

Madam's 2801

Chapter 2801 so that she is not to be crippled after

Hideko Yin Seeing the situation wrong, finally know frightened, pupil contraction, staring at the people close to her, snapped: "I want to talk about Joe read!"

Yan Ran face street view, make your way to the back half a step, she said:. "Late"

Hideko Yin forehead cold sweat rustled down, eyes wide open, but also attend deportment and face, struggling to start up.

Her hair is a mess, look also from the beginning rather die than surrender to the now fully exposed their true colors coward, looked ferocious fear: "My family is the season, I was with her relatives, she can not do this to me!"

"This is the Privy Council!"

"Ray old will not let go."

Seeing holding iron bars people getting closer, she blurted out under extreme fear, snapped shouted: "Yuan Yongqin but a useless businessman, even dead, how you want to offend Her Majesty the Queen for her behind me do!! "

Yan concept of listening to her shout out these words, suddenly sink eye, look away to watch the frivolous immediately with the implementation of the said:. "Hands-on"

Just listen to scream.

Hideko Yin pressing left leg was pulled out, golf-like heavy iron bar fell on her knee position to drop down.

Hideko Yin discolor under the eye pain, convulsions, blue veins on his neck protruding pain, people struggling on the ground.

She could feel the pain coming from the left knee.

The kind of terrible pain biting, as if to break her soul.

Hideko Yin pain lips are white, sweat soaked clothes, she was rolling on the ground, trembling fingers want to cling to the left leg.

But she found fear of his left leg simply not make the effort, as if she no longer under control in general, in any case can not move.

Hideko Yin aware of it, and suddenly his head and uttered anguished cries: "ah !!!"

She sweat and tears mixed with the paste to the face blurred vision, she tried to grab his left foot, a pair of scarlet eyes were stuck with poisonous snakes are generally not far from the girls who stubbornly unwilling to move away

She really dare hands!

She really dare to waste his legs!

Hideko Yin heart very painful, in addition to the pain and could not believe that monstrous hatred in my heart

She could not wait to read Joe Qiandaowangua up.

She can not even stand up and had no strength, only like a dog like agonizing screams tumbling to the ground.

At this moment, Hideko Yin and hate his original decisive enough, did not read the city of Beijing is still in desperate when Joe kill her, only to find yourself in a desperate situation now.

**

"what?"

"Hideko Yin she broke a leg?"

Leonard in the car to the side of the Privy Council radical phone, the phone, his eyeliner to his latest report on the situation.

Leonard heard Joe read in public waste Hideko Yan Yuan Yongqin to avenge his left leg, his long trance, for a long time to say: "? That is not to after she was disabled."

Hideko Yin into a basket case, lose their use value.

Leonard pity: "I know, you keep staring at the other side, there are at any time told me that I will be here soon.."

"Yes, the old mine." Very quickly people at the end promised.

Leonard put down the phone, although do not care Hideko Yin of life and death, he was dignified of the people around him and whispered: "Her Majesty, if we can not hold this Hideko Yin, later followed us I'm afraid people will no longer trust us."

Chapter 2802 The queen finally showed up

The person sitting in the car beside him was wearing a sun hat. The wide brim of the hat almost covered her face, and she could not see her eyes, except for a chin.

Leonard was very afraid of her, and said softly: "So even for other people, we have to let Qiao Nian stop. It's just that I'm afraid that she won't listen to me because of me alone."

The queen not only wears a sun hat with a wide brim on her head, but the skin on her body is also impervious to the wind, barely showing an inch of skin.

She raised her hand wearing a burgundy velvet glove, opened the window of the car very elegantly, and said indifferently: "This time it's an accident caused by your Leonard family, you mean you want me to come forward to give it to you. You solve it."

No one would really think she was as graceful and graceful as she seemed.

Those who knew her past deeds would never dare to be presumptuous in front of her.

After all, this woman is like a giant python entrenched in a hidden family, and she will mercilessly get rid of anyone who makes her unhappy!

A person who can even sacrifice his own daughter, what else can move her?

Leonard's face was pale and he didn't dare to look at her: "I'm sorry, Her Majesty the Queen, I didn't take care of the people in my family."

The queen's voice was only endlessly cold: "I will count your problems with you, but not now, let's solve the tricky things first."

"Yes."

Leonard was slightly relieved.

Before he could catch his breath, the queen said lightly, "Don't even think about using my hand to solve your problems for you. The glory of your family depends on your own efforts."

Leonard suddenly became nervous, and quickly put away the resounding calculations in his heart, and nodded: "Yes, your teachings are remembered in my heart."

**

The car they were riding in quickly ran over the fallen leaves outside the junction of the Privy Council, and drove outside the Privy Council and stopped slowly.

Moxi trotted to Ye Wuchuan and reported to him in a low voice, "Leonard's car is coming, and people are coming."

"I see." Ye Wuchuan straightened up, walked in the direction of the girl, walked in front of her, and talked to her.

Qiao Nian heard that Leonard was approaching, there were no surprises or other emotions in his eyes, he dropped the dog's tail grass he picked up, and said to him, "Let's go and have a look."

Leonard's usual stretched Lincoln was followed by two seemingly ordinary black sedans. Qiao Nian glanced over and saw the unusualness of those two cars.

In particular, the glass on one of the car windows is made of special explosion-proof glass, which is not something ordinary people can afford.

Of course, ordinary people do not need to use these.

She narrowed her eyes slightly, and soon saw Leonard getting out of the car in front, and there seemed to be a person inside.

He told the people inside and got out of the car alone.

approached, and seven or eight people got down from the two cars behind them, one of whom was familiar to Qiao Nian.

The whole body is black.

It was the person she had fought against when she rescued Lu Zhi in the square of country m, and the people of the hidden family seemed to call him Shadow.

Qiao Nian watched Leonard close the car door, and saw the person sitting inside through the hidden door crack. She lowered the brim of her hat to hide the blood in her eyes.

...

"Lao Lei is here."

"Who is that person who came with Mr. Lei? Why do I feel a little familiar."

Someone recognized the shadow and took a deep breath: "Isn't he the shadow-lord next to the queen?"

Chapter 2803 of your grandmother want you to immediately receive hands

"It is said that Queen Seventy percent of things are to him to do, he will not easily show up, how the Privy Council today."

Xixisuosuo voice was guessing Joe read this to pay a painful price.

After all, she was the arrogant, directly to the Leonard family, who tied the door to play in the Privy Council, but also in public waste Hideko Yin leg ... this is entirely the face of Leonard stepped on the floor friction

Who does not know Hideko behind Yin has the backing of the old mine?

Someone waiting to see Joe idea to pay for their own arrogant act!

Who knows Leonard came out and saw the door of the Privy Council was beaten half to death Leikai, although angry straight rolling his eyes, but still swallow down.

He walked in front of girls, looking Lengsu said: "Joe read, you have trouble trouble, but also revenge revenge, now is not able to receive hands do not let the old lady 'please' you close hand, after all, really referred to this point,? then no one on the face does not look good! "

Girls pulled down the brim of the cap, mix very generous attitude, beautiful raised his eyes to see, lazy, said: "? If I say it."

"Do not push your luck!" Hook-nosed old man is angry extreme, whispered warning: "I either look at the part of so many people, you think I'm going to discuss with you?"

Joe read apparently heeded his words, not afraid of him, standing face to face with him, Tut a cry: "Before I have said the same thing with you, once you heard whenever you heard nor will their brains to move? I have people around him. "

Leonard was going to be really mad at her, his face brimming with anger: "So in the end you want to do?"

Joe read have not answered his question.

Shadow behind him out, succinctly told her: "You want your grandmother immediately close hand."

"She looks at you in the car." He looked at the girl's eyes, gently said:. "You should know her identity, do not let her embarrass"

Joe read the beginning of time talking with Leonard's face there is a bit cynical taste, even a little careless.

Until people brought out of the shadows to the audacity of the car, she was kind enough to even say what the other looked at her in the car.

She was silent for a moment, and suddenly laughed.

Raising frivolous mouth, then pulled a near-contempt expression, sharp eyes looking at him across the Renard, floating asked: "? Who gave you the courage to say that to me."

Shadow sip Min Chun, I felt her body suddenly cryogenic gas field, low voice, hear it very calmly:
"Whether you admit it or not, the Queen is your grandmother, your body flowing with the most intimate of the world blood. you may not like her, but she must respect! "

Joe read systemic blood quench, almost hid eyes in the violent.

At this time, one hand wrapped around her Weileng fingertips, as if to appease to calm down like giving warmth: "how, hidden world of the Queen's family also need to ask others to respect themselves?"

"....." shadow no wave no Lan face off fluctuations, suddenly thrust its eye standing behind Joe read the young man, eyes revealing evil spirits.

Unfortunately, this point he threatened to jump Chuan leaves that are not useful.

Beijing City Shao has never been a big scare.

Leaf River jump with his eyes met, light Tut said: "? The pond turtles live long enough, you see some people did not respect it."

**

Seeing the stalemate lived here.

Before motionless Lincoln had happened, the driver suddenly went off the back of small go down Lakaijumen.

All eyes are watching the past -

Chapter 2804 I can't even look at Sister Nian

The people who came with Leonard got out of the car. She was dressed in black and plain, only the gloves were dark red velvet, which looked extremely elegant and graceful.

The black veil blocked her face, but it couldn't stop her shrewd and strong temperament, she was a woman with an extremely powerful aura.

Or, old lady.

She walked straight in the direction of Qiao Nian from the moment she got off the car, without squinting, as if no one here except Qiao Nian could get into her eyes.

"It's the Queen!"

"The Queen actually came too."

"It's Her Majesty the Queen."

The door of the Privy Council exploded.

Everyone looked at the person walking by excitedly and nervously.

As she got closer and closer, those boiling water-like discussions came to an abrupt end...

Everyone was overwhelmed by her powerful aura, and no one dared to speak arrogantly in front of her!

Nie Qingru quickly stood in front of the girl.

She met Qiao Nian for the first time.

She only glanced at it and then withdrew her gaze lightly, frowning slightly under the wide brim of her hat, unable to hide the boredom in her eyes.

The other person does not look like Ji Qing, but looks more like another person!

She seemed to see the shadow of that person just by looking at it.

The arrogant look on Qiao Nian's body was so reminiscent of that person that she felt extremely disgusted at a glance.

Nie Qingru really only glanced at it, then averted his eyes and focused on the man standing beside Qiao Nian.

She looked up and down, and said slowly, somewhat condescendingly: "Are you the master of the dark fort?"

"..." Ye Wuchuan curled up the smile on his lips, his black eyes narrowed, but he did not answer her.

Nie Qingru didn't need him to answer herself, and said forcefully, "Do you like her?"

This she obviously refers to Qiao Nian.

But even if she mentioned Qiao Nian's name, she didn't take a look at Qiao Nian's body, and it seemed that her eyes would be dirty.

Nie Qingru's eyes have been locked on Ye Yichuan, with a strong aura: "Since she is with you at any time, you should know my identity."

Ye Wangchuan's face was cold and hard, and he didn't smile and of course didn't stop her from talking.

Her identity?

Qiao Nian's grandmother?

Ye Wangchuan suddenly felt that it was ridiculous that the other party was standing here talking to his boss, like a joke.

"The Renard family did accidentally hurt someone you know."

"Are you sure it was careless?" Qiao Nian's voice was hoarse, mixed with cold mockery.

Nie Qingru probably thought that her attitude of confrontation with him was extremely naive and ridiculous, so she ignored her and said to Ye Wuchuan in a slow voice, "But you have to make it clear, you detain their personnel first, and they will be forced to helpless. It's excusable to attack that woman..."

She has probably been used to being domineering all her life. Standing in her position, she doesn't need to bow her head to anyone.

Even though she should be persuading Qiao Nian to quit at this time, her attitude is more like an order.

She is asking Qiao Nian to stop.

"...This is the end of the matter." Nie Qingru's eyes were indifferent, and he arranged it naturally: "You guys also pack up and go back and take your people with you."

"Finished?" Out of respect for his future mother-in-law who he had never met, Ye Wuchuan patiently listened to her finish.

Nie Qingru narrowed his eyes and looked dangerously: "You should know who I am, don't let me down!"

Chapter 2805 Where do you stand and let me listen to you

Ye Wuchuan hadn't spoken yet, and one hand was in front of him. The girl took a step forward, standing in front of him with the old woman wearing a wide hat, face to face, full of impatience, she sneered lightly. He said, "So, who are you?"

Not only a few of them were at the entrance of the Privy Council, but there were also many people from the hidden family watching the lively outside.

Everyone is just too oppressed by the Queen to dare to talk nonsense, but that doesn't mean they don't exist!

Everyone saw that the newcomers who came in this year were like demons, and dared to talk to the queen like this.

They looked at Qiao Nian with more sympathy than before, as if they were looking at someone who was about to die.

The queen has a detached status in the hidden family, who dares to make this person angry!

She usually makes trouble with Lei Lao, after all, Xue Lao and conservatives like her, and the archbishop also has a very ambiguous attitude towards her...

There are two concepts to offend the Queen and offend Lei Laocheng.

If she offends the Queen...

Nie Qingru probably didn't expect that she would talk to him like this, but in a blink of an eye he put it behind him, frowned slightly, and asked, "That's how your father taught you?"

Immediately, she did not wait for Qiao Nian to answer, and immediately sealed the conclusion.

"That's right, you've been out there since you were a child, and you haven't received any orthodox education. It's normal to develop the character that you are now ignorant of... I don't have any requirements for you, but if you can't even learn to respect your elders, then you are really worthy. Don't get the blood flowing in your body!"

In her eyes, Qiao Nian had at least a quarter of her blood flowing.

She doesn't expect Qiao Nian to be so outstanding, at least she shouldn't be like a hooligan who doesn't understand the rules and etiquette at all!

"I heard that your father can't control you? Do they want to control you or can't control you?" Nie Qingru finally glanced at the girl standing in front of him.

The other party was only in his early twenties, not much different from Ji Qing at that time.

is just completely different from the feeling of Ji Qing.

The season is pampered and brought up, like the grandest peony blooming in the greenhouse.

But a flower is a flower, and even the king of flowers cannot change the fragility of the flower itself.

The girl in front of me looks like Ji Qing in five points, but the feeling is very different!

If the season is the most blooming peony, then the girl in front of you is more like a cactus growing in the desert.

has spikes all over his body.

That kind of tenacious life force that is not stingy and can survive no matter where it is left, it is extremely annoying to look at.

"If your father and grandfather can't control you, I can send someone to teach you how to be a qualified lady's daughter." Nie Qingru retracted her gaze and said slowly.

"Although you grew up outside, you still have the blood of the Ji family's direct line. The Ji family has nothing to do, and Ji Lingfeng may hand over the Ji family to you to inherit in the future... You don't look like this now. Qualified to inherit the position of the head of the Ji family."

"Huh." Qiao Nian sneered on his calm face, covering his eyes with his hands, probably not knowing if he was dizzy before telling her this.

If she could understand, she wouldn't let the shadow come down and say don't make things like 'grandmother embarrassed' that sounded ridiculous.

After she figured it out, she stopped wasting time with Nie Qingru, took away the hand in front of her eyes, and said with a pair of dark eyes, "What position do you stand on to tell me these words?"

Chapter 2806 Old Xue came out

She sneered, but the smile didn't reach her eyes: "Have you forgotten what you did?"

Nie Qing, who was used to this kind of situation, narrowed his eyes slightly, and his tone became tough. He shook off his hand, turned to the side, and said coldly, "You are still young and don't understand anything. I do things for my own reasons, no Doing it for no reason."

"My own reason?" Qiao Nian just thought it was ridiculous.

She turned her dark eyes towards the grandmother who didn't even dare to show her face: "I'm curious about the reason for you to kill your own daughter? Does your daughter know the reason you said? She will understand your embarrassment. , forgive you for letting her die early?"

"Do you think I dare not touch you!" Nie Qingru was stabbed in the sore spot, her face covered under the brim of her hat sank, her eyes shrank into needle-pointed wheat, the corners of her mouth pursed, her face was sharp, and she was obviously moving Really angry, there is murder in the body.

Ye Wuchuan stood beside her, stretched out his hand and pulled the girl over: "Come here."

He tilted his head slightly, looked at the angry queen, and said with a smile, "Will you try to touch her with a finger?"

He is different from Qiao Nian.

He doesn't have such sharp-edged arrogance. He looks more like a noble boy from the Xuanhe family. He has been infiltrated in the upper circle all the year round, and he has long tempered the appearance of gentleness that is indifferent to happiness and anger.

But anyone who has also been in the upper circles understands that people like Ye Wuchuan are often the most terrible people.

They have already played their skills to the point of perfection, and they may not be able to confront you head-on, but no matter how soft or hard they are, they will not counsel you.

You want to play, such people can often accompany you to the end!

Nie Qingru didn't want to get involved with such a person unless she had to, but she was not afraid of things even with her current status, her eyes sank and she was about to speak.

Shadow suddenly came to her side, leaned over to her ear and whispered, "Elder Xue is out."

Nie Qingru picked up her reason a little and looked at the two again, but she was not as murderous as before, and said to Qiao Nian in a low voice, "You should take revenge and come back, and if you continue to make trouble, although I can't easily touch you, then you are in Beijing. What about those relatives and elders in the city? Are they protected by your people around them?"

She glanced around and looked at Guan Yan and Qin Si, silently reminding Qiao Nian of the lurking crisis.

"If I did something like this, I wouldn't have made a little trouble like this and would have given you a chance to find someone." Nie Qingru said it lightly, but his aura was strong: "I don't care if you insist on paying for these people's lives. , figure it out for yourself!"

She is indifferent by nature and doesn't care about the lives of Ji Ziyin and others.

She was willing to come out today, but she saw Qiao Nian's arrogance in the car that was the same as that man, which reminded her of some unpleasant memories, so she couldn't suppress the disgust in her heart, and got out of the car and told her that there was nothing in this Chase. of.

Originally, she planned to see her granddaughter again, but it was a pity that when she came down and really got in touch, she found that the other party was even more disgusting than she looked at from a distance.

She didn't want to waste any more time.

"You dare to try them?" Qiao Nian's dark eyes did not contain the fear and panic that Nie Qingru had imagined.

"..." is too unruly.

makes people want to break her legs and break her waist!

When Nie Qingru was confronting her, Elder Xue brought the archbishop to welcome them both and saw the two facing each other.

Chapter 2807 In this case, he still wants to keep Qiao Nian in the Privy Council

Old Xue glanced at Qiao Nian's direction lightly, walked over quickly, avoided the two of them without a trace, and said to Nie Qingru, "Your Majesty, when did you come to Continent M."

He turned his head and glanced at the hooked-nosed old man as if reproachfully: "Why didn't Mr. Lei inform us?"

The hooked-nosed old man was in a fit of rage, his face was straightened, and he had not had time to speak.

Quentin also glanced at the girl, and then said to the queen and the shadow in a deep voice: "Your Majesty, let's go ahead and talk about it."

Nie Qingru didn't move, but still looked at Qiao Nian again, and there was a real killing intent in his eyes.

Quentin sighed, thinking of his son, he took a step forward and made a gesture of invitation: "You have an honorable status, there are many people here, what are we going to talk about?"

Nie Qingru finally retracted his gaze and gave him a face.

She didn't look at Qiao Nian again, she just whispered as she passed by, "You've let me down even more than I thought!"

After finishing speaking, she strode into the Privy Council surrounded by the crowd.

Shadow paused beside Qiao Nian, but didn't say much. He quickly followed the Queen's footsteps and went in with him.

"I'll go first." The Archbishop saw that Nie Qing was willing to take a step back, relieved, and told Elder Xue.

Mr. Xue, wearing a tunic suit, nodded slightly at him: "Thank you."

"..." The Archbishop didn't seem to hear what he said, and strode inside.

His men followed.

In the blink of an eye, only Leonard and Xue Lao were left outside the Privy Council.

Leonard saw that Lei Kai, who was beaten with a lot of gas and less gas, had a gloomy face that seemed to drip water: "Qiao Nian, what the **** are you trying to do!"

Qiao Nian lowered his eyes and snorted, not knowing what to think, the corner of his mouth raised a mocking arc: "I want Lei Kai and Ji Ziyin to have one leg."

"In addition, I want you to figure out what I will do if you move the elders around me."

She turned her head slightly: "Because it's useless to tell you, so I have to let you understand, so you don't ask me what I want to do next time..."

"Haha." Leonard laughed angrily and looked her up and down: "You are indeed very brave, but courageous people are often short-lived. I hope you will not regret your impulsive behavior today!"

It took him so long to look in the direction of Ji Ziyin.

Ji Ziyin was in a semi-coma with pain, her hair was soaked with sweat and stuck to her cheeks, looking embarrassed.

Leonard looked at him with a frown and retracted his gaze, and set his eyes on Qiao Nian again with sharp eyes: "No matter how bad Ji Ziyin is, he is still a member of the Privy Council. You violated the rules of the Privy Council this time, and no one can keep you. Do you think that You have avenged your aunt, but you will also be kicked out of the Privy Council..."

Old Xue stopped him sharply: "Lao Lei!"

Leonard's face was not good-looking, he didn't buy it and said, "Isn't it?"

Mr. Xue raised his hand and rubbed the center of his brows, which were beating rapidly, and said in a deep voice, "You can't say anything arbitrarily until you have reached a conclusion."

His implication was to keep Qiao Nian in the Privy Council!

Leonard heard the meaning of his words, and his face was even more gloomy and ugly.

He didn't try to be rude, snorted coldly, and waved his hands: "No one can save her this time, we'll see."

He instructed his men to first put Rekai and the others down from the pillar, and then send them to the hospital.

As for Ji Ziyin...

The one before
chapter 2808 is compensation, this is interest

Leonard didn't want to care about her.

He didn't know how much Ji Ziyin was involved in, but Leonard knew that Qiao Nian would not move her for no reason.

Since Qiao Nian made Ji Ziyin crippled, Ji Ziyin must have been involved in this matter.

Reynolds hated the most right now is the loss of face this time.

He lowered his eyes, considering that the Queen hadn't clearly given up on Ji Ziyin, so he raised his hand reluctantly: "Send her to the hospital too."

Qiao Nian watched Leonard's people start to send Lei Kai and others away, and suddenly stretched out his arm to stop in front: "Wait a minute."

Leonard lowered his face completely, and immediately said, "What else do you want to do."

Qiao Nian walked over to Lei Kai who was being dragged away without a word. Lei Kai had only half a breath left, but when he saw her approaching, his eyes widened and he showed a fearful expression: "Clan, patriarch."

He was calling Leonard's name.

Leonard was so angry that he was about to take a step forward when he was stopped by the silver-haired old man and reminded him lightly: "If you still want to take your own people away, don't interfere."

"...What do you mean?" Leonard asked him back.

Old Xue was exceptionally calm, nudging his chin and letting him look forward: "Do you think she will be afraid of the Queen with her character?"

"..."

"If she doesn't let these people go today, none of these people can go."

Leonard took a deep breath, turned his head, and watched Qiao Nian walk in front of Lei Kai and cut off Lei Kai's other leg from the joint.

Lei Kai screamed, his eyes turned white, and he passed out completely.

His legs were hanging on the ground, as if he was being dragged away unconscious.

Qiao Nian only then made way and looked in Leonard's direction again: "The previous leg was his compensation, and this is interest."

"Now the two are cleared."

Her two clears are really good enough!

Leonard's complexion was ashen. Due to the reminder of the silver-haired old man and the difficult situation of riding a tiger, he had to grit his teeth and squeeze out a sentence from the gap: "Take the person away!"

**

"Everyone's gone, let's go back first?" Ye Wangchuan saw Leonard's hands gradually clearing away the people at the entrance of the Privy Council.

He asked Gu San to drive, looked back at the girl who was standing where she was, with her eyes down and still thinking about things, walked over and hugged her shoulders, and said softly, "I know you're thinking about what she's doing here."

Qiao Nian was distracted and stretched out his cap. The brim was lowered, only to see her pursed lips: "She came too suddenly."

Nie Qingru suddenly appeared in M Continent, and she did not receive any news in advance.

Nie Qingru's wrist and ability can be seen.

This was also the reason why she had some scruples when Nie Qingru mentioned Mr. Jiang and the others.

She really didn't arrange enough people around Mr. Jiang and the others before, but she did arrange a few people.

These people are good at hiding, not obvious, and will not disturb the daily life of Mr. Jiang.

But Qiao Nian now feels that relying on these few people alone is not enough, at least it can't guarantee the safety of Old Master Jiang, Jiang Li and the others under the circumstances of Nie Qingru's shot.

"It's useless to think about this now." Ye Wangchuan pushed her into the car and opened the door: "Get in the car first."

Qiao Nian frowned and thought about things.

Ye Wangchuan pressed her to the car, bent over to fasten her seat belt, and then reached out and pressed the top of her head, with a low voice: "Don't forget, there is also me."

Chapter 2809 Her legs will be disabled in the future

"It's useless for you to think about it now. Only by watching her move will we know what she wants to do when she comes to M continent."

"We just need to know what she wants to do, and then we'll see what you can do."

Qiao Nian had thought about it a lot, but after hearing what he said, he felt relieved, put his hand on the back of his head, and raised his head slightly to reveal a delicate face: "Tsk, I may not have time to go back to Beijing for my birthday. You Are you sure you don't mind?"

Ye Wuchuan closed the car door for her, calmly got into the car from the other side and fastened his seat belt, turned his eyes sideways, and raised his thin lips: "I don't mind, you won't check your mother's affairs?"

"..." That can't be!

Qiao Nian has been checking for so long, and after finally finding out the details, he will definitely not give up halfway.

Ye Wangchuan raised her eyebrows when she saw her silent reaction. Knowing that she would not give up investigating the truth of the year, she couldn't help but said sourly, "So it's useless for me to mind."

At this moment, Qiao Nian opened the car window to let the cool wind blow in, and suddenly looked back, his beautiful eyes met his eyes: "Actually..."

She paused, frowned again, put her fingertips on the edge of the car window, and continued: "Actually, even if it's not my birthday, I'm 20 years old."

Ye Wuchuan's eyes froze for a second, his Adam's apple rolled up and down, he quickly restrained his impulse, his reason prevailed, he stretched out his hand to turn her head over, and said with a smile that was not a smile: "Qiao Shen, don't tease me, this is me. Can't stand the temptation!"

He is a few years older than her, and he hasn't touched his girlfriend's finger up until now, so it's shameful to spread it out.

But because this person is Qiao Nian, he can wait.

She deserves to wait.

Ye Wuchuan saw that the girl's eyes had gradually calmed down, he reached out and touched the bridge of her nose, and said fondly, "I'll wait for you to finish this matter, and wait until the dust settles here."

Qiao Nian was touched, pursed his lips, and stopped talking.

She felt that the suddenness of Nie Qing Rulai this time might not end so soon.

**

In the hospital.

Ji Ziyin didn't close her eyes for two days and two nights in a row, and the piercing pain in her left leg tortured her nerves from time to time, making her unable to close her eyes.

As soon as she closes her eyes, she will think of the man who approached her with an iron rod, and the indifferent and fearless expression on Qiao Nian's face...

Ji Xiao heard that she was admitted to the hospital and flew over from Independent Island to take care of her.

Lu Yiming also followed.

But Ji Ziyin was immersed in great pain and was almost in no mood to greet them.

She was lying on the hospital bed with a sallow complexion. If she hadn't blinked from time to time, people who didn't know her might have thought she was dead.

In the afternoon of the next day, the doctor came for a routine examination.

Although Leonard, the Queen and the others never came to the hospital to see her, she was a member of the Privy Council after all, and the hospital did not dare to neglect her, and did her best to treat her.

Today is the same as five or six expert consultations.

The assistant doctor performed CT scans on her injured leg, and the orthopedic specialist soon got the images.

Several people exchanged and watched the film, each with regretful expressions on their faces.

Lu Yiming has known her since childhood, even if there is no love now, there is still friendship. When he saw Ji Ziyin's fate from the sweet girl in the sky to the present, he was not happy, so he asked the doctor instead of Ji Xiao: "Doctor, how is she doing?"

The male doctor headed by looked at him and asked himself. He didn't hide it, and said bluntly: "She is not in danger, but the patient's leg is afraid that she will be disabled in the future."

Chapter 2810 Ji Ziyin can't accept reality

Ji Ziyin was struck by lightning on the hospital bed, her shoulders kept shaking, and she struggled to get up.

Ji Xiao quickly pressed her back and persuaded her in a low voice: "Ziyin, don't worry, we are still thinking of a way for you."

He said, and immediately asked the doctor who was talking anxiously: "Dr. Sam, her legs are very important and cannot be disabled. Is there any other way for you? Money is not the problem, as long as she can be cured, any amount is fine. !"

He was sincere this time.

After all, Ji Xiao pinned all his hopes on Ji Ziyin. If Ji Ziyin falls, his dream will be shattered.

In this case, money is the least valuable thing!

Doctors looked at each other and shook his head in Ji Xiao's expectant eyes: "Sorry, we tried our best."

"The other party didn't leave a way out before he started, and he was determined to let her leg be abolished. In this case, unless a master like Zhongliu is present to help her in the later stage of rehabilitation, there may be a trace of it. Silk hope."

Zhong first-class here is only able to have a slight turning point, so that Ji Ziyin will not suffer from such a serious leg disease.

can't even make Ji Ziyin run and jump like no one else.

The doctor sentenced her to death: "...Only a few of us are ignorant of learning. I'm afraid there is no way to restore the patient to the way he used to be."

Ji Xiao sent the doctor out.

There were only Ji Ziyin and Lu Yiming left in the ward.

He turned around and saw Ji Ziyin's trembling hand on the hospital bed, and said softly, "Cry if you want to."

Ji Ziyin's eyes were crimson, she held back her tears and refused to flow, her voice was hoarse and broken: "I won't cry."

This is the first time she has spoken in two days.

Lu Yiming looked at the woman he once loved, and finally couldn't bear it. He stood in front of the hospital bed and said, "I'll help you ask Lu Zhi to see if he can contact Master Zhong."

A glimmer of hope ignited in Ji Ziyin's eyes, she turned her head to look at him, her bright eyes touched: "Thank you."

"Lu Zhi has a weird personality, so he might not be willing to help." Lu Yiming didn't accept her thanks, but said, "I will try my best to help you contact the Pharmacy Association, but I don't have much hope."

Ji Ziyin certainly knew that there was little hope.

The Pharmacy Association has always had a good relationship with Qiao Nian, and Zhongliu and Qiao Nian are even better friends. She is like a drowning person grabbing a life-saving straw and said in a deep voice, "As long as there is still a glimmer of hope, I will not give up. I won't fall down here, I'll get up one day."

She will remember all the humiliation and harm Qiao Nian gave her!

Ji Ziyin tried to move the injured leg again, but despite the cold sweat, she still couldn't lift that leg like a normal person...

Time and time again, she gave up helplessly in despair.

**

Lu Yiming tried to contact Shang Lu Zhi, Lu Zhi asked him a few questions about Qiao Nian, and then hung up.

Seeing that Lu Zhi refused to help, he had to find several people through his own connections to contact Zhongliu.

Zhong Liliu heard him say his intentions, and as expected he rejected him, there was absolutely no room for negotiation!

Lu Yiming thought about everything he could think of, and finally he chose to tell Ji Ziyin the result.

Ji Ziyin had long expected that Zhongliu would not help her. It wasn't a big surprise, but she was still in pain and didn't want to open her eyes for a long time...
