen to the contents. She lowered her eyelids and answered her carelessly, "It's not that I have forgotten about it. It's just that I have never considered it to be of any importance."

"However..."

Wu Jie looked very agitated. Her face was flushed.

"Although she was involved in that matter, she will be holding a banquet at the hotel tomorrow as though nothing has happened. Do you really not care?"

She looked honest and friendly and seemed to be the kind of introverted girl who didn't even dare to speak loudly.

Qiao Nian remembered her relentless attitude back in the principal's office. Not many people in Class A were as relentless as her.

At least, Shen Qingqing and Jiang Tingting weren't as relentless as Wu Jie.

Qiao Nian retracted her gaze and felt bored. She didn't give a direct answer. "Not everyone thinks the same way. Just because you can't forget it doesn't mean others can't."

Wu Jie's face turned pale in an instant.

She stood up agitatedly. However, her body lost all energy and fell back into her seat limply. Her eyes shook as she said, "I was just trying to help you, I..."

"Since you decided to transfer schools, I wish you all the best!"

Qiao Nian didn't wish to talk to her anymore. After saying what she wanted to say, she took her phone, pulled out her chair, and walked away.

Wu Jie looked at the girl's back as she left. She held onto the voice recording for a long time without making a sound.

She thought that Qiao Nian would do something as long as she managed to get her hands on the recording. However, she didn't expect her to not take Qiao Chen seriously at all.

"Haha..."

She let out a cold and bitter chuckle. Her expression was full of mockery.

Qiao Nian was right. Why should she take Qiao Chen seriously?

Qiao Nian was ranked first in the joint examination of Qing University with a full score of 650. She was the first in Qing University's 100 years of history. Today, people from many different universities even came to First High School to try and recruit her.

Qiao Chen only scored 588 points on the examination. She barely got accepted into Qing University.

The difference between the two of them was as vast as the sky and the earth. This was different from what Qiao Chen thought of herself.

Qiao Chen thought she was like a cloud in the sky.

However, in reality, when compared to Qiao Nian, she was nothing but dirt on the ground!

Wu Jie had been biting her lip a little too hard, causing it to tear and blood to come out. She clenched the recording in her hand unwillingly.

Her eyes were red and looked angry.

Although Qiao Nian could forget it, she was unwilling to let Qiao Chen go so easily!

If it wasn't for Qiao Chen, she wouldn't be forced to transfer to another school three months before the College Entrance Examination. Furthermore, she was transferring to a worse school than First High School.

She had so many friends in Class A. She had lost all of her friends now!

If Qiao Chen hadn't provoked her, she wouldn't have been punished and wouldn't have had to carry this bad record for the rest of her life..
