

## Madam's 2701

Chapter 2701 The two sides collided with each other

Liao Quan couldn't ask for it: "I trouble Miss Ji."

"Well, let's go inside and take a look."

Ji Xiao also didn't realize that Ji Ziyin had been taking them around the periphery, and didn't really enter the circle of the Privy Council at all.

Lu Yiming put his hands in his pockets. He had no opinion or much interest, so he did not go along with her like the other two.

Anyway, it's just like I'll go if you go, and it doesn't matter if you don't go.

Ji Ziyin was secretly annoyed in her heart, but her face remained calm, and she planned to take them for a walk outside and then send them away.

at this time.

Several people suddenly saw that someone was walking diagonally ahead, and the chatter was quite noisy.

"Can we go inside later? Really."

"You want to take us to see Elder Xue?"

"Qiao Nian, will this affect you, isn't it good?"

At first, Liao Quan and others were still calm.

This calm collapsed instantly with a familiar name!

Liao Quan even blurted out: "Qiao Nian?"

Ji Ziyin's face was already sinking, she pinched her palm, her eyes fixed on the direction from which the voice came.

Ji Xiao was also suspicious and looked over there: "Could this voice be from...the Institute?"

Liao Quan's next words shattered all his luck: "I heard the voices of Cao Yanhua and Han Cheng, it should be them."

Ji Xiao was speechless now, and his expression became extremely complicated. He glanced at Ji Ziyin from time to time, as if asking, "Didn't you say Qiao Nian didn't have a ticket?"

But they are grasshoppers tied together, even if he is angry, he doesn't dare to really embarrass Ji Ziyin.

...

In the blink of an eye, Qiao Nian and the others have come over.

No one expected to meet so soon, Xue Zhu and the others stopped when they saw Ji Ziyin, looked at each other, and no one went over to greet her.

It was still Cao Yanhua thinking about the favor of Ji Ziyin who came to deliver the tickets before, and because of his affection, he had a face-to-face with Ji Ziyin: "Miss Ji is also here? It's a coincidence."

"Yeah, what a coincidence."

Ji Ziyin responded indiscriminately, looking at the straight girl wearing a peaked cap.

But compared to her concern, Qiao Nian seemed much indifferent.

She didn't say hello to Ji Ziyin, Simon and others, nor did she stop Cao Yanhua from politely dealing with Ji Ziyin, but just stood quietly.

But just standing there, her aura cannot be underestimated.

Simon changed his previous attitude, and the moment he saw the girl, he immediately stood up and greeted the girl warmly: "Miss Qiao, I didn't expect to meet you here, last time..."

He wanted to mention the last meal.

Ji Ziyin suddenly stood in front of him and interrupted him, and provocatively said to the girl: "I didn't expect you to get a ticket too. I asked Senior Brother Cao before and he said you didn't have a ticket, so it was..." He lied to her.

She didn't finish her sentence.

smiled and whispered, and offered to say, "Since everyone has met, why don't we go for a walk together?"

Her attitude seems to be sloppy and generous, and she doesn't care about the usual small frictions and unhappiness.

Xue Zhu and Shen Qingfeng looked at each other and frowned, thinking that she was uneasy and kind, and she was thinking about doing things.

They all looked at Qiao Nian.

Qiao Nian was probably annoyed by Ji Ziyin's behavior of finding a sense of presence in front of him again and again, so he reached out and raised the brim of his hat: "No need."

Chapter 2702 Where they can't go, Sister Nian and her party can go in

Ji Ziyin also wanted to say: "Everyone finally met, and they are acquaintances..."

She hasn't finished speaking yet.

The girl interrupted impatiently: "I'm not familiar with it either."

Ji Ziyin's phrase "an acquaintance again" had just fallen, and Qiao Nian's unfamiliarity was like a loud slap on her face.

made her face red, and she was speechless for a long time.

Xu Yi didn't want to waste time with them, so he said to the girl, "Let's go in."

"En." Qiao Nian thought that Ye Wuchuan was still waiting for them inside, nodded, raised his legs and prepared to go inside.

Ji Ziyin saw that a few people were going to the Privy Council, her eyes were slightly cold, and she reminded kindly: "It's not allowed to go in there, so you should go for a walk nearby."

Who knows, whether Qiao Nian or Xu Yi, no one cares about her.

The group said a word at the guard, and went straight into the core area of the Privy Council!

\*

"How did they get in?" Liao Quan couldn't believe his eyes, and stood there dumbfounded, watching the backs of Xu Yi and the others entering.

Ji Ziyin didn't expect Qiao Nian and the others to go in. The sharp parts of her fingernails were almost pinched into the flesh, and her oval face gradually twisted.

Simon also showed a very regretful expression, but he had no choice but to turn back after one step: "Miss Ji, I'm not feeling well and I'll go back to the hotel first."

Ji Xiao was still in shock, and suddenly turned to look at him, trying to hold back: "President Simon, we haven't finished shopping yet..."

"..." What else is there to shop around now?

Simon couldn't even squeeze out a perfunctory smile. He looked at Ji Ziyin with a firm attitude: "Miss Ji, you walk around slowly, I won't accompany you."

he said, turned and left.

strode away without looking back.

His behavior hurts more than a slap in the face.

Ji Ziyin's heart and liver were trembling, the mask on her face gradually cracked, the smile on the corner of her lips gradually solidified, and she said mechanically: "He left him, I will show you guys to continue to see."

Qiao Nian and their backs have long disappeared.

Liao Quan regained his senses, with mixed feelings in his heart, looking at her, he was not in the mood to stroll any further: "Miss Ji, I'll go back too."

"Why are you..." Ji Xiao was very unhappy.

But Liao Quan was hit too hard this time.

He was not in the mood to pay attention to what Ji Xiao was thinking, and looked at Ji Ziyin again, just as reluctant as the eggplant beaten by Shuang: "I still have an unfinished thesis."

Ji Ziyin didn't expect that even he would dare to look at him, she stared blankly at him for a second with a sullen face, and finally let go: "Well, since you have something to do, I won't force you. already."

Liao Quan didn't dare to look at her the whole time, he just wanted to leave here: "Then I'll go after President Simon and go back with him."

"Go."

Ji Ziyin let go, and he quickly chased the direction Simon left in relief.

In the blink of an eye, there were only three of them left.

Ji Ziyin lost such a big person. She looked up and said to the only person left behind: "Do you have something to do? You can go too."

Ji Xiao is her person, not a guest she invited at all.

Only Lu Yiming was the one who accepted her invitation this time.

Lu Yiming straightened his back, but he didn't fall into the trap. He just said quietly, "If you're not busy, I'd like to go shopping again."

"..." Ji Ziyin looked at him sharply, the end of her eyes was a little surprised and touched for a moment, and she quickly lowered her eyelashes to cover the emotions in her eyes: "Aren't you going?"

### Chapter 2703 She brought friends to visit the Privy Council

Lu Yiming has long lost the throbbing between men and women that he used to have, and now he is willing to stay purely out of the spirit of a gentleman and the friendship he has known for many years.

He did not answer Ji Ziyin directly, nor did he deliberately comfort the other party, but just raised his legs and walked forward: "Everyone has come, let's take a look."

Ji Ziyin seemed to have misunderstood. Looking at his back as he walked forward, he pondered for a while, and then chose to follow: "Wait for me."

Ji Xiao saw this, looked back at Qiao Nian and the direction they left, turned his head, and followed the two.

\*\*

Inside the Privy Council.

Xue Zhu got away from Ji Ziyin and the others, and immediately said happily: "Did you see Ji Ziyin's expression just now? I said her jaw was about to fall! Her reaction just now made me laugh, and she was pretending to say something there. We can't get in, how did we get in?"

Immediately, she tilted her head, looking like a good brother, bumped Xu Yi with her elbow, "After all, you can do it. I bought a few VIP tickets for the infield, and the ordinary tickets are the same as theirs. It's different! Line up!"

Qiao Nian first heard about the 'infield VIP' ticket, so he stopped and glanced at someone: "Infield ticket?"

Xu Yi heard her playful tone, her white jade-like face suddenly turned red, and bowed her head in embarrassment: "No, I didn't make it clear."

"Yeah." Qiao Nian also knew that he probably didn't say anything about his family, so he nodded and didn't divulge the topic of illegitimate children. He turned to Xue Zhu and the others and said, "Let's go in, I'll take you to the Senate."

"Let's go, let's go, I can't wait to go inside and take a look!" Xue Zhuxing hurriedly pulled Xu Yi and left.

They can actually guess a little bit of Xu Yi's \*\*\*\* background, otherwise how would Xu Yi get the 'infield ticket' of the Privy Council through his father.

But everyone was tacitly concerned about Xu Yi's mood, and no one spoke about it.

Xue Zhu took the lead, Shen Qingfeng and Cao Yanhua followed behind them, and the big guys entered the Senate together.

The Senate of the Privy Council is a large ring-shaped conference room, and the space that can accommodate hundreds of people is full of solemnity.

Xue Zhu, who has always been babbling, couldn't help but restrain her voice after entering, and said beside Qiao Nian, "This is the Privy Council?"

"This is the Senate."

Qiao Nian's voice was low, and he casually took them around and said, "I just came here, and I'm not familiar with it, so I can only show you guys briefly."

"It's all right." Xue Zhu waved her hand and said casually, "Let's just take a look and have a good time."

They didn't want to enter the Privy Council. This time, Xu Yi took the ticket to invite them, and Ji Ziyin was too crazy before.

They just came to have a look.

is a curiosity at best.

Several people are all focused on the research institute, and they are more curious about the hidden family, not like Ji Ziyin who wants to cling to someone.

Qiao Nian took them for a brief walk around the Senate, when the phone rang, she lowered her eyes and glanced at the screen, then walked away and said to Xu Yi and the others, "Wait for me here, I'll take a call. "

"Okay."

Everyone let her go.

Qiao Nian no longer delays, and walks away to answer the phone.

...

"Ji Ziyin brought her friends here to visit. She hasn't come back yet. She is probably still wandering outside."

At the same time, the hook-nosed old man was passing in the direction of the Senate.

Chapter 2704 Slap in the face! These are the guests invited by the archbishop

Out of the corner of his eye, he caught a glimpse of the person inside.

I didn't care for the first time, thinking it was the staff of the Privy Council inside.

Soon he realized something was wrong.

He pointed to a few unfamiliar faces inside and stopped: "How did those people get in? Are they not from the Privy Council?"

The radicals of the Privy Council followed him, looking in the direction of his fingers, they were all stunned for a moment: "Uh, I don't know."

The hooked-nosed old man frowned, his expression was condensed, his face was straight, and he instructed coldly: "Go and ask the guards to drive them out."

"Okay." Someone beside him went to contact the guard.

He waved his hand, and looked at the young people in the circular conference center with disgust, with the same tone of dust: "The management of the Privy Council has become more and more negligent recently, really anything can get in!"

He was accompanied by four or five people, all of them radicals.

Everyone, you look at me, I look at you, and my heart is clear.

He wasn't scolding a few "unfamiliar faces" who didn't know how to get in, but he was indignant at losing the vote last time.

It's just that they lost too badly last time!

So far, they are still skeptical about Leonard's decision to follow the Queen's selection of Ji Ziyin.

So everyone heard him insinuatingly scolding the newly entered Ji family lineage as 'not a thing', but no one answered.

Leonard saw their unwillingness to mix, and the aura around him became colder, his eyes seemed to be crushing ice floes, resentful and sinister.

At this moment, Qiao Nian came back from the phone call, walked over to Xu Yi and said, "Let's go, I'll take you to a restaurant for dinner."

Xu Yi and the others came here at ten o'clock. Now it's half past eleven, so it's early to eat, so it's time for lunch.

Xu Yi and the others had no objection and agreed.

Qiao Nian led them to the other side of the restaurant.

The Senate is a circular design with a total of four doors.

Reynard and the others are at the southeast gate. Qiao Nian went to the restaurant just in the opposite direction to them, so he didn't even look at them, and he didn't find anyone looking at them...

Watching the group leave in a mighty manner.

Leonard's expression became more and more vicious: "Is it her?"

She brought people into the Privy Council?

ha?

Leonard felt strongly offended, turned his head, and immediately asked, "Where is the person who said he was going to call the guard? Hasn't come back yet?"

He can't wait to give Joe a slap in the face!

Let her know that this is not the Independent Continent, let alone Country Z, and the Privy Council is not a place where she can be presumptuous!

The person who called the guard just now came back in a hurry.

Leonard immediately asked him: "Where are the people?"

The man bowed his head in embarrassment: "Lao Lei, I just went to ask, and they said..."

Four or five people looked at him.

Leonard was even more impatient to wait for him to follow.

The man wanted to say it in private, but with so many eyes staring at him, he had to cover his lips and cough and finish: "They said it was the Archbishop."

Reynard thought he had heard it wrong at first: "Archbishop?"

The man nodded.

His expression became inexplicable, his brows were about to twist into ropes, and he couldn't understand: "How could the archbishop get involved?"

Quentin didn't always care about the affairs of the Privy Council, so how could he take extra care of this newcomer this time?

"I do not know either."

"They said it meant the archbishop."

"Those people were also invited by the Archbishop."

Chapter 2705 I also want to tell you this before I stay

Leonard only felt that he was kicked on the iron plate, and his face was extremely ugly, but he didn't want to offend the neutrals, so he could only swallow his breath and said: "Since it is a guest invited by the archbishop, then don't care."

He said so, and his heart was still choked and uncomfortable.

Why is Qiao Nian so evil!

The old and immortal conservatives don't even need to compete with him, and the neutrals who have never caused trouble also have a faint meaning to stand in line...

Really hit a ghost!

\*\*

Qiao Nian and Xu Yi had dinner and sent them back to the hotel.

Because she has just entered the Privy Council herself, she has only been led by people to go through the formalities and walk through the process for the past two days, so she has nothing to do.

Xu Yi and the others heard that she was fine, so they invited her to play in the room.

Qiao Nian thought that it was time to check out the residence that Guan Yan had arranged for them, so he sent Ye Wangchuan a WeChat message saying that he would not go back.

Then she walked into the hotel with Xue Zhu.

"How many floors do you live in?" Qiao Nian still wears a hoodie, mainly for comfort, plus her unique temperament, which is casual and unrestrained.

Walking with her always makes people feel inexplicably safe.

Xue Zhu walked in front and pressed the elevator, tilted her head and said to her: "9th floor."

The hotel has a total of 60 floors, with all kinds of facilities.

She remembered that there was a dining bar on the top floor.

There is also a dedicated swimming pool and fitness area below.

They live on the 9th floor, the floor is not high, but compared to the 30th floor in the independent continent, the advantage is that the space is not depressing.

Shen Qingfeng said: "The front desk said that there are only five consecutive rooms on the ninth floor, and other floors either have only three rooms next to each other, or the location is not good."

"Yes." Qiao Nian knew the efficiency of Guan Yan's work, so he reached out and pulled the brim of his hat, nodded, and stopped asking.

Just then, the elevator came down.

The elevator door opened and someone came out.

They consciously stepped aside and left a good path for those who came out.

Everything was fine, but when Qiao Nian was about to go in, he heard a voice he didn't want to hear.

"Miss Joe."

Simon came down to call and didn't expect to meet her at the hotel.

Qiao Nian saw that the elevator was about to close, so he told Xue Zhu and the others, "You go up first, I'll be right over."

Xue Zhu glanced at the person they met not long ago, and said worriedly: "Then I will send you the room number, if you have something to do, send me a message."

"Row."

"...Then let's go first."

Xue Zhu knew the Chamber of Commerce Alliance, and of course she knew Simon's identity. She knew that Simon must have something to say when he stopped Qiao Nian, so she pressed the elevator door and went back to the room to wait for others.

...

Simon watched the elevator go up, he was a little relieved, and the gentleman invited: "Miss Qiao, there is a place to sit in front of you, let's sit down and have a glass of water to chat slowly?"

Qiao Nian didn't come with him, he just said concisely: "Let's talk here."

Simon was quite embarrassed, he hesitated and said slowly: "Miss Qiao, I'm sorry about that last time in the western restaurant."

"I contacted you and Mo Dong afterwards, but you don't seem to have time to come out to eat..." As he said, his brain was racing, thinking about how he should explain what happened last time.

Qiao Nian guessed that he called himself mostly for the last time, so he raised his eyes, his beautiful eyes were clear and pure: "I also want to tell you about this before staying."

Chapter 2706 A complete break!

Simon was overjoyed: "Miss Qiao means..."

He wanted to say forgive him?

Who knew that Qiao Nian was quite cool and put his hands in his pockets and turned to talk to him face to face: "We were just acquaintances, not really familiar friends, so no matter who you choose at that time, I have no opinion, and you don't have to take it to heart. ."

This is very straightforward.

fell in Simon's ears but heard her meaning.

—Qiao Nian didn't blame him for choosing to curry favor with Ji Ziyin, but at the same time he didn't want to be friends with him anymore.

Simon is a smart man, he understands that the character of the girl in front of him is not the kind of person who likes the scene in the circle.

He smiled bitterly, looked at the girl and said, "Miss Qiao, is there no room for change?"

"..." Qiao Nian frowned, looked at him with dark eyes, and when he understood, he pressed his tone irritably: "Is it necessary?"

She and Ji Ziyin are not rivals.

She never thought of Ji Ziyin as an opponent.

But people like Simon don't think so, and they insist on treating this relationship as a relationship of interests that can only be chosen.

That would be boring.

is not necessary either.

"I see." Simon understood what she meant in seconds, his heart was even more bitter, and he didn't know if he had made the right choice.

He always felt that Qiao Nian might be a potential stock, with more future than Ji Ziyin's current flowers.

But when things got to this point, he quickly calmed down: "By the way, Miss Qiao, do you have time at night?"

Qiao Nian saw that he quickly picked up his mood and returned to his previous attitude, but he didn't say anything.

Simon said politely: "I want to invite everyone to dinner tonight."

He was afraid that Qiao Nian would misunderstand: "That's not what it meant."

"I want to give Miss Ji a brief celebration tonight, thinking that everyone knows each other and live in the same hotel, so I will ask if you have time."

Simon is extremely tactful, even if everyone talks about it, he still maintains his communicative skills in social situations, and the one that should be invited is not ambiguous, at least he has to say the right words.

"Let's get together in a small area. If you don't have time, can you help me pass it on to others?"

Qiao Nian nodded: "I will tell them."

Simon smiled and said very politely: "Thank you Miss Qiao then."

"fine."

Qiao Nian made it clear to him.

The elevator just came down again.

She didn't waste time, lifted the cap, pressed the elevator button, turned around and said to Simon, "Then I'll go up first."

Simon watched her enter the elevator, and saw that the elevator door was closed, and the number keys next to it went up layer by layer... He changed his politeness and thoughtfulness, and frowned, as if there was a big rock on his chest, and he couldn't breathe.

It's just that he has experienced storms and waves, and understands that he is a buy and leaves, and he can no longer make good friends on both sides.

He strode out of the hotel lobby and dialed the number in the address book outside.

The phone was connected after a few seconds.

Simon calmed down, suppressed the restlessness and unease between his brows, and said calmly as before, "Miss Ji, I reserved a table at the western restaurant of the hotel at night. Would you like to invite some friends over for dinner?"

\*\*

Qiao Nian separated from Simon and went directly to Xue Zhu.

Xue Zhu's room is at 9006.

Qiao Nian knocked on the door and went in, and soon someone came to open the door for her.

"coming."

Xue Zhu opened the door for her and made way: "Come in."

I can see that the suites with north-south transparency are complete with small furniture, which looks spacious and bright, and the room pattern is very transparent.

Chapter 2707 I will bring friends from the hidden family in the evening

In addition to herself, several other people were there, and everyone was sitting around the coffee table in front of the floor-to-ceiling windows drinking coffee.

Han Cheng saw Qiao Nian coming back, got up and went to make a cup for her: "I'll pour you a cup, but it's only instant."

Qiao Nian thanked him and walked over, Ye Wuchuan's WeChat came back, she took out her phone and glanced down.

【Y: Have a meal at night? 】

Qiao Nian is in a daze.

Han Cheng brought the brewed coffee and told her to sit over.

Qiao Nian looked at his phone while walking.

Ye Wangchuan's second WeChat message was sent.

【Y: It's on the top floor of the hotel where Cao Yanhua and the others live. Aren't you with them? It just happens that you don't have to run away. I'll bring Qin Si over to find you at night. 】

Qiao Nian thought that he was fine at night, so he raised his eyes to scan a few people and asked, "Are you going to have dinner together tonight?"

Xue Zhu and the others are going to leave in a few days, and they are worried that they have nothing to do at night.

Xue Zhu was the first to agree: "I'm fine."

Qiao Nian looked at other people again.

Han Cheng put the coffee on the coffee table, stood up straight, and was very good-tempered: "I'm fine too."

Cao Yanhua was ordinary-looking and scratched his head: "I have no arrangements, see you."

Xu Yi asked her, "Where do you eat at night?"

Qiao Nian said hello to everyone's opinions, edited the news with both hands and went back, and said to him without raising his head, "Let's go to the top floor of the hotel."

Xu Yi nodded: "Alright."

Out of the corner of his eyes, he saw Cao Yanhua, Han Cheng, and Shen Qingfeng. He seemed to think of something, and hesitantly said to the girl, "Is it convenient for me to bring a friend?"

"An elder."

Qiao Nian looked at him without thinking much: "Yes."

Xu Yi took his mobile phone and walked to the side: "I'll call her."

He was talking about the old housekeeper who often came to him, not his cheap father. The old housekeeper was very kind to him and took care of his mother.

So he wanted to invite her over for dinner, and by the way, he could introduce Cao Yanhua and the others to her.

Qiao Nian agreed with him.

Just after returning to the past, Ye Wuchuan sent a new WeChat message.

【Y: Mr. Xue said he wanted to come too, is it convenient? 】

Qiao Nian didn't expect Old Xue to come too, so he looked at Shen Qingfeng and the others, and after thinking about it, he didn't refuse: [It's convenient. 】

at the same time.

Ji Ziyin also hung up Simon's phone.

She was not in the mood to go shopping any more, so she said to Ji Xiao and Lu Yiming, "I have something to do. I'll find someone to take you back to the hotel first, and see you in the evening."

"Huh? Are you busy?" Ji Xiao wanted to say something else.

Ji Ziyin interrupted him irritably: "Anyway, we want to have dinner together at night, and I'll go to you when I'm done."

She didn't seem to know Ji Xiao, so she explained patiently: "President Simon just called and said that he would have dinner at the hotel restaurant in the evening, and he made a reservation."

Ji Xiao showed an expression of sudden realization: "Oh, so it looks like this."

“...”

Ji Ziyin couldn't smile.

She knew very well that Simon reminded her on the phone that she could bring her 'friend' over to get acquainted with her, that is, she was asking her to connect with people from the hidden family.

She seemed to have a very good relationship with the Hidden Family, but in fact she knew very well in her heart that there were not many people out there to buy face.

But Simon clearly depends on her 'strength'.

Ji Ziyin had to bite the bullet and find someone, she was no longer in the mood to deal with Ji Xiao and Lu Yiming.

"Um."

Her eyes returned to her usual shrewd scruples, and she turned to the young and handsome man and said, "You guys go back first, and I will bring friends from the hidden family over at night."

Chapter 2708 Ji Ziyin: I invited people from the royal family

The night fell, and the bright moonlight cast a hazy veil on the hotel.

Ji Ziyin's car parked steadily outside the hotel, and the hotel parking attendant quickly trotted over to open the car door for her.

Ji Ziyin stepped on stilettos and swayed and got out of the car from the back. The delicate makeup complemented the evening dress she matched today, making her stand out.

"Miss Ji, can I park your car in the underground garage for you?"

"Yep."

Ji Ziyin looked back at him.

The waiter who parked the car wore a suit with a white round neck shirt and a bow at the neckline. He lowered his eyebrows and was very respectful.

"That car key..."

She instructed the driver: "Give him the car keys."

The driver also got out of the car and handed the car key to the parking waiter.

When the waiter got the car key, he respectfully went to Ji Ziyin and said, "Miss Ji, then I'll park the car."

The phone in Ji Ziyin's handbag just turned on, she didn't look at the waiter who was parking the car, and waved her hand, indicating that he could leave.

She answered the phone as she walked inside.

"Hey."

Ji Xiao's voice came from the other side: "Ziyin, haven't you arrived yet?"

Ji Ziyin looked at the watch in her hand. It was still early, so she didn't rush into the hotel, but stood outside the hotel and said casually, "I'm here, wait for someone below."

"I made an appointment with someone from the royal family."

Ji Xiao was a little excited: "You mean..."

Ji Ziyin was dismissive in her heart, but her mouth was very gentle: "Well, they are from the hidden family. I have a little friendship with them, and King John promised to come and have dinner with us at night."

She had been looking for Leonard.

m The royal family sounds like a gimmick.

In fact, the hidden family is only a middle-class family.

Leonard, as the leader of the radical faction in the Privy Council, is a representative of the real power faction, and the royal family of M is really indifferent in front of him.

However, Leonard was in a bad mood today and didn't see her at all.

Later, she dared to find the archbishop of the neutral faction, but the situation was even worse. They didn't even let her in, they only asked her to leave the invitation.

She also suddenly received a call from Simon, and she didn't prepare an invitation at all. At that time, she was scorned by the neutral people for a while, as if she was a \*\*\*\* who didn't know the rules.

made Ji Ziyin disgraced and embarrassed.

Ji Ziyin took a deep breath, pinched her brows, and stopped thinking about the mess in the afternoon. She adjusted her tone: "He should be here soon."

"I'm waiting outside, waiting for people to come up together."

She looked at the colorful streets, but she hadn't seen the car with the license plate of the hidden family coming.

Ji Xiao hurriedly agreed and asked her if she needed someone to accompany her.

Ji Ziyin planned to get closer to John in private to avoid embarrassment during dinner, so she declined his offer to come down and wait.

Wait for her to hang up.

A black sedan was driving slowly in the streamer, the body lines were extremely smooth, and the brand of the car could not be seen.

It doesn't look like some luxury cars that are often available on the market.

But her sharp eyes could see the difference in the car.

Understated luxury.

This is the style favored by some high-level members of the hidden family.

She couldn't help but follow the black car parked in front of the hotel.

The car has not stopped yet.

Ji Ziyin specially looked at the license plate number.

The license plate number on the front of the body is the license plate used by the hidden family.

She thought that someone from the M royal family was coming, she stepped forward and was about to go over to say hello.

Chapter 2709 Another car with a hidden family license plate parked outside the hotel

Who knew that a blessed middle-aged man walked over quickly from the hotel, followed by several hotel waiters. The group of people rushed in front of her without giving her a chance to step forward, or even noticing her.

The middle-aged man opened the car door himself, and then cautiously stepped back two steps to greet the people inside: "Elder Xue, what wind is blowing you here."

A silver-haired old man got out of the car. Among the tall Westerners, he was not tall and wore a half-old and improved tunic suit. His hair was meticulously combed, and he looked really inconspicuous.

The aura is not small.

"I'll have a meal." After getting out of the car, Mr. Xue straightened the folds on his clothes, and he spoke softly and casually, looking unassuming.

The hotel manager did not dare to be slighted, and quickly asked, "Have you reserved a seat? Is it a private meal with friends? I'll arrange it for you."

Mr. Xue usually doesn't participate in entertainment, and rarely comes here.

He glanced at the cramped hotel manager, pursed his lips, and raised his hand very casually: "No need to arrange."

"I'm having dinner with a friend." He pursed his lips and smiled again, putting his hands behind his back, his eyes shining brightly: "My friend invited me over."

The hotel manager was very surprised, and he wondered who else could invite a person of his level to go there in person.

's mouth was very smooth: "Where is Mr. Xue's friend??"

"She set a position on the top floor." Elder Xue mentioned a place.

The hotel manager was not so surprised all of a sudden.

Their hotels are also graded.

Ordinary people will never be able to book a seat on the top floor. Since people eat at the seat on the top floor, it means that the identity of the person who invites guests to dinner is also unusual.

The principle of survival for a small person like him is to talk less and do more, so he was very interesting and did not ask any more, but eagerly led the old man: "Mr. Xue, please, I will take you up."

His car was naturally parked by a special driver, and the waiter at the hotel was not qualified to touch the personal car of a person like Xue Lao.

The group entered the hotel, but they didn't notice that there was someone watching them next to them.

...

Ji Ziyin's eyes remained shocked, her brows were lightly frowned, and she looked up at the direction of the top floor of the hotel.

It's just that she can only see the sky above her head from this position, and she doesn't know who is on the top floor, and who is inviting Lao Xue to dinner tonight.

After Mr. Xue got up, it didn't take long for her to see a car with the license plate of the hidden family parked in a low-key manner in front of the hotel.

The hotel manager didn't come out this time. I don't know if he hadn't sent Mr. Xue back or what. Only the hotel parking waiter helped open the door outside.

A spirited old lady in her 60s came down from the car.

The old lady's dress is also simple and low-key, but her hair is in a bun, with a pair of pearl earrings on her ears, and a shawl over her shoulders. She looks very knowledgeable.

"I'll go up first, you go back."

"When I see the young master, I will mention it to him about going home. I just don't know if he will agree. Anyway, I will try my best to find a chance to mention it to him."

Ji Ziyin was far apart, and the wind carried the voice of the other party.

She couldn't hear clearly.

I could vaguely hear the other party talking to the driver and mentioning the words 'young master' and 'go home'.

She was even more surprised when she realized that the other party was just a servant.

But the old woman didn't delay for a long time at the entrance of the hotel. After a few words with the driver, she sorted out her shawl and entered the hotel.

Chapter 2710 Is there any activity in the hidden family tonight?

In just 15 minutes, Ji Ziyin saw two cars with the license plates of the hidden family parked in front of the hotel. She couldn't understand what high-level banquet was going to attract so many people from the hidden family tonight. Alarmed Mr. Xue in the Privy Council...

She was meditating.

m The royal car has finally arrived.

The lengthened Lincoln model is very valuable at first glance. Ordinarily, it should be much more expensive than the previous two cars. However, when Ji Ziyin saw the luxury car, she somehow remembered the previous two unremarkable black sedans. Just like their level.

The driver opened the car door, and a handsome man got out of the car with an unspeakable aristocratic temperament.

Ji Ziyin packed up her mood and walked over immediately: "Mr. John."

"Ah, it's you." John's attitude toward her was not very good, but he was still polite: "I'm sorry, it's been a long wait."

Ji Ziyin knew that the other party was willing to come only for the sake of the queen behind her, so she behaved very well: "You are too polite, I just arrived not long ago."

John was not too familiar with her, so he nodded lightly without wasting any time with her, and suggested, "Let's go up then?"

"Ok, I'll lead the way."

Ji Ziyin walked in front to lead the way, while chatting with the people behind him about the other people tonight: "There are a few friends at night, all of them from Independent Island."

She automatically skipped Lu Yiming and the others, and mentioned Simon, the highest-ranking person among them: "President Simon of the Chamber of Commerce Alliance is also here, everyone just got to know each other."

"You mean the president of the Chamber of Commerce Alliance?" The M royal family is not a great family among the hidden families, so I have heard the names of Simon and the Chamber of Commerce Alliance.

Ji Ziyin smiled: "Yes."

John nodded here, showing a little interest: "Then just got to know each other."

The two of them walked towards the elevator entrance and pressed the elevator button.

The hotel is strictly classified.

In addition to the elevator they are waiting for, there is also an elevator that goes straight to the top floor, but that elevator is rarely used, only those who want to go to the top floor can use it.

The place where Ji Ziyin ate tonight was only the western restaurant of the hotel. The grade was not bad, but it couldn't compare with the top floor.

While waiting for the elevator, she boredly glanced in the direction of the exclusive elevator, just in time to see the elevator open and someone walked into the elevator...

She saw that it was too late, and everyone entered the elevator.

She only saw three figures with yellow skin and black hair.

Oriental?

Ji Ziyin was stunned for a moment.

This hotel rarely has an oriental face, let alone the elevator that goes to the top floor.

She felt dizzy for a moment.

The elevator closed again.

Looking at her from this distance, it is impossible to determine whether someone really went up just now.

"Ding-"

When Ji Ziyin was absent-minded, the elevator she was waiting for came.

John stepped into the elevator first, and found that she was still standing there and didn't come in, so he pressed the elevator button and asked her, "What's wrong?"

Ji Ziyin turned her head sharply, fixed her eyes on the person waiting for her, shook her head, and hurriedly walked in: "No, it's fine."

John waited for her to come in and pressed the floor of the western restaurant.

The elevator door closed and started going up.

Ji Ziyin was upset in the closed elevator, thinking about it, she mustered up the courage to ask the people around her: "Mr. John, do you know what activities are going on in the hidden family today?"
