

Madam's 2591

Chapter 2591 Slap in the face! you will always be trampled underfoot

He squinted his eyes, dangerous and charming: "I've been prepared for a long time and have been waiting for this day, the K organization must break away from the hidden family, and I can't keep them threatened forever."

Jian Yan of course knew that Lu Zhi's biggest wish when he took over the K organization was to let the K organization have a day in his hands to break away from the hidden family.

Even if they will pay a huge price for it.

She and Lu Zhi also hope that the K organization will no longer be controlled by the hidden family in the future, and can become independent.

Although Lu Zhi wanted K to organize this force, he never thought of hurting Qiao from the beginning to the end, he wanted to protect Qiao.

At least that's what his original intention was.

Jian Yan looked at him with a sad expression, her lips moved, and she said, "I'll do it right away."

Lu Zhi didn't see that she was in a wrong mood today, so he raised his hand to let her go out: "Fix the matter as soon as possible."

"Okay."

Jian Ni is very aware of the importance of the K organization to the hidden family.

If the Queen can easily resolve the Privy Council's dissatisfaction with her behavior in Country M, but the Queen will definitely not be able to explain to the Privy Council the fact that the K organization has broken away from the hidden family.

Lu Zhi's doing this can be regarded as supporting Qiao in disguise!

It is estimated that the Queen would never have thought that he would be so decisive.

Yu Xinlan went to the hospital to visit Yu Qingliu after leaving the Pharmacy Association. .

Yu Qingliu's situation is very bad.

He suffered from sudden cerebral congestion + stroke. Although he was rescued by the doctor and saved his life, he was paralyzed on the bed.

He suffered a stroke and hemiplegia at his age, and he has no room for recovery. He can only spend the next days in a hospital bed.

Yu Xinlan, as the last only seedling of the Yu family, she first took care of the follow-up matters in the hospital and arranged for the housekeeper to guard Yu Qingliu in the hospital. She went home to get her clothes first.

When she returned to Yu's house, she saw Ji Ziyin dragging her suitcase out of the villa before she entered the house.

"You want to go?" Yu Xinlan stopped and glanced at her.

Ji Ziyin smiled generously: "Elder Yu is in the hospital, so I don't want to bother you any more."

"I booked a suite at the hotel and stayed there temporarily."

"Heh." Yu Xinlan watched her performance coldly, but still couldn't hold back her disgust and said, "Why didn't you feel bothering us when you moved in, now that the Yu family is in trouble, you find that you are bothering us. You are quite kind. Eyesight."

Ji Ziyin's face didn't even turn red, she faced her and said sincerely, "I'll give you my mobile phone number. Miss Yu can find me at the hotel if she needs my help."

Yu Xinlan slapped her hand away, raised her head slightly, and for the first time proud and not annoying: "I don't even bother to ask for help from someone like you, and you can't help me."

"That's all." Ji Ziyin indifferently crumpled the note with her phone number written on it, ready to throw it into the trash.

Yu Xinlan looked at her arrogant, as if she was about to fly up the branches and become a phoenix, and stared at her back viciously before she left.

"Ji Ziyin, don't think you can change your destiny by stepping on my grandfather's shoulder to know the queen. You will never surpass Doctor Qiao in your life, and you will always be stepped on by her."

"Because your pattern is different!"

"..." She hated this sentence the most in her life.

Ji Ziyin turned her head sharply.

Yu Xinlan had already closed the door of Yu's house in front of her eyes, as if she was using her actions to express her disdain for her!

Chapter 2592 Sister Nian has returned to the First Research Institute

The private jet Ye Fangchuan used this time.

As soon as the plane landed at the Independent Island Airport, Qiao Nian received a call from Zhou Zhou: "Well, I just arrived, I'll talk about it when I get off the plane."

Qin Si went down first.

He has a lot of luggage, and he is asking Gu San to help him carry the luggage together.

The two worked together to drag a large box out. Qin Si looked up and saw that the girl walked out of the cabin with a black shoulder bag on her shoulders, wiped the sweat from her face, and couldn't help but envy: "Qiao Sister, didn't you buy specialties?"

Qiao Nian reached out and pulled the shoulder strap: "I didn't buy it, what's wrong?"

She only bought a cat head brooch for the little guy, so she didn't have time to go shopping.

Qin Si shook his head: "Nothing."

He smiled and said: "I bought a lot of specialties from country M this time. Isn't it good that there are several brands of skin care products in country M? I brought a few sets for my family, look back and see what you want, don't follow I'm polite."

Gu San was still digging into the luggage cabin for him to get things. Seeing him standing there leisurely chatting with Qiao Nian, he went to pull him: "Young Master Qin, don't be lazy, I can't finish it alone!"

"I didn't say I wanted to be lazy." Qin Si's mouth was tough, but unfortunately he was forcibly dragged away by Gu San.

Qiao Nian went down from the hatch when he saw that he was pulled away.

Just in time, Zhou Zhou called again.

She looked down at the phone, but didn't answer it.

turned around and saw the man who came out of the cabin one step behind her. .

Ye Wangchuan is as handsome as ever, and the beige striped thin sweater is so graceful that he can catch the attention of others at a glance.

He is tall and has long legs. He walked to Qiao Nian in a few steps, glanced at Qin Si and Gu San who were carrying luggage, put his hands in his pockets, and said to the girl lazily, "Before we go back, let's have a meal first. Come on, what do you want to eat?"

Qiao Nian's left hand phone vibrated again, but she still didn't answer it, hung up the phone, looked up at him, and said, "You guys go eat, I'm going to the First Research Institute first."

Ye Wuchuan just glanced at Zhou Zhou's name beating on the screen of her mobile phone, guessed that Feng Yu was looking for her, and didn't say anything, walked over to find Gu San and got the keys to the car, then came back and said to the girl, "I'll take you there. ."

Qiao Nian looked at Zhou Zhou's call again, reached out and pressed his eyebrows, followed in his footsteps: "Well."

**

After half an hour.

Qiao Nian went to the First Research Institute.

After saying goodbye to Ye Wangchuan, she went straight to Feng Yu's office.

She wore a beige long trench coat of the same color today, with a waist design, paired with jeans and Martin boots, which looked particularly refreshing and cool.

has attracted a lot of turnarounds along the way.

It's just that Qiao Nian is habitually wearing a peaked cap with a low brim.

The people from the First Research Institute haven't seen her for a long time, and no one has recognized her for a while.

But the aura around her still makes people look back at her frequently.

Qiao Nian was used to these attention-grabbing gestures for a long time, and he didn't care at all. He walked to the door of Feng Yu's office, raised his hand, and knocked on the door of the office.

"Hello, can I come in?"

Lazy and polite voice.

is quite dry.

is very characteristic.

...

In the office.

Feng Yu, Shi Fu, and Zhou Zhou were all there, their faces were solemn, but they didn't say much.

Zhou Zhou is responsible for the contact person.

She made several calls in a row, but Qiao Nian didn't answer.

Zhou Zhou walked back with his phone.

"How is it?" Feng Yu asked her when she saw that she hadn't called.

Zhou Zhou shook his head: "No answer."

Chapter 2593 Everyone thought something happened to Sister Nian

Feng Yu is frowning: "She won't encounter anything, right?"

Zhou Zhou's red lips pursed tightly, and a worried look appeared on his oval face.

At this moment, they all heard a knock at the door and the phrase 'Can you come in?'

Feng Yu put the documents at hand into the bag, and then put the cowhide bag in the drawer, and said unhappily, "Who is running here at this time?"

"I don't know." Zhou Zhou had something in his heart, so he didn't pay attention to the voice, and before Feng Yu got up, she took the initiative: "It's probably a student in the laboratory, Dean, sit down, I'll let him go."

Shifu stopped her at this time: "Why do I hear Qiao Nian's voice?"

Zhou Zhou paused slightly and turned his head: "?"

Shi Fu got up and went to open the door.

Sure enough, everyone saw the girl standing outside the door.

I haven't seen her for a few days, the girl has lost some weight, but her personal aura is still so strong, it's still unforgettable at a glance.

"S..." Zhou Zhou ran over and almost blurted out and called SUN, but luckily she reacted quickly, walked over to Qiao Nian and said, "Why did you come here directly? I thought you didn't answer the phone..."

Qiao Nian raised his cap, his black eyes were slightly dry, and came in from the outside: "Why?"

Zhou Zhou was embarrassed to say: I thought you had an accident.

Qiao Nian stared at her and seemed to know what she wanted to say, so he passed her and went in to greet Feng Yu and Shi Fu.

"Feng Lao, mentor, I'm back."

Feng Yu got up excitedly, seeing her whole body relieved: "Just come back, just come back."

He heard from Martin that Qiao Nian had a conflict with the hidden family in the country M, and once offended Her Majesty the Queen, Feng Yu's heart was in his throat.

He hasn't closed his eyes since he got the news last night. .

Lest Qiao Nian have an accident.

After all, the queen has always been in control of the largest mercenary organization, and it is as easy as eating for the K organization to make people disappear.

The more he thought about it, the more worried he became. He called Shi Fu and Zhou Zhou in the morning and told them about the situation.

As a result, his worries turned into three worries.

"If you don't come back, I'll go to Country M to find you." No matter what, Feng Yu was relieved to see Qiao Nian returned intact.

Qiao Nian raised his eyebrows before he could speak.

When , Fu's stern face showed a rare smile, he nodded to Qiao Nian, and said the same thing as Feng Yu: "Just come back."

Zhou Zhou walked over from behind her at this time: "We all know what happened to you in country m, you...you are too impulsive."

"In case you have three strengths and two weaknesses, we don't know what to do."

"You know?" Qiao Nian felt that they knew from his reaction when he entered the door, so he rubbed his eyebrows, raised his eyes, and looked a little guilty: "I'm sorry, I couldn't tell you."

she said so.

Feng Yu, Shi Fu and Zhou Zhou, who would be willing to blame her.

After all, this matter is Qiao Nian's private matter after all.

Although they cared about her from the perspective of the elderly, they were not qualified to blame Qiao Nian for not telling them in advance.

Feng Yu was the first to break the deadlock, got up and took out the document bag he just put in from the drawer, walked over to the girl and handed it to her: "Look at this."

Qiao Nian reached out and took it, opened the bag, took out the document from it, and asked casually, "What is this?"

Chapter 2594 Feng Yu: Do you know the Privy Council?

"Have you heard of the Privy Council?" Feng Yu asked her first.

Qiao Nian read the first page at a glance and turned the page: "I haven't heard of it."

"The Hidden Family is made up of hundreds of families. The Yu family that is in conflict with you this time is just one of them, and the other families are not easy to mess with."

"Their families jointly elected a leader, the queen you offended this time."

"The queen has absolute right to speak within the hidden family, but in order to prevent the leaders who have been elected in the past from having too much voice and harming the interests of the family for their own selfish desires... The people of the hidden family have also created a regulatory agency, and this agency will Call the Privy Council!"

Qiao Nian dragged a chair and sat down, having seen the page he was talking about.

Feng Yu saw her seriousness, stared at her jawline, and slowly continued: "If the Queen is the head of the hidden family, then the Privy Council is the heart of the hidden family."

"Yes." Qiao Nian responded and continued to turn the page.

Feng Yu walked up to her and said in a deep voice, "Even the Queen has to be restrained by the Privy Council, so the Privy Council is very important."

"The Privy Council is going to recruit new members recently. I discussed it with Shifu, and we both think this is an opportunity."

Qiao Nian had almost finished reading the documents in his hand, and looked up at him.

Feng Yu made no secret of her thoughts and said to her, "If you can enter the Privy Council, at least the Queen will be afraid and won't move you easily, otherwise you will be too dangerous!"

Qiao Nian did not offend any one person.

She offended the entire hidden family for Lu Zhi this time!

If Qiao Nian offends someone, the First Research Institute will protect her to the end. .

But Qiao Nian offended the entire hidden family, Feng Yu knew very well his ability, and knew that he might not be able to protect him this time.

"I asked Martin, the Privy Council will not care about these disputes outside, they only value personal ability."

Qiao Nian put the documents back into the cowhide bag and said casually, "But I'm not a member of the Hidden Family."

"You are."

Feng Yu's eyes were like torches, although he didn't want to say it, but at this juncture, he could only say: "You are Ji's family."

"The Hidden Family made a promise fifty years ago that the Ji family's bloodline would enjoy the same power as them."

The Hidden World Family has always been superior to others, and the Ji Family is also the one... That man is so strong that he almost turned the entire Hidden World Family upside down with one person.

The arrogant and hidden family also had to crawl under his feet, so there was this agreement.

The Ji family is not a member of the hidden family, but can enjoy all the benefits of the members of the hidden family.

"You are in the direct line of the Ji family, and you are qualified to participate in the selection of new recruits." Feng Yu almost fell into memory, but he was more concerned about Qiao Nian's current situation: "Nian Nian, listen to me, you go to the Privy Council. Zhao Xin, with your ability, you should be able to enter, as long as you enter the Privy Council, the safety of life can be guaranteed, and we can rest assured."

Qiao Nian lowered his eyes and returned the cowhide bag to him: "I'm not interested."

She was never afraid of the hidden family, let alone the queen hiding behind the hidden family!

So Feng Yu's kindness was accepted by her, but she didn't really want to participate in the so-called recruiting of the hidden family.

Feng Yu took the bag and became anxious all of a sudden: "Niannian, listen to me, it's not that I'm interested..."

Before he finished speaking, Shi Fu gave him a hand and told him to move away.

Chapter 2595 You have a quarter of Ji's blood flowing through you

Feng Yu sighed and turned to let him come over and talk to Qiao Nian.

Shi Fu stepped forward and said little: "Don't you want to find out the cause of your mother's death?"

Qiao Nian narrowed his eyes and looked up at him slightly.

Shi Fu still had a straight face as always, and continued lightly: "I used to work in a laboratory with her, and the person Xie Tingyun and I were most convinced of was her. She is a very powerful person, and she owns us. A quality that most people don't have..."

"I want to know just like you how she died so early, but the truth I have been able to come into contact with over the years is really too little."

He raised his head and looked at the girl with burning eyes: "But I know the truth about her is hidden in the hidden family!"

"You don't want to go to the Privy Council, so how are you going to find out the cause of her death? Can you find out the truth just by catching a few rogues from a hidden family?"

Shi Fu shook his head, his voice resolute and affirmed: "You can't find out the truth just by doing this, and people who know the truth won't tell you."

"You can only get close to them and go inside their core to get in touch with the truth of her death."

Feng Yu tugged his sleeve, secretly observed the expression on Qiao Nian's face, and frowned in disapproval: "Okay, say a few words less."

Qiao Nian listened to Shi Fu's words, was distracted for a while, pursed his lips, was silent for a moment, stretched out his hand to pull his hat, and put his hand back.

When Shi Fu saw that she seemed to be listening, his straight face softened, and he said slowly, "I know you don't want to have anything to do with the hidden family, but you can admit it or don't want to admit it. A quarter of Ji's blood."

"...You are from the Ji family, or their bloodline."

Qiao Nian's blood is her ticket to participate in the Privy Council recruitment, she can only admit her relationship with the Ji family.

"Okay." Feng Yu raised his voice, pulled his arm down again, and glared at him with a frown. .

"..."

When , Fu endured it, don't start, and didn't go on.

Zhou Zhou turned his head to look at the girl, hesitant to say anything, not knowing which one to persuade.

Qiao Nian got up, pulled out the chair, and stood up, looking much calmer than Shi Fu, with no expression on her face, but from the corners of her slightly pursed lips, it could be seen that she was in a bad mood: "I'll think about it."

Feng Yu subconsciously let go of his hand and looked at her worriedly: "Niannian, don't take his words to heart, he is just as hard as a stinky stone in a dungeon, and he doesn't know how to change his temper for the rest of his life."

"I know the tutor is for my own good." Qiao Nian nodded, turned to look at Shi Fu again, and whispered, "I will consider this matter, but I cannot guarantee that I will go."

When Fu's tense back muscles relaxed, he lowered his head in embarrassment, not daring to look into the girl's eyes: "Well."

He also knew that it would be too hard for him to do so.

He didn't have the ability to find out the cause of Ji Qing's death, how could he ask a 20-year-old girl to do something she didn't want to do.

Can...

He and Xie Tingyun, they both wanted to know who killed Ji Qing back then. If he couldn't figure it out, he wouldn't be able to close his eyes even if he died.

So he can only be sorry to Qiao Nian.

"Sorry." Shi Fu still couldn't withstand the torment and scrutiny in his heart, and apologized to the girl in a low voice, his voice was very soft, and it quickly floated into the air.

Qiao Nian heard his apology, nodded, and said softly, "I didn't take it to heart."

Chapter 2596 Singles help each other

Qiao Nian came back from the First Research Institute.

In the villa, Gu San had already ordered a takeaway hot pot, which was just lit.

As soon as she entered the door, she smelled the smell of fragrant butter wafting from the bottom of the pan, and changed her shoes to go in.

Gu Sangang was making seasoning sauce, and when he saw Qiao Nian coming back, he greeted her: "Miss Qiao, you are back."

Qiao Nian walked over, looked around and didn't see anyone, took off his coat and hung it on the edge of the chair, pulled out the chair and asked him, "Where's Ye Wuchuan?"

Gu San handily brought her a bowl: "Master Wang is reading in the study upstairs, come down soon?"

"Um."

Qiao Nian responded and put the seasoning in his bowl.

She eats hot pot with a typical southern taste, and likes to add spring onion, garlic and millet spicy to the seasoning bowl and add a little red oil.

Ye Wangchuan and Qin Si are both Beijing-style and prefer sesame sauce.

Qiao Nian seasons it himself.

By the time she finished her seasoning bowl, Gu San had already gone upstairs and called Ye Wuchuan down.

Qin Si just finished taking a shower, and came out of the room wearing a bathrobe: "The hot pot is ready, it smells good."

Qiao Nian put some dishes down with chopsticks, leaned lazily on the back of the chair, and squinted at him: "Ah, it's almost time."

"Damn it, Sister Qiao?" Qin Si realized that Gu San was not in the living room, and Qiao Nian was there to help with the dishes. He covered his bathrobe with his neckline, and hurried to the room with his legs between his legs: "I'll go. Change your clothes and come out now."

"..."

Qiao Nian didn't even see what he was wearing, and saw him slipping fast, leaving only a white afterimage.

She didn't care, by the way, she also put the seasoning bowls for the three of them, and added a little more coriander to someone's bowl.

Ye Wangchuan likes to eat coriander, but Qiao Nian can't taste the taste of coriander, and always feels a little dark cooking.

She prepared the seasonings for the three of them respectively. Ye Wuchuan and Gu San walked down from the second floor, and Qin Si also changed into a new set of home obedience and came out of the room.

It was more natural for him to change into his own clothes. He walked over and pulled out a random position to sit down. He raised his handsome face and looked at the girl who had already moved his chopsticks: "Sister Qiao, are you back so soon? We thought you were studying. eat."

"No." Qiao Nian took a piece of hairy belly for himself and just scalded it, raised his eyebrows, and replied lazily: "They still have things to do, so I'll go first."

Ye Wuchuan just pulled out the chair beside her and sat down, saw the three bowls on the table, and reached out to take the bowl with the most coriander, with long and shiny fingertips, tilted his head, and looked at the girl with dark pupils: "This be mine?"

Qiao Nian looked at it and admitted very frankly: "Well."

"Thank you." Ye Wangchuan's voice was even lower, with a vibrating smile in his chest, he handed her a can of orange juice, and opened the tab for Qiao Nian.

Qin Si had also put a piece of spareribs in the hot pot. Just as he was about to eat it, he saw the small interaction between the two, and the spareribs in his mouth suddenly didn't taste good.

He threw his chopsticks away and asked plausibly, "I want to drink too."

"Go get it yourself." Ye Wuchuan didn't move the end of his eyes, that was ruthless like an autumn wind sweeping leaves, and he gracefully took the chopsticks and prepared to start.

Qin Si secretly cursed and leaned back, pulled away the chair, stood up, and patted Gu San on the shoulder, with a good attitude of the two brothers: "Gu San, what do you want to drink, the young master will help you."

"?" Gu San's face was covered.

Qin Si looked at the two people who were indifferent again, and was even more depressed: "Don't look at me, I'm called Animal Mutual Aid." Single dogs help each other!

Chapter 2597 Sun is okay

"Oh." Gu San understood after a while, and told him very distraught: "I don't drink drinks at night."

"..."

Qin Si can only go to get the Coke he wants to drink in a depressed mood.

*

"The dean asked you to go over there for something?" Ye Fangchuan put down the chopsticks after perming the girl's hairy belly a few times.

Qiao Nian was still burying his head in eating, when he heard the words, his eyelids were raised, and his eyes were extremely beautiful: "Well, there is something wrong."

She didn't wait for Ye Wangchuan to ask, and said, "He wants me to enter the Privy Council."

Ye Wuchuan's eyes flashed, and he really knew this place.

"The Privy Council of the Hidden Family?"

He thought for a while, and lowered his eyes: "The dean is also for your own good."

Qiao Nian glanced at him, and it was not surprising that he would know this, so he snorted, and continued to say casually: "I know what he thinks, and he also told me his thoughts."

Ye Wangchuan looked at her: "What do you think?"

He wanted to know what Qiao Nian thought.

Qiao Nian didn't look at him this time, and in a blink of an eye he took another piece of beef: "I haven't figured it out yet, maybe I will try it, maybe I won't."

Speaking of this matter, Qiao Nian's appetite became bad, put down his chopsticks, turned to look at him, his whole body was covered with a cold and unpleasant mood: "He wants me to participate in the recruitment of new members of the Privy Council, but the hidden family The condition for recruiting new ones is... admit that I have the blood of the Ji family flowing through me..."

When she talked about the Ji family, there was a haze in her heart: "You should know what I found, and the Ji family was also involved in my mother's death."

Ye Wangchuan reached out and shook her hand, lowered his eyes, and his voice was soothing and pleasant: "But no matter what, Auntie is from Ji's family.."

Qiao Nian raised his eyes suddenly.

His expression was firm, without the slightest fluctuation, and he calmly stated a fact: "Auntie has never denied her identity."

Qiao Nian pursed his lips, avoided his gaze, and picked up his chopsticks to eat again.

A full minute passed.

She said irritably, "I'll think about it."

Ye Wuchuan's purpose is not to force her to choose, but to provide her with a new way of thinking when she is rarely confused.

He saw that the girl seemed very annoying, so he picked up the chopsticks silently again, burned her a few hairy belly again, and said softly: "Eat first, and then think about what you have eaten."

Gu San acted as a background board throughout the whole process, maintained a good education, and did not interrupt or ask questions.

Just then.

His phone vibrated.

Gu San put down his chopsticks, took out his phone, and glanced down.

It turned out that Zhou Zhou sent him a message.

【Is sun all right? 】

Gu San secretly raised his head and glanced at Qiao Nian, and went back to edit the message with his mobile phone in both hands: [Miss Qiao is fine, she is eating hot pot.]

He hasn't put the phone back.

Zhou Zhou's news came later: [She's fine, I'm still worried that she's in a bad mood.]

【You look back and help me look at her more, send me a message if something happens. 】

Gu San wanted to say: This is inappropriate, right?

But after thinking about it, he returned to Zhou Zhouyi: [Okay.]

Qiao Nian didn't notice Gu San's small movements, just as she was almost finished eating, she put down her chopsticks and said to the three, "I'm full, go upstairs first, and you eat slowly."

"Are you full?" Not long after Qin Si came back from sitting down, he was chatting with Gu San about Beijing.

Something happened to the Wei family recently.

Weilou liquidated his aunt, Weiying, out of the family, and now Weiying's son-in-law Shen Jingyan's promotion has been affected.

Chapter 2598 The scumbag wants to ask the wrong master for help

Wei Ying is looking for his younger brother to play family cards.

It's a pity that her nephew, Wei Lou, was extremely tough this time, and his wrists were so sharp that even Father Wei couldn't do anything about him.

Wei Ying and Shen Jingyan had no choice but to look for relationships everywhere, and they wanted to climb up.

No, find Bo Zheng on his head.

Bo Jingxing told Qin Si about this again.

"Well, I'm full." Qiao Nian got up and pulled out the chair, half-squinted eyes could see the sleepiness: "Go up and sleep."

Qin Si watched her running back and forth for Lu Zhi's affairs these days. She didn't rest well at all, so she didn't keep her: "Then go up and rest early."

"Um."

Qiao Nian went upstairs.

Qin Si waited for her to go up, then leaned forward, bumped his elbow against the man's chest, and said, "Shen Jingyan, do you want to take care of it?"

"Huh?" Ye Wangchuan had been serving food for Qiao Nian before, but he hadn't eaten much himself. Now that Qiao Nian went up, he started to eat: "What's the matter?"

"It's about Shen Jingyan." Qin Si was speechless, and then said, "Uncle Bo means to see what you say."

"He didn't directly refuse Wei Ying and the others who came to the door because of Sister Qiao's face, but he didn't give them the right words either."

"He can't find Sister Qiao, so he asked Bo Jingxing to come and ask me, what do you mean? To help or not to help."

Weilou has two brushes in the younger generation.

But the younger generation in Beijing still have to look at the face of the grandfather.

The arrogant master wants to protect Shen Jingyan, even ten guards can't fight it!

It's just that this master hasn't been in Beijing recently, and Bo Zheng couldn't find anyone. He only heard Qin Si to ask about his attitude.

Ye Wangchuan has a light taste and likes to be vegetarian, so he put the freshly cooked spinach and tomato in a bowl, and he didn't bother to lift his eyelids when he heard the words: "No help."

"Are you sure?" Qin Si guessed the answer, but he still had to ask more: "You think about it, I will tell Uncle Bo back."

Ye Wuchuan only took a bite and put down his chopsticks: "You forget that she just came to Beijing, how did the Shen family treat her?"

Qin Si was silent.

Ye Wangchuan wiped his mouth gracefully, and Shi Shiran said, "Shen Jingyan really treated Nian Nian well when he was around the city, but this feeling has been squandered by him long ago, and he should know this very well in his heart. "

"He doesn't have the face to find Nian Nian himself, so he can only go to Uncle Bo. If that's the case, why should I help him?"

"The Wei family's affairs, the Wei family will solve it themselves!"

"I'm not a neighborhood committee."

Qin Si supported his forehead, and he was absolutely stupid: "Yes, this is their family business. I will turn back and tell Uncle Bo to let him leave it alone."

"Um."

Qin Si saw the light expression on his handsome face, and when he thought of Shen Jingyan and Wei Ying, he couldn't help but want to scold B.

Shen Jingyan had a trump card at that time, and he would not lose no matter how he played, but he chose the worst way to offend Sister Qiao.

As the arrogant lord said, he just squandered that little affection.

If Shen Jingyan wasn't so snobbish at the time, and he wasn't so stubborn, then Weilou wouldn't have killed him just because of his relationship with Sister Qiao.

This is just great.

The Shen family is about to fall.

He Shen Jingyan's life has come to an end.

"Let's not tell Sister Qiao this, so that she won't be upset when she hears these people." Qin Si consciously mentioned it to Gu San again.

Gu San nodded hastily, agreeing deeply.

Chapter 2599 Miss, why are you suddenly willing to deal with us

But upstairs, Qiao Nian had already received a call from Mr. Jiang and mentioned Shen Jingyan to her.

Mr. Jiang also asked her the same question: don't care.

If Qiao Nian cares, he will risk his old face to go down to Weilou to intercede.

However, Qiao Nian just lowered his eyelashes and said casually, "Don't worry about him."

She has known Weilou for so long.

Weilou is one of her few friends in the ring city.

This time Weilou had a conflict with Shen Jingyan, and she would not interfere.

She cut off contact with Shen Jingyan at the beginning.

She is not obligated to help.

Besides, the other party is her friend.

"It's not convenient for us to interfere in their family affairs."

Mr. Jiang didn't ask about this again, and instead asked when she would come back.

Qiao Nian calculated the time and promised him that he would go back on his birthday in three months. Only then did Mr. Jiang hang up the phone with satisfaction. .

Then he quietly transferred six-digit pocket money to her on WeChat, insisting that she accept it, saying that she was worried that she was out alone.

Qiao Nian leaned in front of the floor-to-ceiling window, looked down at the transfer record on his WeChat, couldn't help raising the corners of his mouth, his heart felt warm, and his white fingertips nodded to accept.

Mr. Jiang saw that the red envelope he had sent was accepted, and was very happy to send a voice over to tell her to pay attention to safety outside and wear more clothes to avoid catching a cold.

Barabara said a lot.

Qiao Nian stood there patiently and listened one by one. After listening to all the voices sent by Mr. Jiang, she put down the phone to charge and went to the bathroom to take a shower.

After half an hour.

Qiao Nian came out of the bathroom, wiped the water droplets off his hair, and came out just to see the phone screen on the table lit up.

She walked over and picked up the phone again.

looked down.

was a call from He Lin.

If was placed before, Qiao Nian would definitely not answer this call.

This time, she hesitated for a moment, but then picked it up: "Hello."

She had just taken a shower, and her voice was extremely cold and empty, as if it came from a far away place.

On the other end of the phone, He Lin came back to his senses and was a little surprised: "Little Miss, I thought you wouldn't answer my call."

"Anything?"

Qiao Nian stood there on this leg and asked him impatiently.

He Lin calmed down and said in a low voice, "It's the patriarch's forty-fifth birthday party in a few days, do you have time to attend? I sent the invitation to your residence, but I haven't gotten an accurate answer from you, so I'll call and ask."

Qiao Nian frowned, he should have refused even if he thought about it.

can be said to the lips.

She still asked, "Where?"

"InterContinental, the lobby on the first floor of the InterContinental Hotel."

He Lin was surprised and surprised, for fear that she would not ask, so he quickly said, "We took down the first floor of the hotel that day. There are not many people, just some acquaintances, and several young ladies know each other."

"Ji Shao is also here."

He was talking about Jinan.

Qiao Nian then remembered that he hadn't contacted Ji Nan for a long time, and he didn't know what Ji Nan was doing recently.

She didn't agree immediately, only said: "Let's see later."

He Linsheng was afraid that she would regret it, so he hurriedly said, "Okay, you will come and tell me when the time comes, and I will pick you up."

Qiao Nian did not speak.

Before he hung up the phone, he couldn't help but whisper: "Little Miss, why are you suddenly willing to..."

He didn't say anything.

is mainly afraid of saying the wrong thing.

Qiao Nian got what he meant: "I just thought it was too easy for me to come back, so I wondered if someone was helping me behind the scenes."

Chapter 2600 Let Ji Xiao call Ji Ziyin back

“...”

He Lin didn't expect her to be so sharp, and even guessed that it was on Ji's head.

Ji Lingfeng had previously told him not to mention his help to Qiao Nian, so he pursed his lips and changed the subject: "It may be that you are lucky, little miss... By the way, Lao Feng will also come that day, so you can follow Dean Feng with you. come over."

"Okay, I see." Qiao Nian had already guessed the answer from his reaction, she raised her head unhurriedly and said, "Hang up."

...

He Lin heard the busy tone on the other end of the phone, and reluctantly put down the phone.

He pushed open the door, went in and reported to the people inside.

"Did you tell her?" Ji Lingfeng was busy with the work of Ji's family, put down what he was doing, and raised his head.

Ji's family has business all over the world. He has to read a lot of work reports and review documents every day. He only has four or five hours of sleep time.

Tired for a long time.

His body has long been depleted, but he has always maintained a strong-willed style to the outside world.

He Lin has been by his side for more than 20 years and witnessed his changes with his own eyes.

He looked at the man's sideburns under the light and the Chinese hair appeared at an unknown time, and his heart was sour, he hurriedly lowered his head and said softly: "Little Miss promised to come to your birthday party."

Ji Lingfeng was a little surprised, the tip of the pen he was holding drew an arc on the paper: "She agreed to come?"

"Um."

He Lin raised his head and smiled: "Little Miss said she would consider taking a look. I think she meant to come, otherwise she would have refused directly."

Qiao Nian is indeed the kind of person who won't be sloppy.

Black is black.

White is white.

Her world has few grey areas.

Ji Lingfeng was slightly lost, and after a while, he pursed his lips: "Did you tell her?"

"I didn't say it." He Lin waved his hand, anxious to prove his innocence, and said, "If you don't let me tell it, I didn't tell the little lady."

Ji Lingfeng's sharp eyes still stared at him.

He Lin knew that he couldn't hide it from him, and under his gaze, he lowered his head again and said in a low voice, "The young lady asked me and said that she felt that someone was helping her behind her back."

He immediately raised his head again: "But I didn't say it."

"I just said she might be lucky, the rest, I didn't reveal a word!"

Ji Lingfeng put down the pen in his hand and raised his hand to stop him from continuing, frowning: "I see."

He Lin looked at him again and again: "Patriarch, you actually helped the young lady, why didn't you tell me?"

Qiao Nian has always been soft and not hard.

Before, the little lady had a bad time with them again.

If the patriarch said it, maybe the relationship between the young lady and the Ji family would not continue to be so rigid.

Ji Lingfeng didn't answer his question directly, his whole person seemed to fall into memory, and it took a few minutes before he was full of sore eyes and tiredness: "Because... I owe her a mother, and I can't pay it back in my life!"

When that happened, he could save the next season.

But for various reasons, he tacitly sacrificed his own sister, who was also the love of his life.

He owes that child too much.

This was a sin that he could never atone for in his life.

He Lin stood there blankly.

Ji Lingfeng didn't look at him, packed up his emotions, raised his eyebrows again, and instructed him in a cold tone: "Let Ji Xiao call Ji Ziyin back."

"The people of our Ji family haven't got the habit of being the dog of the hidden family!"

The Ji family once ruled the hidden family.

Even if the hidden family has gradually gained the upper hand in the past few decades, no one from the Ji family will openly surrender to the hidden family.
