

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 731

Qiao Chen didn't know what he was thinking. When she heard this, she shook her head and said, "I don't know. I also suddenly heard from my aunt that Master Nie is not coming."

She paused for a few seconds and pursed her lips. "Other than Master Nie not coming, didn't I tell you previously that Zhui Guang might also come?"

"Okay." Fu Ge also knew about Zhui Guang. He was extremely popular online, and his fans were close to the A-list traffic. Jiang Li was also a fan of Zhui Guang.

"So?"

Qiao Chen looked up. There was confusion in her eyes, but she was not sure. She said hesitantly, "Zhui Guang isn't coming anymore."

"From what my aunt says, Zhui Guang seems to know Master Nie, and they have a good relationship. It's just that if Master Nie doesn't come, Zhui Guang also won't come."

She had asked Wei Ling about Zhui Guang, but Wei Ling had never seen Zhui Guang in person.

Wei Ling had guessed that Nie Mi and Zhui Guang knew each other.

She had said it casually, but she secretly didn't want Zhui Guang to come. Previously, she had been worried that Zhui Guang would come to the event to steal her limelight. Now that Nie Mi and Zhui Guang weren't coming, she could take the lead. To her, it was a good thing that the two of them did not come.

However, she didn't notice Fu Ge's expression change when he heard that Master Nie and Zhui Guang might know each other.

Master Nie and Zhui Guang knew each other and were on good terms.

Qiao Nian also knew Master Nie. Their relationship was not ordinary.

Therefore, Zhui Guang = Qiao Nian?

Fu Ge was shocked by this sudden thought. Not in the mood to talk to Qiao Chen anymore, he walked past her and said hurriedly, "Chen Chen, wait for me. I'll call Wen Ziyu."

...

In the old residence of the Ye family in Beijing, an old man wearing a Chinese tunic suit and maintaining a good figure was trimming the branches.

He had just finished trimming a pot of orchids when he saw someone leaving from the corner of his eye. He put down the scissors and wiped his hands with a towel handed over by the butler before calling out to the man who was about to leave and coughing lightly. "Where are you going?"

Ye Wangchuan didn't expect to be discovered by him. He stopped in his tracks and stood tall. His handsome face was outlined in the sunlight, and his eyes were deep. "I'm going out for a while."

"...I didn't know you were going out?" Old Master Ye choked on his words. Glaring ruthlessly and putting down the towel, he walked over and said, "Everyone says that a grown woman shouldn't be kept. You, on the other hand, are a grown man who doesn't come home all day. This time, if I didn't get the butler to tell you that I was sick, you would still be holed up in Rao City and refuse to come back."

Faced with his incessant accusations, the man did not feel guilty at all and said lazily, "Didn't Ye Qichen come back to accompany you?"

"Him?"

At the mention of this, Old Master Ye's heart hurt even more!

"Isn't he the same as you? His heart isn't here even when he comes back. The moment he comes back, he has a long face and keeps hugging his phone all day waiting for Sister to reply to his messages. I think he's lovesick!"

In the past, the little overlord of the Ye family would at least have the appearance of a little overlord and would cause trouble for him. For example, if he beat someone's grandson today, or if he tore someone's granddaughter's homework tomorrow... In short, there was no day when he would be quiet and not cause trouble.

This time, he was good. He was very obedient. It was just that he could tell that his soul was not in his body. He had lost half of it in Rao City.

He stayed at home all day and did not cause trouble for him anymore. He either played games or looked at his phone. Anyway, he just ignored him.

He might as well not come back!

The small ones were like this, and the big ones were like this too.

Old Master Ye felt stifled. He looked at his grandson, whom he was proud of, and felt that his nose was no longer his nose. His eyes were not his eyes.. He said, "The results of the Qing University's joint examination are out. Did you see it?"
