

Madam's 2551

Chapter 2551 This is for Lu Zhi to return it to you, we are even

At the critical moment, under the cover of thick smoke, they didn't notice that the girl was already approaching them neatly.

Qiao Nian kicked a neat whirlwind, knocking someone down.

"Someone attacked!" Another man shouted.

As soon as he finished speaking, Qiao Nian hit him with a knife on the back of the neck, and the big man about 1.8 meters in size fell into a coma.

But his warning was timely, and the shadow and the rest of the hidden family noticed the movement around Lu Zhi.

Shadow immediately chased after her: "Stop her!"

Lu Zhi was the only hole card in their hand.

Lu Zhi can't be lost!

But Qiao Nian obviously arranged it better.

Jian Yan and Tian Chen's people have arrived.

She lowered her head and asked the man whose hands and feet were tied: "Are you alright?"

Lu Zhi looked pale, looked at her, and smiled: "Not dead."

Qiao Nian took out a small dagger from his body and cut the rope around his wrist, looked him up and down, and nodded: "It's ok if you don't die."

Lu Zhi:...

Time is running out.

Qiao Nian didn't have time to talk to him too much, seeing that the people from the hidden family were coming.

She simply and neatly instructed the people in Tianchen: "You take the people away first, and I will cut them off later."

"Yes."

Tianchen came from the same group of people that she met in the box that day when she went to the box to find Jane.

Those people got instructions from Jian Yan to listen to Qiao Nian's command, and they all knew Qiao Nian's identity, so they didn't talk nonsense and obeyed the orders.

According to the action route that Qiao Nian sent them before, everyone has a clear division of labor, and some people are still throwing smoke bombs to create chaos.

Someone swiftly carried Lu Zhi and walked away.

Lu Zhi gritted his teeth and looked at the cold back of the girl in the crowd, and was about to say, "Put me down."

But the person who ran behind him didn't hear his voice at all, and left here quickly behind his back.

Lu grabbed his legs without feeling with his hands. For the first time in his life, he hated himself for being a cripple!

*

Qiao Nian watched as Lu Zhi was taken away by Jian Yan's people, then turned to look at the people of the hidden family who had already settled a few people and rushed towards her.

She put away the dagger, methodically took out the portable pistol given to her by Jane's man from her bag, and checked the magazine.

raised her eyes again, her eyes were cold, she half-squinted her eyes, and raised her gun at the man in black who was running over.

Someone saw: "There are guns!"

Shadow reacted very quickly, and immediately noticed that the girl's black muzzle was pointed in his direction, and the well-trained one immediately turned a somersault to avoid it.

However, only a crisp gunshot was heard.

The muzzle in Qiao Nian's hand shot out a spark, and the bullet was shot accurately, hitting the man's left shoulder with one shot, and a blood-colored flower bloomed in the air.

"Hmm!" Shadow rolled to the ground in pain, subconsciously covering his left shoulder.

A puddle of blood fell on the ground.

Qiao Nian took the gun away with one hand, licked his lips, raised his eyebrows and looked here, but his aura was strong: "This is for Lu Zhi, we are even."

An inexplicable heat in the air.

As if there was gunpowder about to explode.

The people of the hidden family were angered by her arrogant behavior, and they wanted to tear her to pieces.

"..." Shadow didn't expect Qiao Nian to dare to shoot him.

It was impossible for her not to guess her identity.

But she really dared to fire this shot for Lu Zhi!

Qiao Nian's shot means she is declaring war with the Hidden Family!

The smell of gunpowder that was about to be ignited was crackling in the air, and the eyes of the people of the hidden family looking at Qiao Nian gradually became sharp and cold...

Chapter 2552 This wave of bosses won't lose

at the same time.

Jian Yan stopped all the group of people running from the southwest, checked them one by one, and finally walked aside with a cold expression to call Ji Lin: "We have no one here."

"People are not with us."

Her eyes swept over several key members of the M royal family, clenched her hands tightly, and repeated it again.

Ji Lin's voice on the other end of the phone was calm and calm: "Okay, I see."

Jian Yan slammed her fist on the car body, pressing the matter in her heart, lowered her eyebrows and asked him in a low voice, "Are Joe and our boss okay?"

She has not received any news from the two of them.

But her intuition told her that Ji Lin had received the latest news.

Sure enough.

The person on the other end of the phone seemed to be asking the people around him if they could say something, and then Jane heard his voice: "Lu Zhi has been rescued."

Jian Yan suddenly let go of her heart: "That's good."

Before she could finish her sentence, she thought of Qiao Nian again and hurriedly asked, "Then Qiao she..."

"After she stayed, she was still there." Ji Lin said calmly.

Jian Yan's heart abruptly picked up when she put it down, and she immediately scolded a swear word: "Crap!"

She turned her head to look at the main members of the M royal family who had been caught by her, her eyes gleaming coldly, and she whispered, "I caught a few of them here, why don't I bring someone to help?"

"Those people are all scumbags..."

Jilin hasn't finished speaking yet.

Jian Yan heard a rustling sound on the other end of the phone, and another low and hoarse voice came from the other end: "You just stare at those people where you are, and leave the rest to me."

"Are you...?" Jian Yan opened the car door and moved for a while, subconsciously feeling that the voice sounded familiar.

The man on the other end said, "Ye Wuchuan."

leaf?

Jane frowned.

"Her boyfriend." The man's voice was low: "We met before."

"Ah." Jane remembered.

Lu's rival in love.

She has indeed seen one side from a distance.

"Just keep an eye on them, and leave the rest to me." Ye Wangchuan raised his eyes and looked forward, Jin Gui said gently, "Don't worry, I won't put her in danger."

Jian Yan was in a hurry at first, but she didn't know how to be calmed down, but she was much calmer than before.

She also knew that she couldn't help for the time being, so she took a deep breath and said, "Joe, please!"

Ye Wangchuan clicked his tongue, and said in a slightly lazy tone: "My own girlfriend, I will protect myself. There is nothing to ask for."

Before Jane could say anything else, the other end had already hung up the phone.

She put down her phone, looked down at the call that had been hung up, rubbed her brows, thought about their emotional intelligence and way of speaking, and then thought about Lu Zhi.

Jian Yan couldn't help shaking her head and smiled bitterly: "This wave of bosses won't lose."

*

"Master, we found the Yu family's car." Ji Lin said in a low voice when he hung up the phone and returned the phone to himself.

Ye Wangchuan also saw the Yu family's car.

His eyes were deep, his elbows rested on the open car window, he bit the cigarette in his mouth, turned his head, and looked lazily at the car coming from the other side of the road.

The man's slender and lustrous hands were holding the cigarette, and the smoke curled up on his eyebrows, making him look noble and unparalleled: "Stop the person."

"Yes."

Ji Lin rolled over and got out of the car, making a gesture.

I saw seven or eight cars rushing out of nowhere, blocking the road.

Chapter 2553 The wrong man's wrist is tough

Yu's car was attacked from back and forth when it entered this road, and had to stop.

Where did the driver of the Yu family see this battle, he immediately panicked, turned his head and said, "Elder Yu?"

Yu Qingliu's face was ashen, he opened the door and said, "Don't panic, I'll go down and have a look!"

Of course he could see that the people who came here were not good, but who would dare to block the way of their Yu family in M country.

Yu Qingliu got out of the car on the front foot, and a person also got off the black extended Lincoln whose rear foot was parallel to them.

Yu Qingliu saw the man who looked like a young assistant, he obviously restrained his temper, and asked in a low voice, "Is the old ancestor okay?"

The man who looked like an assistant lowered his eyebrows and pleaded with his eyes: "Her old man asked you to get rid of these people as soon as possible."

Yu Qingliu nodded solemnly: "I understand."

The man who looked like an assistant turned around and got back into the extended Lincoln car behind Yu's house and closed the door.

The windows of the car were blocked by curtains and airtight, and there was no trace of the inside from the outside.

But Yu Qingliu just got off the car, but the person in the car can guess the identity of the person above without even revealing his face.

Her Majesty the Queen of the Hidden Family.

The real ruler of the hidden family.

Ye Wangchuan looked at the lengthened Lincoln car without the slightest movement, snuffed out the cigarette **** in his hand, and threw the cigarette **** on the ground.

He could see that the unremarkable Lincoln was equipped with ammunition and bulletproof glass, which was comparable to a mobile armored tank.

But even if a real tank came today, he would stop Qiao Nian!

Yu Qingliu and Ji Lin are still talking. .

Ye Wangchuan opened the car door and got out of the car, walked over and said, "Let your people in Freedom Square, let them go."

Ji Lin turned sideways when he came over and asked him to negotiate face-to-face with Yu Qingliu.

Who would have known that Ye Wuchuan would come to him so directly and offer to let him go.

Yu Qingliu originally wanted to delay the time, and when their men came, who would have known that Ye Wuchuan would let them go without saying a word.

"Who is it? I don't know what you're talking about. And this is country M, you should know who I am, you stopped me..."

"Ji Lin." Ye Wuchuan interrupted him, his eyes fell on the driver of the Yu family, his eyes narrowed dangerously, he raised his hand and said, "Drag the person away."

He is knocking the mountain and shaking the tiger!

Ji Lin quickly raised his head, glanced at the man's stern profile, pursed his lips, lowered his eyes, and went to work without a word.

Seven or eight vehicles that were blocking the road soon got on and off dozens of people, and the two of them dragged the Yu family driver away in front of Yu Qingliu.

Yu Qingliu seemed to have been slapped in public, clenched his fists, his old face flushed red, staring angrily at the young man in front of him, speaking in a vibrato: "Do you know who you have offended!"

Ye Wuchuan then looked at him: "Hidden family?"

Yu Qingliu originally thought that he would ask himself, but who knew that he would reveal his cards in one breath.

Yu Qingliu was blocked for a while, his throat rolled, and he didn't say a word for a long time: "You know how dare you do this!"

Does anyone dare to be presumptuous in front of their hidden family these days?

Ye Wangchuan asked someone to stop him and walked directly past him to the black Lincoln with the windows closed.

"You are bold..."

"you come back!"

"You are courting death!"

Yu Qingliu jumped with anger.

But this time he received the news temporarily, and he actually didn't have a few people around him.

He was stopped by a few people, so he could only jump, watching the other party ignored him and walked straight to the ancestor's car.

Chapter 2554 The noble as a queen is forced to bow her head

Ye Wangchuan walked to the window, looked at the still motionless car, reached out and knocked on the window, and said in a gentlemanly manner, "m?"

Qiao Nian once received an anonymous courier with a finger inside, and the sign of the courier was m.

Qiao Nian didn't take this courier to heart.

Ye Wangchuan asked someone to investigate.

He found out that the delivery location was in country m, and the owner of that finger was the little yellow hair from the previous K organization.

The m country has always been the domain of the hidden family.

It is impossible for anyone from the Yu family and the M royal family to give Qiao Nian such a 'gift'.

He was still thinking about who would give this gift to Qiao Nian, but now that he thinks about it, the answer is actually in front of him.

"You are the mysterious person who gave her a gift, right?"

There was still no movement in the black Lincoln, and it was quiet inside, as if he hadn't heard him speak.

Ye Wuchuan straightened his waist, put his hands in his pockets, noble and free and easy, and his temperament was different from that of ordinary people: "You won't give my girlfriend gifts for no reason, so I thought about the relationship inside. Probably an acquaintance? Or... related by blood?"

Who would have thought that Her Majesty the Empress of the Hidden Family might have inextricably linked with the Ji family? This news is going to spread, I'm afraid it will shock most people's jaws.

Ye Wuchuan was still smiling, but the smile did not reach his eyes, and his aura was quite strong: "I don't care what relationship you have with her, now you only have one choice - let him go. Otherwise, you will most likely not be able to leave here alive today. already."

"I'll give you ten seconds to think about it."

...

in the car. .

Everyone kept their heads down and stared at their toes desperately, no one dared to look up at the face of the person in the car.

They all heard what Ye Fangchuan said, and their hearts were beating.

What mysterious man m?

What blood relationship or acquaintance.

They heard the clouds and fog, and didn't know what the people outside were saying, but they keenly felt that the air in the car was about to freeze.

The assistant who got out of the car to communicate with Yu Qingliu before leaned down cautiously, knelt on the car and whispered, "Ancestor, what should we do now?"

The car was silent for six or seven seconds.

At this time, every second is so long, like a heartbeat. The tense atmosphere makes everyone in the car heart beat faster, and the brain is deprived of oxygen.

finally.

An old and gloomy female voice sounded: "Tell the shadow to let him go."

"Yes." The assistant got out of the car and went to communicate with Ji Lin and the others.

The car was deadly quiet again, and everyone buried their heads even lower.

Not only did their hearts beat faster, they were still in shock.

As noble as Her Majesty the Queen, he was forced to bow his head this time!

This is definitely an unprecedented shame and slap in the face for the hidden family!

But no one dared to put forward different opinions at this juncture, after all, their life and death are still in the hands of outsiders.

*

on Liberty Square.

The two sides were deadlocked for a few minutes, and someone from the hidden family couldn't bear it anymore and prepared to start: "If we don't leave her here today, our hidden family will not hang around outside! Don't beep with her, just do it, I don't believe one yet. The yellow-haired girl can fly to the sky!"

The wound on Shadow's left shoulder where the bullet hit was extremely painful. The fine sweat overflowed from his forehead. Jiang Zhihao stood firm, pursed his lips, and a murderous look flashed in his eyes.

Chapter 2555 Sister Nian retreats

He was about to give an order.

My phone suddenly rang.

At this time, the ringtone of the mobile phone is like a pause button, hitting everyone's heart.

Shadow glanced at the caller ID and said to the others, "Wait a minute."

Then he walked to the side with a dignified expression and answered the phone: "Hello, yes."

He didn't know what he heard, so he was furious, his expression changed, his eyes turned sharp and fell on the girl in the center of the square, his eyes seemed to eat people.

But he seemed to be afraid of something, gritted his teeth, his cheek muscles tightened: "Yes, I know."

He hung up the phone and walked back, and said to the dozens of people in the hidden family: "Let them go."

"?"

Everyone in the hidden family was stunned.

"Release people?" There are people who are popular but come forward with the theory: "Lord Shadow, we release people at this time, face..."

Shadow slapped him with a backhand, and the person who hit him stumbled and almost fell to the ground: "The Queen's order, let him go!"

The rest of the hidden family, look at me, I look at you, there was a commotion, and no one dared to speak up.

Shadow walked up to the girl at this time, tall and full of aura, looking down at the girl with stern eyes: "Miss Qiao, I really underestimate your courage."

Qiao Nian heard their conversation, so it was clear that the other party was not going to do anything.

She raised her eyebrows. Although she didn't know what was going on, she still answered indifferently: "Oh? I won the prize. In fact, I'm quite timid, so I don't need to be scared."

Shadow took a deep breath, the muscles on her cheeks trembled, looked at her again, and tried her best to restrain herself: "You are provoking the hidden family like this, we can only live forever. Miss Qiao, this matter is not over yet!"

Qiao Nian put away the gun without moving his eyelashes, but his delicate and eye-catching face was extremely flat. He raised his eyelids and looked at him: "Are you done?"

"Can I go?" Her attitude was extremely arrogant, as if she took Shadow's warning to heart.

Shadow's eyelids twitched wildly, and he pursed his lips.

One can think of the situation where the assistant told his queen on the phone, and he had to get out of the way: "Let her go!"

The rest of the hidden family were shocked by his prestige, and they were unwilling to step aside.

A road that allows only one person to pass through is given way.

Qiao Nian narrowed his eyes.

At this moment, she received Ye Wuchuan's WeChat.

Qiao Nian took out his mobile phone, clicked on the new message that popped up and glanced at it, and saw the man's brief sentence: [With me here, let's go.]

Just a few words.

Qiao Nian instantly understood what was going on.

She put the phone back, reached out and pulled the brim of her hat to cover her eyes, and passed by the people of the hidden family with a blank expression.

She thought about how long she had to be 20 years old. After all, looking at it like this, I owe a lot of favor today.

*

Across the road, the woman Qiao Nian had seen in the box before was a little surprised to see her withdraw from the square unscathed.

But she got out of the car immediately and opened the passenger door for the girl: "Miss Qiao, get in the car."

Qiao Nian said nothing, got into the car neatly, fastened his seat belt, turned his head and asked her, "Where's Lu Zhi?"

After this rescue operation, the woman has long since respected her, and her attitude is more respectful than that in the box: "Mr. Lu was sent to the Pharmacy Association, they should be here now."

Chapter 2556 Wrong Lord: Well, worried about me?

Qiao Nian opened the car window and put one hand on it to call the man: "Where are you? Are you okay?"

Ye Wuchuan's low voice came from the other end of the phone: "Worry about me?"

Qiao Nian looked up at the direction of the square, lowered his eyelids, and answered his question head-on for the first time: "Yes."

Ye Wangchuan smiled lowly on the other end of the phone.

Qiao Nian was agitated by the eardrums of his low-alcohol voice, and the temperature in the car rose several degrees for no reason, so she reached out to turn on the air conditioner to cool down.

Now it is March outside, and the temperature is only a dozen degrees.

Qiao Nian opened the window and turned on the air conditioner again, and the temperature in the car was about ten degrees at most.

The cold hair of the woman sitting in the driver's seat stood up. Because of Qiao Nian, she didn't dare to mention that it was too cold.

Mom, it's so cold~

Qiao Nian didn't feel that the temperature inside the car was too low, and most of her body was dry and hot. She lowered her eyelashes and covered the deep lake at the bottom of her eyes: "I'm leaving from the square."

"Now you're going to the Pharmacy Association, how about you?"

She is going to find Zhongliuqiu to help Lu Zhi see a doctor, and she is going to meet up with Jane.

Qiao Nian couldn't worry about him, and said, "Where are you, or I'll find you first."

the other side.

Ye Wuchuan leaned beside the off-road vehicle, with a tall figure and a strong aura, he threw the chewing gum in his hand on the ground, looked up at the cars of the Yu family and the hidden family that were still blocked by them in the middle of the road, his eyebrows lowered There is some gentleness at the office: "No, you go first."

Ji Lin just finished negotiating with the people of the hidden family, and walked over here.

From a distance, he could see Ye Wuchuan's lowered eyes, the gentle aura surrounding his body, and at a glance, he knew who he was calling. .

Ji Lin didn't want to come over to be a light bulb, but he had something to report, so he could only bite the bullet and be a blind light bulb.

"Master." He whispered as much as possible: "People from the Hidden Family said that Miss Qiao has left the square safely."

Ye Wuchuan glanced at him sideways, his eyes as deep as the deep sea.

Ji Lin silently stopped the beginning, very interesting: "I'll go and tell them to wait for a while."

Ye Wangchuan saw him walking away to Yu Qingliu, raised his brows slightly, leaned against the side of the car with a lazy expression, and said in a low voice, "...I'll go to you after I'm done here."

Qiao Nian heard Ji Lin's voice over there: "Okay."

"Then I'll go first."

"Hmm." Ye Yichuan replied in a low voice again.

The clear voice is addictive.

Qiao Nian couldn't hold back before hanging up on him, and said quickly, "Be careful of yourself, I'll wait for you to come."

Ye Wangchuan heard the girl's rare serious tone, and lost his mind a little. When he came back to his senses, Qiao Nian had already hung up the phone.

He lowered his eyes and chuckled, took the phone away, and stood there looking at the screen for a long time.

Until Yu Qingliu couldn't stand anymore.

He put the phone back in the pocket of the windbreaker, looked up, and then noticed that the people of the hidden family walked towards the extended Lincoln car with two long legs.

Yu Qingliu is far apart.

All he saw was the young man knocking on the window pane of the car, as if speaking a few words to the people inside.

The Lincoln was extremely quiet.

The young man seemed to know that the people inside would not give him any response. After saying those few words briefly, he raised his hand and said with a strong aura, "Let's go."

The people in the seven or eight cars that blocked them quickly got on the car, moved very neatly, and made way.

Yu Qingliu watched the man turn and get into the off-road vehicle.

SUV closed the door.

soon, leaving him only a spot of dust.

Chapter 2557 The Yu family vows to defend the hidden family and your glory

Ye Wuchuan didn't mean to negotiate with him throughout the whole process, as if he was just a dispensable background board!

As soon as the off-road vehicle left, several other vehicles quickly turned around and left here.

The previously blocked road was instantly clear.

The driver of Yu's family was also released, stumbled and trot back to Yu Qingliu, only to find that the vicious group of people had disappeared.

Confused, he raised his head and said, "Elder Yu, those people are gone?"

Yu Qingliu just woke up from the dream, suddenly came back to his senses, turned his head to look at the Lincoln car behind him, and walked over quickly. Standing cautiously in front of the car, he asked, "Ancestor, are you alright?"

The people in the car ignored him.

Yu Qingliu's face was dull, buried his head even lower, and said indignantly: "Old Ancestor, these people are too arrogant! They dare to threaten you, if we don't teach them a lesson, the reputation of the hidden family will be ruined in the future. now. I..."

"Heh." The old and majestic voice came from the car, revealing a little dissatisfaction and ridicule: "Isn't M country your Yu family's territory? This is what you told me before to **** me away? Yu family is just like that. !"

Yu Qingliu seemed to be slapped in the middle. Ye Wuchuan's previous ignorance and now the Queen's rebuke were like whips on his most secret sore spot, making him like being thrown into a frying pan and tormenting again and again.

The Yu family was inconspicuous in the hidden family itself, and now this kind of joke is made again.

Yu Qingliu, as the head of the Yu family, quickly considered the pros and cons, and when he raised his head again, his eyes became fierce.

"Ancestor, don't worry."

"I will give you a satisfactory explanation!"

"The Yu family swears to the death to defend the hidden family and your glory!"

*

at the same time.

Jian's people just sent Lu Zhi to the Pharmacy Association. .

The Pharmacy Association has never encountered such a case of patients coming to the door. The person in charge of the door quickly reported the situation at the door to Zhong Yili.

Zhongliu heard a man covered in blood and a young man with disabled legs.

He left the potion experiment in progress, put on his coat and hurried out.

"Mr. Lu?" When he saw that the person sent over was really Lu Zhi, he quickly arranged for someone to carry Lu Zhi in.

As for the others in Tianchen, they could only wait for news outside.

Qiao Nian arrived at the Pharmacy Association in about an hour.

She is not the first time to come to the Pharmacy Association. Many people in the Pharmacy Association know her and basically know her identity.

So compared to the people who were blocked by Tianchen outside, she could be said to have no obstacles along the way.

When you meet someone from the Pharmacy Association on the road, they will greet her politely: "Q God."

"Q God is good."

"Q God."

"..."

Qiao Nian heard someone called Q God along the way, she heard her head big and nodded all the way.

Until she met Robert who came out, she finally saw an acquaintance and walked up quickly: "Where's Lu Zhi?"

"Q..." Robert was suddenly stopped by her, his azure blue eyes were confused for a moment, he quickly recovered, pointed to the inside and said, "The teacher is giving him medicine."

"Um."

Qiao Nian nodded, thanked him, and then walked quickly in the direction he pointed.

Robert was blocking the news according to Zhonglii's instructions, and he had something to do, so even though he really wanted to talk to Qiao Nian, he had to go to work first.

Chapter 2558 Q, you are in big trouble

When Qiao Nian passed by, Zhongliu happened to come out of it.

He was not surprised when he saw the girl, he closed the door and said to the girl, "Come with me, I have something to ask you."

Qiao Nian stretched out his cap, his eyes were calm, but he had a good temper, so he followed without a word.

Zhongliuyi walked to a quiet stairway at the corner of the corridor and stopped, turned to look at the girl who was following him, frowned and said, "Have you had **** with the Hidden Family?"

"Hmm." Qiao Nian raised his eyebrows, leaning against the wall and standing a little loosely: "Where did you hear that?"

Zhongliuyi is usually not in the laboratory, but on the way to the laboratory.

never cared about the outside world.

Qiao Nian did not expect him to be so well informed this time.

Zhong First-class frowned, seemingly speechless, took out his old mobile phone and handed it over: "Look for yourself, there are all your videos on the Internet."

"..."

Qiao Nian slowly reached out to take it, and brushed his fingers down.

Zhonglii showed her the Twitter of country m. There is a special topic on Twitter, #hidden family#. Now this topic is very popular, and it will soon be on the Twitter hot list of country m.

There are many videos of her in the topic.

She declared war with the people of the hidden family in the square, and mentioned some secrets of the M royal family...

"The news of the royal family is very eye-catching in country M, and the video you were filmed mentioned the hidden family. Many ordinary people don't know the existence of the hidden family at all. You are telling them about the hidden forces outside the world. . "

"Humans are curious creatures, you mention it... Anyway, you are becoming more popular on Twitter now."

Zhongliu didn't even know what to say about her. Seeing that Qiao Nian returned the phone to himself, he took back his phone and said with a headache: "These are not the most important things, the most important thing is the popularity. Come together, the Hidden Family is bound to trouble you. Otherwise, where will their faces go?"

"Q, you're in big trouble!"

Zhong First-rate looked at her with a serious look, and it didn't look like he was joking with her.

"You asked me for laboratory medicine before, so I'll remind you not to provoke the hidden family too much. As a result, you still... Forget it, I don't even know what to say about you."

"It doesn't matter."

After Qiao Nian returned the mobile phone to him, he lowered his hand and listened to him quietly, his whole body was full of anger and no fear: "Some people can't escape even if I don't offend them! So offend them. Offended, no big deal."

Zhongliuyi looked at her deeply.

I probably don't know what to answer.

He took a deep breath, rubbed his swollen temples, and his tone became much calmer: "Lu Zhi has a skin injury, it's not serious, just lie down for a few days. It's his leg... After this tossing, I'm afraid it will come back again. It will take a long time."

"His legs... have progressed?" Qiao Nian looked over with concern.

It seems that such a big thing as offending the hidden family is not as important to her as Lu Zhi's legs.

Zhongliu's head was big again, his lips moved, and he wanted to say a few words to her, thinking of her life-long friendship with Lu Zhi, he held back: "He didn't tell her?"

Zhongliu called her to ask her about the hidden family. Seeing that the client was not afraid, he didn't say much, so he went out.

Qiao Nian followed, quite coldly: "I didn't say it."

Chapter 2559 The Hidden Family Takes Action to Block Internet Popularity

Zhongliu said as he walked back, "Oh. He doesn't come to me for treatment for two months every year. Some time ago, Robert tried Chinese acupuncture and moxibustion for him. After a course of treatment, he was equipped with a rehabilitation machine from the Pharmacy Association. The nerves in his left leg are starting to respond."

Qiao Nian paused slightly, then stopped slowly.

Zhongliu didn't turn his head to see that the girl didn't follow, and continued: "But this time he was cold and injured... I guess it will be effective if I think about it later, it's enough!"

He was discussing a case realistically from the perspective of a doctor, but Qiao Nian lowered his eyes and clenched his hands.

"So Lu Zhi actually has a chance to stand up again?"

Zhongliu heard that her tone was not right, and then he reacted, stopped and looked back at the girl who had fallen a few steps away from him.

He realized that he seemed to be talking the wrong thing, and stood there a little bit at a loss: "I just said there is such a possibility... You also know that his legs are not a day or two. This time, there is only hope, not really. Stand up successfully."

"That's enough." Qiao Nian's long eyelashes covered his eyes and whispered.

At that time, Lu Zhi couldn't stand up again.

Over the years, only one belief has supported him to go on.

Lu Zhi insisted for more than ten years and finally saw a ray of light, and now the light has dimmed.

is undoubtedly a huge blow to him. .

"Does Lu Zhi know?"

Zhongliuyi reacted and shook his head: "He doesn't know, I haven't told him yet."

Qiao Nian's eyes were full of haze, so he said softly, "Don't tell him."

Zhong Liliu looked at her bad face, nodded, knowing: "I see."

Qiao Nian knew that many medical miracles were miracles. She was just a little flustered for a moment, but quickly adjusted her emotions.

Since Robert's acupuncture treatment was effective before, if he thinks of a solution later, it is not that there is no chance for Lu Zhi to stand up again.

She felt a little better when she thought about it.

It happened that Jane was calling her.

"I'll answer a call." Qiao Nian said to Zhongliu, and went to the corridor window to answer the phone.

*

Jane came very quickly.

She immediately went to the lounge to see Lu Zhi.

Zhongliu had just given Lu Zhi the medicine, and Lu Zhi himself was still in a coma, and he didn't wake up.

Jian Yan felt relieved when she saw that he was safe and sound.

She only stayed inside for a few minutes, then took the door lightly and walked out.

Probably Qiao Nian and Lu Zhi were all right, and Jian Yan felt a lot more relaxed, so she threw a bubble gum to the girl when she came out.

"Orange flavored."

Qiao Nian caught it quickly, looked down, raised the corner of his mouth, and lazily peeled off the candy wrapper on the outside of the bubblegum and threw it into his mouth: "It really smells of oranges."

"That's it." Jian Yan smiled, peeled off the candy wrapper and ate one, then raised her eyebrows and asked her seriously, "Joe, what are you going to do next?"

She had seen the video on the Internet on the way here, and like Zhong Liliu, she was also worried that the hidden family would retaliate against Qiao Nian.

"They have already exploded the trending topics on Twitter, and topics about you and the hidden family are not on the trending list."

"It looks like they want to close the door to solve this matter."

Jian Yan somewhat sneered at the practice of the hidden family.

The practice of the Hidden Family to seal the heat this time is not just to bully others, relying on their own territory to bully outsiders.

Chapter 2560 Do whatever you want, cold salad!

"They certainly won't give up easily, have you thought about it?"

Qiao Nian leaned against the wall and chewed bubble gum, his whole person showed a laziness: "Do what you need to do."

Jane:...

How could she not be afraid!

Qiao Nian raised his eyebrows, with a hint of frivolity between his brows, and smiled: "Cold it."

Jian Yan saw her shrugging her shoulders, with the posture of a dead pig that is not afraid of boiling water, and suddenly one head and two were big, and she said speechlessly: "I'll call all Tianchen's hands."

"Anyway, you are taking an adventure this time for Big Brother Lu. I can't leave you alone to face the revenge of the hidden family."

Just as Qiao Nian was about to say something casual, her phone vibrated.

The girl picked up the phone and saw the name beating on the screen, stood up straight, and said to Jane: "I'll go out and pick up someone."

"Who is it?" Jane asked casually, looked at her again, patted her head, reacted, and waved at her: "I know who it is, you go."

Although Big Brother Lu and others are rivals in love, how do you say...ennnn...they owe them a big favor.

She can't be the light bulb either.

**

Ji Lin parked his car outside, looked at the gate of the Pharmacy Association, turned back and said to the people in the car, "Master, how can we get in in a while?"

Ye Wangchuan saw that the phone call he made had been hung up, raised his eyebrows, put away the phone, and looked at him lazily: "Someone answered."

Ji Lin looked inside the Pharmacy Association to see who came out to pick them up.

Soon, a figure came out from it, the big guy's unique madness and cool aura, Ji Lin instantly understood who it was.

"Master, Miss Qiao is out..." He just wanted to say something to the person in the co-pilot. .

Ji Lin turned his head to look.

Ye Wangchuan had already unfastened his seat belt, opened the door and got out of the car.

He rubbed his nose in the sun, quickly got out of the car, and took the initiative to say hello to the girl who came over: "Hello, Miss Qiao, we meet again."

"En." Qiao Nian was more familiar with him, so he nodded in response, turned his head to look at the man, his beautiful eyes looked dark and calm, but he could see the concern inside: "What did you do, why did they agree to let go? human?"

"Tsk."

Ye Wangchuan raised his lips, but he didn't move his gaze on the girl's face: "God Qiao interrogated me as soon as he came?"

Qiao Nian was inexplicably teased by him, rubbed his eyebrows and said, "You know that's not what I meant."

"Oh." He lengthened his voice deliberately and chuckled slightly: "Then what do you mean?"

Qiao Nian: "..."

"Forget it." Qiao Nian suspected that there was something wrong with him, and was speechless every time he was teased by him. He turned around and was about to bring the two in: "Come in first."

Ye Wuchuan grabbed her hand, turned his head and said to Ji Lin, "You go first."

"Goodbye Miss Qiao." Ji Lin ran inside without saying a word, and slipped so fast that he disappeared in a blink of an eye.

There were only Qiao Nian and him at the door of the Pharmacy Association.

Ye Wuchuan pulled her into his arms, lowered his head, and pressed the girl against the door of the car with picturesque eyebrows, and said in a low voice, "You said on WeChat that you were going to give me a surprise, what surprise?"

He breathed spray on his neck.

Qiao Nian suddenly had a dry mouth, his eyes flashed, and he coughed: "I'm just surprised."

Ye Wangchuan saw the slightly red earlobe under her hair, and narrowed her eyes with great interest, but didn't let her go: "Like what?"
