

Madam's 2791

Chapter 2791 The person is still in a coma

That night, when Leonard was sleeping, he was woken up, and then he received Rekai with only one breath left.

Lei Kai was covered in blood, and Leonard didn't have time to ask the other party what was going on, so he quickly sent Lei Kai to the hospital for rescue.

at the same time.

Ji Ziyin also received a call from Leonard before eight in the morning.

"Hey, Mr. Lei." She hadn't woken up yet, she picked up the phone, got up and turned on the side light switch, rubbed her face, and said, "Are you looking for me?"

Leonard followed the servants to take Lekai to the hospital at six o'clock, Lekai was pushed into the operating room at seven o'clock, and he found out who did it at eight o'clock.

He walked out of the hospital in a rage and called Ji Ziyin: "You know Qiao Nian, do you know what happened to Yuan Yongqin? What is her relationship with that Yuan Yongqin?"

Ji Ziyin woke up suddenly from sleep, immediately lifted the quilt to get up, and asked cautiously, "Lao Lei, what happened?"

Leonard still didn't know that she was involved in this matter, let alone that Lei Kai wanted to move Yuan Yongqin because of her 'pointing' behind her.

He wanted to ask Ji Ziyin about things, but he didn't hide it from her: "Qiao Nian brought a side member of me into the hospital, and the person is still being rescued. The doctor said that even if the person was rescued, it would be useless."

Ji Ziyin heard him say that Qiao Nian brought Lei Kai to the hospital, and it was so serious, her mind went blank for a moment, and she became frightened and uneasy.

How dare Qiao Nian...

Her fingertips trembled and her throat tightened. She didn't dare to let Leonard find her strange and couldn't calm down: "She, is she crazy?"

Leonard got in the car and told the driver to go back. Hearing Ji Ziyin's sharp questioning, he said coldly, "I don't know either."

There is something odd about this.

For example, how could Lei Kai think of touching a woman in Beijing.

How could Qiao Nian react so badly, directly maiming the person and sending it to his door, completely tearing his face.

Leonard also wanted to find out what happened, but Lekai was in a coma now, and he couldn't ask anyone to ask.

"Lekai hasn't woken up yet, we'll have to wait until he wakes up."

"..."

Ji Ziyin was extremely uneasy, she couldn't help but let out a sigh of relief when she heard this. She supported the table with her hands only to realize that her legs were so weak that she almost couldn't stand.

She calmed down a bit, her mind turned, and she slowly said, "I don't know much about it, but I only know that she has a few people she values very much."

"This Yuan Yongqin is one of them. She stayed with her when she was still around the city, gave her a lot of help, and later moved the company headquarters to Beijing with her... Anyway, I've known her for a long time, it's her The elder who cares more, she seems to respect this person very much."

Leonard didn't expect that there were such tricks in it, and when he thought of Lei Kai running behind his back to move Qiao Nian's elders, he couldn't get out of his anger. .

It's just that he was out of anger and wanted to kill Lei Kai and kill Lei Kai.

Qiao Nian is too overbearing this time.

To have someone send Lei Kai to his house is no longer a matter of giving face or not, it is simply not taking him seriously.

is ten times, a hundred times more arrogant than robbing people at the airport before!

If he doesn't care anymore, the face of the Leonard family will be rubbed under the feet of others, so where will his old face go.

"I see." He figured out the ins and outs of the matter, so he stopped talking to Ji Ziyin and hung up the phone.

Chapter 2792 Ji Ziyin behaved well this time

the other side.

Ji Ziyin didn't find a place to sit down long after he hung up the phone, but stood by the open window, frowning slightly, the panic and anxiety on the goose egg's face.

She didn't expect Qiao Nian to be so crazy, so she sent Lei Kai directly to the hospital for rescue.

Her heart was beating very fast, and she knew very well that once Qiao Nian found out that she was also involved in this matter, she would never end up much better than Lei Kai...

After all, Ji Ziyin is someone who has seen strong winds and waves. After a brief panic and nervousness, she quickly adjusted her mood.

When she calmed down a little, she called someone: "Hey, help me with something."

ten minutes later.

Ji Ziyin's tense muscles all loosened up, and she said to the person on the other end, "After you erase those traces, she won't find me again, right?"

The man was very cautious: "Theoretically not."

Ji Ziyin almost couldn't hold back, but finally relied on strong self-control to endure it, walked to the window, and said solemnly: "I hope you sweep my tail clean, and don't let anyone find me on the head."

Several forces in the Independent Continent knew that she was courting the hidden family and her majesty the queen behind her, and many people secretly turned to her.

Ji Ziyin failed several times to learn, and specially took in a hacker who was kicked out of the hacker alliance.

She has investigated the person's background.

This person's level can be ranked in the top three in the Hacker Alliance, but he is a big gambler, and the alliance has solved his gambling debts several times.

He never changed his bad habits, and over time, the Hacker Union gave up on him.

Ji Ziyin took action to settle the money owed for him under such circumstances, and found someone to arrange a place for him...

She did this to prevent one day from encountering this predicament, and now this person can come in handy.

"I understand." Seeing Ji Ziyin's words being so serious, the man said solemnly, "Miss Ji, don't worry, I will wipe away your traces."

"Well." Ji Ziyin's eyes flashed slightly, the corners of her mouth raised slightly, she felt more relieved, and did not forget to buy people's hearts: "Thank you for your hard work."

The man himself was very grateful to her, so he said with sincerity: "You saved my life, you don't have to be polite to me."

**

m country, at noon.

In a dilapidated alley in an old neighborhood, a small clinic that usually opens its doors on time is still closing the door when the sun rises today.

Occasionally, passers-by will glance at the small clinic to see if the old doctor who is always sitting there dozing in the small clinic is sleeping.

But there is really no one here.

Most people don't notice this humble clinic.

The outside of the clinic is peaceful and peaceful, but the inside is a different world.

"Old man, are you all right?" A tattooed man who was familiar with him took out the instant noodle from the small refrigerator in the clinic, sat down in front of the old doctor with the instant noodle in his hand, and questioned viciously.

There are seven or eight people in this small clinic.

The old doctor in the clinic was shivering with fright, his legs trembled uncontrollably, he couldn't take it anymore, he threw himself down on the man's knees, grabbed his trouser legs and begged for mercy: "I'm really, really can't do anything... I beg you to send him to the hospital go."

"She has had a high fever all night, and if it doesn't go away, she will die!"

Not far away, on a physiotherapy bed with a width of less than 1.2 meters lay a woman covered in blood. The woman still had water hanging from her wrist, her eyes were closed, her face was flushed, her lips were chapped, and she looked very unstable. ...

Chapter 2793 Miss Qiao, found Mr. Yuan

"Send people to the hospital. It's too late to send them there now, if it's a little later..." The old doctor's voice trembled and he kept begging them.

"Go away!" The man with tattoos didn't eat this, and scolded him and kicked him away.

turned around and asked the others impatiently: "You haven't gotten through to Master Kai's call yet?"

The rest of the people shook their heads in disbelief.

"No, I can't contact Master Kai."

"Me too, since I called him last night, I haven't been able to get in touch with anyone."

"I've called seven or eight times, and Master Kai's phone is turned off."

Someone was more vigilant, looked at the tattooed man, and said very worriedly: "Big brother, Kai Shao, he won't have any trouble, right? Otherwise, why have we lost contact since last night."

The tattooed man frowned and didn't answer him for a while.

The man continued to purse his lips and motioned him to look at the unconscious Yuan Yongqin: "Master Kai attaches great importance to this woman, and he asked us to save her life before... We can't get through to him when we look back. I always think that something may have happened to him."

"What can happen to him?"

The man murmured, "Where is this accurate?"

The tattooed man interrupted him impatiently: "Okay, there is a hidden family behind him! Who can move him? Instead of worrying about these, you should worry about the life of this woman..."

Several people are talking.

Suddenly there was a sound from the rolling shutter outside the door. Before they could react, the rolling shutter had been destroyed and opened from the outside.

"Someone!"

"Damn, who?"

Everyone was shocked.

"Just ask this old man." Someone else went to grab the old doctor who was slumped on the ground.

There was chaos inside.

Until the shutters were fully opened, they could see clearly what was going on outside.

In the narrow alleys of the block, at least seven or eight cars were parked, and the cars were full of people with guns, and dozens of black guns were aimed at their heads.

The tattooed man even saw a red dot of infrared light falling on his temple not far away, which is what happens when a sniper is aiming.

At this time, if he moved around, he would be shot in the head by a sniper immediately.

The veins on the tattooed man's neck suddenly bulged, he raised his hands, and stopped eating instant noodles, he slowly stood up and said to the man who came in at the head: "Brother, don't mess around, if you have something to say, you have something to say. Let's talk well."

Jilin jumped out of the car, pressed the bluetooth headset on the cochlea while walking inside, and reported to the person on the other end, "Miss Qiao, I've found someone."

The tattooed man heard what Miss Qiao did and didn't realize the danger.

When he saw Ji Lin walking towards him, he hurriedly said, "This brother, we are from the hidden family, Young Master Lei, Lei Kai, do you know him?"

He said that he had to take out a cigarette and hand it to Ji Lin.

Who knew that Ji Lin, who seemed to be gentle and gentle, walked over, glanced at him, and kicked him in the stomach with one leg, and he couldn't get up even after kicking him on the ground.

All of Lekai's people were stunned, and no one dared to speak.

As if he was nothing, he smiled slightly, and continued to Nian Qiao: "There is a fly in my ear, I have fanned it away."

"Have you found Aunt Yuan? How is she?" Qiao Nian was not interested in these, but only cared about Yuan Yongqin's safety.

"Right now, I'll ask someone to ask." Ji Lin was about to ask someone under his command to ask someone, when he saw the dying woman lying on the bed out of the corner of his eye, he couldn't control his temper, and cursed in a low voice: " Those bastards!"

Chapter 2794 Just in case, I will let Zhong Lao go over and take a look

Qiao Nian heard his rustling voice, as if he was calling for someone to quickly carry the stretcher, and then there was another noisy trot.

Ji Lin's voice came from the other side: "Mr. Yuan's situation is very bad."

"She injured a leg in a car accident. These people did not take Aunt Yuan to the hospital under Lei Kai's order, but brought her to a small clinic."

"The doctor from the small clinic made a simple dressing for President Yuan, but he would not take out the iron pieces."

Ji Lin didn't know how to tell her: "Mr. Yuan has had a high fever since last night, and it lasted for one night and one morning. I'm going to send the person to the hospital now, hoping it's time."

**

"Sister Qiao, how is Aunt Yuan?" Qin Si and Mo Xi were both waiting for news from Ji Lin, and Guan Yan didn't leave even though he was rarely seen.

Several people looked at her at the same time.

Qiao Nian was in a hurry to go out today, so he didn't wear a peaked cap.

She put down her phone but subconsciously reached out and grabbed the brim of her hat, but when she caught it, she dropped her hand down.

Ye Fangchuan immediately had someone pour a cup of hot water over, put the hot water on the table, and pulled her hand to cover the cup to keep warm.

Qiao Nian's hand was very cold, and he didn't feel the heat until his fingertips touched the cup.

Her state is clearly wrong.

Qin Si has always talked a lot, but now he just shut up and stopped asking questions. Guan Yan gave him a sideways glance, as if he disliked him for not being able to speak.

Qin Si was terribly wronged, but he didn't say anything.

Ye Wangchuan waited for her to calm down a little, and then observed her reaction before whispering, "Aunt Yuan is not well?"

"Injured leg in a car accident, high fever + coma." The girl's voice sounded calm.

Ye Wangchuan could hear her violent and coldness that she could hardly control.

"Come on!" Qin Si kicked off his chair.

Originally wanted to speak, but Guan Yan pulled him back and motioned him to shut up: "Say a few words less."

Qin Si took a deep breath, suppressed his temper, and turned to look at Qiao Nian: "Aunt Yuan is in country m? My family knows a few doctors in country m, and I will ask them to contact them."

"I've made arrangements."

Ye Wangchuan arranged this one step ahead of him.

He watched Qin Si look over and said concisely, "Aunt Yuan's secretary has long said that she was in a car accident before she was kidnapped. I don't think her condition will be very good, so she has arranged for orthopedic experts at home and abroad to go there. When Ji Lin sends the person to the hospital, he can have a consultation immediately, as long as the plan is confirmed, the operation will be performed immediately."

Qiao Nian didn't expect that he would even think of this, and the tyranny of the previous desire to destroy the world has subsided a lot.

With a hoarse voice, she picked up the phone: "Just in case, I'll ask Mr. Zhong to come over."

"Ok."

Ye Wangchuan arranged all first-class experts to be in charge of surgical operations.

Zhong First-class belongs to the pharmacy expert, the world's first-class level, no one can be better than Yuan Yongqin's follow-up treatment.

Qiao Nian went to call Zhongliu and told Zhongliu about Yuan Yongqin.

The Pharmacy Association was originally in country m.

Zhong First-rate agreed to go and have a look without saying a word, and told her not to worry and contact her if she was sure of the situation.

Yuan Yongqin has so many experts arranged by Zhongliuyi and Ye Wangchuan, so Qiao Nian is a little relieved.

She received a call from Ji Lin at this time.

Qiao Nian turned on the loudspeaker and put the phone on the coffee table: "Hello."

Ji Lin's words were concise, his voice was very deep: "I cleaned up those scumbags, and they explained it."

Chapter 2795 Don't need him to look for it, Sister Nian goes directly to the door

"Lei Kai heard that Mr. Yuan has an unusual relationship with you, and then asked a few of them to kidnap Mr. Yuan. I want to exchange hostages with you by kidnapping Mr. Yuan. By the way, I will teach you a lesson."

"They found out that there are bodyguards by Mr. Yuan's side, so they told Lei Kai about the situation, and Lei Kai asked them to drive into it and take the people away in the chaos."

"They did as Lei Kai said, and they did successfully kidnap Aunt Yuan. Later they sent the person to the clinic, and they were also afraid that the person would die, but Lei Kai said there was no need to send him to the hospital..."

"He said that as long as he keeps Mr. Yuan alive until he has exchanged hostages with you, it doesn't matter if Mr. Yuan is alive or dead..."

Ji Lin didn't bring his personal emotions into it when he said this, but whether it was Qin Si, Guan Yan, or even Mo Xi, his face was full of anger after hearing it.

This Lekai is too human!

Only Qiao Nian and Ye Wangchuan didn't seem to have much mood swings, only when they heard Ji Lin said that Lei Kai heard of Yuan Yongqin from someone else, they both narrowed their eyes at the same time.

Qiao Nian even said blankly, "I see."

"By the way, Miss Qiao, I have something to tell you."

Jilin has sent Yuan Yongqin to the hospital, the doctor has done a preliminary examination on Yuan Yongqin, and Su Mo is also on his way.

"The doctor said that Mr. Yuan is not life-threatening, but his legs may be a little troublesome."

Qiao Nian's eyes softened and he said, "I see."

"I told Mr. Zhong from the Pharmacy Association that he will be here soon. You can help me arrange it." Her voice was shallow but powerful: "... She will trouble you over there."

Ji Lin didn't dare to ask her to thank her, and he was so busy to let Qiao Nian rest assured that he would take good care of the hospital and contact her at any time if there was any situation.

Everyone watched Qiao Nian hang up the phone slowly, put away the phone, and then pushed away the chair and stood up.

Qin Si immediately followed: "Sister Qiao, where are you going?"

Guan Yan and Mo Xi are also not at ease.

Ye Wangchuan knew what she was going to do, and stood side by side with her: "I'll accompany you."

Qiao Nian glanced at him, but didn't say anything. After a sigh, he turned around and said to a few people, "Go and settle the account."

She didn't move these people before because she hadn't found where Yuan Yongqin was. Nothing was more important than Yuan Yongqin's safety.

So she didn't really clean up these grasshoppers jumping behind her back!

But now it is different.

Ji Lin has found Yuan Yongqin and sent him to the hospital. The doctor also said that Yuan Yongqin will not be in danger...

Now it's time for her to settle accounts in the autumn.

**

Leonard is still full of anger and has nowhere to go, and is trying to find trouble with Qiao Nian.

Whoever knew about the hospital called him and said that someone came to the door.

Leonard hung up the phone, his hands were shaking with anger, he smashed his phone on the ground, and almost vomited blood out of breath: "She's kind!"

The servants in the villa saw that he was so angry, and no one dared to speak. They buried their heads in their chests and stared at their toes, lest they be swept away by the typhoon.

Leonard got angry for a while, picked up his coat again and went out in a hurry.

He thought about it and called Ji Ziyin on the way.

As soon as the phone got through, he said coldly, "You know Qiao Nian better. She came to the hospital to make trouble. Come over and see what she wants to do."

"But Mr. Lei, I'm still in the Privy Council, so it might not be convenient to go..." It's not convenient to walk away.

Before Ji Ziyin could finish her words, she was interrupted impatiently by Leonard: "I don't need to care what you are doing, come here quickly."

Chapter 2796 Isn't that Lekai?

Inside the Privy Council.

Ji Ziyin dawdled as far as possible to delay the time, but she was a newcomer, and there was not much work assigned to her, mainly to help with chores.

Things are done quickly.

Ji Ziyin had no reason to delay any longer, and only followed the others to the outside of the Privy Council...

She has been reporting to the Privy Council every day these days, unlike the other two newcomers who can't see anyone at all.

The people in the Privy Council had a good impression of her.

As they walked out, someone spoke to her: "Xiao Ji, you have been with us for so long. Do you know what happened to Qiao Nian of your family? I never saw her in the Privy Council."

Ji Ziyin was worried about Lei Kai's affairs. Listening to him talking to herself, she answered absently, "I don't know her very well."

"Aren't you from a family?" The person who asked her was a chubby fat man with a kind face and pure curiosity.

Ji Ziyin glanced in his direction, frowned invisibly, and soon let go, her goose face showed an embarrassed expression, as if she had something to say, she hesitated: "She is a loner, she is used to Stand alone."

Lonely, maverick.

The eight characters didn't seem to say anything, but they also implied everything that should be implied.

The group of people walking with her frowned, thinking about it, and their impression of Qiao Nian was invisibly worse.

Everyone stopped talking and walked forward in a muffled voice.

At this moment, someone saw the people surrounding the entrance of the Privy Council, stopped, pointed to the other side and said, "Look, why are there so many people outside!"

Ji Ziyin and the others looked in the direction of his fingers, and sure enough, they saw a lot of people surrounding the entrance of the Privy Council.

"How can these people surround us? They don't know where this place is?" Someone frowned.

Someone was angry: "What about those people at the door? No one cares?"

"How do I see the Archbishop and his people over there? Go and take a look." Others noticed that not only the people outside were surrounding the entrance of the Privy Council, but also people they knew were watching.

Someone took the lead, and the group followed one after another, all wanting to see what was going on outside, making such a big commotion...

Ji Ziyin fell to the back of the team invisibly.

She has never been interested in watching the lively events, so she hesitated for a while, but still did not resist the temptation, and followed with her legs.

...

The entrance to the Privy Council.

It is very lively at the moment.

Ji Ziyin followed the group just now to watch, and saw seven or eight men in black tied to the open space in the center of the crowd.

These people were **** and thrown to the ground, and they were rolling around on the ground, looking scared.

Another person was in a special situation, and was thrown on the ground like a sack wearing a hospital gown.

Several other people she did not know.

Ji Ziyin saw the man in the hospital gown clearly, his complexion suddenly changed, and his dark eyes became nervous.

"Isn't that Rekai?"

"It seems that they are all from the old Lei family."

"What's the situation? Who did the old Lei family tied to the gate of the Privy Council?"

Ji Ziyin heard the chatter of the people around her and determined that the man who was thrown on the ground like a pig was Lei Kai.

Her whole body was like five thunders pounding the top of her head, her blood would freeze, and she was like a wooden stake looking at the person in the crowd that she was afraid to see...

Chapter 2797 She didn't expect Qiao Nian to do this for Yuan Yongqin

Qiao Nian still wears a peaked cap, a simple T-shirt and slacks, which looks extremely ordinary and inconspicuous.

But she has an air of humility around her.

Even in the crowd, it's hard to ignore her existence!

The girl didn't notice her coming, but Ji Ziyin pinched her nails nervously and whispered, "Didn't she go to the hospital?"

The person standing with her heard her whispering voice and turned around in surprise: "Who are you talking about?"

Ji Ziyin hurriedly shook her head: "No, no one."

"It's weird." The man muttered, but he didn't ask the question to the end, he turned his head and continued to watch the fun.

Ji Ziyin was not in the mood to care what she said, and then she focused her attention on the farce at the entrance of the Privy Council.

*

Moxy arranged the people and tied them one by one to the pillars at the entrance of the Privy Council.

After arranging this, he walked in front of the girl, raised his hand and pushed the gold wire glasses on the bridge of his nose, looking extremely gentle: "Miss Qiao, can you start?"

The girl was leaning against the off-road vehicle, twisting a thin piece of paper in her hand, without raising her head, but her body was shrouded in a touch of hostility.

"Well, let's do it."

"receive."

Moxi raised his hand to their people when he went back and said, "Do it."

I saw seven or eight people pick up the belt and pull towards the people of the Leonard family who were tied there. The force was so strong that it tore the air.

The entire gate of the Privy Council suddenly cried and howled.

The cries of the Leonard family alarmed the entire Privy Council, and many people inside also heard the movement and ran outside to watch.

Cries, shouts, endless.

But no matter how much these people cry.

The girl who took the lead always lowered her eyes and played with the thin note in her hand, as if she could not hear these people admitting their mistakes and begging for mercy.

...

"Is she crazy?"

"Who is that person?"

"She seems to be the newcomer who came in this year. What's her name... Qiao, Qiao Nian? It's the one who had been quarreled with Mr. Xue and voted to recruit him."

"How could she do such a thing, what does Lei Lao know?"

"It's too kind."

The Privy Council is known as the heart of the hidden family.

The hidden family is used to being domineering outside, not to mention these elites in the upper and middle circles of the hidden family.

Who has seen this scene of crying father and mother?

None of them thought that a newcomer would dare to despise the Leonard family, one of the three giants of the Privy Council, Mr. Lei.

Some people say that Qiao Nian is crazy.

Someone secretly admired her courage.

There are still people who are wondering what happened, how Qiao Nian would openly slap the Lei family at the gate of the Privy Council.

Only one person in the crowd knew what was going on.

Ji Ziyin looked at the tragic scene in front of her, her face was as pale as paper, and most of the blood in her whole body was cold, and the hand hanging by her side clenched her fist unconsciously...

She really didn't expect Qiao Nian to make such a fuss for Yuan Yongqin.

Yuan Yongqin is nothing but an inconspicuous little person.

How many people like this are around them, just use them, who would give up their lives for the sake of a small person?

She looked in the direction of the girl with flickering eyes, and suddenly the girl seemed to feel something, raised her head slightly, looked back, and looked at her with a sharp gaze...

Ji Ziyin's heart beat fast, and she looked away immediately, and she couldn't help hiding herself in the crowd, lest others see it.

Chapter 2798 Ji Ziyin was found in the crowd

Ye Wangchuan was talking to Qiao Nian, and when he saw her looking at the crowd, he stopped and glanced lightly in that direction.

His falcon-like eyes were as sharp as knives, and without Qiao Nian telling him, he saw a woman shrugging her neck in the crowd.

"I thought she didn't come to the Privy Council." The girl said casually: "I originally planned to go to her after finishing the matter here, just right, saving time."

Ye Wangchuan saw the woman hiding in the crowd.

Ji Ziyin wears a low-key black suit, looks capable and a big woman with aura, but she is sneaky, but instead exposes her own nature.

"She's calling someone." He saw Ji Ziyin on the phone but was not in a hurry, the lazy tone could tell that he was not afraid of Ji Ziyin's rescue at all.

Ye Wangchuan turned to look at the girl and raised his eyebrows slightly: "Do you want me to bring her here?"

Qiao Nian threw away the note he was playing with, straightened his legs, and moved his wrists, his eyes were cold: "En."

*

Gu San quickly pulled people out of the crowd.

Ji Ziyin felt that Qiao Nian found her heart beating like a drum from the beginning, so she hurriedly called Leonard.

Leonard already knew what happened at the gate of the Privy Council, and was rushing back from the hospital, telling her that there would be ten minutes to come.

Ji Ziyin saw Gu San came to look for her.

She knew that Leonard was coming soon, but she was not so panicked, plus so many pairs of eyes were looking at her.

She straightened the folds on her suit, without any unnecessary struggle, and followed Gu San calmly out of the crowd.

She was 'invited' out of the crowd.

There was another commotion in the crowd of onlookers, and the noisy discussions continued.

"Why was Xiaoji called out? Didn't she say she was not familiar with Qiao Nian?"

"Anyway, someone from a family, I guess she has something to say to her." People who came out with her to watch the fun thought that Qiao Nian called Ji Ziyin to catch up: "Let's see and talk about it."

Most people didn't think that the two had much grievances, they thought they were just asking Ji Ziyin to come out and talk.

Ji Ziyin was not very nervous at first, but when she saw Qiao Nian walking towards her, she became nervous unconsciously.

She didn't wait for anyone to come to the front, she spoke first, glanced at the people of the Leonard family who were still crying, and said in a half-joking, half-warning tone: "Qiao Nian, do you know what you are doing? It's not the Independent Continent, no one will give you the bottom line. What you did today is enough to be kicked out of the Privy Council! Lao Lei won't let you go easily."

"Anthracene? Why are you planning to let me go?" The girl's tone was light, and her beautiful black eyes seemed to want to know the answer.

Ji Ziyin was caught in her throat by her question, but she didn't know how to answer: "If I were you, I wouldn't have done things like this."

The girl nodded nonchalantly, as if she had listened in, but she didn't seem to listen to her at all, and instead asked her, "Do you know what I asked you to do?"

Ji Ziyin was still annoyed by her attitude, but when she heard this, she immediately put away her little emotions, lifted her hair from her ears, and said nonchalantly, "Don't you just want me to see the fate of these people who offended you, and warn me Don't provoke you?"

She is not particularly afraid of Qiao Nian finding fault.

Chapter 2799 Settle accounts with the scumbags one by one

Ji Ziyin knew very well.

She was different from the Renard family who were tied there and whipped with a leather whip.

Those people who have their backs on Leonard are not members of the Privy Council after all.

And she is different.

She entered the Privy Council seriously.

If Qiao Nian touches her at the gate of the Privy Council, the severity of her behavior will be completely deteriorated! So she had her back and was not very afraid that Qiao Nian would make trouble for her.

"I don't know how these people provoke you, but this is not an independent continent, it is not a place where you can do bad things, you should not do these things outside the Privy Council."

"If you do this, where do you put the Privy Council and Elder Xue?" Her tone of voice was shallow and lightly admonishing others. She seemed to be very reasonable and won the favor of many people.

Qiao Nian didn't care about her little actions, and half-squinted her eyes.

She approached Ji Ziyin, stretched out her hand and raised her chin: "Who asked you to tell Lei Kai that I attach importance to several elders in Beijing, and you can use these people to coerce me?"

"..."

Ji Ziyin looked over suddenly.

She touched Qiao Nian's dark eyes, as if there was a ferocious beast hidden in it that would rush out and bite her throat at any time.

"Do you know that Aunt Yuan is still undergoing surgery?" Qiao Nian asked her word by word.

"..."

Ji Ziyin's fingertips trembled, but she still refused to admit it.

She doesn't care Yuan Yongqin's life or death.

She knew very well that if she admitted it at this time, she would be finished.

Qiao Nian looked at her without saying a word, his eyes were even more dry, and he twitched the corner of his mouth, as if expecting that she would not admit it, so he released his hand, threw off her chin, and stood half a step away from her. where, he said sullenly, "What do you think I can't take you if you don't tell me?"

Ji Ziyin felt the strong murderous aura on her body at this moment, and after all, she didn't know what to do, she raised her head hastily, her face was pale and she opened her mouth: "This matter has nothing to do with me!"

She didn't know where Qiao Nian knew about these things, she obviously asked the hackers to delete all of Lei Kai's communication records in advance.

Qiao Nian couldn't find her head.

The girl seemed to know what she was thinking, she raised her hand and pulled down the brim of her hat, the sharp brim concealed the killing intent in her eyes: "Lei Kai said it himself."

"You don't think that being in a coma is equal to being dead, do you?" She chuckled, but the smile didn't reach her eyes: "Have you heard the phrase 'If you want people to be ignorant, don't do it unless you are yourself'."

Ji Ziyin's heart skipped a beat, she was still thinking about countermeasures, and she was thinking about the time when Leonard came over.

Reynard said that he would come here in ten minutes at most, and now it is almost five or six minutes.

She persisted for a maximum of four minutes before people came over.

Ji Ziyin turned her head slightly, her bright eyes were hard: "He's talking nonsense, I don't know him at all!"

Qiao Nian didn't listen to her sophistry at all, he took out a gum bottle from his body, poured out a small white pill from it and threw it in his mouth as a candy pill. There was an inexhaustible look of weariness between her brows, and without even looking at her, she said, "Aunt Yuan won't be in danger, but her left leg can't be kept."

Ji Ziyin realized the danger in this sentence, looked at her suddenly, and stepped back: "What do you want to do?"

Qiao Nian made a look, and two people walked in her direction.

It was too late for Ji Ziyin to run away.

She was quickly caught and pressed to the ground, as if in a state of embarrassment like those ants she usually despised the most.

Qiao Nian looked condescendingly at Ji Ziyin who was pinned to the ground and stared at her with hatred that could no longer be concealed.

There is only chilling coldness in his eyes.

"Aunt Yuan lost a leg, so there's no need to keep your leg."

Chapter 2800 She thought Sister Nian would let her go

Ji Ziyin was dragged down directly.

At first, she was sure that Qiao Nian was just frightening herself and didn't dare to do anything to her, so she held her head high, broke away from the person who caught her, and said coldly, "I'll go by myself!"

Qiao Nian asked Guan Yan to bring all the people from Continent F. These people lived in Continent F, where dragons and snakes are mixed all the year round, and they have long since become hard-hearted.

Guan Yan saw that Ji Ziyin didn't know that her death was coming, she sneered, raised her hand, and said frivolously, "Everyone is deaf, didn't you hear Miss Ji tell you to let go?"

The iron-tower-like man she brought looses his hand and pushes Ji Ziyin: "Let's go by yourself."

Ji Ziyin was shoved by his feet and almost fell to the ground.

She tensed her swan-faced, charming and cold expression, stood up straight and gathered up the shattered hair around her ears. Only then did she slightly lift her chin and walk forward without looking sideways.

Soon she walked in front of the Leonard family. Lei Kai was tied to the post, and he was already venting more and less.

Those whips pierced the air and hit these people again and again. Some people's clothes were ripped off, and their skin was ripped apart.

The blood droplets from the raised whip still splashed on her face, Ji Ziyin subconsciously ducked back and wiped the blood from her face.

Guan Yan kicked her on the back from behind. Ji Ziyin couldn't bear the force, and she fell to the ground as soon as her legs were soft.

Her knee hit the ground, scraping the skin, and the broken skin on the knee immediately stinged and burned.

Before Ji Ziyin bit her lip, she heard the woman's cynical sarcasm: "Okay, Miss Ji. You've acted as well, it's almost up to us, the big guy can't waste time just because you want to act. isn't it?"

Ji Ziyin was about to stand up with her hands on the ground, looking at her with deep eyes, she was still confident: "Don't do this. Do you think I'll be afraid?"

She looked in Qiao Nian's direction, then turned to Guan Yan and said, "Lao Lei will be here soon, she won't be arrogant for long."

Guan Yan was stunned for a moment, and then he realized what she was saying. He immediately covered his stomach and laughed, joking with the people around him: "Did you hear what she said? She still thinks the boss is scaring her. , I dare not really touch her."

The other people brought by F continent couldn't laugh too much, looking at her as if looking at a fool.

Someone else said with a smile: "People may feel that they are somewhat related to the boss, and they can rely on this relationship to get a gold medal for avoiding death."

When Guan Yan heard this, he really patted him on the shoulder, and said with deep approval: "Well, don't say it, if she hadn't run away to move the people over there in Beijing, the boss might have really watched Ji's house. I'm too lazy to care about her."

"However, some people are afraid that the cover of their coffin is not tight enough, so they will put nails for themselves." Her peach blossom eyes were slightly raised, and there was a sarcastic tone everywhere.

Ji Ziyin was humiliated, she gritted her teeth, her bright eyes were cold, and she was about to open her mouth: "I don't depend on anyone!"

Guan Yan had a very annoyed attitude, turned around and instructed the people around him:
"Cover her mouth and do it."

She also looked at Ji Ziyin seriously and said to her, "Aunt Yuan has three steel nails in her left leg, and I don't know when it will heal. I don't ask too much of you, you should pay back what you owe first..."

There were already two people who went over to control her and pressed her head down to the ground so that she wouldn't get hurt and struggle.
