

Madam's 2721

Chapter 2721 Don't forget the Privy Council that you entered through the back door through relationships

Ji Ziyin was stunned for a moment, and then her face became more and more embarrassed.

Simon just said that he would leave tomorrow, and she didn't need to send him off. When he turned his head, John said that he would leave without caring for her face.

John really didn't take her seriously. Before leaving, he just said to Simon: "The Chamber of Commerce Alliance also has business in country m. Next time, President Simon comes over and tell me, I want to do a good job of the friendship of the landlord."

After he left, the box became even more deserted.

Even Ji Xiao couldn't eat it.

Everyone can see that Ji Ziyin is not doing as well here as she said.

Ji Ziyin got up and took the bag, and was not in the mood to sit down again: "Have you finished eating, I'll go and pay the bill."

Simon didn't mean to be polite this time, sitting there motionless, his expression was very indifferent, it was obvious that he had long regretted that he was on the wrong team.

Only Ji Xiao went out with her.

"I will go with you."

**

In the hotel restaurant, Ji Ziyin settled the bill, and when she looked back, she saw Ji Xiao's expression of hesitating to speak, a burst of irritability surged in her heart, and she twisted her bag: "I won't go."

"You go back to your residence directly?" Ji Xiao hesitated for a moment; "Aren't you going to talk to President Simon and the others?"

Ji Ziyin was so annoyed that she was in no mood at all: "Tell them for me and say I have other things to do."

"Oh, good." Ji Xiao didn't dare to provoke her.

Ji Ziyin was not in the mood to tell him more, and went out after explaining to him.

She called the driver and asked him to pick her up at the door.

Step out of the hotel door.

On the back foot, she received a call.

She didn't look at the caller ID at first, and thought it was the driver who called, so she picked it up with a cold tone: "Where is it?"

There was silence for a second.

Ji Ziyin's heart skipped a beat, she realized that she was scrambling to look at the caller ID, it was actually a shadow.

She hurriedly changed her mouth to explain: "I'm sorry, I just thought it was the driver who called, so I asked, I didn't know it was you..."

Shadow didn't care about her, and asked straightforwardly: "I heard that you have an appointment with the royal family for dinner tonight?"

Ji Ziyin's back was stiff, and she didn't dare to say a word: "I have a few friends over to play, and just as King John was here, I called and asked."

For fear of offending the person on the other end of the phone, her heart beat faster.

bit his lip humiliatingly: "I will pay attention later."

Seeing that she was still sensible, the shadow reminded her in a low voice: "The Queen did not bother to let you enter the Privy Council for you to show off. If you don't do well, we can change people at any time. You have to know that you are different from Qiao Nian, She entered the Privy Council by herself, you rely on relationships to enter through the back door, since you rely on relationships, you have to look like you are relying on relationships, don't cause trouble for the Queen."

Ji Ziyin was about to stop breathing, her face was burning with pain, and her ears were buzzing.

She squeezed her palms abruptly and said in a low voice, "I know."

She will climb to the top one day and trample all those who look down on her under their feet!

Shadow didn't talk to her any more, and said indifferently: "According to the rules of the Privy Council, you have to cooperate with her to complete a task in two days."

"The mission has not been decided yet, I will tell you when it is decided."

Complete the mission with Qiao Nian?

Ji Ziyin hasn't figured it out yet.

Shadow's icy voice with no emotion: "The Queen hopes that you can complete this mission well. Don't you have some research results yourself? Don't let the Queen down."

The last few words of sound like a warning.

Chapter 2722 Sister Nian gradually encounters the truth

Ji Ziyin's palm was almost broken.

Her heartbeat was thumping, and she knew exactly how the "research results" that Shadow said came from... But there was only one chance, and she couldn't give it up!

"I see."

**

Qiao Nian went back to the apartment to find the bag he brought, then went to the room on the second floor and closed the door.

She took the laptop out of the bag, and then touched the USB flash drive inside, took out the USB flash drive, and plugged it into the computer.

The computer starts up very fast, and the data of the mobile U disk pops up on the screen soon.

Qiao Nian received an email from Xu Yi as soon as he clicked it.

She estimated that Xu Yi sent it to her when he returned to the hotel.

She just clicked on the email.

Inside is a complicated and obscure report.

Qiao Nian read it in ten lines at a glance, and when she saw the last line, she couldn't help but stop.

The following is a line of analysis written by Xu Yi.

[I think the experimental data you show me is not a weapon to study semiconductors, but a decomposition formula.]

Qiao Nian adjusted the chair back, and the man leaned back, staring at the line of black italics on the computer for a long time.

Decomposition...

In fact, she had already seen it.

The contents of Jiqing U disk are not so much research on high-tech weapons, but rather an unheard of amazing achievement.

Once the authenticity of this achievement is confirmed, it can be determined why the Hidden Family has to die for Ji Qing!

Because she touched too many cakes!

This kind of touch is not to the extent that the Ji family can save her.

The season is against the world!

Do not.

It should be said that Ji Qing is fighting against those who stand at the top of the world and control most of life and death!

"Knock knock." There was a knock at the door, interrupting her thoughts.

Qiao Nian eased his face and said lazily, "Come in."

Ye Wuchuan brought her a cup of hot milk and put it down. Out of the corner of his eye, he caught a glimpse of something on the computer, but he didn't take a closer look. He put the milk on the table, leaned against the edge of her desk, and asked her lightly and elegantly: "Going to the Privy Council tomorrow?"

Qiao Nian was thinking about something in his heart, holding up the milk cup, his fingertips were white and beautiful: "No."

"Elder Xue didn't tell you about the mission of the Privy Council?" Ye Wangchuan saw that the silver-haired old man chatted with her alone at night, thinking that the other party had said it.

Qiao Nian lowered his black eyelashes: "I said."

She frowned, put the glass back, pressed her eyebrows with her hands, stretched her legs and slid back on the chair: "I'm going somewhere tomorrow."

Ye Wangchuan remembered that he had just seen something on her computer, and he became lazy and casual, and his expression became serious: "Would you like me to go with you?"

Qiao Nian wanted someone to help her see: "No, I'll be back when I go."

...

The next day.

She left early in the morning without having breakfast.

Qin Si watched her leave early in the morning, and even pulled out the chair and asked the man who was not with her: "Where is Sister Qiao going so early? Won't you go with her, Lord?"

"She went to find someone." Ye Wuchuan said no nonsense: "I let Mo Xi stare."

He didn't let Mo Xi follow Qiao Nian, but Mo Xi paid attention to where Qiao Nian was going and stayed nearby. If there was any movement, he could help him immediately.

Moxie is mainly doing this kind of work in Yaomen.

This thing is familiar to him, a trivial matter.

Qin Si snorted and didn't think deeply: "I guess she went to a few people in the research institute, aren't they leaving tomorrow?"

Ye Wangchuan ignored him.

"Yes." Qin Si asked himself for boredom and simply shut up.

Chapter 2723 Tell your archbishop that the Ji family is looking for him!

Qiao Nian left the apartment, and soon a car came to pick her up.

The driver was none other than Da Ji, who had dinner with her last night.

Daji was wearing a black leather jacket with a black lining inside. She looked pretty cool, but she got up too early and was called out before she could see that she didn't wake up.

"Boss, where did you find me so early?"

Qiao Nian sat in the passenger seat, fastened his seat belt, and said, "Go to church."

"?"

Daji didn't react for a while.

"Church?"

"You said the most chaotic neighborhood in Continent M?"

The most chaotic place in Continent M is not a bar and club street, but a church location.

The archbishop can have his own unique position in the Privy Council, but he is not a man who only prays before the cross.

Most people avoid the neighborhood where the church is located.

She was the only one who went there exclusively.

Daji frowned, her brows were twitching, she turned sideways, clutching the steering wheel with one hand, incomprehensible: "No, sun, what are you doing over there?"

"Auction?"

"Bet B?"

"..."

Qiao Nian listened to him say a few more words, lowered her eyelashes, but did not admit it, only after Daji questioned, she restrained her arrogance: "Find someone."

"You go to church to find..." Who.

He didn't finish the last word, but he already reacted!

Qiao Nian is looking for Quentin!

Daji had heard from Guan Yan long ago that last time she went to Ji's house alone to find something, and this time she came to the door to find someone.

He glanced at Qiao Nian, but did not persuade her like Guan Yan, he immediately took a cigarette from the car, took a puff, opened the car window and threw it down, as if he had made up his mind: "Wait a minute. , I'll call a few more people."

"Yes." Qiao Nian didn't stop him and made a few phone calls with a solemn expression on his face.

Daji has not many people in Continent M.

Qiao Nian was going suddenly. He could call no more than 20 people. He hung up the phone and told Qiao Nian who he could find.

Qiao Nian didn't seem to intend to use these people, his eyes floated with broken ice, a little cold, but his whole body was full of madness: "Actually, it doesn't matter if you don't need to call these people, I just want to chat with him."

Daji is older than her after all, and she is also a man.

She said that these people are enough, he didn't say as much as Guan Yan, and immediately drove the car to the block where the church was located according to Qiao Nian's wishes.

**

The street where the church is located is famous for its chaos.

However, when the car was driving on the street, the legendary chaos could not be felt at all, until they drove the car to the entrance of the alley where the church is located.

Immediately someone came out to stop them.

"What are you doing?" A bald man stood in front of him, hanging around, with tattoos on his arms.

Da Ji rolled down the car window and restrained his temper: "Find someone."

The bald man Jie Jie laughed out loud, as if he heard a big joke and laughed with the people around him: "Wo Cao, did you hear what he said? Looking for someone? Are you running here to find someone?"

"Outsiders, right?"

"I don't think he is from M continent."

Others were giggling.

At this moment, the passenger door was kicked open from the inside.

Under everyone's attention, a girl who looked extremely young got out of the car. She had a more condescending and rebellious aura than them, which immediately shocked the group of people who were laughing.

Qiao Nian didn't talk nonsense when he got out of the car, his eyes seemed to be full of blood, and he said concisely: "Tell your archbishop that the Ji family is looking for him."

She has never admitted that she has a quarter of the Ji family blood flowing in her body, but this time she is looking for someone in the name of Ji Qing.

That is the Ji family.

Chapter 2724 Said that Ji Qing's daughter was looking for him

Season family?

The bald-headed man lowered his smirk slightly, and looked straight at the girl in front of him.

Girls look very young, definitely no more than twenty years old.

He was wearing an ordinary hoodie, black slacks outlined his straight lower legs, and a pair of canvas shoes under his feet.

If it weren't for wearing a peaked cap, his skin was snow-white, and he had a unique aura that he couldn't tell.

Her outfit is ordinary from head to toe.

Like ordinary oriental students who come here to travel, black hair and black eyes, thinner than their stature, twisting their necks like pinching a chicken.

The bald man couldn't help grinning: "Ji's family, when did Ji's family in Independent Island have an oriental face? Which relative of your Ji family's seven bends and eighteen turns?"

"Speaking of Ji's family."

He smacked his mouth, but stopped laughing and said amusedly: "I know that Ji's family has been in M Continent recently, but they came to visit the Archbishop some time ago, you don't look like this!"

What's that person's name?

seems to be Ji Ziyin.

is famous in Independence Island.

is known as the once-in-a-century genius of the Ji family.

A few days ago, I went to the church in the neighborhood to find the archbishop, but was ruthlessly stopped outside by Lord Jacob, and I didn't see him.

The bald man probably thought it was boring, he took a picture of his thigh, turned around lazily and said to the two of them, "Go back quickly, kid, this is not a place you can come."

"Your hidden family is so arrogant?" The girl's voice was cold and calm, with a hint of indifference.

The bald-headed man stopped with his subordinates, turned his head sharply, and stared at her instantly: "You say it again."

"The hidden family is also something you can discuss?"

"Tsk."

He thought that girls would be afraid, but who knew that the other party casually reached out and raised his cap, revealing a pair of beautiful excessive eyes, and looked straight at him: "Have you ever heard of low-key survival?"

"?" The bald man's brows were about to crowd together, and he shouted, "Are you courting death?"

"Ah." Qiao Nian nodded simply: "I will ask you one last time, is your archbishop here?"

The bald man froze for a second, then rolled up his sleeves and walked towards her in a rage, cursing, "Damn!"

Daji has long been unable to bear it.

Without further ado, he **** the guy from the back row of the broken jeep he drove, kicked open the cab door, and the black hole directly pressed against the head of the bald man who rushed over. Come on, let's go ahead and try again?"

The things he was holding were not ordinary things.

I saw Daji holding a half-meter-long missile tube in his hand. The diameter of the thing was 10 centimeters. He was tall and burly, and the big guy looked easy and steady on his shoulders. , the whole neighborhood was quiet.

++.

No matter how chaotic this place is, no one will take this kind of guy out!

Everyone changed their faces.

Only Qiao Nian rubbed his eyebrows and looked at him: "When did you bring this?"

"In business, you have to bring some samples." Daji always spoke to her in a cynical tone, smiling and seemed to have a good temper.

If he hadn't put the gun to the head, he would have been more persuasive talking like this.

Qiao Nian turned his head and said to the bald man's men, "Whoever speaks to the archbishop for me, just say..."

Her eyes dimmed, and there seemed to be a shadow floating in it, like a sleeping lion that was pressing down. She had grown up and was about to wake up.

"Just say Ji Qing's daughter is looking for him."

Chapter 2725 Ye Yichuan is also here

Qiao Nian didn't say it was Ji's family this time.

But someone remembers the name.

There was a commotion in the church in the block, and someone said in shock: "Ji Qing's daughter? Ji Qing and her daughter? That is... Ji family direct line?"

The direct line and the side branch of the Ji family are completely different.

For a class like them, the side branches can only touch the light of the family, and only the direct line has the power to inherit the family.

Ji Ziyin and Qiao Nian have never been the same person.

Someone wisely went inside to report the letter.

A few minutes later, an ordinary-looking man walked out quickly. Seeing the situation outside, his eyelids jumped and he hurried over.

"Miss Joe."

Jacob knew her.

Qiao Nian gave him face very much, and called out, "Daji, put things down."

"Okay." Daji put down the guy easily.

Jacob had recognized him, stunned for a second, and called out uncertainly, "David?"

Daji ignored him. They were much more arrogant than the bald men before. They turned their heads and spoke to the girls in a calm manner: "Our people will be here soon. You can talk to them at ease."

Jacob's eyebrows jumped again, and he turned his head to look at the girl, his voice was a little cold: "Miss Qiao, what does this mean?"

Bring someone to smash the field?

Qiao Nian was very straightforward, put one hand in his pocket, and stood sideways in front of him: "Find someone."

"..."

"I asked people to help me pass the word, but they don't seem to be happy, so I can only use this method. Do you mind?"

The church has held a seat in the Privy Council for so many years, and Jacob and the others have not been angry yet. This is the first time someone has taught them a lesson at the door of the house. People politely ask them if they don't mind?

He looked down at the 'thing' at Daji's feet, the corners of his mouth tensed, pressing the base of his tongue: "I don't mind."

At this moment, Daji's cell phone rang.

He answered the phone, not shy about other people: "Well? You follow us? Okay, I don't know how to talk here, you can bring a few people."

He looked at Qiao Nian while calling.

After hanging up the phone, he said to Qiao Nian succinctly, "Young Master Ye, don't worry about you, Mo Xi and the others will bring someone over immediately."

He originally looked down on a man with this style of Ye Wuchuan, at least he felt that the man who matched the sun should not be a man who was lazy and noble all day long and showed no interest in anything.

But this time he acted very manly.

Daji has a certain change in him.

He deliberately told the people on the church side to know, so as not to wait for Qiao Nian to enter, it would be dangerous. This was a disguised threat.

*

The conflict on this side of the block has not been reported for the time being, and Jacob took her to meet Quentin.

In the medieval church, there was no one on the rows of seats except for the man standing in front of the cross and praying.

"Archbishop, I brought Miss Qiao in." Jacob was very afraid of the man in front of him. After he said it carefully, he winked at Qiao Nian and went out by himself.

Qiao Nian waited for him to leave, then walked forward, took out a piece of paper from his pocket and handed it over: "Look at this."

Quentin narrowed his eyes when he saw the scratch paper handed in front of him, very dangerous: "I heard that the person you brought also brought a weapon."

"No way, it's not easy to meet you." The girl admitted frankly that she brought someone.

Quentin's mouth tensed, he stood up straight, tall, a little condescending: "I have never been threatened in my life."

"Then there are multiple life experiences."

Chapter 2726 Why did you ruin your life for a deceased person

The girl was not suppressed by his aura at all, and it was rare to be able to look at him.

"I'm here to make a deal, not to threaten anyone, but business always requires an interview, don't you think?"

Quentin looked at her deeply, and suddenly withdrew his gaze, took the piece of paper from her hand, opened it, and swept it with a low eye.

His expression became serious as he saw the content on the paper, and he looked at the girl again, as if she was surprised that she could get this kind of thing.

"You checked it yourself?"

Qiao Nian dragged over the stool next to him and sat down: "Well, I just got it not long ago."

Quentin crumpled the contents of the paper into a ball, then took out a lighter from his body and set it on fire, and threw the ashes of the paper into the copper ridge beside him before saying, "I advise you not to check it any further."

Qiao Nian watched him burn the piece of paper to ashes, stretched out his hand, and a piece of white wrist bone leaked out from his sleeve, and said shyly: "I came to you today and wanted to know one thing, she died because of this thing. Is it?"

Quentin put the lid on the copper ridge, tilted his head and looked at her again, as if he didn't understand why she must know the truth: "I said, I advise you not to investigate this matter."

"Originally, I shouldn't care whether you check it or not, but you have something to do with me. I kindly remind you."

"Besides, I will keep it a secret for you, and I won't let a third person know that you still have this piece of paper in your hand."

The things that Ji Qing researches are the existences that the hidden family absolutely cannot tolerate.

Once they know that someone else has the results of Ji Qing's research, then... they will definitely target Qiao Nian.

Quentin looked at the girl in front of him and thought of what the housekeeper had said to him.

He still planned to show her a clear way: "You should guess that she will die when you see this. She is already dead. You don't need to take your life for a dead person."

She is dead.

is dead.

Ah?

Qiao Nian wanted to laugh at this moment, and there was a nameless fire in her heart that seemed to burn her heart, liver, spleen and stomach clean.

died because of the season.

Because he is dead.

So the fact that everyone took it for granted is over.

No one needs to pay for this, and no one needs to give Ji Qing an explanation, including an explanation for her!

Because the season is dead!

How can the living live for the dead in their eyes?

Qiao Nian heard his voice say calmly, "What if I must have a truth?"

What if she had to make those people pay?

kill for life, isn't it?

Quentin frowned, thinking for a while that she didn't know what she was implying, the forces involved were too great, she had to fight alone, and Ji Lingfeng couldn't resist it...

But he touched the girl's dark eyes, as if a beast was about to pounce.

He silently retracted his gaze, curled his fingers, exhaled and exhaled, frowned and slowly let go, lowered his eyes and said, "What do you want to know?"

**

An hour later, Qiao Nian came out of the church.

The three parties in the block gathered.

As soon as she came out, hundreds of pairs of eyes glanced at her.

The girl was the same as when she went in, she was still stingy, but seeing so many people outside, she reached down and lowered her hat to cover the gloomy emotions in her eyes.

"Let's go."

She walked up to Daji and the others.

Moxie also came and said hello to her: "Miss Qiao, Mr. Wang is waiting for you in the car."

"Yes." Qiao Nian asked him about the car, so he walked straight over, and before he even opened the door, the car door opened by itself.

Chapter 2727 The queen of the hidden family is actually Sister Nian and her grandmother

Someone in the back row beckoned her: "Get in the car first."

Qiao Nian bent down and got into the car.

Moxie trotted over to close the car door for them, and then went to the front to drive by himself, turning his head and asking the back row, "Master, where are we going first?"

Ye Wangchuan saw the low pressure on Qiao Nian's body, looked back and said to him, "Go back first."

"Good Le."

Moxy turned the car without any nonsense.

He looked at the girl beside him, lowered his voice, hoarsely soothed: "I ask Daji to go back first?"

"Row."

Qiao Nian has not been fond of talking since he got in the car, and his words are concise and to the point.

When the car passed Daji, he rolled down the window and told Daji. Daji looked around at the girl who couldn't hold back her anger, nodded, and turned around to greet her staff to leave.

...

The car drove back to the apartment.

Qin Si saw them coming back, and he put down the gamepad and asked, "Master, why did you suddenly go out."

He saw Qiao Nian: "Hey, Sister Qiao, you're back too? Did the wrong master pick you up?"

Qiao Nian really didn't want to speak, so he went straight up to the second floor and went back to his room.

She went back and took a cold shower, washed down the evil fire in her heart, and came out in a bathrobe.

As soon as she came out, she saw a man who was following up at some point.

Qiao Nian was in a bad mood, so she walked over and dragged the chair to sit down, ignoring the dripping hair on her shoulders, and whispered, "I know how she died."

She finally knew who was behind all this.

It's just that this answer is too unexpected.

Ye Wangchuan took a clean towel and walked over, walked behind her to help her wipe the water from her hair, slender fingers shuttled through the inkstone-like silk hair, his tone was soothing and had a kind of calming power: "Who did it? ?"

Qiao Nian's back straightened and paused for a long time: "Queen of the Hidden Family."

Ye Wangchuan raised his eyebrows, not surprising.

Ji Qing's death itself is inseparable from the hidden family, and the symbol of the hidden family is not Her Majesty the Queen.

Qiao Nianxu raised his head, closed his eyes, and covered his eyes with his hands.

After a while, her eyelashes trembled slightly and she opened her eyes. The dark eyes were extremely dark and deep, and a shocking secret broke out: "She is my...grandmother in the sense of blood."

Ji Qing's biological mother!

Ye Wuchuan stopped moving and looked at her immediately.

Qiao Nian's face was as calm as water, without the slightest expression, but hidden in the dormant tranquility was the surging anger.

She clenched her fingers and slowly released them. She raised the corners of her mouth and seemed to laugh. She quickly returned to peace.

Ye Wangchuan suddenly opened her hand, held it with ten fingers, and comforted softly: "What are you supposed to do?"

Whatever she wants to do, she will accompany her.

Qiao Nian felt the constant stream of heat coming from his hands, and the manic depression in his heart dissipated a lot.

She pursed her lips, her eyes darkened, and she twitched the corners of her lips to form a cocky arc: "Don't she like to play?"

"I know what she wants, but I just want her to lose what she cares about most."

Life and death are too simple.

went out and climbed to the top floor, closed his eyes and jumped away.

For someone like the Queen, life and death simply can't make her understand what's wrong.

She wants all those people's dreams to shatter!

Return to original form!

Qiao Nian moved his eyes, remembered something, and said to him, "Didn't I receive a courier before?"

Ye Wangchuan took out a blow dryer from the drawer and planned to blow dry her hair first, so as not to catch a cold: "En."

Qiao Nian squinted his eyes: "Then I should also go back."

Chapter 2728 Sister Nian: It is also indecent to come and go

m country.

A man dressed as a servant walked in in a hurry and bumped into a man in black who came out from inside. He immediately gave way respectfully: "Master Shadow."

"Yep."

Shadow was about to pass him, and suddenly saw the box in his hand, like a courier, he stopped, his eyes fell on his hand, and Nuzui asked him, "What do you have in your hand?"

"Huh?" The man was stunned for a moment, then he reacted immediately, handing over the box with both hands: "It's the Queen's courier."

Shadow heard that it really was a courier, and subconsciously took the box. The box was light and heavy, as if there was nothing in it.

He saw that the recipient was the Queen, but the sender made him drop his eyes, his eyes fell on the servant in front of him like a knife, and his tone was suppressed: "Who sent it?"

"It was delivered by a courier, put the things down and left." The servant was at a loss.

He didn't notice either.

After all, it is just a courier.

"The man put down his things and left." He tried to recall, and then said in a panicked tone: "Lord Shadow, is there something wrong?"

Shadow didn't care about him, he walked back with the courier, and said, "I'll help you get it in!"

...

The largest bedroom in the manor is lit with incense for nourishing energy, and the whole room is full of dull aroma.

After Shadow walked in, he naturally lightened his steps.

"Why are you back?" Behind the curtain, the Queen's voice could not be heard of joy or anger.

Shadow stood firmly in front of the curtain, the express box in his hand was very hot, he hesitated for a moment, and respectfully said to her: "Queen, someone has sent you a courier."

"Express?" The person behind the veil had a strange tone that seemed unexpected.

Who will deliver the courier here?

Shadow's voice was extremely obscure and difficult: "Your name was written by the recipient."

After the Queen's brief accident, her emotions did not fluctuate much: "Oh, who is the sender?"

She probably guessed who it was, and her voice changed from turbulent at the beginning to a bit gloomy: "Is that scumbag again?"

Shadow has been by her side for so many years, she knows exactly where her thunder is, and she knows who she is talking about: "No."

"Isn't she who?" The queen came to be interested.

Shadow stood there awkwardly, and after a few seconds, he raised his eyes slightly and lowered his voice and said, "The name of Ji Qing written by the sender."

As soon as he finished speaking, there was a sound of things shattering from the curtain.

Then there was a long silence.

Shadow knelt down on one knee, not daring to raise his head at all.

"Clam." The anger that could be heard in the Queen's voice suppressed the fire of the prairie fire:
"She is so bold, she dares to send me a mail with this name!"

The name is like a taboo, no one dares to mention it in front of her.

Shadow dared not speak at all.

The queen forced her anger to open the express box. The boxy express box contained a printed A4 paper.

has a few words written on it.

A paper?

She picked up the paper inside and looked at it. The handwriting on it was flamboyant, and there were a few words written on it.

【You want her to die because of anti-nuclear weapons? 】

The Queen's face changed dramatically, she clenched the paper tightly, her breathing stopped for a moment, opened her mouth, and quickly closed it again.

"Are you all right?"

Shadow saw that there was no movement inside, and asked softly.

"Look at this." The Queen handed him the paper through the veil.

Shadow got up and took it silently, and at a glance, she showed a shocked expression like the queen, as if she had been told a great secret.

"she..."

Chapter 2729 Sister Nian tells you what is arrogance

The queen calmed down in just a few seconds, and said coldly, "She's provoking."

"..." Shadow looked at the piece of paper in his hand again, unable to speak for a long time.

This is more than a provocation, Qiao Nian is simply arrogant!

She sent this in the express package in the name of Ji Qing. It looks like a simple sentence, and it will definitely set off a storm when you put it outside.

The queen snorted and said in a very disgusting tone: "This is the bloodline of the Ji family, and these people just bite a target like this and they will pursue it to the end. I still underestimated her, but I didn't expect that she even found this. ."

Shadow carefully folded the piece of paper and returned it, lowered his eyes and asked, "What are you going to do?"

"She has given me a gauntlet..." The queen's voice became colder behind the curtain, and she was about to speak.

Shadow's phone suddenly vibrated, and he didn't intend to pick it up.

but see caller ID.

He cautiously said to the person behind the curtain: "For the phone calls from Continent F, most of them are in a hurry, otherwise they won't call."

"Wait a minute, I'll take a call."

The queen was still immersed in the courier she received and said nothing.

Shadow hurried out to answer the phone.

About five minutes.

After answering the phone and walking back, the expression on his face became more dignified, and he said to the person behind the curtain, "Your Majesty, our forces in Continent F have been attacked."

"..."

There was a dead silence behind the veil.

He bit the bullet and said after hesitating: "So far, we have suffered heavy losses, and the people over there asked them to tell you something."

There was another silence behind the curtains, and after a long time, a hoarse and gloomy voice was heard: "Speak."

Shadow knelt down on one knee and said with a numb scalp: "The other party said that this is the gauntlet."

This is the gauntlet!

Very Qiao Nian's style!

Concise and concise.

Arrogant to the extreme!

They all thought that the courier that came to the door was her provocative gauntlet, but they didn't play this set at all.

Just do it if you want.

took over their power in Continent F.

They are different from the Yu family, and the Queen and Yu Qingliu are not of the same level.

Is Qiao Nian crazy?

She's not afraid...

Shadow only felt a chill running from the back of the spine to the nerve endings in the back of the brain, making his heart beat faster like an electric current, thumping wildly.

He heard his voice hoarse: "David moved his hand, he is from Qiao Nian, this time it should be Qiao Nian."

"I think she knows who you are."

**

Ji Ziyin waited from morning to afternoon for the person who did the task with her.

Her face was also wearing a mask from the beginning to the corners of her mouth that gradually solidified, and her expression became more and more ugly.

The Privy Council is like a spinning top, everyone has their own things to do. She stood in the place where she was given the task for a long time. Except for the task she was given at the beginning, the busy people inside ignored her.

Until Ji Ziyin couldn't wait to stop the man: "I'm sorry, may I ask that other person..."

She looked at people impatiently.

Ji Ziyin suppressed her anger and said, "When will Qiao Nian come?"

The man in charge of distributing tasks to her was a man in his forties who belonged to the conservative faction. He had a very general attitude towards her. He looked at her up and down and replied impatiently, "She's not coming."

"?"

Ji Ziyin clenched her palms and gritted her teeth: "But aren't we going to complete the task together? She won't come to take the task, I..."

Chapter 2730 Two different attitudes

The man was very impatient with her interrupting her work, and interrupted her: "This is not my responsibility, I just send you the task."

Ji Ziyin stood in place and pinched her nails.

Seeing that she didn't leave, the man seemed to be bothered by her, so he stopped what he was doing and said a few more words to her: "You don't have to wait here, she won't come today."

Ji Ziyin's eyes moved, and she raised her head and said to him, "But the Privy Council ordered us to come and get the task today."

The other party seemed to think what she said was ridiculous, sneered, looked at her again, and simply told her to be direct: "Then how do I know, Xue Lao came to me in the morning to get the task, and said that he would deliver it in person. You have to have. If you are dissatisfied, you can also ask Lei Lao to come and send you a mission."

The Privy Council has distinct factions.

Everyone is not a faction, and that person doesn't save face for Leonard at all.

For someone like Ji Ziyin who came in through the back door, he was even more ruthless and mocking.

Ji Ziyin was like a bucket of cold water being poured over her head, her face gradually turned pale, she clenched the task in her hand tightly, and turned away without saying a word.

That person didn't care whether she walked or not, and she could still hear the other party's voice when she didn't go far.

"A person who only relies on Lei Lao to get in, what to pull."

"Lao Lei doesn't take you seriously, blame me?"

Ji Ziyin pursed the corners of her mouth, walking faster.

...

She didn't go far when she came across Leonard and his group coming this way.

"You..." Leonard saw her and waved at her: "Why are you here, come here."

Ji Ziyin thought of the humiliation she had received at the place where she was on the mission, and when she saw the hooked-nosed old man, she pursed her lips and walked over quietly, greeting the other party as politely as before: "Elder Lei."

"Yeah." Leonard nodded indifferently, turned back and said to the others, "You go first, I'll talk to her alone."

The other radicals were not in the mood to pay attention to Ji Ziyin, and they walked away one by one.

In a blink of an eye, only Leonard and her were left in the corridor.

The hooked-nosed old man didn't even look at her, walked to the side and asked, "Did you get the task?"

Ji Ziyin lowered her eyelashes, and the thorn in her heart became even hotter: "I got it."

"Oh, just get it." Leonard didn't look at her, and said to her, "The Queen just called and asked about you."

Ji Ziyin suddenly raised her head, a ray of light ignited in her eyes.

"The queen asked about your mission, and I was planning to go to find you." Leonard really didn't look at her.

If he hadn't just received a call from Shadow and the other party mentioned Ji Ziyin again, he would have forgotten that there was such a newcomer in the Privy Council.

But Ji Ziyin was the one who was brought in by their radical faction, and it was also a member of their faction.

He should also take appropriate care of him, whether it is out of interest or for the sake of face.

So Leonard asked her about her mission carelessly, and Ji Ziyin answered them one by one. He frowned when he heard that Qiao Nian didn't come to the Privy Council today.

Hearing Ji Ziyin vaguely mentioning that Elder Xue ran specifically to get a task to send to Qiao Nian, he even showed a surprised expression, and immediately raised the corner of his mouth in disdain, as if he looked down on the other party who was rushing to please a newcomer. practice.

"He just wants to curry favor with the Ji family."

Ji Ziyin said this to test Leonard's attitude, but when she finished speaking, the hook-nosed old man came to a conclusion with a look of disdain.
