

Madam's 2571

Chapter 2571 He now sees that the Yu family is going to have bad luck

"You offered three times the original condition, I only add one - I want David's stronghold in Continent F."

The Yu family also has influence in Continent F.

but not comparable to Daji.

His triple condition is equivalent to hollowing out the Yu family's hole cards in Continent F to play with Qiao Nian.

The housekeeper of the Yu family did not dare to touch his bad head: "I will contact them immediately."

Yu Qingliu was caught by surprise. In order to keep the foundation of the Yu family, he could not take care of Qiao Nian for the time being, so he arranged for his subordinates to rush over to guard the few remaining halls of the Yu family...

He himself went upstairs to find Ji Ziyin for help.

Now that the situation has changed, he can no longer be blindly optimistic, no matter what, he needs someone to help him deal with Qiao Nian.

Even if Ji Ziyin can't win over Qiao Nian, he can at least ask Ji Ziyin to help him find Yu Xinlan.

After all, Ji's family has always been strong.

Ji Ziyin was valued by Ji Lingfeng in the past, and there should be a lot of Ji's people in country M. He wants to use these people to rescue Yu Xinlan first.

*

F continent, the headquarters of the dark fort.

A rough-looking man received a call from the old butler of the Yu family, and he simply communicated with the other party, and then offered the conditions he wanted: "...The dungeon is not short of money, you can also ask us to help you, the money you agreed before is first. Call, and we also want your Yu family's arms in Fzhoutun."

"I'm not robbery, this is a deal, you go and ask Yu Qingliu first, if he wants us to talk."

"I don't force you."

He hung up the phone impatiently without waiting for the chattering on the other side.

Another strong, dark-skinned man threw a cigarette for him, lit it with a lighter, exhaled a circle of smoke, lowered his eyes and said, "Why did the Yu family offend the boss, the boss wants to play with them like this. I'm afraid Yu Qingliu Knowing the truth will kill you on the spot."

The man who answered the phone before had a long scar on his face. He looked very difficult to get along with, but he was a familiar face.

He picked up the cigarette on the table and said, "I don't smoke anymore."

"Well?" Yin Hu was like a ghost: "When did you quit smoking?"

"My sister-in-law is too young and she is still a college student. I can't shake in front of her with the smell of cigarettes all day long, so I quit." Mo Dong said it very naturally, thief.

Yinhu is even more hellish: "sister-in-law, sister-in-law?"

Mo Dong hummed, threw the cigarette back to him, and looked at him quizzically: "By the way, what did you just ask me?"

Yinhu was still in shock: "Uh? Did I ask you? Oh! I asked you how the Yu family offended the boss."

Mo Dong looks rough, but he is delicate. He poured himself a cup of tea and held it in his hand. When the other party became impatient, he replied slowly: "He didn't offend the boss, but offended the sister-in-law."

Mo Dong would like to add something: It is better to offend Miss Qiao than to offend the false master.

It's okay to say that on the side of the delusional master.

But the Yu family is so dead that they have to offend Miss Qiao... The arrogant master must not play them to death!

After all, who would have thought that the man behind the dark fort was an arrogant master.

"Anyway, look at it, the Yu family is going to have bad luck this time."

"..." Yin Hu was silent again for a long time, and only took a long time to say: "You don't need to say it, I have already seen it."

"Did you see it?" Mo Dong looked at him in surprise.

The expression on Yinhu's face was more complicated: "I couldn't see it at first, but you showed it very clearly, I can see it now."

He now sees that the Yu family is going to have bad luck!

Chapter 2572 You contact them and say I agree

Yu family.

The housekeeper of the Yu family hadn't had time to tell Yu Qingliu the conditions proposed by the dungeon.

He came in after calling and saw Ji Ziyin coming down the stairs on the second floor, talking to Yu Qingliu.

"My friend said it would take a little more time." Ji Ziyin pursed her lips and apologized a little: "...He promised me to find out the news and tell me as soon as possible."

Yu Qingliu has no better way at the moment: "Well, please trouble you."

Ji Ziyin is very discerning: "This is what I should do."

She rolled her eyes and noticed the dignified atmosphere of the Yu family, and said tentatively, "Elder Yu, don't you want to... things are not going well tonight?"

Ji Ziyin has a friend who is from the FBI. The Yu family can't find anyone to find Yu Xinlan's whereabouts. Yu Qingliu can only ask her for help.

Since he has asked someone for help, Yu Qingliu can't help answering Ji Ziyin: "Something went wrong."

"..." Ji Ziyin actually wanted to ask him what was wrong, but her sharp eyes noticed the red blood in the old man's eyes.

She wisely did not ask.

Yu Qingliu just saw the housekeeper come in.

He walked over to the sofa, beckoned to the old housekeeper, and motioned for someone to come over: "What about the dark castle?"

The housekeeper of the Yu family walked over lightly, and saw Yu Qingliu take out a bottle of vodka from the wine cabinet, pulled out the wooden stopper, and poured himself a glass of wine. .

Yu Qingliu picked up the glass and sat on the sofa, raised his eyes, and looked at the butler who was silent there.

He frowned and said, "What are you doing looking at me when I ask you something?"

The housekeeper of the Yu family glanced in the direction of Ji Ziyin, looking embarrassed: "Uh, Mr. Yu..."

Ji Ziyin has always been sensible, so she immediately turned her head and said to Yu Qingliu, "Old man Yu, I'll go upstairs first. When my friend gets back to me, I'll come down and tell you."

"No." Yu Qingliu stopped her: "The Yu family will rely on you to speak for us at the Queen's place in the future. We are all family, it's okay for you to stay and listen."

He said so.

Ji Ziyin herself also wanted to know if Qiao Nian was dead.

So she paused slightly and seemed embarrassed to stay.

Yu Qingliu ignored her, turned around and said to the old housekeeper, "There are no outsiders here, just tell me."

The housekeeper of the Yu family bowed his head: "In addition to asking for three times the money, the dark fort also put forward a condition."

"..." Yu Qingliu had a bad feeling in his heart.

"They want the Yu family's goods in Continent F."

Yu Qingliu clenched the glass in his hand: "How much do they want?"

The housekeeper of the Yu family bowed his head: "...The dungeon wants all our goods in Continent F!"

As soon as the words came out.

The living room of the villa is deadly quiet.

Yu Qingliu almost didn't hold his breath, how could he still be in the mood to drink, and almost smashed his wine glass.

Yu's housekeeper's voice was hesitant to speak, but he continued in the living room: "The dark castle also said that on this condition, the Yu family's love agrees or not, and it doesn't matter. Let's think about it..."

"Oh, they are taking advantage of the fire!" The veins around Yu Qingliu's temple were bulging with anger, and he got up and growled angrily.

The old butler did not answer him.

just kept his head down.

...Yes, whoever was present didn't know that the dungeon was taking advantage of the fire, but the Yu family could only choose to swallow up the industry of F continent and give it away.

Yu Qingliu knew this too.

He closed his eyes, adjusted his breathing, and exhaled: "...you contact them and say I agree."

Chapter 2573 SUN, the dark fort is going to intervene

Yu Qingliu never imagined that he would have to pay such a high price at first, but now that the boat is done, there is only one thought in his mind.

"Let them hurry up!" He opened his eyes again, his eyes were blood red, and he gritted his teeth and said, "I want Qiao Nian to die!"

The housekeeper of the Yu family agreed in a low voice, and then raised his head to look at him: "Elder Yu, the dark castle said..."

Yu Qingliu was dying of anger: "What else did they say?"

The butler continued: "They also said that if you agree, they will ask for payment before you start."

"If we don't give them something first, they won't do it."

"..."

Yu Qing's blood flowed straight to Tianling Gai, and the blood vessels in his head almost burst out of breath.

He forced his composure and arranged to go on: "Give them!"

The housekeeper stood still.

The dungeons are the masters who don't see rabbits and don't scatter eagles. Old Yu just told him that it was useless and he had to transport things to others.

Yu Qingliu saw that he didn't move, and understood, his cheek muscles shook and said: "I will arrange for them immediately, you ask them to hurry up."

"At the same time when Continent F started, we arranged for people outside the Pharmacy Association to also start. I want their lives."

"Yes."

The housekeeper of the Yu family went backwards.

Ji Ziyin bit her lip and stepped forward: "Mr. Yu, that F-continental dark fortress and Qiao Nian..."

Yu Qingliu was in a bad mood, and her attitude towards her was not as good as before: "They have hatred."

"Oh." Ji Ziyin nodded, no more questions, but her eyes flickered a little, and a hint of joy appeared at the corner of her mouth. .

It's good to have a grudge against Qiao Nian.

**

at the same time.

Qiao Nian also received a call from Daji.

"...Boss, there is a change in Continent F. I heard that the dungeon will also be involved, and I want to take the opportunity to kill us."

"These turtle grandsons received benefits from the Yu family, what should we do now?"

Daji is usually lazy, but this time he was quite serious: "The dungeon is not easy to mess with, I have suffered a lot from them."

"If they annex the Yu family's power, we're afraid we won't win the fight..."

Qiao Nian stood in the corridor outside to answer his phone, tilted his head and looked outside: "Isn't the dark castle always not involved in these things?"

The dungeon has strict discipline, and like Daji, he rarely does anything that touches the bottom line.

In addition, the dungeons always like to do business behind closed doors, mysterious and low-key, unless there is a conflict in the business, they never participate in the disputes outside.

Daji also didn't understand: "I don't know, I'm also surprised that they would agree to cooperate with the Yu family. I thought they would not be bribed. Maybe the benefits given by the Yu family are too great, after all, the Yu family's business in the entire F continent. Take it all out as conditions, and if it were me, I would also be moved."

Qiao Nian was not in a hurry, he lowered his eyes and said to him, "Well, I'll check, don't worry."

"Row."

Da has hung up the phone.

Qiao Nian turned back.

Her computer screen was still flashing a faint white light, and Qin Si and Ji Lin were still there to be alert for someone breaking in.

When she passed by, she saw that Ye Wuchuan had just returned from the other direction, and it seemed that he also went out to answer a call.

Qiao Nian narrowed his eyes and looked at him again.

Qin Si saw her coming back and walked up: "Sister Qiao, why haven't those people outside moved? It's almost dawn, they won't stop coming, right?"

The Yu family is **** kidding me!

Qiao Nian was suddenly interrupted by him, so he didn't think deeply, walked to the computer, and said casually, "They are still waiting for the opportunity."

Chapter 2574 What a coincidence, Nianjie's computer popped up a photo of Mo Dong

Qin Si was confused: "What time?"

The moon is dark and the wind is high is not enough time?

Qiao Nian didn't return to him anymore, he focused on the computer and saw her hands flying over the keyboard. Qin Si looked at it and didn't know what she was doing.

He looked away angrily, and when he turned his head, he saw Ye Wuchuan came back.

"Master, what is Sister Qiao doing?" He clenched his chin and decided to be a good baby who would ask any questions.

Ye Wangchuan came over and raised his eyebrows when he saw Qiao Nian using satellite positioning to check IP, "Check people."

"?" Qin Si frowned, curious but didn't bother the girl.

Qiao Nian is a computer expert himself.

Through the information Daji gave her, she directly bypassed the investigation of the dark fortress and the person who handed over the Yu family to the dark fortress, and then traced the IP of the person he contacted through the phone of the housekeeper of the Yu family.

These look complicated.

But these circling and incomprehensible positioning information were not good in Qiao Nian's hands. Soon, a photo popped up.

The photo also has personal information attached to it.

Ji Lin was the first to see the personal information popped up on the computer, as well as the extremely recognizable photo, the corners of his mouth twitched, and he said in surprise, "Uh, isn't this Mo Dong?"

Qin Si and Ye Wangchuan were attracted by his words, and they also saw the personal information popping up on Qiao Nian's laptop screen.

Qin Si took a closer look: "It's him."

"There is no one with that scarred face anymore." He looked at the girl unexpectedly and asked, "Sister Qiao, what are you doing to check Modong?"

He didn't understand that this was burning his eyebrows.

Qiao Nian, Cha Modong at this time...? ?

Qiao Nian looked at the photos on his computer, put his hands away from the keyboard, raised his eyebrows, turned his head, looked at the man who had never spoken, and asked paradoxically, "Yours?"

Ye Wangchuan pressed his eyebrows and smiled: "I originally wanted to do it, I'll give you a surprise... I didn't expect you to find out."

The Dark Fort is really his power!

Qiao Nian couldn't tell how he felt, so he felt it was too unscientific.

It was the same time he went to see a genius doctor to treat Chenchen before, and this time it was like this again, as if they were somehow forced to be together by fate and were destined to know each other.

Qiao Nian was speechless for a while, and after a pause, he said to him, "I'll go and talk to Daji."

Ye Wuchuan had long known about the weapons merchants in Continent F, so he stepped aside to make way, and when the girl passed him by, he said in a low voice: "When Yu Qingliu transfers the money, I will let Mo Dong and the others pass. Bring the Yu family's things to you."

When Qiao Nian heard his words, he couldn't help but stopped and looked up and asked, "How much did you ask him?"

Ye Wangchuan raised his thin lips and smiled politely: "Oh, not much, 10 digits, starting with 5."

She calculated in her heart how much the ten-digit number starting with five was...

Qiao Nian was silent, raised his eyebrows, gave him a thumbs up, and said in a very arbitrary tone: "Okay! He's a ruthless person."

5 billion + the result of the Yu family's many years of operation in Continent F.

He is cruel enough!

Yu Qingliu is not surprised that he is alive and mad.

"If Yu Qingliu knew the truth, he probably didn't want me dead, he would rather you die..." Qiao Nian was still in a mood to joke.

Ye Wangchuan saw that she was in a better mood, he leaned his hand against the wall, the whole person was calm and the moon was bright, noble and lazy: "I'm dead, don't you feel bad?"

Qiao Nian: "..."

"God Qiao is reluctant to let me die, who wants me to die?" His eyes were soft and lustrous, and his tone was obviously joking, but he was particularly demagogic.

Chapter 2575 Officially declare war with the hidden family!

Qiao Nian's eyelids jumped, he pursed his lips instantly, and staggered his eyes.

Qin Si and Ji Lin originally wanted to be two qualified background boards.

Qin Sixian couldn't hold it anymore, grabbed Ji Lin's arm, and whispered, "Damn, I know why I can't find a girlfriend."

He is not dog enough, nor shameless enough.

Who said that the old man can't fall in love when the old tree blooms, people's love words are like they don't want money, one set after another.

On the contrary, he has not been able to get the Guan Yan.

Ji Lin pulled his hand away expressionlessly, and said ruthlessly, "I'm sorry, I don't do it."

Qin Si is full of question marks, f*ck, does he look like a man who is going to be a geek!

He took a breath.

Wait for him to turn around.

Qiao Nian had gone out to make a phone call as if nothing had happened.

Qin Si adjusted his mood and asked: "Master, those people outside...?"

"I have arrangements." Ye Wuchuan seemed to know what he wanted, so he changed his posture and stood up straight, looking at the back of the girl leaving, and said calmly, "She should also have arrangements."

Qin Si saw him say this, put his heart back, and said cheerfully: "Okay, then you can arrange. I'll listen to you!"

The Qin family's manpower is ready.

The people Jilin brought are also ready to rush out at any time.

Although he didn't know the specific situation, he could tell from Qiao Nian's and Ye Wuchuan's conversations that the Yu family couldn't make waves anymore.

Now they just need to get rid of the people outside!

**

"The Yu family hasn't started yet?"

In a luxurious and expensive villa in the country of m, someone is also paying attention to the undercurrents tonight.

Shadow looked at the meniscus hanging in the air outside, her heart sank.

He replied respectfully: "Empress, not for the time being."

"I heard that he found someone from the dark castle to join forces, why hasn't there been any movement yet." The Queen's tone was full of impatience.

Shadow said in a low voice, "...It should be soon. The Dark Fortress has received a gift from the Yu family, so it should be about to start."

...

Qiao Nian went out to contact Daji and came back.

Ye Wangchuan is waiting for her.

When he saw the girl coming back, he raised his hand to check the time: "It's almost time, it's almost dawn, how are you, do you want to do it?"

Qiao Nian looked him up and down again with those surprised and speechless eyes, and didn't bother to ask him how he knew she had arranged for someone.

stretched out his hand, a snow-white wrist leaked from his sleeve, and pulled down the brim of the peaked cap to cover the arrogant face: "Well, let's do it."

Qin Si geared up and said eagerly, "What can I do?"

Qiao Nian sent a message to Daji's staff in Continent M outside, and while taking time to look at him, he thought about it and said, "How about you help me deliver something."

"Yes." Qin Si agreed without thinking.

Qiao Nian walked to the backpack, took out a plastic bag and threw it to him, and said casually, "Help me give this to the people of the hidden family."

Qin Si quickly caught the plastic bag, which was light and fluffy, and he didn't know what was in it.

This is Qiao Nian's stuff. Without Qiao Nian's permission, he didn't go to see it. He just put the things away and asked the girl for an address.

Qiao Nian stopped him again before he left: "Help me bring a word to her."

"What?" Qin Si stopped and asked.

Qiao Nian narrowed her eyes, as if there was a cluster of flames that could burn everything, but she hid the cluster of flames under the calm deep sea: "Tell her, if I find out that my mother's death has something to do with the hidden family. I will personally come to the door to seek justice."

Chapter 2576 The people who read sister have started

Qin Si felt very uncomfortable seeing her like this.

He picked up the car keys, grinned at the girl with a hearty smile, and broke the dull atmosphere in the air: "Don't worry, I'll do it for you."

He turned around and patted Ye Wuchuan on the shoulder: "Master Wu, I'm leaving first."

Ye Wuchuan's eyes fell on his hand, and he moved his body lazily: "Well."

Qin Si took his hand away, gave Ji Lin a look of 'to you', and left here in a hurry.

Ji Lin waited for him to leave, then stepped forward and said, "Master, what about me?"

He wanted to say that Qin Si had something to do, what should he do next?

"You..." Ye Wuchuan arranged all the staff outside, and looked at Ji Lin for a long time with his fingertips against his brow bone, turned his head, and looked at the girl again: "Are you still short of staff?"

Ji Lin's mouth twitched.

What do you mean by false lord, take him as a gift?

Qiao Nian has already arranged everything, and even found someone to do the final message, so he put up his legs, put the hoodie hat on his head, and covered his sharp eyebrows: "There is no shortage for the time being. "

"Yep."

Ye Wangchuan turned around and looked at Ji Lin, who was still reacting, and shrugged for him regretfully: "You stay here for the time being, you have nothing to do."

Ji Lin was too depressed to speak.

Qiao Nian didn't notice his depression, got up and walked towards the edge of the corridor, looking at the dark night outside.

"It's almost dawn."

Ye Wangchuan came to her side at some point, stood side by side with her, and looked at the street lights outside the Pharmacy Association from a distance: "Yeah, it's almost dawn."

Its daybreak.

The Yu family should also end.

Qiao Nian raised his eyelashes to hide the coldness in his eyes. In front of someone, he took out his mobile phone and sent a voice to Daji: "You can do it now."

When she put the phone away, the word 'read' was displayed behind the short speech.

Soon, Daji returned to her.

is just as concise.

m country is located in the subtropical zone, the weather is sultry at night in March, and the air is humid.

The Yu family's staff were dormant outside the Pharmacy Association for almost a night without receiving an order to start, and the snipers lying there were sleepy.

It was dark in the Pharmacy Association, and no movement could be seen.

"What's going on with Mr. Yu, why hasn't the order been passed yet?" Someone complained symbolically.

"Ghost knows." The sniper opened a can of Coke, took a sip from his busy schedule, and finally cleared his head.

The person next to him reached out to him and asked for it: "Where did you get the Coke? Give me a drink."

The sniper was about to say 'go away'.

Suddenly, out of the corner of his eye, he saw a dark shadow flashing past through the telescopic mirror at the front of the sniper rifle.

He suddenly became alert: "Someone."

The other people in the Yu family who were in ambush all looked forward nervously, but the Pharmacy Association was extremely quiet, where did they come from?

All and relax from the tension.

The curly-haired man who asked him for Coke before complained angrily: "If you don't want to give me points, forget about it, who are you going to scare the suspicious ghosts from?"

"I really saw someone!" The sniper put down his cola, was so angry that he blushed and tried to prove that he was not a coward.

Curly ruthlessly complained: "Yes, yes, you saw Qiao Nian."

As soon as he finished speaking, a dark shadow suddenly attacked from behind him, only to see a silver light streaking across the dark night.

Chapter 2577 Slim waist control is coming

A lot of blood spurted out of his curly neck, his eyes widened, his eyeballs seemed to fall out, and he fell to the ground in a stunned and unwilling manner.

In the dark night, the sound of a large man falling to the ground sounded like thunder.

The sniper who was talking to him with his front feet witnessed everything, and his back was dripping with cold sweat, forgetting that he was a sniper.

turned around and picked up the gun and pointed it at the man who came out of the dark night, and stammered to warn the other party: "Don't come here...don't come here...I'm shooting, I'm going to shoot!"

Because of his extreme panic, his finger has touched the trigger, and he may pull the trigger at any time.

The man was not afraid, he opened his hands and continued to walk towards him, with a half-smile but not a smile on his face, as if saying, "You shoot."

Who is this TM!

The sniper could no longer control the panic in his heart and closed his eyes, ready to shoot.

at this time.

A bullet pierced the tranquility of the night outside the Pharmacy Association. The bullet went straight through the back of the Yu family's sniper's head, and with a bang, flowers bloomed on his forehead.

A lot of blood splattered on the man's clothes.

The bird-haired young man frowned, and seemed to be disgusted with taking out a handkerchief to wipe it, while muttering: "Daji is a bitch, every time I push such dirty and tiring work to the young master! Come on, It's so dirty, next time it's like this, I might as well go to the red light district to sell P shares!"

He murmured and disliked here and there, but his actions were very quick, and he lowered his head and ordered with the invisible communicator on his collar: "What are you doing standing there, don't lower the efficiency of our Red Alliance, and quickly put the I'll take care of the rest!"

"SUN is still waiting for the young master to reply!"

"Hurry up."

*

Yu family.

The housekeeper of the Yu family answered the phone outside and came in: "Mr. Yu, our people have already sent the things to the dark fort safely."

"Where's the money?" Yu Qingliu put his hand on his forehead: "Did they send the money they wanted?"

The housekeeper has habitually ignored Ji Ziyin who was on the side this time, and replied respectfully: "The five billions were successfully transferred through the overseas bank ten minutes ago."

" ... "

Yu Qingliu was silent for a long time, his heart was bleeding.

So much money + arms.

The Yu family will have to start all over again in Continent F.

But in a place like F continent where dragons and snakes are mixed, they want to start all over again!

"Dark Fort said they didn't say when they would act?" Yu Qingliu adjusted his mood, the only thing that could comfort him now was that Dark Fort would teach Qiao Nian a lesson soon, and the Yu family could also improve his status in the hidden family.

The housekeeper of the Yu family lowered his eyes and said nothing.

Yu Qingliu frowned and looked at him dissatisfiedly: "I'll ask you something."

The housekeeper had to bite the bullet and say, "The dungeon, the people in the dungeon took our money and things and hung up the phone, and didn't say when to do it."

“?”

Yu Qingliu thought he was joking with himself.

However, someone who rushed in from outside interrupted his sweet dreams.

"Old Yu, it's not good!"

"What are you doing in such a hurry!" Yu Qingliu stood up and scolded the person who came in.

The man was panic-stricken and couldn't calm down at all. He raised his head and said, "We, we, our people outside the Pharmacy Association are all gone!"

"what?"

Yu Qingliu couldn't stabilize this time, his body swayed, and he fell back on the sofa.

Ji Ziyin was also taken aback and looked at the Yu family who rushed in. Seeing that the man's pupils were trembling, it was obviously not a lie.

Chapter 2578 Yu Qingliu knew that he was played

She was even more surprised.

At the same time, there was a strong sense of unease in my heart.

She turned her head to look at Yu Qingliu: "Mr. Yu, Qiao Nian has already made arrangements?"

Yu Qingliu hasn't recovered from the bad news brought by the person who reported it, and didn't hear what she was saying.

Ji Ziyin gritted her teeth, clenched her fingernails quietly, lowered her eyes to cover her ambition, and instigated in a low voice: "She is such a person, she always likes to hide behind other people's backs, and I have suffered a lot in Independence Island. She was often stabbed in the back by her."

Yu Qingliu was upset, raised his hand and instructed the housekeeper, "Hurry up and contact the dark fortress and let them do it right away."

Then he let the Yu family who were on the ground get up again, frowning and said: "We have arranged hundreds of people outside the Pharmacy Association, all of them are elites, and there are hidden snipers. How can you say that there are no people? Why not? Who? Who's gone?"

He still held a trace of fantasy: "Even if the others are gone, what about the snipers? The snipers should still be there! You let them do it!"

"I want Qiao Nian's life!"

By now.

Yu Qingliu knew that he had no way out, and his words were extremely fierce.

But things were more serious than he imagined.

Soon a new person rushed in, his face was covered in blood, his clothes on his shoulders were also soaked with blood, and he stumbled in: "Old Yu, snipers, the Yu family's snipers have been wiped out. It's gone!"

"..." Yu Qingliu was completely speechless at this moment.

But the housekeeper finished the phone call and told him even worse news: "...The people in the dark castle said that they couldn't touch Qiao Nian."

Yu Qingliu turned his face to the side with poison in his eyes, grabbed the old housekeeper's arm and clenched it tightly: "They took our money and told me not to move at this time? Are they playing with me?"

The butler's arm that was grabbed by him was blue. He avoided his eyes in pain and said hesitantly, "The man in the dark castle said that Qiao Nian is... his sister-in-law."

"They are just trying to cheat our money and the resources of the continent.."

"Old Yu, we were deceived."

Yu Qing's blood was surging up, a burst of hot air shot straight to the sky, his mind went blank, and his eyes stared blankly around.

Butler.

The Yu family who came in to report.

Ji Ziyin.

Everyone's expressions were imprinted in his eyes.

As if he had lost his soul, he opened his mouth and gasped for breath, but couldn't make a sound: "..."

The dungeon is actually Qiao Nian's person?

The housekeeper said lightly, we were deceived.

What the Yu family lost is the century-old foundation of Continent F!

and almost half of his net worth.

Yu Qingliu let go of his hand in a trance, and the housekeeper staggered over to support him: "Old Yu, you can't fall down, the Yu family still depends on you."

Yu Qingliu smiled miserably and spat out a mouthful of blood in anger: "Yu's family? After dawn, what's the Yu family?"

The Queen had told him from the beginning that the hidden family would not be involved this time, and the Yu family could only fight alone.

He didn't take a yellow-haired girl from a hidden family before. In his opinion, how powerful can a twenty-year-old girl be?

Can she be better than herself?

The Yu family is no longer in the stream, and is also a member of the hidden family.

But reality slapped him hard.

hit him so that gold stars appeared in his eyes, and he couldn't come back to his senses for a long time.

"Where's Xinlan?" Yu Qingliu barely maintained his final sobriety from the series of blows, thinking of the only seedling in the Yu family, he immediately turned his head and looked at Ji Ziyin with red eyes: "Didn't you tell me that you can find Xinlan, Xinlan is here where?"

Chapter 2579 It's dawn, the Yu family is over

The Yu family is over.

Yu Xinlan is the only hope for the Yu family.

He wants to protect the future of the Yu family.

Ji Ziyin was caught off guard by the sudden change in front of her, especially the attention of everyone in the Yu family was on her. Her red lips were slightly open, and she panicked for a moment. Fortunately, she was lucky, the FBI person Ji Xiao knew happened to be. Called her back.

Ji Ziyin went out with an excuse to answer the phone.

in a minute.

She came back with her phone in her hand, and stood in front of Yu Qingliu again, not daring to look at Yu Qingliu, she whispered, "Old Yu, my friend said that Miss Yu is now in the... Pharmacy Association, in the hands of the man beside Qiao Nian."

Yu Qingliu had long guessed that Yu Xinlan was in Qiao Nian's hands, but after confirming the result, he staggered back two steps and supported himself.

"Why did Qiao Nian arrest her?"

He's not stupid either.

These days, he has found that Qiao Nian has the character of 'you don't provoke me, and I don't bother to care about you'.

He just thought about this, and then said that Yu Xinlan was the only hope for the future of the Yu family.

Because all members of the Yu family offended Qiao Nian this time.

Only Yu Xinlan did not participate in tonight's action. .

Ji Ziyin pursed her lips: "I heard that Miss Yu found a few killers to assassinate Qiao Nian, and then those two killers and Miss Yu were arrested at the same time."

Ji Ziyin tried her best to control her tone when she spoke, so that no one could hear the mockery and contempt in her tone.

Yu Xinlan is an idiot.

She actually found two third-rate mercenaries, and wanted to openly attack the hotel... She's out of her mind!

"The two killers are gone."

"Miss Yu's life and death are temporarily unknown."

Yu Qingliu couldn't hold back the blood rushing up from his throat this time, he spit it out, the sweet blood spit out, his eyes were black, and he fell straight down.

"Old Yu!" The butler quickly supported him.

Yu Qingliu could no longer respond to him, and fell into a coma with a limp body.

"Call the doctor!"

"Call the doctor quickly."

"ambulance."

While pinching Yu Qingliu, the housekeeper anxiously asked to call the doctor.

The rest of the Yu family were calling and crying, completely messing up.

Ji Ziyin, as a guest of the Yu family, is not standing aside to help, nor is she not helping, and more importantly, she is also in a state of turmoil.

The Yu family fell down.

She has just joined the hidden family. Without the help of the Yu family and Yu Qingliu, how will she stand in the Privy Council in the future?

Just when Ji Ziyin was planning for her future, the phone in her hand suddenly vibrated.

Ji Ziyin looked down at who it was.

Then she looked solemn and looked around, taking advantage of the chaos in the Yu family, she quietly returned to the guest room on the second floor and closed the door.

"Hey, Lord Shadow."

It was the shadow beside the Queen who called her.

Shadow said concisely: "Yu Qingliu fell?"

Ji Ziyin was horrified that the other party knew the situation of the Yu family for the first time, bit her lip, betrayed Yu Qingliu very wisely, and told the people around the Queen everything she had heard.

Then she stopped talking: "...Elder Yu couldn't take the blow, and has passed out of a coma."

"The Yu family is a member of the hidden family. Their behavior is too arrogant, and they don't take the hidden family seriously." She did not forget to fan the flames, trying to provoke the shadow's anger.

Chapter 2580 The Yu family has become cannon fodder

"You are not being smart, and the Queen is still willing to support you. If you continue to be so smart, we can replace you with someone else."

Shadow said coldly: "You don't really think that you can be seen by us with your talent, right?"

Ji Ziyin's face was flushed, her fingers clenched tightly, and she swallowed her breath: "I just don't want to see others despise the majesty of the hidden family and the queen."

"Since the Queen and Lord Shadow have other arrangements, I will obey the arrangements of the Hidden Family." She added obediently.

Ji Ziyin is so discerning, but Shadow can't help but say: "You are a member of Ji's family, but you are quite sensible."

Ji Ziyin's face is dull, but her mouth is very aware of current affairs: "People go to high places, water flows to low places... I just leave a way for myself."

"Okay." The shadow is very clear about her abacus, and doesn't care about Ji Ziyin's little tricks, so he doesn't take Ji Ziyin seriously, interrupting Ji Ziyin and conveying the Queen's words to her: "The Queen asks you to Come over tomorrow, she will take you into the Privy Council in person!"

**

"You told her?"

On the other side of the villa, the shadow came back inside.

A fragrant incense is lit in the room, and the incense is mixed with the smell of Chinese herbal medicine. These are all herbs with calming function.

Outsiders never knew that the Queen had been using traditional Chinese medicine to treat her stubborn ailments in private.

Shadow was her bodyguard, and his nose had long been accustomed to the smell of Chinese herbal medicine. He knelt in front of the curtain on one knee, bowed his head and said, "Ji Ziyin will be here at nine o'clock tomorrow morning."

There was a long silence behind the curtain.

Shadow knelt on the ground without moving, waiting for the order from the person inside. .

It took a long time for the queen to hold the wood by the head of the bed, and clenched it hard, and her voice gradually changed from calm to hurried: "Yu Qingliu is really a waste!"

"I thought he could solve that filthy existence for me, but he'd be better off and compensate the Yu family."

The key Yu family paid such a painful price, not even Qiao Nian touched a single hair! Simply a joke.

The shadow lay on the ground obediently, and was even more silent: "They will leave the m country today, shall we do it?"

The queen picked up the 'gift' she just received, which was a rubbed laboratory record form with Ji Qing's handwriting on it.

She looked at Ji Qing's handwriting on the paper with a pen, as if people were still alive.

She crumpled the paper into a ball but didn't throw it away, and said in disgust, "Forget it, Ji Lingfeng found me and gave him a face."

Shadow raised his head slightly, and when he saw the motionless curtain, he understood what the Queen meant, and the Yu family became cannon fodder.

The blackness dissipated overnight, the moisture in the air subsided, the morning light gradually emerged from the thick clouds, and the bright sun shone down.

The blood stains outside the Pharmacy Association have been cleaned up, and there is a breeze blowing on the clear road.

None of the passing vehicles and pedestrians noticed what happened last night, and everything was so silent.

Early in the morning, Zhonglii and Robert returned to the Pharmacy Association.

He originally thought that the association would be smashed and smashed, but who knew that the Pharmacy Association was exactly the same as when he left yesterday, not a single glass tube was broken.

Zhong Lili was dazed, just happened to bump into Jane who had been staying overnight, so he stopped her and asked, "Where's Q?"

Jian Yan accompanied Lu Zhi to the Pharmacy Association for a leg treatment, so knowing that he had been calling Qiao Nian Q, she pointed to the front: "Qiao is over there, with her friends."
