

## MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 963

“His works have a very strong personal style.” Ye Lan pursed her lips and smiled confidently. “In short, you’ll know once you see it. You’ll definitely like it!”

She saw that Qiao Nian was dressed in her usual casual style. Coincidentally, the designer she liked also had a casual style.

Ye Lan asked excitedly, “Are you going, Nian Nian? Since you have nothing to do, why don’t you go take a look? I’ll buy you anything you like!”

Silence.

Gu San made a cup of lemon water for the girl and placed it on the coffee table in front of Qiao Nian. Happening to hear Ye Lan’s words, he replied with a smile, “That’s right, Miss Qiao. You’ve been in Beijing for so long and haven’t gone out to play. Why don’t you go out with Miss to take a breather?”

“I’ve also heard of that big show. It’s said that the tickets are very difficult to get hold of. There happen to be two tickets, why don’t you go and take a look?”

Ye Lan immediately said, “I got the tickets for the first row seats.”

Anyone in the fashion industry would know that the first row of the fashion show was either reserved for the big shots in the fashion world or the socialites. Ordinary people wouldn’t even have the right to sit there.

However...

Qiao Nian pursed her lips and thought about the tickets Yuan Yongqin had left for her.

It was also in the first row, and it was seat number 001.

At that time, she did not think of going and rejected it.

At this moment, her head was aching from Ye Lan’s invitation. For a moment, she didn’t know how to answer. “I might not have anything to buy.”

Ye Lan automatically assumed that Qiao Nian wanted to save money. In her heart, she decided that she would buy something from the new S series at the auction today and give it to Qiao Nian as a school promotion gift.

After all, the small pill that she had spent so much effort to find the last time was made by Nian Nian herself. She had gifted nothing to Nian Nian but loneliness! It was a rare opportunity, so she definitely had to make up for it this time.

However, she said calmly, “It’s fine. It’s fine if you don’t want to buy anything there. Let’s go and take a look first. What if you see something you like?”

Qiao Nian was speechless.

What if there was no “what if”!

...

In the end, Qiao Nian couldn't resist Ye Lan's enthusiasm and was dragged to the Lan Pavilion.

SEVEN's big show this year was held in Lan Pavilion.

Because it was the first time that a big show was held in the country, the ticket sales were especially competitive this time. Other than the small pool of people in Beijing who could get hold of it, only people in the fashion industry could get them.

Even though the tickets were so difficult to get, the people in the upper circles of Beijing still squeezed their heads out in order to get the tickets, using all sorts of connections.

After all, if they could get the tickets while no one else could, it would prove their identity and status.

Qiao Nian had been dragged to watch the show by Ye Lan. Unbeknownst to her, the entire city was in an uproar.

...

Shen Qingqing was the first person to notice the post on First High School's forum.

After reading the post, she called Liang Bowen immediately.

Liang Bowen was still at home when he received the call. When Shen Qingqing called him the first time, he was taking a shower in the bathroom. The water was too loud, so he did not hear the ringing.

It was only when Shen Qingqing called him for the second time that he cursed quietly in the shower. Halfway through his shower, he took off the bathrobe on the rack and wrapped it around himself. He didn't even wash off the bubbles in his hair properly before coming out of the bathroom to pick up the phone.

Initially, he wanted to scold the caller.

Who knew that the person who called him was Shen Qingqing? He immediately swallowed his anger and wiped his hands before picking up the call. His tone was extremely gentle.

“What's the matter? Why did you suddenly call me?”
