

## **Madam's 2411**

### **Chapter 2411 Young Master Qin Is Still Far From Courting His Girlfriend**

Yang Liu escorted them to the car and exchanged WeChat contacts with Qiao Nian. She originally wanted to drive them back, but Ye Wangchuan spoke up in the end, so she had no choice but to give up on this idea.

Before Mo Dong drove the car away, Yang Liu apologized to Qiao Nian solemnly in front of everyone from Bright Gate.

Qiao Nian only said that she didn't take it to heart.

Yang Liu liked her even more. She watched as the car was driven away. Then, she retracted her gaze and hit Mo Xi with her elbow, then complained angrily, "Why didn't you tell me before that Miss Qiao was such an awesome person? You made me look like a bad person! Actually, I don't want anything. I just can't accept it... Seven years isn't a short time."

Mo Xi almost vomited blood from the blow. Enduring the pain, he followed her footsteps and said helplessly, "I told you, but you didn't hear me clearly."

Yang Liu stopped in her tracks and turned to look at him.

Mo Xi could only stop and touch his face. "Is there anything on my face?"

Yang Liu's beautiful eyes narrowed with killing intent. She pointed at his eyes and snorted. "Hmph, your eyes tell me that you just wanted to watch the show!"

Mo Xi was speechless. He really wanted to watch the show. After all, a show with Master Wang could not be seen anytime. However, he did not expect Yang Liu to lose so tragically... This was a pleasant surprise.

Yang Liu retracted her gaze and walked forward again, muttering, "Forget it. However, Miss Qiao is quite beautiful. Even a woman like me is tempted by her. No wonder Master Wang likes her! I like her too. There are very few girls like her who are generous and not shy anymore."

Mo Xi was stunned. Then, his temples hurt again. He shook his head helplessly and followed her.

\* \*

On the speeding road.

The red sports car drove steadily. The street lamps on both sides retreated orderly outside the window.

Qin Si turned on the music, to a soothing piano piece. He was about to open the window to take a breather when he received a call from Guan Yan.

"Elder Feng, I'll take this call."

He turned around and told Feng Yu.

Feng Yu had no objections. He leaned against the door and said, "Answer it."

Qin Si turned on the Bluetooth in the car and lowered the volume. He was unable to hide his smile as he spoke to the person on the other end. "Why are you calling me again?"

"I'm driving. I'll call when I get home." He glanced at Feng Yu.

Feng Yu had his eyes and awkwardly pretended to be deaf, lest he disturb the young man's relationship.

Unexpectedly, the girl's cold voice came from the speaker. "You don't know why I called you? I only called you to ask how our boss is recovering. Just tell me. I'm busy and can't be bothered to call you back."

"Ahem." Qin Si was a little embarrassed. He coughed to hide it and said softly to Feng Yu, "That's her personality."

Feng Yu opened his eyes and held back his laughter. He nodded cooperatively. "Yes, young people nowadays have their own personalities."

Qin Si felt that Feng Yu seemed to have seen through him. He touched his earlobe, but in this situation, no man could admit that he could not handle his 'girlfriend'.

He restrained his sloppy attitude and was about to tell Guan Yan about Qiao Nian's recovery. "Sister Qiao..."

Suddenly, a blinding white light shot towards his eyes—

Chapter 2412 I Don't Care About the Outcome, I Want Feng Yu to Die

Qin Si immediately covered his eyes with his hand. At the same time, he heard the sound of a whistling car coming in their direction—

"Be careful!" Feng Yu had just finished speaking.

Qin Si's expression changed and he quickly turned the steering wheel.

Seeing that the car's drifting turn was useless, he unbuckled his seatbelt, opened the door, and shouted at Feng Yu, "Elder Feng, let's jump out of the car!"

After all, Feng Yu was an old, scholarly man. His reaction was not agile.

He did not react immediately when Qin Si called him.

Qin Si reacted quickly. His eyebrows furrowed slightly as he released the steering wheel and pounced at Feng Yu, throwing him out of the car.

They flipped over and jumped out of the speeding car, landing hard on the ground.

Qin Si tried his best to protect Feng Yu with his arm. His back hit the flowerbed, and it hurt so much that cold sweat broke out on his forehead and he almost spat out a mouthful of blood.

The moment he jumped out of the car, he heard Guan Yan's irritable voice. "Pretty boy, what's wrong? What happened?"

Unfortunately, he had already jumped out of the car and didn't have time to answer her.

Qin Si watched as the sports car crashed into the oncoming truck. A huge explosion sounded not far away.

He looked at the flames filling the sky, and the veins on his forehead bulged. Ignoring the pain, he stood up, supported Feng Yu, and limped in the opposite direction of the crash. He lowered his voice and said, "Elder Feng, we have to leave this place quickly. The other party should still be nearby..."

Feng Yu's back was drenched in sweat. When he jumped out of the car, a layer of skin was scraped off his left calf. He was old and did not have as good stamina as young people. It was difficult for him to walk in pain.

He pushed Qin Si away and said, "Leave. Don't worry about me. They won't dare to do anything to me."

"No, I can't leave you behind." Qin Si's attitude was firm.

Feng Yu still wanted to say something.

Seeing that he couldn't leave, Qin Si gritted his teeth and carried him on his back. He observed the surrounding environment and quickly found a nearby hiding place. He carried Feng Yu to the small path...

\* \*

On the other side.

Gu Hengbo drove to the location of the accident in a hurry. There was only an empty shell of the exploded car left. There was no one inside.

His expression suddenly changed. He turned around and questioned the blond man in black beside him. "What are you doing?! Where are they?!"

The blond man was clearly unhappy with his attitude. He pushed him away and flicked the dust off his collar, then lazily said, "Mr. Gu, let me remind you that we're in a cooperative relationship, not a superior-subordinate relationship. You're not qualified to order us around!"

Gu Hengbo's expression changed. He took a deep breath and calmed down. "I paid you."

"Tsk!" The blond man lowered his head and spat a chewing gum on the ground. He stomped on it and then said in a cold voice, "So what?"

"Is your K Organization not credible?" Gu Hengbo stared at him angrily.

This time, he looked for the K Organization to take revenge on Qiao Nian.

The reason why he did not attack her directly was that he felt that Qiao Nian could do well in the independent continent because of Feng Yu's support.

In addition, he was filled with hatred for Feng Yu for chasing him out of the First Research Institute. Thus, he chose to attack him.

Gu Hengbo knew Feng Yu's status in the independent continent. He wanted him to die in one strike. But who knew that the K Organization, which was said to never fail, would actually fail this time?

Gu Hengbo's heart beat like a drum. He was afraid that Feng Yu would escape, but he was also afraid that he would expose himself and implicate the entire Gu family. Hence, he suppressed his anger and said in a low voice, "You have to take responsibility and find the person you let escape. I don't care about the process. I just want Feng Yu to die!"

Chapter 2413 Do The Job Well, Don't Ruin The K Organization's Reputation

The blond man looked at him as if he was looking at a fool. Fortunately, he quickly retracted his gaze and turned to the mercenaries in the car. "Did you hear that? Mr. Gu asked you to work hard and not ruin the K Organization's reputation."

A few burly mercenaries looked at Gu Hengbo's face unkindly. After a long time, someone replied coldly, "Boss, don't worry. We'll definitely do this well."

"Yeah."

Only then did the blond man turn around and speak to Gu Hengbo disdainfully. "Mr. Gu, did you hear that? We're not lazy. Remember to watch your mouth next time!"

Gu Hengbo's face turned red as he pinched his palms.

He knew that the other party was mocking him, but he did not dare to say anything. After swallowing his anger, he said slowly, "Then, I'll have to trouble you."

"Tsk."

The blond man sized him up as if he felt that looking at this loser again was humiliating.

Hence, he walked back to the pickup truck and held the edge with one hand. With a leap, he got into the car nimbly. "Mr. Gu, go home and wait for the good news."

\*\*\*

When Qiao Nian returned to the villa, Gu San and Qin Si were not back yet.

She took a bottle of water from the fridge and turned to go to her room.

Ye Wangchuan happened to be at the staircase. Seeing that she was about to go up, he leaned sideways and blocked her path. "Did God Qiao have fun using me as a bet tonight?"

Qiao Nian raised her head slightly. She paused for a moment and said in a fierce tone, "Then, do you think I'm happy that you had a pursuer competing for you?"

Ye Wangchuan choked. He straightened his back and said seriously, "I just wanted to explain this to you."

"I didn't know Yang Liu liked me."

The girl hummed and lowered her eyes; her dark eyelashes covered her eyes. She clearly did not believe him. "Oh."

Seeing that she was about to walk around him, Ye Wangchuan grabbed her left hand and said helplessly, "I really didn't notice this. I rarely came to the independent continent in the past. Usually, Mo Xi would be the one to report the matters of the independent continent to me. I rarely saw her."

Qiao Nian finally stopped and glanced at him from the corner of her eye. "You didn't know, but it didn't stop Young Master Ye from enjoying the show tonight."

After saying that, an inexplicable sense of annoyance surged in her heart. She pursed her lips and lowered her eyelashes, then walked around the man. "Forget it. I'm going up."

Ye Wangchuan could not make her stay. The girl only left a cold back view as she went upstairs.

He watched as she entered the room and closed the door, leaving him standing at the staircase in a daze.

After a long while, he returned to the living room and called Zhang Yang.

Not long after, the man's cold and low voice sounded in the living room. "Let me ask you, what would you do if you accidentally angered your girlfriend?"

\* \*

Beijing.

Zhang Yang was having fun with friends in Lan Pavilion.

Tang Ning, Jiang Li, and a few people from their small circle were all in the private room.

Seeing Zhang Yang answering a call in a corner, Jiang Li put down his cards and asked someone to play for him. Then, he walked toward Zhang Yang and asked, "Who called?"

Zhang Yang had just finished speaking to Ye Wangchuan. He turned around and was shocked to see Jiang Li patting his shoulder. He immediately stroked his chest and said, "Master Wang."

"Huh?" Jiang Li hadn't seen Ye Wangchuan and Qiao Nian in a long time. "Why did he call you? Is he coming back?"

Chapter 2414 They Quarreled?

If Ye Wangchuan was coming back, it meant that Qiao Nian was also coming back.

Jiang Li was a little happy at this thought.

However, it did not last long.

Zhang Yang touched his nose and awkwardly said, "Ahem! Master Wang seems to have quarreled with his girlfriend. He called and asked me how to coax her."

"What?" Jiang Li didn't react immediately.

Seeing this, Zhang Yang pushed his hand away and repeated.

Jiang Li finally reacted. The veins on his forehead bulged. He was furious. His entire body was trembling. "How old is my sister?! It's fine if he's an old cow eating young grass, but a grown man actually has the cheek to quarrel with a young girl. He's really tired of living!"

"Ahem." Zhang Yang did not dare to answer.

What a joke. It was fine if they scolded him a little, but he did not dare to scold that master!

The more Jiang Li thought about it, the angrier he became. Afraid that his sister would suffer, he quickly walked back to the sofa, grabbed his cell phone, and sent Qiao Nian a WeChat message asking about the situation.

The others in the private room also noticed it. A few stole glances at them.

Someone gossiped softly, "Why do I hear Master Wang's name? What's wrong with Master Wang?"

"Master Wang seems to have gone to Rao City with his girlfriend. He hasn't returned for almost half a year. Did something happen?"

"Qiao Nian seems to have taken a year off school."

At this moment, Tang Ning blew out a smoke ring and pressed the thin cigarette between her fingers into the ashtray. Her long and narrow eyes looked around the room and focused on the gossiping people.

She said in an unfriendly tone, "What are you doing? Is Miss Qiao someone you can casually talk about? If you don't want to play, get lost. This isn't a market. Don't f\*cking gossip here."

She had a good relationship with Zhang Yang and could barely enter Ye Wangchuan's top circle. The small circle in Beijing was also divided into different levels. In the past, Tang Ning was at the bottom. Later on, she chose the right side in Jiang Xianrou's case. Now, Tang Ning's status had climbed to level six...

The people in the small circle in Beijing had to give her face!

As expected, as soon as she spoke, the few people gossiping about Qiao Nian immediately shrunk their necks and fell silent.

Seeing that they were no longer chatting, Tang Ning turned her head and picked up her phone. She wanted to ask Qiao Nian about the situation. However, she was not particularly familiar with her. Only if Zhang Yang found out the whole story could she see if she could help.

As Tang Ning thought about this, she supported her chin with her hand and felt a little puzzled. She really did not understand why Master Wang would argue with Miss Qiao...

\* \*

On the other side.

Qiao Nian was stunned after receiving Jiang Li's WeChat message. She only realized what he was talking about after she finished reading the message.

Qiao Nian pulled out a chair and sat down, still holding her phone. Her eyes were filled with frustration, and she did not know how to reply to him.

She could not suppress the anger in her heart just now.

However, she knew why Ye Wangchuan did not immediately stop Yang Liu's provocation. There was a high chance that it was to let her establish her prestige in Bright Gate... She knew the reason, but her mood was still affected.

Qiao Nian leaned back in her chair and subconsciously unscrewed the cap of her bottle. She lowered her head and took a sip of water expressionlessly.

Cold water poured into her stomach, slightly reducing the anger in her heart.

After her anger subsided a little, Qiao Nian rubbed her eyebrows, feeling that she acted a little too childish.

Chapter 2415 Sister Nian Discovered Something Happened to Elder Feng and Qin Si

Just as she was thinking about this, two red dots suddenly lit up on her computer. Right after that, the laptop beeped with an alarm, interrupting Qiao Nian's thoughts. Frowning, she immediately put the water bottle aside and hit the Enter key.

A map of the independent continent lit up on the computer screen, showing a total of eight dots.

Six of the dots were green and moving normally.

Only two of the dots turned red and froze in place, causing the alarm.

Qiao Nian opened the map at these points and enlarged it dozens of times. Seeing that it was a crossroads, she immediately hacked into the surveillance cameras at the intersection and quickly pulled out the footage. She realized that a car accident happened not long ago.

Qiao Nian immediately stood up and called Gu San. "Who sent Elder Feng back tonight?"

Gu San had just sent Zhou Zhou home and was on the way back. Still not realizing the seriousness of the matter and thinking that Qiao Nian was just worried about Feng Yu's safety, he smiled and said, "Miss Qiao, don't worry. Young Master Qin sent the dean back. They should be back soon."

Qin Si...

As expected!

Qiao Nian immediately hung up and looked at the two flashing red dots on her computer screen. One of these red dots represented Qin Si, and the other was Feng Yu!

After she found out that the people from the reclusive families had come to the independent continent, she paid more attention and tracked the phone locations of the people around her. Then, she set up a detection system.

Once something happened to their IP addresses, such as cell phones being destroyed or them not moving for a long time, she would analyze the data to determine if the other party was in danger...

Qin Si and Feng Yu were in danger!

Without another word, Qiao Nian took her jacket and called Guan Yan as she left.

As soon as she opened the door, she saw a certain someone standing outside. He had cut a plate of fruits for her and was about to serve it.

Seeing that she was in a hurry, Ye Wangchuan asked, "What happened?"

Qiao Nian's previous mood could not be seen as she nodded at him. "Something happened to Qin Si and Elder Feng! I don't know who's behind it for now, but it's very likely related to the reclusive families. I have to find them first!"

Ye Wangchuan did not expect anyone to dare to attack Feng Yu on the independent continent. His gaze darkened when Qiao Nian mentioned the reclusive families. "Don't be anxious. I'll get Mo Dong and the others to investigate."

"There's no need. I know where they are. I installed a location track on their cell phones previously. They're in the punk district."

Ye Wangchuan followed Qiao Nian downstairs, put the fruit plate on the table, and picked up the car keys. "I'll go with you."

Qiao Nian stopped in her tracks and looked at him with her dark eyes. Then, she retracted her gaze and realized that she wasn't calm. Hence, she put one hand in her pocket and did not waste any more time walking in front. "Let's go."

Ye Wangchuan first called Mo Dong to check the punk district. Then, he started the car and drove away.

The car tore through the night of the independent continent like a bolt of lightning...

\* \*

The independent continent's punk district was a neighborhood filled with all kinds of people. All kinds of forces operated here.

Qin Si gritted his teeth as he hid in a dark alley with Feng Yu on his back. He placed his hand on the wall for support and panted heavily.

Exhausted, sweat drenched his bangs along his forehead, and his clothes hung dirty on his shoulders from the fumes of the explosion.

Chapter 2416 He Was Still Blessed by Sister Qiao

Qin Si had always paid attention to his image. This was the first time he was in such a sorry state.

He knew that this place was not safe. He stopped to breathe and ran more later. It would be best if he could find a place with a lot of people and use a phone to contact Master Wang and the others.

With this thought in mind, he comforted the old man on his back. "Elder Feng, bear with it. I'll send you to the hospital when we are safe."

"Put me down. Don't worry about me." Feng Yu's face was pale from the pain. It looked like he couldn't hold on anymore.

Qin Si became anxious when he saw his complexion. However, he had never been to this area before and was not familiar with the way. He could only try his best to avoid the alleys.

Just as he was helpless and did not know which way to go, a voice sounded from behind him. "You're... Qiao Nian's friend?"

Under such circumstances and in such a cold and dark alley, Qin Si was almost frightened to death when someone suddenly spoke behind him.

Warily turning around with Feng Yu on his back, he saw a young man standing at the entrance of the alley. Handsome, the young man was holding a bag of fruits. He seemed to have just returned from shopping and was wearing a pair of slippers. It seemed his home was not far from here.

"You are?" Qin Si thought for a moment before finally remembering. "You're Sister Qiao's colleague from the First Research Institute?!"

Xu Yi nodded. He could already see Feng Yu in an almost semi-conscious state on his back. His expression changed slightly. He threw the fruit on the ground and quickly ran over. He supported Feng Yu and called out, "Dean."

Feng Yu was sweating profusely and was no longer conscious.

Although Xu Yi did not know what was going on, he vaguely sensed that they might have encountered some danger. Hence, he said to Qin Si, "My house is nearby. Let's hide there... I'll help you contact Qiao Nian!"

"Yes." Qin Si knew him. In addition, Feng Yu's condition was not optimistic. Not to mention anything else, he had to hurry and treat Feng Yu's wound. Otherwise, it would be bad if the wound became inflamed. His advanced age was an issue.

He helped Xu Yi bring Feng Yu home. Before entering, he stopped in his tracks and looked at the righteous young man. He could not help but say, "Thank you this time!"

Xu Yi opened the door with a key. His family lived in an old tube-shaped building. From the surrounding environment, it was obvious that his family background was not good.

However, he did not seem to care about this. His washed-out clothes were clean and neat. When he heard this, he only nodded and concisely said, "You don't have to thank me. I'm from the First Research Institute. I should help since the dean is in danger."

"In addition..."

Xu Yi looked at him with his black eyes and said neither servile nor overbearing, "Qiao Nian helped me once. You're her friend, so you can be considered my friend too."

Qin Si didn't know whether to laugh or cry. It turned out that he was still riding on Sister Qiao's coattails...

However, he did not have time to say anything else.

Xu Yi had already opened the door and stepped aside to make way. "Hurry up and go in. My mother is at home. Ask her to use the phone and contact Qiao Nian. I'll go buy disinfectant and alcohol!"

Qin Si knew that it was dangerous outside, but he thought about it. Xu Yi had nothing to do with them and knew the area. He shouldn't be noticed.

Feng Yu's wound had to be disinfected first.

He stopped being coy and said to Xu Yi, "Be careful."

"I know." After giving his mother some instructions, Xu Yi took his wallet and went out to buy medicine for the dean.

Qin Si went in. With Mother Xu's help, he first settled Feng Yu down. Then, she sat down and waited for Xu Yi to return with the medicine.

## Chapter 2417 Sister Nian: Stop at the Intersection

Xu Yi found a pharmacy nearby. Not many people were out at this hour of the night. He only saw a burly man looking at medicine in the corner of the pharmacy.

The shopkeeper was sitting at the counter, leisurely munching on melon seeds and staring at the computer at the cashier and watching an idol drama. When someone came in to buy something, she couldn't be bothered to look up.

Xu Yi looked at the situation in the shop and walked around. He casually took two boxes of anti-inflammatory medicine and walked to the counter to pay the bill. "Hello, I'm here to pay."

"Okay." The shop assistant stopped the drama and got up to process the payment.

Xu Yi looked at the gauze and iodophor on the counter, then looked up and casually said, "And those two things. Please fill a bottle for me."

The clerk turned to look. "Did you say iodophor and gauze?"

At this moment, the burly man in the corner of the pharmacy looked in their direction.

Xu Yi acutely sensed the gaze behind him. He reacted quickly and immediately paid with his phone. He picked up the anti-inflammatory medicine from the cabinet and said to the shopkeeper, "I don't want it anymore. Thank you."

With that, he lowered his head and was about to walk out.

However, someone outside was a step ahead of him.

A blond man walked out from the corner and happened to block Xu Yi's path at the entrance. "Brother, why are you buying iodophor and gauze so late at night? Is there a patient at home?"

Xu Yi's expression changed slightly. He clenched the anti-inflammatory medicine in his hand and pretended to be calm as he looked at the other party. "My mother cut her finger cutting vegetables. It's normal for me to buy iodophor and gauze, right?"

"Mm."

The blond man snatched the medicine from him and lowered his head to flip through the introduction on the box. Then, he pushed the box in front of him and mocked with a faint smile, "Then explain to me. Your mother still needs to eat Cephalosporin after cutting herself from cutting vegetables?"

Xu Yi looked at the other party calmly. "I have a cold. I bought the Cephalosporin for myself."

The blond man's eyes narrowed dangerously. "Oh?"

Xu Yi took the water without changing his expression and reached out to him. "If you don't believe me, I can take it now."

The blond man looked at him deeply, as if he wanted to pierce through him. His gaze was sharp and dangerous. However, Xu Yi maintained a calm attitude. His hand was still raised in midair, maintaining an inviting gesture.

"Boss?" The burly man who had been here from the beginning in the pharmacy walked over and shouted. He stood beside the blond-haired man and glanced at Xu Yi from the corner of his eye, then said coldly, "There's something wrong with this kid!"

He was not blind. Of course, he knew that there was something wrong with this kid!

The blond could not be bothered with him. He threw the medicine on the ground and slowly stepped on them. With a swing of his hand, he took out a knife and pressed it against Xu Yi's chest, then said with a friendly expression, "Brother, do me a favor! Tell me where they are."

\*\*\*

In the car.

Qiao Nian had already obtained all the surveillance footage from the intersection where Feng Yu and Qin Si met with the accident and the last call with Feng Yu's cell phone.

It was extremely simple for her to locate someone. In less than a minute, she had already located Gu Hengbo.

"Stop at the intersection." After the girl found the location, she put away her phone and said to the driver expressionlessly.

Chapter 2418 Stopping Gu Hengbo in the Center of the Independent Continent

"Okay." Ye Wangchuan stepped on the brakes, and the car steadily stopped by the roadside.

Qiao Nian unbuckled her seatbelt, opened the door, and got out. Then, she walked around to the driver's seat, opened the door for him with one hand, and said to the person inside, "I'll drive now."

Ye Wangchuan looked at her sideways. "Your right hand..."

Zhong Yiliu had once said that Qiao Nian's injury this time was a new one on top of her old one. It could not withstand more damage. If she was not careful, it was very easy to have aftereffects.

Over the past few days, he had been paying attention to her every move, afraid that she would not take her body seriously. He watched as her wound scabbed over. Who knew that something would happen!

"I'm fine," the girl said before he could.

Ye Wangchuan took a deep breath and unbuckled his seatbelt to get out of the car. He gave up his seat and sat in the passenger seat.

Qiao Nian fastened her seatbelt and turned to look at him. With anger and ruthlessness in her gaze, she said, "It's not too late for you to get out of the car now. I might go a little crazy next."

Ye Wangchuan's hand, which was fastening his seatbelt, paused for a moment. Then, he finished fastening his seatbelt and lazily leaned back. His handsome face looked cocky no matter how one looked at it. He elegantly and lazily said, "What a coincidence. I like excitement. Just do what you want. Don't worry about me."

Qiao Nian looked at him deeply and then ignored him.

She stepped on the accelerator. The car's performance was extremely good, and it instantly shot out!

The car sped up to 150 km/h. It was like she was in a speed race.

...

At the same time, at the busiest intersection in the center of the independent continent.

Most of the cars had stopped to wait for the traffic lights.

Gu Hengbo was on the phone at this moment. "The person you're talking about is Xu Yi. He's from the First Research Institute and has a good relationship with Feng Yu."

"He..." As Gu Hengbo contacted the blond man, he raised his eyes to pay attention to the dynamics of the red street lamps at the intersection.

Suddenly, a black SUV rushed out from the opposite side toward his car!

"...What is she doing?!" Gu Hengbo's voice changed.

However, everything happened too quickly.

He had no time to run. He fumbled for his seatbelt, but before he could unbuckle it, there was a loud collision.

"Boom!"

Gu Hengbo's vision darkened. His chest was squeezed until it was filled with the bitter taste of blood surging into his throat. His mind was also spinning...

He desperately bit the tip of his tongue to force his brain to maintain a clear consciousness. He unbuckled his seatbelt on impact and tried to open the door and climb out.

At this moment, the car door, which was so tightly shut that he could not open it no matter how hard he hit it, was opened from the outside. Hopeful, he looked at the girl who suddenly appeared in front of him.

Gu Hengbo was unable to hide his shock. His voice was hoarse as he shouted her name. "Qiao, Qiao Nian?"

The girl looked as usual. She pressed down her cap, ignoring the traffic she had just messed up.

She dragged him out of the deformed car with one hand as if he were a stray dog.

Screaming was heard all around.

Many people were looking over.

Qiao Nian did not care about this. She only looked at Gu Hengbo, who was lying on the ground like a dead dog, with her dark eyes. She threw the phone in front of him and indifferently said, "Call those people."

Chapter 2419 He's So Stubborn, Why Don't We Kill Him?

Gu Hengbo looked at her in disbelief and subconsciously wanted to deny it. "I..."

The girl interrupted him. "I have limited patience and a bad temper, so I advise you not to provoke me while I'm still talking to you nicely. Otherwise, it'll be useless for you to talk to me when I'm out of patience!"

Gu Hengbo's expression changed again. He gritted his teeth and wanted to resist one last time.

He was thinking about what to say when Ye Wangchuan appeared beside the girl and glanced at him condescendingly. The corners of his mouth curled up slightly as he said to the girl, "He's so stubborn. Why don't we kill him?"

The people from Bright Gate always meant what they said!

Gu Hengbo's psychological defense finally collapsed.

He was not really noble and unafraid of death. Otherwise, he would not have been willing to work for the Ji family for the benefits Ji Ziyin gave him back then.

People like him, who thought highly of themselves, were actually the most afraid of death!

He could do all kinds of bad things for benefits, but he could also betray others without hesitation to save his life.

Therefore, after Gu Hengbo's face turned pale, he immediately picked up the cell phone on the ground and made a call under their gazes. He even asked the other party to meet him.

His mind was filled with thoughts of how to save his life and how to protect the Gu family after this incident... As for the K Organization, it was no longer within his consideration.

Who asked them to be so inefficient? They couldn't even kill Feng Yu and even gave Qiao Nian a chance to hit him with her car in the city center.

He did not dare to bet his life that Qiao Nian would not dare to kill him!

\* \*

"Boss, what did that idiot say?" The burly man saw that the blond man was standing there in a daze after answering the call. He walked over and asked in an unfriendly tone.

Coming back to his senses, the blond put his phone in his pocket and walked back. "He asked to meet me."

"Huh?" The burly man realized that something was wrong. "Didn't he leave cursing not long ago? Why is he suddenly asking to meet us now?"

"He should have been caught," the blond said casually.

The burly man was stunned. "Then are we still going to see him?"

"Yes! Why not?" The blond approached Xu Yi. Looking at the person who had almost fainted from the beating, he kicked him and turned to look at the burly man, his face filled with arrogance. "Since the other party came looking for me, I want to see her too."

"After all, we've failed this mission. The K Organization has never failed before. This is the first time. I also want to see who's so capable of finding us so quickly!"

The burly man was silent for a few seconds before nodding. Then, he looked at Xu Yi. "What about this kid? Why don't we... do it?"

He made a throat-slitting gesture.

Blood seeped out of the corners of Xu Yi's mouth. His eyelids were already swollen, and his handsome face looked a little tragic.

He was still conscious. At the very least, he could barely hold on and not collapse. Naturally, he could hear what they were saying. However, he did not react the entire time. His mouth was still tightly shut, as if he would let them do whatever they wanted. He would never reveal a word.

Seeing his reaction, the blondie looked up and waved his hand to stop the burly man. "Forget it. This is the independent continent. Let's not cause trouble."

The burly man frowned and hesitated. He definitely did not want to let Xu Yi off. After all, the failure of the mission was related to Xu Yi's stubborn mouth...

The blond said, "He's from the First Research Institute. We've already provoked them, and you still want to make things worse?"

Chapter 2420 They're Dreaming If They Want to Escape Unscathed!

The burly man thought of the humiliation of not being able to complete the mission this time and the punishment for causing trouble before they left... After thinking about it again and again, he chose to let Xu Yi off. "You're lucky!"

Xu Yi was kicked in the chest. He vomited another mouthful of blood before forcing himself to stand up again.

The blond looked away and called out to his subordinates, preparing to get into the car. "Let's go and meet the other party."

Xu Yi barely managed to stand up. He swayed as he watched them get into the car one after another. He heard their conversation and vaguely heard Qiao Nian's name.

He gritted his teeth and watched as the car drove away. He stood there for a long time before returning to the pharmacy to buy gauze, iodophor, and some anti-inflammatory medicine from the shopkeeper. He wrote an IOU for the shopkeeper and staggered out of the pharmacy with a bag of medicine.

When Xu Yi returned to the entrance of the house, he noticed a few cars of unknown origin outside.

His expression had not changed in the face of death just now, but at this moment, his expression changed slightly. Ignoring the pain, he quickly ran home.

"Mom."

Opening the door, he saw a woman inside. She was extremely bright and beautiful and looked very young. Seeing him, she narrowed her beautiful eyes and said anxiously, "Damn, how did you end up like this? Who did this?!"

Xu Yi was stunned for a moment and looked inside.

His mother and Qin Si were both fine. He also saw some strangers, a few of whom were familiar faces, such as the scar-faced man he had seen at the meal previously.

Xu Yi remembered Qiao Nian talking to him before. What was his name again? Mo Dong?

A few people were also checking on Feng Yu.

Xu Yi knew that they were acquaintances of Qiao Nian and relaxed after a night of tense nerves. He nodded at Guan Yan at the door and wiped the blood from the corner of his mouth before walking in and handing the medicine over. "I bought anti-inflammatory medicine."

Qin Si and Mother Xu looked up and saw his sorry state. Mother Xu ran over to check on him with heartache and asked him who he bumped into.

Xu Yi comforted her in a low voice. Then, he walked toward Mo Dong, Qin Si, and Guan Yan, took a deep breath, and worriedly said, "I bumped into a few people at the pharmacy. But then someone called and they left. They mentioned... Qiao Nian's name."

"What?!" The people from Bright Gate were treating Qin Si's wound. When he moved, it immediately affected his muscles. He immediately broke out in cold sweat from the pain.

Guan Yan slapped his back. "What are you doing? Stand still! My medicine is very expensive."

"But Sister Qiao..." Qin Si was still worried.

Guan Yan's beautiful eyes glanced at him calmly. "Do you think Sun is a weak chicken like you that anyone can pinch? Take care of yourself."

Although Qin Si was in a sorry state, he performed quite well this time.

Guan Yan's tone softened. "I contacted her just now. She took the initiative to call those people. Moreover, your Master Wang is also by her side. She'll be fine."

Qin Si's heart finally relaxed when he heard that Ye Wangchuan was with Qiao Nian. "That's good."

Guan Yan took a photo of Xu Yi's face. Then, she composed the message with both hands and calmly sent it to Qiao Nian. Putting away her cell phone, she said, "It's fine if the other party attacked Elder Feng this time, but even the two of you are in such a miserable state... I don't think Sun will let them leave the independent continent unscathed!"

Qiao Nian always had a bottom line. It was fine to touch her, but not the people around her. The K Organization kicked an iron plate this time!

They were dreaming if they wanted to escape unscathed this time!
