Chapter 2081 - 2081 Sister Nian Is Angry, The Mysterious Diamond Big Boss Is About to Surface

As one of the elders of the Ji family, so what if Ji Hongyuan privately touched the Jiang Family and Jiang Zongjin?

No one would blame him for this.

Ji Lingfeng had also brought up the Ji family's secret recipe for black gunpowder to suggest a punishment and not Jiang Zongjin who had almost lost his life in a car accident.

It could be seen that the life of an ordinary person was not worth mentioning in the eyes of these people.

If Qiao Nian insisted that Ji Hongyuan give an explanation for Jiang Zongjin's matter, she would be fooling around. It was useless.

"You can't possibly make the Sixth Elder apologize to your father."

"Who told you I wanted him to apologize?" Qiao Nian smiled, but the smile did not reach her eyes. Her eyes were cold and dry, with a hint of mockery in them. "Why do I want him to apologize? Can an apology be eaten?"

"Then..." He Lin did not understand her.

Qiao Nian picked up her shoulder bag from the chair and slung it over her shoulder. Then, she glanced at him casually and said, "I want one of his hands."

He Lin's stunned eyes widened, and his tone was fast and anxious. "The Ji family can't..."

He wanted to say that the Ji family would never agree to Qiao Nian's request.

However, before he could finish, Qiao Nian interrupted him. “Since we haven’t come to an agreement, there’s no need to continue talking in the future. You guys protect your people, and I’ll do my own thing. We will go our separate ways!”

He Lin opened his mouth.

“I’ve already paid the bill.” Qiao Nian didn’t give him a chance to speak. She took her things and left happily, leaving He Lin there alone.

It was not until the girl’s back disappeared that He Lin woke up from a trance and went back to report to Ji Lingfeng anxiously.

Qiao Nian was clearly unwilling to let the matter rest.

However, Ji Hongyuan had the Ji family’s protection. If she wanted to touch him, wouldn’t she be hitting a rock with an egg?

He Lin could not bear to see this scene.

Therefore, he wanted to help Qiao Nian. At least, he wouldn’t let her do anything stupid.

* *

At the corner of the road.

The girl did not go far.

She stopped under a camphor tree and took out her phone from her pocket. She lowered her head and found Guan Yan’s phone number.

Many of the numbers on Qiao Nian's phone were hidden numbers.

It was the same for Guan Yan's phone number. magic

There was only a string of irregular numbers.

She called, and the call went through.

"Hello, Boss. Why are you free to call me? Isn't there nothing to do in the research institute?" Guan Yan was well-informed. She was in charge of the affairs of the independent continent all year round. In addition, she knew Feng Yu, so she was also aware of Qiao Nian's recent situation.

She knew that Qiao Nian had entered the first research institute and successfully joined the Level 8 laboratory after an exception was made. Therefore, she concluded that Qiao Nian had been very busy recently.

She didn't expect her to have the time to care about her.

"What's wrong? What happened?" Guan Yan had the delicate personality of a woman. She was very smart and sensed that something was wrong.

Qiao Nian nodded and said concisely, "How many people do we have in the independent continent?"

"Boss, why are you asking this? Is there a group fight?" Guan Yan did not react immediately. She smiled and quickly replied seriously, "With the diamond big boss's help, many people can be used. All of them are ruthless.

"But if you use this connection, everyone in the independent continent will know that you're here. You won't be able to hide your identity.

"All these years, so many people have been keeping an eye on us, wanting to know who the diamond big boss is."

Qiao Nian was nonchalant. Unable to suppress her surliness and arrogance, unafraid, she said calmly, "I want Ji Hongyuan's hand."

Chapter 2082 - 2082 Sister Nian Targeted the Elder of the Ji family!

The girl's voice was faint and emotionless from the phone.

Guan Yan was stunned for a second, then she dug her ears. "What?"

Did she hear wrongly?

Boss wanted to attack the Ji family, and it was one of their eight elders, Ji Hongyuan. She was so fierce...

Qiao Nian could not see Guan Yan's reaction, but she could guess how shocked she was. However, she did not explain much.

She still said calmly, "I want Ji Hongyuan's hand, no matter the price."

No matter the price!

Guan Yan was slightly shocked. She came back to her senses and said seriously, "I'll do it immediately."

"Okay," Qiao Nian replied. Unable to hide her arrogance, she said to Guan Yan in a low voice, "I'm hanging up."

Guan Yan quickly said before she could hang up, "Boss, I'll send you a message after I'm done." magic

Qiao Nian responded in a low voice again. Then, she hung up and put her phone back in her pocket as she pulled the strap of her black shoulder bag.

After the red streetlights turned green, Qiao Nian walked across the road.

Her back view was cold and extremely arrogant!

* *

On the other side, in the corridor outside the Level 5 laboratory of the First Research Institute.

“What?” Ji Ziyin received a call and was unable to hide the shock in her almond-shaped eyes as she listened. She was a little flustered and couldn’t care less that someone in the corridor had noticed her. She held her phone and walked around the corner with an ugly expression, her tone fast and anxious. “Uncle Xiao, what’s going on? Why was the Sixth Elder suddenly removed from his position as the hall master of the Punishment Hall?”

Ji Hongyuan was the greatest backer she had found in the Ji family so far. He was also the only person among the few old farts in the family who supported her.

Ji Hongyuan’s downfall meant that her most powerful backer in the family was gone.

It would be strange if Ji Ziyin was happy. She could barely hide her expression. As she walked to a relatively quiet place, she was so angry that she could hardly breathe.

Ji Xiao was not a core member of the Ji family.

There were few things he could find out.

He only knew that he was unlucky and did not know the inside story.

Ji Ziyin listened for a long time but still did not understand. She asked impetuously, “So until now, we only know that the Sixth Elder offended the Patriarch? The Patriarch ordered him to take a break. You don’t know anything else.”

“That’s all I know.” Ji Xiao was also overwrought as he tried to find out more about this matter.

However, Ji Lingfeng covered this matter very well.

For the time being, he could not figure out the inside story.

However, Ji Xiao had his own considerations. “Do you think it has something to do with Qiao Nian?”

Qiao Nian again?!

Ji Ziyin was distraught and only said vaguely, “Impossible. This matter should have nothing to do with her. She didn’t come back to the family and doesn’t have the ability to make Ji Hongyuan, one of the eight elders, fall. There should be another reason, we just don’t know for the time being.”

Her cell phone lit up.

Ji Ziyin noticed that someone was calling her. Looking at the caller ID, her entire body trembled and she immediately said, “Something’s on. I’ll talk to you later.”

Ji Xiao had yet to ask her what was wrong, but Ji Ziyin had already hung up and hurriedly picked up the incoming call. Her attitude was much more respectful now. “Sixth Elder.”

“Where are you?”

The other party’s voice was old and hoarse, and he could not hide his dispiritedness. Clearly, this matter had dealt him a huge blow.

Ji Ziyin turned to look in the direction of the laboratory and immediately said, “I’m at the research institute.”

Chapter 2083 - 2083 I Didn’t Call You Here to Be Comforted by You

“Okay.” Ji Hongyuan was used to being domineering, even at this moment. “Find a reason to come back. I’ll wait for you in the private room of the Seaview Pavilion. I have something to tell you.”

Ji Ziyin did not agree immediately. After all, the person Ji Hongyuan had offended this time was Ji Lingfeng. She could only get to where she was today because of Ji Lingfeng’s support.

Of course, Ji Hongyuan was very important to her, but if she offended Ji Lingfeng because of this, the gains would not make up for the losses.

She had just opened her mouth to make an excuse when the person on the other end of the call hung up.

Ji Ziyin looked down at her phone with an ugly expression. She hesitated for a moment before asking Gu Hengbo for leave.

...

Half an hour later. magic

A black Mercedes-Benz stopped at the entrance of the Seaview Pavilion. The chauffeur turned around and said, “Miss Ji, we’ve arrived at the Seaview Pavilion.”

Ji Ziyin had been thinking about something along the way. At this moment, she noticed that they had already arrived. She picked up her handbag, pushed open the car door, and got out.

She walked quickly to prevent being seen.

After she entered the Seaview Pavilion, a waiter went forward to greet her. Ji Ziyin covered her face and tried her best to lower her voice. “I have an appointment. My friend is inside.”

The waiter immediately understood. “Ah, Miss Ji, right? Old Master Ji Hongyuan is already waiting for you inside. Please follow me.”

Ji Ziyin's eyes flickered. She pursed her lips and followed.

The waiter quickly led her to a private room and stopped. Then, he turned around and said politely, "Old Master Ji is inside."

"Ok."

Ji Ziyin noticed that there were a few bodyguards from the Ji family around her. She took a deep breath, pushed open the door, and walked in.

The private room was decorated using a Chinese style. The decorations were very elegant. Many calligraphy and paintings could be seen; they were antique pieces.

Ji Hongyuan was sitting on a mahogany chair with a pot of tea in his hand.

He raised his eyelids and glanced at Ji Ziyin from the corner of his eye, then said calmly, "You're here?"

Ji Ziyin did not dare to act impudently in front of Ji Hongyuan. She still greeted him sensibly and obediently before sitting opposite him.

Ji Hongyuan casually poured her a cup of tea. The pressure was still there. He picked up the teacup and took a sip, then looked up and asked, "You've heard about what happened to me?"

Ji Ziyin quickly looked up and met Ji Hongyuan's old but sharp gaze. She immediately avoided it and replied nicely, "Someone mentioned it on the way here, but he was not detailed. I don't know what exactly happened."

It meant that she had just found out.

With that, Ji Ziyin even asked considerately, "Sixth Elder, are you alright?"

“Hmph.” Ji Hongyuan could not see through Ji Lingfeng’s thoughts, but he could see through Ji Ziyin’s thoughts in minutes. He immediately sneered and said gloomily, “What can happen to me?”

Ji Ziyin realized that she had said something wrong and shut up.

“My situation is the same as you heard. From now on, I’m no longer the hall master of the Punishment Hall, nor am I one of the elders.”

Ji Ziyin was still shocked to hear it directly from him. She reacted quickly and immediately comforted him.

Ji Hongyuan had called her over for something, not to chat with her. He interrupted her impatiently, “I didn’t call you here to be comforted by you.”

Chapter 2084 - 2084 Some People Are Still Not Giving Up!

“Then...” Ji Ziyin vaguely felt that Ji Hongyuan wanted her to do something. Her heart could not help but beat faster and she pursed her lips.

“I’m no longer the Hall Master of the Punishment Hall. Our family’s future needs to be entrusted to others. Other than Ji Nan, I think the most highly of you in the Ji family!

“Ji Nan is a direct descendant and the legitimate heir, so by all rights, the Ji family should be handed over to him in the future. However, he doesn’t want to improve himself and refuses to enter the research institute. He’s already in his 30s and is still muddle-headed outside. Therefore, between the two of you, I think more highly of you.”

Ji Hongyuan spoke very bluntly and looked at Ji Ziyin with a pair of sharp eyes. “The teachers of the Ji family all say that your talent in black gunpowder is above ordinary people. You also entered the research institute early and learned from Gu Hengbo. I want to entrust the future of our family to you. What do you think?”

Ji Ziyin was stunned.

If Ji Hongyuan had not been stripped of his position as one of the family's core members, she would definitely have been more than happy, but now... Ji Ziyin had no choice but to have her own considerations.

She fell silent and avoided Ji Hongyuan's bright gaze. Instead of answering immediately, she shied away. "Sixth Elder, you know that I'm not thinking about this for the time being. I..." magic

"Heh, you're unwilling?" Ji Hongyuan stood up with his hands behind his back, as if he was suppressing his anger. He looked at Ji Ziyin ferociously.

In the past, why would he say so much to a junior?

Unfortunately, he was in dire straits now and had no choice but to consider his status in the family and beg Ji Ziyin.

"It's not that I'm unwilling. I just..." Ji Ziyin refused to admit that she had her nose in the air and was still looking for an excuse to decline.

Ji Hongyuan was an experienced person, after all. He could tell what she was thinking. "Haven't you always wanted to enter the Level 8 laboratory? I have a way to let you in."

Ji Ziyin suddenly looked up.

Ji Hongyuan was calm and unruffled as he said indifferently, "I still have a secret recipe related to the Ji family's black gunpowder in my hands. I also have a notebook. It's an experimental notebook left behind by the former genius of the Ji family."

Everyone in the Level 8 laboratory had an experimental notebook.

Xie Tingyun had one.

Of course, Ji Qing also had one.

She had left the Ji family in a hurry back then, so that notebook had fallen into Ji Hongyuan's hands. Ji Hongyuan had never handed it over to the family.

"That experimental notebook is enough for you to become the number one person in the First Research Institute."

Ji Ziyin was already tempted, and her gaze was sincere.

Ji Hongyuan looked at her coldly and said with his hands behind his back, "I can give you these two things. In addition, I promised you that I would introduce you to Feng Yu. This still stands. However, I have a condition. Unless you can fulfill this condition, there's no need to talk about anything! I can still take back what I'm planning to give you."

Ji Ziyin was already tempted. She secretly pinched her palms and tried her best to look calm. "What condition? Sixth Elder, tell me."

Ji Hongyuan knew that he had guessed correctly upon seeing her reaction.

People like Ji Ziyin sought benefits and avoided harm. As long as he gave her enough benefits, she would take the bait.

"I want you to make Qiao Nian unable to survive in the research institute!" Ji Hongyuan could not hide the bloodthirsty aura in his tone. His eyes were red and his teeth were gritted in hatred.

He could not do it himself, so he wanted Ji Ziyin to do it for him.

Otherwise, how could he be willing to swallow this anger?

Chapter 2085 - 2085 Still Dreaming, Taught a Lesson by Guan Yan and Her Men on the Spot

"There's one more thing," Ji Hongyuan said impatiently. "Do you have your own power in Country Z?"

Ji Ziyin was about to say that her force had long been destroyed by Qiao Nian, but she was smart enough not to say that. She only said vaguely, "I have a few people I can use."

"That's enough." Ji Hongyuan gritted his teeth and said fiercely, "I want you to do something for me. Jiang Zongjin from the Jiang Family..."

Before Ji Hongyuan could finish speaking, suddenly, the door was knocked open forcefully.

With a bang, someone barged in!

There were men and women among them. It was obvious that they were not good people. They swaggered in and walked towards them. magic

Ji Ziyin had never seen such a scene before. Standing up and raising her eyebrows, she immediately pointed at them and flared up. "Who are you? Who let you in? Get out!"

She was furious.

Unfortunately, they ignored her.

It was as if they did not see her and completely ignored her.

The woman in the lead was bright and beautiful. Her figure under the leather jacket and skirt was seductive. She was chewing gum with an arrogant expression.

The woman walked straight to Ji Hongyuan and raised her chin slightly, then said in a bewitching voice, "Are you the famous Sixth Elder of the Ji family?"

Ji Hongyuan's expression had already changed.

He was much smarter than Ji Ziyin and had seen many people in his long life. He had posted bodyguards outside. Since these people had barged in, it meant that his people outside were all gone.

These people might be here for him.

His face darkened and he warily said, "Who are you? Which faction are you from?"

"It doesn't matter which faction we're from. What's important is that our boss has tasked us with something. She wants one of your hands." The woman spoke in a negotiable tone, then smiled and winked. "Why don't you give it to me?"

Ji Hongyuan's expression changed drastically. His breathing quickened and his pupils dilated. He immediately took a step back and warned coldly, "You still dare to be so arrogant when you know who I am? You dare to offend the Ji family?!"

"You've already said that we know who you are. Do you think we dare to offend the Ji family?" The young and beautiful woman did not waste her breath. She waved her hand and instructed her subordinates. "Do your job."

Then, she walked to the sofa, sat down, took out her phone, and said casually, "Finish it quickly so that I can report back to Boss."

"Alright." A few people quickly surrounded Ji Hongyuan.

Ji Hongyuan was old. When he was young, he was feared. He had a lot of weapons on him and was very skilled.

However, he did not know the identities of these people. Their techniques were good, and their methods were as sharp as lightning.

In a few moves, they took down all his weapons and controlled him. They pressed Ji Hongyuan's head on the coffee table and took the time to ask the woman sitting playing with her phone, "Boss, do you want his left or right hand? Or both?"

Guan Yan was still playing with her phone. Hearing this, she looked up impatiently and glanced at Ji Hongyuan, whose face was red with anger and fear.

Her nails were very slender and beautiful. She supported her chin and said slowly, "Boss didn't say."

Suddenly smiling, she said, "Hmm... Right hand. These people's right hands have no other use except to do bad things. It's better to get rid of it."

Chapter 2086 - 2086 Face Slap, I Advise You Not to Move Around

The veins on Ji Hongyuan's neck bulged. His eyes were red as he growled, "How dare you!"

He was an elder of the Ji family.

Even if he was not the Hall Master of the Punishment Hall anymore, he was still a member of the Ji family. Who dared to touch him in the independent continent? Were they crazy?!

"Old Master Ji, are you too old and deaf to understand what I said?" Guan Yan smiled. Her peach blossom eyes were seductive as she looked at him disdainfully and chuckled. "If we didn't dare, we wouldn't have appeared here today~"

Ji Hongyuan locked his gaze on her. He finally knew fear. His facial muscles trembled as he forced himself to ask, "Who's your boss?"

Guan Yan dug her ears, as if surprised that he would ask her this question.

Ji Hongyuan forced himself to calm down and said in a low voice, "I want to see 'him'."

It never crossed his mind that Qiao Nian was behind this.

Guan Yan lowered her head and smiled. When she looked up again, she tapped her chin with her fingertips and said lazily, "Oh, you're not worthy."

"Our boss isn't someone you can just meet. You want to see her, but she doesn't want to see you~"

Ji Hongyuan's old face quickly turned the color of pig liver as he flew into a rage.

Before he could say anything, Guan Yan's bright smile quickly disappeared. Her short hair was sharp as she glanced at Ji Hongyuan and ordered calmly, "Do it!"

There was only a scream in the private room.

Ji Ziyin watched helplessly as those people broke one of Ji Hongyuan's hands. She covered her mouth and her face paled. Her temples throbbed and her heart raced.

Ji Hongyuan was from the Ji family.

He was from the older generation of the Ji family's direct line of descent. He was highly respected and had an extraordinary status in the family.

These people actually dared to cripple Ji Hongyuan's hand in public.

They were too arrogant!

They were simply too arrogant! magic

While no one was paying attention, Ji Ziyin secretly reached for her cell phone and was about to inform the Ji family.

"I advise you not to move around." The young woman's low and pleasant voice sounded in her ear like a clap of thunder.

Ji Ziyin instantly froze.

“Sister, we’re leaving immediately. After we leave, you can call us whomever you want. I won’t stop you. But if you’re disobedient and make a cheap shot before we leave, I don’t mind working overtime and taking care of you too.”

Guan Yan only glanced at her indifferently, as if Ji Ziyin was just a dispensable small character. If Ji Ziyin had not wanted to secretly make a call, she would not even care to remind her.

Ji Ziyin’s expression froze. She looked at the woman’s slightly narrowed peach blossom eyes, not daring to move.

She had been the center of attention wherever she went ever since she was young. Ji Ziyin had never been ignored like this.

The way these people treated her and looked down on her was the greatest humiliation to her!

...

Guan Yan was as efficient as she had said.

Ji Ziyin only saw them quickly clean up the place, take out professional equipment, and destroy the surveillance cameras in the private room. Then, the young woman who had warned her not to move around stood up, called someone, and said respectfully, “Boss, it’s done.”

Then, she hung up and turned around to glance at her with a faint smile, making Ji Ziyin tremble.

Fortunately, the other party only glanced at her and did not speak. Then, she turned around and called out to the other people in the private room before leaving.

Ji Ziyin waited until the other party had walked away before she dared to call the Ji family.

Chapter 2087 - 2087 They Never Thought of Covering Their Faces

At the hospital.

Almost all the elders of the Ji family were present.

It was rare for Ji Lingfeng to appear outside the manor. Everyone was guarding the emergency department of the Ji family's private hospital, their expressions solemn.

He Lin was the last to arrive.

When he arrived, the big shots of the Ji family had already arrived in the corridor. It was rare to see so many of them present.

He jogged over instead of walking quietly.

However, his heart was beating wildly.

Ji Ziyin and Ji Xiao were also present.

The two of them were just small fries on such an occasion. They could not speak at all.

These big shots of the Ji family had not spoken, so they did not dare to spout nonsense at this moment. They might as well wait for the doctor to come out.

Ten minutes later.

The emergency room door opened.

A doctor in a white coat came out. Seeing so many people gathered outside, he took off his mask and said with a serious expression, "Mr. Ji, the patient can't keep his right hand."

There was a commotion in the corridor.

He Lin's heart skipped a beat. magic

Right hand?

The Sixth Elder's right hand was crippled?!

He immediately recalled what Qiao Nian had said before she left three hours ago.

... She had said that she wanted one of Ji Hongyuan's hands.

He Lin's eyelids twitched. Apart from being shocked, he also had doubts. He and Qiao Nian had only been apart for less than three hours. Was Young Miss so capable?

But if this was a coincidence, it was too much of a coincidence!

He Lin lowered his head and didn't say anything. He didn't mention to anyone what Qiao Nian had said previously.

"You said that it can't be saved? How..." someone said in disbelief.

However, the doctor was very certain. "Yes, we've examined him. The patient's hand can't be saved. The bones connecting his wrist are all shattered, and there's no way to repair them. From this, it can be seen that the other party didn't leave a way out for the patient before he attacked. Those people were aiming to cripple one of his hands."

Everyone in the Ji family fell silent again.

Ji Lingfeng closed his eyes tightly for a full minute before opening them again. Then, he instructed the doctor to give it a try and see if he could keep it. If he really couldn't, he would think about it later.

The doctor sighed and shook his head as he entered the emergency room again.

...

"Who did this?" Ji Lingfeng asked Ji Ziyin after the doctor entered the emergency room.

Everyone in the corridor focused their attention on Ji Ziyin. Everyone was looking at her, waiting for her to speak.

Ji Ziyin's body tensed up under his gaze. She pursed her lips and said in a low voice, "I don't know."

"You don't know?" Ji Lingfeng's eyes were cold and sharp as he stared at her. "Those people didn't show their faces?"

Ji Ziyin shook her head again, her face pale, but she had already calmed down. She answered clearly, "No. None of them had their faces covered when they swaggered in. After they barged in, they went directly for the Sixth Elder and said that they wanted one of his hands. They said that it was... their boss's order."

None of them hid their faces. They swaggered into the private room and asked for a hand from a respected elder of the Ji family!

How arrogant!

Everyone's expression was ugly.

He Lin's eyebrows twitched, and he didn't dare to speak.

This style...

Qiao Nian was too much!

Extremely arrogant.

However, she was just plain arrogant. There were no cheap shots. She was just arrogant in front of you.

“They only said that they were doing it on their Boss’ order, but they didn’t say who their boss was. He’s probably from some faction in the independent continent.”

Chapter 2088 - 2088 Diamond Big Boss Q in the Illegal Zone

Ji Ziyin briefly described the appearance and characteristics of the people who had barged into the private room. She placed special emphasis on Guan Yan and described her in detail.

It was as if she couldn’t wait to catch Guan Yan.

After she described them, everyone in the Ji family became even more aware of the other party’s unconcealed attitude and arrogance. They were not afraid of the Ji family’s retaliation.

Everyone was furious.

“Patriarch, we can’t let this matter rest. We have to find out who the other party is and make them pay the price!”

“That’s right. Sixth Elder is already so old, yet he was still being humiliated like this. These people are simply too arrogant!”

“ ... ”

Everyone was indignant.

For once, He Lin didn't say anything.

Ji Lingfeng seemed to notice him. He glanced at him from the corner of his eye and asked in a low voice, “He Lin, who do you think did it?”

He Lin looked up abruptly, his reaction huge.

Everyone noticed his reaction and looked at him in surprise.

At this moment, He Lin lowered his head so that no one could see his expression clearly. He answered hesitantly, “I-I don't know.”

Ji Lingfeng chuckled, as if he already had an answer in his heart. He didn't make things difficult for He Lin and only instructed him, “Investigate to the end.”

He Lin didn't want to accept this mission, but he had no choice. He could only do it. “I'll investigate immediately.”

...

After all, Ji Hongyuan was one of the elders of the Ji family.

When he privately arranged to meet Ji Ziyin at the Seaview Pavilion, he had just been punished by the Ji family. The news of him losing his position as the hall master of the Punishment Hall had yet to be leaked.

Many people did not know about this yet.

Moreover, he was from the Ji family. These people were all experts.

However, this time, be it the people around Ji Hongyuan or Ji Hongyuan himself, they had both fallen hard. Ji Hongyuan had even become a cripple...

It was impossible for a small faction in the independent continent to do such a big thing. Only a handful of people in the independent continent could do this.

If He Lin wanted to investigate, he would follow this line of inquiry.

However, the more he investigated, the more shocking it became.

In less than half a day, he had found traces and the power behind this.

He took the evidence he found and went to look for Ji Lingfeng. He handed a USB drive to Ji Lingfeng and whispered the results.

“Patriarch, the person behind Sixth Elder’s matter is... the diamond big boss Q from the illegal district.”

The diamond big boss of the illegal district.

Q.

Ji Lingfeng played with the USB drive in his hand. He already understood who this Q represented.

Qiao Nian’s initials were—QN!

* *

Ji Hongyuan's right hand had been crippled in the Seaview Pavilion. This news spread like wildfire to the ears of all the factions in the independent continent.

At first, no one believed it.

It wasn't until the people they sent out to inquire came back with news did they suddenly realize the seriousness of the matter. magic

Someone had attacked the Ji family on the independent continent.

Moreover, he was one of the main elders.

This...

This was an unprecedented event in the independent continent.

As soon as this news spread throughout the independent continent, everyone began to investigate.

He Lin realized that many people had found out who was behind this.

...

At the Shen Family.

Hearing the first-hand news from her good friend, Old Madam Shen was so shocked that she called Father and Mother Shen back.

She had even specially called Shen Qingfeng back from the research institute.

When the entire family arrived, Father Shen rubbed his brow and asked her, "Mom, why did you call us back so urgently?"

Chapter 2089 - 2089 Tell Miss Qiao to Tell Us If She Needs Anything

Old Madam Shen ignored him and turned to ask Shen Qingfeng, "Qingfeng, did your team member, Qiao Nian, go to the research institute today?"

"Grandma, why are you suddenly asking this?" Although Shen Qingfeng was puzzled, he still answered her honestly. "She came to the research institute in the morning and left in the afternoon. She wasn't around in the afternoon."

Old Madam Shen had an idea.

She took a deep breath, knowing that it was time for her family to make a choice.

Without hiding anything, she said to Shen Qingfeng, "Something big happened this afternoon. The hall master of the Ji family's Punishment Hall, Ji Hongyuan, had one of his hands crippled in the Seaview Pavilion and was sent to the hospital."

"Huh?" Shen Qingfeng was at a loss.

He had a good upbringing. He didn't pursue the matter anxiously, and it was not because he didn't understand. Instead, he waited patiently for Old Madam Shen to continue.

With a cold expression, Old Madam Shen continued, "This time, the person who targeted the Ji family in public is the diamond big boss Q from the illegal district.

"This diamond big boss has never appeared in the illegal district, but I've heard some things about her." Old Madam Shen glanced at him gently and said lightly, "You know this person too." magic

"I don't know the illegal district..." His mind quickly came to a realization. Shen Qingfeng looked at Old Madam Shen in extreme shock. "Grandma, do you mean... Qiao..."

Shen Qingfeng was too shocked to even say the girl's name.

Qiao Nian.

This...

Qiao Nian had directly attacked the Ji family?

And it was a slap to their face in public.

This lightning-fast method was too bold!

She was too bold.

Shen Qingfeng was shocked. Father and Mother Shen were so shocked that their jaws dropped. They were even more shocked than Shen Qingfeng. They did not know what to say.

Old Madam Shen gently smoothed out the hem of her shirt, her aura instantly exuding. She looked up and instructed Shen Qingfeng, "Go and call Miss Qiao. Tell her that if she needs our Shen Family's help, she can just ask. The Shen Family is willing to go through fire and water for her."

"Grandma!" Shen Qingfeng was too surprised.

However, Old Madam Shen was very open-minded. She smiled and said with a cultured demeanor, "If we want to rely on others, we can't just say it or treat them to a meal. Since we want them to take care of us, of course, we have to give them the same help when they need it."

Shen Qingfeng gradually calmed down and nodded. Of course, he understood this logic. "But Grandma, have you thought it through?"

“Don’t you think highly of her?” Old Madam Shen smiled. “Since you think highly of her and think that she can lead the Shen Family to greater heights in the future, I believe in your choice!”

Shen Qingfeng pursed his lips. He had already made up his mind. He knew the urgency of this matter. Without hesitation, he turned around and went to make a call.

After he left.

Father Shen stammered, “Mom, are we really going to go against the Ji family for a teenage girl? What if...”

That was the Ji family of the Independent Continent.

Who would dare to offend them?

They were just a small family.

Old Madam Shen’s expression was serene, and she had the temperament of a well-bred young lady. Even though she was old, she was still elegant and genial. She glanced at Father Shen indifferently and said calmly, “I think highly of Miss Qiao, too. Some people in the Ji family should have been dealt with long ago.”

Father Shen wanted to say something but hesitated.

Old Madam Shen stood up, not wanting to say anything more to him. “The diamond big boss of the illegal district has surfaced. Just watch. The Ji family might not be able to touch her.”

Chapter 2090 - 2090 Everyone Is Waiting for Sister Nian to Return

Qiao Nian had just returned home when she received Shen Qingfeng’s call. Just as she stepped into the villa, her phone rang in her pocket.

Qiao Nian picked up the call. “Hello.”

Gu San, Qin Si, Mo Dong, and Mo Xi were still waiting for news in the villa. At first glance, the girl came in as if nothing had happened.

Qin Si was the first to notice her. "Sister Qiao—"

He suddenly braked and swallowed what he wanted to say. It was mainly because Qin Si saw that she was on a call with someone.

After Qiao Nian entered, she glanced in his direction from the corner of her eye, but she wasn't in a hurry to greet him.

Instead, along the way, she picked up a bottle of water on the table, unscrewed the cap, looked up, and took a sip unhurriedly. Then, she tilted her ear, as if listening to something. Her expression was a little lazy, and her emotions were unclear. "Huh? Your Grandma said that?"

Qin Si's ears were pricked, waiting for her to finish the call. Hearing this, he was stunned and couldn't react for a long time.

Hadn't Sister Qiao gone to look for the Ji family?

Why was she talking about an elder on the phone? Grandma? Whose Grandma?

Holding the mineral water bottle, Qiao Nian didn't stand there for long. She lowered her gaze and seemed to think for a while. Then, she pursed her lips and said to the person on the other end of the call, "I understand. Thank her for me."

She hung up not long after.

Qin Si couldn't wait any longer. He immediately asked her, "Sister Qiao, who was that just now? Who were you talking to? Whose Grandma? Didn't you go out—"

He held back the second half of his sentence.

Qiao Nian put her phone back into her pocket and took another casual sip of water. Then, she put down the bottle and leaned over to lean on the coffee table before answering lazily, "A friend. His Grandma was concerned about me. She's an elder. Shouldn't I thank her politely?"

"Of course, you should."

Qin Si answered without thinking. He looked at her with a burning gaze, but he still couldn't hold it in. "Sister Qiao, are... are you done with your task?"

Qiao Nian had returned so openly. There was a high chance that she had finished her business.

Qin Si wasn't the only one who wanted to know the answer.

Gu San, Mo Dong, and Mo Xi also wanted to know the answer.

The Hacker Alliance and the technicians of Bright Gate had temporarily returned, but there were still many people in the living room. Hadn't they been waiting for Qiao Nian's safe return?

In addition, they also wanted to know how she would settle scores with the Ji family.

"Miss Qiao, have you seen Ji Hongyuan?" Mo Xi was more tactful than Qin Si, but in the end, he still wanted to know the outcome.

Qiao Nian was a little tired. She rubbed her temples, suppressing most of the frustration in her eyes. She looked calmer now. "I didn't see him." magic

She answered Mo Xi first.

Then, she turned to look at Qin Si, who was waiting for her answer. She pursed her lips, feeling a headache, but she still answered him, "It's done."

Qin Si was utterly stunned.

Uncle Jiang almost suffered an accident because of Ji Hongyuan's men. She didn't see Ji Hongyuan in person. How could she have finished her business?

He opened his mouth to ask.

However, the girl lowered the brim of her baseball cap. With one hand in her pocket, she turned around and walked upstairs. "I'm tired. I'll go rest."

Qin Si touched his earlobe and looked at her back as she went upstairs. In the end, he couldn't bear to pester Qiao Nian.

He watched as the girl went up to the second floor. The door opened and closed upstairs. Then, the place fell silent.
