

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 933

“Will the last place from today be able to get first place?!”

It was too damn exciting!

This result was like a rollercoaster!

Nie Mi looked at the results on the screen and turned to look at Mr. Huang beside him. “Don’t tell me you knew long ago that Nian Nian could enter the top three?”

Mr. Huang also stared at the results refreshed on the screen and was silent. “...”

He knew that Qiao Nian was unlikely to get the last place, but as for the top three... he had never thought of getting into the top ten!

Ye Maoshan was the calmest of the three. He had never studied medicine and did not understand the authority and difficulty of this medical competition. He only felt that it was normal when he saw the change in Qiao Nian’s ranking. It wasn’t like it had never happened in the past. Previously, when Qiao Nian went to participate in the Qing University’s exam, he had even thought of helping her get in through the back door. However, the outcome was the same. Qiao Nian got first place.

She had beaten all the top students in all the high schools in the country.

This time, he also believed that Qiao Nian could beat everyone up. However, Qi Lanyin... Old Master Ye narrowed his eyes and quietly waited for the next refresh.

...

On the stage, Qi Lanyin had already finished writing the last question.

She had missed a small question midway and lost one point. In the past, she didn’t care if she got deducted one point. When she looked at the rankings, she had to write the rest of the questions seriously.

Fortunately, she got all of them correct.

The last three minutes.

It was also the last time the score was calculated on the screen. Qi Lanyin looked at the 59 points on her computer and heaved a sigh of relief.

The others either gave up or answered all the questions incorrectly. They basically stopped.

Only Qiao Nian continued. Everyone in the stadium was focused on that figure, and the cameras were aimed at the stage.

There were only ten seconds left.

The last eight seconds.

Qiao Nian was still answering the questions.

Everyone's nerves were tense. A tense atmosphere filled the entire venue. Everyone was waiting for the final results to be released. Who would be the king of the first round?!

The last five seconds.

Three seconds.

The girl seemed to have stopped writing and was in the mood to twist her stiff neck. She then stuffed her hands in her pocket, looking lazy.

Her casual demeanor did not seem like she was seriously fighting for the first place with Qi Lanyin. Jiang Xianrou gritted her teeth, and her veins were popping on both sides.

Although Qiao Nian was serious, no one in the stadium could tell that she was nervous.

Compared to Qi Lanyin's arrogant and domineering attitude, her attitude was actually quite arrogant, but it was very satisfying.

One second!

Everyone looked up at the LED screen above them. The screen refreshed the final statistics.

Qi Lanyin was originally firmly in the first place.

No matter what happened, she did not move.

However, this time, when the big screen refreshed, her name flashed. She fell from first to second place — 2nd place: Qi Lanyin, overseas participant, 59 points.

The venue was in an uproar.

At the judges' table, Master Carlos' expression darkened, and he could no longer remain calm.

The name above Qi Lanyin was extremely arrogant — 1st place: Qiao Nian, Qing University's Chinese Medicine Faculty, 60 points.

The first round had a perfect score of 60, with a difference of 1 point between the two of them. However, first place was first!

Qing University's Chinese Medicine Faculty had crushed all the participating students in this round. Their professional name firmly occupied the first place!

Qin Si turned his stiff neck to look at Gu San beside him. His voice was hoarse and his mood was extremely complicated. "Didn't you tell me that Qiao Nian hasn't even finished the introductory books Mr. Huang gave her?"

Gu San was speechless.

He did not lie. Miss Qiao had not finished reading the medical books Mr. Huang gave her. She had come early to read, even forgoing breakfast.
