

Madam's 2521

Chapter 2521 Nian's condition, I want Lu Zhi to be free

Besides, from ancient times to the present, any faction has acquiesced to an unwritten rule - no matter how much you fight, no one will be healed!

Her Majesty the Queen has not yet started the Pharmacy Association, how could they really use the Pharmacy Association with their little Yu family.

Zhong First-rate has a clear heart, so he rejects himself without giving any face.

Yu Qingliu was not in the mood to see Yu Xinlan's shriveled expression, so she opened the car window to get some air, looking out the window, her brows furrowed. .

Who is that Qiao?

"Let's go back first."

Yu Qingliu planned to go back to the royal family to tell Yu Xinlan's uncle the news first.

"Since only the other party has this medicine in their hands, let's see what conditions the other party wants to make."

"..." Yu Xinlan gritted her teeth, thinking differently.

*

The next day.

Nine in the morning.

As the early morning sun just came out, Qiao Nian was woken up by the sound of the phone in the room.

Her eyes were bloodshot, she turned over in a dry way, and pulled a jacket on her hand and put it on to answer the phone.

"Hello." His voice was hoarse and hoarse, and he could tell that he hadn't slept well.

The person on the other end was stunned for a moment, then quickly came back to his senses: "Hello, Doctor Qiao, we are members of the M royal family."

Qiao Nian suppressed the scarlet color in his eyes and rubbed his eyes: "Oh, what are you looking for?"

She changed her phone number, but the hotel room number she stayed in did not change.

The other party contacted her through the hotel's internal phone number.

Qiao Nian knew that.

"We have tried the medicine you gave and it works well."

Qiao Nian listened to him and dragged a chair over to sit. There was still sleepiness at the end of his eyes, so he interrupted him impatiently: "Speak straight if you have something to say."

m Behind the royal family is a hidden family.

The people of the hidden family are used to being arrogant, and they are not used to being treated with this attitude.

Fortunately, the other party responded very quickly, and said politely: "Dr. Qiao didn't say that you need to meet your conditions for treatment, what are your conditions?"

coming.

Qiao Nian's eyes were slightly heavy, and his tone was calm and bloody: "I want Lu Zhi."

"?"

The other party didn't come back to his senses for a long time.

It took several seconds before he seemed to have reacted from the condition raised by Qiao Nian: "I'm sorry, Doctor Qiao, please say it again."

"I want you to release Lu Zhi."

"..." This is a general condition? ? ?

Qiao Nian didn't wait for him to ask any more questions, and said bluntly: "I only have this one condition, you can meet it, and I promise to cure your ancestors. If you can't do it, then our cooperation will be void!"

m The person in charge of contacting her in the royal family did not dare to call the shots, and he hesitated to answer: "Doctor Qiao, your request..."

"You can discuss it first and then tell me the answer."

The girl's voice was lazy, not as irritable as she didn't wake up at the beginning, but a tone with no room for negotiation: "...I'm not in a hurry."

The implication is that if you can't agree, you will be pulled down!

Her attitude made the M royal family dare not jump to conclusions, so they could only tell her first: "I'll report to Mr.

"kindness."

Qiao Nian hung up the phone.

There was a knock on the door outside.

She changed her clothes and walked over to open the door.

Unexpectedly, Qin Si was looking for her.

"Sister Qiao." Seeing the girl just woke up, Qin Si knew that he was too early, scratched his head and looked inside: "I'm here to find you for breakfast, I heard that the hotel breakfast is not bad, do you want to go together? "

He stayed up late last night and played games all night. He took a cold shower in the morning and came to Qiao Nian for dinner. After eating, he was ready to fall asleep.

Chapter 2522 How do you plan to use that medicine?

Qiao Nian just got up, so he turned sideways to make way and let him in: "Right now, I'll wash my face."

"Row."

Qin Si followed and saw that she went to the washstand to wash her face, so she found a place to sit down and waited for Qiao Nian to finish. .

As a result, at a glance, he saw the ancient jade worth ten figures that was thrown on the table by Qiao Nian.

He remembered that that thing was worth a set of courtyard houses, but it was thrown on the table by Qiao Nian, as if it was worthless.

Qin Si twitched the corners of his mouth, looked away, and waited for Qiao Nian to come out with him to have breakfast in the hotel restaurant...

*

Ye Wangchuan heard that Qiao Nian and Qin Si were going to have breakfast at the hotel, and also got up.

After half an hour, the group went to the restaurant on the top floor of the hotel to eat.

This hotel's breakfast is famous for its rich variety and excellent chef skills. There are many guests who get up for breakfast in the morning.

Qin Si first went to occupy a seat by the window, Qiao Nian and Ye Wangchuan went to get food.

Compared to the combination of bread and salad that Ye Wangchuan took.

What girls take is much more grounded.

Ye Wangchuan took his share and put it back. He took the place for Qin Si's job, and Qin Si could go get his breakfast.

Then unfortunately, I saw Qiao Nian's breakfast, a bowl of red beef noodles + a glass of juice.

He couldn't help but stop and said, "Sister Qiao, do you eat this in the morning?" This is too spicy!

Qiao Nian replied as usual: "I eat this every morning when I'm around the city."

Qin Si remembered Qiao Nian's taste, patted his forehead, and went to get something for himself.

He just walked away.

Ye Wangchuan went to get Qiao Nian a glass of milk and came back. Seeing what the girl was holding, he consciously held it for her, and said lazily, "I'm done? Let's go."

"Well."

Qiao Nian's hands were empty, and he followed behind him with his hands in his pockets.

She had just walked halfway when the phone she brought out vibrated.

Qiao Nian paused, took out her mobile phone, and looked down, just saw the news of Zhong Leiqi and asked where she was.

As soon as he looked up, he saw Zhongliu who came to the door.

Qiao Nian replied with a message: look ahead.

The old man at the entrance of the restaurant was wearing an unruly improved Tang suit and came with Robert to find someone. He went to Qiao Nian's room and knocked on the door, only to find that no one opened the door.

Robert looked at the time and suggested that he come up and look for it. Before he saw anyone, he saw the message sent by Qiao Nian.

Zhongliang was about to look up.

Robert had already spotted the girl first, grabbed his arm and pointed in front of him: "Teacher, Q is over there!"

*

In a blink of an eye, the breakfast for three turned into a breakfast for five.

Qin Si also recognized that Robert was the 'rival in love' of the arrogant master he saw at the door of the hotel that day. He secretly glanced at Ye Wanchuan and saw that the man's face was calm and calm, and he didn't seem to mind being with Sister Qiao' The suitors' table.

He gave Ye Wangchuan a thumbs up in his heart, arrogant lord!

Then he was very discerning and did not intervene, quietly acting as a background board.

Zhongliqiu had something to say to Qiao Nian, but it was difficult for him to speak when he saw so many people.

Qiao Nian saw his hesitation, pushed him a glass of juice, and said, "It's all acquaintances, let's talk directly."

"They all know?" Zhong Liulu glanced around unexpectedly.

Seeing the girl nodded indifferently.

His expression became solemn, he was silent for a second, and said directly to her: "Yesterday, the Yu family came to me, and this morning, the royal family also came to me. I just wanted to ask you, how do you plan to use that medicine? "

Chapter 2523 What if the Ji family is a genius, I want to lift the garbage

Qiao Nian put her hands on her knees, sitting in a casual and loose posture. She was about to eat noodles, but when she heard the words, she paused with her chopsticks: "Help me withstand the pressure first, I want to negotiate with them on terms."

Zhonglii stayed in country M all the year round. Even if the Pharmacy Association never participated in these forces, he, as a neighbor, knew the situation of the hidden family very well.

When he saw the girl breaking open the disposable chopsticks to eat noodles, he frowned and reminded her: "I can't stand the pressure when I look for you. I want to tell you that the identity of the person who needs your treatment is not simple, no An ordinary figure from a hidden family."

The Hidden Family is composed of hundreds of forces, but one of them is definitely the leader, who is called the ancestor by the Hidden Family.

or Her Majesty the Queen.

Even the Pope.

He also guessed from what Yu Qingliu and the royal family had said to him in the past two days, that the person who asked Qiao Nian to see a doctor was most likely... the big man in the hidden family.

He hurried to the hotel to ask Qiao Nian to remind her, so as to save her from messing with people she shouldn't.

"That person..." Zhongliu didn't know whether his judgment was right or not, and he couldn't say it too deadly: "Anyway, you should be more careful, and pay attention to safety recently. You persecute the people of the hidden family, they are not so It's easy to compromise easily, and if it doesn't work, it will attack you..."

Qiao Nian has already broken open his chopsticks and buried his head to eat the noodles.

She has never been embarrassed to eat. As Qin Si said, the breakfast in this hotel tastes good, and Qiao Nian's nose is sweating.

She heard that Zhongliu was still worried that she would provoke the hidden family, so she took the time to raise her head, her dark eyes were calm, and she said casually: "Anyway, I will provoke them sooner or later, it is better to try it out in advance."

"..." Zhongliu was dumbfounded.

What is it that she will provoke the hidden family sooner or later?

Qin Si is more ignorant than him!

Of course he knew that Qiao Nian couldn't come to M country without any problems, but when did he get involved with the Pharmacy Association, why did Mr. Zhong from the Pharmacy Association come to the door again to let Sister Qiao be careful and safe?

Ye Wangchuan sat next to Qiao Nian but didn't say a word, just poured her a glass of water and put it on the girl's hand, as if waiting for her to chat with Zhongliu.

Qiao Nian went back to the hotel room after breakfast.

Zhong First-rate also brought Robert back to the Pharmacy Association first.

...

the other side.

The m royal family has passed the news through the shadows to the old ancestor who temporarily lived here.

"She wants to change Lu Zhi to freedom?"

The end of the veil covers the person inside, but from the voice of the speaker, it can be judged that the speaker is not young anymore, and the voice is old and full of deterrence.

The indomitable Lord Shadow is humble in front of her like an ant: "Yes, ancestor."

"I really don't plan to touch Lu Zhi." The person on the other side of the curtain whispered, but the voice was extremely cold and ruthless: "But I hate Ji's family the most in my life, especially the direct line! Especially her body is filthy. People like rat blood!"

She said this, almost insane.

In the blink of an eye, he seemed to calm down immediately: "Forget it, Ji Lingfeng and Lu Zhi are going to risk their lives to protect her. Until I'm fully prepared, I won't touch her for the time being."

Although she can't wait to wash off this dirty blood immediately!

Shadow dared not speak in front of her from beginning to end.

After the woman behind the curtain gradually calmed down, she resumed her cold and frosty voice: "Didn't Ji Lingfeng want to leave her family's wealth? You go and spread the word with Yu Qing and ask him to take that side woman with him. come over."

"What if the Ji family is a genius, I want to lift a piece of trash!"

PS: Guess what is the relationship between Her Majesty the Queen and Sister Nian

Chapter 2524 Sister Nian's Plan A and Plan B

at the same time.

Hotel Room 6668.

Qiao Nian separated from Qin Si and the others after breakfast, and went back to their rooms. She stayed in the room for less than half an hour before someone knocked on the door.

Qiao Nian raised his hand to check the time, moved the chair, got up and opened the door for the people outside.

She just opened a crack in the door, and people outside immediately slipped in.

"I even put on a disguise to avoid being caught by surveillance cameras, which made me suffocate." As the man walked into the room, he took off his hat carelessly: "Joe, what are you looking for me for."

Qiao Nian closed the door and followed with his legs.

Jian Yan had already torn off her hat, wig and beard, and lay down on the sofa.

Qiao Nian noticed that she had a dark liquid foundation on her face, and she looked like a middle-aged man with a dull complexion.

She walked over, bent over, picked up the water on the table, and threw a bottle to Jane.

Jian Yan caught it with a backhand and unscrewed the bottle cap: "People outside have been staring at me closely recently. If I come here to find you, you will be very dangerous."

She originally told Qiao Nian to talk directly on the phone. .

But Qiao Nian insisted that she come over.

Jian Yan then went out to the hotel fully armed to look for someone.

"By the way, the royal family hasn't gotten back to you yet?" Jian Yan knew that Qiao Nian asked the hidden family to release him on the condition of laboratory medicine.

She thought Qiao Nian asked her to discuss this matter.

"They won't readily agree to your request."

Who knew that the girl walked to the sofa opposite her and sat down, turned the water in her hand casually, and suddenly looked up at her: "I know. So I asked you to ask you how many people you have in country m."

"What do you mean?" Jian Yan raised her head to take a sip of water, but when she heard the words, she instinctively put her hand down slowly.

She looked at the girl.

Qiao Nian's eyes were extremely dark, as if there was a beast that was about to wake up, and it might jump out at any time.

Jian Yan immediately had a bold idea, and her dry throat changed: "You, do you want to save people directly?"

"I won't stay in country M for too long." Qiao Nian put his legs on the coffee table, half-squinted his eyes a little drowsy, and looked at her again, saying, "The condition I made with them is only plan A. If you don't reply within a few days, we still have a plan B."

Jian Yan knew after a little thought that her plan B was a **** horse, and she was shocked beyond words: "Joe, behind them is a hidden family. If you come hard, whether you can leave the country M is a different matter. Besides..."

She held back abruptly.

Qiao Nian noticed that she said half of what she said.

Not to mention?

"I don't have that much time, and Lu Zhi can't wait that long. Besides..."

Qiao Nian's hair slipped and covered in front of the brow bone, his eyes were deeper and colder, and his voice was a little arrogant: "When did Tianchen become so easy to bully?"

—Besides, when did Tianchen become so easy to bully!

Jian Yan suddenly stopped talking.

After a brief thought, she raised her head and seemed to have made some sort of decision: "Joe, what are you going to do?"

++, what are you doing? They do it for big votes!

Qiao Nian was wearing a long T-shirt today, the large neckline showed her cold white skin, and the corners of her mouth were hooked casually, she was quite casual: "How about blowing up the M royal family?"

Jian Yan thought that the plan B she was talking about was how they could sneak into the royal family of M by means, or find Lu Zhi by bribing Neiyang and others.

Who knew that Qiao Nian's plan B was so...simple and rude!

Chapter 2525 Ji Ziyin went to see the ancestor of the hidden family

She was silent for a long time, calmed down a little, and looked up at the girl: "Do you have explosives?"

Qiao Nian guessed that Daji's batch of 'good things' was about to arrive at the port of country m, so she raised her eyebrows and gave Jianda a look: "No."

Jian Dai just said: "You don't have explosives, how can we do it?"

Qiao Nian pulled the corner of his lower lip and said in a rather arrogant tone: "No explosives, but I have a few missiles."

Jane:...

Qiao Nian did not waste time, contacted Daji in front of her, and asked if the batch of goods that Daji had managed to transport before she left had arrived.

Da Ji was just about to tell her this, so she gave her the number of the port and the shipping vessel.

Qiao Nian received the message from Daji, copied it and passed it to Jianda, put the phone back with one hand, and said to her with frowning eyes, "Find a few people to pick up the goods."

*

the other side.

Yu family.

Yu Qingliu just brought Ji Ziyin to see the old ancestor and came back.

"Elder Yu." The housekeeper greeted Yu Qingliu first when they saw the two coming back, then looked back at Ji Ziyin, paused, and greeted lukewarmly, "Miss Ji."

"Go and clean up the guest room again, and free up the main guest room for Ziyin." Yu Qingliu changed his previous attitude and saw the housekeeper's indifferent attitude towards Ji Ziyin, he immediately frowned and ordered him coldly.

"?"

The housekeeper of the Yu family didn't know why Yu Qingliu suddenly attached so much importance to Ji Ziyin, but he was not someone without eyesight, so he immediately bent over and said, "Yes."

After the housekeeper walked away.

A faint smile returned to Yu Qingliu's face, and his attitude changed a lot. He greeted Ji Ziyin to sit over and asked the servants of Yu's family to make a cup of coffee for Ji Ziyin. He also specifically asked Ji Ziyin what kind of coffee he wanted to drink. .

Ji Ziyin was very obedient, she wanted the same latte as before, which looked exactly the same as usual.

did not despise the Yu family at all for climbing on higher branches.

Yu Qingliu's biggest worry is that Ji Ziyin treats him and the Yu family as pedals, and once he climbs the high branch through his relationship, he will turn his face and deny anyone.

Although he is not a person to be easy to mess with.

If Ji Ziyin really does this, he has a way to hold her up, and a way to drag her down!

But Ji Ziyin's consistent attitude made him very satisfied, so Yu Qingliu kept smiling and said warmly: "You can get the opportunity to enter the Privy Council this time, which shows that the Queen is trying to lift you up. This is A once-in-a-lifetime opportunity, no one in the hidden family has the opportunity to enter an institution like the Privy Council at such a young age. If you squeeze in this time, the people you will come into contact with in the future will become different..."

"At that time, except for the Ji family, you basically don't need to pay attention to those families in the Independent Continent. They are no longer worthy of being on the same level as you."

When Yu Qingliu mentioned the Privy Council, the envy and arrogance from the bottom of his heart could not deceive anyone.

He told Ji Ziyin carefully: "And those people from the First Research Institute before, you don't have to pay attention to it in the future!"

"Didn't that Feng Yu drive you out of the institute?"

Yu Qingliu sneered, contemptuous and disdainful: "He will regret it in the future!"

Ji Ziyin has always regarded her being kicked out of the First Research Institute as a stain on her life. When she heard Yu Qingliu say this, she felt a surge of emotion, pursed her lips, and said very restrainedly: "Elder Yu, the Queen just told me to go to the Privy Council temporarily. Try it, I don't know if I can stay."

Chapter 2526 Someone once almost entered the Privy Council

Yu Qingliu knew that she would say this, smiled slightly, and said with certainty: "Don't worry, even if you can't seize this opportunity, I will help you seize this opportunity behind your back!"

What she wanted was Yu Qingliu's words.

After all, she knew too little about the hidden family and the Privy Council. With her own strength, Ji Ziyin was afraid that she would not be able to stand on her feet in a short time.

If she wants to climb steadily, she must find an ally.

Even if... the Yu family is only her temporary ally, she still has to find a way to make good use of this ladder.

Ji Ziyin, a very obedient person, immediately climbed up the pole and gave Yu Qingliu a reassurance: "Thank you, Mr. Yu, I will remember the kindness of the Yu family for supporting me."

Yu Qingliu nodded with satisfaction, and told her about the Privy Council in a gentle tone: "The Privy Council is the central institution composed of several top families of the Hidden Family. Let me tell you this, if the Hidden Family is a behemoth, the Privy Council is the heart of the behemoth. Even the queen above ten thousand people will be restrained by the Privy Council to some extent."

"The Privy Council has existed since the existence of the hidden family, and it has always been the most powerful, mysterious, and most difficult place in the world to enter."

"For so many years, only people from those families have been able to enter the Privy Council."

As soon as Ji Ziyin heard it, she knew that Yu Qingliu probably hadn't touched the top corner of the circle at all, so she didn't even know the names of those families.

However, she was very quiet and listened quietly to Yu Qingliu.

"There was also a foreigner who entered the Privy Council once, and his power was so great that he took over everyone in the hidden family, but the man behind him died."

"Twenty years ago, another genius of the same kind almost entered the Privy Council, but he died young and didn't have the chance to actually enter the Privy Council."

Yu Qingliu looked at her with burning eyes: "You are the third foreigner to enter the Privy Council!"

Speaking of this, Yu Qingliu couldn't figure it out.

He originally just wanted to try to bring Ji Ziyin into the circle of the hidden family. Who knew that Ji Ziyin was so lucky that he was directly spotted by the above and entered the Privy Council.

"This time, the Queen personally recommended you. Do you understand how lucky you are?" He didn't delve into the reason, but instead told Ji Ziyin with a smile.

Ji Ziyin has probably understood how powerful the Privy Council is, the blood in her body has boiled, and she is faintly excited, but she can still maintain the mask on her face: "I will work hard to live up to this time that Elder Yu gave me. Chance!"

While the two were talking, Yu Xinlan came back from outside.

When she came back, she saw Yu Qingliu talking to Ji Ziyin, her brows twitched and her face darkened a lot.

walked in and said hello to Yu Qingliu: "Grandpa, I'm back."

A few days ago, Yu Qingliu never asked her to take care of Ji Ziyin.

This time, he stopped Yu Xinlan uncharacteristically and said, "Aren't you going to go out with some friends this afternoon?"

"Well, we have an appointment to have afternoon tea together." Yu Xinlan stopped and answered inexplicably.

Yu Qingliu picked up the coffee at this time and instructed her lightly: "Take sister Ziyin with you, and take her to go shopping in country m by the way."

Yu Xinlan showed an unacceptable expression on the spot, looking at Ji Ziyin sitting beside Yu Qingliu with conditional launch, the disgust in her eyes flashed, and she endured it abruptly. Pi Xiaorou said without a smile: "This is inconvenient, we have an appointment to talk about."

Chapter 2527 Remember, I want the medicine in her hand!

Yu Qingliu raised his brows, just about to get angry.

Ji Ziyin grabbed him and said with a slight smile, "Mr. Yu, I will continue to complete the experimental project that I haven't completed before. Forget it this time, and talk about it next time."

Yu Qingliu could only put down the pressure of the fire, waved his hand, and let his granddaughter go up first.

Yu Xinlan scurried back to her room.

*

In Yu Xinlan's room, she heard from the servant that Yu Qingliu had ordered the best guest room in the house to be packed up for Ji Ziyin to live in, and she felt even more uncomfortable.

After she returned to the room, she shut herself in and began to ponder the news she had just asked from the royal family.

The conditions put forward by the genius doctor were very harsh, and the royal family of M did not intend to agree for the time being.

Yu Xinlan asked the other party what conditions she put forward, but her uncle refused to disclose it.

She sorted out the information she had now, and basically inferred a conclusion.

...that's what the queen wants in the hands of the genius doctor!

And the other party doesn't plan to hand over this thing happily, and wants to negotiate terms with the hidden family!

Yu Xinlan grew up in Yu's family. Like Yu Qingliu, she dreamed of making the Yu family a step further, and the elite education she received since she was a child, she believed that the only way to not lose to anyone.

And ruthless!

She didn't want to do things like the M royal family, and couldn't make a decision for a long time.

There is not so much tangle in her dictionary. .

If things can't be done by the exchange of interests, Yu Xinlan prefers to use power to crush it and teach those outsiders and the family a lesson.

Let them know what it means to be crushed by power!

If the genius doctor had some background, she might be afraid, but he was just an oriental face!

Oriental are the weakest.

Yu Xinlan didn't pay any attention to Oriental faces at all. She made a phone call and said blankly, "Hey, help me solve a person."

She reported the hotel room number where Qiao Nian lived, and described Qiao Nian's age and appearance, and immediately put down the phone and deleted the call log this time.

The corners of Yu Xinlan's mouth always curled up in disdain, as if human life was just a few words she said casually in her eyes, and she had the power to decide the life and death of others.

After deleting the call log, she sent another text message to that number: [Remember, I want the medicine in her hand.]

means that people can handle it cleanly, just grab the things!

After Yu Xinlan finished doing this, she opened the cloakroom with peace of mind and began to choose the clothes she would wear for afternoon tea with her sisters in the afternoon.

even started to think about which new bag to bring in the next time.

*

Outside, Ji Ziyin got rid of Yu Qingliu and was passing Yu Xinlan's room. She glanced at Yu Xinlan's closed door and walked straight towards her room.

The housekeeper of the Yu family gave her a new room.

The new room is more spacious and brighter than the original one. The white and soft big bed is facing the floor-to-ceiling window. The sunlight from outside can easily sprinkle on the bed, and it is warm and comfortable just by looking at it.

Ji Ziyin didn't look at the furnishings of her new room, but walked over to check the luggage she brought.

The people of Yu's family are very disciplined. Her belongings were moved to a new room intact, and no one touched them at first sight.

Ji Ziyin simply checked, mainly to see if the content of the season situation experiment copied on her laptop was missing.

Chapter 2528 They have offended Lu Zhi long ago

She was sure that these things were not lost, so she breathed a sigh of relief and recalled what Yu Qingliu said to her.

"The Privy Council."

Ji Ziyin's eyes fell on the laptop she opened, and the C drive contained the content she copied from Jiqing's laptop.

She lowered her hand and checked the contents of the C drive, and her impetuous heart gradually calmed down.

She is very aware of her strength.

She is not a selfish person, and believes that she has a certain strength, but her own talent and strength are obviously not enough for her to gain a firm foothold in the hidden family and the Privy Council that she will enter in the future. The only thing she can count on is the notebook. Content!

So now the content in the notebook is her lifeblood.

As long as she still has it.

No matter what adversity you are in, you can always find an opportunity to come back.

Isn't the opportunity presented to her now?

Ji Ziyin's eyes gleamed with ambition, the corners of his mouth raised slightly, and he operated the mouse to turn off the computer.

She just turned off the computer when the phone rang.

"Hello." Ji Ziyin picked up the phone and saw that it was Ji Xiao's call, so she picked it up casually, and her tone became much more indifferent.

Ji Xiao didn't know her situation in country m, so he opened his mouth and asked, "You haven't moved the money in your account?"

money?

Ji Ziyin just remembered the auction three days ago, her good mood instantly cast a shadow, and she said, "No, the thing I wanted was taken away."

"Who took it?"

Ji Ziyin's eyes were extremely cold: "I don't know."

Compared with this, Ji Xiao cares more about another thing: "You didn't take pictures of the gift for Her Majesty the Queen, isn't Mr. Yu unhappy? You can't offend Mr. Yu, and you will have to rely on him to recommend you in the future. In the circle of the hidden family."

"Are you looking for me for something?" Ji Ziyin didn't want to explain too much to him, so she changed the subject, walked to the dressing table, and picked up the skin care products on the table.

The Yu family is very generous this time.

The furnishings in her new guest room are all the best, and the housekeeper has even considered the skin care products that women use!

The clear water is all top luxury brands.

She didn't have this treatment in the room she used to live in.

Visible.

People can only enjoy better things when they climb up!

Ji Ziyin picked up a black bandage cream from H's family and looked at it, put it down, looked at her face in the mirror, and said slowly: "You called me not just because I didn't move the money in the account, right? ."

"I want to tell you that Mrs. Lu heard from President Simon of the Chamber of Commerce Alliance that you met David and Qiao Nian, the weapon dealers, in the underground garage last time."

"She was angry and felt like she was being tricked."

Ji Xiao's voice slowed down, and it can be seen that he has been having a headache for the past two days: "She called me to warn me, saying that the Lu family is not finished with us on this matter!"

"Ah."

Ji Ziyin put her hand down by her side, full of disdain for Madam Lu's threat: "They have offended Lu Zhi long ago. Without Lu Zhi, what if it's just a Lu family with me?!"

"The skinny camel is bigger than the horse, are we..."

Ji Xiao hasn't finished speaking yet.

Ji Ziyin said lightly: "You don't have to worry about her, she's just a piece of shit. When I come back from country M, she'll know where she's going."

Ji Xiao was shocked by the aura in her words, and answered vaguely.

Ji Ziyin now completely treats him as someone under his command, and instructed: "By the way, you can help me find a herb that can soothe the nerves, or incense."

Chapter 2529 Yu Xinlan also went to the hotel where Sister Nian lives.

She heard from Yu Qingliu that the queen was tortured by old diseases all the year round, often insomnia and night sweats, and her mental state was very poor.

She couldn't see the people inside through the curtains during the day, but she heard a faint coughing sound from inside, and the room was still filled with the smell of medicine.

Ji Ziyin remembered that some incense and herbs also have the effect of condensing the qi and calming the nerves, so she used her brains on this.

"What do you want this for?"

Ji Xiao asked this, but his body agreed honestly: "I'll go back and ask someone to check if there is any such thing."

Ji Ziyin made a 'um', hung up the phone, leaned back against the dressing table, thought for a while, and lowered her head to edit a message and send it to Yu Qingliu.

【Mr. Yu, you said to check the buyer at the auction that day, did you find that person? 】

She saw the words "Successfully sent" on the phone, and the stagnating emotions in her heart eased a little.

Ji Ziyin didn't know why, she always had a strange feeling that Qiao Nian also went to the auction that day.

*

5-star hotel in the city center of the country.

Yu's car was parked in front of the hotel.

Yu Xinlan got out of the car, straightened her clothes, and took her bag into the hotel lobby.

Several of her friends had already arrived.

Someone saw her, got up and waved to her: "Xinlan, here."

Yu Xinlan found them and walked towards them. .

Generally, there are rest areas under the hotel lobby. These places are equivalent to half an open cafe, where you can sit and drink water and chat.

Yu Xinlan dated a total of seven or eight people this time, all of whom were the second generation of the top circles in country M, similar to her identity.

These people usually play in the area of Beichen Club. This is the first time that the place for afternoon tea has been set below the hotel lobby.

Yu Xinlan sat down and ordered a cup of coffee when someone looked at her up and down and asked, "Why do you want to come here to drink water today? Do you have friends who live here?"

Others looked at Yu Xinlan, obviously they also wanted to know why Yu Xinlan insisted on having afternoon tea here.

Yu Xinlan's coffee just arrived, not in cups, but disposable paper cups.

She didn't dislike it, she picked it up slowly, put it to her mouth and took a sip, and then said with interest: "I can have any friends who live here."

"then you...?"

Yu Xinlan put the paper cup of coffee on the table and said happily, "I'm just here to watch the fun!"

Other people couldn't understand what she was saying at all, you look at me, I look at you, no one spoke for a while.

Yu Xinlan saw the awkward atmosphere and took the initiative to change the subject: "Speaking of which, my grandfather almost asked me to bring someone over today."

She was talking about Ji Ziyin's cheeky staying in her house and not leaving, but her eyes crossed the crowd and looked at the elevator from time to time.

She wanted to witness the fate of the genius doctor with her own eyes.

"Who is it?"

"A person from Independence Continent lives in my house." Yu Xinlan mentioned Ji Ziyin with a disdainful face: "I heard that he is a sidekick who pretends to be in front of my grandfather all day, and I'm annoying people..."

Everyone's attention was really attracted by the guests staying at her house, and they chatted about this topic.

Seeing that they stopped asking why they came to the hotel for afternoon tea today, Yu Xinlan stopped talking. Basically, she listened to what others said. She occasionally interjected a few words to mobilize the atmosphere. At other times, she waited with great interest to watch the show. .

Chapter 2530 The arrogant master has long known

Qiao Nian didn't know that he was being targeted.

People even stood in front of the hotel waiting to see her lively.

She received a call from the royal family M asking her to meet, picked up her bag, put on her cap and prepared to go out.

"Want to go out?" Qiao Nian just opened the door.

looked up and saw that the door on the opposite side opened at the same time, Ye Wuchuan also happened to come out from inside, and it seemed that he came out to find her.

She pulled down her cap, gave a 'um', and said, "Someone from the royal family asked me to meet, it's nearby."

"Let Qin Si accompany you." Ye Wuchuan didn't want to say anything.

Qiao Nian originally wanted to say no, she was prepared, but when she met the man's deep gaze, she sighed again and chose to compromise: "Okay!"

Ye Wangchuan went to knock on Qin Si's door and told Qin Si the situation.

Qin Si went back to the room without a word, took a coat and went out with Qiao Nian. Before leaving, he asked the man, "Master, are you not going?"

He scratched his head, always feeling that Ye Yichuan was abnormal this time. Usually, when encountering such a thing, Ye Yichuan would personally accompany Qiao Nian.

This time, he actually asked himself to accompany Sister Qiao on a trip.

It's just... an indescribable feeling!

"I'm not going." Ye Wuchuan's expression was as usual, and he could not see any difference, and calmly said to the two of them, "I'll wait for you to come back at the hotel."

"OK."

Qiao Nian doesn't matter.

She is used to being maverick!

I usually come and go alone, and I don't like to take people with me when I encounter things.

So whether Qin Si goes with her or Ye Wuchuan goes with her, it doesn't really matter to her personally.

Qin Si saw that Ye Wuchuan really didn't plan to go, so he didn't say much, and said to the girl, "Then sister Qiao, let's go."

The elevator just came.

He entered the elevator with Qiao Nian.

Ye Wuchuan stood in front of the elevator and watched the elevator door close, and then looked at the numbers beating on the right side of the elevator. Only then did the dark look in his eyes disappear, and he took out his mobile phone and made a call.

"She went down." His voice was deep and cold.

The person on the other end of the phone received the news, and immediately arranged for the person, and said in a light tone: "Master, don't worry, we have already targeted those people!"

Ye Wangchuan turned his head and lowered his eyes: "Don't let them disturb Qiao Nian."

Ji Lin understood what he meant in seconds, and immediately said: "I know, I won't let these spicy chickens disturb Miss Qiao."

"Yes." Ye Wuchuan replied in a low voice, pushed open the door, returned to his hotel suite, and went in to get a glass of water.

He was wearing a shirt and slacks, and the slightly open neckline outlined a **** look. Ye Wuchuan raised the corner of his mouth, took the water glass and walked back: "Bring me someone else."

Ji Lin answered ably: "Understood, arrogant lord."

Ye Wuchuan was sitting on the sofa, shaking the glass in his hand, watching the ripples in the glass.

His eyes gradually turned cold.

Yu Xinlan... She is quite courageous!

*

"Xin Lan?"

"Xin Lan Xin Lan."

Beneath the hotel, Yu Xinlan listened to the chatting of her friends absentmindedly, and kept her eyes fixed on the elevator.

The person she was waiting for never came down.

Until someone pushed her and said in her ear: "We're going to change places, and ask your opinion."

Yu Xinlan came back to her senses and saw that her friends were all looking at her.

"There are too many people here, there are people everywhere, and there is no fun. Why don't we go to Beichen Club to play?" The fat lady who pushed her earlier whispered.
