

Madam's 2711

Chapter 2711 Sister Nian is not here, go pick up friends

"Um?"

John was not familiar with her, so he didn't talk much at first. Hearing this, he looked at her with a puzzled expression on his face: "What activity?"

Ji Ziyin remembered the old lady Xue she saw at the entrance of the hotel and the old woman who didn't know their identities, and said slowly, "It's the top floor of the hotel. Is there anyone hosting a banquet here today?"

John understood: "You mean the top floor here? Then I don't know, and I rarely go to the top floor to eat."

Ji Ziyin fell silent.

She probably understood what the other person meant.

The meaning of is that the top level here is equivalent to the top circle of the hidden family. The M royal family is only medium in the hidden family, and there are few opportunities to contact the upper circle.

So he didn't know what was going on on the top floor tonight.

**

Qin Si and the others arrived last, and they walked to the top floor dining place under the guidance of a special person.

The top floor of the hotel is very high.

The entire top floor is extremely luxurious and designed like a small garden, and there is a special place to eat near the rooftop.

The scenery here is beautiful and the privacy is excellent. It is indeed the kind of place that a small number of people like to eat.

Although Qin Si sighed at the luxury of the top floor of the hotel, he was also a member of the top circle in Beijing.

Beijing also has a similar top floor.

Qin Si often mixes on these occasions.

Those who are familiar with these places can no longer be familiar with them, so they quickly go to places with many people.

"Sister Qiao hasn't arrived yet?" He saw that there were already several people sitting at the table, and the waiter was pouring tea and water.

Qin Si didn't see Qiao Nian's trace, turned his head and asked the man beside him.

Qiao Nian is the protagonist of today. It is inappropriate for them to come first before the protagonist arrives.

Ye Wangchuan dressed very casually today. The typhoon was blowing on the corners of his clothes, and that handsome and stunning face was even more outstanding.

"She's going to pick up someone."

“?”

Qin Si looked at the people sitting at the table in front of him, and scratched his head again.

He didn't know a few people, but when did Sister Qiao have acquaintances in Continent M?

But he didn't struggle for long.

After all, Qiao Nian has always been friends everywhere, and no one knows where she has another 'ordinary friend'.

...

On the side of the table, the waiter put a cup of freshly brewed black tea for everyone.

The tea maker gave everyone a cup of tea in front of them and walked away quietly.

Except for Xu Yi who was relatively calm in the Research Institute, the other people were quite cramped, sitting there fidgeting.

They didn't know the silver-haired old man and the old woman who calmly talked to Xu Yi, and they could feel that the two were extraordinary.

Although they don't want to cling to anyone.

But they can feel the invisible pressure on each other, and they are quite overwhelmed.

"We're not too late~" Fortunately, Qin Si came to break the deadlock at this time.

Shen Qingfeng saw Ye Wangchuan, Qin Si, and Gu San walking by, but Qin Si didn't arrive, and the voice came first, so it didn't seem to be particularly reliable.

But at this moment, the four people in the research institute caught the life-saving straw with the drowning man. They welcomed him very much, and even stood up to greet him: "Master Qin, sit here."

Qin Si rolled his eyes and knew that most of them were not suitable for the occasion, so he strode over to rescue them with great force, took the initiative to say hello to the silver-haired old man who was serving the authentic tea, and then pulled out the chair with a smile and sat down beside him.

"Sister Qiao called?"

Cao Yanhua and Shen Qingfeng were eager for someone to help them ease their embarrassment, so they nodded: "Well, she went out to pick up a friend."

Chapter 2712 Sister Nian: Several people from hidden families

Ye Wangchuan also said that Qiao Nian went out to pick up people, Qin Si looked at him curiously: "Friend? Do you know which friend she went to pick up?"

Which friend?

Cao Yanhua and Han Cheng looked at each other and shook their heads, expressing that they did not know which friend Qiao Nian was coming.

Qin Si turned his head and looked at the man sitting beside him: "Master, do you know which friend Sister Qiao is going to pick up?"

"Huh?" Ye Wuchuan seemed to be naturally suitable for this kind of occasion. He had a natural extravagance in his body. He glanced at Qin Si with a faint look, then withdrew his gaze, snapped his

fingers and called the waiter to replace the black tea with the one he often drinks. Zhu Yeqing turned back slowly and said to the person staring at him, "You'll see you later."

Qin Si watched the waiter come to change the tea, and hurriedly asked him for a cup of the same bamboo leaf green, but he snorted and said depressedly: "Stingy! If you reveal it in advance, you won't lose any meat."

The waiter quickly brought over two cups of green tea and placed them in front of their table, then silently walked away and waited for orders.

Ye Wangchuan picked up the teacup and took a sip, then looked up leisurely and glanced at him: "What did you say?"

Qin Si shrank his neck and immediately confessed: "It's nothing, I said that Sister Qiao is about to come back. Should we give her a tea or not."

Ye Wangchuan put down the glass, asked for a glass of plain water and had someone add a slice of lemon in it, and said lightly, "She drinks this."

Qiao Nian doesn't like coffee, and tea is normal.

She usually drinks mineral water.

Occasionally drink a drink with ice lemonade.

Ye Wangchuan counted the time and didn't add ice to her, just a glass of room temperature water, but he put a cube of sugar in it.

Qin Si saw that he was doing it himself, and immediately averted his eyes without looking at it, and went to chat with Cao Yanhua and the others.

...

Downstairs.

Qiao Nian stood outside the hotel and played with his hat and T for more than ten minutes. Those difficult squares were like obedient children under her fingers, and she passed the level with just a few strokes of her fingertips.

Qiao Nian was quite bored, but luckily the person she came to pick up didn't make her wait too long.

A business car with an expression stopped right in front of her, and an angsty figure jumped out of the car and greeted her cheerfully, "sun."

"?" When Qiao Nian heard his voice, she put away her phone, and when she looked up, she saw Da Ji walking towards her.

Daji didn't bring anyone with me today, so I was alone.

She waited for someone to come over, took a look and said, "You don't bring anyone?"

The man in his early thirties laughed, touched the back of his head, and said cheerfully, "This is not your territory? You are here, so I don't need to bring anyone?"

Sun is here, who can swallow him alive?

Qiao Nian didn't say anything. As he walked him to the hotel, he told him the above situation: "There are a few friends above, some you know, and some I will introduce to you later."

"Who is it?" Daji also came here to do business, just when Guan Yan said that Qiao Nian was also in touch, she contacted her.

He originally intended to ask Qiao Nian to come out for dinner tonight, but Qiao Nian said that he had an appointment, so he changed his mind and became him to come to eat.

Qiao Nian walked to the elevator and pressed the elevator, turned sideways, and said in a casual tone: "A few people from the hidden family."

Da Ji had followed behind her, but when she heard this, she was stunned: "Hidden family?"

Doesn't sun have a grudge against the hidden family?

He peeked at the girl and didn't have time to ask.

Qiao Nian didn't explain much.

Chapter 2713 Xu Yi is the person he wants to protect

The elevator is coming.

He asked by the way: "I also know a few people from the hidden family, boss, who is eating with us tonight? Maybe I know each other."

Qiao Nian also saw that the elevator was approaching. Hearing that, he looked at him, then silently retracted his gaze, pulled down the brim of his hat with his hand, and said dryly, "No, you don't know him."

“???”

Why doesn't he know?

What if he knew it!

Daji was very depressed by her, but remembered a person: "I heard that the royal family of M is also here, shouldn't you have an appointment with John?"

He knew that Qiao Nian had turned the M royal family upside down last time, but John was quite sensible and didn't die with that Yu family in the end.

After the incident, I contacted him specifically, and bought a batch of arms from him, which is regarded as an apology.

The other party is very good at life.

He thought Qiao Nian was talking about John.

He was about to say that he knew John.

The elevator has arrived.

Qiao Nian took the lead in getting on the elevator.

Daji could only hold back her words and go up with her.

**

The wind on the top floor is very strong, the night wind blows the fragrance of flowers, and there is a melodious sound of a violin not far away.

Ye Wangchuan was chatting with Mr. Xue.

When Elder Xue himself saw the servants of the Archbishop's house, he frequently looked in Xu Yi's direction, and when he saw Xu Yi walking away, he lowered his voice and asked, "I heard that the Archbishop invited a few guests to visit the Privy Council today. Is that them? This guy knows the Archbishop...?"

"Which one?"

Ye Wangchuan leaned back slightly, leaning on the sofa chair.

Old Xue saw that he was pretending to be confused with him, so he pointed in Xu Yi's direction: "He. I think he looks a bit like..."

Qiao Nian, a friend who looks a lot like Quentin when he was young, has a three-pointed portrait.

Ye Wuchuan interrupted him and raised his lips slightly: "When did Mr. Xue gossip so much?"

The silver-haired old man was embarrassed by what he said. He covered his lips and took a sip of water. He moistened his throat and said, "I'm just asking, of course you don't want to answer."

Ye Wangchuan's eyes were far-reaching, and there were fragments of ice floes in it, but he put down the cup and reminded him in a meaningful way: "It's better that we don't get involved in other people's family affairs, you say yes."

Mr. Xue is not a person without means to reach this point.

In fact, even if Ye Wangchuan didn't mention him, he would have to check Xu Yi's background when he went back.

And the presence of the servants of the Archbishop's house on the top floor tonight is the best proof, he has already guessed Xu Yi's identity.

The silver-haired old man squinted his eyes. He really didn't expect that the Ji family's family members, who lived outside the family, were so crouching and hiding, and there were people like this.

He didn't think too much about it himself.

Ye Wangchuan was already looking at him, and said calmly, "He is my girlfriend's friend, and he is also my friend. Will Mr. Xue sell me a face to keep a secret for me about this matter?"

The silver-haired old man's heart moved, and he looked up and saw the man's eyes as deep as a well.

He was actually shocked by the opponent's aura.

Fortunately, he didn't lose his mind for too long. In just a few seconds, he understood what Ye Wuchuan meant—Xu Yi was the person he wanted to protect.

He was very aware of the forces behind Ye Wangchuan, and he couldn't make trouble with Ye Wangchuan because of a Xu Yi.

So he quickly came to his senses: "Of course."

Ye Wangchuan then took back his gaze and smiled again, as if nothing had happened, and his voice was as gentle as a spring breeze: "Then thank you Elder Xue."

Chapter 2714 is not a person from the world, there is no need to force it

Both are wise men.

The silver-haired old man glanced at Xu Yi and the archbishop's servant again, and then took it back lightly, as if he didn't see the three-point similarity between Xu Yi and the archbishop.

*

Downstairs.

Ji Ziyin put down her bag, pulled out the chair and sat down.

She introduced Simon to John, who also took advantage of the situation to chat with Simon.

Although Liao Quan and Ji Xiao had hot eyes, they knew that they were not qualified to intervene, so they watched and laughed.

Lu Yiming seemed to look away, and he was very calm to these things, just sitting in his own seat and eating quietly.

When Ji Ziyin saw it, she spoke to him in a low voice: "You, don't you talk to them?"

"With whom?"

Lu Yiming put down his chopsticks, saw the person she was talking about, and smiled: "I'm not a person from the world, there's no need to integrate into it."

This is where he feels the most recently!

Since Lu Zhi stopped helping the Lu family, the status of the Lu family plummeted.

In the past, many of the families who had contact with them were indifferent to them, as if their daily relationship was fake.

So, he now understands one thing deeply.

That means that you are not of the same level as others. Even if you chat happily in person, they will not take you seriously in private.

In this case, why did he rush to curry favor.

When Ji Ziyin heard this, a moment of embarrassment flashed in her eyes, as if Lu Yiming was talking about her, she was stepped on the sore spot.

But she quickly suppressed the trace of annoyance, covered her lips with her hand and said, "I think this is a good opportunity. You can get to know John and the others, doesn't Mrs. Lu want you to know a few more people?"

Lu Yiming just hummed, but his body didn't move, obviously he didn't mean to act.

Ji Ziyin touched his nose and stopped trying to give him a hand. She despised him for not seeking to make progress, and was not trying to persuade him.

John received a message at this time.

"Sorry, I'll look at my phone." He said to Simon, then picked up the phone on the table and glanced at it.

At that time, his expression changed.

Simon saw his brows furrowed, and immediately asked with concern: "What's wrong?"

John fidgeted, rubbed his face, and looked over: "I received news that the arms dealer from Continent F is also here."

“?”

He thought that Simon didn't know, and explained: "It's David, the well-known arms dealer in Continent F. I received news that he also came to Continent M to do business."

Simon didn't need him to point it out, he thought of someone faster than he did.

... Qiao Nian.

David came for Qiao Nian when he came to Independent Island, and this time he happened to be doing errands here, so he was going to find Qiao Nian.

Simon had finally managed to get on the line of the hidden family. Hearing this news, his mood suddenly fell to the bottom.

John didn't care what he thought, got up and said to everyone, "I'll go out and make a call."

Everyone knows that he must have called the arms dealer when he went out now.

Everyone in the box had different expressions, and John had already got up and left the box.

At this time, Simon couldn't help but say: "I heard that someone on the top floor of the hotel packed a bag today. Wouldn't he be near the hotel today?"

Ji Ziyin frowned, put down her chopsticks, and said very coldly: "I saw people in the Privy Council while I was waiting for people below. The people who ate at the top floor today are big figures in the Privy Council, and they have nothing to do with them."

Who are they, there must be more than one person anyway.

She clearly included a person inside and outside of her words.

Chapter 2715 He wants to fight for Sun's future family status

Simon listened to her saying this and put his heart down a little, but he had a different feeling in his heart: "I hope!"

Otherwise, he would really regret his reckless choice last time.

Ji Ziyin held her breath in her heart and didn't want to continue this topic. She cut the steak in front of her with a knife and fork, but her heart skipped a beat.

would not be such a coincidence.

**

Outside the top floor, Daji received a call from John.

He didn't answer, but took out his mobile phone and said with interest to the girl next to him, "As soon as I arrived, they received news and came looking for him."

Qiao Nian glanced at the notes flashing on his phone screen, and raised his eyebrows lazily: "Yes."

Daji directly hung up the phone and clicked his tongue: "I'm going to answer when he calls. I'm the one who is going to eat rice now, so I don't have time to pay attention to him."

m What is the royal family?

In the eyes of F continent, the hidden family can only fight a few old things in the Privy Council, and the others are all things that make up the number.

The last time he accepted John's offer, he just didn't want to make a bad face, but he didn't really take him seriously.

"If he asks me to eat, I have to find a reason to refuse, trouble!"

"..." Qiao Nian reached out and pressed the lower hat T, ignoring him, and stepped into the top floor without turning his head.

Da Ji touched her nose and followed.

Everyone on the top floor was waiting for her to come back. Seeing Qiao Nian bringing someone over, everyone looked over.

"Wocao, David?" Qin Si and the others had met Daji in Independence Island, and at a glance they recognized the tall and burly man following Qiao Nian.

The silver-haired old man and the old woman who was taking care of Xu Yi also saw the person coming, and at the same time, they were stunned for a moment, very surprised and stunned.

That arms dealer in F continent?

...

At the same time, Da Ji also saw the silver-haired old man sitting at the same table as Ye Wuchuan, and was stunned for a while, then stopped a little, and called out Qiao Nian.

"sun, the people from the hidden families you mentioned are..." One of the three giants of the Privy Council? ? ?

Qiao Nian walked ahead, and his speech was slurred, so he could only hear the part in front of him clearly, and he could hear it in a haze behind him: "What is it?"

Da Ji quickly adjusted her mentality and shook her head: "It's nothing."

Qiao Nian glanced at him and walked over there again.

"Introduction, this is my friend Da...David." She almost read out someone's ID out of habit.

After she introduced Daji, she introduced the people on the top floor to Daji: "These are my friends, Cao Yanhua, Shen Qingfeng, Xu Yi and Xue Zhu."

She glanced at Qin Si and ignored it directly: "You should know each other, I won't introduce you."

Daji nodded, very naturally: "I know."

Then came the silver-haired old man and the old woman: "This is Mr. Xue of the Privy Council, the other one..."

Xu Yi took the opportunity: "She is one of my elders."

Daji said hello one by one, and he handled it with ease in this situation.

When he met Ye Wangchuan's eyes, he paused a little longer, and greeted with a smile that only two people could hear: "I don't know whether to call you Young Master Ye or the master of the dark castle."

The dungeon has made him full of bags in F continent.

The two sides will pinch every now and then, and the ghost knows that the master behind it is actually Sun's man.

Now everyone knows who is behind each other.

I feel that it is necessary to bait to fight for the future family status for Sun!

Who knew that Ye Wuchuan shook hands with him, retracted his slender hand with distinct knuckles, and said with a smile, "You can call it whatever you're used to."

PS:

Daji: I want to fight for Sun's future family status!

False Lord: Status? what status?

Lord: Oh, I have no status

Chapter 2716 Sister Nian helps stop the wine, drink less

Da Ji smiled but said, "...let's call it Young Master Ye, I'm used to it."

Ye Wangchuan still looks like that lazy noble son: "As you like."

Da Ji found a place to sit down, looked at the table full of people, and took the lead in saying, "I'm sorry for being late, is there anyone else coming at night? If not, let's eat first?"

Ye Wuchuan pulled the chair beside him away for the girl, and called the waiter, "It's time to serve."

"Okay." The waiter started making arrangements without saying a word.

Qiao Nian sat down next to him, and immediately added a glass of lemonade in front of her. She glanced at the hand that the man had just withdrawn.

"Added sugar." Ye Wuchuan noticed that she was looking at himself, and murmured with a small smile.

"..." Qiao Nian retracted his gaze, put his left hand on the chair, sat sideways in an unruly posture, held a glass in his hand, and drank water unhurriedly.

A table full of people sat down.

The old woman and the silver-haired old man were in tacit agreement, as if they didn't know each other, and they didn't talk much.

Cao Yanhua and the others had never seen such a scene before, and those who were embarrassed didn't know where to find the topic.

Fortunately, Qin Si and Daji are both chatty people. The two of them sang and sang the atmosphere, and the atmosphere at the table gradually became a lot more relaxed.

The waiter quickly brought up plates of delicate dishes, steaming steamed pork with steamed vermicelli, stir-fried cabbage with thin greens, and steaming hot melon and pork ribs soup...

Qiao Nian picked up the chopsticks and caught a glimpse of the old man Xue and the old woman out of the corner of his eyes, his eyes moved, and he said calmly: "I order all Chinese dishes, I don't know if you are used to eating them, if you're not used to it, I'll ask them to bring the menu over."

Lao Xue picked up the chopsticks calmly, and said with an open attitude: "I was about to try Chinese food."

The old woman was obviously not used to oriental dishes, so she didn't start.

Xu Yi put on disposable gloves and wrapped her a roast duck dipping sauce and handed it over, his voice was very mild: "This one has a light taste and is delicious."

The old woman saw the spring rolls and roast duck that he had wrapped for herself, and she was not used to slackening her eyebrows and joined the dinner table.

Three rounds of wine and a meal.

Daji is still pouring wine for Ye Wuchuan: "Ye Shao has a good drink, come again!"

Ye Wuchuan leaned back and let him fill himself another glass, his earlobes were slightly red, his deep eyes were shriveled, he didn't know if he was drunk or not.

Daji turned around to fill up his glass, stood up, and tried to drink again: "Young Master Ye, come, I'll do it first."

Ye Wuchuan sat there lazily, without doing anything, he had already drank it.

Qin Si looked at this posture, but he really wanted to help, but it was clear that he was going to Ye Wangchuan, and he was not good at intervening.

"Young Master Ye? You are free." Daji also showed him his upside-down cup.

What is random, in fact, it is for Ye Wuchuan to do it.

The man had a faint smell of alcohol on his body, but he didn't say anything. He calmly reached for the wine glass on the table.

At this moment, a hand crossed over and held the cup in front of him: "I helped him drink."

The girl's voice was casual and dry.

The lively chatter on the table stopped for a few seconds, everyone looked in her direction, and even Ye Wuchuan himself was stunned for a second.

Qiao Nian didn't think there was anything wrong with him. Yingbai took the cup and dried it in one sip. Then he calmly put the cup back on the table, raised his eyes, and looked at Daji with his dark eyes. He didn't say he was angry. One sentence: "Drink less."

Chapter 2717 He didn't offend me, he offended my boss

day...

Xiao Bailian moved to rescue soldiers.

is still the kind that he can't afford to offend.

Daji lost her temper immediately, sat down angrily and turned her head to chat with Qin Si, never drinking Ye Wangchuan wine again.

...

Have a meal until half past eight in the evening.

Qiao Nian looked at the time, and then saw that everyone was eating about the same, then got up and walked out: "I'll pay the bill."

Ye Wuchuan stood up and followed: "I'll go with you."

They walked away one after the other.

The people at the table were all relaxed.

Qin Si raised his head and said in the direction where the two left side by side: "Hey, can't you keep an account when you eat here? Why is it like a restaurant?"

Da Ji picked up the cup and sipped the tea to sober up, lowered her eyes and said softly, "Why do you ask so clearly about the couple's affairs."

Qin Si looked back at him.

Daji was sitting there, with a blood-drenched and self-possessed aura on her body, she didn't seem to be offended.

Qin Si looked at it and smiled: "You are so sour, don't tell me you are still single."

Da Ji gave him a sideways glance, put down the cup slowly, and his tough face was too lazy to fight him: "You said it as if you were chasing Guan Yan."

Qin Si bounced: "Wocao, rival in love?"

Da Ji pushed his hand away and replied, "Fuck you!"

The wild roses like Guan Yan, he didn't dare to mess with them.

That's why he's not suffering in the world. He has to find abusive young masters to provoke him. It's hard enough for him to be assigned to Continent F every day for 365 days.

He didn't have a perverted hobby to find abuse for himself!

Qin Si was still immersed in whether he was a rival in love. He couldn't sit for a long time, and looked up and down with a pair of suspicious eyes, wishing to see the person in front of him clearly.

There are other people on the table.

Cao Yanhua and the others certainly don't talk much. Basically, they just sit here and make up the numbers, and occasionally make a few words. They can talk less and never talk nonsense.

However, the silver-haired old man took advantage of the waiting time, and his sharp eagle eyes swept across the two of them, mainly falling on the man who was Ang Zang: "I heard that F continent ate the business of the Yu family not long ago... and recently reached a cooperation with the dark castle... news Not small."

Daji drank a lot of alcohol at night, and when the alcohol is over, people relax a lot: "It's a little bit of a movement, we're a little mess, and we're not as good as the Privy Council."

Xue Lao smiled when he heard the words, put his hands on the table, and seemed not to be angry: "The Privy Council... It's not one person who has the final say."

But the F continent is now in the hands of this David.

Old Xue remembered something: "How did the Yu family offend you before?"

What happened in the M country before was forcibly suppressed by the queen and Lu Zhi, and the M continent did not receive any news.

They heard some rumors, but they only knew that the Yu family in the hidden family collapsed overnight, and Yu Qingliu was also admitted to the hospital.

The Yu family is only the last in the hidden family.

Mr. Xue and the others didn't take the Yu family too seriously, so they didn't investigate further.

He only knew that the Yu family was a force that offended Continent F, so they were cleaned up.

"You don't know?"

Daji was surprised that he would ask himself this, and he quickly adjusted. Thinking that Qiao Nian would still be in the Privy Council in the future, he did not hide it, and planned to give Qiao Nian a brand that was not easy to mess with. The old men in the Privy Council of the province looked down on her.

"He didn't offend me, he offended my boss."

Old Xue's eyebrows and eyes are majestic: "Your boss?"

Daji admitted in front of the people at the table very candidly: "s... Qiao Nian is my boss, and the power in F continent is her family."

Chapter 2718 Three people entered this time, so you have to cooperate to complete

Qin Si propped his forehead with his hand and called out to the good guy, then hid under the table and secretly used his mobile phone to edit WeChat to tell Ye Wuchuan the news.

**

Qiao Nian settled the bill outside, then turned around and met the man who came out.

Ye Wangchuan only read the message sent by Qin Si, and when she saw her coming, he said in a hoarse voice: "Qiao Shen, your vest has fallen off."

"?" Qiao Nian obviously didn't get a few meanings.

She stretched out her hand and pulled down the peaked cap impatiently, lowering the brim, revealing her snow-white chin: "What?"

Ye Wangchuan told about what Daji broke the news to Xue Lao.

The corner of the girl's mouth was obviously pulled down and she twitched. Even if she used a peaked cap to cover Ye Wangchuan, she could see the speechless expression on her face: "Just say it."

Qiao Nian didn't know who he learned from.

But Hongmeng only has a big mouth - thin waist control!

She suspected that Daji had been messing with him for a long time, and her mouth wouldn't shut the door.

"Anyway, people in the Privy Council will find out sooner or later, and I didn't want to hide it..." She said carefully.

Ye Wangchuan didn't mention Daji anymore, just like her, and instead pushed her against the wall and didn't let her go: "How did you help me stop the wine just now?"

Qiao Nian has long been accustomed to him approaching. He leaned against the wall with his slouchy bent legs, and raised his head with one hand in his pocket: "Well, I think you've been drinking too much."

Ye Wangchuan knew what she would say, and reached out and scratched the bridge of the girl's nose: "Don't help me stop drinking next time."

Qiao Nian glanced at him impatiently and unknowingly.

Ye Wangchuan kept his distance, the corner of his mouth was still smiling, and he looked very lazy, but his words were extraordinarily firm: "Anyway, I have to drink it in a year, so I should practice today."

"..."

What to drink after a year?

Qiao Nian admitted that she didn't react at first, but soon understood.

A year later, she was 21 years old.

Legal age of marriage.

She rubbed her forehead instantly, her tone was quite depressing; "I haven't agreed yet."

Ye Wangchuan trimmed her broken hair, slender and white fingertips brushed over the girl's unruly browbones, and gently brushed: "Well, I haven't proposed yet."

Qiao Nian stuck a word in his mouth and glanced at him again, there was only one sarcasm in his heart, but he couldn't say it!

At this moment, Xue Zhu called and told her that they were ready to go.

Qiao Nian just got rid of this weird atmosphere, calmed down, and turned to someone and said, "Old Xue and the others are leaving, let's go down and send them off."

"Okay." Ye Wuchuan just teased her and followed Qiao Nian very cooperatively.

...

Outside the hotel.

The driver has already driven the car over and parked on the side of the road quietly waiting for the silver-haired old man to get into the car.

Mr. Xue did not rush to leave, he greeted Xu Yi and others one by one, and then walked to Qiao Nian, without mentioning the matter of F continent, only said: "Your formalities will be completed tomorrow."

"Yeah." The girl still doesn't talk much on weekdays, she looks cool, but she is polite: "Thank you."

Old Xue's expression softened, and he looked at her again and said, "Usually newcomers will arrange a task to complete when they enter the Privy Council. This is also an internal inspection of you. In the past, at most one newcomer was admitted at a time, so things are easy to handle, just complete it. ..."

He paused, glanced at the person next to the girl, and continued: "But this time, three people have broken the 100-year tradition of the Privy Council, so after we discussed, the three of you will work together to complete this task..."

"I know you don't have a good relationship with her." Elder Xue hadn't dealt with this kind of conflict, and hesitantly said, "As long as the task is successfully completed, you will not be involved."

Chapter 2719 Xue Zhu and the others leave the day after tomorrow

Qiao Nian did not expect that the Privy Council still has such rules, so he raised his eyes in annoyance: "Can I not enter?"

Old Xue gasped at what she said: "You have finished all the formalities, this time..."

Qiao Nian didn't wait for his words, spit out the turbid air in his chest, pressed the tufted eyebrows with his hand, and said, "I'm joking."

Of course she knows that entering the Privy Council is not a child's play, behind the efforts of Feng Yu and Ji Lingfeng...

She said quit at this time, it was too late.

But she really didn't want to get involved with Ji Ziyin.

is not afraid.

is annoying!

"I can team up with her to complete your assigned tasks..." After she finished speaking, she saw the silver-haired old man's back relaxed.

Qiao Nian twitched the corners of his mouth again, and put his hands in his pockets: "But I'm going to say something ugly. If she wants to be a demon, I won't be merciful."

She has reached the limit of her patience with Ji Ziyin. If Ji Ziyin jumps in front of her again, she will be lazy, but she can still take time to clean up.

Old Xue knew that she agreed, and Ye Wuchuan had no objection, so he nodded happily: "I'll say hello to them."

He was talking about the radical Leonard.

As for Ji Ziyin... He has never paid attention to it, and he knows that Ji Ziyin is just a **** put in by the queen and radicals!

He said what he was going to say, and seeing that everyone was still standing in Ye Feng waiting for him to leave, he did not waste time, glanced at Xu Yi, and said to Ye Wuchuan, "Don't worry, I won't say it out. ."

Ye Wuchuan only nodded lightly, but did not speak.

Mr. Xue didn't care about this detail, he told the others, turned around and bent over to get into the car when the driver opened the door.

The black sedan quickly left the hotel.

At this time, the old woman's car also drove over, she turned around and said to Xu Yi, "Master, I'll go back first?"

"Send me a message when you arrive." Xu Yi's face was still paralyzed, but his tone was very gentle, and it could be seen that he respected the old woman more.

The old woman couldn't help but smile, and turned to go to Qiao Nian to thank you very respectfully: "Miss Qiao, thank you for taking care of my young master during this time. Miss, even if you speak..."

She can only represent an individual, not an archbishop.

But she can work in Quentin's house for decades, and she is not an unnamed person in M Continent. At least Xue Lao was polite before seeing her.

"Okay." Qiao Nian didn't have much use for her, so she still gave her face.

"Thank you Miss Qiao for entertaining tonight, I won't bother you anymore." The old woman was relieved, bowed her goodbye again, and got in the car to leave...

Xu Yi and the others sent people away, turned their heads and said to the girl, "Tomorrow you don't have to worry about us, we'll go around by ourselves... You won't come to see us on the plane the next morning."

Xue Zhu also said, "Yeah, don't worry about us if you are busy, we can take care of ourselves."

Qiao Nian hasn't spoken yet.

Ye Wangchuan, who was beside her, said warmly, "Where do you want to go shopping?"

"This..." Shen Qingfeng and Han Cheng haven't thought about it yet.

Ye Wangchuan saw that they just didn't want to cause trouble, so he said, "Well, I'll let Gu San accompany you tomorrow and show you around by the way."

He didn't give a few people a chance to refuse, and his tone was lazy but unrelenting: "Continent M is safe and secure, but it's always right to be careful. With Gu San around, we can rest assured."

He is mainly worried that Xu Yi will attract some people with ulterior motives here, and Gu San accompanying them can also block some people's exploration.

After all, there is no airtight wall in the world.

The housekeeper of the archbishop's house came here for dinner tonight, enough to arouse the curiosity of many people.

Chapter 2720 Continuous slaps in the face, the dinner party broke up

"Then thank Young Master Ye." Xue Zhu was the first to react, thanking Ye Wuchuan very readily, and did not shirk.

Then she pushed Qiao Nian and said with a smile, "It's not early, you go back quickly."

Qiao Nian stretched out his hand and pulled down his cap, looked at them with dark eyes, and said in a sloppy tone, "Let's go."

"Come on." Xue Zhu waved goodbye to her.

"Well." When Qiao Nian saw Gu San driving up beside them, he opened the car door and turned to get in the car.

Ye Wangchuan got into the car behind her.

Qin Si also followed.

The car drove away quickly and disappeared into the vast darkness.

Xue Zhu waited for the black car to drive away, then retracted her hand, turned around and said to the people around her, "Let's go back to the hotel too."

Xu Yi and they are all ready to go back.

Just then, a message from Qiao Nian popped up in the group.

【Q: Call me if you have something to do, and I'll take you off the day after tomorrow. 】

Everyone has seen the group chat message.

Han Cheng shook his head and smiled: "They said they don't want her to send it."

Shen Qingfeng and Cao Yanhua of course also saw the mobile phone, and when they saw the news in the group, they were stunned for a moment, and couldn't help showing a smile.

Xue Zhu is not surprised, Qiao Nian is such a person.

Cold outside and heat inside.

She raised Xu Yi's arm and pushed her to walk in: "Everyone has gone, gone."

*

In the box of the western restaurant of the hotel.

The atmosphere in the second half of the dinner was extremely dull.

John hasn't come in for almost half an hour since he went out to make a phone call. There were only Ji Ziyin and the others in the box.

"When are you going back?" Ji Ziyin broke the deadlock, put down her knife and fork, and asked suddenly.

Simon thoroughly saw Ji Ziyin's position in the hidden family, and was regretting and upset, so he wiped his mouth with a tissue and said lightly, "Tomorrow."

"Tomorrow I will send you."

She meant that Ji Xiao and the others would go together.

Liao Quan didn't say a word. He had been very discouraged since the morning, and he had no energy. He sat there like a wooden man and made up the numbers.

Ji Xiao was reluctant to leave: "President Simon, are you going to stop shopping?"

Simon casually dropped the wiped toilet paper and ignored him.

Ji Xiao was very unwilling: "We can stay for two more days, not just one meal tonight..."

He means that Ji Ziyin can also introduce more people from the hidden family to them.

Simon raised his brows and didn't like to hear it very much: "No, I still have things to do. You can stay if you want to stay. I won't force you to come with me."

Ji Xiao was suddenly speechless by him.

Why does he feel that Simon is forcing him.

He saw that Ji Ziyin wanted to win over the alliance of the Chamber of Commerce. Once Simon left, Ji Ziyin would not waste time on him at all.

Lu Yiming put down his knife and fork at this time, raised his head and said to the mature man; "I'll go with you."

Simon was a little surprised, but didn't say anything, just nodded: "Okay, nine o'clock tomorrow morning."

"Okay." Lu Yiming agreed.

He looked at Ji Ziyin again and said directly: "Miss Ji won't be here tomorrow. We leave early, and we'll leave directly when the time comes."

Ji Ziyin couldn't see the great change in Simon's attitude towards her, she gritted her teeth and forced a smile: "That's fine."

...

Fortunately, John pushed the door and came in at this time.

Ji Ziyin breathed a sigh of relief: "I asked the waiter to bring in a new bottle of wine."

Who knew that John walked over to pick up his coat, and said to her without a word: "You guys eat slowly, I have something to do, so I won't leave it."
