

## Madam's 2691

Chapter 2691 is another dog food all-you-can-eat

Ji Xiao was both happy and excited: "Go, of course!"

He happily began to figure out how to allocate the 4 tickets for Ji Ziyin's baby, and mentioned a few people to Ji Ziyin.

Ji Ziyin herself lacked interest, and was still thinking about the rejection by Cao Yanhua's text message, so she absently mentioned a word or two.

Ji Xiao didn't see that she was disaffected, and finally decided to give Simon, Lu Yiming and Liao Quan the remaining three tickets except him.

This way, all aspects are considered.

Ji Ziyin has no opinion, let him arrange everything.

Ji Xiao started to call the three of them separately, preparing to maximize the effect of these tickets, so that these people can see that Ji Ziyin is not what it used to be.

...

three days later.

Independence Island Airport.

Qiao Nian slept until eight o'clock when someone dug it out of the bed, yawned all the way, and got on the plane half asleep.

Gu San and Qin Si were also there.

They don't live in the Privy Council. Moxi arranged an apartment for them outside, which is very close to the Privy Council, and it is also convenient for Qiao Nian and Ye Wangchuan to come out and live.

Moxie was also with them this time.

Mo Dong was left in charge of Yaomen's affairs.

"Miss Joe, do you want coffee?"

Moxie is a good person. As soon as Qiao Nian got on the plane and sat down, he acted as a flight attendant and took the initiative to ask the girls what to drink.

Qiao Nian found a seat by the window and sat down, put the bag next to him, and yawned, unable to open his eyes: "No, please bring me a blanket and blindfold."

"Okay."

Moxie went to get something.

Qin Si sat diagonally in front of Qiao Nian, turned his head to see this scene, and muttered in his heart, wanting to play a game with Qiao Nian: "Sister Qiao, Zhang Yang asked you to play a game together. Would you like to come?"

"You guys play." Moxie came over with a blindfold and a disposable blanket, and brought Qiao Nian headphones by the way.

Qiao Nian took over and leveled the seat down, put the earphones on his ears, covered his eyes with blankets, and started to make up for sleep.

Yesterday, she sorted out the calculation formula of the season situation and didn't sleep until 3:30 in the morning. She slept for less than four hours in total. She was really sleepy.

Anyway, it takes about eight hours to fly from Independent Island. Qiao Nian planned to sleep all the way, and just woke up.

Qin Si saw that the girl had already closed the curtain and went to sleep. He didn't want to disturb the girl, so he simply sent Zhang Yang a message.

[Sister Qiao is sleeping and playing another day. ]

She posted it in the game group.

Zhang Yang and the others were waiting for him to form a team in five rows. When they received the group news, the corners of their mouths twitched and they looked up at the sky. Tangning was no longer so well-behaved, so she dared to call Ye Wuchuan directly below.

"Come on." When Qin Si saw the news in the group, he looked anxiously to see if Mr. Wang saw it.

Who knew that the tall and tall man didn't look at his phone at all, but walked over, with a gentle face, dimmed the light above the girl's seat, and put a bottle of mineral water by her hand, then walked away lightly, signaling the flight attendant Don't go this way.

Qin Si suddenly felt boring when he saw this.

He retracted his neck and silently picked up his phone and sent a message to Guan Yan.

Guan Yan did not return to him for the time being.

Qin Si is also used to it.

Guan Yan has always been like this. When he is enthusiastic, he is like fire, and when he is cold, he can disappear for ten days and a half months without replying to news.

He told Guan Yan that he was going to the Privy Council and ignored it.

Chapter 2692 Xu Yi? how is he here

The plane flew into an altitude of 9,000 meters and rushed into the sky.

...

at the same time.

Another group of people from Independence Island also gathered at the airport.

Liao Quan and Ji Xiao arrived first, followed by Lu Yiming and Simon, and the four of them waited for Ji Ziyin to arrive at the airport terminal.

Because he had nothing to do, Liao Quan went and bought four cups of coffee. According to his status, he first gave Simon a cup, then Ji Xiao and Lu Yiming a cup of iced coffee. Finally, he took his cup of coffee and walked to the side silently. corner.

Ji Xiao didn't drink raw coffee, so he took the coffee in his hand, looked anxiously towards the entrance of the terminal, raised his wrist to look at the time, and frowned: "Why hasn't Ziyin come yet?"

Liao Quan could not wait to offer Ji Ziyin as an offering, and immediately said, "Miss Ji has a lot of luggage, so there may be traffic jams on the road. Girls, it's normal, we'll wait."

"Um."

Ji Xiao's brows stretched out, not particularly anxious.

They travel by private planes, but the planes are parked in the airport, so there is no missed flight time.

He calmed down and turned to talk to the mature man in a suit: "President Simon, I'm sorry, Ziyin may be in a traffic jam. She will come later. I'll call to urge her later."

"It's alright, we'll just wait." Simon has always been a tactful person. This time Ji Ziyin invited him to visit the Privy Council, how could he care about little things, but he was thinking about other things, and he was not in high interest.

Ji Xiao also saw that he was not in high interest, so he didn't go up and put a cold face: "Well, let's wait for her."

He raised his hand and looked at his watch again: "Look at the time, she should be arriving soon."

\*

An hour passed before Ji Ziyin arrived late.

She asked someone to help push two suitcases, one big and one small, and walked in front by herself. After finding Simon and the others, she smiled apologetically: "I'm sorry everyone, I'm late when there is a traffic jam on the road."

She came over graciously and apologized lightly, as if it was a trivial matter to keep them waiting here for nearly two hours.

Simon and Lu Yiming frowned at the same time.

The two did not speak.

"It's good to come." Liao Quan and Ji Xiao greeted her like no one else, and diligently helped her with luggage and coffee.

Ji Ziyin handed the luggage to Ji Xiao, turned around and walked in front of Simon and Lu Yiming, and thanked him with bright eyes: "President Simon, Yiming, thank you for coming to the Privy Council with me."

How many people in the Independent Continent were looking forward to this opportunity, Ji Ziyin gave them the precious tickets and thanked them politely.

Simon is a long-sleeved person who is good at dancing, how could he embarrass her?

Simon immediately followed the words: "What did Miss Ji say, I should thank you for taking me to the Privy Council."

Lu Yiming was not so sweet, but nodded.

"Then let's go first." Ji Ziyin brushed her hair from her ear, just raised her head, and out of the corner of her eye, she saw a familiar silhouette flashing past diagonally in front of the airport.

She stopped and said unexpectedly, "Xu Yi?"

"Huh?" Simon, Ji Xiao and the others who were walking behind her had to stop with her and looked up, but they didn't see anyone suspicious.

Xu Yi?

They are not from the First Research Institute, nor do they know who Ji Ziyin is talking about.

But Liao Quan bought coffee and gave it to her. Looking over, he said casually without seeing anyone: "Miss Ji, you read it wrong, how could Xu Yi be here?"

## Chapter 2693 Shall we tell Sister Nian

Ji Ziyin looked again in the direction that Xu Yi had passed by before. There were people coming and going at the airport, but she really didn't see that tall and thin figure again.

She wasn't sure if she was wrong for a while, so she looked away, frowned and nodded, "That's true."

How could Xu Yi come to the airport?

He rejected his kindness without knowing how to flatter him!

Ji Ziyin was more sure that she was confused, so she stopped caring, and said to Liao Quan and others, "Let's go."

\*

After they leave.

Before Ji Ziyin saw Xu Yi's direction, Xue Zhu jumped over.

She patted the shoulders of the handsome young man in casual clothes leaning against the billboard waiting for them. Seeing Xu Yi turn his head, she smiled and said, "Senior Brother Shen, haven't they come yet?"

"Well, come on soon."

Xu Yi put an inconspicuous canvas bag at his feet, and he was dressed in ordinary clothes. He was a handsome guy because of his looks.

Xue Zhu sat on her suitcase and looked at him up and down, but she couldn't hold back her doubts for a long time, and said, "So, what's the matter with your family? Ji Ziyin's kind of ticket is not easy to get, how did you get it? So many tickets?"

A few days ago, Ji Ziyin gave Cao Yanhua 4 tickets.

Yesterday, Xu Yi also took the tickets. Compared with Ji Ziyin's four tickets, Xu Yi directly took a small stack of tickets.

He gave Xue Zhu the first one.

Xue Zhu knew that he was specifically consoling her about Ji Ziyin's refusal to give tickets before, and she was quite moved.

She saw Xu Yi pursing her lips slightly, as if she didn't want to bring up the matter at home, so she waved her hand and smiled wisely: "I'm just asking casually, you don't have to answer."

Then she immediately changed the subject and looked around at the airport, as if she was looking for someone.

She looked around, but didn't see the person she wanted to see, and bumped the person next to her with her elbow, smacking her lips and saying, "You said we met Ji Ziyin when we looked back, what would she look like?"

Xu Yijun didn't have any superfluous expression on his face, he took out the earphone from his pocket, and said lightly, "I don't know." He didn't care about Ji Ziyin's reaction either.

"...Blockhead."

Xue Zhu said to herself: "I think her jaw will fall out! The expression on her face must be wonderful! You didn't see the large group in the research institute, where Liao Quan boasted that he could go with Ji

Ziyin. Privy Council? Tsk tsk, that smugness can go to the Oscars! He keeps praising Ji Ziyin in the group, and those who don't know think that Ji Ziyin can see him kneeling and licking his master!"

Ji Ziyin has the halo of a once-in-a-century genius and has never joined the private chat group of the Institute. The reason why Liao Quan makes irresponsible remarks in the group is to show off that he is with the right person...

"But Senior Brother Han is also a bull. He didn't get used to him, so he just kicked him out." Xue Zhu wanted to laugh when she thought of this.

The day before yesterday, Liao Quan was showing off in the group the ticket Ji Ziyin gave him to visit the Privy Council, but everyone ignored him.

He boasted for a long time by himself.

Han Cheng came out from behind and replied directly: "You don't seem to be from the research institute anymore?"

Then wait for Liao Quan to answer.

Han Cheng said, 'Since you are no longer from the research institute, don't join the group', and kicked Liao Quan without a word.

Xue Zhu suddenly remembered something else: "By the way, you didn't tell Qiao Nian, did you? Do you think we should tell her?"

They passed by suddenly this time, and they didn't tell Qiao Nian in advance. Xue Zhu always felt that he should say something.

Chapter 2694 Sister Nian made great arrangements for the hotel directly

Xu Yi nodded: "We'll talk about it later."

"Also." Xue Zhu agreed with his opinion without thinking about it.

The two did not wait long before Cao Yanhua and the others came.

Shen Qingfeng's family has a private jet, and this time he was on his family's private jet, so when Shen Qingfeng saw that everyone was there, he immediately took a few people inside.

"Let's get on the plane first."

"Okay."

Xue Zhu and the others packed their luggage and walked away with him chatting and laughing.

...

M continent.

Qiao Nian just got off the plane and was going down the stairs from the cabin door when she saw a message sent to her by Xue Zhu.

[Qiao Nian, we also came to M continent, Xu Yi took five tickets, and we came with him. Are you there yet? ]

When Qiao Nian saw this, he stopped, half-squinting his eyes a little surprised.

Ye Wuchuan walked behind her, saw her stop to look at her phone, and asked her, "What's wrong? Why are you in a daze here."

Qiao Nian came back to his senses, walked down again, and said, "It's nothing. Xu Yi and the others are also coming to M Continent. They said that they got the tickets for the Privy Council, and it is estimated that they will arrive after us."

"Huh?" Ye Xuanchuan thought for a while before he remembered who Xu Yi was. He twisted up the shoulder bag for her, and said slowly, "How many friends are you in the research institute?"

Qiao Nian had already stepped on the ground, so he took his bag from him and put it on his shoulders handsomely, stretched out his hand and pulled down his cap: "En."

She didn't wait for someone to speak, she picked up the phone and frowned, "I'll ask someone to arrange a hotel for them!"

She said and walked aside to call Guan Yan.

"Why did Sister Qiao leave? Didn't she get in the car with us?" The car that came to pick them up had arrived. Qin Si put his luggage in the car, and when he looked back, he saw Qiao Nian walking to the corner and making a phone call, so he asked suspiciously. Ye Lichuan.

Ye Wangchuan didn't bring much luggage by himself, so he handed over his small suitcase to him: "Her friend wants to come over."

Qin Si saw the suitcase he threw in front of him, and the corners of his mouth twitched: "Brother, can't you put it yourself?"

His voice did not fall.

I saw Ye Wuchuan glanced at him sideways, grabbed his hand, and returned to him lazily: "The group..."

Fuck!

"Stop!" Qin Si immediately said.

After he finished speaking, he was afraid that someone would settle the account with Tangning Aite in the group, so he helped him carry the luggage away.

...

"Well, let's book that one." Qiao Nian was still discussing the hotel with Guan Yan: "The five rooms should be placed next to each other so that we can take care of them."

"Okay."

The voice from the back of Guan Yan was quite noisy, and he didn't know what he was doing: "Then I'll book the room, and I'll send you the hotel address and room number."

Qiao Nian knew her efficiency, and hummed, "I'm sorry to bother you."

"We said this between us." Guan Yan smiled.

"Miss Qiao, get ready to go." Just as Gu San came to call her, she told Guan Yan and hung up.

Before she even got to her residence, Guan Yan's news was sent.

The hotel address + room number are properly done.

Qiao Nian forwarded the screenshot of the chat log to Xue Zhu and the others, and then said in the group group of 10: "Tell me when you arrive."

They estimated that there was no signal on the plane, and there was no one bubbling in the group for the time being.

Qiao Nian is not in a hurry.

She turned off the group and accompanied Qin Si to the apartment to put their luggage first.

\*\*

The apartment that Moxie prepared this time was purely based on Ye Wangchuan's preferences. The overall decoration of the apartment on the Grand Leaping Floor is mainly light luxury, and there is a small garden of about 60 square meters outside.

Chapter 2695 Go, I won't go

The brown furniture is all high-grade leather, the top floor is a crystal ceiling, the open kitchen has a bar specially designed for coffee drinks, and the marble floor is covered with soft blankets.

There are no particularly expensive ornaments on the whole, but the sense of luxury and comfort can be revealed everywhere.

Very Ye Wangchuan style.

Qiao Nian remembered that his Daping floor in Beijing was like this. Basically, he would not hang precious calligraphy and paintings or display antique ornaments in the living room, but a hairdryer in the drawer was custom-made...

Qin Si liked the room below, so he told Gu San and put his luggage in.

Gu San chose another room next to him.

Moses doesn't live here.

He is usually busy with public affairs, and he has to meet all kinds of people. It is not easy to bring people here, so he lives in a hotel.

He helped clean up the sundries in the living room, and went to the refrigerator to get two bottles of water out, and put one of the bottles into Qiao Nian: "Miss Qiao, take a rest and drink some water."

"Thank you." Qiao Nian thanked him.

He smiled and handed the remaining bottle of water to Ye Wangchuan: "Master, your water."

Ye Wangchuan caught the water and glanced at him: "I thought it wasn't mine~"

"Cough cough." Mo Xi bowed his head embarrassedly and touched his nose, and immediately slipped away: "I'll go see if Young Master Qin needs help."

Qiao Nian didn't notice their little interaction, unscrewed the bottle cap and drank half a bottle of water, went straight to the sofa and sat down while playing with his phone.

She has always been a lot of news.

Da Ji on the F continent is also asking her about the arrangement of a shipment.

Qiao Nian discussed with him how to deal with it, and after the Daji had determined the process, he went to arrange it.

Just at this time.

Xue Zhu and the others should have arrived.

Aite's message popped up in the group.

Qiao Nian opened it and saw that it was Xue Zhu who had returned to her.

Xue Zhu posted an emoticon in the group calling her father on her knees, and then Aite picked her up and told her that they had arrived.

Qiao Nian got up and called her again and explained to them the procedures for checking in at the hotel...

\*

On the other side, Ji Ziyin also went to the place.

She has a special car to pick her up.

But she didn't rush to find Leonard, but first accompanied Liao Quan, Simon and the others to the hotel to check in.

The Chamber of Commerce Alliance has its own business everywhere, and this time they stayed in a five-star hotel that Simon had a stake in.

Simon took the lead to check in, and said to Ji Ziyin in the hotel lobby: "Miss Ji, if you have something to do, go and do it first, we will take care of ourselves here."

"Then remember to call me if you have something to do." Ji Ziyin looked at the time on her phone and didn't dare to make Leonard wait too long, so she said to the four of them, "I'll send someone to pick you up tomorrow."

"OK." Simon was calm.

Liao Quan and Ji Xiao were completely kneeling and licking their faces. They sent Ji Ziyin away from the hotel all the way, and then turned back. He also wanted to invite Simon for dinner to consolidate his relationship: "President Simon, let's have a meal together after putting away our luggage?"

Who knew that Simon was extremely cold and pulled his suitcase and declined: "I won't go, you go."

"..." Ji Xiao looked embarrassed.

Simon ignored him, looked at his watch, and walked to the elevator: "I'll go back to my room first."

Lu Yiming then told him, "I'm going back first too."

In the hotel lobby, only Ji Xiao and Liao Quan were left standing there, embarrassed.

Chapter 2696 The Privy Council is not a place that all cats and dogs can visit

The next day.

Early in the morning, Ji Ziyin arranged for the driver to come and pick them up.

Liao Quan and Ji Xiao came down first.

Both of them were well dressed, and it could be seen that they were very formal.

Ji Xiao saw that the driver had been waiting at the door for a while, frowned a little irritably and asked the people around him, "Young Master Lu, haven't they come down yet?"

"not yet."

Liao Quan has the lowest status among several people, and he got this opportunity purely by flattering. Of course he didn't want to offend anyone.

He immediately continued: "We made an appointment at 8:30. It's only 8:15 now, and there are still more than ten minutes. They should be down soon."

"Um."

Ji Xiao still frowned, looking unhappy.

Liao Quan looked into the hotel lobby, hoping to see Lu Yiming and Simon as soon as possible.

Suddenly, the elevator door opened.

He saw a group of five people coming out of the elevator.

Liao Quan didn't pay much attention to it at first, but he was disappointed that it wasn't Lu Yiming and the others. Then, out of the corner of his eyes, he could clearly see the appearance of the group.

He was stunned: "Xu Yi?"

Ji Xiao heard this name for the second time and looked at it with him: "Who?"

This time, Xu Yi did not disappear as quickly as yesterday, but got out of the elevator and took the phone to talk to Cao Yanhua and the others.

Then Cao Yanhua and the others nodded, and he walked to the side to make a phone call.

Liao Quanhu rubbed his eyes like a ghost, making sure he read it right, his mind buzzing like he lost his soul: "Why are they here?"

Ji Xiao was inexplicable when he heard it, and pulled him annoyed: "Who are you talking about? Yesterday I heard Ziyin say this name too."

He also saw several young people standing in the hotel, and they stood together quite dazzling, but those people obviously didn't see them, so they stood around waiting for people to chat...

Ji Xiao frowned again: "You know them?"

Liao Quan came back to his senses this time, but he was still a little confused. He nodded and spoke to Ji Xiao: "Well, they are colleagues from my research institute."

People from the First Research Institute?

Ji Xiao was also stunned for a second.

Liao Quan was absent-minded: "...No wonder Miss Ji said yesterday that she saw them."

Ji Xiao frowned again and looked at the group of people standing in the lobby, turned his head, and retracted his gaze disapprovingly: "They may have come to attend some seminar."

"Yes?"

Liao Quanqiang cheered up and seemed to find a reason to convince himself.

Ji Xiao raised his hand without paying much attention, and said in a very disdainful tone:  
"Otherwise, can they still go to the Privy Council?"

Liao Quan was silent for a while: "..."

He always felt that there was a possibility...

Although he himself thinks this idea is absurd, he doesn't know why he always has a feeling that Xu Yi and the others have the same purpose as him!

This feeling made him stand uneasy like ants gnawing at it, and it was not a good feeling in his heart.

He paid such a high price, and even got expelled from the institute to hold on to his thighs. As a result, people like Xu Yi who have stayed in the institute all the time can get the same opportunities as him...

How could he figure it out!

"Do you think they are going to visit the Privy Council just like us?" Ji Xiao seemed to see what he was thinking, and sneered: "Where do you think the Privy Council is? All cats and dogs can go in and visit? We are also relying on children. Yin and Lei Lao fought for this opportunity, they? Hmph, you think too much!"

Chapter 2697 is completely different treatment

He then used a high-level tone and said lightly: "The First Research Institute often needs to participate in seminars all over the world. Most of the M continent has related scientific research seminars recently. Feng Yu asked them to come, but just happened to live with us. It's just a hotel."

Liao Quan used to be from the First Research Institute, and he knew what Ji Xiao said.

He took a deep breath and let out a stale breath, and also began to think that he was thinking too much: "Maybe it is."

Ji Xiao snorted: "It must be!"

While the two were talking, Xu Yi called back.

He walked up to Cao Yanhua and the others and seemed to say something.

Liao Quan saw a group of people walking straight to the door on the other side of the hotel, as if they were going out.

He wanted to see more clearly, so Ji Xiao grabbed his arm and said to him, "Don't look, Young Master Lu and the others have come down."

Sure enough, Lu Yiming and Simon came out of the elevator together.

The two were not as formal as they were wearing. Lu Yiming was dressed in casual clothes, with a striped T-shirt and a pair of beige slacks, which was more refreshing.

Simon is better, he's wearing a suit, but it's just normal.

The two walked towards them with their front and back feet.

Liao Quan could only force himself to look back and follow Ji Xiao to meet him.

...

Outside the hotel, the driver has been waiting for a long time, frequently looking down at the time.

When Liao Quan and the others came out, the driver had a straight face, obviously very perfunctory: "Are you ready?"

A few people in Independence Continent are respectable people anyway, and the attitude of the driver is too contemptible.

Simon and the others could not help frowning.

Ji Xiao reluctantly rounded up the game and smiled with the driver: "There are only so many of us, and we're all here."

The driver didn't open the door for them, he just opened the driver's door and said lightly, "Get in the car then, Miss Ji is still waiting for you."

After he finished speaking, he got into the car and ignored Simon.

Simon's face sank completely, and his eyes were covered with a haze color, but because of the powerful strength behind the hidden family, he had to swallow this breath, and stooped to get on the car with an ice cube face.

Lu Yiming had long guessed that he would be treated like this, and immediately got into the car, but he didn't appear so angry or unhappy.

There are only Ji Xiao and Liao Quan, both of whom are Ji Ziyin's side.

They all thought that Ji Ziyin had a high status in the hidden family and was highly valued, but they did not expect that a driver would look down on them.

They went around to the other side of the car in embarrassment and opened the door to get in the car. They lost the freshness of the morning.

Liao Quan was the last to get on the bus.

Before getting into the car, he involuntarily looked towards the southwest gate where Xu Yi and the others left, to see if he could still see anyone.

But over there, because of the blocked view, he couldn't see whether Xu Yi and the others were still there, and the driver urged him impatiently, so he could only get into the car in a hurry and close the door.

The car slowly drove away from the hotel.

...

On the other side of the hotel, a car that also had the license plate of the hidden family stopped steadily in front of Xue Zhu and his party.

The driver got off the car as soon as the car stopped, and walked over to Xue Zhu and the others very respectfully and politely: "Are you all there? If you arrive, please get in the car first."

Xu Yi seemed to be used to it. As he walked towards the car, he turned around and said to Cao Yanhua and the others, "Let's go, let's get in the car first."

The driver also hurriedly opened the door for them: "Please get in the car."

Chapter 2698 Does the Privy Council also distribute VIP infield coupons?

Han Cheng, Cao Yanhua, Xue Zhu and others, you look at me, I look at you, and they all see surprise and confusion in each other's eyes.

Xue Zhu moved her mouth and said with her lips: "Wocao, what did Xu Yi's father do! It feels very cool."

Cao Yanhua, Han Cheng and Shen Qingfeng were all at a loss, and no one knew the background of Xu Yi's family...

Xue Zhu was also surprised, and quickly adjusted. She was the first to follow, and said cheerfully as if nothing had happened: "Get in the car, I'm going to see Sister Nian."

The other three quickly followed.

The driver waited for them all to get in the car, trotted to close the door for them, and then went around to the front to drive, and he didn't forget to ask: "Will everyone be stuffy in the car, I'll turn on the air conditioner if it's so stuffy."

"Not boring, not boring."

"I'm not bored either."

"It's okay, not boring."

The driver didn't feel bored when he heard that everyone, so he turned his head, started the car smoothly, turned the car and drove towards the Privy Council.

Several people in the car did not speak.

Mainly Cao Yanhua and the others were quite shocked by Xu Yi's family background, but no one went to inquire about other people's private affairs out of curiosity, so no one ran to ask Xu Yi "what does your father do" or something like that.

Xue Zhu saw that the atmosphere in the car was rather dull, broke the deadlock, and mentioned: "By the way, I haven't told Qiao Nian that we are leaving. Who said something in the group?"

Shen Qingfeng took out his mobile phone and said, "Let me tell you."

"That's fine." Xue Zhu readily gave him the task, then turned her head and said, "Speaking of which, I seem to have seen Liao Quan, but I'm not sure if it's him, he seems to be in Ji Ziyin's relative. together."

After all, Qiao Nian is also somewhat related to them.

Xue Zhu is quite embarrassed, two completely different people descended from one bloodline.

Cao Yanhua finally relaxed when she heard the person she was familiar with, and said, "Is he going to the Privy Council too? Then won't we meet you later?"

Hancheng is also thinking about this issue.

Xu Yi said lightly at this time: "It shouldn't come across."

"Um?"

He always speaks less, and when he speaks, everyone looks at him subconsciously.

Xu Yi was not used to being stared at by so many pairs of eyes at the same time, so he lowered his eyes, Qing Jun's face didn't show much expression, he just stated a fact naturally: "They can't get in."

on the other hand...

Liao Quan and the others cannot enter the core area of the Privy Council, but a few of them can go in!

"Isn't everyone the same ticket?" Xue Zhu was the first to react, took out the ticket in her pocket, looked left and right, turned around and couldn't see the flower, and finally came to the conclusion: "Well, the Privy Council still divides VIPs. Infield tickets."

The driver driving in front stepped on the brakes, and the car body swayed forward abruptly.

He quickly stabilized the speed and apologized to the people in the back row: "I'm sorry, I just accidentally stepped on the wrong brake."

Xue Zhu and the others didn't encounter anything, so they definitely didn't care about this little detail, and waved their hands to tell him that it was okay.

The driver peeked at the young master's stern profile through the rearview mirror, and silently retracted his gaze, thinking secretly in his heart.

If the archbishop knew that the young master's friend thought he was taking the VIP infield ticket of the Privy Council, he would be in a crazy mood.

The Privy Council was regarded as a concert scene by her.

Young Master's friend is also a god!

But Xu Yi didn't explain, he definitely couldn't jump out and say that this was the Archbishop's face, so he could only endure it silently.

Chapter 2699 I saw Xu Yi and the others

at the same time.

Ji Xiao and the others have already arrived at the Privy Council.

The Privy Council is divided into an inner court and an outer court.

The outer courtyard is more of a reception and leisure area, so the architectural style of the outer courtyard is very post-modern and majestic.

The black buildings give people a solemn and inviolable sense of majesty.

Ji Ziyin was waiting for them outside.

As soon as Ji Xiao and their car arrived, she walked over and opened the car door for them: "How about it, is there no traffic jam on the road?"

Ji Xiao got out of the car first, and said very familiarly, "No, the journey was smooth, and the driver drove very steadily."

"That's good." Ji Ziyin smiled.

It happened that Liao Quan and the others all came down.

The driver also got out of the car, and politely said to Ji Ziyin, "Miss Ji, shall I go first?"

His attitude was a little more polite than Simon and the others, but it was only polite, not very respectful.

Ji Ziyin didn't think anything was wrong, she looked smiling and said, "Thank you, Mr. Lei, for me."

She was so polite to a driver, Liao Quan looked at her in admiration, pursed her lips and felt that she had chosen the right person.

The driver came down, turned around and got into the car, without saying hello to Simon and the others, and drove the car away.

Ji Ziyin looked at the exhaust of the car leaving without turning her head back, her eyes were cold for a second, but she was good at disguising and quickly put on an unchanging mask, and turned to Simon and the others: "President Simon, I will show you guys. go in."

"Um."

Simon got a lot of anger along the way, including seeing that the driver called by Ji Ziyin didn't pay attention to him in the end. He was even more aware that Ji Ziyin might not be as valued by the hidden family as he said, so he pursed his lips and nodded lightly. head.

"Thank you, Miss Ji."

How could Ji Ziyin not feel the sense of distance that Simon kept to herself, her eyes became colder by an inch, and she still smiled: "Everyone is a friend, President Simon doesn't need to be so polite to me."

She didn't wait for Simon to answer, she immediately turned her head and said to the others: "Okay, let's go in, I'll show you a good tour."

Lu Yiming put one hand in his pocket the whole time, very casual attitude, and didn't talk much. She said she went in and followed her.

Liao Quan went in with Ji Ziyin all the way, and remembered one thing: "By the way, Miss Ji, I saw Xu Yi at the hotel this morning."

He was just trying to find a topic forcibly.

"Didn't you say yesterday that you saw him at the airport? You should have read it right, that person is Xu Yi, and he also came to M continent."

Ji Ziyin was walking in the front, and she was in a good mood. Hearing this, her face suddenly became unbearable, and she immediately frowned and looked at him: "Xu Yi? He..."

She wanted to ask: Could it be that Qiao Nian invited him here?

Ji Xiao knew that she cared about Qiao Nian, and immediately put a hand in the middle to smooth the game: "No, I saw them too. I don't think they are coming to the Privy Council, I guess they are studying what will be opened here, Just a coincidence."

"..."

Ji Ziyin withdrew her gaze, still suspicious and irritable in her heart.

But she remembered what Cao Yanhua had said, and felt a little relieved: "It should be, I asked Senior Brother Cao, and he said Qiao Nian didn't have a ticket."

Qiao Nian couldn't bring the people from the Institute to visit the Privy Council without a ticket, so Ji Xiao said it was more likely.

Chapter 2700 It was discovered that Ji Ziyin could not enter the core area at all

Ji Ziyin's smile returned to her face again, she showed her identity to the guard at the door, turned her head and said softly, "Let's go in."

The outer courtyard of the Privy Council can be visited. After the guards checked the tickets of the four people, they let them in with a big hand.

Ji Ziyin led the four to introduce them all the way: "This is the usual rest area."

Simon and the others saw a glass building in the shape of a bird's nest. Through the glass window, they saw the scattered tables and chairs inside. They could see that it was probably a coffee shop or a drinking place, but no one could be seen.

Ji Ziyin seemed to see their doubts and smiled: "No one comes here to drink water at this time, and there are several such leisure areas inside."

Ji Xiao praised: "It is indeed the Privy Council!"

Liao Quan also completely forgot about encountering Xu Yi in the morning, and his face was full of excitement and excitement that could not be concealed.

This is the Privy Council!

How many people dream of a place.

He is standing on the territory of the hidden family!

Ji Ziyin led them all the way around, during which he introduced a lot of the architecture, history and culture of the Privy Council.

Simon and Lu Yiming behaved extremely smoothly, neither of them were as excited as Ji Xiao and the others, and they clearly felt that Ji Ziyin hadn't brought them into the real Privy Council.

There are basically no people in the library, cafe or even leisure area outside.

It can be seen that although this is also a part of the Privy Council, the people in the real Privy Council rarely come to this area for activities.

Simon was disappointed.

Halfway through, he explained to them the woman who showed off: "Miss Ji, I'm a little tired. Just keep walking, I'll buy a glass of water and wait for you here."

He was talking about a place that just passed by next door that could provide tea and drinks, and there were just two chairs outside.

He suddenly stopped leaving.

Liao Quan showed an unexpected expression: "President Simon, aren't you visiting the Privy Council with us?"

Did he just say 'such a good opportunity, you just sit here and waste it'?

Lu Yiming saw what he wanted to say, and twitched the corners of his mouth. Obviously, like Simon, he saw that their visit to the Privy Council had no practical significance at all.

But he was raised as a very gentleman since he was a child, and he was not the kind of person who would embarrass the opposite sex.

So he knew in his heart that Ji Ziyin was probably not qualified to introduce them to people inside the Privy Council, but he didn't show it directly like Simon did. He just kept his eyes away and seemed to be attracted by the building next to him.

"I won't go." Simon is not busy on weekdays, he came here specially to take this opportunity to get to know the people of the hidden family, and seeing that his hope was in vain, he didn't want to accompany a few people to continue to circle: "... As I get older, my legs and feet are not easy."

"Miss Ji, you continue, don't affect your mood because of me." He also smiled at Ji Ziyin, very considerate, and found a reason not to be embarrassed by everyone.

People are talking about this for the sake of...

Ji Ziyin took a deep breath, strained her expression, and went straight in to give him some water: "I need an ID card here, I'll give you some."

She ordered a cup of tea for Simon, turned her head to look at the other three, lost interest for the most part, and said to the three: "Then President Simon is resting here, and I will take you to the rest of the place for a stroll."
