

Madam's 1571

Chapter 1571 Trying to Help the Qi Family

Qi Yan sat on the sofa and drank the black tea the servant poured for her. She put down the teacup and rubbed her eyebrows, then said to the man, "President Jiang, take a look at this first. I'll wait for you to finish reading it."

Jiang Zongnan was even more puzzled, but he still picked up the stack of papers on the table and looked at them.

Tang Wanru was beside him. She didn't look at the documents and even chatted with Qi Yan with a smile. "Have you settled your family matters? You left in a hurry that day. I was too embarrassed to call you to ask about it..."

Qi Yan glanced at her casually and quickly hid the sarcasm in her eyes. Pretending to have a headache, she massaged her temples and sighed. "Not yet. It's a long story."

"What's wrong?" Tang Wanru asked with concern. "Do you need our help..."

She had yet to finish speaking when Jiang Zongnan suddenly interrupted her. "What does the Qi family mean?"

His tone was grave and irrepressible. His tone was exceptionally rude.

"Hubby, what are you doing?" Tang Wanru was shocked and subconsciously turned her head. She even secretly elbowed the middle-aged man and threw him a look. "We're all family. The Countess is Xianrou's godmother. If you have anything to say, just say it properly."

Jiang Zongnan ignored her. His refined face was filled with dark clouds. Unable to suppress his anger, he threw the document to her and said, "Take a look at it yourself."

"What is it?" Curious, Tang Wanru grabbed the document and looked down.

Her face suddenly changed, and she couldn't say a word.

"Well..."

Tang Wanru was stunned. She looked at the document in disbelief. The piece of paper she was holding happened to be the record of the Qi family's driver transferring the money to Yao Yu.

In other words, the Qi family was related to Jiang Li's 'accident'!

Tang Wanru didn't dare to continue reading. She was afraid that if she did, it would implicate more things... However, Xianrou had just entered the Pharmacy Association, and they still needed Qi Yan's help.

Once this was exposed, would Xianrou's trip to the independent continent still count?

Tang Wanru was thinking about Jiang Xianrou and didn't even think about Jiang Li.

Her expression changed again and again. Her hold on the document tightened and she breathed heavily. She forced out a sentence to break the tense atmosphere in the living room. "This should be fake, right? How did the Qi family... get involved in Jiang Li's accident? Who gave you this? Qiao Nian?"

At the thought of this, Tang Wanru frowned and relaxed. She heaved a sigh of relief, her chest still tight. "Qiao Nian is used to doing these things. You can't take what she gives you seriously!"

Tang Wanru was defending the Qi family the entire time. She just wanted to pull the Qi family and Qi Yan out of Jiang Li's 'accident' as soon as possible.

Qi Yan had no intention of cooperating with her. She looked right at Jiang Zongnan and said with sincerity, "President Jiang, I was wrong in this matter. I didn't educate my child well enough to let Lanyin do such a thing. I'll definitely teach her a lesson later. But I have something to ask of you. Can you tell Qiao Nian to release Lanyin first?"

Jiang Zongnan's face was tense the entire time, and his expression was cold.

Hearing this, he was surprised and looked at Qi Yan. "What did you say? Nian Nian?"

Chapter 1572 - 1572 Qiao Nian Has the Ability

"Qiao Nian got someone to kidnap Lanyin." Qi Yan had no choice but to explain the situation in the past few days anxiously. "I called her previously and apologized to her, but she insisted that the Qi family compensate her with one billion yuan. Otherwise, she will kill the hostage."

One billion!

Not to mention Tang Wanru, even the knowledgeable Jiang Zongnan was shocked.

Nian Nian wanted Qi Yan to compensate one billion yuan?

"It's true that we couldn't come up with a billion. We pooled 300 million that day and wired it into the account she said. She didn't answer when I called her a few days later, and there was no news from Lanyin... It's been five days since the welcoming banquet."

Qi Yan supported her forehead with her hand, looking like she had a headache. She looked up at Jiang Zongnan and said sincerely, "President Jiang, we've already given you the money. One billion is too much. We can't take out that much money in a short period of time. I can't find Qiao Nian. Can you please go and talk to her?"

Jiang Zongnan still felt that this matter was too fantastical.

It was even more mysterious than Jiang Li's 'accident' being related to the Qi family.

He didn't come back to his senses for a long time. It wasn't until Qi Yan called him again that he barely pulled himself out of his stunned state.

However, his reaction was very real. Jiang Zongnan frowned and shook his head. "How can Nian Nian be so capable? You're exaggerating. Qi Lanyin's disappearance mustn't have anything to do with Nian Nian."

She's in Beijing and hasn't gone overseas for the past few days. How can she find someone to kidnap Qi Lanyin in Country M?"

Not even he could do that.

Qiao Nian...?

Nian Nian was only so old.

Jiang Zongnan instinctively denied Qi Yan's accusation.

Qi Yan smiled as if she was laughing at their naivety. "President Jiang, don't tell me you still don't know?"

"...Know what?" Jiang Zongnan's heart skipped a beat. He vaguely felt that she was about to reveal something big.

At this point, Qi Yan had nothing to hide. "Qiao Nian is Sun of the Red Alliance. Don't tell me no one in your family knows about this!"

Her words were undoubtedly a bombshell in the living room. Jiang Zongnan and Tang Wanru were dumbfounded.

Jiang Xianrou happened to come back from outside at this moment and heard what Qi Yan said.

Qiao Nian was Sun from the Red Alliance?

It was like a bolt from the blue. All the color drained from her beautiful face. Even her lips were pale and weak. Something fell to the ground, and she forgot to pick it up.

Jiang Xianrou was a little flustered, but she felt as if a huge rock was pressing down on her heart, making it difficult for her to breathe.

She took a few deep breaths before pinching her palms and forcing herself to calm down. She walked over and greeted Jiang Zongnan and Tang Wanru generously, “Dad, Mom, I’m back.”

Then, she looked at Qi Yan, who was sitting on the sofa opposite her, and said respectfully, “Godmother.”

Qi Yan had no time to pay attention to her. She only nodded.

Jiang Zongnan and Tang Wanru didn’t even acknowledge her. They were still immersed in Qi Yan’s revelation.

“In addition, the founder of your country’s Cheng Feng Corporation, Yuan Yongqin, is also inextricably linked to her.” Qi Yan straightened her clothes and continued, “Cheng Feng Corporation has three partners. One of them is Yuan Yongqin, who everyone knows is on the table. The other is the young master of the Wei Family, Wei Lou. Have you thought about who the remaining person is?”

Chapter 1573 - 1573 Too Many of Sister Nian’s Identities Were Exposed

Jiang Zongnan doubted his ears and stared at her with a burning gaze. “You mean... the remaining partner of Cheng Feng Corporation is Nian Nian?”

This was too... bizarre!

But on second thought, it all made sense.

Back when Qiao Nian had just arrived in Beijing, they had held a school promotion banquet for her. Xianrou had been unwilling to go and almost made a fool of herself.

That afternoon, many people came to attend the school promotion banquet. The first person to arrive was Yuan Yongqin, the CEO of Cheng Feng Corporation.

At that time, he wondered why she had come.

After that, more people came.

Jiang Zongnan carefully recalled the people who came that day and suddenly realized that all the top circles in Beijing had come!

And those people were only there to attend a school promotion banquet for an ordinary high school girl from Rao City.

He hadn't given it much thought that time. He'd assumed that Ye Wangchuan had called them. Now that he thought about it, he could see that it wasn't that at all.

The Yuan family had no dealings with the Ye family.

He had never heard that Yuan Yongqin knew Ye Wangchuan, either.

The two of them were not in the same generation and had almost no overlapping social circles.

In other words, Yuan Yongqin did not come because of Ye Wangchuan, but because of Nian Nian!

Jiang Zongnan took a deep breath but still couldn't calm the complicated emotions surging in his chest. He simply gave up controlling his expression, and it indescribably transformed. He said, "It's useless for you to tell me this. Do you think Nian Nian will listen to me? You can't find her, and neither can I. She won't listen to me or see me."

He couldn't even get through to Qiao Nian's phone, let alone get her to listen to him.

Qi Yan had found the wrong person.

However, Qi Yan was very confident. "I know Qiao Nian. She's not as cold as she looks. If you're willing to look for her, she might listen to you."

Tang Wanru immediately looked at him.

However, Jiang Zongnan didn't even frown. He said indifferently, "Even if she's willing to listen to me, I won't look for her."

Qi Yan frowned.

Jiang Zongnan's voice was extremely cold. "Countess, Jiang Li is my son. He almost lost his life in an accident! Although the Jiang family doesn't have as many connections as the Qi family, we're not spineless. I'll find a way to return the 300 million to you myself. As for the rest, I'll find a lawyer and go through the legal procedures."

300 million was not a small amount. No matter how big a company was, it might not have so much liquidity.

However, Jiang Zongnan's attitude was neither servile nor overbearing. It was obvious that he was determined to return the money to her.

Qi Yan couldn't smile anymore, and her expression faded. She leaned back on the sofa and changed her sincere attitude, as if she had become a different person. She said forcefully, "President Jiang, I'm only willing to discuss this with you because of Xianrou. It's not impossible. You want to go through the legal process, right? Sure. Lanyin is involved in the crime of intentional assault. Is there no problem with Qiao Nian? Do you know how many years she will be sentenced to for kidnapping?"

Sure enough, Jiang Zongnan's expression suddenly changed.

Only then did Qi Yan heave a sigh of relief.

She said coldly, "I don't mind if you want to go through legal procedures. Our Qi family also knows a few internationally famous lawyers. At most, we'll go to court. Lanyin is from Country M, so I can still apply for extradition. At that time, you'll be the ones who suffer."

Chapter 1574 - 1574 You Can Consult a Lawyer

She had always had amazing skills. Otherwise, she wouldn't have been called the Iron Lady by Country M.

Qi Yan first showed her iron rod, then immediately changed to a gentle tone.

She said nicely, "President Jiang, Xianrou has just entered the Pharmacy Association and has a bright future ahead of her. The Pharmacy Association is also in Country M. In the future, our two families will have many opportunities to interact with each other. There's no need for you to make things worse. The opportunity to go to the independent continent this time... I've mentioned it to Elder Zhong. Xianrou has a high chance of going, but as you know, there will still be variables as long as these things are not announced.

"This opportunity today is delicate. Who knows who will get it tomorrow." Qi Yan played with her fingernails in a good mood. "After all, there are a few new members of the Pharmacy Association this year. Everyone is competing for this spot."

!!

Jiang Xianrou bit her lip and looked at her father impatiently.

She didn't want to care what Jiang Li and Qiao Nian did. Anything was fine as long as it didn't affect her going to the independent continent! Besides, wasn't Jiang Li fine?

However, Jiang Zongnan didn't look in her direction and was not very convinced by Qi Yan's words. He only said, "I need to think about it."

Worried about Qi Lanyin's safety, Qi Yan wanted to strike while the iron was hot and force him to relent.

Unexpectedly, Jiang Zongnan was even more domineering than she had imagined. Without giving her a chance to speak, he stood up and instructed, "That's all. Send the guest out."

"Countess, I'm a little tired. Please leave."

His attitude...

Qi Yan had never been rejected like this before. She stood up hatefully and picked up her bag. Before she left, she didn't forget to remind him, "President Jiang, you can find a lawyer to consult about the crime of kidnapping and extortion. The Jiang family still has some face in Beijing. We'll just lose face overseas if this matter blows up, but you guys will lose more face than us."

After saying that, she swaggered away under Jiang Zongnan's furious gaze.

...

"Dad." Jiang Xianrou called out to him as soon as Qi Yan left.

Jiang Zongnan looked like he had a headache and a fever. He waved his hand at her and said, "Stop talking. I have to think about it. Your brother was almost killed by someone and is still lying in the hospital bed. Even if Nian Nian did those things, it was to vent your brother's anger. She has always been on good terms with your brother, so it's normal for her to be angry. I have to think about how this matter can be handled."

Jiang Xianrou clenched her fists and took a deep breath. She really wanted to ask him if he had considered what to do if he fell out with the Qi family.

What about the spot in the independent continent?

However, Jiang Zongnan did not give her a chance. Thinking of something, he picked up his coat and said to Tang Wanru, "I'm going to the sanatorium. You guys can have dinner by yourselves. Don't wait for me. I don't know when I'll be back."

After giving his instructions, he left the house in a hurry.

Tang Wanru was relatively calm the entire time. Hearing Jiang Zongnan's car drive away, she reached out and placed her hand on Jiang Xianrou's shoulder comfortingly. Her expression was sinister as she said in a low voice, "Don't be anxious. I'll tell your brother. She listens to your brother the most. As long as your brother tells her not to interfere, she definitely won't cause trouble again."

Jiang Xianrou's shoulders finally relaxed. She nodded and pinched her fingernails as she looked in the direction Qi Yan had left. There was still some regret in her eyes.

If the Qi family could deal with Qiao Nian this time... that would be great!

Chapter 1575 - 1575 Face Slap, Miss Qiao Won't Let You Up

Tang Wanru was worried that Qi Yan would change her mind at the last minute and not give Jiang Xianrou the spot to go to the independent continent. She went upstairs to change her clothes and called the chauffeur. Then, she told him to drive to the hospital.

She thought that she would be able to meet Jiang Li successfully and then follow her initial plan to restrain Qiao Nian through him.

Unexpectedly, Tang Wanru was stopped before she could enter the inpatient department.

"I'm sorry, Madam. You can't go in." A bodyguard in black with his arms crossed blocked her way, and his tall body blocked her path like an iron tower.

Tang Wanru's expression changed. Tightening her grip on her handbag, she frowned and said coldly, "I'm going in to see my son. Why won't you let me in?"

"Your son?" The bodyguard in black didn't seem to know her. He looked her up and down and looked slightly hesitant.

Tang Wanru took a deep breath and said coldly, "Jiang Li is my son."

The bodyguard looked at her outfit again.

Before Tang Wanru left, she especially changed her clothes and put on makeup.

She had taken good care of herself. With makeup on, she looked even younger and more energetic. She didn't look like the kind of mother whose son was lying in the hospital bed.

This was because the bodyguard did not see any worry on her face.

It felt as if Jiang Li wasn't her son but someone she knew. She was just here to visit him fashionably and elegantly.

Seeing that he didn't say anything and kept sizing her up, Tang Wanru frowned again and asked patiently, "Are you guys from Jiang Li's company? How could they arrange for security without telling me beforehand and keep me out?" She took her phone out of her handbag to call Jiang Li's agent. "I'll call your boss and tell him."

The bodyguard had no intention of moving away upon seeing that Tang Wanru was about to make a call. Instead, he stood rooted to the ground and said coldly, "We're not from his company. We're people arranged by Miss Qiao. Miss Qiao said that other than her and the doctor, no one else can go in during this period of time. It's useless for you to call the management company. If you want to go up, you have to get Miss Qiao's permission!"

"Who... did you say?" Tang Wanru slowly put down her phone and looked at the bodyguard in black in shock. Her face darkened. "Qiao Nian? What right does she have?"

This was the first time she had heard that a mother needed an outsider's permission to see her son.

Funny!

How ridiculous!

Tang Wanru was furious this time. She gritted her teeth and pushed the bodyguard's hand away, wanting to barge in. "I'm Jiang Li's biological mother. Why should I get her permission to see him? Get out of the way! It's none of her business!"

"Madam, please show some respect!"

The bodyguard's height and strength were obvious. How strong could a woman like Tang Wanru be? She tried to barge in several times but was stopped.

She gritted her teeth and glared. "I'm Jiang Li's mother!"

"We don't care about that. We only listen to orders." The bodyguard still looked stubborn and did not give Tang Wanru any face at all. "Miss Qiao said that other than her and Young Master Jiang's medical staff, I'm not to let anyone in for the next few days. Not even you."

Chapter 1576 - 1576 Oh, She Even Called the Police?

Tang Wanru was so angry that she laughed. She gritted her teeth and her temples bulged, even her hand shook. "You won't let me in, right? Alright, I'll call the police and let them handle it."

She immediately called the police. "Hello, 110? I'm in the in-patient section of the city hospital. The thing is..."

Tang Wanru called the police, but the black-clothed bodyguard completely ignored her actions and continued to block her way. It seemed that as long as Tang Wanru did not try to barge in, it did not matter how much she threw a tantrum.

The police took the call very seriously and immediately said that they would send someone over.

Tang Wanru's face turned gloomy as she hung up the call. She stood to the side and said coldly, "Heh, I've already called the police. I want to see if you still have the ability to stop me after the police arrive."

The bodyguard in black didn't even look at her. He purely treated it as her making a scene.

*

At the police station.

The young police officer who received Tang Wanru's call picked up his cap and prepared to set off to see what was going on.

He was just about to leave when someone asked, "Where are you going?"

"Ah, I received a report that someone was causing trouble at the city hospital. I'm going to take a look." The young officer was still very young. Thus, he told the truth.

His unconcerned superior grunted and strode inside.

The young officer continued on his way out.

Unexpectedly, at this moment, the man who was about to enter suddenly stopped and turned to ask him, "Which hospital did you say it was?"

The young officer was already leaving the office when he was called.

He scratched his head in confusion. "The Beijing People's Hospital. They said that someone caused trouble in the in-patient department and stopped a mother from seeing her child. What's wrong?"

His superior's expression turned serious. "Stay out of this," he said immediately. "It's not our business."

The young officer looked confused. "?"

Wasn't it just an ordinary disturbance? Why couldn't they control it?

His superiors didn't explain because it was too complicated to explain in one or two sentences. "Just leave it for now. I'll take care of it. I'll make a call."

"... Yes."

The young officer went back to his seat with his cap in hand, feeling more and more confused. But he didn't have time to think about it, because a new police call was about to come in and he needed to deal with something else. In a flash, he had already forgotten about the incident.

...

Rhine Apartments.

"Master Wang, your coffee." Gu San made a cup of coffee and placed it in front of the man respectfully.

Ye Wangchuan was on the phone.

Gu San didn't know who he was talking to, but he saw the man's lips curl into a disdainful smile. His eyes were filled with mockery. "Oh, she even called the police?"

Gu San pricked up his ears and immediately looked over with a puzzled expression.

Who was it? Who called the police?

Ye Wangchuan did not look at him. His tone was indifferent, even a little cold. "Don't worry about her. Let her cause trouble if she wants to. She's just a clown."

There was some silence.

Gu San became even more curious and wanted to crawl into the phone to hear what the other party was saying. He tilted his head in the man's direction and listened attentively.

However, Ye Wangchuan only spoke briefly before hanging up. Then, he threw the phone on the sofa at the side, picked up the still steaming coffee, and took a sip.

Chapter 1577 - 1577 The Qi Family Is Destined to Be Finished!

Gu San asked shamelessly upon seeing that he was silent, "Master Wang, who called just now?"

Seeing that Ye Wangchuan was ignoring him, he continued, "Is someone causing trouble?"

The man who had been drinking his coffee slowly finally put down his cup and raised his eyelids. His dark eyes glanced at him and said lazily, "Don't worry about it. It was just a f*cking fool."

Gu San was speechless.

What?

Master Wang actually cursed. It seemed that the other party was really... a fool!

Gu San decided not to ask further. After all, there were many fools in society. Although he was curious, he was not too interested.

He turned to look at the person on the sofa and whispered, "Master Wang, the Qi family..."

Qi Yan and Qi Rongguang had been very active in the country recently. Through their connections, they wanted to transfer some businesses to the country and even found someone to buy land.

Usually, such foreign investors could easily get land when they came to invest locally.

However, the Hengfeng Corporation did not go well. They hadn't been able to get the land they wanted.

Not long ago, Qi Yan had found the Shen family and was about to get approval through Shen Jingyan.

Who knew this would happen?

“The Qi family is still using their connections to get the land as soon as possible.” Gu San paused and said the rest of the sentence, “Master Wang, do you want to...”

“They can’t get that piece of land.” Ye Wangchuan seemed to know what he was going to say. His slender fingers fiddled with the coffee spoon lazily. “Bo Jingxing has already gone to settle it. Qi Yan will receive the news soon.”

Gu San originally wanted to remind him, worried that Ye Wangchuan had forgotten about this matter. He didn’t expect Master Wang to be so fast and ruthless.

He immediately fell silent.

Because there was no need to say anything.

The Qi family was doomed this time!

“Miss Qiao...” Gu San looked up at the second floor and seemed to have thought of something. “Miss Qiao has been out since this morning. Is she not back yet?”

Ye Wangchuan also looked up at the second floor, but he didn’t say anything. He only said lazily, “She went to the sanatorium to see Old Master Jiang.”

“Oh.”

Gu San closed his mouth and did not ask further.

Qiao Nian had to make a trip to the sanatorium from time to time. It was quite normal for her to return at random times. He looked down and said thoughtfully, “...Then, I’ll send a message to ask if Miss Qiao needs me to pick her up later.”

Ye Wangchuan glanced at him disdainfully and calmly folded his hands. He said in a very good-tempered tone, "There's no need."

Gu San: "?"

Ye Wangchuan looked at him lazily and said in a soothing tone, "I'll go pick her up."

*

Qiao Nian went to the sanatorium to deliver the small pills to Old Master Jiang.

After she arrived at the sanatorium, she was not in a hurry to leave. She pushed Old Master Jiang's wheelchair out for a walk and chatted with the old man.

When they returned to the ward, Qiao Nian waited for the doctor to come over and take Jiang Weishang's blood pressure. After the routine checkup, she picked up her things and prepared to leave.

Before she left, the young nurse outside came in and said to Jiang Weishang happily, "Old Master Jiang, President Jiang is here to see you."

Qiao Nian's eyes were cold. Without delay, she said to the old man on the bed, "Grandpa, I'll leave first. Take care of yourself."

"Ah, Nian Nian, you're leaving?" Old Master Jiang looked reluctant. He wanted to say that her uncle was coming, but when he thought of what his youngest son had been doing recently, he relaxed his brows and didn't even mention Jiang Zongnan. He nodded and said gently to the girl, "Alright, go back and rest early. Don't stay up late, understand?"

Chapter 1578 - 1578 The Older, The Wiser

"Yes." The girl was always very patient when she spoke to him. She nodded, took her things, and left.

Jiang Weishang reluctantly watched her leave. When Jiang Zongnan rushed in, his gentle expression disappeared and his face turned cold.

“What now?”

His attitude was completely different from how he treated Qiao Nian.

Jiang Zongnan knew that he was still angry. He rubbed his temples helplessly and entered the ward awkwardly. He told Old Master Jiang everything.

Including Qi Yan’s visit today.

He tried to keep it simple so that Old Master Jiang wouldn’t be angry.

However, Old Master Jiang was still furious after hearing the entire story. His turbid but sharp eyes suddenly looked at him and asked, “Jiang Xianrou is your daughter and Jiang Yao is your son. What about Xiao Li? What is he in your heart?”

“Dad, that’s not what I meant.” Jiang Zongnan lowered his head awkwardly. “Jiang Li is also my son.”

“That’s enough.” Jiang Weishang didn’t listen to the rest of his words and interrupted him directly. “Since Jiang Li is your son and she’s already riding on your head to behave atrociously, don’t say that you’re from the Jiang family! Don’t hit her face. She’s about to smash your face. If you don’t have the ability to hit her back, don’t care how Nian Nian handles this matter.”

Jiang Zongnan blushed and knew that he had misunderstood him. He explained helplessly, “Dad, I don’t mean to reconcile. I’m just worried about Nian Nian. Qi Yan...”

“Heh.” Old Master Jiang seemed to have seen through everything. He wasn’t anxious at all. He looked at him and their eyes met. He said calmly, “You’re confused. If she can really control Nian Nian as she said, why would she come to you and tell you so much? Since she lowered herself to look for you, it means one thing—Nian Nian has suppressed her! Thus, she has no choice but to use you to control Nian Nian.”

Jiang Zongnan's tense heart relaxed slightly, and his tightly furrowed brows relaxed. He sighed and said, "That's good."

Old Master Jiang looked at him. Seeing that he was not so biased that he didn't even care about his son, he said, "In short, you still treat Xiao Li as your son. Don't be too biased. Although the spot to go to the independent continent is precious, to be honest, what do you think she can do even if she goes?"

"I'm not strong enough. Even if I force my way in, I'll only be a backdrop." Old Master Jiang's words were very impolite.

He did not name anyone, but Jiang Zongnan knew that he was talking about Jiang Xianrou. It was useless to say that she had squeezed into the Pharmacy Association.

In the past, Jiang Zongnan would definitely have argued, but this time, he was silent for a long time and finally did not refute Old Master Jiang's words.

He also felt that it was useless even if Jiang Xianrou went to the independent continent.

The situation there was very complicated. It wasn't a level that ordinary people could come into contact with. If Xianrou rashly came into contact with things that her strength should not come into contact with, she would easily suffer a backlash.

He had also mentioned this to his wife. Unfortunately, Tang Wanru was very determined and looked forward to Xianrou going there. In addition, Jiang Xianrou also wanted to go, so he couldn't say too much.

Jiang Zongnan no longer insisted and changed the topic. "Then, Nian Nian..."

"You don't have to worry about Nian Nian. She does things better than you." Old Master Jiang was very straightforward and did not give him any face.

Jiang Zongnan was a little embarrassed, but he didn't say anything.

Chapter 1579 - 1579 Master Wang: We Don't Need You to Cook

Dressed in black, Qiao Nian slowly walked out of the sanatorium with one hand in her pocket.

Ye Wangchuan was leaning against the car on the side.

He didn't fly his red-flagged car today. He switched to an SUV. The model was big and handsome. The car's wild metal frame glowed silver under the lights.

It was quite eye-catching.

!!

But none of them were as eye-catching as the man leaning against the SUV.

Ye Wangchuan was wearing a black shirt today. The collar of the shirt was open, revealing a beautiful collarbone. It was as white as jade, and there was a seductive aura to it.

Qiao Nian stopped in her tracks and raised an eyebrow when she saw him. Her dark eyes looked in his direction.

However, she only took a deep look and quickly retracted her gaze. As if nothing had happened, she casually continued walking in his direction.

"Gu San didn't come?"

Ye Wangchuan looked up and noticed that Qiao Nian had come out.

The girl was wearing a baseball cap. She was tall and uninhibited and smelled of disinfectant. It was obvious that she had stayed in the sanatorium with Old Master Jiang the entire day.

He opened the door, dropped the electronic cigarette back on the seat, and turned to open the door for the girl, his eyes relaxed. "Well, he's got something to do. Get in first."

“Oh.” Qiao Nian didn’t think too much about it. She nodded calmly, got into the front passenger seat, and put on her seatbelt.

Ye Wangchuan went around the car and got inside as well. After fastening his seatbelt, he adjusted the window for her to let in the fresh air. Then, he tilted his head and asked, “What do you want to eat tonight?”

“Erm...” Qiao Nian took out her phone and looked down at the message Nie Mi had sent her. Hearing this, she looked up again, her eyes dark and bright. She leaned against the window and propped her arm up. After thinking for a long time, she said casually, “I don’t know.”

“You don’t know?” Ye Wangchuan couldn’t help but chuckle. He leaned back as well, as lazy as Qiao Nian. “Hot pot?”

The girl glanced his way. After a moment, she looked away, shook her head, and straightened. “I’m tired of eating hot pot.”

“Tsk.” Ye Wangchuan’s thin lips curled up. His deep eyes were like a cold lake as he looked at the person beside him. “I thought you would never get tired of eating hot pot.”

Qiao Nian pondered over his words and said in a rare serious tone, “No way. If I eat separately three times a week, I naturally won’t get tired of it. But I’ll get tired of it if I eat it every day.”

This explanation itself was quite a big shot.

But Ye Wangchuan didn’t say anything. He turned on the air conditioner and started the car, then said, “Then, we’ll eat at home. I’ll go to the supermarket and buy some groceries.”

Of course, Qiao Nian had no objections. She raised the corners of her eyes, looking rather attractive. “You’ll cook?”

Ye Wangchuan's gaze fell from her flamboyant eyes to her moist red lips. He paused for a moment before looking away and replying lazily, "Why don't you cook for me personally?"

Qiao Nian was very calm. She glanced at him indifferently, raised her hands, and said frankly, "If you don't mind having tomato scrambled eggs."

Ye Wangchuan smiled and rubbed the top of her head. It was itchy and tingly. He reluctantly withdrew his hand, gripped the steering wheel again, and floored the accelerator. "We don't need you to cook at home."

His voice was lazy but full of affection. "What do you want to eat? I'll make it for you."

Qiao Nian pursed her lips and glanced at him through the rearview mirror. After a while, she replied in a clear voice, "I'll eat whatever you make."

Thinking for a moment, she raised her eyebrows and added casually, "I'm not picky."

Chapter 1580 - 1580 Two Visits in Three Days

Ye Wangchuan glanced lazily over at her again. His lips were curled up, but he didn't expose her.

Qiao Nian wasn't picky?

Eh?

Sort of, but not really.

!!

She was quite indifferent when she went out to eat with the others.

She would always eat less if the table was filled with dishes she didn't like, but she never complained.

But she preferred spicy food when she ordered.

Qiao Nian preferred Sichuan Cuisine, such as Boiled Fish and Spicy Chicken.

Qiao Nian would always order these dishes whenever she ordered.

She never got tired of these dishes.

Just like she liked hot pot. Basically, if you let her choose, nine times out of ten she'd choose hot pot.

The wheels rolled through the night.

Ye Wangchuan drove to a supermarket not far from the apartment to buy fish and vegetables. Then, he drove back to Rhine with Qiao Nian.

He made boiled fish for dinner.

Because he had bought fresh Sichuan peppercorns from the supermarket, Qiao Nian was able to eat a hearty meal of boiled fish. She even ate a little more than usual.

After dinner, Qiao Nian took the initiative to clean up the dishes. After taking a call, she returned to the second floor to take a shower.

*

The Qi family's downfall was faster than expected.

Qi Yan came to visit again three days later.

It was still the Jiang family's house and the original living room. Qi Yan sat on the sofa with a haggard expression, looking much older.

Jiang Zongnan, Tang Wanru, and Jiang Xianrou were all present today.

Jiang Yao was also at home.

With a guest visiting, Jiang Yao also walked out of the study with his father and accompanied him and his mother to receive Qi Yan.

"President Jiang, Mrs. Jiang."

Qi Yan was obviously haggard this time. Her face was pale, and the greenish-brown color under her eyelids showed that she had not slept well for a long time.

Jiang Xianrou's heart skipped a beat when she saw her haggard appearance.

Qi Yan wasn't in the mood to pay attention to how others looked at her. She was already in a pinch. Seeing Jiang Zongnan and Jiang Yao coming down, she said impatiently, "I'll get straight to the point. President Jiang, what do I have to do for you to help me?"

Jiang Yao had just returned from the illegal district and things were not going well. He didn't even see Lu Zhi. Thus, he could only return, helpless.

He still didn't know what was happening at home. He turned to his father and asked, "Dad, what happened? What favor?"

Jiang Zongnan didn't know how to tell him about what happened to Jiang Li for a moment.

He shook his head and temporarily suppressed his urge to explain to him. He had to deal with Qi Yan first.

Jiang Zongnan was also very direct. “Countess, it’s not that I’m unwilling to help you, but I can’t help you. Jiang Li is my son. He’s still lying in the hospital bed. How can I help you?”

Qi Yan took a deep breath. She couldn’t care less. First, she laid out her conditions. She took out a piece of paper from her handbag and pushed it in front of the four of them, then said concisely, “This is the transfer of 10% of Hengfeng Corporation’s shares. I’m willing to transfer these shares to your son. In addition, doesn’t Xianrou want to take the spot to the independent continent? I’ll step in and help her get it. I only need President Jiang to help me tell Qiao Nian to be magnanimous and let the Qi family off. How about that?”

She pushed the share transfer agreement to Jiang Zongnan. Her attitude was humble and sincere.

It was as if she was not the same person who had threatened Jiang Zongnan three days ago to get a lawyer to ask how many years Qiao Nian would be sentenced to for kidnapping.
