

Madam's 2611

Chapter 2611 Sister Nian: a small toy

"Mr. Ye, see you another day." She didn't forget to say goodbye to Ye Wangchuan.

Qin Si saw her look at Ye Wuchuan with bright eyes, panicked as if bumping into a ghost, and hurriedly dragged her away from the villa.

*

In the villa.

Gu San went to the kitchen silently and took out a pair of scissors, pointed to the cardboard box in front of him, and asked Qiao Nian, "Miss Qiao, do you want to take this apart?"

Qiao Nian saw that he had taken out all the scissors. Originally, he wanted to unpack them, but after thinking about it, he felt that it would be too troublesome to find and repack the items after unpacking.

She declined Gu San's kindness: "Don't need it for the time being."

"Oh, alright." Gu San glanced at the cardboard box with a look of disappointment, and he could see that he really wanted to know what was in the cardboard box.

Ye Wangchuan saw his loss, raised his eyebrows, handed the water that he had just unscrewed in his hand, and asked the girl by the way, "What's in this?"

Qiao Nian just happened to be thirsty, so he took a sip, lowered his eyes, put the water on the table, and said loosely, "A gift."

"Huh?" Ye Wuchuan was slightly startled.

Qiao Nian only then reacted. He glanced at him with dark eyes, and seemed to realize how stupid his answer was.

She pressed down on her temples and said, "It's a model of an aircraft, you can just use it as a miniature toy."

Ye Wuchuan stepped forward to visually measure the height and width of the carton, patted it again, raised his head and asked her, "Falcon HTV-2?"

Gu San finally heard a topic that he could talk to, looked at the girl in surprise, and asked, "The most cutting-edge Falcon aircraft model now?"

Qiao Nian hummed: "Just a shrunken toy."

Gu Sanmu was overwhelmed and looked at her.

Qiao Nian was staring at him with a headache, and he raised his eyelashes to cover the depression in his eyes and said, "There is only one."

"..." There is only one!

Gu San gave up.

Because he knew that Qiao Nian was not a stingy person, if there were more of this model, she would definitely give it to herself.

But Qiao Nian said no, there was probably only one.

Ye Wangchuan heard this, retracted his hand, and did not say any more.

But he had some idea in his mind.

Qiao Nian's gift to Ji Lingfeng this time is a big deal.

But he thought of what Ji Lingfeng did for girls in country M this time, and thought it was a good gift from Qiao Nian.

*

Next day.

InterContinental Hotel was taken over by Ji's family.

In addition to the guests staying in the hotel, other people are basically not allowed to enter the hotel lobby.

And even hotel guests can only move around in the corners of the lobby, there are special security to separate them from the guests who are coming today, it is almost impossible for unidentified people to sneak into the banquet.

This time, the security standards are extremely high, and from the security specifications, we can see the importance of the identities of the guests invited by the Ji family.

Families above the average level of Independence Island have received invitations from Ji's family. Of course, there are also requirements for the number of invited guests, generally no more than two people.

People from associations such as the Federation of Chambers of Commerce and Industry arrived early.

Some unimportant people from Ji's family also came over in advance.

Since Ji Hongyuan lost his status as the elder of the punishment hall, his status in the Ji family has plummeted, and he has also arrived at the place ahead of schedule.

When he arrived, many people did not come.

He saw Ji Lingfeng's right-hand man, He Lin, waiting for someone outside, leaving all the greetings to the guests to the people under him.

Ji Hongyuan frowned, a little suspicious.

He Lin has always been good at dancing with long sleeves, and is a personal genius.

On this occasion, instead of greeting guests, he stood at the door waiting for someone?

Who is so important?

Even people like He Lin don't care about the guests.

Chapter 2612 It's lively, and Lu Zhi is here too

Ji Hongyuan received a call from Ji Xiao before he could understand.

"Hello, Uncle Six." Ji Xiaoyan's voice came from inside the car, and the black sedan he and Ji Ziyin were riding in stopped steadily.

Ji Xiao rolled down the car window and looked at the towering hotel door outside. He asked the driver to open the door for Ji Ziyin first, while he got out of the car behind and said to Ji Hongyuan, "We're here."

Ji Hongyuan looked away at this moment. He didn't look at who He Lin was waiting for. He looked around: "Where are you? Why didn't I see you."

"We just arrived." After Ji Xiao finished speaking, he walked over to Ji Ziyin and patted her shoulder, motioning her to go in with him.

Ji Ziyin is wearing a goose-yellow suspender dress today. The smooth fabric outlines her good figure. The goose-yellow color is just right to set off her noble temperament. She is confident and powerful.

Her appearance attracted a lot of attention.

"That is..."

"Ji Ziyin, right?"

"Didn't she go out and come back recently?"

"Hehe, people's worth is different when they come back from a trip."

The people outside the hotel whispered.

The Lu family's car has just arrived.

Lu Yiming helped the old lady Lu to get out of the car: "Grandma, slow down and be careful with your feet."

After he helped the old lady Lu get out of the car, he happened to hear someone talking about Ji Ziyin around him, so he raised his head and looked towards the center of public opinion.

Sure enough, I saw Ji Ziyin who was radiant and Ji Xiao who was still on the phone.

Mrs. Lu hurriedly grabbed his wrist: "Come on, let's go over and say hello to Miss Ji."

Lu Yiming frowned and stood still: "Grandma, we are not very familiar with others, and today we are here again for the birthday banquet of Emperor Ji, you don't need to..."

Mrs. Lu glared at him and threw her hand away angrily: "Are you going?"

Lu Yiming shook his head in a rare disobedient manner, very arrogant: "Don't go."

Mrs. Lu couldn't beat him.

Turned her head and saw that Ji Ziyin was going in with Ji Xiao, she left Lu Yiming to catch up quickly: "Miss Ji, wait."

Lu Yiming watched her grandma catch up from a distance, Ji Ziyin also stopped and looked back in surprise. When she saw them, her beautiful eyes were obviously a little surprised and... contemptuous.

Lu Yiming was stabbed in the heart by the contempt in her eyes, and clenched his fist tightly, but it was not easy to stop his grandma in public.

He knew why Mrs. Lu was repeatedly ignored by Ji Ziyin and posted it. It was because the Lu family lost Lu Zhi as a backer because of his stupidity.

His grandma had no choice but to find a new backer for the Lu family in this way.

But this is too humiliating.

is unacceptable to a man.

Lu Yiming was standing in the same place, unable to move his legs like filling lead, but he had to go in.

at this time.

Another car passed beside him, the silver nanny car stopped three steps away from him and opened the door.

Immediately afterwards, Lu Yiming saw a familiar and unfamiliar face get out of the car, he was stunned for a moment, his throat choked: "Lu, Lu Zhi?"

Why did Lu Zhi come?

Isn't he in the illegal zone?

Lu Yiming's mind went blank, he watched Lu Zhi get out of the car, and someone pushed him in a wheelchair to the hotel behind.

Lu Zhi should have seen him, but his face was sullen the whole time, and he passed by him very indifferently...

Lu Yiming was the first time he saw him without a mask, and he didn't have the courage to go up to say hello for a while.

He always felt that Lu Zhi was not in a good mood when he came back this time.

**

After Ji Ziyin and Mrs. Lu met, the three were ready to go in.

Chapter 2613 Slap her face and ignore her directly

At this time, Mrs. Lu noticed Lu Zhi: "Why is he here?"

After she blurted out, Ji Xiao turned to look over: "Who is it?"

Then soon saw Lu Zhi being pushed by the assistant behind him.

Lu Zhi was still sitting in the wheelchair, but his expression looked a little chilling, the corners of his mouth were pulled down, and his whole person showed the aura that no one was allowed to enter.

"He came back from country m?" Ji Ziyin was surprised when she saw him, and whispered.

Ji Xiao looked at her puzzled: "Lu Zhi has been to country m, have you met?"

Ji Ziyin didn't answer him, and turned to look at the man who was getting closer, stepped forward, raised the corner of her mouth to say hello: "Mr. Lu, it's a coincidence that you are here too."

Lu Zhi's eyes were colder, but the assistant behind him stopped a little, thinking that the two would have a few words.

"How about we go in together?" Ji Ziyin looked inside slightly, turned sideways to make way, and said with a smile.

Lu Zhi's sharp eyes swept over her like a hook, raised his hand, and made a gesture to enter, and his assistant pushed him in silently.

The two of them passed by the three of them, and they were ignoring them like that!

The old lady Lu called him in a low voice as he passed by: "Xiao Zhi."

Lu Zhi didn't even lift his eyelids, looked unusually indifferent, and passed her by...

Ji Ziyin's expression became subtle and ugly. She pursed the corners of her mouth, pressed down the yin in her eyes, and pulled her lips: "It seems that he hasn't learned well in country M."

She means that Lu Zhi has not been taught enough by the hidden family in country M, otherwise how dare she be indifferent to her good friends with the hidden family.

Ji Xiao looked at her: "What happened to Lu Zhi in country m?"

"Forget it." Ji Ziyin could put on a pretence, but said lightly: "It's all in the past, there's nothing to tell."

"?" Ji Xiao frowned, obviously interested.

Ji Ziyin pretended that Lu Zhi was nothing more than that in front of her, just to get rid of the embarrassment of being ignored just now.

She didn't dare to provoke Lu Zhi easily, but she could take her anger out on others.

When Ji Ziyin looked at Mrs. Lu again, her attitude was not so good: "Hehe, Mrs. Lu, shall we go in?"

"Well." Madam Lu was angry and didn't dare to attack in person, so she could only suppress the humiliation and go in with her.

...

at the same time.

Qiao Nian also arrived.

She didn't come with Ye Wangchuan today, and arrived at the Intercontinental Hotel alone with her things.

Gu San helped her to remove the express box, which was quite heavy to hold, so he asked her, "Miss Qiao, this thing is a little heavy, and you can't handle it well, why don't I help you bring it in."

Qiao Niangang received a call from Feng Yu and asked where she was.

She reported a location, and Feng Yu said that he came to find her.

She hung up the phone, and when she saw that Gu San wanted to help her move in, she stopped and said, "Don't be so troublesome, I'll just send it in."

Gu San was a little worried, so he put down the cardboard box and stood aside: "Okay."

Qiao Nian looked at the hotel from afar. There were already a lot of luxury cars gathered at the door, and there was an endless stream of people coming and going. It could be seen that it would be very lively at noon today.

She was not used to places with many people and noise, so she reached out and pulled down her cap, ready to bring the box in.

At this moment, Feng Yu rushed over, and by the way, he also brought He Lin who had been waiting for her to come.

When He Lin saw that the girl wanted to carry the cardboard box by herself, he quickly stepped forward for her: "I'll do it, young lady."

Chapter 2614 Ji Ziyin is bleeding this time

He moved quickly, holding the cardboard box in his arms before Qiao Nian, and then dodging a few steps, for fear that Qiao Nian would not let him carry it.

"I'm here, I'm here, I'm familiar with this kind of business, don't argue with me."

Qiao Nian saw that he had already carried things away like the wind, so he could only lower his hands, and said, "Thank you," a little unaccustomed to it.

He Lin almost burst into tears!

He hurriedly said: "Little miss, this is what I should do, don't be polite to me."

After he finished speaking, the arm holding the thing was full of energy, and he took the initiative to walk in front to lead the way: "Lao Feng, young lady, I will take you there."

He Lin walked briskly, with a smile on his face, anyone with discernment could see that he was in a good mood.

Qiao Nian reached out and touched his earlobe, followed with a headache.

Feng Yu followed closely and asked her by the way: "Xiaoye didn't come today?"

What he asked was Ye Wuchuan.

Qiao Nian relaxed a little, with a hint of tenderness in his eyes: "He has something to do."

"Oh." Feng Yu said, "I thought he would come with you."

Qiao Nian put his hands in his pockets, looked at the crowd at the entrance of the hotel, his head was big, and he said in a sloppy tone: "I just came over to give a gift, and I left after dinner, so I didn't ask him to accompany me."

It is impossible for her and the Ji family to pretend that nothing happened at once, but Ji Lingfeng made concessions and helped her first.

Qiao Nian doesn't like the feeling of owed others.

She only came here once.

Otherwise, because of her previous relationship with the Ji family, she would not have made this trip at all.

Feng Yu took a peek at her, probably guessing what she was thinking, and sighed inwardly, but didn't mention anything on her face.

...

In the hotel.

Ji Lingfeng has arrived.

He was wearing a black suit, and the tailored tailoring set off his sturdy figure. In a way, a man in his early forties was flourishing, and Ji Lingfeng inherited the outstanding appearance of the Ji family, and looked very charming. .

Jinan and Xie Yun are helping to greet the guests.

Ji Lingfeng was surrounded by several elders of the Ji family, as well as people from the Chamber of Commerce Alliance.

After Ji Ziyin came in with Ji Xiao and the others, she saw a middle-aged man standing in the center of the crowd like the stars and the moon.

She pursed her lips, took her gift and walked towards Ji Lingfeng.

Several main elders in Ji's family heard about her in country M, and several people saw her coming, and showed complex and disgusting expressions at the same time.

It's just because of the limitations of the occasion and their status, they are not good at saying anything in front of everyone.

"Patriarch, happy birthday." Ji Ziyin walked over, handed the gift to her hands, and said with a smile, "This is a birthday present."

Ji Lingfeng frowned when she saw her, and when she saw Ji Xiao and Ji Hongyuan following her, she was even more undisguised indifference and impatience.

He raised his hand and asked people to take it away, saying, "Go in and sit down."

The Chamber of Commerce Alliance Simon saw this scene, and quickly said in the middle: "Miss Ji just came here, don't rush to leave, everyone happens to be chatting with each other."

He said, without giving Ji Lingfeng a chance to speak, and quickly winked at Ji Ziyin: "What gift did Miss Ji give Ji Huang?"

In order to make himself look less embarrassed, he added with a smile: "I think the box is very beautifully packaged."

"I photographed a South African diamond in country m, the heart of a king." Ji Ziyin smiled slightly and said lightly: "I think this diamond is very suitable for the patriarch, so I gave it to the patriarch."

Chapter 2615 This size, shouldn't you have given a lucky tree?

Simon of the Chamber of Commerce Alliance showed a surprised expression: "The heart of the king? Are you talking about the heart of the king, which is a collection of the M royal family?"

"Yes." Ji Ziyin nodded slightly.

Simon's scrutiny eyes fell on her, he quickly covered all these emotions under the mask, smiled slightly, turned his head and said to Ji Lingfeng: "Ji Huang is so lucky, the younger generations of the Ji family are more promising than each other, which is really enviable. "

Ji Lingfeng maintained a cold expression throughout the whole process, as if he could not hear what it meant that Ji Ziyin could get the collection from the royal family of M.

Where does Ji Ziyin want to send diamonds?

Her gift of diamonds is only one of the purposes, and the other purpose is to show her strong relationship with the hidden family through diamonds.

The elders of Ji's family were also unanswered, only Ji Hongyuan interjected and said, "The younger generation of Ji's family is really reassuring, but it's a pity that there is an anomaly, a mouse feces ruined a pot of porridge!"

"Okay." As soon as Ji Lingfeng heard his insinuations, he scolded Ji Ziyin on the back without paying any attention to him.

Ji Hongyuan is old and has a high level of seniority. He rarely loses face like this in public.

Everyone there knew who he was talking about as rat shit.

Simon's expression also became subtle.

is between several people talking.

He Lin led Qiao Nian and Feng Yu over.

"Patriarch, young lady and Feng Lao are here." He Lin put the cardboard box in his arms on the ground, wiped his sweat and said.

At this time, several elders of the Ji family + Ji Ziyin, Ji Xiao and others all looked at the girl who was walking by.

is different from Ji Ziyin's dress up.

Qiao Nian still wears her usual outfits, trying her best to be simple and comfortable. She walked forward without looking sideways, facing Ji Lingfeng, and said softly, "Happy birthday."

Ji Lingfeng looked at her distracted for a moment, as if passing through her to see another person. The tremor of his soul made him unable to recover for a long time. It was not until He Lin called him again that he realized that the person who came was Qiao Nian: "you..."

He pursed his lips, his lips moved, and the words turned into the unique indifference of the Ji family: "Jinan is inside, you can sit with him later."

"Hmm." Qiao Nian nodded, not saying anything.

Feng Yu exchanged a few words with Ji Lingfeng, and did not look at Ji Ziyin and the others.

They don't cause trouble, it doesn't mean that someone is willing to watch them steal their limelight.

Ji Xiao saw that Qiao Nian was going to follow Feng Yu.

He glanced at the express cardboard box that He Lin put on the ground, and said in a half-joking tone, "What is that? Isn't that a gift from Miss Qiao to the patriarch? Did you just buy it online?"

His abrupt opening.

All eyes were on the express box that He Lin placed on the ground.

Mainly because the outer packaging of the carton box brought by Qiao Nian looks too cheap. How can I see it as a small gift from online shopping that Ji Xiao said casually.

"This size, shouldn't it be... a lucky tree or something?" Ji Xiao continued.

Inside and outside of his words, he looked down on the gift from Qiao Nian: "I heard that Miss Qiao has her own business, so there is no need to be so... grounded?"

He Lin's face sank.

He hasn't had time to speak yet.

The girl looked at it rather condescendingly, and admitted frankly: "I really didn't change the box and packaging, I was too lazy to unpack it. There is a small model inside, which can be regarded as a toy."

Chapter 2616 Why don't you take it apart for everyone to see?

"Toy?"

Ji Xiao couldn't help laughing: "You just give the patriarch a toy?"

Qiao Nian raised his eyebrows, looked back at him with dry eyes, and said inexplicably, "Or else?"

Otherwise, she can still get a real one?

Qiao Nian touched his chin and thought about the possibility of getting a real one.

... It seems that it is not impossible, but there are many people in the independent continent who cannot sleep for several days!

What Ji Xiao understood was that she couldn't give good things, so she turned to look at Ji Ziyin and raised her eyebrows maliciously.

He turned around again and said to Qiao Nian directly, "Since it's a toy model, how about opening it for everyone to see? It shouldn't matter."

The meaning of superiority inside and outside the words made people uncomfortable. Feng Yu sank his face on the spot and mocked him: "When does the Ji family receive gifts, it depends on the price?"

"I only gave an ordinary gift, isn't it worthy to come to dinner today?"

He Lin hurriedly comforted him: "Old Feng, we didn't mean that, don't get me wrong."

The other elders of Ji's family also felt that Ji Xiao was not good for this occasion, and they also smoothed the game in the middle.

Everything was going in a good direction.

At this time, Ji Hongyuan, who has always been against Qiao Nian, took the opportunity to speak: "I think what Ji Xiao said makes sense. Since she only gave a toy, it doesn't matter if she opens it, everyone is just curious about the toy."

Ji Hongyuan was bold: "Really, Patriarch?"

Ji Lingfeng swept over with a cold eye knife, standing there without speaking, his whole body was full of aura that was not angry and arrogant.

Ji Hongyuan clearly noticed the malevolence in the man, he couldn't help shuddering, and shut up.

Ji Ziyin was a little flustered when she witnessed this scene, mainly because she felt that Ji Lingfeng's attitude towards Qiao Nian had changed.

She suppressed her anxiety, stepped forward, and took the initiative to say to the girl, "Uncle Six and the others are also curious about what toys Miss Qiao gave us. Let's just take a look at it, shall we?"

Feng Yu was upset when he saw her.

He was about to stand in front of the girl.

Ji Ziyin is much higher than Ji Xiao and the others, she immediately closed her eyes and said dignifiedly: "Of course if Miss Qiao is unwilling, we also respect Miss Qiao's wishes... After all, it's not too expensive, Miss Qiao doesn't want to. It's normal for people to see."

These words seem to be very considerate of others, and the disgust that falls into the ears of everyone is much more disgusting than Ji Xiao's direct disgust.

Feng Yu frowned, a little angry: "This is how your Ji family treats guests?"

He turned his head and reached out to take the girl's hand: "Qiao Nian, let's go!"

He Lin hurriedly stood in front of the two: "Feng Lao, don't be angry, don't be angry."

Ji Lingfeng also glanced at Ji Ziyin and said lightly, "Did you forget what I asked Ji Xiao to convey to you?"

Just this sentence, Ji Ziyin was stiff and unable to move, looking at the dignified middle-aged man with some grievances and some unacceptable expressions.

It's a pity that Ji Lingfeng didn't bother to look at her at all, and said coldly, "If you forget, I don't mind saying it again in front of these people."

"Patriarch." Ji Ziyin panicked.

She didn't expect Ji Lingfeng to come with her!

She has repeatedly emphasized that she has a good relationship with the M royal family, isn't she just saying that she has an unusual relationship with the hidden family?

She was silent for a moment, and quickly weighed the pros and cons in her heart. Just as she was about to grit her teeth and approach Qiao Nian, she made a mistake first.

Chapter 2617 The toys that Sister Nian said were different from the toys they thought

Who knew that the girl just patted Feng Yu's hand lightly when she saw the chaos in front of her, and then she reached out and raised her cap, revealing an exquisite face, and her beautiful eyes swept over Ji Ziyin's three people: "You two. Want to see?"

"?" Ji Ziyin couldn't understand what medicine was being sold in her throat, so she didn't answer.

Ji Xiao helped to answer: "It depends on whether Miss Qiao shows us or not, I'm just curious what toy is inside."

Qiao Nian put his hands into his pockets, turned around and walked in front of He Lin, and said with a good temper, "Tear down."

He Lin looked surprised: "Little Miss, you really want to..."

Whoever can't see these people wants to find fault, and it's just embarrassing for Qiao Nian.

However, Qiao Nian raised the corners of his mouth, obviously being aroused by Ji Ziyin's careful scheming, and his whole body was full of condescending and ruffian temperament: "Someone doesn't cry without seeing the coffin, I can only let him see it with his own eyes, save him Disgusting the coffin board is not certain to die, he can still climb out and toss!"

She didn't say who.

But whether it is Ji Xiao, Ji Hongyuan, or Ji Ziyin, none of the three looks good.

Ji Ziyin didn't get any benefit in dealing with Qiao Nian several times, and she already began to wonder what the contents of the courier were: "I remember Miss Qiao herself said that it was the model toy you bought for the patriarch?"

She made the first move and broke the words.

In case there is a calligraphy and painting jade in it, she can also infer that Qiao Nian said everything herself, and they just misunderstood.

Unexpectedly, the girl admitted frankly again: "Yeah."

The heart that Ji Ziyin mentioned, put down more than half of it immediately, she smiled slightly, took a step back, and stopped uttering a word.

Several elders of Ji's family were looking at her, and Ji Lingfeng also glanced at the girl's cold profile. I don't know what to think, but he didn't take action to stop this farce...

He Lin quickly opened the carton.

This carton is a rectangle, about half a meter high, and the outer layer is a cardboard box commonly used for express delivery. He used scissors to cut the tape, first peeled off the outer layer of the cardboard box, and then exposed the white protective foam inside the box.

The white foam tightly wraps the contents inside, and I can't see why for the time being.

But judging from the current degree of disassembly, the possibility of the cheap model purchased by Qiao Nian.com is very high.

Ji Ziyin's face became more and more rosy and lustrous, at least there was no worry at the beginning.

"I'll help you." Seeing that He Lin was too slow, Ji Xiao couldn't help himself and took the initiative to help.

He Lin was not good at having an attack in front of the crowd, so he could only let him frown with a sullen face and open the outer layer of plastic foam there.

Soon, the contents inside were exposed to everyone's sight.

A half-meter-high fighter model is extraordinarily well-crafted. The metal shell is shiny under the light, and it looks very mighty.

Their movement here also attracted many people to stop.

Someone came around, saw the disassembled delivery, and exclaimed: "This is... the modeling of the Falcon HTV-2?"

Ji Lingfeng also turned his head sharply, looking at the girl like a torch: "You..."

The Falcon HTV-2 is still classified technology and is one of the most sophisticated aircrafts today.

The model of this size sent by Qiao Nian can basically be taken to the research institute to separate the various parts of the Falcon HTV-2.

In other words, Qiao Nian is a toy model sent.

But behind this toy figure is a super cutting edge weapon!

Chapter 2618 Do you know the K organization?

This handwriting... Ji Lingfeng sighs to himself.

At least he can't give a gift that is falcon modeling.

This thing is worth far more than Ji Ziyin's so-called king diamond, or that Ji Ziyin's 100 million diamonds are worthless compared to the "toy" sent by Qiao Nian!

...

As soon as Qiao Nian's 'toy' appeared, Ji Xiao and the others shut up.

Feng Yu reacted at this time, pulling the girl with a smile and saying, "Let's go, let's go in and sit."

During the period, he didn't even bother to look at Ji Ziyin.

Qiao Nian nodded to He Lin, then turned around and walked behind him towards the banquet hall.

Feng Yulu was still asking her: "Where did you get the model of the Falcon HTV-2? This thing is not easy to get."

Qiao Nian used a cynical tone throughout the whole process, and did not seem to take this matter too seriously: "It was sent by a friend, and it just arrived yesterday, so I didn't unpack it."

"Are you a friend again?" Feng Yu stopped and glanced at her sideways.

"Um."

Qiao Nian let him see it frankly.

Feng Yu suddenly laughed, and was about to mention Ji Ziyin's expression to her when he saw someone pushing Lu Zhi over from the corner of his eye.

He knew that Qiao Nian and Lu Zhi knew each other, so he said very intelligently before Lu Zhi came over, "I'll find a place to wait for you."

Lu Zhi had already walked in front of him, raised his head, his fair face looked the same: "Let's talk?"

Feng Yu patted Qiao Nian on the shoulder, said hello to Lu Zhi, and left: "I'll go over first, you guys can talk."

He said that he would leave, and quickly leave Qiao Nian here alone.

Lu Zhi looked at the people coming and going in the banquet hall, and offered to say, "Let's go outside and talk."

Qiao Nian watched him pursing his lips and followed without a word.

The outside that Lu Zhi said was actually the outside of the corridor. He raised his hand, and the assistant pushing the wheelchair behind him bowed respectfully and said to the two of them, "Miss Qiao, Mr. Lu, talk slowly, I'll go ahead and watch."

"Go."

Lu Zhi spoke, and the man walked 50 meters away and stared at the people passing by in the corridor, so that someone came to disturb them.

Seeing that the corridor is empty.

Lu Zhi was silent for a moment: "Did I do something wrong?"

His voice was slightly hoarse, and it could be seen that he hurried to the Independent Island before his body had recovered. The long-term running and fatigue made his voice dry.

Qiao Nian let out a sigh of relief and pulled down his hat irritably, not knowing how to deal with the situation in front of him.

"I don't want to argue with you."

Lu Zhi smiled bitterly and raised his head to look at her: "So I did something wrong?"

Qiao Nian turned his head and stared at him for a long time, put one hand in his pocket, bent his knees against the wall, and said slowly, "I didn't say you were wrong, everyone's choice is different, I don't force anyone's choice."

She was just a little disappointed.

Lu Zhi fell silent when he heard this, an idea already popped up in his heart, but he didn't dare to face the possibility.

"You can go to M country for an adventure for me alone, why can you just ignore me if you just ignore me..."

Qiao Nian didn't understand the meaning of his entanglement.

She was patient, she was also a little manic at the moment, looked at him sharply, and asked, "Lu Zhi, do you know the K organization?"

The man in the wheelchair was shaken all over, he quickly looked up at her, and then lowered his head in embarrassment as if he was burned when he touched her eyes, which were suppressed by ice and fire.

Qiao Nian said: "The K organization killed Ji Qing that year."

Chapter 2619 Big Brother Lu lost completely, and returned to the relationship below a friend

"I know that there are people behind them, but it will never change the fact that they are the one who did it."

"I never take anger on innocent people."

"But I feel that everything should have limits."

"For example, the boundary of you being a stranger is different from the boundary of being my friend. Once a person crosses the boundary, it is equivalent to announcing a new relationship in disguise."

The girl's voice was cold and restrained, and she said it in a very calm way.

Lu Zhi seemed to be slapped on his heart with a whip, whip after whip, and he couldn't maintain his calm for a long time.

Qiao Nian straightened up and gave him one last look, still as free and easy as ever.

"I said before that I would definitely find a way to heal your leg."

"Now I will keep that promise too."

After she finished speaking, she turned and left.

Lu Zhi looked at the back of her leaving, buried his head with his hands in pain, opened his mouth, and wanted to ask her: So your relationship with me now is... a stranger?

But he didn't have the courage to ask.

All the words stuck in his throat, only he himself understood why he dared not ask.

...

Qiao Nian left early with Feng Yu after eating at the Intercontinental Hotel.

She will also check the password of the U disk at the Institute.

Feng Yu still has unfinished business at the research institute.

Both of them had to go back to the research institute, so Feng Yu called her to go together.

He Lin wanted to send the two of them off, but Feng Yu had his own driver, so he didn't ask him to send him off, but He Lin still sent it to the door and watched the two get into the car and leave before returning to the hotel.

Ji Lingfeng was waiting for him to come back. Seeing him coming, he couldn't see any difference and asked him, "Is someone gone?"

"Yeah." He Lin stood in front of him respectfully: "The little lady is in an old car. I just sent them to the car and have already left."

Ji Lingfeng nodded slightly, remembering the 'gift' from Qiao Nian, and said silently, "Go and say hello to the few people present today, and tell them not to talk about the modeling of the Falcon HTV-2. It's best to keep this matter down, and as few people as possible know about it."

This is a good thing.

He Lin raised his head to look at him with some incomprehension.

Ji Lingfeng just said: "She is not suitable for high profile."

Qiao Nian has a special status.

The more noticeable she is, the more dangerous she is.

"That's right." Ji Lingfeng called him back again.

He Lin quickly turned back: "Patriarch, is there anything else?"

Ji Lingfeng's eyes became fierce, he raised his jaw slightly, and his eyes were sharp: "You call Ji Ziyin and Ji Xiao over when the banquet is over."

He Lin knew that he was going to settle accounts after the fact, which was quite refreshing. He hurriedly responded: "I see."

Ji Lingfeng frowned and raised his hand.

He Lin is ready to go.

He remembered another person: "And Ji Hongyuan, call him too."

He Lin looked slightly surprised.

Ji Lingfeng has always respected the older generation since he took charge of the Ji family.

It is said that Ji Lingfeng's style of doing things will not implicate Ji Hongyuan.

But He Lin thought about the inappropriate things that Ji Hongyuan had done recently, and they all lost the face of the Ji family, no wonder the patriarch would get angry.

He bent over with discernment: "I see, Patriarch."

After He Lin finished speaking, he followed Ji Lingfeng's instructions and went to seal the mouth first.

The little miss shot is the modeling of a Falcon HTV-2. This is really too big. How many people in the independent continent want their eyes to fall out and can't sleep!

Chapter 2620 Ji Lingfeng: Come here, kneel down!

After the banquet, Ji Ziyin went to Ji's ancestral hall with Ji Xiao and Ji Hongyuan.

Ancestors of Jijiayi are enshrined in the ancestral hall, candles are burning all year round, and the air is filled with a solemn atmosphere.

Ji Lingfeng stood in front of the curtain of the ancestral hall, lowered his head and lit the incense, shook his hand, and bowed respectfully to the tablet enshrined above.

Then he put the fine incense on the incense case, looked at the green smoke billowing from the incense case, and said to the three people standing at the door without looking back, "Come in."

Ji Hongyuan went in first.

Ji Xiao and Ji Ziyin exchanged glances, feeling a little uneasy in their hearts, and went in with them.

"Patriarch, do you have something to do with us?" Ji Hongyuan was not a fool, he probably knew why Ji Lingfeng was looking for him, but he stood up straight and said neither humbly nor arrogantly: "If you called me over for the noon thing, I admit that I did not do a decent job. But I don't regret it!"

"You also said that Ji's family has cut ties with her. I don't understand why you called her here again this time."

His eyes narrowed slightly, he was getting old, and his personality was still as tough as when he was young: "As long as I am alive for a day, I will not agree to her coming back!"

Qiao Nian is too uncontrollable!

As an elder, he deeply felt the ability of this younger generation, and at the same time, he was deeply afraid of Qiao Nian's ability.

Qiao Nian, like Ji Qing, is an uncontrollable character.

Even Qiao Nian is more... rebellious and strong than Ji Qing.

Such people will destroy the Ji family!

He will definitely not agree with Ji Lingfeng to bring people back.

He also does not regret what he did.

"Yes." Ji Lingfeng's attitude seemed to be indifferent. He walked in front of Ji Ziyin and Ji Xiao, raised his eyelids indifferently, looked at them and said, "Go and kneel."

Ji Ziyin was shocked and opened her mouth: "Patriarch?"

Ji Xiao didn't dare to be like her, but he hesitated.

Ji Lingfeng didn't look at her at all, and said coldly, "Why, do you want me to say it a second time?"

Ji Xiao's back was sweating, and he didn't dare to hesitate any longer. He quickly walked over and knelt in front of the ancestral hall, burying his head, not even breathing.

One of them had already knelt up properly, and the other one who didn't kneel was very abrupt.

Ji Lingfeng's sharp eyes fell on her.

Ji Ziyin's face turned pale, her eyes flickered for a while, she endured the humiliation and slowly moved towards the ancestral hall, and finally reached the position beside Ji Xiao.

She mustered up her courage several times before she bent her knees and knelt down straight.

In front of Ji Lingfeng, Ji Ziyin said humiliatingly: "Patriarch, I'm sorry."

Ji Lingfeng watched her kneeling in front of Ji's ancestral hall and ignored her.

Ji Ziyin's face became paler, she squeezed the palm of her hand, and said in a low voice, "I shouldn't have looked at the contents of the cardboard box, but I didn't know it contained a model of a fighter jet. She said it was just a toy..."

She thought there was nothing valuable in it.

To be honest, Ji Ziyin did not think that it would be a model of the Falcon HTV-2.

It is impossible for ordinary people to think of these...

She was simply tricked by Qiao Nian.

Who would have thought that an ordinary express cardboard box was filled with the modeling of a cutting-edge aircraft, and she herself was so disgraced.

Ji Lingfeng stood behind her with his hands behind his back, his expression darkened and his voice calm: "Did He Lin tell you that I asked you to come back earlier?"

Ji Ziyin's alarm bell rang in an instant, and she immediately lowered her head to hide the unease in her eyes, and explained in a low voice, "He told me."
