MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 727

He was completely convinced by Qiao Nian in terms of programming, but he didn't know anything about her medical skills.

He believed that Qiao Nian's confidence came from Ye Wangchuan.

Miss Qiao was someone Master Wang had personally asked to treat Master Cheng. She definitely had some skills. Otherwise, why would Master Wang look for Miss Qiao and not others?

The other nine people stopped talking.

However, Zhou Wei snorted disdainfully from the side. "Even Liang Lu can't treat Master Cheng's illness. I don't believe she can treat Master Cheng's chronic illness with two needles and just a few words."

"You didn't believe that Miss Qiao could resolve the loophole in your source code previously, but she did." She spoke sourly again and again. Luo Qing didn't stand on ceremony with her anymore and did not give her any face. "You just apologized to Miss Qiao previously about paying attention to your attitude in the future. Team Leader Zhou, since you said that, you have to keep your word."

"You!" Zhou Wei was furious. All the blood in her body rushed to her head, and her face turned red. She couldn't find the words to retort.

Luo Qing couldn't stand watching her continue to talk nonsense here. He didn't want to quarrel with a woman. After saying that, he turned to talk to the nine others about Qiao Nian.

After the unmanned programming, the other nine people were quite curious about Qiao Nian and asked him a lot about her.

Luo Qing wasn't considered familiar with Qiao Nian herself. He had only met her a few times through Ye Wangchuan. His understanding of Qiao Nian was only limited to her awesome hacking skills and heaven-defying results. He didn't know much else.

"I remember that Qing University is going to announce the results for the joint examination today. I'll go online to check." Someone was smart. Thinking that today was the day Qing University announced the results, he took out his phone and searched.

The college entrance examination had always been popular.

This year, Qing University held on to their results for a long time and was unwilling to announce them. When they were announced, the results slip was directly hung on the Internet.

He could find it immediately.

The nine people clicked on the results announced by Qing University.

Number 1 was someone named Qiao Nian.

Qiao Nian, 1st place, total score 650. Chinese, 100. Mathematics, 100. English, 100. 350 for Arts and Sciences.

Then, it was the person ranked second.

There was a total of 30 points between his total score and Qiao Nian, who was at the top of the rankings. The difference in scores was too bad, and it looked especially striking.

He scrolled through the rankings and saw a similar name at 19th.

Qiao Chen was ranked 19th, with a total score of 589; 92 for Chinese, 90 for Mathematics, 91 for English, and 316 for Arts and Sciences.

These nine people were all top students from major universities. When they saw Qiao Chen's results, they did not feel that it was good, but when they saw the name Qiao Chen, they felt that it was similar to Qiao Nian's, so they took a second look.

They only took one more look before automatically omitting Qiao Chen's name. They flipped through other things to see if there was any news related to Qiao Nian.

In the end, he really found it.

The joint examination of Qing University was not considered a national examination. The main area was still within the ranks of the top students. However, Qiao Nian's results were too heaven-defying, and it still attracted a lot of attention.

One of them took out the video of Nie Mi's birthday party and asked on Weibo, "F*ck, don't tell me that the heaven-defying genius who came out of Qing University this time is the same person as Master Nie's last disciple??????!!"

The nine of them were mainly in scientific research, and the others were mainly in charge of intelligence. They knew very little about the outside world. They were also talents from various fields. Like Zhou Wei, they were actually very arrogant and looked down on almost everyone.

However, many people had heard of Nie Mi before.
