

Madam's 2581

Chapter 2581 Sister Nian: I will go back to Independent Island in the afternoon

"Well, I'll go look for her." Zhongliu nodded at her, passing by and looking for someone.

He stopped halfway, turned around to face Jane, and couldn't help asking, "By the way, do you know what happened last night?"

"Uh, what happened?" Jian Yan didn't understand what he meant.

Zhongliu hesitated, pointed to the equipment in the laboratory, and said, "Did you guys have a conflict last night? Nothing inside was touched."

"I was guarding Boss Lu last night. I don't know what happened outside, but I didn't hear anything." Jian Yan understood what he was asking, so she answered one by one.

Zhong Liliu frowned and shook his head: "That's not right."

"..." Jian Yan looked at him, as if asking what was wrong?

Zhongliu pursed his lips and stared at her: "The Yu family said something to make Q look good. Last night, there was no reason to move at all. Could it be that Yu Qingliu didn't do anything?"

He saw that Jane did not know, so he hurriedly said, "I'll go ask her."

finished.

Zhong First-rate went to look for someone in a hurry.

...

At this time, the girl was leaning against the edge of the corridor, still wearing the same clothes as yesterday, with the peaked cap pressed very low, she hadn't slept all night, and her delicate face was obviously sleepy, but her bright eyes were as dark and deep as ever.

"Yu Xinlan is in your hands?" Qiao Nian was talking to Ye Wangchuan.

Ye Wangchuan was with her last night, and he didn't sleep all night. Hearing this, he put his hands in his pockets, like a lazy and relaxed noble boy: "At Jilin's place.. Do you want to see her?"

Qiao Nian thought for a while, and seemed a little annoyed, so he hummed.

Ye Wangchuan picked up the phone and said, "I asked Ji Lin to send her over."

Just at this time, Zhongliu hurried over.

As soon as he saw the harmonious picture of the two standing side by side, his footsteps stopped a little, and he couldn't bear to go over to disturb him.

But last night, the doubt that Shenma happened last night was scratching his heart. Zhongliu only hesitated for a moment, but squeezed in.

"Q, I have something to ask you."

Ye Wangchuan was very sensible, got up and left: "I'm going to see if Lu Zhixing is not."

Qiao Nian looked at the back of his leaving, waited for him to walk away, stretched out his cap, and said to the old man, "I will leave country m in the afternoon."

"So fast?" Zhongliu was stunned for a moment.

The girl nodded, her voice as cold as ever: "I still have work to do in Independent Island."

She suddenly had an inspiration last night and thought of a possibility to unlock the password of the USB flash drive, but she still needed to go back to the First Research Institute to find something.

This is why Qiao Nian is anxious to go back.

Anyway, Lu Zhi has been rescued.

She has nothing to do if she continues to stay in country m.

"If they trouble the Pharmacy Association..." When Qiao Nian mentioned this, there was a hint of apology on his brow, and he hesitated.

Zhong Liliu thought about it, waved his hand, and said with a smile: "Don't worry, the Pharmacy Association has always stood in a neutral position. This time you didn't let us participate, and they won't bother the Pharmacy Association."

Qiao Nian looked slightly relaxed: "That's good."

Zhongliu looked at her young face: "You still worry about yourself."

"You offended the Queen so hard this time, the Hidden Family won't let it go easily... Be careful in the future, hey!"

He sighed and said to the girl, "If I knew this day would come, I should have advised you to study medicine. If you focused on studying medicine, you wouldn't have come this far."

Chapter 2582 You can choose not to say

"My problem can't be solved by studying medicine." Qiao Nian just whispered.

Zhong first-rate looked at her.

For a long time, he seemed to accept the fact and gave Joe something like a badge: "This is my personal badge."

He forced the badge into the girl's hands, looked solemn, raised his head and said, "If one day you want to understand, come to the Pharmacy Association, and the Pharmacy Association and I will always open a door for you!"

Qiao Nian was scalded by the copper badge in her palm, and she pursed her lips. After all, she did not reject the old man's kindness and accepted what Zhongliu gave her.

"Yep."

*

Ji Lin quickly took Yu Xinlan to a small room in the Pharmacy Association.

"Miss Yu, just stay here and wait." After he brought the person, he pushed the door and went out.

Yu Xinlan was left alone, and her heart became more and more uncertain.

She walked around the small room uneasily, barking the windows and doors from time to time, but she never had the courage to go out.

Just as she was suffering in her heart, every second was like a year, when the door of the small room was suddenly opened.

Yu Xinlan immediately raised her anxiety and looked over. .

She saw that the girl walked in from the door against the light, her aura was not easy to be offended, and it was easy to identify who it was.

"Doctor Qiao?" Yu Xinlan couldn't help but said.

The girl's face gradually became clear from the light, and the delicate and bright facial features were not who Qiao Nian was.

Qiao Nian didn't talk nonsense and walked past her.

Yu Xinlan gritted her teeth and followed up: "Why are you here? So, it's really you? What do you want to do?"

Qiao Nian ignored her the whole time, casually pulled out the chair and sat down under Yu Xinlan's gaze, then put his hand on the table and knocked: "If I were you, I wouldn't have so much nonsense."

Yu Xinlan's face was quite ugly, she pursed her lips, stepped forward again, and asked in a deep voice, "What on earth are you trying to do?"

"I warn you, this is the M country, the territory of the hidden family, you offend me and have no good fruit to eat."

Qiao Nian looked at her in surprise, as if looking at an SB.

Yu Xinlan was humiliated by her serious eyes, but now she remembered one thing: "You arrested me to exchange for Lu Zhi?"

She was locked up for a day and a night, and she didn't know what was going on outside.

Yu Xinlan thought she had grasped the truth, and instantly felt more confident.

She walked over to the girl and sat down, her eyes and brows were full of aura: "You think too much, I won't ask my uncle for mercy. Tianchen wants to rescue Lu Zhi through me, it's just a dream!"

Qiao Nian was too speechless.

was finally willing to interrupt her: "Finished?"

Yu Xinlan pursed her lips vigilantly: "I know that behind you are the forces of Tianchen and Lu Zhi, but I am not someone you can move."

"I just wanted to ask you, what power is behind Lu Zhi?" Qiao Nian raised his hand lazily and lowered his eyelashes.

"You don't know what power Lu Zhi is?" Yu Xinlan was surprised for a second, then smiled again, and said coldly, "Do you think I'm a fool? You are with Lu Zhi, don't you know the power behind him?"

Qiao Nian let her wind up and looked at her with dark eyes: "So what kind of cooperation does he have with the hidden family behind him?"

Yu Xinlan almost blurted out, but she reacted in a blink of an eye, then frowned and looked at the person in front of her, raising her eyebrows: "Why should I tell you."

"The Yu family is gone, your grandfather is lying in a coma in the hospital, and now only I can decide whether the Yu family lives or die. You can choose not to say anything, but you have to pay the price for your own choice."

Chapter 2583 Sister Nian knows the forces behind Lu Zhi

"You are talking nonsense!" Yu Xinlan stood up abruptly, her eyes were split, her emotions were so excited, her hands clenched into fists.

Qiao Nian took out his mobile phone and threw it to her: "You can call your family and ask to see if I lied to you."

"I won't believe you!"

Yu Xinlan put her hands on the table, her eyes were red, and she was panting heavily.

Qiao Nian raised his head and let her see.

In this suffocating atmosphere, Yu Xinlan only lasted for less than five minutes, then grabbed the phone in front of her and walked aside to make a call.

She called Yu Qingliu first.

But no one answered.

Yu Xinlan's heart dropped.

She had to call the housekeeper.

Fortunately, Yu Xinlan made a quick call this time: "Hello, it's me, Yu Xinlan."

She just finished.

The tired and hoarse voice of the old housekeeper came from the other end of the phone: "Miss, you finally called me."

"How's your home?" Yu Xinlan didn't want to tell him if there was anything, so she quickly asked him. .

After a night of ups and downs, the housekeeper of the Yu family had already broken down. Hearing this, he was silent for a while, and said, "Are you with Dr. Qiao... Qiao?"

Yu Xinlan frowned and said impatiently, "Don't mind me, I'll ask how is your family?"

The old housekeeper said in a trembling voice, "The Yu family is gone."

"Miss, you are the only hope of the Yu family now. Elder Yu was thinking of you before he fell."

"You listen to me, no matter what Dr. Qiao asks you, don't refuse, don't offend her, you know?"

Yu Xinlan listened to the trembling voice of the housekeeper on the other end of the phone, her shoulders trembled, her eyes were flushed red, and tears were coming out.

She wanted to ask how the Yu family ended.

m What about the royal family?

What about the members of the hidden family?

They don't care about the Yu family!

But these words stuck in her throat like a fishbone, and she couldn't get them out, because she had already guessed the reason.

—The Hidden Family gave up the Yu Family.

Yu Xinlan hung up the phone, as if she had matured all of a sudden.

She silently returned the phone to Qiao Nian, and the whole person was much calmer than expected. When she faced the girl again, her tone was not as rushed as before.

"What do you want to know about Lu Zhi?"

Yu Xinlan raised her chin habitually, then reacted again, lowered her head with gloomy eyes, and said in a trembling voice, "I can tell you everything I know, including some secrets of the hidden family, but... I have a request."

"You let my grandpa go."

The Yu family has already paid the price they deserved.

She knew that nothing could be undone.

Yu Xinlan now understands that all she can ask for is... to keep their lives.

She originally thought that Qiao Nian would not agree to her, and even continued to blackmail her with the Yu family. Who knew that the girl was more happy than she thought: "Yes."

Yu Xinlan didn't believe it at first, but she touched the girl's eyes, then dodged away, pursing her lips and saying everything she knew.

Qiao Nian has been listening quietly.

Yu Xinlan is just an inconspicuous little character of the hidden family. The Yu family is only the last family of the hidden family. The so-called 'secrets' that Yu Xinlan can access are actually just some fur.

Qiao Nian is not interested in these.

So I heard that Ji Ziyin was on the line with the Queen with the help of Yu Qingliu, and was appreciated by the Queen to enter the Privy Council... She just put her chin on her hand, and hummed casually, until Yu Xinlan talked about some things about Lu Zhi, she pursed her lips, her eyes deepened.

Wait for Yu Xinlan to finish speaking.

Qiao Nian got up and pulled out the chair, stood in front of her and said, "In exchange, I promised you that things won't be shameful, you can go now."

Chapter 2584 I heard from the Pharmacy Association that you leave in the afternoon

"Are you really willing to let me go?" Yu Xinlan gave her a deep look, as if she didn't believe that she would really keep her promise and let herself go.

But she saw that Qiao Nian had no intention of going back.

Yu Xinlan suddenly pursed her lips and ran away without saying a word.

There were people outside the little black house, and Ji Lin's staff were still guarding it to prevent unexpected situations from happening inside, and Qiao Nian couldn't call anyone.

They saw Yu Xinlan come out, and looked over in unison.

Yu Xinlan's heart was beating like a drum, her heart was about to fly out, she was walking against the crack of the wall, for fear that these people would catch her back again.

Unexpectedly, although Ji Lin pouted at her, he turned around and asked the people around him, "What's the matter with her? Go and see Miss Qiao."

"Yes." The man walked quickly to the door.

But Yu Xinlan found that no one stopped her the whole way.

Her oval face flushed, and she could no longer contain her excitement, so she quickened her pace and trotted away from the Pharmacy Association.

...

In the Pharmacy Association.

Ji Lin's subordinates saw Qiao Nian standing in the room unscathed, so they went back and reported the situation to Ji Lin. .

Ji Lin was so puzzled that he went to Qiao Nian himself, seeing that half of the girl's face was shrouded in light and shadow, she couldn't see her emotions clearly. He lowered his eyes and said to the girl, "Miss Qiao, that Yu Xinlan is gone."

"Um."

Qiao Nian came out of the shadows, no emotion could be seen on his delicate face, he responded with a sound, looking the same as usual.

"Should we just let her go?" Ji Lin vaguely noticed that she was in a bad mood and followed.

Qiao Nian suppressed the manic depression in his eyes, stretched out his hand and pulled the cap down, revealing only his fair chin: "She made a deal with me, and I promised to let her go."

trade? Ji Lin looked up at her.

The girl's cold back looks extraordinarily thin, and the lingering aura around her body has faded a lot, and it seems that the whole person is shrouded in a tired mood.

Qiao Nian rarely shows this side.

Ji Lin didn't know how to answer for a while, but hesitated, walked in front of her, blocked the girl's way, and whispered, "Miss Qiao, are you alright?"

"Huh?" Qiao Nian herself was immersed in thinking, when someone suddenly blocked her way. She raised her thin eyelids and saw Ji Lin's undisguised concern.

Qiao Nian raised his hand to hold the corner of his eye, frowned and let go, put down his hand, saw his eyes and said, "I'm fine, I was just thinking about something."

Ji Lin raised the corners of his mouth: "It's fine."

He wasn't sure what Qiao Nian and Yu Xinlan were talking about in the room, but since Qiao Nian said it was okay, it shouldn't be a big deal.

Qiao Nian's plane was leaving the country in the afternoon, and there are still several hours before takeoff.

She first went back to the hotel room to take a shower and washed away the tiredness she had not slept all night with warm water.

The sound of water in the bathroom is clattering.

When the sound of the water gradually stopped, the girl came out of it wrapped in a bathrobe.

Her thin collarbone leaked out from the open neckline of the bathrobe, her black hair dripped down her shoulders, and her whole body was engulfed in the steaming mist.

Just then, there was a knock at the door.

The girl pulled up her wet hair, fastened it with an apron, then walked over with her long legs, opened the door, and opened it.

"Qiao." Jane outside the door greeted her: "Uh, you were just taking a shower?"

"Come in." Qiao Nian turned to let her in.

Jian Yan just closed the door and followed.

"I heard from the Pharmacy Association that you are leaving in the afternoon?"

Chapter 2585 The forces behind Lu Zhi are...

Jian Yan walked in, and saw the girl open the door of the refrigerator in the hotel suite, and took out a can of Coke with her clear fingertips, without saying a word.

Jian Yan didn't think so much: "Boss Lu is still awake, won't you wait for him to wake up and meet again?"

Qiao Nian and Lu Zhi have rarely seen each other these years.

But the relationship between the two has always been very good. They belong to the kind of strong friendship that puts each other at ease without meeting each other, so she wondered why Qiao Nian didn't wait for Lu Zhi to wake up this time before leaving.

Qiao Nian came back with two cans of Coke and threw one of them to her: "Here you are."

Jian Yan quickly caught the cola, leaned on the sofa, lowered her head and pulled the cola pull-ring loose, and said, "Qiao, you really don't wait for Big Brother Lu to wake up and see him?"

"You are all willing to come over from the Independent Continent. He should be waking up soon, wait at most for half a day..."

"No."

Qiao Nian sat down.

She turned the coke can in her hand under Jane's gaze, and did not rush to open the tab, but leaned back and looked up at the person sitting opposite her.

"You know that Lu Zhi is the boss of the K organization?" Jian Yan looked at her in shock.

The Coke in her hand fell to the ground instantly, the grunt's Coke was scattered on the ground, and the jar slammed into the table leg with a 'pop' which woke her up.

Jian Yan immediately took out a few pieces of paper, and hurriedly bent over to wipe the stains on the floor: "Sorry, I slipped my hand, I'll tidy up this place right away."

Qiao Nian got up and handed her a piece of paper, and continued, "I know it all."

Jian Yan's whole body was stiff and she didn't move after hearing the words. After a long time, she raised her head as if she had completely lost her resistance. She didn't dare to meet Qiao Nian's eyes, and moved her lips: "Lu Zhi has a last resort."

"I know." Qiao Nian answered very cheerfully.

The more she was like this, the more she felt guilty: "That time...the people from the Independent Continent found the K organization to place an order, and he had to go because of the pressure of the hidden family."

"But he has already told Huang Mao that he will not allow Huang Mao to hurt you. It is also for this reason that he was detained by the Hidden Family this time." Jian Wei tried her best to explain Lu Zhi's behavior to Qiao Nian. Explanation: "It's not that he doesn't want to tell you. He has asked me several times if I want to tell you. It's because I think you may not be able to accept it and tell him not to."

Jian Yan raised her head and said to the girl with a face full of guilt and remorse: "Joe, if you want to blame me, it's all my fault."

The three of them escaped from **** together, and they agreed to give each other their lives. She and Lu Zhi did it inappropriately.

"I am sorry."

Jian Yan was really embarrassed, and slowly lowered her head.

Qiao Nian listened to her quietly, and was not surprised to see her admit that Lu Zhi was the boss behind the K organization.

"I knew right then that something was wrong with those people."

"They took Xie Xinyao's money, but they seemed to be perfunctory, and didn't really do anything to me."

She pulled the corner of her mouth, her black hair fell down to cover her eyes, and her whole body was filled with a dry breath: "I suspected who was helping me at the time."

Jian Yan's lips trembled, her face defeated: "Joe, I'm sorry."

Qiao Nian looked at her, but Jian Yan didn't dare to look into her eyes, and avoided her eyes in embarrassment.

She bent down and put the paper back on the table, stood up, straightened her back and said to the person on the ground, "Don't tell Lu Zhi."

Jian Yan raised her head in astonishment, not understanding what she meant: "Joe, will you forgive us?"

Chapter 2586 Sister Nian can't forgive them for stabbing a knife in the back

Qiao Nian put one hand in his pocket. He wanted to pull off his cap before he remembered that he had just taken a shower and didn't wear a cap at all.

She didn't look into Jane's eyes, and tried her best to look calm: "I hate betrayal the most."

"Especially the betrayal of a friend."

"Because we will only give our backs to people we trust. If someone stabs them in the back, I don't hate them, and I won't be able to return to the past."

The girl's voice was calm and calm, and the tone of her voice made people calm down for no reason, but the discomfort was not as easy as Qiao Nian's slap in the face.

At least Jane hopes that Qiao Nian can slap her twice, which is better than this sentence: I can't go back to the past.

"Joe, Big Brother Lu never thought about hurting you, and neither did I." Jian Yan's eyes dimmed, and she said with difficulty: "He has a last resort, I..."

Her troubles cannot be expressed, nor can she be expressed.

Qiao Nian hummed, did not refute her, only asked her: "Does Lu Zhi know that the K organization has something to do with my mother's death?"

Jian Yan suddenly raised her head, her pupils shaking violently.

"My mother died at the hands of the K organization." Qiao Nian said with a blank face, "In other words, no matter who is behind the K organization, they are at least the knife that killed my mother. Do you and Lu Zhi know about this?"

Jian Yan lowered her head slightly, silently.

because. .

she knows.

Lu Zhi also knew.

Their inner thoughts don't matter, they have already hurt Joe in their actions.

Jian Yan left behind by herself.

She didn't mention Lu Zhi to Qiao Nian before she left, and only said, "I won't tell him about today's affairs. Qiao, I'm sorry."

Qiao Nian watched her leave without saying anything.

Jian Yan could only leave here sadly.

*

Until Jane left.

The suite opposite opened the door.

Ye Wuchuan put on a refreshing home clothes, leaned against the door, raised the corners of his mouth slightly, and said to her, "Have you made it clear to them?"

Qiao Nian raised his eyelids and was speechless: "You know again?"

Ye Wangchuan smiled slightly, but did not speak.

Qiao Nian was even more speechless. He put his hand on his forehead, pinched the bridge of his nose, and looked at the man. It took him a long time to say something: "No, did you put a monitor on me, how do you know everything?"

She remembered that she hadn't told him about Lu Zhi, and he guessed seven or eight points just by seeing Jane come and leave.

Is this science?

This is totally unscientific!

Ye Wangchuan didn't answer her directly. He stepped forward, touched the end of the girl's wet hair, lowered his head, and said softly in his eyes, "Your hair hasn't been dried yet. If you don't dry your hair, it's easy to catch a cold."

He held the girl's hand with a big hand, wrapped the girl's cool hand in his own big palm, and pulled her back to the room.

"Come on, I'll blow dry for you."

"..."

Qiao Nian followed him into the room.

Ye Wangchuan let go of her hand, went to the bathroom to find the hairdryer, and then went to the plug to plug it in. He dragged a chair in front of him and beckoned to the girl standing there, "Nian Nian, sit here."

Qiao Nian paused, walked over, sat on a chair, and suddenly lowered his eyes and said, "Why don't you ask me what I said to Jane?"

Ye Wangchuan untied the rubber band that she was holding her hair at will, put Qiao Nian's hair band on her wrist bone, and gently passed her fingers through the girl's hair, turned on the hair dryer, and started blowing gently for her when the wind reached the minimum. Hair: "What do you want to say?"

Chapter 2587 The theory of the carrot and the donkey

Qiao Nian's eyes dimmed: "I don't want to."

She had a life-and-death friendship with Lu Zhi and Jian Dao, so Qiao Nian never thought that the two would hide something from her.

She also never thought that Jian Da and Lu Zhiming knew about the existence of the K group, and also knew that the K group had something to do with Ji Qing's death, so she still didn't tell her.

This feeling of being betrayed by someone you trust is very uncomfortable.

At least she doesn't want to mention it now, but if he wants to know, she can tell him.

Ye Wangchuan saw the girl's quiet profile face and slightly pursed lips, and gently lifted the girl's hair, and said lazily, "Then I won't ask."

Qiao Nian subconsciously turned his head to look at him.

Ye Wuchuan straightened her neck: "Sit tight, don't move, be careful to burn you."

"..." Qiao Nian was straightened by him, and his eyes flashed slightly: "You exposed the power of your dark castle this time, don't you want to know why the hidden family arrested Lu Zhi?"

Tianchen and Dark Castle also had business conflicts in Continent F.

She thought that Ye Wuchuan at least had to ask herself.

Who knows that the man's tone is sloppy, only the gentleness of the breeze: "When do you want to tell me, I will listen to you again."

"Besides, I'm not helping Lu Zhi either, I'm just helping my girlfriend out, it has nothing to do with him."

Ye Wangchuan can possess many powers at a young age. In addition to the foundation of the Ye family, it is undeniable that he also has the ability to surpass his peers. .

Such a person is by no means a gentle-hearted master!

He and Lu Zhi had a calm relationship.

If Qiao Nian and Lu Zhi didn't know each other when they were young, and had a deadly friendship, he wouldn't care about Lu Zhi's life or death at all.

Does Lu Zhi have anything to do with him?

If Lu Zhi was unfortunately gone, he would at most ask Ji Lin to go to Tianchen with a gift.

There will be no more.

Qiao Nian lowered his eyelashes: "Thank you."

Ye Wangchuan suddenly narrowed his eyes, stopped blowing his hair, and said dangerously, "If you speak for him again, I will regret it."

Qiao Nian was stunned for a moment, then reacted immediately, looking at him with beautiful eyes: "Are you jealous?"

"God Qiao is quite sharp." Ye Wangchuan faced her with a candid smile, but he didn't smile.

Qiao Nian consciously touched the tip of his nose, stared at his face with a headache, stared at him for a few seconds, and then aimed at him: "I am not the kind of relationship you think with Lu Zhi."

"I know."

Ye Wangchuan is not a fool, of course he knows that she has nothing to do with Lu Zhi, at least she only regards Lu Zhi as a friend here.

As for what Lu Zhi thinks...

Ye Wangchuan sneered, a man who doesn't even have the courage to pursue the person he likes, does his idea matter?

His fingertips were cold and slender, like suet jade, and he asked the girl to sit back and start blowing her hair again: "Are you sure you won't wait for him to wake up before leaving?"

"Yep."

Qiao Nian responded.

The warm air from the hair dryer tickled her neck, making her a little sleepy.

She half-squinted her eyes, enjoyed a moment of peace, pursed her red lips again, and said in a low voice, "I'll be 20 in three months."

Ye Wangchuan laughed angrily at her, and raised his thin lips: "Do you know what people used to do to make donkeys work more?"

"They'd tie a rope around the donkey, with a carrot hanging from the rope."

"Then the carrot kept dangling in front of the donkey, and the donkey was attracted by the carrot in front of him and couldn't eat it, so it kept walking forward."

Chapter 2588 I haven't given you a perfect wedding

Qiao Nian was attracted by his novel statement, turned around, and was quite condescending: "So you are a donkey?"

Ye Wangchuan turned her head again and continued to blow her hair gently: "Whether I am a donkey or not, it depends on whether God Qiao has carrots."

Qiao Nian was drowsy by the warm wind from the hairdryer, propped his chin, and thought about his problem in a half hazy.

Her hair is not long.

Ye Wangchuan was dry in no time.

He will use the rubber band on his wrist to tie a ponytail to the girl, but he is not good at craftsmanship and not skilled in business. The ponytail is loose and some strands of hair are not tied.

"Tsk." Ye Wuchuan couldn't help but click his tongue when he saw his achievements, and gently took off the rubber band again.

Qiao Nian's jet-black shoulder-length hair fell on her shoulders like a waterfall again. She reached out and grabbed it, and seemed to realize it.

"I'll do it." She took the rubber band from Ye Wangchuan and neatly tied her hair into a small ball, exposing her slender, snow-white neck.

Ye Wuchuan stepped aside to avoid blocking her.

His eyes fell on the girl's flexible movements, observed how the girl tied her hair, and thought about what he should do next time.

Because he was distracted, he didn't notice that Qiao Nian kept staring at him with deep eyes after he tied the ball. .

"You..." Qiao Nian stared at him for a few seconds, then suddenly said, "How about we try?"

"Huh?" Ye Wuchuan raised his eyelids slightly, leaning back on the edge of the table, the whole person was a little lazy, and the home clothes were worn out of the runway by him, and the slightly open neckline pushed the atmosphere even more To the extreme: "try what?"

There is a kind of flirting called flirting without knowing it.

He is now such a model.

Qiao Nian is actually a visual controller, otherwise he would not be the chief designer of SEVEN under Yuan Yongqin.

She has a pursuit and taste for beauty. People who pursue beauty must also like and indulge in beauty...

Qiao Nian stared at him: "Just the one you always said."

"?" Ye Wangchuan was slightly startled.

She stepped forward, stood in front of him, raised her head slightly, and met his eyes: "Actually, there's no need to wait until 20, I'm not that traditional person."

She is simple.

Identifying a person is that person.

As for age... She came out of an orphanage with a child who was grown up by Qiao's parents and no one cared about her. In fact, no one told her what age she could do this.

Nobody taught her that.

But Qiao Nian never took a step over the Thunder Pond.

is not impossible.

Just respect yourself.

"If it's you, it's not impossible." Qiao Nian lowered his eyelashes slightly, covering the brilliance in his eyes, resting his hands on the edge of the table that Ye Wuchuan was leaning on, leaning forward slightly, she would undoubtedly do the simple movements It's teasing | teasing: "What do you think?"

"..." Ye Wangchuan could feel the girl's lightly blowing breath, and could hear the sound of his own blood burning and boiling.

He restrained himself at the last moment, grabbed the girl's wrist, and squeezed his fingers together: "Niannian, don't make trouble."

Qiao Nian looked up at him without speaking.

That slightly raised and eye-catching face was the biggest challenge to Ye Wuchuan's self-control.

Ye Wuchuan was defeated when he looked at her, raised his hand and rubbed his brows, suddenly pulled the girl into his arms and lowered his head to kiss him.

This time he indulged himself.

It wasn't until the corner of Qiao Nian's mouth was frayed that he pulled himself back abruptly, tidied up her drooping hair, and said in a low voice, "Idiot, I haven't given you a perfect wedding yet."

Chapter 2589 Love rises and sunsets, and romance lasts until death

Qiao Nian was a little confused by his kiss. Hearing this, his eyelashes trembled, and he pursed his lips and said, "I don't care about these external things."

"But I care."

Ye Wuchuan raised her little finger, pulled it in his palm, looked down at her eyes and said, "I also want to give you what others have, such as a romantic wedding."

Qiao Nian plays drums and Konghou.

Her name on social platforms is Chasing Light, and in Hongmeng she is called sun, which translates to light and sun.

At least when she was in Qiao's house before she was eighteen years old, she had a dream of wanting light to shine into her life throughout her teenage years.

She now lives herself as a light for many people.

But he still wanted a light to shine into her life.

Just like what she thought before she was eighteen, the sun dispels the heavy haze, and the sun shines on the earth.

And love rises and sunsets, and romance will last forever!

Ye Wangchuan's voice was low and hoarse, but every word was clear: "I want you to know that your world is not only black, but also white and light."

**

Qiao Nian left country m by plane at 3:00 in the afternoon.

Jian Ni didn't come to drop off the plane.

She watched the plane break through the sky and fly into an altitude of 9,000 meters, until a tail was drawn in the clouds, completely invisible. .

She just leaned outside the airport fence, spit out the cigarette she was biting in her mouth and stomped it out, and said to the people under her hands, "Go back."

There were cigarette butts scattered all over her floor.

In just one hour, she smoked half a pack of cigarettes.

The woman in the box followed her, opened the car door for her, and asked aloud, "Jianzhu, we've all come to the airport, why don't you go and drop off Miss Qiao?"

Jian Yan paused in her footsteps and put her hand on the door of the car for a long time without speaking.

I don't know how long it took.

She looked back at the woman's puzzled eyes and smiled bitterly: "Because I'm not worthy."

The woman was even more puzzled: "Uh, did you quarrel with Miss Qiao?"

She doesn't think so.

Jian Yan was so protective of Qiao Nian in the box before.

The relationship between the two seems to be very good.

This time, the two worked together to rescue Mr. Lu, which made it even more unreasonable to quarrel.

But Jane didn't answer her feelings, she pursed her lips: "You don't need to know so much."

After saying that, she bent down and got into the car.

When the woman saw that she was in a bad mood, she stopped asking questions.

I went around to the driver's seat in front, opened the door and got in the car, and said through the rearview mirror, "Jiansuke, where are we going now?"

Jian Yan took out her mobile phone impatiently: "Go to the Pharmacy Association first."

She turned on the phone and found that there were two missed calls on it, all of which were from Zhongliu, and she just turned it off and didn't receive them.

So Jian Yan hurriedly called Zhongliu: "Hey, Mr. Zhong."

"I'm sorry, I didn't receive your call outside, do you have anything to do with me?" She remembered something and hurriedly said, "Is Mr. Lu awake?"

Zhongliu's voice was the same as always: "Well, ten minutes ago, Mr. Lu woke up. Robert and I checked his body. He's just weak, so he'll be fine after a while."

Jian Yan rarely showed a smile: "That's good."

Zhongliu continued: "I'll call you, there is another thing."

"What's the matter?" Jian Yan had great respect for him and sat up straight.

The car drives smoothly and at a relatively slow speed.

She heard Zhongliu's slow voice and said to her: "Q left something for you before she left. She gave you the formula of the small pill."

"In addition, I gave you a Chinese medicine prescription. This prescription can relax the meridians and activate blood, which is good for Mr. Lu's legs. You have to soak Mr. Lu's feet all year round. As long as you continue to treat with acupuncture, he will still have a chance to stand up again. ."

"Q also said that after she goes back, she will continue to study ways to get Mr. Lu to stand up. If she has a way, she will pass it on to you through me."

Jian Yan suddenly felt uncomfortable in her chest. The corners of her eyes were slightly red, and she reached out to open the car window, letting the cold wind from outside blow in, but the guilt in her heart could not be blown away by the wind.

"I, I got it."

Jian Yan whispered: "Thank you."

Zhong First-class probably guessed that she had a conflict with Qiao Nian, but he didn't want to interfere in other people's affairs, so he hummed: "Come back soon."

Jian Yan twitched the corners of her mouth and clenched her phone tightly: "Okay."

She hung up the phone and looked up at the sky through the car window. The plane had long been invisible at an altitude of several thousand meters.

Jian Yan couldn't calm down, so she sent a message to Qiao Nian on her mobile phone.

Then close your eyes and lean back tiredly to rest.

...

The car will soon arrive at the Pharmacy Association.

Lu Zhi just finished a series of inspections.

When he saw Jian Da hurried in, he pursed his lips, and his fair face was as handsome as ever:
"What about her?"

Jian Yan slowed down, knowing who he was asking, walked over and poured him a cup of hot water, while saying, "Joe has returned to Independent Island."

Lu Zhi didn't know that Qiao Nian knew everything. He frowned and stared at the woman's profile:
"When did she leave? Why didn't you wait for me?"

Jian Yan pretended to give him the water easily: "Qiao still has unfinished business in Independence Island. She left in a hurry. She just left."

Lu Zhi took the water, lowered his head and took a sip.

Fortunately, he did not continue to pursue this question, but thought of something else: "Where are the people from the hidden family?"

Jian Yan put the water glass back on the table from him, lowered her eyes, and mentioned the people of the hidden family in a bad tone: "The queen has left, and the Yu family has fallen."

"Now the hidden family is in a mess, and some members of the hidden family who didn't know what happened in country M have also received news."

She thought for a while, and continued to say to Lu Zhi, "I guess the Queen will give an account to the Privy Council, otherwise this matter will not be so easy to pass."

Joe openly slapped the Hidden Family this time, and retreated.

Joe even almost let everyone know the existence of the hidden family, which is the most unacceptable place for these people.

"She has a way to deal with the old men in the Privy Council, otherwise she wouldn't control the hidden family for decades."

Lu Zhiqiang tried to get up: "You help me get up."

Jian Yan pushed him back, and said depressedly: "Old Zhong asked you to rest more, boss, don't bother, you'll continue..."

Halfway through her words, she remembered the disappointment in Qiao Nian's eyes when she saw her, and instantly stuck her throat, lowered her eyelashes in embarrassment, and said, "Qiao has left safely."

"Even if the queen wants to move her, the Independent Continent is the territory of the Ji family, and the hidden family is not so good at doing it."

Lu Zhi pushed her hand away, propped himself up abruptly, and there was a little blood oozing from the bandage under his clothes.

He didn't care about it at all, as if it didn't hurt, he told Jane: "Go and arrange for the staff."

Jian Yan stood on the edge of the hospital bed, her head was big: "What do you want to do?"

Lu Zhi's face was bloodless and his body looked weak, but his mind had gradually come to his senses: "Let the K organization get out of the control of the hidden family."
