

Madam's 2201

Chapter 2201 - 2201 Damn, Isn't This the Person I Met at the Illegal District Auction?

"Okay." Gu San went to make a call.

Coincidentally, Qiao Nian's cell phone lit up at this moment.

It was Guan Yan.

Qiao Nian guessed that they had arrived and picked it up. "Hello."

"Boss, we're here." Guan Yan had indeed arrived.

Qiao Nian lowered her eyes and turned to Qin Si, who was fine. "Help me pick up something." magic

Qin Si agreed without thinking. He rubbed his fists and stood up. "What is it? Delivery? Let's go, Sister Qiao. I'll help you carry it."

Qiao Nian brought him out.

Three minutes later, a green jeep stopped in front of them like a whirlwind.

"Boss." A woman got out of the passenger seat as soon as the car stopped.

The young woman had narrow shoulders and a slender waist. She was wearing a black leather jacket that outlined her good figure. Her short hair was sharp, unable to hide her outstanding appearance.

Qin Si recognized her at a glance and was a little stunned. "It's you?"

Originally walking straight towards Qiao Nian, upon hearing this, Guan Yan suddenly noticed Qin Si. Her peach blossom eyes curled up slightly, looking a little bright and ostentatious.

She turned to the girl and asked, "Who is he?"

Qiao Nian replied, "A friend."

Qin Si paused for a moment as he recognized her and the memory of seeing her at the underground auction in the illegal district flashed in his mind.

Qiao Nian saw his reaction from the corner of her eye, paused, and pursed her lips. Then, she raised her chin slightly and introduced him. "Qin Si, my friend."

Then, she turned to Qin Si. "Guan Yan is also my... friend."

Be it in the Red Alliance or the Black Mandala, Guan Yan called her Boss. However, in Qiao Nian's heart, Guan Yan was her friend. She had known her for several years and they had a friendship forged through life and death.

The frivolity in Guan Yan's peach blossom eyes disappeared. She walked over and extended her hand to the stunned pretty boy. Her slender and beautiful fingernails were painted red, giving off a cynical feeling. "Hello, Young... Young Master Qin."

She belatedly remembered where she had seen this person before. She blinked and said suggestively, "I remember we met at the auction house. I sent you a box on behalf of Sun. Do you remember?"

Of course, Qin Si remembered. He was just a little stunned at the stretched hand in front of him. However, he was still Young Master Qin from Beijing, after all.

Qin Si reacted quickly.

He coughed to hide his embarrassment and then shook the woman's hand like a gentleman. "Hello."

Guan Yan retracted her hand and put her arm around the girl's shoulder, asking, "Boss, where's your partner?"

She looked up at the villa curiously. "He didn't come out?"

"Yes." Qiao Nian knew that she wanted to see Ye Wangchuan. She rubbed her eyebrows and pushed her hand away, saying, "I'll get him to treat you to a meal next time."

"That's good!" Guan Yan's red lips curled into a smile and she said half-jokingly, "It has to be a feast."

Qiao Nian agreed readily. "Okay."

Guan Yan did not waste any time. She walked back and kicked the door twice, reminding the person inside roughly, "How long are you going to make us wait? Hurry up and get her down."

After a while, the unconscious Ji Ziyin was thrown out of the car.

Guan Yan looked at the girl lying unconscious like a sack. She raised her head slightly, leaned against the side of the car, and threw Qiao Nian a cell phone.

"This woman has secretly informed the Ji family. It won't be long before they find out about us."

Chapter 2202 - 2202 You Want Guan Yan's WeChat? I Just Like Difficult Challenges

Qiao Nian caught the phone. Ji Ziyin's cell phone's password system was too easy to crack. She casually found the last number Ji Ziyin had dialed.

Ji Xiao.

The call lasted for a full five minutes.

Ji Ziyin has reacted quite quickly.

She probably secretly made this call the moment she saw Guan Yan.

Qiao Nian edited the location system, and in less than a minute, Ji Ziyin's phone's location disappeared from the location system.

There was no trace.

It was as if the red dot of Ji Ziyin's phone location never existed.

Qiao Nian put the phone away.

Guan Yan roughly told her about Ji Ziyin's situation. Seeing that Qiao Nian did not seem to take the Ji family to heart, she did not worry too much.

Before Guan Yan left, she reminded Qiao Nian, "Boss, be careful. I'll leave first. Call me if anything happens."

She opened the door handsomely. As she was about to get in, she turned around and looked at Qin Si. She winked at him. "Handsome, see you next time."

"Sister will treat you to a meal next time."

Qin Si's eyebrows trembled. He was shocked by the natural way she said 'sister'.

Was he f*cking... flirted with?magic

With that, Guan Yan turned around and got into the car. She closed the door and said lazily to the driver, "Let's go."

The green jeep started up again.

Guan Yan waved at Qiao Nian, and the car disappeared in the blink of an eye.

The villa fell silent.

Qiao Nian made a call and got someone to bring Ji Ziyin to the abandoned factory that Ye Wangchuan had vacated for her.

She had just hung up and was about to walk back.

Qin Si leaned forward and stood in front of her. His usually sloppy eyes were bright now. "Sister Qiao, I have something to ask of you."

Qiao Nian looked at him deeply, already knowing what he wanted to ask. She pressed down on her baseball cap and said coolly, "...She acts this way towards everyone. Don't take it to heart."

Guan Yan liked good-looking people.

She was usually as warm as the spring breeze to handsome men.

However, she had a problem—after flirting, she acted irresponsibly.

Guan Yan liked to flirt, but she also liked to have many options.

Qin Si did not expect her to see through him at a glance. He coughed awkwardly and followed her. "It's fine. I have this attitude towards everyone. I think she's not bad. Do you have her WeChat? We can make friends."

Qiao Nian had a headache from his pestering. She stopped at the entrance of the villa and glanced at him from the corner of her eye, making Qin Si quite uncomfortable.

"Sister Qiao..."

Qiao Nian's eyes were beautiful. They were different from Guan Yan's. Her eyes were dark and bright.

Frightened by her gaze, Qin Si touched his face, suspecting that there was something with it.

"Let me put it this way." Qiao Nian had one hand in her pocket and a serious expression on her face. However, her tone was a little casual. "...You can't win against her."

Qin Si was confused.

He felt like he was being looked down on.

He was actually looked down upon when it came to picking up girls!!

"Sister Qiao, didn't Master Wang tell you that men don't take no for an answer?" Qin Si was a little unconvinced. "What a coincidence. I like challenges with high difficulty!"

"..."

Qiao Nian looked at him as if he was a clueless fool.

"Alright." She did not insist. She only said, "If you insist on asking for her WeChat, I can ask for you, but she might not give it to you."

Chapter 2203 - 2203 I Heard Ziyin Mention a Name On the Phone

Qin Si confidently smiled. "Alright, Sister Qiao, help me ask her."

"I think she'll agree!" He was quite confident. "My intuition tells me that she will give it."

Qiao Nian hummed and gave him a thumbs up. She entered the villa, planning to ask Guan Yan later.

* *

At the same time.

Ji Xiao hurriedly went looking for Ji Lingfeng.

He Lin was also there. He perceptively instructed the servant to pour a cup of coffee and placed it on the coffee table in front of Ji Xiao.

As soon as Ji Xiao entered, he ignored the rules and hurriedly said to Ji Lingfeng, "Patriarch, Ziyin has been taken away."

Ji Lingfeng was looking at a photo album.

After he entered, Ji Lingfeng placed the photo album back into the drawer and locked it. He looked at him without a change in expression and said calmly, "Tell me properly."

There was a knock on the door at this moment.

He Lin went to check and realized that Ji Hongyuan had arrived.

"Old Master Ji," He Lin greeted respectfully when he saw him.

"Yeah."

Ji Hongyuan was clearly sickly. His face was pale and powerless, and his right hand limply hung to the side. It looked very unnatural.

Upon seeing him, Ji Hongyuan only asked, "Is the Patriarch inside? I have something to ask him."

"The Patriarch is inside." He Lin made way. "There's still..."

Ji Hongyuan had already entered in a wheelchair before he could finish.

Then, he heard Ji Xiao's anxious voice.

"I received a call from Ziyin half an hour ago and realized that something was wrong. She called me but didn't say anything. It seemed like someone wanted to take her away... Then, the call was hung up less than two minutes later.

"I checked before coming. Ziyin hasn't returned yet."

Ji Xiao gritted his teeth and told him everything he had found out. "I also heard a name. Ziyin mentioned someone."

Ji Lingfeng's eyebrows twitched as his sharp gaze landed on him. He asked, "Who is it?"

Ji Xiao took a deep breath.

"Qiao Nian.

"Also, the person who took her away seems to be the same people who assaulted the Sixth Elder at the Mountain Sea Pavilion.

"Someone related to the diamond big boss Q in the illegal district."

Ji Hongyuan gripped the armrest of his wheelchair tightly. His back stiffened, and deep hatred and disgust appeared on his face. "It's her again."

He Lin originally thought that Ji Xiao had come over for some small matter. Who knew that it was about... Qiao Nian?

Moreover, Qiao Nian took Ji Ziyin away!

This...

He Lin felt a headache coming on. He really did not understand why this girl was so good at causing trouble.

She was too arrogant.

She went against the Ji family again and again. Was she really going to fall out with everyone in the Ji family?

At this moment, He Lin could only bite the bullet and speak up for Qiao Nian. "Could there be a misunderstanding?"

Ji Xiao did not respond. Ji Hongyuan, on the other hand, could not hide his hatred. He said coldly, "What misunderstanding? Hmph! Other than her, who else in the independent continent has the guts to take a Ji family member away in public? Only she has the guts. I don't think there's any misunderstanding in this matter. Who else can it be?!"

He Lin was speechless.

Ji Hongyuan sneered and asked Ji Xiao, "Last time, she could still use the excuse that I touched the Jiang Family. Why did she take Ji Ziyin away this time?"

Chapter 2204 - 2204 It's Time for the Ji Family to Make a Decision

Ji Xiao did not know that Ji Ziyin had gone to look for Xie Xinyao, nor did he know that Xie Tingyun had been poisoned and almost died. magic

Therefore, at Ji Hongyuan's question, he subconsciously shook his head and turned to look at Ji Lingfeng. He lowered his head and said respectfully, "I-I don't know."

"Patriarch, Ziyin..."

Ji Hongyuan's bloodline was basically destroyed this time. He hated Qiao Nian deeply. Before Ji Xiao could finish, he asked the mature man sitting in the high seat, "Patriarch, I know you care about your family. She's... that person's only bloodline."

At first, Ji Lingfeng had a calm expression. At this, a sharp gaze landed on Ji Hongyuan. Even at Ji Hongyuan's age, he was almost suffocated by this aura.

However, everything had been ruined by Qiao Nian. He could not take this lying down.

He came looking for Ji Lingfeng this time to say this.

Ji Hongyuan looked away from Ji Lingfeng. He still raised his head and said forcefully, "But as you can see, she's unwilling to return or work for the family! Since we've already decided to abandon her, among the family's younger generation, only Ji Ziyin can bear the burden of leading the Ji family in the future. We can't lose her..."

The Ji family had already made their choice last time.

Most people chose Ji Ziyin.

Ji Ziyin was known as the once-in-a-century genius of the Ji family, but the main members of the family knew well how exaggerated it was.

If Ji Ziyin really had Ji Qing's talent in the past, why did they not take sides for so long?

Ji Ziyin was suppressed by Ji Nan because her ability was limited. They did not want to hand over the Ji family's future to someone with limited capabilities.

Qiao Nian was originally an unexpected 'surprise'.

However, she refused to return to the family.

It was fine if Qiao Nian refused to come back, but she was still investigating Ji Qing's death and even... going against the Ji family.

They had no choice but to choose between Qiao Nian and Ji Ziyin. Ji Hongyuan and some people chose Ji Ziyin, and some chose to be neutral.

However, Qiao Nian had been too ruthless to the Ji family these two times. Some of the people who had maintained a neutral attitude were on the verge of siding with Ji Ziyin.

"Patriarch, Ji Ziyin is the new generation we think the most highly of in the research institute. We can't leave her behind."

Ji Hongyuan knew that if he did not add some shocking news, Ji Lingfeng might still choose to side with Qiao Nian.

He patted his right arm heavily and stared into Ji Lingfeng's eyes. "This was how my right hand was crippled. Do you want the only person in the Ji family's younger generation who can inherit the family to become crippled like this?"

"Patriarch, it's time for you to make a decision!"

Ji Lingfeng was still silent.

Ji Hongyuan was unable to endure it anymore. His face reddened as he said agitatedly, "You should not care about this matter. I can only call all the elders of the Ji family over and discuss how to deal with it."

“Her situation now will only make things worse if she’s handed over to the council hall to handle... At that time, it’ll be even more impossible to clean up the mess.”

Anxious, He Lin looked at Ji Lingfeng. “Patriarch, why don’t I call Young Miss and ask?”

He felt that Qiao Nian was not the kind of person who would cause trouble for no reason.

Ji Ziyin must have done something to anger her.

If they helped Ji Ziyin this time, Qiao Nian’s relationship with the family would only become more distant and move towards an irreversible outcome.

Ji Lingfeng was silent for a moment. His dignified eyes seemed to have already made a decision. He closed his eyes, and when he opened them again, his face was as calm as water.

He instructed, “Bring her back.”

Chapter 2205 - 2205 That Idiot Xie Xinyao Has No Evidence

In an abandoned factory in the independent continent.

Ji Ziyin was thrown to the ground like a gunny sack. It took a full three hours for the anesthesia to wear off.

The strong light hurt her eyes as she slowly opened her eyes.

Ji Ziyin subconsciously closed her eyes and raised her hand to block the dazzling light. Only then did she realize that her arm was weak and she did not even have the strength to raise her hand.

“Hiss.” There was a place on her elbow that hurt from being pulled by her muscles. Ji Ziyin gasped uncomfortably.

Memories of before she fainted immediately surged in like a tide.

She opened her eyes again and sized up her surroundings.

“You’re awake?” The girl’s voice was calm and a little casual.

Ji Ziyin’s hair stood on end, and her back tensed up.

She bit her lip. As her eyes gradually adapted to the strong light, she looked warily at the person sitting in front of her.

The girl was wearing a baseball cap and was dressed in black. She looked like she was not to be trifled with.

She was sloppy and looked like a bandit.

Ji Ziyin recognized her person at a glance.

“Qiao Nian?” Her voice was a little tense as she stared fixedly at the girl in front of her. Her heart skipped a beat, and an uneasy feeling surfaced in her heart.

“You’re awake?” The girl sitting opposite had her legs crossed as she played with a lighter. Her eyelids raised when she heard the commotion, and a pair of deep and dark eyes that seemed to have flames in them burned Ji Ziyin. She did not dare to look into her eyes again.

“You got someone to bring me here? What do you want?” At this point, Ji Ziyin thought of Qiao Nian’s personality.

She knew well that the girl would dare to do anything if she was angered!

Back then, Ji Hongyuan was still an elder of the Ji family’s Punishment Hall, but Qiao Nian still dared to cripple his hand in public.

She was not as important as Ji Hongyuan to the Ji family.

Ji Ziyin's heart raced. She was not stupid and slowly said, "I've already informed them. They should have realized that I'm missing at this time and will look for me soon."

Ji Ziyin did not mention the Ji family directly, but the meaning between the lines was a warning and a threat.

"Heh." Qiao Nian threw the lighter on the table, causing a "clang" to ring out. She raised the corners of her lips and looked at the person who was pretending to be cool with her with a faint smile. "Do you think I'm afraid?"

Ji Ziyin fell silent.

Of course, Qiao Nian was not afraid!

The person who was afraid now was Ji Ziyin.

Ji Ziyin clenched her fists under the table and said calmly, "I don't know why you brought me here. Actually, if you wanted to talk to me, there was no need to bring me here. We would have arranged a place to talk calmly."

She knew very well what Qiao Nian was here for.

She had already thought of a way to deal with it.

That fool Xie Xinyao had no evidence to prove that she was the one who gave her the medicine. Moreover, there was no evidence to prove that she was the one who told her Qiao Nian was Xie Tingyun's private doctor. She could deny everything and remove herself from the picture cleanly. Anyway, without evidence, everyone could say whatever they wanted.

That was also why she had asked Xie Xinyao to get into her car.

Only in her car was she not worried that someone would get any footage from surveillance cameras. Without footage for proof, how else could Xie Xinyao prove it was her?

Ji Ziyin's expression became even calmer at this thought. "Qiao Nian, what happened? You wouldn't look for me for no reason. You can tell me and we'll think of a way to resolve the problem together. It doesn't have to be like this."

Chapter 2206 - 2206 Miss Qiao, The Ji Family Is Here

"Tsk." The girl's eyebrows were quite exquisite as she clicked her tongue.

Ji Ziyin's heart inexplicably sank when she saw the ostentatious smile at the end of her eyes.

She had a feeling that the other party would not let it go this time.

After a moment of uneasiness.

Ji Ziyin's eyes flashed with disdain.

So what if Qiao Nian guessed it? If she had no evidence to prove that she had done it, no one could touch her!

"I really want to talk to you." After all, Ji Ziyin had lived like a princess in the Ji family for 20 years. She could be pretty intimidating when she turned serious. "Qiao Nian, what happened?"

Unfortunately, the person she was facing was not the typical person.

It was Qiao Nian.

Anyone who knew Qiao Nian's personality knew that she did not play these games at all!

She smiled playfully. "Ji Ziyin, don't you know that Auntie Xie was poisoned?"

Ji Ziyin opened her mouth and immediately revealed a surprised expression. "Xie Tingyun was poisoned? I didn't know. When did this happen? How's Auntie's health now? Is she alright?"

Qiao Nian narrowed her eyes. Seeing that she seemed to be very worried about Xie Tingyun, she pursed her lips and said lazily, "I've disappointed you."

Ji Ziyin clenched her fists and forced a smile, as if she did not care that Qiao Nian was mocking her. "It's good that Auntie Xie is fine."

Qiao Nian looked at her mockingly.

Ji Ziyin looked away first. Then, she took the initiative to say, "Qiao Nian, don't tell me you think I'm behind this?"

The girl's baseball cap covered half of her face, revealing only her cold jaw. Hearing this, she looked at her with dark eyes. "Oh, you're not behind this?"

Ji Ziyin took a deep breath. In the girl's eyes, everything about her seemed to be exposed, but she bit the tip of her tongue and endured it. "I didn't know about this."

Qiao Nian couldn't be bothered to continue questioning her about this.magic

The uneasiness in Ji Ziyin's heart intensified.

At this moment.

Someone hurried in from outside.

Ji Ziyin only saw an obvious scar on the man's face, making his initially tough face look murderous and cold.

Mo Dong quickly walked in with no intention of avoiding Ji Ziyin. As if he did not see her, he spoke respectfully to the girl, "Miss Qiao, the Ji family is here. They're asking for her."

Qiao Nian smiled and said impatiently, "They came quite quickly."

A trace of hope ignited in Ji Ziyin's eyes, and the uneasiness in her heart instantly dissipated. She looked at the girl provocatively and smiled. "Looks like we can only meet next time."

"I'll find time to visit Aunt Xie at the hospital. If it's convenient for you, you can tell me the address of the hospital she's at..."

Ji Ziyin seemed to be about to get up when a cell phone was suddenly thrown in front of her. The girl, who initially seemed to be too lazy to care about her, stood up and lowered her eyes. Her dark eyes were intimidating, as if a ferocious beast was about to rush out.

"Ji Ziyin, do I look easy to provoke?"

Ji Ziyin could not move, and the smile on her lips froze. Her aura was immediately suppressed.

"I look easy to provoke. That's why you dare to test my bottom line again and again. You even think that with the Ji family backing you, I won't dare to do anything to you?"

The girl's voice was extremely calm as if she was really having a peaceful discussion with her.

Chapter 2207 - 2207 Sister Nian: Since You Dare to Do It, You Have to Pay the Price

Ji Ziyin's heart beat wildly as she felt a strong sense of unease. "I didn't mean that, but I don't know anything about what you said."

“If anyone has told you anything, you can ask them to produce evidence. As long as there’s evidence, I’ll admit to what I’ve done. But without evidence, I can’t admit to something I didn’t do...”

“Tsk.” Qiao Nian sneered and looked at her as if she was looking at a fool. She walked over casually and met her eyes.

Ji Ziyin’s aura had weakened by more than half.

However, the girl only asked her calmly, “Do you think I care about evidence?”

Ji Ziyin vaguely sensed something, but she did not dare to think deeper.

“Ji Ziyin, since you dare to do it, you have to pay the price.” The girl had already picked up the lighter on the table and instructed concisely, “I want her pinky.”

Ji Ziyin’s face instantly turned pale. Her back was tense like a bow as she suddenly took two steps back, her eyes bulging. “How dare you!”

Qiao Nian was going to do an experiment.

She wanted to see if the Ji family would not let her off if she touched Ji Ziyin’s hand.

However, the girl walked out without looking back, her body language showing her that she dared to do it. “Mo Dong, I’ll leave it to you.” magic

Ji Ziyin watched as she walked out. Her shoulders trembled, and her mind went blank as endless fear surged in her heart.

She suddenly recalled Ji Hongyuan’s fate in the Mountain Sea Pavilion.

She belatedly realized something.

Qiao Nian really dared to do it!

Even if the Ji family was outside, Qiao Nian would still dare to do this!

...

Outside.

He Lin had been waiting for a long time.

The person beside him could not stand it anymore and rushed him. "Boss, should we barge in? We can't drag this on. The Patriarch is still waiting."

However, He Lin looked at him with a fake smile. "Whose territory do you think this is? This is Bright Gate's territory. Do you think we can take her away just by breaking in?"

Bright Gate was one of the most ferocious forces in the independent continent in the past few years.

The Ji family was not afraid of them.

However, they would be dreaming if they wanted to forcefully take someone away from their territory.

The person beside He Lin immediately stopped talking as a troubled expression appeared on their face.

Of course, they knew that it was not easy to bring people away in the Bright Gate's territory, but the Patriarch, Old Ji, and the others were still waiting in the manor. They couldn't return empty-handed.

He Lin walked to the side in frustration and took out his phone. He found a number and hesitated for a moment before calling.

He had specially changed his phone number before coming. It was not the phone number that Qiao Nian had blacklisted previously.

He Lin placed the phone to his ear.

No one picked up.

After the last beep, He Lin took his phone away and looked down at the time. He knew that it was too late.

He couldn't continue wasting time here.

He was about to break in when he saw the girl coming out.

"Little..." He Lin originally wanted to call her Little Miss, but when the words reached the tip of his tongue, he changed them. "Miss Qiao, Ji Ziyin is with you, right? I'm here to see her."

Qiao Nian was very calm. "Yes, she's with me."

"The Ji family asked me to bring her back." He Lin opened his mouth, wanting to persuade her.

The words were on the tip of his tongue, but he did not know how to begin.

"Wait a minute." The girl leaned against the side of the abandoned factory and lowered her head to play with her phone. She sent a message to Feng Yu.

"..."

He Lin was about to ask her what she was waiting for when Ji Ziyin's scream could be heard from inside.

Chapter 2208 - 2208 Young Miss, You're Also One of Their Choices

He Lin's expression changed.

Qiao Nian slowly raised her eyes and looked inside. "Come out."

Mo Dong was already walking over carrying the unconscious person. He threw her to He Lin and the others like he was carrying a sack.

"Bring her back with you."

He Lin's eyelids started twitching non-stop when he saw Ji Ziyin's miserable state and the thumb that the rough man threw at him. Finally, he couldn't help but say to the girl, "Young Miss, I heard about the Xie family on the way here. That's the Xie family's family matter. They did not say anything. Why do you have to interfere? What you're doing is undoubtedly placing yourself on the opposite side of the Ji family. Elder Ji and many elders in the family are very dissatisfied with your recent actions. This time..."

Qiao Nian was too arrogant.

No one expected her to really do anything Ji Ziyin. They thought that Qiao Nian just wanted to hold Ji Ziyin hostage to ask if she was related to Xie Tingyun's poisoning.

Unexpectedly, Qiao Nian did not bring Ji Ziyin back for questioning at all.

Instead, she took Ji Ziyin's pinky.

He Lin took a deep breath and looked at the silent girl. "The Ji family is already making a choice. Young Miss, you're also one of their choices. Actually, as long as you're willing to come back..."

Feng Yu didn't pick up. He probably didn't see it.

Qiao Nian put her phone back in her pocket and said lazily, "Who they choose has nothing to do with me!"

“...”

He Lin almost wanted to know how Ji Hongyuan and the elders would react after he brought Ji Ziyin back.

Qiao Nian refused to return to the Ji family, so Ji Ziyin was their only choice now. magic

Qiao Nian had chopped one of Ji Ziyin's fingers. Ji Ziyin used her hands for experiments—experiments on all delicate things, just like playing the piano.

Ji Ziyin's hands were even more precious than a pianist's.

The Ji family had nurtured her for so many years. They definitely did not want to see today's results!

Qiao Nian had stepped on the Ji family's bottom line this time.

He Lin could not think of a solution to this debacle for now. In addition, Ji Xiao called him again at this moment. He could only instruct the people around him to quickly take Ji Ziyin away.

The Ji family's people hurriedly left.

Seeing them walk away, Mo Dong's strong scar-faced face did not show much emotion. He turned to ask the girl, “Miss Qiao, next we...”

“Let's go to the hospital,” Qiao Nian said calmly.

Mo Dong stopped speaking.

* *

The news of Ji Ziyin's pinky being chopped off quickly spread to the Ji family.

Instead of being sent back, she was immediately sent to the hospital.

The orthopedic surgery department had many experts who could reconnect bones. Ji Ziyin's hand was very important. If the Ji family wanted to recover to the highest level, they could only find the best expert.

"Zhong Yiliu from the Pharmacy Association is still in the independent continent. I'll ask him for help." Someone thought of Zhong Yiliu and quickly walked away to make a call.

Ji Xiao and Ji Hongyuan waited outside the operating theater with gloomy expressions.

Ji Xiao punched the wall angrily. "How dare Qiao Nian..."

Both he and Ji Hongyuan had bet their future on Ji Ziyin. If she was ruined, they would be dumbfounded.

Ji Hongyuan's expression was extremely ugly. He said to Ji Lingfeng, who had been silent all this while, "Patriarch, we can't let her go this time!"

Ji Lingfeng ignored him.

At this moment, the person who went to make the call returned.

Ji Xiao quickly asked, "How is it? When is Elder Zhong arriving?"

Chapter 2209 - 2209 The Pharmacy Association Won't Help Anyone Who Offends Sister Nian

The man looked embarrassed, as if he found it difficult to speak.

“Tell me, what are you waiting for? Hurry up and tell me when Elder Zhong is arriving...” Ji Xiao urged anxiously like a cat on a hot tin roof.

The other person finally told the truth. “Elder Zhong said that the Pharmacy Association will not help anyone who offends Qiao Nian.”

“What?!” Ji Xiao’s eyes widened in shock.

The man repeated, “Elder Zhong said that he won’t help.”

Ji Hongyuan savored Zhong Yiliu’s words on the tip of his tongue. The Pharmacy Association would not help anyone who offended Qiao Nian!

Veins bulged on his forehead as he punched the wall. He turned around and looked at the man who had never embarrassed Qiao Nian. “Patriarch, at this point, don’t tell me you still won’t stand up for Ji Ziyin?”

Qiao Nian took Ji Ziyin away and chopped off her finger without giving a reason. It was equivalent to throwing the Ji family’s face on the ground.

If Ji Lingfeng still did not care, he would stand up for justice even if he had to join forces with the family’s older generation!

It was still a little cold in early spring.

Ji Lingfeng exhaled and said expressionlessly, “I’ll tell the research institute.”

Ji Hongyuan’s expression finally improved a little. He was still worried. “I heard that Feng Yu is also on good terms with her. What if he...”

What he meant was that if Feng Yu sided with Qiao Nian...

Ji Lingfeng stood up and tidied the collar of his windbreaker indifferently. "No. Dean Feng is not that kind of person."

Ji Hongyuan also knew Feng Yu's temper. He was indeed not an unreasonable person.

Moreover, Feng Yu was different from Zhong Yiliu.

Zhong Yiliu was used to staying in the Pharmacy Association, doing as he pleased. He distinguished love and hate and was not particular about his actions.

Because of his identity, Feng Yu had to consider all aspects. He was relatively fairer and more rational.

Qiao Nian would definitely have to pay the price this time!

Ji Hongyuan was afraid that Ji Lingfeng would protect Qiao Nian in private. He pondered for a moment and said, "Patriarch, I know Feng Yu too. I'll call him."

Then, he ignored the change in Ji Lingfeng's expression and took out his phone.magic

He Lin's eyebrows twitched when he saw this. He subconsciously turned around and shouted in a low voice, "Patriarch..."

Ji Lingfeng narrowed his eyes, his gaze a little dangerous. His hands hanging by his side tightened, and a trace of hesitation and conflict flashed across his eyes.

However, that trace of emotion came and went quickly. Very few people noticed his momentary hesitation.

Ji Lingfeng heard He Lin calling him but did not look in his direction.

Ji Lingfeng went to ask the doctor about the extent to which Ji Ziyin's right hand could recover after the bone was reconnected.

After receiving the doctor's reply, in the end, he did not stop Ji Hongyuan from calling Feng Yu.

He Lin watched as Ji Hongyuan spoke. "Hello, Dean Feng. I have something to talk to you about."

* *

In a secret clubhouse in the Intercontinental Hotel.

Feng Yu had just received a call from Ji Hongyuan.

"... Qiao Nian is from the First Research Institute. She did such a thing to hurt her companions in private. I believe the First Research Institute will give us a satisfactory answer according to the rules."

* *

On the other end of the call.

Ji Hongyuan clearly suppressed his anger. He gritted his teeth and complained to Feng Yu about Qiao Nian's 'evil deeds'.

Including how she took Ji Ziyin away and chopped off one of her fingers for no reason.

Chapter 2210 - 2210 I Request the Research Institute to Expel Qiao Nian

He spoke indignantly, as if Ji Ziyin was an innocent victim and Qiao Nian was a crazy person.

"Dean Feng, I heard that she entered the Level 8 laboratory because of you. I don't care how you two know each other.

"It's a fact that Qiao Nian hurt Ji Ziyin. She's still lying in the hospital bed. If you don't believe me, you can come and visit at any time.

"We need an explanation now.

"The Ji family's intention is very simple... We request that the First Research Institute expel her!"

In Ji Hongyuan's eyes, Qiao Nian's current capital was the research institute and the Level 8 laboratory. Once she was chased out of the research institute, she would be a lost dog in the independent continent!

So what if she was a diamond big boss in the illegal district?

Qiao Nian couldn't do without the research institute and Feng Yu's protection.

This was the independent continent, not the illegal district!

Even the diamond big boss had to bow down to him in the independent continent!

"We request that the First Research Institute expel Qiao Nian!" Ji Hongyuan said firmly. He did not discuss it with Ji Lingfeng beforehand. It was purely his own request.

He Lin's eyelids twitched and his heart pounded when he heard this. He then looked at the patriarch.

Ji Lingfeng's expression was ugly. He was also looking at Ji Hongyuan, but he still did not stop him.

He Lin could only leave quietly. He jogged to the corner, took out his cell phone from his bag, and secretly sent a message to the girl.

After doing all of this, his heart was extremely heavy. He was not in the mood to go back and listen to the results. magic

This time, Young Miss... really pierced through the sky!

...

On the sofa in the clubhouse's private room.

"What did he say?" Leaning against the sofa, a young man asked casually.

Feng Yu simply placed his cell phone on the table and turned on speaker mode.

"The Ji family wants the First Research Institute to expel her!

"We want an explanation. Expel Qiao Nian!"

Ji Hongyuan's voice came from Feng Yu's phone. The man's thin lips curled up disdainfully, and his sharpness could not be suppressed. He said in a low voice, "Heh, he's dreaming."

If the Ji family wanted the research institute to expel Qiao Nian, it would depend on whether he agreed or not.

The air conditioner in the private room was on full blast. Ye Wangchuan was only wearing a thin sweater. The sweater's high-collar design covered a portion of his jaw.

The man's lean face and facial features could be described as beautiful. He only narrowed his eyes slightly, raised his head, and said indifferently, "Tell him to wait a moment. Send something to him."

The background was noisy here. There was a high chance that Ji Hongyuan did not know that another person was beside Feng Yu.

Feng Yu nodded and told Ji Hongyuan what he said.

Of course, Ji Hongyuan refused to give up and still asked for an explanation.

Feng Yu found an excuse to hang up. Then, he rubbed his head and looked helplessly at the other man. "I calmed them down for the time being. What is it that you want to send them?"

Ye Wangchuan picked up his cell phone.

Feng Yu did not know what he wanted to show him upon seeing that he was holding his cell phone. He said seriously, "This matter has blown up. I think the Ji family wants Qiao Nian to give them an explanation this time. Otherwise, they won't let her go so easily.

"General threats are most likely useless against them this time."

Not long after Feng Yu received the message from Qiao Nian in the afternoon, he received a call from Ye Wangchuan asking for a meeting.
