

Madam's 2761

Chapter 2761 Our suite must be booked to stay

Ye Wangchuan turned on the air conditioner in the car for her, his tone was soft and slow: "Take me as a driver?"

Qiao Nian raised the brim of his hat, glanced at him with beautiful eyes, put his hand down again, chuckled and said casually, "Thank you, Young Master Ye."

"..."what?

Ye Wuchuan's brows twitched and he looked at her deeply.

For a moment, he put his hand on the steering wheel to restart the car, turned the wheel, and said lazily: "Next time, remember to be more sincere when you say thank you."

Qiao Nian knew what he meant by 'sincerity', slumped into the seat, opened the window, looked out the window, and learned his usual operation. Naturally, he pretended to be dumb as if he didn't hear it...

"Hey, Qiao is smart in theology." Ye Wuchuan rolled out a chuckle from his throat, hoarse and charming.

Qiao Nian closed the car window again, put his hands on his lap and looked back at him, his dark eyes were dry and a little depressing: "Drive well."

"Okay." Ye Wuchuan restrained the frivolity on Jun's face, returned to his usual lazy and noble appearance, and did not continue.

...

The hotel located by Jiang Lifa is one of the most famous hotels in M Continent, and it is also a chain hotel, M.

An hour later, Qiao Nian arrived at M Hotel.

Ye Wuchuan went to put the car first, and she went in first.

As soon as she walked into the hotel, she heard a loud quarrel coming from the side of the hotel lobby.

"No! Our entertainers must live in the presidential suite. We wrote this clearly in the contract."

is talking about a woman in her twenties with short hair. She has a slightly fat body and looks inconspicuous. She is also wearing ordinary sports clothes.

But from the way she speaks and the tone of voice, it can be seen that she is not easy to get along with, and is quite a bit of a mean type.

The one who was standing opposite her and explained to her was a photographer who was still carrying photographic equipment and was sweating profusely: "It's not that we don't do things according to the contract. I didn't make an appointment before..."

"That's your problem, not ours." The round-faced and fat woman said coldly.

The photographer was in a hurry, and he lowered his voice to plead: "Sister Bibi, do yourself a favor, it's not easy for everyone to come out and make money. It's already like this, you tell Miss Mu Yiyi and let me Let her be accommodating, I'll make an appointment for her tonight, and I'll change the room tomorrow, can you just stay for one night?"

The round-faced woman hadn't spoken yet, but the photographer took her arm and pleaded, "Please, please, Director Li is already very angry, I don't want to lose my job."

The round-faced and slightly chubby woman hesitated for a moment, glanced at him, shook her hand and said, "Then I'll go and ask Yiyi for you."

"thanks, thanks."

"I'll say it first, there's nothing I can do if she doesn't want to, after all, it's your fault." The assistant was still bossy.

The photographer had to be grateful to others: "Okay, please tell me to Miss Mu Yiyi, thank you."

Qiao Nian glanced at him and saw the slightly fat assistant looking for a woman with curly maroon hair, exaggerated sunglasses and a mask.

She picked up her hand and walked towards Tai Jiangli and them.

The front desk Jiang Li was with the director and the male lead and other staff, and everyone was talking about living.

Director Li kept apologizing to them: "I didn't make arrangements this time. I'm really sorry. Everyone will be staying for one night tonight. I will definitely find a way to solve the housing problem tomorrow."

Chapter 2762 Sister Nian reunited with Jiang Li

He looked at Jiang Li and Jing Yuan in particular, with a guilty expression on his face: "Jiang Li, Jing Yuan, I'm really sorry."

Everyone in the entertainment industry has an unwritten rule that first-line big names and top players must live in the presidential suite to show their status.

The staff who booked the hotel this time did not know the rules here, and thought that the presidential suite could be checked in when he came.

Who knows that there will be reservations.

Now everyone can't live anymore.

Other staff members are okay, everyone has suffered so much, and they don't have so many requirements.

But the artist is not easy to say.

Jiang Li doesn't care where he lives.

Jing Yuan also showed that he was very knowledgeable and advised the director not to take it to heart.

The director saw that they didn't get angry because of the house, so he was relieved, and when he turned around, he saw Mu Yiyi's female assistant coming over.

"Our artist said that even if there is no presidential suite, she can sympathize with the difficulties of the crew. But she must live in a suite, and she needs two connected rooms, so as not to be too noisy next door and affect her rest at night..."

Mu Yiyi's requirements are common in the circle, but in a foreign country and there is no room, she insists on two connected suites, which is purely to embarrass others.

Sure enough, the director showed an embarrassed expression: "Two suites? But there is no room now."

The suites at the M Hotel do not need to be booked, but there are not so many rooms for them to choose from. What he thinks is that artists live in suites, and the staff and him live in ordinary standard

rooms. Who knew that Mu Yiyi would need two suites, one Take it to live, and the other one will be empty to live in?

The slightly fat female assistant frowned, a little unhappy: "We have already made concessions, you can't let our artists live in the third-tier standard, right?"

"I didn't mean that, but it's really difficult now..."

Before he could finish his words, the female assistant interrupted coldly: "Anyway, we have already made concessions. If you can't even satisfy this, we don't want to cooperate."

Jiang Li frowned and became impatient.

He has heard that some female stars in the circle like to act as demons, but he plays music and rarely contacts people in this circle.

He has never seen a few big players.

This is the first time I have seen such an unreasonable big-name game. He is about to run out of patience and is about to speak for the director.

A voice suddenly came in from behind them.

The girl's voice was slightly hoarse, quite lazy, and had a kind of arrogance and arbitrariness: "Isn't it the presidential suite? I'll book it."

The group all looked in the direction of the sound.

Jiang Li was surprised and happy, leaving the crowd and running over: "Nian Nian."

The slightly fat female assistant also saw the girl standing three steps away from them. She looked quite young, with a very low hat. She only saw the girl's snow-white chin and neck. She was wearing a simple white T-shirt and casual clothes. pants.

The girl has a kind of temperament all over her body, which is quite unique and unforgettable.

"Who is she?" The female assistant was a little unhappy and her voice was not loud: "Why are you still eavesdropping on other people's speech?"

Jing Yuan folded his arms around his chest, looking at her like a fool, with a gentlemanly demeanor: "Didn't Jiang Shao call her Nian Nian? It should be his sister."

Chasing light.

He has seen the news of this guy. His popularity was high before, and he has been invisible in the entertainment industry for more than a year. He did not expect that he was in M continent.

The female assistant also remembered that they said that Jiang Li's sister was the musical genius, and her popularity was quite high.

Chapter 2763 Sister Nian booked her a room

She frowned slightly. Out of the inertia of the circle, she didn't say anything to offend the other party, but she didn't take it seriously.

What if the popularity of chasing light is high? It's not a serious mixed circle. To put it bluntly, in the circle, this kind of thing is called Internet celebrity.

is the most unpopular being.

Qiao Nian briefly chatted with Jiang Li, then raised his chin and looked in the direction of the female assistant. The black eyes were extremely dark and asked him: "You didn't get a room?"

Jiang Li followed her gaze, and immediately showed a disgusted expression: "Ignore her!"

Qiao Nian heard Ye Wangchuan say that he has a good relationship with the director. With the attitude of helping Jiang Li's friends, he walked to the front desk and turned to ask them, "How many rooms do you want?"

"Huh?" The director and others were stunned.

Qiao Nian took out a small pendant of the Privy Council and placed it at the front desk of the hotel, leaned there again, and said casually, "How many presidential suites do you want?"

The front desk of the hotel verified her identity on the magnetic card, and quickly returned the pendant to her with both hands, and said to Qiao Nian: "The hotel still has 6 presidential suites that are all vacant. You can see how many you need, and I will check in for you immediately."

The director has been grinding his mouth here before, and the front desk of the hotel has an attitude of not entering the oil and the salt.

Whether they add money or pay for a week... The front desk always says that, we need to make an appointment!

As soon as Qiao Nian came, he gave the front desk a black thing that he didn't know anything about, and his attitude turned 180 degrees.

Director Li and his group went from being surprised at first to reacting, and immediately glanced at Jiang Li, wanting to ask him what was going on.

While politely thanked the girl: "You are Jiang Li's sister, right? Then I'll trouble you, I'm not polite to you, I'll treat you to dinner when you return to Beijing."

"Well, it's fine." Qiao Nian gave him face, answered and asked them, "How many rooms do you want?"

Director Li immediately tilted his head and asked the people around him, "Jiang Li, do you want the presidential suite?"

"I'll just live in a normal room." Jiang Li glanced at the slightly fat female assistant.

Director Li hummed, then turned to ask another big name: "Jing Yuan, how about you? Do you want to change rooms?"

Jing Yuan, a smart person, immediately smiled and said, "Young Master Jiang doesn't change rooms. I'll just stay in the room you've reserved just like Young Master Jiang. It's not good to bother others to follow the light."

His peach blossom eyes looked curiously in the direction of the girl, Jiang Li felt that his exploratory gaze immediately blocked Qiao Nian behind him, and immediately showed him back.

Jing Yuan touched his nose and looked back awkwardly.

"Okay." Director Li was very happy to solve this trouble. When he saw the female assistant, his attitude was much colder: "Then Mu Yiyi has a suite, right?"

Jiang Li doesn't need to change rooms, nor does Jing Yuan.

This appears to be a special work by Mu Yiyi.

The female assistant was very embarrassed and coughed: "It's written in the contract, and we didn't mean to embarrass the director."

Director Li didn't want to bother with her, so he agreed, and politely said to Qiao Nian, "We just need a room."

Qiao Nian turned around and spoke to the front desk.

The front desk itself heard them communicate there, and quickly got things done without asking for their IDs, and handed them the room card very respectfully.

"Dear guests, we will have staff coming to help deliver the luggage to the room later, please wait a moment."

Director Li took the room cards and distributed them one by one.

He specially handed the room card of the presidential suite to Mu Yiyi's female assistant, and smiled: "This is your room card, take it yourself."

Mu Yiyi's female assistant embarrassedly took the room card and said thank you and ran away.

Chapter 2764 What are you afraid of, I'm not nobody behind me

Jiang Li watched the other party leave with cold eyes, turned around and took the crayfish he brought with him. With a bright smile under his handsome eyebrows, he pulled Qiao Nian and said, "Let's go, I brought you something good."

Qiao Nian raised his hand and pressed the cap, followed behind him: "What good thing?"

"Something you must love!"

After Jiang Li finished speaking, he turned around and greeted Director Li and his party, "Director, I'll go up first, you guys can take it slow."

"Okay, let's go up." Director Li had to stay and deal with everyone's check-in before returning to the room to rest, so he was very enthusiastic and asked them to go back to the hotel room first, while politely thanking Qiao Nian again: "Thank you so much this time, Miss Joe."

"It's okay." Qiao Nian glanced aside and said to him, "Then let's go up first."

Director Li waved his hand and smiled without delaying them: "Go, go."

...

On the other side, Mu Yiyi's female assistant and her are also going back to the room to put their luggage first.

Coincidentally, the two sides just touch each other, and they are the same elevator.

Mu Yiyi covered her face with sunglasses the whole time, looking rather cold and indifferent.

Her assistant looked embarrassed after passing by just now, and occasionally glanced in Qiao Nian's direction.

Jiang Li has always had a violent temper, and Mu Yiyi put on a big-name air, and he was even more lazy to deal with it.

Wait for the elevator to reach their floor.

He immediately walked out of the elevator and said to the girl, "Niannian, let's go."

"Well." Qiao Nian didn't look at the two people in the elevator, and followed him out.

The elevator door 'clicked' shut, this time to the presidential suite on the top floor.

There was no one else in the elevator, so Mu Yiyi's female assistant whispered, "Yiyi, will we offend Director Li by doing this?"

The beautiful eyes behind Mu Yiyi's sunglasses raised it disapprovingly, and lowered the frame of the sunglasses with his hand: "There are so many directors in the circle who want to work with me, and I can't even read the book, so I'll offend if I offend."

"But Sister Qing said that if we want to stay in the circle for a long time, we need to have a good relationship with the people around us and try to offend people as little as possible." She was talking about Mu Yiyi's agent and one of the big agents in the circle.

A big manager like Ren Qing will not bring only one artist, Mu Yiyi is only one of the artists she brings, so this time Ren Qing arranged for her an assistant to follow her, and she stayed in China to deal with the related matters of the brokerage company.

The slightly fat female assistant's face was not very good-looking, and her eyes revealed fear: "And we seem to have offended Jiang Li this time. It is rumored that Jiang Li has the backing of capital..."

Mu Yiyi frowned mostly with boredom, and interrupted her: "What are you afraid of, I don't have a company behind me."

The female assistant showed all the expressions she was thinking about, and after thinking for a moment, she put her heart down.

What Mu Yiyi said has some truth.

There is a certain backstage behind the entertainment industry artists, especially the already famous artist Mu Yiyi has complicated personal connections and entangled interests.

The boss behind their own entertainment company is not a vegetarian, and it is said that he has an inseparable relationship with the top circle in Beijing.

That's it.

At the beginning, many news about Hei Mu Yiyi could not be on the hot search, and the company gradually promoted people to the position of the popular little flower today.

The elevator was on its way to the top floor.

Mu Yiyi waited for her to open the door, her hand painted with delicate nails held her phone and lowered her head to play for a while, suddenly she raised her head and said to the female assistant: "By the way, I just took a picture, wait for help. I'll post on Weibo."

Chapter 2765 Do something, send a photo on Weibo

"Okay." The female assistant had already opened the door with the key card, and came back and pushed her luggage in. She agreed very readily: "You should do more business, or the fans will miss you again."

Mu Yiyi handed her the phone and walked in: "Just that photo, can you help me check the content of the post?"

The artist's Weibo is mostly handed over to the company to take care of it, but Mu Yiyi is young and addicted to the Internet, so people are more troublesome.

In the past, when she played Weibo, she could always catch hot topics, and she often marketed hot topics for herself, so the company did not care about her so strictly, and she left Weibo to play by herself.

At this moment, the female assistant took the mobile phone from her and looked at it. At first glance, she didn't see the clue. Immediately, she found that the Weibo photo that Mu Yiyi was going to post was wrong...

She zoomed in on the photo, and she found that in the background of Mu Yiyi's selfie, there was a photo of a girl wearing a peaked cap, standing with Jiang Li and Jing Yuan.

Looking at it from the angle of Mu Yiyi taking pictures, Qiao Nian seems to be very close to Jing Yuan, it looks like... a couple in love!

The female assistant suddenly frowned and turned to look at her with the phone: "Yiyi, this photo..."

Jing Yuan's girlfriend fans are famous in the circle for their strong fighting ability, tearing up all the big and small flowers in the circle. Mu Yiyi cooperated with Jing Yuan this time and was chased and scolded by the opponent's fans for a long time.

If this photo was posted to Qiao Nian, who was noticed by fans in the corner, he still didn't know what would happen.

Mu Yiyi took off her sunglasses to reveal a pair of charming eyes, looking innocent, and asked her: "What's wrong with this photo?"

The female assistant was a little worried: "Didn't the director and Jiang Li say that his sister would not be allowed to leave the country? In case this photo is seen by interested fans..."

"Fans can see it when they see it. If it's a big deal, I will send another Weibo to help her explain it. It's also a thank you for the room she helped me book."

The female assistant's face was not very good, and she was still very hesitant.

Mu Yiyi put the sunglasses on the table, and continued with a cold and charming face: "I'm not afraid of being hacked in the circle, but I'm afraid that there will be no popularity. I am also thinking of us. I will not make a hot search this week after I came out, and I will go back to the website to check the business value. The rankings are going down again."

"Besides, I didn't say anything, I just posted a selfie photo."

"Jiang Li is not that stingy. He never conflicts with people in the entertainment industry, and he doesn't care about me."

The female assistant was relieved a lot by her persuasion, but she still asked hesitantly, "Should we ask Sister Su Qing first?"

She hasn't finished speaking yet.

Mu Yiyi was not very happy: "I'll just post a Weibo, it's not a big deal, there's nothing to discuss."

She grabbed her mobile phone from the assistant, pressed send, watched the latest updates on her Weibo page, threw the phone back, and said coldly: "I took a bath, put on a mask and fell asleep, and I won't go out at night. It's time for dinner. You tell the director and the others that I will be scheduled to shoot after ten o'clock tomorrow morning."

The female assistant saw that she had posted it, and she was like nothing else. Although she didn't feel good in her heart, she didn't think about it anymore. She didn't think about it any more. As Mu Yiyi said, "Okay, I'll go down and talk to Director Li."

Mu Yiyi walked into the high-end bathroom of the suite and said from inside, "Go out and bring me the door."

The female assistant didn't need to tell her, she helped her pack the three big boxes and hurriedly went downstairs to the director to discuss the arrangement of the scenes.

Chapter 2766 Sister Nian knows

Downstairs, Jiang Li's suite.

The suite faces the river and is transparent from north to south. It consists of a master bedroom and a living room. The light and luxurious style looks very atmospheric.

He used the hotel's own microwave to heat Qiao Nian's spicy crayfish, then brought it out, and said cheerfully, "Come and try the taste, I will go to the one you like to eat and bring it for you."

Qiao Nian watched him hurriedly put the takeaway box in front of him, and found gloves for himself, so he slowly changed into disposable gloves for eating, just about to eat.

The phone on the table lights up.

Jiang Li dragged away the chair opposite her and sat down, just in time to see: "Who is it? Lord?"

He knew that Ye Wuchuan had gone to park the car, and he would come up soon.

Qiao Nian also thought it was Ye Wuchuan, and just picked up the phone and pressed it to tell him the number of Jiang Li's suite, but who knew it was Qin Si looking for her when he looked down.

【Sister Qiao, what's your situation? Didn't you and the wrong master go to pick up Jiang Li? How to get on the hot search. 】

There is also a screenshot below.

She opened it and saw that her name was on the hot search, followed by an unknown person's name.

"Who is Jing Yuan?" She asked Jiang Li with black eyes.

Jiang Li took the initiative to help her peel the shrimp when she was not free, but after peeling three shrimps, he heard Qiao Nian ask him about Jing Yuan.

He said casually, "Just downstairs you met that man, the one next to the director. He was tall and white, and he thanked you."

Qiao Nian nodded, his eyes narrowed slightly.

Jiang Li reacted and realized that something was wrong, and put down the crayfish that was making her look at her: "What did you ask him for?"

Qiao Nian handed over the phone and said with a blank face, "I followed him on the hot search."

"You don't know what hot search you are on..." Jiang Li was originally confused, but when he saw the picture on the mobile phone handed to him by Qiao Nian, he stood up and walked on the hotel carpet for two minutes. Quan, his face was ashen, and he scolded coldly: "She is a dead man? Even my sister dares to use it to hype?"

Jing Yuan's fans on Weibo were scolding very ugly, they said anything, many female fans bit the woman to death and posted it, and also said that they wanted information about the woman.

Jiang Li was even more angry when he saw it.

He returned the phone to the girl, went to the bed to pick up his phone, and said solemnly; "I'll let them settle it right away."

*

Jiang Li called the director directly.

The director didn't expect Mu Yiyi to do a bad thing for himself in the blink of an eye, so he quickly went to Weibo to take a look.

As Jiang Li said, Qiao Nian is ranked 18th on the hot search list. According to this popularity, he will rush into the top ten in less than two hours.

This is when fans didn't notice that Qiao Nian was chasing the light.

Once fans discover the identity of the woman, the combination of talented musicians and top male stars is enough to detonate the topic.

The popularity of this kind of vain should be said that the crew should be happy, after all, everyone will pay attention to the movie when they eat melon.

But the problem is that Jiang Li was very serious on the phone. He directly told him that if this matter could not be solved, he would not make the movie, and the people he offended this time were enough to make him quit the circle...

Jiang Li is a person in the top circle of Beijing City. Director Li has a good relationship with him, so he naturally knows a little bit of the inside story.

Someone stronger than Jiang Li?

He couldn't imagine what level of person he could be.

Director Li was as anxious as an ant on a hot pot, and contacted Jing Yuan as soon as possible to ask him to find a way to appease the fans.

On the other side, he immediately contacted Mu Yiyi.

Chapter 2767 The director came to the door, you deleted the Weibo

Mu Yiyi didn't answer the phone in the bath, the female assistant came down to meet him, and was about to tell him that the artist wanted to start work at ten o'clock tomorrow morning: "Director Li, our family Yiyi is too tired to fly, I want to talk to you. Communicate with the play schedule."

"You came just in time." The director saw that her eyes were red, he grabbed her and asked, "Do you know about Mu Yiyi's selfie on the Internet?"

The short-haired female assistant showed a flickering expression at the time, and denied: "What selfie? I don't know. What's wrong with her taking a selfie?"

"She took the chasing light in!" The director was very annoyed and couldn't hold back his anger: "Didn't I say that people don't leave the country? What kind of plane is she flying!"

The female assistant didn't expect him to be so angry, and she denied it there: "She probably didn't do it on purpose, maybe she accidentally took a photo while taking a selfie. Don't be angry, I'll send another Weibo to help explain."

"Heh!" The director shook her hand away: "Do you think I don't know your secret tricks? I've heard that she likes to be hot, and she used to touch the big names of porcelain cooperation, but this time it was such a coincidence. ? There are so many coincidences in the world?"

He said it very badly, it could be said that he just barely pointed at Mu Yiyi's nose.

The female assistant's face was blue and red, and she was embarrassed but she was not afraid to talk back to others and say that everything was a coincidence.

The director turned to look for someone: "Which room is she in, I'll go find her!"

...

The doorbell outside the presidential suite kept ringing.

Mu Yiyi had just taken a bath for a while. She put on her bathrobe and opened the door halfway through. Her hair was still wet, and her expression was naturally unsightly.

She saw Director Li coming to the door, but her eyes flickered, she suppressed her small temper, and politely shouted: "Director."

said that, and made way for the other party to come in first.

Director Li didn't go in, but stood at the door and said to her, "You delete your Weibo now, and I will find someone to pressure you and try to minimize the impact of the matter."

Mu Yiyi reacted, and her originally ugly face suddenly became even more ugly, and she immediately started Tai Chi there: "What Weibo? Did I post a selfie before? It's okay for me to post a selfie."

Director Li's expression got worse, and he saw the attack.

The female assistant who hurried over hurriedly made a round in the middle, winked at her, and explained deliberately: "Yiyi, you accidentally photographed Jiang Li's sister on Weibo, and she is on the hot search."

Mu Yiyi knew that Director Li was here for this matter, but it was hard to show that he knew.

After the assistant explained this, she pushed the boat and said, "Oh? Did I accidentally photograph someone else?"

Director Li looked bad: "You delete Weibo."

Mu Yiyi was upset, but she pouted and said apologetically: "I posted all the posts, and the fans are quite happy. Suddenly deleting Weibo at this time will cause fans to think wildly."

According to her previous thoughts, she said "well-intentioned": "Or else, I will send a Weibo to clarify, saying that I accidentally photographed someone else."

She finished speaking, without waiting for the director to speak.

Mu Yiyi's bright eyes were kind, and she looked over innocently: "That... do you mind chasing the light?"

She was quite humiliated and hesitated for a while: "How about this, which room is she in? I'll go and apologize to her face to face."

Director Li could hear what she meant: One, Weibo will definitely not be deleted! Second, you can say sorry to Qiao Nian.

Then this matter is over with her.

Chapter 2768 Yiyi, that chasing light probably has some background, right?

Director Li laughed angrily after hearing this. She laughed angrily, stared at her for a long time and looked away: "Okay, if you don't delete it, don't delete it, just don't regret it."

Mu Yiyi didn't answer when he heard the words, as if he didn't take it seriously, and there was a cold and arrogant air in the corners of his eyes and brows.

What if she doesn't delete it?

She is escorted by the company behind her, and she is not afraid of Jiang Li himself, let alone a half-circle musician.

Director Li saw what she was thinking, and immediately sneered, turned around and left.

Waiting for Director Li's back to disappear in the corridor, the short-haired female assistant pressed down on her temples and tilted her head to discuss with Mu Yiyi: "Yiyi, I don't think Director Li's attitude has any background in chasing the light, right?"

This circle is not afraid of offending people, but is afraid of offending some people who can't be offended, otherwise you won't even know how you died in the end.

Resource cafes with backgrounds are harder to deal with than first-line big names!

Mu Yiyi let go of her hand and walked inside: "What background can she have? It's nothing more than Jiang Li's background. It's not him who I offend, and he just doesn't like me at best."

"I see what Director Li meant... That girl has other backgrounds, not just Jiang Li." The female assistant followed her back to the room, feeling uneasy.

Mu Yiyi picked up the mobile phone that was charged before going into the bath, glanced at the popular Weibo, raised the corner of his mouth slightly, and said without raising his head: "If you are so worried, I will send a clarification on Weibo. already."

As she spoke, she walked over to the sofa and sat down. She started editing the 'Clarification' Weibo, thinking about how many hot topics she could be on.

For example #Muyiyiclarifies#, #Muyiyi said XXXX#, the hot searches she has harvested over and over are enough for her to maintain commercial value for a period of time.

The female assistant felt more and more uneasy when she saw that she was dedicated to posting Weibo there. She went to the kitchen to get herself a glass of water, and Gululu drank half a glass. Mu Yiyi of Weibo said: "Just in case, I'll go and tell Sister Qing."

Mu Yiyi has edited the clarified Weibo, and is choosing pictures. Hearing that, she finally raised her charming eyes and glanced at her, pouted her lips, and said, "Whatever you want."

The female assistant took the mobile phone and hurried to the balcony, ready to go to the balcony to contact the company to see if they could investigate the background of chasing light...

in the room.

Mu Yiyi has already selected the picture.

She is very good at pulling, stepping, and touching porcelain. By these means, she has rubbed herself all the way to the position of a popular little flower, and she is very good at handling such controversial matters.

She deliberately selected a few normalizing emojis on the Internet, gathered enough 6 squares, and sent them out.

Weibo will be refreshed soon.

Mu Yiyi looked at her latest news, and leaned on the sofa to appreciate the fans' replies. She even grabbed the bathrobe, and happily picked two fans to interact with them...

*

Beijing City.

Su Qing said hello to the magazine side after receiving the call from the assistant, walked out of the studio to answer the phone: "Who are you talking about?"

The female assistant told her on the phone to briefly repeat what happened here.

Su Qingliu raised her eyebrows and was so angry that she couldn't control her voice in the corridor and said loudly, "Didn't I tell you to look at her? Why don't you ask her to provoke Jiang Li? You don't know Jiang Li has a background, no? People in our circle?"

Chapter 2769 The flood washed the Dragon King Temple, the family did not know the family

"I stopped Yiyi, but I didn't. She didn't listen to my advice." The female assistant defended in a low voice again.

Su Qing thought of Jiang Li's background, pressed her temples, and turned her head to see the staff who walked past peeking at her.

She suppressed her anger, lowered her decibel and said, "Wait a minute, I'll ask someone to ask."

The female assistant hurriedly thanked her: "Thank you, Sister Qing."

Su Qing was so annoyed by Mu Yiyi that she lowered her voice and warned: "Keep an eye on her, don't cause me any more trouble!"

"Ok okay."

Su Qing hung up the phone and hurriedly called the big boss behind the company.

Their company is not large in the entertainment industry, and there are not many artists who have signed contracts. It seems that they are not as formal as some big entertainment companies, but their comprehensive strength is extremely strong!

All of this depends on the big boss behind the company. Like Jiang Li, their big boss is not from this circle.

He opened an entertainment company in the nature of playing tickets.

But his identity is there. Su Qing and others rely on his relationship to negotiate cooperation with major platforms. Nine times out of ten, they can succeed.

So whether it is Mu Yiyi or other artists in the company, these people follow to eat dividends a lot. No matter how you act as a monster, there is a platform to help you.

"Hello." As soon as Su Qing got on the phone, he quickly reported the matter to the other party, and then asked cautiously, "Young Master Wei, do you know the background of the Jiang family in Beijing? Can you come forward and talk to the Jiang family? Let's negotiate, or talk to Jiang Li, and say that the flood rushed to the Dragon King Temple, and the family collided with the family, so let's just forget about it? I'll ask the artist to delete Weibo."

She knew the identity of this Young Master Wei, and naturally knew that if the other party was willing to speak, Jiang Li's family would have to look at this person's face even if he had some background.

That's why she wanted the big boss to come forward and communicate with each other.

Su Qing said that it was communication, but it was actually a form of bullying.

The public relations tricks in the circle are all that is blunt, and the most useful thing is this kind of use of power to stop other people's mouths!

This method is crude, but very useful.

"Who are you talking about?" The other end took a long time to get back to her.

Su Qing couldn't understand the other party's mind, so he quickly said: "Jiang Li, our artist offended his sister, and she is also a musician in the entertainment industry."

Weilou really didn't expect to encounter such a thing, sneered, and said extremely indifferently: "Since you offend others, then block it."

"?"

Su Qing was stunned for a while, and some reacted, thinking that she didn't make it clear, and then she wanted to make it clearer: "Master Wei, Mu Yiyi is an artist in our company, and it is still on the rise, and he has a lot of endorsements on his back. And the film and television drama to be broadcast, she

overturned at this time, we will face a large number of claims from the brand side and the film and television side, and it will also bring trouble to the company and you..."

"I said block, don't you understand?" Wei Lou was not so patient.

Su Qing has reacted this time, and he has become uncertain in his heart, and he is careful: "Master Wei, is there something special about Jiang Li's sister?"

There was a noisy conversation over there in the guard building, it sounded like he was abroad, and someone even called him by his name, he looked very busy.

"She's not someone you can offend."

"Young Master Wei..." Su Qing wanted to ask him about the situation of chasing the light. After a few words with someone at Weilou, he told her that he was busy and hung up the phone.

Su Qing was a little dumbfounded.

Chapter 2770 Cousin, don't you know the hidden family?

The staff of the magazine also came out to find her: "Sister Qing, the editor-in-chief wants to communicate with you about a detail, you see..."

Su Qing slowly put down her phone, her headache was cracking, she pretended to be okay and said to her: "You go in first, I'll be right over."

"Okay, I'll go first."

The staff did not dare to disturb her, so they walked away first.

...

Su Qing opened Weibo and found Mu Yiyi's account.

She saw that the latest clarification was published ten minutes ago, and it was Mu Yiyi's usual self-defeating style.

probably means that I am old and blind, I will pay attention next time, and then add a few emojis that play tricks.

Her fans commented below, and most of them were relatively friendly comments.

Su Qing went to see the hot search list again, and found that several topics related to Mu Yiyi began to rush up.

She used to admire Mu Yiyi, an artist who would hype herself, but now Su Qing just finds it annoying.

She sent a text message to Mu Yiyi: "Delete Weibo to me immediately!"

Then Su Qing went to see Jiang Li.

Jiang Li and Chaiguang's personal accounts have not been updated, especially the Weibo account of Chasing Guang. The last update was a year ago, and it seemed very quiet.

Su Qing had an illusion that only they cared about this matter.

But she was able to become a big manager in the circle, not because of her naivety, but because she really had some skill in it.

She remembered the attitude of Wei Lou just now, shook her head and threw out her unrealistic thoughts, and then thought of her cousin, thinking that she would just die as a horse doctor, and called the other party...

She has had a good time outside these years, and the phone call didn't take long to get through.

Su Qing immediately said with a serious face: "Hey, cousin, you didn't tell me you knew someone from a hidden family before, I have something to ask you for help..."

the other side.

Qiao Nian has not stopped all kinds of news since Qin Si sent her a message.

First, Zhang Yang and the others were well-informed, and they ran over to ask her carefully if the person on the hot search on Weibo was her.

Then Chen Yuan asked her how she got to M Continent.

Even Bo Zheng, who usually doesn't like gossip, was asking her if Ye Wangchuan was traveling abroad with her.

Qingda's group was even more lively.

Qiao Nian saw that they made the previous post guessing why she dropped out of school as popular again, and it will take a long time to see this popularity.

"Is this woman sick?!" Jiang Li was also following the trending searches on the Internet.

He was irritated and Mu Yiyi was still rubbing off on Qiao Nian's enthusiasm, so Director Li came to the door.

Jiang Li heard the knock on the door and immediately said, "I'll open the door."

He hurried over to open the door, saw the director looking for him outside the door, turned to let him in, and then asked angrily, "What's wrong with her? Why did she post another Weibo? She's catching my sister to gain popularity. Right?!"

Jiang Li was obviously angry when he said this, and there was a layer of sullenness over his eyebrows. If he hadn't seen his relationship with the director for many years, he would have had a direct attack without caring about the crew.

Director Li is not a fool, he knows why Jiang Li informed him first rather than settle accounts with Mu Yiyi directly.

He entered the door with a sigh, glanced in Qiao Nian's direction, and was also very depressed, and whispered to him: "You know that Mu Yiyi's character is not good, she has always relied on this method to rise to the top, and she has stepped on several flowers before. , everyone suffered from her loss."
