

Madam's 2541

Chapter 2541 The face is too fast, like a whirlwind

"..." John stood outside the open-air cafe in the city center, listening to Yu Qingliu's gloomy question, and then looking at the girl sitting there drinking water leisurely.

The expression on his face was a moment when he wanted to laugh but couldn't laugh, and when he twitched extremely, his expression looked extremely distorted and ridiculous.

He tried to calm himself down and said to Yu Qingliu, "She's still here, and she has no intention of running away."

Yu Qingliu breathed a sigh of relief, his tone was a little dark, and he wished to kill him immediately and look for Qiao Nian's dignitaries: "That's good."

"Okay?" John couldn't help twitching the corners of his mouth: "Where's the good?"

He looked in the direction of the royal family from the corner of his eyes. He didn't have time to waste time with Yu Qingliu, so he briefly explained the current situation to Yu Qingliu.

Then he covered the phone with his hand, lowered his voice and said quickly: "Old Yu, you go to the royal family right now, Her Majesty is still there, no matter what, you must ensure the safety of Her Majesty. Otherwise, we will all be finished!"

On the road, the driver of the Yu family braked suddenly and stopped the car on the roadside speed bump.

Yu Qingliu's complexion changed dramatically, and he couldn't come back to his senses for a long time.

The blue veins on the back of his hand were bulging, and his eyes were about to fall: "She, she, she is crazy?! She dares to oppose the hidden family?!"

And that gamma missile...

Who dares to use a gamma missile at Her Majesty the Queen? !

This is no longer daring.

This is the courage to pierce the sky!

"Elder Yu, I only have ten minutes." John was not in the mood to comfort him, nor did he have the energy to explain to him: "Her Majesty the Queen must never have an accident in country m, otherwise we will all be finished."

Yu Qingliu is a man of several decades after all. He quickly calmed down, and the blood in his whole body was completely cold: "I understand, I will go back immediately."

He weighed the pros and cons, and chose to sacrifice his granddaughter without much entanglement. .

The hidden family is powerful.

Whether it is the Yu family or the M royal family, they are just a small force among them.

But the country of M is their territory. If the Queen has three strengths and two weaknesses on their territory, the perpetrators will definitely not be able to escape, and they will not be able to escape either!

Yu Qingliu raised his hand and told the driver to rush back.

He looked at himself in the rearview mirror and saw his face was pale and ugly. Before John hung up the phone, he asked the last question: "Where did Doctor Qiao get the arms?"

John looked back at the girl who was drinking water with Qin Si, his eyebrows were almost joined together, and revealed to him the latest news he had received: "It's David, the arms dealer in Continent F."

Yu Qingliu looked at the phone that had been hung up, his eyes were empty, and he was absent for a long time.

David?

Isn't he in the Independent State?

And if I remember correctly, David and Qiao Nian seem to have some kind of close connection!

And Dr. Qiao is not just Qiao.

Yu Qingliu realized this, as if he had been hammered **** his chest, a mouthful of old blood was held in his heart for a long time and he couldn't swallow it.

He searched for more than a week and couldn't find out Qiao Nian's whereabouts, but he didn't expect that the other party had been dangling in front of his eyes.

Doctor Joe...

Yu Qingliu sat down on the back of the chair with all his strength, raised his hand to cover his eyes, and tried his best to hide his shock and panic.

The driver of the Yu family asked him cautiously at this time: "Elder Yu, where are we going now, and are we still looking for the eldest lady?"

"..." Yu Qingliu removed the hand covering his eyes, returned to his usual expressionless appearance, and instructed coldly, "Go to the royal family. Be quick!"

Chapter 2542 I'm not at ease, let's go over first

"Master, I've checked it out." Ji Lin went to the outside corridor to make a few calls and went in again, and reported to the man: "There was an explosion in the royal family of M, and all three parties are rushing to Pier 1."

Ye Fangchuan shook the glass gently, and his slender fingers were so beautiful against the glass, which made people unconsciously look at his hand.

He asked in a hoarse voice, "Which three parties?"

Jilin answered honestly: "The Yu family, the royal family of M, and the hidden family."

Ye Wuchuan was silent for a moment, and the hand shaking the glass also stopped, raised his eyelids to look at him, his eyes were deep: "Have you found out what's going on?"

"There was an arms dealer who crossed the line of sight of the hidden family and transported a batch of arms to the dock, and this batch of arms was aimed at the royal family of M."

Ji Lin's brows twitched, and then he said, "Or, it's for the hidden family behind the royal family! There are... Tianchen's hands mixed in behind it. I suspect it has something to do with Miss Qiao."

He said it more euphemistically.

In fact, it is clear that Qiao Nian did it!

Jilin just didn't expect the arrogant girlfriend to be so fierce, he lowered his head and said, "I heard that the interior of the royal family is in a mess, and our manpower is still watching."

Ye Wuchuan stood up, put the glass on the cabinet, and said softly, "The Hidden Family will never let it go."

Jilin thought so too.

If that's all, how can the hidden family go out and hang out in the future?

"You ask your people to keep an eye on their every move, and tell me immediately if there is any action." Ye Wuchuan turned his head and told him. .

Ji Lin came back to his senses and nodded immediately: "I know."

Ye Wuchuan waved his hand: "Go out."

Ji Lin was halfway there, turned around and stopped and asked, "By the way, what about Yu Xinlan?"

They originally planned to settle the Yu family first.

Who knew that Miss Qiao didn't mean to proceed step by step, she made a big move as soon as she came, and the two bombs blew up the scalp of the hidden family.

Yu Xinlan has become a dispensable character instead.

Ye Wangchuan was also thinking about this matter, but he thought farther than Jilin, and there was a dim light in his eyes: "Take her with you for the time being, she should still be useful."

"Okay." Ji Lin didn't say much, he put one hand on the door and prepared to go out.

Ye Wangchuan suddenly stopped him.

Ji Lin stopped again: "Master, is there anything else?"

Ye Wuchuan rubbed his brows, walked to the sofa and picked up the coat on it: "She should have left staff outside the royal court. I always feel uneasy, let's go and see first!"

*

m Outside the King's Chamber.

In a big jeep, Jane's little black vest and overalls looked particularly cool. She put her feet on the reverse plate, cynically watching the chaos in the royal family.

Someone came quietly and knocked on the door.

Jian Yan chewed gum and rolled down the window glass, revealing half of her face, and said coldly, "How is it, have you found someone?"

The man covered half of his face with his collar and shrank his neck for fear of being discovered. He whispered to Jian Yan, "I went to see Mr. Guan Lu's place, and there was no one."

He is a staff member of the M royal family that Jane bought with money.

Jian Yan frowned when she heard the words, and then looked at him with a shrinking look, staring at him impatiently, her eyes threatening: "You won't lie to me, right?"

The man took her money and paid off the gambling debt, shook his head hurriedly, and explained to himself anxiously: "How dare I lie to you, auntie."

Chapter 2543 Threatening Sister Nian with Lu Zhi's

"I went looking for it, but I didn't find Mr. Lu!"

"Then didn't you take me millions for nothing?" Jian Yan sneered.

The man tried hard to prove his worth, and thought hard about one thing: "Before I sneaked out, I seemed to hear that they were going to transfer an important person to... Liberty Square for hanging."

m country is a country with a long history.

Up to now, they still maintain some unbelievable punishments, and there will be the possibility of public execution.

Just considering the international image, the royal family rarely uses this power under normal circumstances.

These punishments are only reserved on the surface, and in fact very few people are actually executed publicly.

Jian's face changed when she heard this. She took off her feet and grabbed his shoulders with a heavy expression: "Where is the Freedom Square you said?"

The bone in the shoulder of the man she grabbed rattled, his expression distorted in pain, he gritted his teeth and said, "It's not far from the city center."

Jian Yan saw that the pain was unbearable, let go of his hand, and commanded him expressionlessly: "Send me the address!"

The man took out his mobile phone and quickly found the location on the map and shared it with her.

Jian Yan got the location and found that this place was not far from the place where Qiao Nian told her to negotiate, and her bad thoughts became stronger and stronger.

She tried to calm down and quickly sent the location to the girl, while telling the girl the news she had received.

Lu Zhi was proud all his life, the most unacceptable thing was his disabled legs.

If Lu Zhi was publicly executed, it would undoubtedly be more uncomfortable for someone of Lu Zhi's character than killing him.

Jian's eyes were all red, she scolded "Fuck", punched the steering wheel hard, and wanted to fly to Laohe Square. .

It's just that Qiao Nian told her to stay here and watch anyway.

Even if she wanted to save people, she could only be anxious, and she could only pin all her hopes on Qiao Nian.

*

Qiao Nian received the location and the latest news from Lu Zhi sent by Jian Yan at eight minutes.

She read it expressionlessly, pointed her finger at the screen of her phone, and sent Jane back a line, and then put the phone back on the table.

Qin Si on the side noticed her abnormality and immediately asked her in a low voice, "Sister Qiao, what happened? I think you look bad."

"It's alright." Qiao Nian just put the phone back without doing anything else, with a faint blood in his eyes.

John received the latest progress from the Hidden Family at the same time, he was relieved, and returned to the negotiating table.

"Doctor Joe, we can start talking again now."

Qiao Nian looked at the corners of his eyes and brows couldn't hide his pride, raised his lower lip, gave him a dry look, and spoke very bluntly and directly: "You claim to be a hidden family, but you threaten me with the dignity of an ordinary person. Proud. Why, this is the principle of your hidden family?"

John and the bodyguards of the M royal family behind him changed their faces.

Her words can be described as revealing her face, without showing any emotion, she directly slapped everyone in the face of the self-proclaimed noble hidden family!

John had a faint smile just now, but now he can't laugh anymore, his ears are hot, but his face is calm and said: "It's a very time, a very trick."

"Dr. Qiao is an adult. Adults should understand our handling very well. Children only fight for a breath, and adults only think about the result."

Chapter 2544 You read elder sister in society, there are not many cruel words

Qiao Nian turned sideways, put his hands on the chair, and looked up at him.

John probably felt that he had more confidence, and he didn't shy away from it. He let the girls see him face to face, and the corners of his eyes and brows showed superiority.

"Dr. Qiao, we are sincere to talk to you. You are unwilling to negotiate well first, and we have no choice."

ha?

Qiao Nian pulled the corner of his mouth, quite cold, and reached out to lower the brim of the peaked cap to hide the coldness in his eyes.

They talked to her sincerely?

Why did she feel that John was only unilaterally making conditions to her from beginning to end.

The 'sincere' in his mouth is nothing but willingness to raise his hand and leak out a few contacts of the hidden family from his fingers in exchange.

is actually not willing to give in at all.

This is a good talk in their eyes.

Qiao Nian was not angry at first, and he was also provoked by the other party's repeated provocation, and his eyes were blood red: "What if I don't talk about it?"

John didn't change his face: "Then your friend will die."

The corner of Qiao Nian's mouth narrowed with a smile, and her shiny fingertips tapped on the table to pick up the juice Qin Si bought her on the coffee table: "Continue."

"Doctor Qiao, I made it very clear." John frowned and stared at the girl: "You have no choice now. We can let you go, but you must give us the laboratory drug NA9527."

"Also, you have to apologize to us."

Qin Si still didn't know about Lu Zhi, so he turned his head and asked the girl, "Is your friend in their hands?"

Qiao Nian didn't deny it, and gave a soft "en".

Qin Si immediately looked at John and the others irritably, with a disgusting expression on his face that he had eaten flies: "I said that your hidden family still needs shame? Everyone is shameless, right?"

m The bodyguard of the royal family couldn't bear it any longer, he drew his gun and pointed at Qin Si, and said coldly, "Keep your mouth clean!"

Qin Si patted the table and was about to stand up.

Qiao Nian grabbed him, turned to look at John, and let Qin Si sit down without saying much.

"Sister Qiao." Qin Si couldn't swallow this breath, but he still didn't have a seizure to save face, don't start, he was so angry.

Qiao Nian saw him sit down and stood up by himself.

Under everyone's attention, she walked in front of the bodyguard who drew the gun. The person was very cold. She put her cold white hand in front of the gun, then raised the other hand and threw it directly!

'Snapped'!

followed by a loud slap.

The bodyguard was beaten and staggered, the gun in his hand rolled to the ground, and he covered his face, as if he had been humiliated.

John and the other bodyguards of the M royal family changed their faces.

John said solemnly: "Doctor Qiao, you are not afraid of me moving..."

His voice did not fall.

Qiao Nian kicked the gun on the ground, put one hand in his pocket, and turned back with a nasty aura all over his body. He glanced at him with a single glance: "Don't point the gun at my friend next time, or don't blame me for being rude."

John shut up himself.

m The bodyguards of the royal family look at me and I look at you. Although they all feel humiliated, no one dares to draw a gun.

John saw that his momentum was weak, he gritted his teeth, and said grimly: "Doctor Qiao, allow me to remind you. I only give you ten minutes, you can think about what to do yourself!"

Qiao Nian has already walked back to his position, picked up the bag, slung it on his shoulder, and looked back impatiently: "No need."

"What do you mean? You don't care about your friends anymore?" John changed his face and stood up: "I can always..."

Chapter 2545 How good is the hidden family for you?

His threatening words hadn't been uttered.

Qiao Nian had already put the phone in his pocket, and then he looked back at him, raised his eyebrows, and smiled in a low voice: "What can you do anytime? Can you kill Lu Zhi anytime?"

John's throat was blocked.

Qiao Nian took his things, lowered his eyes, and said lightly, "You can try. Let's see if you move Lu Zhi, and I will wipe out your royal family."

John and the bodyguards behind him were all shocked by Qiao Nian's aura and didn't speak for a moment.

Qiao Nian ignored them, walked in front of Qin Si, and stretched out his hand: "Lend me the car key."

Qin Si was so moved that his heart was still hot at the moment, he immediately took out the car key from his body and gave it to her, saying, "Sister Qiao, I'll go with you."

"Aren't your people coming soon?" Qiao Nian seemed to know that he had called someone.

"how do you know?"

Qin Si didn't know where she knew that she had called someone, so she was stunned, and happened to see someone from the Qin family rushing over from the street.

He ignored these small details and got up to go with Qiao Nian to save people: "It's too dangerous over there, I'll go with you."

Qiao Nian took the car key from his hand, pressed it on his shoulder, and glanced at John and the others: "I'll go alone, just help me keep an eye on them."

"But..." How dare Qin Si let her go alone, if there is an accident, won't you kill him?

But Qiao Nian didn't give him time to think about it, he said 'that's it', then turned sharply and walked towards the car that Qin Si had parked on the side of the road.

m The bodyguards of the royal family looked at the girls and left as soon as they said that, all of them were anxious, and looked at their masters subconsciously. .

"gentlemen."

John didn't see Qiao Nianniao and they left at once, his hand hanging on his side clenched a fist, but he didn't dare to order someone to stop the girl, he just threatened in a low voice: "Doctor Qiao, you are here Oppose the hidden family!"

Qiao Nian had already opened the car door with one hand, but he stopped, turned his head, and glanced at him, his eyes seemed to be looking at a fool: "How much benefit has the hidden family gave you, you dare to go out and kill Tianchen's boss for her. ?"

John took a deep breath and said in a low voice, "I don't need any favors."

"Okay, you bull B." Qiao Nian raised his eyebrows, his voice calm, and asked him again: "You don't think Lu Zhi is dead, and your royal family can escape?"

"Can you guess that the hidden family behind you will come out to block Tianchen's anger for you, or will they choose a once and for all method and push you out as the scapegoat?"

John's complexion changed again and again, and his blue eyes became flickering, at least his attitude was not as firm as at the beginning.

Qiao Nian ignored him and opened the door to get in the car.

The black sports car roared away like an arrow from the string.

At this time, the Qin family also rushed here, quickly surrounded Qin Si to protect Qin Si, and stared at John and others with bad eyes.

"Master Qin, are you alright?"

"I'm fine." It was Sister Qiao who was in trouble.

Qin Si shook his head and looked in the direction Qiao Nian left, worried. Then he looked at the people of the M royal family: "Let's just leave no one, and wait for the result?"

Qiao Nian asked him to stare at these people, Qin Si would definitely not let them out of his sight halfway.

Chapter 2546 The arrogant almost broke the defense

John would never agree to Qin Si's proposal easily before, but the words the girl left before she left eventually touched his heart.

After hesitating deeply, he chose to walk over and pull out the chair, and sit down with Qin Si peacefully.

But he didn't let go of his mouth, and said very rudely: "You will not have good results against the hidden family."

Qin Si was not used to him either, kicked off the chair and asked someone to buy him a new cup of coffee, raised his eyebrows and said, "Really? In Beijing, people who offend Xiao Ye have no good results!"

John stopped talking.

Qin Si didn't want to talk to him either, so he took out his mobile phone and quickly edited his own situation and sent it to Ye Wangchuan on WeChat.

*

m Outside the King's Chamber.

"Master, there are people in the southeast and northwest who are suspected to be leaving." Ji Lin has been answering the phone, and he told the young man the news.

Then asked the man sitting in the car: "Which side are we with?"

Ye Wangchuan had anticipated this situation, and asked him lightly, "Where is Yu Qingliu?"

Jilin's people are obviously more well-informed than those in Jian's place. He made a phone call and immediately turned around to answer the man: "He is with the group of people in the southeast."

"Yes." Ye Wuchuan was about to say that they were with the people from the southeast.

Just then, the phone in his pocket vibrated.

Ye Wangchuan looked down at his phone. .

is Qin Si's WeChat.

He read it at a glance.

Jilin clearly felt that the air was more than ten degrees colder, but the man was still as dignified as always, and the bottom of his eyes was stained with blood.

The feeling of the whole person has changed.

"My lord..." He just called out uneasy.

Ye Wangchuan had already restrained his anger, his eyelashes slowly lowered to cover the stern look in his eyes, and said to him, "Tianchen's people are also nearby?"

Ji Lin nodded and looked outside, but he didn't know the exact location of Jian Yan and the others: "It should be there."

Ye Wangchuan did not change his face: "Contact them."

"Uh..." Ji Lin was taken aback.

Isn't this to expose their power?

Ye Wuchuan didn't care about this, and calmly ordered: "Tell them the news from us here, and let them watch the people in the northwest."

"Tell her that once the ancestor of the hidden family is discovered, no matter what means she uses, she must detain him!"

"Otherwise..." Ye Wuchuan paused, and an unprecedented impetuous mood surged in his chest.

He suppressed his emotions and continued with restraint and restraint: "Otherwise, Lu Zhi and Qiao Nian will be in danger."

Ji Lin raised his eyes and gave him a quick peek, a storm surged in his heart, but his face was still blank, and he hurriedly said, "I see, I'll contact them right away."

"Master, are you going with us?" Ji Lin stopped halfway and asked instinctively.

Ye Wuchuan's breathing was slightly heavy, and the blue veins on the back of the hand holding the phone bulged, but he just suppressed all his emotions, and said solemnly: "I'll go with you,"

He knew what Qiao Nian wanted to do.

He also knew what the people of the Hidden Family wanted to do.

If he wants to protect Qiao Nian, he must stop people for her.

Only in this way can she save her friends without distractions.

Ye Wangchuan knew that he couldn't make any mistakes on his side, so he asked Ji Lin to find Jian Yan and let Jian Yan and the others watch the other side.

He clearly arranged everything.

Ye Wangchuan was still impatient, he lowered his eyes again and set his eyes on his mobile phone, and his proud self-control finally broke the defense.

Chapter 2547 They really want to hang Big Brother Lu

He turned to the top profile picture on WeChat and sent a message to the girl.

【Nian Nian, if you hurt yourself again, I will definitely break his ribs! 】

Ye Wangchuan sent the WeChat message expressionlessly, and then forced himself to take care of her worries!

*

M National Freedom Square was surrounded by a lot of people who didn't know the situation.

Many people were there to watch the fun.

It is usually a place where tourists and locals come to feed the pigeons and relax. At this moment, there are several floors of people inside and outside.

When Qiao read it, there were still many people talking about it.

"This man did something wrong?"

"I don't know, I just came here and didn't understand the situation."

"How did he get hung up?"

"Ghost knows."

Qiao Nian looked away from the crowd without expression, and saw that someone in the center of the square was working together to hang the bound people on the cross of the Statue of Liberty in the square.

And even though that person was far away, Qiao Nian still recognized him at a glance—Lu Zhi!

Lu Zhi was still wearing a white shirt, with a messy neckline, a delicate and beautiful face under his hair, and a slightly morbid face, but he could not see any emotion.

His face was expressionless.

Even in this situation, there was no expression on his face, as if the person who was about to be hanged in public was not him.

He gave people a kind of extreme decadence and world-weariness.

And some people in the crowd have noticed the unusual place of this beautiful man. .

"Look at his legs, he's disabled?"

"How can such a good-looking man turn out to be a cripple?"

The words 'disabled' and 'disabled' kept coming into Lu Zhi's ears...

Lu Zhi heard these strangers pointing at him, and those eyes that seemed sympathetic and mocking fell on him.

He only pulled the corners of his mouth, and the bangs on his forehead slid down to cover his eyes even more.

He was originally a crippled.

He has been listening to these words for more than ten years, and he has long cultivated an invulnerable heart, but these words are rarely mentioned in front of him these years.

Now that he hears these voices again, Lu Zhi just hates this world even more.

He didn't care about himself, who knew when the corner of his eye swept across the crowd.

He suddenly saw a familiar figure.

Qiao Nian has always been very recognizable.

She always has a temperament that is out of tune with her surroundings, very unique and has strong personal characteristics.

Lu Zhi's eyes suddenly stopped moving.

He was stunned for a moment, and suddenly realized his embarrassing situation, and the white jade face that had been indifferent before he was stunned suddenly twisted with anger.

"What move!" Someone slapped him on the back with a bad attitude.

Lu Zhi stared at the man suddenly, as if looking at a dead man.

This look is too penetrating.

The man was startled and didn't move for a long time.

The person behind him patted him and said, "It's almost time, Lord Shadow said it's time to hang people up."

Lu Zhi looked in the direction he saw Qiao Nian just now.

He only saw the girl visually inspecting the situation on the lower square, reached out and pulled up the hat of the hoodie to cover her face, and quickly hid in the crowd.

And the people of the Hidden Family have already come.

The man in black answered the phone with one hand, looked at Lu Zhi with his eyes, and said to the person on the other end: "Well, ready."

"Yes, don't worry."

He hung up the phone respectfully, swept the crowd around the square, and gave an expressionless command: "Hang people up!"

Chapter 2548 said, where is Qiao Nian?

The statue of the goddess in Liberty Square solemnly overlooks all beings on the square, and on the hand of the goddess is a white cross.

Lu Zhi was hanged high on the cross, as if he was accepting God's punishment!

The weather in March is high and crisp. Under the blue sky, the square is full of gray pigeons flying down to find food, which is peaceful and comfortable.

Hundreds of people in the entire square were silent at the moment.

Everyone looked up at the man who was hanged high, and they were all stunned.

This...is this really a crime?

This man offended the royal family?

Outside the crowd circle in the square, there are still some forces who have heard the wind watching this scene, and hurriedly return news to their masters.

"The man was hanged."

"Well, it should be the meaning of the queen, I saw Lord Shadow."

*

The center of the square.

The people of the hidden family handed the whip made of top-sized leather to the man in black:
"Lord Shadow, the whip you want."

The man in black took the whip from the hands of his subordinates expressionlessly, and hit the whip in the air to test the feel.

Snapped!

Ripped through the air with a leather-soaked whip, making a hunting sound.

Hundreds of people in the square felt their hearts tremble when they heard the sound of the whip hitting the ground, and their whole body shivered involuntarily, as if the whip just thrown out by the shadow hit them, a severe pain that could be imagined.

The shadow walked directly under Lu Zhi, raised his head, his calm eyes showed no emotion, and said softly, "She came to the square to find you."

"I didn't see it." Lu Zhi was hung on the cross, and his body was as weak as paper, as if he would disappear into the light at any moment.

His legs are disabled and there is little room for resistance.

This is the most embarrassing time in his life!

was even seen by that person!

Shadow didn't talk nonsense to him, and said concisely: "She hit the face of the hidden family this time. The queen can save her life for your sake, but she must be punished."

"You ask her to come out, as long as she is willing to kneel down in public and admit her mistake, the Queen means that she can let her go, so you don't have to suffer."

"Huh." Lu Zhi raised the corners of his mouth, smiling softly and charmingly, but his eyes were full of gloomy eyes staring at him: "Do you dare to kill me?"

"..."

Lu Zhi tilted his head to look at him, as if he was not afraid of death: "If you dare to kill me, I will try, I will not call someone out for you! And I didn't see her."

Shadow said quickly: "Sorry."

Then he calmed down and stopped looking at Lu Zhi, his eyes became firm, he raised the whip in his hand, and slapped Lu Zhi fiercely with the whip.

"Snapped!"

The whip was torn on Lu Zhi's back.

Red blood seeped out from his back, and quickly dyed the white shirt red, as if a flower was blooming on the white shirt.

"Where is Qiao Nian?" Shadow asked him blankly.

"Tsk." There was a trace of blood oozing from the corners of Lu Zhi's mouth, but the corners of his mouth lifted up, he closed his eyes, and showed an uncooperative attitude.

Shadow slashed again with another whip.

There was only his stern voice in the square, questioning Lu Zhi one after another: "Where is Qiao Nian?"

No one spoke in the square, and the only answer to him was the sound of him hitting Lu Zhi, the whip piercing the air and hunting.

Shadow could probably see that Lu Zhi's mouth was hard. After he whipped a few whips, he instructed the people under his command: "Go and fetch the salt water."

"Yes." The people under his command couldn't bear to watch it, so they hurried to work.

Chapter 2549 Sister Nian stood up and heard that you were looking for me

"What did he do wrong?"

"The royal family has not publicly executed executions for a long time."

"I heard the people below keep asking him a name, what is Qiao Nian? It's like an oriental name, but he wouldn't say it."

"Why doesn't he say it, he doesn't have to suffer when he says it!"

During this time, hundreds of people in the square dared to discuss the behavior of the royal family in a low voice.

The girl has been playing with her phone with her head down.

It was only at this time that she raised her head, the face hidden under the hoodie was frosty, delicate and eye-catching.

is not the face of the Oriental!

Qiao Nian had already done all the preparatory work while everyone was paying attention to the execution of Lu by the hidden family.

Now, she can act immediately as long as she waits for Jane's reply.

But Jane has not sent any news.

A minute has passed.

Two minutes.

Qiao Nian Yao saw the people of the Hidden Family walking back staggeringly with an iron bucket, and then the shadow in black soaked the blood-stained leather whip into the salt water of the iron bucket, raised his head, and his expressionless face was rare. There is a hint of pity.

"Mr. Lu, just say it."

"Where is Qiao Nian?"

Lu Zhi's white shirt squeaked in the wind, and his jade-white face now looked paler and more transparent. .

His long eyelashes concealed the coolness in the bottom of his eyes, the corners of his mouth always raised provocatively, and he answered in a hoarse voice to those who looked at him with compassion: "No-know-dao."

-do not know!

Shadow's complexion changed, his lips pursed tightly, his brows furrowed, and the hand holding the whip became hesitant.

The forces behind Lu Zhi are not small.

In fact, he was also afraid that Lu Zhi had three strengths and two weaknesses, and the people under Lu Zhi were fighting with them.

It was just that the Queen had to teach Qiao a lesson. He couldn't persuade him, so he had to bite the bullet and play this square trial trick.

But if Lu Zhi really died here... Shadow has to consider how big the involvement is!

Lu Zhi seemed to see that he was afraid, and sneered in the mood. He seemed to see through everything and asked him: "Do you dare to kill me?"

Shadow just because of these words, gritted his teeth, took out the whip dipped in salt water from the bucket, and slapped him with a savage whip.

Bloody flowers bloomed on Lu Zhi's back.

"Where is Qiao Nian?!"

...

In the crowd, the girl's eyes were bloodshot.

She clenched her phone tightly, and finally waited for Jian Yan's person to reply her message:
"We're here."

Qiao Nian raised his head, revealing a delicate face under his hoodie, and walked over to the center of the square, step by step, over the crowd of onlookers in the square.

"I am here!"

The girl's voice was calm and cold, and it was spread far away.

The people of the hidden family in the center of the square all stopped what they were doing, and looked nervously in the direction of the sound.

Lu Zhi opened his eyes and saw the girl walking towards him, clenching his teeth, his expression changed slightly.

Qiao Nian had already walked in front of everyone, reached out and tore off the hood of his hoodie, revealing his face, with a dry tone: "I heard you were looking for me?"

Shadow looked at her.

The girl in front of her was young, at most twenty years old, and the dull color of black seemed to fit her.

The girl put one hand in her pocket and stood there slantingly, her eyes were extremely dark and dark, the typical oriental appearance with black hair and black eyes, and her whole body was very uncomfortable.

Is this the only bloodline of the Ji family's generation?

Shadow was stunned for a moment, as if looking through the person in front of him to see a woman with unparalleled elegance twenty years ago.

may be all Ji family members.

Ji Ziyin also has the outline of that person.

Compared with the girl in front of him, Ji Ziyin can only describe it as 'it's just a show'.

This kind of unruly and unconvincing aura is the unique temperament of the Ji family's direct line!

The shadow quickly came back to his senses, looked at the person in front of him, and said in a low voice, "Qiao Nian, you should know why I'm looking for you. The queen gave you a way, so she knelt down here and apologized to the hidden family. , we will release Lu Zhi."

"What if I don't?" The girl raised her eyebrows, raised her lips, and looked at him provocatively.

Shadow frowned quickly: "You don't have the right to say no, Lu Zhihe..."

"Don't forget, you don't have the right to negotiate with me."

Qiao Nian's tone was cold, and he said it clearly, word by word: "I said that 7 nautical miles away from the dock in country M, the range of the gamma missile is already aimed at the royal family of M. You don't think I really dared to bomb M. The royal family?"

Shadow stared at her without speaking.

The Ji family has the blood of rebellion in their bones, and he believes that what Qiao Nian said can be done!

She dared to do it.

Qiao Nian raised his chin towards him and said casually: "The royal family was blown down overnight, and the hidden family fled like mice... If this news spreads, who do you think is more embarrassing?"

The news of the royal family is originally a kind of entertainment news, and it is very popular.

Although the crowd in the square could not understand the hidden family or the gamma missile, some people who could use their brains could faintly smell the traffic and heat. .

Some people quietly took out their mobile phones to record the screen, and some people quietly started live broadcasts.

Part of the video has started to spread on the Internet.

at this time.

The phone in Qiao Nian's pocket vibrated.

She turned to the side, took out her phone, and looked down.

It was Jane's people who had already prepared according to her instructions.

Qiao Nian didn't reply after reading the news, raised his head and looked at the people of the hidden family in the center of the square again, his tone was soft and powerful: "Today I must take Lu Zhi away!"

Shadow frowned fiercely, his eyelids jumped, and his tone was solemn: "What you said is too arrogant."

His voice did not fall.

There was an explosion all around the square.

Hundreds of people in the square were frightened by the sound of the explosion, and all screamed and rioted.

"Ah! There's a bomb!"

"Run!"

"Ahhh my phone."

With the thick smoke all around, most of the people ran around and ran amok in the choking smoke without knowing the direction.

The people of the Hidden Family responded very quickly, and immediately stopped some panicked pedestrians running towards them.

But there are too many people.

A lot of people were frightened, plus they heard screams everywhere.

Their voices were not soothing at all.

In addition to the thick smoke, no one could see what was going on.

"Lord Shadow, it's a smoke bomb! She has other hands!" Someone approached Shadow while fanning the thick fog with his hands: "What should we do now?"

"Take Lu Zhi away first!"

Shadow didn't expect Qiao Nian to bring people. The information he got from John was that Qiao Nian came to them alone.

His face became serious, thinking of what the girl just said about the gamma missile, he immediately arranged for someone to do it.

"Yes."

The people of the hidden family took advantage of the chaos to put Lu Zhi down and prepared to transfer.
