

Madam's 2531

Chapter 2531 Do something bad, have to die

Yu Xinlan frowned and looked at the elevator subconsciously.

Her friend also noticed that she was looking at the elevator, so she followed: "What are you looking at? It's been an hour."

There are people going in and out of the elevator at any time. The person didn't see why, so he turned his head and asked her again, "Do you have any friends who live here? How do I feel that someone you know lives in the hotel."

Yu Xinlan was drawn back to her attention again, and was about to speak: "I'll just sit down, what friend..."

Suddenly, out of the corner of her eyes, a figure was attracted.

I saw a man and a woman walking out of the elevator. The woman was wearing a casual sweater, a peaked cap, a black shoulder bag loosely on her shoulders, and one hand in her pocket. Her personal aura was very unique.

She was followed by a young man who was over 1.8 meters tall. The man was very good in appearance, with a khaki top and slacks. It could be seen that his family was very good, and he had the temperament of a son-in-law.

The two came out of the elevator one after the other.

Yu Xinlan couldn't help getting nervous, narrowed her bright eyes slightly, and whispered to her friend, "The good show I said is about to begin."

Qiao Nian's aura is too strong!

m country rarely sees oriental faces.

A group of Yu Xinlan's friends also noticed a man and a woman in the hotel lobby, and everyone unconsciously looked in the direction of the two.

Qin Si could feel the gazes from all directions, he looked forward, Qiao Nian was walking in front, there was no expression on his fair face, he was used to it at first glance, and he didn't take the gazes that fell on him seriously at all.

He was embarrassed himself, touched the bridge of his nose, coughed, and trotted after him:
"Sister Qiao, wait for me."

The hotel lobby is quite big, and Yu Xinlan chose to drink water very close to the hotel door, so she clearly heard Qin Si calling that girl Sister Qiao. .

Qiao.

The person who came down from the exclusive elevator on the top floor of the hotel was also an oriental person. Even if Yu Xinlan was surprised that the other person was younger than she thought, she was already sure that the girl walking past them was a black market pill. The master, the genius doctor who came from around the city...

She also saw that the person she had found had followed Qiao Nian and was ready to start at any time.

You are so young, why do you want to die?

"It's a pity." Yu Xinlan glanced at the overly young girl regretfully, with a 'tsk', her eyes were slightly cold, and she made a hands-on gesture towards the two killers. Seriously!

The two men in black who were following up received the order and immediately sped up, preparing to catch up and deal with Qiao Nian on the spot.

Yu Xinlan also picked up the coffee, elegantly waiting to see the good show where the blood of the people who sinned against their hidden family was splattered on the spot.

Who knows at this time.

A few people came out of the hotel lobby out of nowhere, and stopped the killer she had found.

And these people quietly snatched the gun from their hands when the two killers changed their faces and realized that the situation was wrong.

The leader slashed down the necks of the two killers with a knife in his hand, without making a sound, and the people behind 'supported' the two who had passed out and walked away...

The whole process did not take five seconds.

The people who came and went in the hotel lobby didn't even notice their movement here, and the two killers Yu Xinlan had found had been 'dragged' and disappeared.

Chapter 2532 Did that person come to us?

Yu Xinlan witnessed the whole process with her own eyes, her hand holding the coffee cup trembled and her face was ugly.

Wh, what's the situation?

Who were those people just now?

Where did the person appear?

The hotel lobby was resplendent and filled with people. The previous episode was like a drop of water sinking into the sea without a ripple at all.

Except for Yu Xinlan, the person involved, the others didn't even notice this way.

A few of her friends were still sitting there chatting chatting, talking about the handsome oriental man who just walked past.

"Did you notice a man and a woman who just walked by? The man is so handsome, he is superb."

"I saw it too."

The women basically agree with Qin Sishuai's point of view.

As for men, they sneered at their **** behavior: "An oriental person, who is not a good-looking flower, is just you women who think he is handsome. Don't I think he's a little white face? Right?"

Yu Xinlan had a total of five women and three men.

The other two men nodded frequently and agreed.

Someone called Yu Xinlan: "Should we continue to sit here and play? Let's change place, it's too boring here."

"I'm fine, you can ask Xinlan." The fat woman who asked Yu Xinlan to change places at the beginning expressed no opinion. .

The man in the flower shirt turned his head and urged Yu Xinlan: "Everyone wants to change places, how about we go to Beichen Club to play?"

Yu Xinlan was absent-minded: "Whatever."

As soon as she finished speaking, out of the corner of her eye, she suddenly saw that the man who was leading earlier turned his head and glanced in her direction.

Then she was horrified to find that the other party turned and walked towards her!

'Teng'!

Yu Xinlan stood up abruptly, with such a big movement that she hit the chair beside her legs and made a screeching sound.

Several of her friends were startled.

Someone reached out and dragged her: "What are you doing? What's wrong?"

"No, it's fine." Yu Xinlan was in a turmoil right now, and she wasn't in the mood to talk to a few people.

Should she be delusional?

How could the other party know that it was the killer she was looking for? !

But the other party was clearly coming for her!

Or...he just wants to go this way, he thinks too much?

Yu Xinlan looked at the man who was getting closer, her mind went blank for a while, her hand hanging by her side clenched her fist tightly, but she pursed her lips desperately, guessing in her heart whether the other party was coming at her.

She looked pale, her eyes were shaking violently, and she was anxious.

made several of her friends look at each other, all dumbfounded.

"What's up with her?"

"I don't know." Someone shrugged and said depressedly: "She was very strange at the beginning of the day. She didn't go to the places we usually go, and insisted on having afternoon tea here. Then everyone came, and she I don't talk much, and I don't know what I'm watching... I asked her if she had friends living in this hotel, and she said she didn't know anyone. The devil knows what's wrong with her now!"

The man in the floral shirt noticed Ji Lin who was approaching, grabbed the arm of his friend, and said Nunuzui, "Did that person come at us?"

"Who is it?" His little friend looked over and saw that Ji Lin's expression changed slightly, but he didn't have time to speak.

Ji Lin had already walked in front of a few people, put his hands in his pockets, stood directly in front of Yu Xinlan, smiled slightly, and looked polite: "Miss Yu?"

He bit the word 'Yu' very hard.

Chapter 2533 Help me tell my grandpa, I'm going home later

The seven or eight people sitting at the small round table drinking coffee suddenly quieted down, and instinctively looked at him and Yu Xinlan, thinking they knew each other.

Someone else asked directly: "Xinlan, your friend?"

Yu Xinlan seemed to be strangled by the neck, her throat was dry, unable to say a word: "..."

She didn't expect that the other party was really coming at her!

Her face was surprisingly ugly, her eyes flickered, and there was a ghost in her heart: "You recognized the wrong person."

"Oh?" Ji Lin didn't get angry either, and looked her up and down, still smiling, but the smile didn't reach his eyes, his tone was a faint threat: "Miss Yu, my master wants to see you, but I don't know if you are willing to. Not willing to reward the light?"

Yu Xinlan clenched her fingertips, her fair face turned slightly blue, just about to refuse: "I'm going to play ball with my friends later, another day..."

"Miss Yu, I see that your friends are all here, so please go. If you don't want to, I can only use my own method to 'please' you to move." Ji Lin interrupted her. Very welcome.

Yu Xinlan saw that the man in front of her was not joking, took a deep breath, quickly weighed the pros and cons, and gritted her teeth: "Where is the person you are talking about?"

Ji Lin made a gesture of invitation and said to her, "It's in this hotel."

Yu Xinlan calmed down, picked up her bag, turned around and said to a few of her friends, "Tell me to my grandfather and say that I might be going back later today."

Several of her friends are not fools. In just a few minutes, she has seen the turbulent undercurrent between the two, and she can also see that Yu Xinlan and Ji Lin are obviously not friends.

Someone bit the bullet and nodded: "Don't worry."

Yu Xinlan thought of the Yu family and the hidden family behind her, and became calmer, and said to Ji Lin, "Let's go."

Ji Lin didn't take Yu Xinlan's small act of asking someone to tip off, so he didn't mean to stop her.

He watched Yu Xinlan calm down quickly, and even seemed a little fearless, so he twitched the corners of his mouth in a sarcastic arc.

Ji Lin didn't say a word of nonsense, and led the way directly ahead. .

*

In the suite on the top floor of the hotel, just as Yu Xinlan followed Ji Lin in, a strong smell of blood rushed to her face.

Her heart skipped a beat.

heard the man who brought her here respectfully say: "Master, I brought someone here for you."

"Ok."

A cold and quiet voice sounded young and very pleasant to the ear.

Yu Xinlan was one step behind Ji Lin, so she took a step to see the tragic situation in the living room of the suite.

I saw that the two killers who had just been dragged in had fallen to the ground like a mass of mud, their bodies were covered in blood, and in the living room, in addition to the people she saw under the hotel, there was a man who was wearing a white handkerchief. Wipe the blood on your hands.

At first glance, she saw a string of bright red Buddha beads on the man's wrist. The Buddha beads were wrapped around his wrist three times, setting off his vigorous and white wrist, which was very eye-catching.

She followed the man's hand and looked up, and saw an oriental face that was even more stunning than what she saw just now.

The other party looked no more than twenty-five or sixteen years old, with black hair, very white skin, a pair of beautiful eyes that seemed like a deep night, thick as inkstone, thin lips, and extremely deep and three-dimensional contours, no worse than Westerners.

Yu Xinlan was stunned for a moment, and she forgot to look away for a long time.

Ye Wangchuan threw the blood-wiped handkerchief to Ji Lin and sat on the sofa: "Yu Xinlan?"

Chapter 2534 False Lord: There will be no Yu family soon

His slightly paused voice pulled back Yu Xinlan's sanity. Only then did she notice the tragic situation in the living room and the appearance of the two killers she had found.

She didn't care about the lives of these people, but the scene in front of her made her have to worry about herself, so she shook her body and subconsciously said, "My friend has contacted my grandfather, you'd better not touch me."

Ye Wuchuan raised his eyebrows, leaned lazily on the back of the sofa, and glanced at Ji Lin sideways.

Ji Lin stepped forward and immediately bowed his head: "Before she came up, she did tell her friends to contact her family."

"Oh?" Ye Wuchuan raised his lips and said frivolously, "Aren't the Yu family members coming soon?"

Ji Lin continued to lower his head and replied, "If the news of the Yu family is quick, I'll find you in half an hour at most."

Yu Xinlan listened to the words of the two, and her heart became a little more confident. A pair of slightly arrogant eyes looked at the two and said, "Who are you from that Doctor Qiao?"

Ji Lin raised his head and looked at her with conviction, giving her a thumbs up in his heart.

At this time, the Yu family is quite temperamental, and he is also concerned about the relationship between the wrong master and Miss Qiao. It seems that the power of the Yu family and the hidden family behind her has given her enough confidence!

It's a pity that she provoked this person, not the kind of person who would be afraid of the hidden family.

Yu Xinlan kicked the iron plate this time.

Ji Lin's eyes gradually turned cold, and he looked at Yu Xinlan as if he was looking at a dead person.

Ye Wuchuan didn't answer her question, but waved his hand and motioned Ji Lin to take her down: "Before Yu Qingliu comes over, say hello to Miss Yu."

"Yes, Lord."

Jilin immediately asked his two men to drag Yu Xinlan away. .

Yu Xinlan was frightened by the sudden change, and she immediately struggled, saying loudly, "What are you doing, I'm from the Yu family! I..."

Ye Wangchuan stopped the person who was about to cover her mouth, and there was only endless indifference in his fascinated eyes: "Yu Family?"

Yu Xinlan herself didn't know why she suddenly calmed down, mumbling unable to make a sound.

Ye Wangchuan smiled, and the face under the light became more and more hazy and gorgeous, he lowered his head and moved the Buddha beads that Yu Xinlan saw for the first time, and said very lazily: "The Yu family will soon be gone. "

Yu Xinlan's heart tightened instantly when she heard this.

She opened her eyes wide, suspecting that her ears had heard it wrong.

Ye Wuchuan raised his hand, motioning for the person who grabbed her arm to take her down.

Ji Lin has always been quick in his work, but this time he didn't give Yu Xinlan a chance to struggle, so he was dragged out by covering her mouth.

After a while, a cleaner came in to clean up the blood in the suite, and then went out silently.

Ye Wangchuan opened the curtains, but he still smelled the faint smell of blood in the room.

Qiao Nian doesn't like the smell of blood.

And Qiao Nian is very sensitive to odors, and usually can smell a little medicine.

Ye Wangchuan frowned, then got up and went to open the glass window to let in the outside air.

This is the top floor, and the wind from outside blowing in, quickly washed away the **** smell in the suite, as if nothing had happened.

*

not far away.

Qin Si had just arrived at the place, sat down and ordered a cup of coffee, and then diligently ordered a cup of juice for Qiao Nian, euphemistically saying that girls should not drink too much coffee, too much sugar will easily accelerate skin relaxation.

Chapter 2535 I can introduce you to the circle of the hidden family

He just got the juice and coffee he ordered from the bar, and his **** didn't even get hot when he received a WeChat message from Ye Wangchuan.

Qin Si finished reading, put down his phone, raised his head and said to the girl sitting beside him, "Sister Qiao, I asked if we were there."

"Huh?" Qiao Nian took a straw and bit it in his mouth. He just took a sip of juice, and looked up casually when he heard the words: "Just arrived."

Qin Si replied with a smile: "Then I'll go back like that."

He picked up his mobile phone and started to go back to Ye Wangchuan's WeChat.

He thought that Master Wang didn't follow him this time, and he would definitely find himself to report to Sister Qiao's every move at any time. Who knew that after Qin Si returned the news, there would be no movement on the other side.

This made Qin Si very depressed, and was thinking about whether to secretly take another photo of Qiao Nian and send it over.

Qiao Nian's phone rang.

He saw the girl glanced at the phone and answered the phone slowly: "Hello."

"We just arrived, um, people haven't come yet..." Qiao Nian's tone of voice can tell who the caller is.

wo grass, dog than!

Qin Si gritted his teeth, never thought that Ye Wangchuan would send him WeChat to ask about the situation, and then ran to call Sister Qiao directly.

He was staring wide-eyed when he suddenly noticed a stretched Lincoln parked next to the roadside drinks shop where they were sitting.

Qin Si immediately bumped the girl's hand with a cup and whispered, "Sister Qiao, the person you are waiting for seems to be here."

Qiao Nian also saw the Lincoln car parked on the side of the road.

The car door opened, and a middle-aged man got out of the car. The black suit was very straight on the other side. He was in his 40s and had the charm of a mature man.

Judging from the respectful attitude of the driver to open the door for that person, the identity of the other person is not simple.

Qiao Nian listened to Ye Wuchuan's words for her to pay attention to safety, and said casually: "People are here, I'll tell you later, hang up."

She hung up and put the phone down.

The middle-aged man saw them and walked over.

Qin Si showed a serious look on his face, restrained the usual joke on his face, and seemed to be a very reliable person.

"Doctor Joe?"

The one who came this time was the king of the M royal family, who was also Yu Xinlan's uncle.

His special housekeeper opened the chair for him, John sat down, smiled at the overly young girl, and greeted uncertainly.

Qiao Nian hummed.

He just sat down, but he didn't order the coffee here, just a cup of white water that can be drunk from a disposable cup.

The royal family was standing behind him, looking very imposing.

Qin Si half-squinted his eyes, always ready to flip the table and turn his face.

The royal family came to negotiate well this time, and John didn't go around in circles. After sitting down, he directly said to the girl, "Doctor Qiao, we need the laboratory medicine in your hand very much, but we can't agree to your conditions. I came here to ask you this time, are you willing to change the conditions? Money, house, property...you can mention anything like this. As long as you mention it, I will try my best to satisfy you!"

He also knew that Qiao Nian was the owner of the small pill, and he was not short of money.

And Qiao Nian was able to get in touch with Tianchen, and he had some connections.

But none of these matters to him.

Who is more powerful than the hidden family?

So he gave better conditions: "Of course, if you are interested, I can also introduce you to the circle of the hidden family."

Chapter 2536 Don't you Orientals always put your interests first?

"You are from the East, and the Orientals are not qualified to contact our circle. But if you can cure your ancestor's illness, I can make a special case for you." John put his hands on the table and said calmly.

WHAT?

Orientals are not qualified to contact the circle of the hidden family?

Qin Si took out his ears and almost pulled out the chair to leave.

He resisted the urge to throw his hand away, rolled his eyes, and had a cynical smile on his handsome face. He didn't even look at the people in the royal family, he turned his head and talked to the girl: "Sister Qiao, the hidden family. ...What is it? Can you eat it or swipe a card?"

Qiao Nian turned to one side, put his hands on the chair, and said indifferently: "Probably... eh? Isn't it something?"

Qin Si laughed, looked at the bossy man, and showed a meaningful expression: "Oh, so the hidden family is not a thing!"

They sang and harmonized, and cooperated tacitly.

scolded people in the blink of an eye.

The faces of the members of the royal family of M who were present were not very good-looking, especially John.

His elegant face sank, and he looked at the girl with a condescending temperament. He suppressed his anger and tugged at the corner of his mouth and said, "Doctor Qiao, I respect you as a doctor before I came out to negotiate with you. I have already taken out what we should have. Your sincerity, shouldn't you also show your sincerity?"

Qiao Nian looked at him with dark eyes: "I want Lu Zhi."

John was silent for a while.

Qiao Nian sat on the chair, without any intention of changing his mind: "I only have this condition. If you can't do it, we won't talk about it."

John felt irritated for no reason, reached out and picked up the water, took half of it and put it back, staring at the girl with a pair of blue eyes, intensified his tone: "Doctor Qiao, what I told you can introduce you to the circle of the hidden family. It's not a perfunctory word..."

"Your friend doesn't know the Hidden Family, but you should know exactly what it means to be in the Hidden Family!"

"I didn't mean to lie to you! As long as you are willing to take out the laboratory medicine in your hand, I will definitely give you a reasonable compensation and will not let you help us in vain."

Seeing that she didn't reject him immediately, John felt a little relieved. He leaned back in his seat and said to the girl in a relaxed tone, "Doctor Qiao, Mr. Lu and you should only have an employment relationship. What Tianchen can give you, the hidden family will definitely I can give you more! You

Oriental don't all pay attention to interests first, I'm not here to negotiate with you, I'm just giving you a better option."

He opened his mouth and said an Oriental.

Shut up and say Oriental!

He appears to give the impression that Orientals are selfish, hypocritical, and refined interestists in his eyes, and they should be naturally inferior to others!

This feeling is like a maggot attached to the bone, which is extremely disgusting.

Qin Si's mouth smiled slightly, and his eyes became cold.

Qiao Nian stretched out his hand and raised his cap, revealing a fair and delicate face, with black hair and black eyes giving a strong sense of oppression, just one look shocked the people present: "Who told you about me and Lu Zhi? Is it an employment relationship?"

John paused and looked at her uncertainly: "Didn't you Tianchen find someone who specially pleases the ancestors?"

Qiao Nian pulled up his chair and got up, and said to Qin Si, who wanted to turn his face for a long time, "Let's go, don't talk about it."

Qin Si immediately stood up, glanced at everyone without smiling, and said, "I'm sorry, I only bought the order for the two glasses of water we drank, your own order, go buy it yourself."

Chapter 2537 He still wants to threaten Sister Nian

His attitude was very unfriendly.

m The faces of the royal family are ugly, and they all look like they want to do something.

John looked at the girl who was about to leave, regained his genial attitude, and stared at the girl coldly: "Doctor Qiao, didn't you come to M country alone?"

Qiao Nian picked up the shoulder bag on the side of the chair and turned his head to look at him.

Seeing her look at him, John's expression became more and more unrestrained and relaxed, and he even had the mood to pick up the disposable water glass on the table to drink water, and then said slowly: "You Orientals care about family and friends the most, you said that if you insist on going against us, Have you thought about their safety?"

"People's life is very short, sometimes like a flash in the pan, a small accident can end a lifetime."

He really enjoyed the pleasure of catching mice, looking at the two angry people, and smiled lightly: "I just want the laboratory medicine in your hand, as long as you cooperate with me, then there will be no 'accidents' around you. ..."

Qiao Nian lightly carried the single shoulder bag on his left shoulder, facing him straightly, looking at him with a surprised expression: "You mean if I don't cooperate with you, you want to touch my family and friends?"

John raised his hand slightly and laughed again: "It depends on how Doctor Qiao understands it."

"Understood."

Qiao Nian answered very quickly.

Her reaction was beyond John's expectations. He thought that the other party would be angry when he heard this, so he quickly calmed down and asked him to compromise and beg for mercy.

But Qiao Nian looks so calm, even a little... relaxed!

John was taken aback.

What is she relaxing?

Just then, the phone he put on the table rang.

John frowned, took out his phone, and looked down to see that it was Yu Qingliu's phone.

How could Yu Qingliu call him at this time?

John estimated that Yu Qingliu was in a hurry to find him.

He looked at the girl and picked it up quickly: "Hey, Mr. Yu.."

...

Yu family.

Yu Qingliu's eyes were red and bloodshot at this moment, the living room at home was in a mess, and the guests of Yu's family stood in the living room and dared not say a word.

He put all his hopes on the royal family.

"Xin Lan is gone."

"what?"

Yu Qingliu tightly closed his eyes, forcing himself to calm down and tell him the cause and effect of the matter, and then said in a deep voice, "I won't be able to contact her after that, and her phone will be turned off."

"Why don't you go to the hotel to find someone?"

Yu Qingliu knew that he was going to ask such a question, and his eyelids jumped: "I sent someone to look for it at the time, but the other party didn't see me, so they sent me a box."

"I opened the box and inside was a hand."

Yu Qingliu couldn't describe the shock he felt when he opened the box in the car and saw the **** forest.

He has lived for decades, and this is the first time he has been so arrogantly provoked!

His voice was very deep: "I want to ask you now, have you seen that Doctor Qiao? What is her background?"

John quickly glanced at the girl's cold profile, lowered his eyes, and said quickly in a low voice, "I just saw someone, and I still don't understand."

Yu Qingliu didn't talk nonsense, and asked straightforwardly: "Okay, you leave the people with me! I want to see what they want to do!"

"Old Yu..." John raised his voice, he had other reasons for looking for Qiao Nian, and he didn't want to fall out like this.

However, Yu Qingliu only had the face of the Yu family and the safety of Yu Xinlan in his eyes. He said concisely: "That's it! I will bear all the consequences."

Chapter 2538 Big Joe all slapped his face on the spot

John heard a busy tone from the other end of the phone before he could finish speaking. He took the phone away and found that Yu Qingliu had hung up.

Things have come to this point.

Regardless of whether he is Yu Xinlan's uncle or a member of the same hidden family, he can only do what Yu Qingliu said.

John put down his phone, made a forward gesture, raised his head, and said to the girl in a cold voice, "Doctor Qiao, I might ask you to come with us."

He didn't say anything about Yu Xinlan being held hostage, mainly because he felt that he didn't need to explain so much.

"Heh, have you asked the young master for his opinion? Sister Qiao, is it you who said please?" Qin Si stepped directly in front of the girls, staring coldly at the thugs of the royal family who were trying to get closer, and rubbed them. fist.

John thought that Yu Xinlan's life and death were unknown, and Yu Qingliu was about to come, so he couldn't care less.

He lowered his face, tapped the coffee table with his hands, and gave orders in a condescending tone: "What are you still doing, please doctor Qiao come back with us!"

He looked at Qiao Nian with gloomy eyes and said regretfully, "Doctor Qiao, I want to have a good talk with you, but it looks like you don't plan to talk to us."

"I have to order that medicine. And you, you must come with me today!"

He bites every word very clearly, and looking at Qiao Nian is more like looking at a stunned young man who doesn't know the current affairs: "I already said that this is the territory of the hidden family, if you want to do this, I will only be rude already."

He really didn't know where these Orientals had the courage to move the Yu family in the territory of M country, since they didn't want to leave.

Then don't go!

John was thinking so, when the phone suddenly rang again.

He failed to negotiate successfully and was not in a good mood, so the phone rang again and again, which annoyed him. .

John picked up the phone and saw that Yu Qingliu wasn't calling, so he didn't answer.

Qin Si took advantage of this gap to stare at a few bodyguards in black who were gradually approaching them, and whispered, "Sister Qiao, do you have a way to get out? You can let someone come out."

He thought that Qiao Nian had to have a back-up when he was doing business.

Who knew that the girl raised her eyelids calmly, and the dark eyes under the thin eyelids were particularly beautiful, but she said something rather flat: "No."

Qin Si: "..."

Big guy, you can actually have it at this time!

But he was not worried. Before going out, he specially arranged for the Qin family to come over just in case.

Qin Si estimated the time, and his people were about to arrive.

He said to Qiao Nian, "Let's delay for a few more minutes?"

Qiao Nian's phone vibrated in her pocket, she took out her phone and turned to the side, glanced at it, it was a message from Jian Yan.

【Joe, do you want to do it? 】

Qiao Nian raised his eyes and looked at John, who was sitting there waiting to 'invite' her for tea, and several approaching thugs.

She was still wondering if moving those 'things' would hurt innocent people, but now it seems that she thinks too much.

Qiao Nian's pale hands edited a word and sent it over: [Fried. 】

Qin Si stared at the people who were pressing in front of him, and blocked Qiao Nian from behind. Out of the corner of his eyes, he saw that she was still playing with her mobile phone.

Eyelids are jumping.

at this time.

I could only hear the earth trembling in the distance, the sky-high flames rushed from the southwest, and then bursts of gray smoke shot straight into the sky.

Everyone was stunned by this scene.

Chapter 2539 Sister Nian tells him what is negotiation

John turned his head to look in that direction, stood up from his chair in a jiffy, his face changed dramatically: "What happened!"

His phone buzzed.

John didn't dare not pick it up this time, and picked it up immediately.

He heard the noisy voice on the other end of the mobile phone, and a person speaking impatiently: "Sir, it's not good."

"I received news five minutes ago that a shipment of unidentified arms arrived at the port of country m yesterday... Just now, there was an explosion in the royal family, and it was the arms that I could see!"

"The origin of this batch of arms is unknown. We don't know the quantity yet, but it looks like this... The other party is prepared."

John was extremely shocked, lightning flashed in his mind, as if thinking of something, he looked at the girl who was always calm in front of him in astonishment.

She was still playing with her phone, and it seemed that she just finished replying to the message.

In this casual look, he kicked the chair next to him, and his whole body was filled with a nasty aura.

She is afraid of the hidden family.

John suddenly remembered a piece of news he had seen: "Tianchen has two founders, one is Lu Zhi, and the other is...you?"

Qiao Nian raised his eyebrows and exaggerated him without hesitation: "Ah, he's quite smart."

John thought about it again, but couldn't figure it out, so he asked her directly: "You did it?"

m The approaching thugs of the royal family were deterred by the loud noise, standing in place one by one, not daring to approach them for the time being.

Qiao Nian casually put the phone back in his pocket with a sloppy expression: "There is a gamma missile 7 nautical miles away from the pier in M country, it is aimed at the royal family, and the amount of explosives in that missile is enough to level it out. The royal family."

John's face turned green, and he gritted his teeth to remind her: "You don't want to leave M country alive?"

"So I didn't use it directly, but stood here to discuss it with you." Qiao Nian looked at him, his extremely dark eyes were calm and calm, but he was not afraid: "Don't you want to negotiate? How can you just lead someone? "

She swept over the bodyguards John brought, raised her lips, and shrugged her shoulders arrogantly: "If we want to play, we'll play with the bigger ticket."

John's brain was buzzing, and he almost suspected that Qiao Nian was crazy.

If she does this, even if she can get out of her body, she will be chased and killed all the time in the future because she offends the hidden family.

She is daring.

"Lu Zhi is also in the royal family." John simply had a showdown with her. Orientals cared about their partners the most, and he used Lu Zhi's life to warn Qiao Nian.

Qiao Nian digs out his ears, not intending to fight against the rat, he smiled and looked at him provocatively: "Your ancestor is the head of the hidden family? Her old man seems to be in the royal family of M. If Lu Zhi changes with her It doesn't seem like a loss."

"..."

This **** negotiation?

This is a threat!

And where did Qiao Nian get the information to know that the old ancestor is the hidden queen of their hidden family?

While speaking, the southwest direction exploded again, this time the sky and the earth changed color again, and the earth trembled slightly.

The firelight soaring into the sky reflected on the girl's face, Qiao Nian licked her mouth, her dark eyes looked at the members of the royal family, and her voice was slightly hoarse: "Now I choose to return to your side."

"You have two ways. One, let go."

"Second, everyone perishes together."

She looked at John with an unsightly face, and saw him from being condescending at the beginning to now speechless, she suddenly felt quite boring, and she turned sideways and said lightly: "I'll give you ten minutes to think about it, you can find someone to discuss it. Come down."

Chapter 2540 Yu Qingliu is still dreaming, she ran away?

m The royal family was almost caught in a sea of fire.

The sound of two consecutive explosions turned the interior into a pot of porridge. Although an evacuation was immediately arranged, the whole process did not go well.

Most people were in extreme panic and couldn't calm down and follow the arrangement to leave one by one.

"What's going on outside?"

In the most luxurious room of the royal family, the man behind the curtain whispered.

Her shadow just came back from the outside, and immediately replied respectfully: "Your Majesty, we must leave here immediately."

"I'm asking you what's going on outside?" The voice of the person behind the curtain was calm and powerful, with a natural aura that was not angry and arrogant.

Shadow looked ugly and whispered: "Someone bombed the M royal family. I received a tip that someone smuggled a batch of arms to the M country terminal, which may contain weapons of mass destruction."

After he finished speaking, the people behind the curtain fell silent for a while.

Shadow couldn't hold it on her own, knelt down on one knee, and lowered her head to admit her mistake: "Your Majesty, it's your subordinate's dereliction of duty, and I'm willing to accept any punishment. But it's too dangerous here, I implore you to leave here with me first."

"...Do you know that there are only those who died standing still in the Hidden World Family, and those who haven't escaped." The voice of the person behind the curtain was particularly heavy. .

Shadow buried his head on the ground, his forehead hit the ground heavily, and he made a loud noise: "This subordinate begs the ancestors to leave here!"

"hehe."

The person behind the curtain was silent for three minutes, before sneering, which seemed to be mocking, but also seemed to have gritted hatred.

"That **** rat!"

Sooner or later, she will clean up this dirty blood!

She should have done all this 20 years ago. It was her carelessness that led to today's results.

"Please leave the Queen with me." Shadow remained kneeling on the ground, motionless, but his voice was much louder than before, and a hint of impatience could be heard.

The person behind the veil was silent for a few more seconds, seeming to be angry and then to compromise again.

"You go to arrange it."

Shadow was overjoyed and raised his head, and immediately put all his emotions under the expressionless mask, stood up, and said calmly, "Yes."

Not long after he went out, the man behind the curtain called in again.

The person who came in was obviously more afraid of her than admired her, and kept her head buried, her shoulders shivering.

"Old, old ancestor."

Behind the veil, an old and majestic voice commanded her indifferently: "Go and make arrangements and hang Lu Zhi on the square of country m!"

The dignity of the hidden family does not allow people to be so provocative.

She knew what the other party wanted.

So she wants to let the other party know that it is useless to just come to force.

*

At the same time, the Yu family got into the car.

The driver received the call and handed over the phone to Yu Qingliu who was sitting in the back: "Elder Yu, your call."

Yu Qingliu felt the impact of two explosions on the road, but he has not received any news from his side, so he is still hurrying to the city center.

When Yu Qingliu saw that it was John calling.

He frowned, thinking that someone had run away, and picked it up a little irritably: "Hey, is she still there?"

Who knows things are not what he thought.

"She? You mean Doctor Qiao?"

Yu Qingliu's mind was full of Yu Xinlan's safety, he frowned, and said nothing: "Of course I mean her, she ran away?"

They dared to touch their granddaughter, and now Yu Qingliu wanted to tear the culprit into pieces, and naturally he didn't want people to run away before he caught them.
