

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 735

Bo Jingxing had thought that she had already treated Master Cheng's migraine. When he heard this, he realized that it was only his own wishful thinking.

Qiao Nian didn't care about him. She took out a glass bottle from her bag and handed it to Master Cheng. "Use this first. Eat one every week. It's about three months' worth of medicine."

"This is?" Master Cheng took the glass bottle from her hand and looked at it in confusion. He didn't see any labels or prescriptions. Inside were white pills. They looked like candy bars.

"It's a drug that enhances the immune system. It's not a special medicine for insomnia, but I've tried it before. After eating it, I can adjust my sleep. The effect is okay."

She took it out casually.

However, when Gu San saw her casually give away another bottle of pills, the corners of his mouth twitched ruthlessly.

One bottle!

One pill a week. Miss Qiao said that it contained three months' worth.

He counted with his fingers. There were at least 12 pills. Now, the price on the black market was about eight digits...

The price of the bottle of medicine Miss Qiao had given Master Cheng was around nine digits.

After calculating clearly, Gu San gasped.

He felt that Master Wang could really consider being a sugar baby. He saw that being Miss Qiao's sugar baby was quite nice!

At least Master Wang had successfully become a freeloader again.

...

After settling Master Cheng's problem, it was almost seven o'clock in the evening when Qiao Nian returned to the residence Gu San had arranged for her.

The weather in Beijing was cold. It wasn't even eight o'clock when the sky outside turned dark.

Qiao Nian took a shower and changed into a bathrobe before walking out of the bathroom. Her hair hadn't been dried yet, and it was still dripping with water. Water droplets flowed down her long neck into the bathrobe, making it inexplicably attractive.

She casually brought out a towel and placed it on her hair. She didn't wipe it and went out lazily, about to take out a bottle of water from the fridge to drink.

She heard her phone ring.

Qiao Nian let go of the fridge door and paused for a moment. Then, she slowly took out a bottle of Evian from the fridge, unscrewed the cap, and took a sip. Then, she walked casually back to the desk and picked up her charging phone.

She took a look.

It was a video call.

Wei Lou and Yuan Yongqin knew her character and rarely called her on video.

Nie Mi liked to make video calls, but he had just returned to the country and was a master of culture. He was usually very busy and did not have the energy to look for her.

Qiao Nian lowered her eyelashes. The orange light from her dark eyelashes cast a shadow on her fair oval face.

She picked up her phone and unlocked it. She raised her eyebrows in surprise when she saw who was calling her.

It was Ye Wangchuan.

Qiao Nian didn't pick it up immediately. Instead, she looked at the time on the laptop beside her and confirmed that it was almost 8:00 PM.

She then pulled down the charging cable and walked to the window.

The video call connected.

The first thing that greeted her eyes was the man's eye-catching face. Qiao Nian had been busy for the entire day and was dead tired. When she saw this gorgeous face, she was in a good mood.

She placed her phone by the window and wiped her hair with a towel as she asked lazily, "Is anything the matter?"

Ye Wangchuan looked at the girl on the other end of the line who did not treat him as an outsider at all. She was still wearing a bathrobe. It was obvious that she had just come out of the shower. She picked up her video call without even drying her hair. He chuckled and opened a bottle of red wine.. He sat down on the sofa and had the same expression as her. He said lazily, "Can't I look for you for no reason?"
