

## Madam's 2751

Chapter 2751 Sister Nian is the uncrowned king of the hacker world

Who knew that Ji Ziyin's expression became even weirder, she lowered her head, her eyelashes trembled slightly: "The magnetic card on the plane was also destroyed by the virus."

"..." Leonard's mouthful of water stuck in his throat, and he couldn't drink it. He looked at her like a torch and couldn't believe it: "How powerful is her computer technology?"

Ji Ziyin's palms were scratched by herself, and it was painful.

She raised her eyes, but still couldn't deny it: "She is the number one hacker in the world, and her name is not included in the latest list because she no longer participates in these rankings, but everyone in the hacker acquiesces that she is in this line of work. Uncrowned King."

"Only she can hack so much surveillance and our signals."

Leonard held the cup for a long time, but he didn't take it seriously.

Somewhere in the Privy Council, he has seen too many people with little ability and talent like Qiao Nian, but whether these people can succeed in the end depends on their background and emotional intelligence.

Qiao Nian is too crazy.

The bones are too hard.

She doesn't bow her head, doesn't know how to weigh the pros and cons, and her character is too arrogant.

He looked at Ji Ziyin, who had gathered his edge in front of him and bowed his head to answer, and had his own judgment in his heart.

Ji Ziyin is really not amazing enough, but she knows how to seize every opportunity to climb up.

She can get in touch with a person of the level of the Queen, no matter what method she uses, she can make the Queen stand for her, this is the success of being a human being.

Obviously, Qiao Nian was a failure as a human being.

But none of these can ease his current resentment: "That is to say, we have no evidence?"

"Not for now." Ji Ziyin was more uncomfortable than him, after all, whether people were taken from her, or in a monkey-like way.

Her self-esteem was severely frustrated, and she could not wait to stab Qiao Nian out of anger.

Leonard looked at her with a rare sympathy. He raised his hand and said to her, "Okay, it's already like this, so don't be too sad."

"Go back first, I will find a way for you!"

He also had no choice but to report the situation to the Queen first, and then see what the Queen planned.

Ji Ziyin took a deep breath, her bright eyes suppressed the discomfort, and nodded obediently: "Then I won't disturb you."

"Go."

"Trouble Ray is old."

After Ji Ziyin finished speaking, she left here obediently.

...

She walked out of the Privy Council, opened the door to get into the car, and closed the window before letting her emotions surface.

Angry, unwilling, annoyed... All kinds of emotions were burning like wildfire, almost burning her internal organs to ashes.

She grabbed the armrest on the car door and pinched her nails hard until the blue veins on the back of her hands bulged. It was a long time before Ji Ziyin hid the monstrous hatred in her heart.

She let go of her hand, with a cold face, she instructed the driver expressionlessly: "Drive, go to a place."

The driver saw her distorted expression in the rearview mirror from the moment she got into the car, and was too frightened to speak out.

Seeing that she was back to normal, she hurriedly started the car: "Okay, where is Miss Ji going?"

Ji Ziyin gave him an address.

The driver found the apartment she mentioned on the navigation without a word, and drove the car steadily towards the direction of the apartment.

\*

Qiao Nian just returned to the apartment, and told Qin Si and the others, and went back to the room to put things first.

She took a laptop and went out.

Qiao Nian came back and put the notebook back on the desk, squinted his eyes and prepared to go downstairs.

Chapter 2752 God Qiao takes the flight!

Downstairs Qin Si is pulling Gu San to play games.

Gu San couldn't play these things and didn't know how to refuse his warm invitation. He was resisting + embarrassed all over, and when he looked up, he saw Qiao Nian coming down the stairs.

"Miss Qiao, you are down."

Gu San seemed to grab a life-saving straw, and immediately shook off Qin Si and said, "Young Master Qin, play slowly, I'll go and make a cup of tea for Miss Qiao."

"I'm all open!" Qin Si didn't want to let go.

Gu San pulled his hand away and slid away quickly: "You close it first, and tell them there are fewer people."

Qin Si is opening to Lao Tzu, why?

Gu San can ignore him, the person has slipped to the point where there is no shadow.

He watched the game enter the stage of reading the progress bar, looked around, grabbed the girl who came down, and shoved Gu San's phone into her arms: "Sister Qiao, you can help him play."

"Huh?" Qiao Nian's eyelashes drooped slightly, and he saw a mobile phone in his hand. Looking at it again, the game had already entered the screen.

Qin Si was also inside. After forcing Gu San's mobile phone to her, Huo Liao grabbed his mobile phone and urged her: "Let's play in the fifth row."

Qiao Nian hooked the corners of his lower lips, walked to the side of the sofa, and said casually, "Okay, just say it first."

"Oh, my aunt! I promise that this is the only one. You help him fight. I will bring the hero with the highest win rate to bring him. If he wants to hang up for me, my win rate will be lowered." Qin Si hugged. The phone screamed.

Qiao Nian found a place on the sofa and sat down, with one hand on the sofa cushion, and the other hand holding Gu San's mobile phone, his eyes fell on the screen, and he started to operate lazily.

When she was playing games, her face was very focused, and it could be seen that she did not cheat Qin Si.

In the living room, I heard Qin Si screaming: "Wocao, Sister Qiao, Niubi! There are people in the grass and there are people in the grass."

"Go! That's right, right there."

In the game, the shooter who plays with the gun calmly rolls forward, takes a headshot with a big shot, and harvests the opponent's 3 head-assisting heads.

Qin Si immediately burst into cheers: "Damn, well done!"

Qiao Nian can basically play three to one, breaking through his lane.

The game became super easy as she started to develop.

Qin Si's kicking jungler dared to invade the opposite jungle to eat mobs under the cover of Qiao Nian's archer.

Someone on the public screen realized something was wrong and asked him on it.

【How many lives do cats have: Qin Shao, didn't you say that you are a newbie? This thing is called novice operation? Whatever the king level. 】

Qin Si had just finished killing the monsters and returned to Lan. When he saw the news on the public screen, he turned his head and said to Qiao Nian, "You know this cat, Tangning."

Qiao Nian guessed that it was just those few people, with slender and beautiful fingers on his chin, "Yes."

Qin Si told her the next person, then turned around and typed on the public screen to reply to Tangning: [The person has been replaced, the second person ran away, now it's Sister Qiao who is playing this account. 】

The public screen in Beijing immediately swiped and knelt down.

【Romantic Blossoms: I knew it was Miss Qiao, only Miss Qiao could take Young Master Qin to fly. 】

【Too thin to the point of being an egg: Cough, we just need to know these things in our hearts. Be careful, Young Master Qin will show you the tower! 】

【How many lives does the cat have: Hello Miss Qiao, can you return the next one? I give you the mage. 】

...

Qiao Nian didn't look at the public screen very much, and steadily manipulated the characters in the game to get a wave of three kills, and by the way, clicked off the crystal.

Chapter 2753 Aunt Yuan, where is the person you said

A round is over.

Qin Si was still immersed in several dogs who called him a rookie dog in front of Qiao Nian, and his handsome face was extremely injured. He raised his head and asked the girl, "Sister Qiao, am I hunting wild vegetables? Didn't I take it to fly!"

"Take it." The girl put down the phone, returned it to Gu San, and looked at him slowly: "You took the KPI on the other side."

"Pfft!" Gu San brewed a cup of tea and put it on the coffee table, just when he heard Qiao Nian's answer, he suddenly laughed out of sight.

Qin Si scratched his hair and was very unconvinced: "One more shot, I have to prove myself."

He now has 30 stars in the king, and he is one step away from the glory of the king.

He didn't pay much attention to Qiao Nian's game play. Just now, the one-handed shooter was played by her, and Qin Si didn't know how she handled it, so he wanted to learn how to play with one hand.

Qiao Nian had already returned the mobile phone to Gu San, and now he picked up the tea and rejected him very coldly: "No, I'll just play a game."

Qin Si still wanted to bring her in, but Qiao Nian's cell phone rang suddenly, she glanced at the caller ID, got up and said to the two of them, "I'll go take a call."

...

"Hey, Nian Nian." It was none other than Yuan Yongqin who had not contacted her for a long time.

The business of Chengfeng Group is booming. Yuan Yongqin is in charge of the huge group by himself, and he is too busy.

Fly all over the world.

She only knew that Qiao Nian had something to do with the city this year, and she didn't know what Qiao Nian was busy with, but Yuan Yongqin had always trusted Qiao Nian unconditionally and seldom asked Qiao Nian's private affairs.

"Aunt Yuan, do you have anything to do with me?" Qiao Nian has always respected Yuan Yongqin, and her tone has become more relaxed and more serious.

Yuan Yongqin hasn't called her for a long time, and this time I'm in a good mood: "It's not a big deal. I just remembered that I haven't contacted you for so long, so I'll call to take care of you."

"By the way, are you used to circling the city?"

She pondered for a moment and said, "We have withdrawn from the headquarters in the ring city for two years, but there is our branch over there. If you have trouble, you can transfer the people over there. I have greeted them."

"Well." Qiao Nian hasn't told her what she is doing. After all, what she is doing now is too dangerous. The less people know about it, the better: "I know."

Yuan Yongqin knew that she was measured, so she cut to the point and said: "That's it, I have a partner who called me to say that there was a misunderstanding with you. She said she was waiting for you outside your place and wanted to chat with you alone. ."

Qiao Nian raised his eyebrows: "Which partner?"

Yuan Yongqin paused and said, "I don't know her background either. Somo checked her before, and she seems to have a background in Independent Continent."

"I don't know if you know about Independence Continent. It's not a place that can be compared between Beijing and the city. It's a very mysterious place."

"Today, Mr. Wang took the initiative to contact me, saying that a friend of his asked me to talk to you, and I only knew her."

Yuan Yongqin couldn't help sneering: "Actually, I don't even know her, so I just called her."

She changed her voice and was very worried about Qiao Nian: "But Nian Nian, Su Mo found out that she has a background in Independent Continent and looks very deep. You should not get involved too much with this kind of person. If it's just a small matter between you, you Forget it, don't mess with her."

Qiao Nian listened to her explain the ins and outs of the matter, and already guessed who that person was: "Aunt Yuan, where is the person you are talking about?"

Chapter 2754 Sister Nian: I used to be stupid, at least not so impulsive

"Your house is downstairs."

After Yuan Yongqin finished speaking, she thought about it and said, "Don't be afraid, no matter what happens, I will support you unconditionally."

Qiao Nian's eyes warmed, and he snorted, with a good temper: "Then I'll go down and see her first." To save some people from sharpening their heads and digging into her side.

Yuan Yongqin waved her hand when she saw that she had listened to her own words: "Go, tell others well."

\*\*

Qiao Nian hung up the phone and returned to the living room, took the peaked cap on the coffee table and put it on his head, and said to the two in the living room, "I'll go out and be back soon."

Gu San was still watching Qin Si play games, when he heard this, he straightened up immediately: "Miss Qiao, I'll go with you."

Qiao Nian had already walked to the entrance to change his shoes, opened the door, and didn't ask him to follow: "I won't go far, I'll be downstairs."

Gu San was at a loss. He wanted to follow, but he couldn't keep up. If he didn't, he was worried about Qiao Nian's safety.

But the girl waved to him coolly: "Let's go."

slammed the door shut.

Gu San's eyelids jumped down, read Amitabha Buddha, and immediately went to the study to find Ye Wangchuan: "I'll go and tell the wrong master."

Qin Si didn't feel anything: "Didn't Sister Qiao say she'll be back soon?"

Gu San didn't listen to him, and hurriedly went to Ye Wuchuan.

...

Downstairs.

The black Bentley parked quietly on the side of the road, until the people sitting in the back saw the girl intervening and came out of the apartment at will.

She rolled down the car window, her eyes full of shadows, and said to the driver, "Wait for me here."

The driver didn't dare to talk much, and whispered; "Yes."

Ji Ziyin pushed the door and got out of the car, standing on the side of the road waiting for the man to come over.

Qiao Nian quickly walked up to her and stood still: "Is there anything you want to do with me?"

"Huh." Ji Ziyin came with anger this time, and didn't hide her true colors: "You don't know why I'm looking for you?"

Qiao Nian looked at the angry and sinister woman in front of him.

For the first time, I couldn't help laughing.

But she smiled savagely, she lifted her peaked cap dryly to reveal her delicate face, and her beautiful black eyes narrowed slightly: "Oh? I don't know."

"Qiao Nian!" Ji Ziyin gritted her teeth, as if to devour her alive: "You did the airport thing, right?"

Her qi returned to qi, her heartbeat was fast, and her eyes were fixed on the girl, as if she wanted to give people enough pressure from her aura.

Qiao Nian just glanced at her and didn't answer her directly, but asked shyly, "Have you brought a tape recorder?"

"..." The things Ji Ziyin hid in her pocket suddenly became hot.

Her heart skipped a beat.

But she wouldn't admit it easily, she immediately covered up the panic in her eyes for a moment, and resumed as usual and continued to ask aggressively: "Don't you dare to admit what you do yourself? I thought you would do everything. Admit it, it turns out that you have to divide things too! Don't you dare to admit it this time?"

Qiao Nian tutted, raised her legs, and stood up straight to look at her, because of her height advantage, she had a condescending aura when standing with Ji Ziyin.

One glance.

Ji Ziyin felt a wave of deterrence pressing down on her head, making her breathless, she grabbed the palm of her hand and held on to not lose: "Qiao Nian, don't think you've swept your tail clean, but if you do it will definitely leave traces, and I will always find evidence to show you!"

"You called me out to say this?" Qiao Nian felt that she wasn't so stupid, at least she wasn't so impulsive before.

Chapter 2755 Scumbags like to mention two consecutive rolls

Ji Ziyin was full of anger at first, and she saw through her own tricks, she was angry and irritable.

Suddenly heard the girl's cold voice and asked her back, she was a little stunned and then reacted, and suddenly there was a sense of shame passed from her toes to the top of her head.

"What do you mean?"

Ji Ziyin knew that she was too impulsive this time, but she just couldn't hold back her breath after hitting the wall everywhere: "Qiao Nian, do you think that everyone is going to let you play as a monkey because of the help of a few men behind you! You can compete fairly with me to complete this task, you don't go looking for someone yourself, I work hard to bring people back, but you bring people to \*\*\*\* them..."

"Do you feel aggrieved?" Qiao Nian interrupted her by looking into her eyes before she could finish speaking.

Ji Ziyin almost laughed angrily: "You mean I shouldn't be wronged? I shouldn't be angry?! Should I still praise you for your ability."

The girl raised her hand and pulled down her cap. She didn't seem to hear the resentment and sarcasm in her words, and she said lightly, "When you were in the research institute, you and Gu Hengbo casually seized the fruits of other people's labor, what happened to you? , you feel like you can't take this breath?"

Ji Ziyin's eyes widened suddenly, and she blurted out: "That's because..."

Qiao Nian said it for her: "Because those people have no background and no background, they can only be bullied by you, so you only feel that you are robbing things based on your ability. They can't protect their own achievements, and they can't blame you."

Even Ji Ziyin thinks that she has taken the time to promote these achievements, and it is those who are oppressed by her who earn it.

"You can treat others like this, but others can't treat you like this. Who set it? Did you set it?" Qiao Nian showed no mercy.

When        said that, her face was red, and she was extremely angry and embarrassed.

"Don't talk nonsense!"

"Okay, then don't talk about this." Qiao Nian shrugged and said to her casually, "When are you going to return the notebook of Ji Qing?"

Ji Ziyin trembled all over, as if being stabbed in the dead end, and looked at it subconsciously.

Qiao Nian looked at her, and sneered under her defensive and vigilant eyes: "You don't think I don't know why you were attracted by the queen, do you? My mother's notebook, do you use it well?"

Ji Ziyin didn't dare to look at her this time, she lowered her eyelashes, pinched her palm, and said vaguely: "I didn't take it, didn't you already take it back and empty the hard drive in the computer?"

She was talking about that time Qiao Nian slapped her face, took her laptop away, and deleted the backup on her computer in front of everyone.

Qiao Nian looked at her like a fool, and said after a pause: "You think I'm a three-year-old child? Maybe you have only one backup? Don't you really think I don't know you have other backups? "

Ji Qing's notebook does record a lot of 8th-level experiments and some results that can still sweep the research world.

However, compared with the content in the U disk, it seems that children are playing at home. Obviously, Ji Qing is just recording some of his daily research.

Ji Ziyin thought it was half her life's effort to get Ji Qing, and she used the contents of her notebook to help herself to climb up.

Qiao Nian said that he found the recording pen from her body, broke it in half in front of her and threw it on the ground, stepped on the recording pen, looked at her coldly, and sent her a word: "Go away."

Chapter 2756 Qiao Nian, you are a thief!

The wind outside the apartment brushed against her face like a knife.

Ji Ziyin lowered her eyelashes slightly to hide the monstrous hatred in her eyes, pinched the palm of her hand, and did not care about breaking her nails: "Qiao Nian."

She stopped the girl who was about to leave, looked at the back of the girl wearing a T-shirt, and her tone suddenly became extremely calm.

"It won't do you any good to fight against me."

Qiao Nian ignored her at all, and walked away without looking back. She was extraordinarily free and easy.

The hatred in Ji Ziyin's eyes almost spewed out again, but fortunately she suppressed it abruptly and shouted at the back of the person who left: "I was raised as the heir of the Ji family since I was a child, and you stole what belonged to me! You! A thief!"

The girl walked resolutely and had no intention of turning back to her.

Leaving her alone in hysteria.

Ji Ziyin looked at the figure she was leaving, as if someone had slapped her, her ears were buzzing, and her mind went blank.

She stood there for a long time and refused to leave.

It wasn't until Shadow's phone call that Ji Ziyin restrained the distorted expression on her face, wiped her face, turned around and walked towards the car on the side of the road.

She took each step heavier and heavier, and did not immediately answer Shadow's phone as usual, but her face was stern and expressionless, and no one could see what she was thinking.

Seeing that the beating name on her phone screen was about to go out, Ji Ziyin opened the car door and got in the car, and answered the phone: "Hello."

Her voice was hoarse and low, showing that the blow to her was not clear this time.

"Lord Shadow, I have failed you and Her Majesty's expectations for me, I am very sorry, I will definitely..."

"Okay." The shadow interrupted her very coldly, before she could finish her sentence: "Anyway, the mission given by the Privy Council is for you to complete it together. Her completion is the same as your completion, and she can't get rid of you."

Ji Ziyin digs the metal casing of the mobile phone, a trace of blood splattered from her fingernails, and she lowered her eyes and said in a low voice: "Yes, I understand."

Shadow just reassured her a few words and said some useless words, but didn't say what the Queen planned to do with Qiao Nian to support her.

Ji Ziyin knew exactly what the other party meant.

The meaning inside and outside of the other party's words is to let yourself hold this breath and pretend that nothing has happened.

She had a sullen face and couldn't squeeze out a smile. She answered Shadow's words mechanically, but her internal organs were disturbed and it was extremely uncomfortable.

Obviously she brought people back.

Obviously she endured the humiliation to complete the task.

Obviously she took refuge on the queen ship.

These people let her endure and let her.

Ji Ziyin couldn't hear what the shadow was saying, but kept replying in a low voice: "I know, don't worry."

The person on the other end of the phone finally finished admonishing and hung up the phone.

Ji Ziyin heard the busy tone on the phone, her gums were biting, and she wanted to smash the phone on the ground, but out of the corner of her eye she noticed the driver that Leonard sent her, and she could only hold back her anger. Dare to really attack.

"Go back." Ji Ziyin's palm was bleeding, and she didn't care, her oval face indifferently and coldly instructed the driver.

The driver has been peeking at her, and seeing that the blue veins on her forehead have bulged several times, she has not really vented, but she admires her a little.

"OK."

The driver silently retracted his gaze and restarted the car.

\*\*

Qiao Nian soon returned to the apartment.

Qin Si stopped playing games and waited for her to come back.

He heard the sound of the door opening, and immediately said to the people in the living room; "Sister Qiao is back."

Chapter 2757 Wrong Lord: They want to know what you were doing out

Sure enough.

The person who opened the door was Qiao Nian.

She changed her shoes very calmly, put the key on the cabinet, and walked in, only to meet three pairs of eyes looking at her.

Qiao Nian couldn't help rubbing his forehead: "What's wrong?"

Ye Wuchuan leaned back on the sofa, acting like a lazy nobleman, and said shamelessly, "They want to know what you were doing when you went out."

Qin Si and Gu San looked at him at the same time, their eyes were shocked.

Qin Si opened his mouth: "Impossible..."

"Huh?" Ye Wuchuan swept over with a light glance, raised his hand, and said loosely, "You don't want to know?"

A lump of cotton was stuck in Qin Si's throat, and he was dying. He raised his hand and muttered, "You say yes, but I don't dare to say no anyway."

He said in a low voice, basically only the three of them heard it. Qiao Nian went to the refrigerator to get water, but didn't hear what he said, only heard him muttering.

She took a bottle of ice Coke from the refrigerator, closed the door, tilted her head, and asked, "What?"

"nothing."

Qin Si immediately waved his hands and said: "By the way, Sister Qiao, what did you just go down for? Why did you come back so soon."

This is also what Gu San and Ye Wuchuan want to know.

Qiao Nian didn't hide it from them. He pulled the Coke pull tab and said calmly, "Oh, you said this."

She pulled up a chair and sat down, and said boldly: "Ji Ziyin didn't know how to contact Aunt Yuan to ask me to go down to meet her, so I went down to meet her."

"Damn, this woman is sick!" Qin Si was startled, and immediately asked, "What is she doing to you, isn't she crazy?"

Ji Ziyin didn't know how many lives she had, so she was brave enough.

Qiao Nian drank a coke, held the can in his hand, put one hand on his lap, and said lazily, "She didn't do anything, she just brought a recorder and tried to tell me something, but I found out. already."

Qin Si and Gu San looked at each other and were speechless.

Ji Ziyin seems to be really gassy.

In the past, when she was high-spirited in the Independent Continent, she seldom used such mindless methods, but this time she was so impatient.

Ye Wangchuan spoke at this moment to break the quiet atmosphere: "Jiang Li said that he will come to M Continent to film a movie recently, and wants to come and see you."

"?" Qiao Nian stopped shaking the can in his hand and looked at him with a confused expression.

Ye Wangchuan met her eyes and said calmly, "I didn't betray you, Mr. Jiang told him that you are here."

Qiao Nian has accepted this fact, so he took out his mobile phone and glanced at him: "Really? I'll ask Grandpa."

Ye Wuchuan immediately touched the bridge of his nose, and helplessly stopped her: "Don't, as soon as you ask him, he will know that I said it."

"Tsk." Qiao Nian put the phone down slowly.

She just said it, not really asking Mr. Jiang.

"How long will he be here?" Qiao Nian has always had a good relationship with Jiang Li. Jiang Li is coming over to film, and she plans to take Jiang Li to a nearby restaurant for a meal.

Ye Wangchuan knew that she was unwilling to 'righteously kill her relatives', she raised her thin lips slightly, and said in a low voice, "Three or five days."

Jiang Li started his career in the entertainment industry. He used to be a musician who played music, but now the music market is sluggish.

The agency has been persuading him to transform into an actor.

But Jiang Li entered the entertainment industry just to play tickets. The second young master of the Jiang family is not poor in money. He has a good grandfather and a good father.

Even if Jiang Zongnan frequently stepped on Qiao Nian's minefield because of Jiang Xianrou's affairs, Qiao Nian didn't care about him for the sake of Mr. Jiang and Jiang Zongjin.

Chapter 2758 Jiang Li is coming to M continent

The company is still in full swing, and the money it should be earning is not less.

Last year, Jiang Yao also joined the company's management. Jiang Yao is more mature now, and he is a talent who has stayed in places like Tianchen. It is more than enough to manage an ordinary group. Under his leadership, the company has won a lot in the past year project...

Jiang Li could never get involved in the film and television industry, but he had worked with him for many years before, and something happened to the director who filmed the MV for him.

Jiang Li took over the director's film in order to support him.

He only takes the role of the third male character, and he does not have a lot of scenes. It is a role that connects the previous and the next in the movie and needs to be filmed abroad.

The location they chose for framing happened to be M Continent.

Jiang Li contacted Ye Wangchuan and said that he would drop by to see Qiao Nian.

Qiao Nian listened to him tell him roughly the ins and outs of the matter, but didn't say anything: "How long has he been on the plane, I'll pick him up."

Ye Wangchuan was a little surprised and paused: "Are you sure you want to pick up the plane?"

Qiao Nian raised his eyelids and didn't understand what he meant: "Huh? Their crew won't let you pick up the plane?"

"Not that."

Ye Wangchuan smiled: "If you want to go, I will accompany you there."

Qiao Nian nodded readily: "OK"

...

Early morning the next day.

The flight from Beijing to Mzhou landed at the airport.

This time it was filming in a different place, and the crew spent a lot of money to bring all the main members.

The female protagonist is the most popular Xiaohua Mu Yiyi at the moment, the male protagonist is Jing Yuan, one of the top players, and the male and female protagonists are both popular.

The most attractive gimmick of this movie is not the two major traffic, but a third supporting role - Jiang Li.

Brother Li has always regarded money as dung. He usually doesn't even bother to accept a few endorsements. Except for some big names who take the initiative to find him, he basically does not accept advertisements.

Fans have rarely seen him on the screen, but this time he actually agreed to take on the role in the movie. The career fans are full of tears, and the mother fans and girlfriend fans also shouted that my cubs are promising.

Airport, the crew just got off the plane.

The male and female protagonists and their respective assistants are standing together listening to the director tell them about the hotel they are staying in.

Because the weather in Continent M is hot, the ultraviolet rays outside are relatively strong.

The heroine's assistant also carefully held an umbrella for her, lest her delicate skin be tanned by the sun outside.

The male protagonist didn't have such a problem, but his cheeks were blushing after waiting.

The assistant frequently looked towards the exit of the plane and couldn't help but whispered, "Has Jiang Li got off the plane yet?"

"He seems to be going to get something, so it probably took some time." Jing Yuan looks handsome and speaks softly.

The assistant muttered: "Everyone is waiting for him to come down, and he is too big."

"Okay." Jing Yuan gave him a hand and gently explained for Jiang Li: "His sister seems to be here, he is taking a gift for her."

The assistant stopped talking.

On the contrary, Mu Yiyi's brows were furrowed, and her delicate face was very ugly. She kept fanning herself with a small fan, as if standing here for one more second was a humiliation to her, and asked the director very impatiently. : "When can we leave?"

The director looked at the exit of the plane and said casually, "Let's do it right away."

Mu Yiyi was dissatisfied, but did not dare to say anything more.

In her current position in the entertainment industry, she also knows some people in the Xuanhe circle, and has heard of Jiang Li's background.

She didn't know what Jiang Li's background was, but she also knew that Jiang Li was different from them.

Chapter 2759 His sister seems to be chasing the light

Although she is famous for her love of playing big names, she has a bad temper and is known as the 'true temperament' in the entertainment industry.

But she's not a fool either, she knows better than anyone when to go straight and when to restrain herself.

Mu Yiyi waited for a while, and finally saw a Jiang Li carefully carrying a box out of the plane.

When the director saw him, he immediately left the male and female protagonists to meet him, and had a familiar conversation with him: "What did you bring your sister, you are so careful, I don't think you have been so careful with your medieval guitar."

Jiang Li mentioned his younger sister, his brows and eyes were all warm: "She loves crayfish, I guess there is no such thing in M Continent. I packed a copy from Beijing and brought it to her."

The director looked at him in surprise.

Send a crayfish a thousand miles away? Gee! It's too much for my sister.

But the director didn't say much, patted him on the shoulder, and said, "Let's go, let's go out first, no one can wait."

Jiang Li knew who he was talking about at a glance, but he was just playing in the entertainment industry and didn't care what these people thought.

Just then, he received a call.

The director saw his eyes light up suddenly, and his voice became excited: "Well, are you coming to pick me up?"

Who?

Jiang Li is notoriously difficult to approach in the circle.

He is not Mu Yiyi's bad temper, but a gentleman, he basically does not have too much involvement in this circle.

can be said to be very cold.

But he can't see the slightest coldness at the moment, he is completely a girl control: "Okay, I'll wait for you at the terminal."

Mu Yiyi frowned involuntarily when she heard this, even her assistant was not very happy.

If Jiang Li doesn't go with them, what if they let them wait with you?

They may want to go back to the hotel early to rest.

Who wants to stay at the airport and wait for nothing, sister.

Fortunately, Jiang Li said next: "Are you already here?? Huh? Then I'll come out immediately, you wait for me."

The director couldn't help but put his hand on his shoulder and joked when he saw his appearance: "Your sister came to pick you up?"

"Ah." Jiang Li hung up the phone and was in a good mood, so he answered him generously.

The director immediately said, "How about I wait for the photographer to shoot a VCR for you, just as a behind-the-scenes movie?"

What he originally thought was to give the amateur sister a chance to appear.

Who knew that Jiang Li frowned slightly, and immediately stopped him seriously: "Forget the tidbits, she doesn't like going abroad."

The director nodded with a vague understanding, thinking to himself: Oh, Beijing Bai Fumei, a good student.

It is still Jing Yuan who likes to watch gossip on the Internet. The gentleman explained to the director: "I remember reading some news on the Internet before. Jiang Shao's sister should be... chasing the light, right?"

Director: "... " Worry? !

Chasing Light has been hidden for more than a year and has hardly been exposed, but the number of fans on her Weibo has been rising, and her popularity has not faded at all.

Jing Yuan mentioned this, he also remembered that Jiang Li seemed to have publicly maintained Chasing Light several times on the Internet, and Chasing Light also Aite crossing Jiang Li.

This is the news!

Now it is a proper hot search when it comes to chasing light.

He immediately caught the news spot and was about to open his mouth: "Young Master Jiang."

Jiang Li refused mercilessly: "Don't come! I can help you, but my sister can't."

"Her dad doesn't know that she has come to M continent. I want to get her a hot search. My old man has to kill me."

Chapter 2760 Jiang Shao, are you still afraid of your sister?

"Pfft, are you so afraid of your sister?" The director couldn't help laughing.

Jiang Li glanced at him sideways: "You will be afraid when you see her."

His family is a big guy of this level. He has never seen a third person except the BT of the arrogant master since he was a child.

"..."

The director has known him for many years and is a true friend.

Otherwise, Jiang Li would not have broken his own principles to help him.

So the director saw that he was serious, so he dismissed the idea: "Then will you come with us later?"

Jiang Li carried his own crayfish, thief baby, raised his eyes and said, "How can I check into the hotel if I don't go with you, let's go there together."

The director touched his beard and smiled: "Then you can introduce our sister to me later."

"Okay, a small question." Jiang Li readily agreed.

The director talked and laughed with Jiang Li along the way. From his attitude, you can see how close he is to everyone.

Jingyuan is a familiar person, and can catch up with them from time to time.

The female No. 1 Mu Yiyi didn't say much among the four people accompanying her.

She has a face at all times, her beautiful eyes are open and slightly narrowed, she doesn't seem to like to participate in everyone's chat, and she seems out of tune with the group...

Jiang Li himself is a flamboyant character, and he is just playing tickets in the circle, not to mention coaxing others, just pretending that he can't see it.

Jing Yuan is similar to Mu Yiyi, and his popularity is a little higher than Mu Yiyi. His girlfriend's fan is particularly strong, so he pretended not to see it.

Only the director, out of consideration for the overall situation, occasionally brings the topic to Mu Yiyi and wants to bring her in to communicate with everyone.

But Mu Yiyi and her assistant did not buy it.

Every time the director brought something to her head, she would respond with a perfunctory sentence or two, as if someone begged her, and the director felt bored after coming down several times, and ignored her.

Mu Yiyi's face became worse along the way, he put on his sunglasses and walked out of the gate with big strides.

The fans outside circled round and round.

Qiao Nian didn't squeeze in when he got to the airport, so he just waited outside the terminal.

She heard the airport broadcast informing Jiang Li that their flight luggage had landed. She was leaning on the side of the car, with her head lowered, and her phone in both hands, ready to send a message to Jiang Li.

Who knew that before her news was sent, Jiang Li called.

Qiao Nian deleted the edited WeChat, put the phone to his ear, and said in a lazy voice, "Hey, are you out yet?"

"Niannian, it may not be convenient for me to come and find you."

Jiangli heard the screams of fans screaming and tsunami, and there seemed to be a lot of people.

"The director said to go out through the VIP channel and get into the nanny van. Can we meet at the hotel?"

Qiao Nian could see fans holding banners from outside the terminal building. It was estimated that there were more fans on their side. He raised his eyebrows and turned to open the car door: "OK, send me the names of the hotels you are staying at. "

There seemed to be a lot of people over there. She also heard a middle-aged man shouting at him to get in the car quickly.

Jiang Li hurriedly said: "I'll send it to you immediately, hang up first."

...

After Qiao Nian got in the car, he put the phone in the car.

Ye Wangchuan tilted his head to look at her with deep black eyes: "Why, Jiang Li can't come out?"

Qiao Nian fastened his seat belt: "There are too many fans outside, he asked me to go to the hotel to find him."

Just at this moment, Jiang Li's WeChat popped up with the location address of the hotel.

Qiao Nian put the phone on the phone stand, turned on the navigation, and sat there very relaxed: "The crew lives in this hotel, let's go first."
