

## Madam's 2561

Chapter 2561 Wrong Lord: I teach you

"..." Qiao Nian frowned, raised his head to look at him, and quickly lowered his eyes and muttered, is it a surprise to say a surprise?

And the surprise she prepared was not easy to say.

But looking at the other party's unrelenting posture, she felt that she couldn't leave without saying anything today, so she simply raised her eyebrows: "For example..."

Ye Wangchuan was waiting for her example.

In the next second, his palm was hooked by the girl's little finger, and just as he was distracted, two soft lips pressed against him.

Qiao Nian's lips have always been relatively cool, and beneath the coolness is a scorching flame that is invisible on the surface.

The girl's slightly curled eyelashes were printed in Ye Wangchuan's pupils, which were fine and long. The girl approached him with orange breath, and his brain was blank for a quarter of an hour.

He still hadn't figured out his thoughts.

The girl has already ended the kiss, forced a calm distance, and looked up at him with a moon-like face: "Like this."

Ye Wuchuan looked at her face that was close at hand, put his hand on her shoulder and pressed her against the door again, put his fingertips on her and brushed the hair around her brow bone, his voice was dark and hoarse: "Nian Nian, Kissing is like that."

"I teach you."

He lowered his head and took the girl's lips.

is like a good teacher, persuasive.

Then he left for a while, and whispered again: "There's still something like this."

He bowed his head again, this time he was much tougher, attacking the city and conquering the land, he was extremely domineering. .

Qiao Nian's breathing became faster.

Fortunately, Ye Wangchuan was not completely lost. In just a few minutes, he restrained himself, held the girl's hand, clasped his fingers tightly, and said in a hoarse voice: "...I'm waiting for three months at most."

"You have three months to turn 20."

Qiao Nian lifted his eyelids to look at him, his bright eyes glowing like spring: "En."

"..."

Ye Wangchuan's heart skipped a beat, and he almost went on fire again.

Fortunately, the education he received from a young age gave him the self-control that surpassed his peers.

He quickly adjusted his mentality, put his fingertips on it, and arranged the girl's hair, then raised the corner of his mouth, his eyes brushed over the corner of her lips, and whispered, "Let's go, let's go in."

Qiao Nian didn't know that the corner of her mouth was bitten without looking in the mirror. She herself was not so sensitive to pain, so she put one hand in her pocket and walked side by side with him to the Pharmacy Association like no one else...

Ji Lin was waiting for the two of them at the entrance of the Pharmacy Association. Seeing that the two had finally finished speaking, he walked over and said, "Miss Qiao, I just forgot to ask you which floor you are on."

He noticed the secret on Qiao Nian's lips with his sharp eyes, and looked away with interest.

Qiao Nian stretched out his hand and pressed his eyebrows, walking in front to lead the way: "I forgot to say, come with me."

Ji Lin followed silently.

Ye Wuchuan was a step behind them, and glanced sideways at the news on his mobile phone.

He did not return.

Put the phone back in.

On the screen of his mobile phone is a text message sent by his staff in country m: [My lord, what are you going to do with that woman in the Yu family? ]

\*

on the other side.

Yu family.

Yu Qingliu returned to the villa in a hurry.

The housekeeper of the Yu family made him a cup of coffee and sent it to him lightly.

The atmosphere in the living room of the villa is very solemn.

Ji Ziyin also sat in a corner as a guest, but besides her in the living room, there were people from the royal family.

Even if she is valued by the Yu family, she has no right to speak.

Ji Ziyin is a smart person, and she knows this, so she has been sitting in the far corner as a background board since she was called down by the housekeeper.

Chapter 2562 The queen doesn't make a move?

Yu Qingliu found a seat and sat down, and everyone came.

John just separated from Qin Si and rushed over in a hurry. Seeing Yu Qingliu coming back, he was the first to speak: "They haven't found Xinlan yet?"

"Yep."

When Yu Qingliu mentioned this, his brows were furrowed, and his unattractive face was even more ugly: "I have searched all over the hotel and there is no news of her, she should still be in the hands of others."

"What did those people arrest her for no reason? Don't they know Xinlan's identity?" John couldn't help himself.

This is the territory of the M country, but they are frequently frustrated.

What happened these days undoubtedly hit them too hard.

It is maddening to feel that their proud identity, status and authority are being challenged like never before.

Yu Qingliu took a sip of the coffee, took a blank face and opened the cup, smiling but not smiling: "Her friends said that she has reported herself to her family, do you think they don't know the identity of my granddaughter? of!"

Ji Ziyin's news in country m is blocked.

Most of her news came from Yu Qingliu, and she didn't even hear if Yu Qingliu didn't tell her.

That's why she didn't know until now that Yu Xinlan seemed to be kidnapped.

This surprised Ji Ziyin.

She frowned instinctively, thinking that this matter was too mysterious, but she was very smart not to interject at this time, but continued to listen to them as a transparent person.

Sure enough, after John was silent for a while, he pressed his eyebrows and said impatiently, "It's them again?"

"It should be..." Yu Qingliu said softly.

John stood up abruptly, his expression embarrassed, and he spoke fast and angry: "What the \*\*\*\* are they trying to do!"

Ji Ziyin was taken aback by him.

But Yu Qingliu was obviously an old man, and he was very calm to John's frantic performance and was not affected in the slightest.

"They provoke us frequently. The Queen's intention is to teach them a lesson, but her identity as an old man is there. If she spreads it out, someone will definitely gossip about bullying the younger generation... As a member of the hidden family, Of course, this must be done for her old man. What do you think?"

John's angry expression became complicated at first. He hesitated for a while, and asked Yu Qingliu tentatively: "You mean... we're only going to take action? The ancestors didn't help?"

Yu Qingliu didn't answer him directly, but looked at him directly, as if to satirize that he, as a member of the hidden family, would be afraid of a little girl.

John could feel Yu Qingliu's knife-like gaze resting on him, he shyly averted his start, his eyes dodged, but he refused to give Yu Qingliu a positive answer.

"Of course I know they're too arrogant, but... Why didn't the ancestors help? We shouldn't be the one to solve this matter."

Isn't this a joke with him?

That Doctor Qiao shot was a gamma missile, and there was a shadow of the F continent arms dealer behind it.

Of course he wanted to take the opportunity to please the queen, but after all, the M royal family was just an ordinary member of the hidden family with limited strength.

John didn't have the ambition of Yu Qingliu to climb up. He hoped that everyone in the royal family would be safe and smooth, and he didn't want to take risks.

"If the old ancestor refuses to help, I... I can only borrow some of you to find Xinlan. For the rest, I will depend on the attitude of the old ancestor."

Chapter 2563 Yu Qingliu plans to fight to the death with Sister Nian!

"Okay, I understand." Yu Qingliu interrupted him suddenly with a blank face, and got up to let the housekeeper see off the guests: "I don't need your hands, and you don't have to perfunctory me here."

John was confused by him and explained embarrassingly: "Old Yu, I didn't mean that, it's just that Qiao Nian her..."

When Ji Ziyin heard this, her eyes suddenly widened.

Did she hear it wrong?

m The royal family said... Qiao Nian?

Yu Qingliu interrupted him: "Our Yu family has its own blood, and people step on our head. I'm different from you. I want her to understand who can be offended and who can't be offended!"

"..."

"Send off."

The housekeeper of the Yu family had to walk in front of John, bent over and said politely, "I'm sorry, I'll take you out."

John stood there for a minute, and after a brief thought, he bent over to pick up his blazer and drape it over his arm.

Before he left, he stopped again and persuaded softly: "I know you won't listen to what I say now, but I still want to say something that the Queen is not even in the first place, you'd better think about it again."

Yu Qingliu ignored him.

John shook his head, as if he had nothing to do with him, turned around and left Yu's house.

\*

The Yu family's villa was left with only the members of the Yu family's own family.

Yu Qingliu sat back on the sofa like he was relieved. When the rest of the Yu family saw him like this, they looked at each other and realized the seriousness of the matter.

Someone asked cautiously, "Elder Yu, are we really going to go out and deal with that Joe or something?"

m The royal family didn't dare to stand out, it's a bit unreasonable for them to go to the top.

Everyone has a bad feeling in their hearts. .

Yu Qingliu's eyes were firm, and he said solemnly: "When things have come to this point, we have no turning back."

"Whether the Yu family can go further, depends on this time!"

"But." A few sober people in the Yu family are still worried: "The Queen is not willing to help, in case we..."

"Huh!" Yu Qingliu sneered, his eyes showing arrogance: "There is no case. Yu family has grown up in country m, is it possible that they are still afraid of them?!"

"The fact that the royal family dared not only shows that they are cowardly. We want to go a step further, and this time we must give the queen a satisfactory explanation. Otherwise...we will fall out of favor with the queen..."

"If we can take this opportunity to please the Queen and let the Queen look at us, it is not impossible for the Yu family to take a step forward to replace the Martin family in the future."

His words undoubtedly gave everyone a shot in the arm.

In the face of the huge temptation, other opponents also became silent.

The housekeeper of the Yu family returned after seeing him come back, and Yu Qingliu arranged in a deep voice: "Go and gather all the staff of the Yu family in country M, we have to finish this matter before dawn, and we will never let them live. Opportunity to leave country m!"

"..." The housekeeper of the Yu family was shocked when he heard this.

He quickly looked up at Yu Qingliu.

Ke Yu Qingliu has made a decision to give it a go.

He had to obey the arrangement, complied, and quickly left the villa to contact the Yu family's scattered staff.

\*

m states that it is not too big, but not too small.

The news that the Yu family plans to use the whole family to fight to the death tonight quickly reached Qiao Nian's ears.

She was not surprised that Yu Qingliu would make this decision.

She just wondered what happened to Yu Xinlan.

Chapter 2564 How many people are there in the Pharmacy Association

"What's the matter with Yu Xinlan? What did you say outside that we were arrested." Qiao Nian usually asks questions directly, but she asks Qin Si directly.

Qin Si brought the Qin family's staff to the Pharmacy Association to join everyone, and they were still in a dazed state.

Hearing this, he spread his hands and shook his head: "I don't know. Who is Yu Xinlan?"

Qiao Nian saw that he didn't understand the situation better than himself, so he waited for Ye Wangchuan to pass by and asked him, "Do you know what happened to Yu Xinlan?"

Ye Wangchuan was receiving the news and planned to come over and tell her, but Qiao Nian's news was better than his: "She? She did something in my hands."

"Oh." Qiao Nian figured out who was with him, so he didn't ask. He turned his head and said to Qin Si, "You ask Mr. Zhong to come over, I have something to tell him."

Qin Si usually looks sullen, which does not mean that he is stupid.

He probably also heard a little bit of wind, even if he didn't know the plans of the Yu family and the hidden family, he knew that the other party would definitely not give up easily.

He walked inside without saying a word: "Sister Qiao wait for me, I'll call Mr. Zhong over immediately."

Ye Wuchuan waited for him to walk away, turned his head, leaned against the wall, slightly hooked his head, looked at the girl with deep eyes, and said, "Are you going to be tough?"

Qiao Nian turned back to meet his eyes, his dark eyes blinked, and he was quite sloppy: "It's all over the place, I don't want to be \*\*\*\* them, is it useful?"

"..."

Yu Qingliu even said that she and Lu Zhi would not be allowed to leave M country alive, so they rushed here, and Qiao Nian had no way out.

Ye Wangchuan was only silent for a while, and then asked her, "How sure are you?"

"You said you won the Yu family?" Qiao Nian raised his eyebrows, but answered him honestly: "I'm not sure."

"This is the territory of the M country. The Yu family has three generations of people here. They don't want to burn with us. I'm still a little sure."

"This time he intends to use the power of the whole family to kill me, how can I say it..." Qiao Nian lowered his head slightly, still in a mood, raised his face, raised his face, and smiled dryly at him: "I didn't either. Make sure to survive tonight. Just leave it to your fate!"

She has already contacted Daji and asked him to find a way to send in another batch of arms.

It's just that the last time Daji transported the arms to the dock in country M, the people of the hidden family were alerted. They cut off the link of Daji's arms delivery an hour ago, and Daji was looking for someone to find a way to bring in what she wanted.

But the time is uncertain.

There are not many people who Jian Yan brought to M country.

Lu Zhi is still in a coma, and may not wake up tonight... So they are now in a dead end, and only rely on her to take down the Yu family's full blow this time.

She survived the best.

If she can't stand it...everyone has to finish the game.

\*

Zhongli came very quickly.

Because Zhongli came over, Ye Wuchuan left a space for them to talk alone with high emotional intelligence.

Zhongliu watched him pass him by, opened his mouth to say something, and reached out his hand to pull him, but thinking that this is not the time to say this, he put his hand down again and silently watched the man leave Ang Zang's back .

Wait for Ye Wangchuan to go far.

Zhongliu walked up to Qiao Nian again and asked her with a serious expression, "I heard from your friends that you are looking for me."

"Well, I have something to do with you." Qiao Nian stood up straight in front of him, looking at him with a rare serious expression: "How many people are there in the Pharmacy Association?"

Chapter 2565 Sister Nian wants to move all the members of the Pharmacy Association to a safe place

"One hundred and ninety-eight." Zhongliu tilted his head and said, "With me, one hundred and ninety-nine."

"Row."

Qiao Nian nodded and said to him, "I'll let Jane arrange a car to send you off, you can see which medicines you want to take away, and the data in your laboratory's computer... You can sort it out and tell me, and I'll give it back to you. Save it as a storage disk, and you take it with you."

Zhong First-class frowned and looked at her: "What do you mean?"

Qiao Nian did not hide him, and told him bluntly: "Tonight is really a fight, and I can't guarantee to keep the equipment in the Pharmacy Association. So you'd better take some precious laboratory drugs and data."

Zhong first-class expression has changed.

She can still say easily: "As for the instruments in the association...if I'm fine tonight, I'll pay you back. If I'm unlucky to donate, I'll explain to Guan Yan. Anyway...I'll try my best to keep the Pharmacy Association."

"You know I'm not worried about this." Zhongliu realized the seriousness of the matter, and Shen Mei said, "Did the hidden family decide to do something to you?"

Qiao Nian pulled the cap down with a cold and white hand, but said nothing.

Zhongliu immediately understood, turned around and hurriedly left: "I'm going to talk to the Queen!"

Qiao Nian grabbed him and stood in front of him. There was only a lone wolf-like rebelliousness in his cold eyebrows, and he didn't mean to bow his head: "Don't go."

"Why can't I go!" Zhongliu took a deep breath, anxious to get angry: "I still have some friendship with their hidden family, I might be able to come forward..."

The girl shook her head at him, the lines in the hoodie were smooth. .

Her chin was extraordinarily heroic, her eyes were half down, and she hadn't said a word yet.

Zhong Liliu quickly calmed down: "You really plan to wrestle with the hidden family?"

"Things have come to this point." Qiao Nian saw that he didn't want to rush to find someone from the hidden family, so he let go and said casually.

She also said the same thing to Ye Wangchuan.

Zhong First-class frowned, but he couldn't accept the result at all: "Is there no other way?"

"Yes." Qiao Nian glanced at him and said lightly, "Hand over Lu Zhi."

"..." Zhongliu was speechless.

He knew that Qiao Nian would never hand over Lu Zhi, so their conflict with the hidden family this time was unavoidable!

Qiao Nian didn't have time to talk to him too much, so he shared the news he knew with him, and called Jian Yan's people and asked them to start preparing to send Zhongliu away.

Zhong First-class didn't want to leave at first, but Qiao Nian told him that the rest of the Pharmacy Association needed him to settle down.

Zhong First-rate reluctantly agreed to leave.

\*\*

On the other side, the same busy people in the Yu family turned their backs.

Everyone was nervously preparing for the action at night. Only Ji Ziyin, the 'guest' from the Independent Continent, was extraordinarily redundant and had nothing to do.

She came down from the guest room on the second floor and saw that Yu Qingliu had just finished discussing with a subordinate.

The Yu family's subordinates received the order and hurriedly left the villa to run errands.

Ji Ziyin waited for him to leave before walking over and said softly, "Old Yu, can I help?"

Yu Qingliu's temperament was gloomy, his eyes were bloodshot, his eyes fell on her face as sharp as a knife had been slashed, and he didn't speak immediately.

Ji Ziyin's heart skipped a beat and became nervous.

Chapter 2566 home season that qualify it?

Fortunately, Yu clean quickly adjust the mood, by the press between the eyebrows, then went before drinking a glass of water for himself, as if old age, tired, said: "You will feel at ease living here, then I need your help some The place."

"Yes." Hideko Yin behaved with downcast eyes: "Yu old place even though there is a need to tell me, I just do to help, we must help."

Yu clean cold to hear her words, was flattered, 'ah' her cry, connect the water turns back: "You go to bed earlier tonight, do not go out."

"At night the family would be more noisy, wear earplugs if you can not sleep on it." He said the floating, bloodthirsty tone shred of hostility.

Hideko Yin was also present, he knows what to do at night, so sensible and said:. "Well, I'll take care of myself."

Yu family who have just come in with depression arrangements for the clean report of night.

"Yu old, we have followed your orders around the Pharmacy Guild of snipers ready, as long as someone from the inside out, our people will be the first time to get rid of them!"

"Um."

Yu asked what he was prepared to clean up a few people, in what direction.

Hideko Yin just stood there like a backdrop to minimize their sense of presence, slightly head down, mouth can not help but rise.

She knew so much noise with the hidden world of bee family who is Joe thought, this pleasure has been with her.

Although she read a little kinship with Joe there to tie him down, but little kinship far less than the benefits brought her benefits. .

Hideko Yin Qiao read from beginning to end have not said a word for.

Even stumbling, she did not bother to install it, the point was made almost dead looking forward to read Joe's mind on your face!

\*\*

At the same time, the hidden world family in an old house in the country m.

Shadow walked into the courtyard, walked in front of people drink tea, one knee, bowed his head will examine each report messages you have received to the other party.

"Queen, Yu has put snipers clean and ready for the killer, he was ready to start work tonight."

"Pharmacy Association, there is also movement, members of the secondary class and began to shift the Pharmacy Guild of drugs and equipment, evidently not stay in the Pharmacy Guild tonight."

That Joe has got the message read.

Shadow had to admire Joe read in the eyes and ears of the country informed m.

"Chung class to find me."

"He wanted to plead it."

Listen shadow above the deep commanding voice, the head did not dare lift, quiet listening.

Old man voice hoarse but a kind of heavy anger from the prestige of momentum, extremely tough and ruthless cold: "I have not seen him."

Shadow is not surprising, just buried his head on the ground, held down the back: "Queen of your identity and honor, he would have to qualify beg you."

"Ah."

The speaker seems to chuckle at, and drawled: "That season home qualified to do?"

Shadow suddenly back cold sweat, afraid to answer.

Queen continued: "Ji Ling-feng do not know where to hear the news, and he gave me a call, clearly told me that if I move Joe thought, he tried to talk to me."

"You look more than ridiculous!"

Her voice gradually became fierce: "Ji feng he fell in love with his half-sister, even if having children can not afford to be off his mind, like the gutter rat, like the dark not see the light for a lifetime and never find it.!"

Chapter 2567 Yu Qingliu is determined to miss her sister's life

"The Ji family has always been this kind of dirty and chaotic blood, but they still want to protect each other. How ridiculous he still wants to protect his sister and the daughter born by another man."

Shadow listened to the secret from twenty years ago without raising his head, as if he had known the secret for a long time.

The queen gradually calmed down from her madness, smiled again, and cut off the flower branch in front of her with scissors.

She looked at the dilapidated flowers on the ground, dropped the scissors, picked up a petal with her fingertips, and crushed them one by one: "I promise him, if Yu Qingliu can't complete the task before dawn, I will let them leave M country. ."

The power of the hidden family is by no means as simple as it seems, if she doesn't want Qiao Nian and his party to leave M country alive.

Qiao Nian can never leave.

is just the Ji family...

The Queen's eyes flashed with fear, but after all, she still didn't dare to confront Ji Lingfeng head-on: "Wait until the time is right."

"I will continue to dormant."

She didn't know Ji Qing and her descendants before, nor did she know Qiao Nian's existence.

The most intolerable thing in her life is that the blood of this vein is passed on, and she can endure everything else!

"I have to wait until the time is right..." The Queen murmured slightly, her tone was slow and gloomy: "If she unfortunately died at the hands of the Yu family, Ji Lingfeng would not blame me."

\*

Night falls.

A bright moon lifted into the sky, and there was a sultry humidity in the air. .

Outside the Pharmacy Association, even the chirping of insects was gone, and the quietness was unusual.

Qiao Nian leaned against the corridor, looked at the dim lights on the road outside and the road with no one, stretched out his hand and pulled his cap, turned and walked inside...

Ye Wangchuan was talking to Ji Lin and Qin Si in the corridor.

Qiao Nian walked over and asked, "How is Lu Zhi?"

Qin Si said with tears in his eyes, "Jian Yan and Tian Chen's people are guarding the outside where he lives, keeping it tightly sealed. His place is now the safest place for the Pharmacy Association."

Qin Si was afraid that Qiao Nian thought he meant Lu Zhi, so he quickly added: "But the others haven't woken up yet."

Zhong's first-class medicine was too violent.

Lu Zhi was still in a coma.

Tianchen is headless, and those people are useless.

Qin Si is discussing with them how to survive the danger tonight.

When he saw whether the girl's eyes were well-rested, he walked over, handed the girl a glass of water, and said, "Sister Qiao, there are me and the arrogant master here, why don't you go and rest first, anyway, I see the hidden family's I haven't moved for a while."

"Thank you." Qiao Nian took a sip of water from his hand, thanked him, and walked over, took out a notebook from his bag and opened it: "They've come a long time ago."

The laptop screen lights up, and seven or eight split-screen monitoring images pop up immediately.

Qin Si and Ji Lin leaned over to see.

Seeing those pictures on her computer screen, Qin Si suddenly pointed at the person above: (o\_o)... When are you monitoring? Wocao, they are all here? What kind of equipment is this? Sniper Are the guns out?"

Qiao Nian's computer shows a total of seven frequency divisions, and on each frequency division, a member of the Yu family was caught.

Apparently, the members of the Yu family were immediately discovered as soon as they arrived within the scope of the Pharmacy Association!

"Niu B." Qin Si said something awesome, but he didn't know what to say. He turned his head to look at the girl, and said, "It looks like they really want you to die."

Qiao Nian's computer surveillance showed that all the people from the Yu family brought guys here, and there were four snipers. Isn't this determined to kill Qiao Nian? !

Chapter 2568 You go first, I will break

The girl raised her cap with her hand to reveal a delicate and beautiful face, and was in a mood to joke with him: "That's why I said it's too popular."

Qin Si couldn't help but frowned and reminded her: "Sister Qiao, you are not popular..."

is too much!

The thief J8 is arrogant.

thief dragged.

Then make people want to kill you.

However, Ye Wangchuan stood up beside him, Qin Si had ten courage and didn't dare to say the truth, seeing the girl staring at him.

Qin Si silently touched his earlobe and changed the topic: "Are there all the people from the Yu family outside? Besides these people, is there anyone else? So many people besiege us, what should we do next?"

He asked three or four questions in a row, and he talked a lot.

Ji Lin disliked him.

But Qin Si's question was also the question he wanted to ask. Ji Lin walked over and looked at the two of them very seriously: "Miss Qiao, Mr. Wang. Do you want me to take someone out..."

He wiped his neck.

Qiao Nian reached out and clicked the mouse again, and the monitor screen on the computer screen changed again, switching the angle.

Ji Lin and Qin Si frowned when they saw the crowded Yu family members appearing on her computer: "So many people?"

It turned out that in addition to the snipers that Qiao Nian initially positioned, the Yu family also prepared a lot of people.

Since Qiao Nian didn't know when he got the surveillance camera, he could see that the entire Pharmacy Association was surrounded by the Yu family's hands!

If Ji Lin took people out, he was afraid that countless guns would immediately be aimed at his head.

"Damn it! The moon black and the wind kills the night." Qin Si thought of the werewolf killing.

It's just that the situation is critical now, and he's not in the mood to joke anymore.

Beijing City is also entrenched by various forces, and it is inevitable that there will be frictions and conflicts between forces.

He has seen these things a lot since he was a child.

He thought that the Yu family and the Yinshi family would at best have a few killers, and quietly killed them.

You can see the current posture.

The Yu family did this on the table!

"My lord." Qin Si raised his eyes, looked away from the computer, and instinctively looked at Ye Wuchuan.

He and Ye Wangchuan grew up together.

In the past, when everyone in the compound did bad things, they all obeyed Ye Wangchuan's command.

Now that he has grown up, Qin Si still habitually obeys Ye Wangchuan's orders.

"The Qin family's staff are all here. There are not many of them, but all of them are elites." Qin Si turned to look at Qiao Nian, and his expression became serious: "If you can't do it, you can take Sister Qiao first. After I stay behind... The Yu family is looking for Sister Qiao, they won't touch me."

Ye Wangchuan hasn't spoken yet.

Qiao Nian switched the surveillance camera on the computer. After seeing Yu Qingliu's staff arrangement outside the Pharmacy Association, he stood up calmly and said, "No need."

Qin Si frowned: "Sister Qiao, this is not the time to be joking."

"You listen to me, you go with the wrong master first."

Qiao Nian's phone just rang.

She picked it up and took a look.

Daji's news came through the Hongmeng private software: [sun, my people are here. ]

Qiao Nian sat leaning on the table, holding the phone in both hands, bowed his head, and was replying to the message with his fingertips close.

Ye Wangchuan seemed to have known that she had left behind, approached her, and asked in a lazy tone, "Are you here?"

Qiao Nian raised her head after replying to the news, just to meet someone's eyes, her eyes paused, and she looked away first: "Well."

Chapter 2569 Sister Nian and the arrogant master have already prepared their backs

Ye Wangchuan carefully put on the scarf on the chair, in a good mood, and smiled lowly: "Then see who will arrive first."

His fingertips touched the skin like a spark.

Others got close, and his breath was pouring on the girl's neck.

Qiao Nian was originally attracted by his actions, and heard his voice coming from above his head.

She went through her mind subconsciously, and then she was clearly more awake, raised her head, and looked at him with dark eyes.

Who's who came first?

He also arranged people?

Qiao Nian pressed her eyebrows and looked away suspiciously, but she had a strong sixth sense in her heart. She felt that Ye Wuchuan seemed to know how she planned to fight back against the Yu family.

But where did he know that?

Is he a bug?

\*\*

The Yu family was dispatched this time, and Qiao Nian was bound to save his life.

The Yu family villa is brightly lit.

Yu Qingliu personally sat in command at the rear, everyone in the Yu family hurriedly walked, looked serious, and didn't dare to take a breath.

"Mr. Yu, we have cut off the power of the Pharmacy Association and turned on the signal jammer."

"There should be no signal in them."

There is no signal in the Pharmacy Association, which means that Qiao Nian and others cannot use their mobile phones and computers.

Yu Qingliu did not dare to slack off at all, so he cheered up and asked him, "Where are our snipers? Are they all in place?"

The housekeeper of the Yu family looked at his eyes and nose: "Yes, all are here."

"That's good." Yu Qingliu breathed a sigh of relief.

Seeing that he was so worried, the housekeeper couldn't let go now, so he comforted: "You don't have to worry too much, this time the Yu family has gathered all the elite forces scattered all over country m, no matter how powerful she is, she can't escape... Not to mention She's not from China yet, why should she fight us?"

Yu Qingliu gradually relaxed his body as he spoke, but his nerves were still tense, and he couldn't relax completely.

"I always thought she was too quiet."

"Forehead."

The housekeeper of the Yu family didn't understand what he meant: "What did you say is too quiet?"

Yu Qingliu's sharp eyes fell on his face, and he said slowly, "Don't you think the Pharmacy Association is too quiet?"

"Since she sent Zhonglii and others out a long time ago, it means that she knows that we are going to act tonight. But look! Except for sending all the people from the Pharmacy Association away, she and her people have nothing to do. ."

Yu Qingliu frowned: "Don't you think it's abnormal?"

The housekeeper of the Yu family heard his words, and his heart skipped a beat, realizing that Qiao Nian's reaction was indeed too calm.

"Old Yu, you think too much." He could only comfort Yu Qingliu first.

Yu Qingliu pursed his lips tightly, the corners of his mouth pulled down, and sighed: "I hope I think too much!"

This time, the Yu family has deployed all their strength, in case something goes wrong...

Yu Qingliu can't imagine how much he has to pay!

He rubbed his eyebrows, calmed down a bit, and then asked the housekeeper, "I asked you to contact the person in the dark fort, did they reply to you?"

He already knew that Qiao Nian had the power of an arms dealer in Continent F behind him, and that the arms dealer named David in Continent F had a deadly enemy, the Dark Fort!

The two forces have often clashed, and they have had a lot of trouble in recent years.

Although David has a strong wrist and is a bit capable, he has rarely been able to win over the Dark Fortress in the past few years, which shows the strength of the Dark Fortress in Continent F.

Yu Qingliu had already figured it out.

Not long ago, the dungeon caught a spy under David's hands.

Chapter 2570 Sister Nian draws her salary from the bottom of the pot, and the Yu family will be cold

After the incident, the dark fort did not move the person, and put the person back intact, but it is well known that the two forces are not in harmony.

He just in case.

Yu Qingliu planned to contact the people in the dark fort first, and use the power of the dark fort to contain Qiao Nian's arms dealers in Continent F.

In this way, even if Qiao Nian puts on his wings, he won't even want to fly out of country M.

The butler shook his head: "The dark fort hasn't given us an answer yet."

Yu Qingliu tapped his fingers on the table, thought for a while, and instructed him: "You double the conditions we offered, I don't believe they won't be moved!"

The Yu family has already set a sky-high price, if you double it...

The housekeeper was a little surprised: "Are we going to pay such a big price?"

"Since we have done it, we must succeed." Yu Qingliu raised his hand: "Do as I say."

The housekeeper of the Yu family did not dare to say more, and was about to go out to re-contact the people in the dark castle.

He hasn't gone out yet.

Someone ran in, rolling and crawling, looking flustered, and talking in a panic: "No, no, it's not good."

"I, our Tangkou in Nangang was attacked. The Tangkou suffered heavy losses and was basically abolished!"

"What did you say?!"

Yu Qingliu stood up abruptly.

He didn't have time to react.

Someone hurried in from outside, and thumped and rolled to the ground like the previous man: "Old Yu, Beiqi, our stronghold in Beiqi was destroyed, no one escaped, it's all gone."

Yu Qingliu's eyes went dark, his body shook, and he almost fell back to the sofa.

He was used to being tough in his bones, and he held himself up with one breath: "Who did it?!"

"F, people from State F." The man was trembling all over, unable to calm down from fear, his voice trembled: "People from State F attacked our site while our hands were being transferred, our Everyone is gone."

Yu Qingliu's face was red, and he held onto the sofa tightly, pinching his nails so hard that he almost broke the sofa.

Qiao Nian!

How dare she!

Yu Qingliu strongly supported himself: "Where's the goods?"

The Yu family is also in the arms business.

The people under his hands trembled more and more and threw themselves on the ground: "Goods, goods were set on fire by them."

"..."

Are these people setting off fireworks?

Yu Qingliu's eyes were bloodshot, and he almost fainted.

The housekeeper of the Yu family was too frightened to move.

But bad news came one after another, and people from the Yu family kept coming in to report that the base was destroyed.

Just ten minutes.

Yu Qingliu counted the destroyed strongholds, their power in the M country has been destroyed by seventy-eighty-eight.

Even if he moved Qiao Nian this time to please the Queen, the price paid by the Yu family was too great.

The benefits they can get from the hidden family can't be compared with the price they pay, let alone the Yu family he dreamed of can get to a higher level.

Now...

The foundation of the Yu family is almost gone.

...

"Old Man Yu." Seeing his pale face, the housekeeper was breathing heavily, for fear that he would be out of anger, so he walked over to support him, and asked cautiously, "Our strongholds in various places have been destroyed, what should we do next?"

Yu Qingliu reluctantly took a breath, grabbed his arm, his tone had become abnormal: "Dark Fort... Contact the Dark Fort, I want them to die!"

"..."

"David dares to touch the Yu family, I must make him pay the price!" Yu Qingliu fell into a magical barrier: "Give them double, no, triple."
