

Madam's 2821

Chapter 2821 Sister Nian: I changed my mind

Qiao Nian just searched Weibo and found thousands of related reposted videos.

She clicked on the most popular Weibo at the top and played the video.

The sallow, haggard-looking woman in the video was crying loudly in front of the interview camera, crying and screaming how Jiang Zongjin was not a human being.

Not far away, a taciturn middle-aged man hugged the child's head and tried to block the camera, looking exhausted.

Reporters are definitely not willing to let go of this big news.

During the interview, he kept asking Wang Guifen to reveal more detailed information, and Wang Guifen also knew the way inside.

During the period, regardless of the middle-aged man's obstruction, he dragged the thin boy with one hand and asked him to describe how Jiang Zongjin bullied him to the camera.

The boy spoke in a low voice, and his eyes did not look at the camera.

But he still made everyone hear clearly with a voice as thin as a mosquito's foot.

"He told me to go to his house."

"I'm scared."

"I said I was going home."

"He won't let me go."

...

Qiao Nian turned off the video and took a look at the comments of netizens below.

Among them, someone mentioned her and Jiang Li in the top five.

"This professor seems to have a daughter, hiss, chasing the light."

"Jiang Li is also his nephew, tsk tsk, I just said that the topic has not been on the hot search. It turns out that there is a professional PR."

"Why didn't Qing University fire him!"

These are the comments with the most likes. Many people stand in line below without asking the reason, all asking Qing University to expel the scum, otherwise it will ruin the reputation of the first university.

Qiao Nian looked around.

There are thousands of comments on this video alone, not to mention the number of comments under other same Weibo videos combined.

Slim waist control also heard some voices on the phone. Guessing that she saw the interview video in the afternoon, she asked her: "sun, I will black out all this online."

Slim waist control is one of the main members of the Red League.

If he takes action, these voices on the Internet will soon be cleaned up.

"Have you hacked the public opinion on the Internet, and the voices of these people?" Qiao Nian narrowed his eyes slightly: "As long as they can still talk, they will continue to discuss this matter, and they will still make the same noise on the Internet. s post."

"Then you don't care?"

"I changed my mind." Qiao Nian put the tablet back and zipped up the shoulder bag: "I was going to see what they wanted to do before, but now I don't want to. Don't they want to be interviewed? They want my dad Go to jail?"

"You go to a lawyer, I will go through legal proceedings with them."

*

Slim waist control is extremely efficient, and he quickly found the ace lawyer of Beijing's largest law firm through Fu Zheng's relationship.

This lawyer is also a cheerful person.

After knowing that he was the one recommended by Fu Zheng, he asked his assistant to make two cups of tea, and roughly understood the cause and effect of the incident from his mouth.

The lawyer is not nonsense, and he said bluntly: "I can take this lawsuit, but this kind of thing depends on one's mouth, and it is not easy to file a lawsuit."

The slender waist is holding a bird feather with brightly dyed flowers on his head, but his legs are raised, and he is very happy: "You just fight this lawsuit, our purpose is not to ask them how much money to pay, just call those people to see."

The barrister gave him a deep look, reacted quickly, and agreed in seconds: "Okay, I'll try my best."

...

In the evening, a man and a woman were arguing with their voices lowered in an old residential area in Beijing.

Chapter 2822 This family also has internal contradictions

"Didn't I say not to expose Pengfei's face? How can he raise his head in front of people in the future when you are like this?"

Tian Dali recalled what happened during the daytime interview, and he was so angry that he clenched his fists, the veins on his neck bulged, and his face flushed and shouted at the woman.

Wang Guifen was counting the money with spittled hands, without lifting her eyelids, she said impatiently, "You know how to save face now? Who asked you to owe money outside, if I hadn't been forced to, I would have taken it. Is this kind of thing to deceive people?"

Tian Dali was speechless by her words, rubbed his hands together, and walked around the cramped rental house.

walked up to her again and grabbed the money, staring at her with red eyes: "This is the last time, you are not allowed to let reporters interview Pengfei again!"

When Wang Guifen counted half of the money, she got angry, got up and grabbed it for him, hugged him like a baby, and said noncommittally: "What are you afraid of. Anyway, we made so much money, and we will live in another place, who knows. This kind of thing. We have money, and he will marry a daughter-in-law in the future. I am also for his own good, otherwise, with a father like you, he will be a bachelor in his life! "

Tian Dali was reprimanded by her with a red face and a thick neck, but he also knew that he was incompetent and could not give his son a good life.

He held back his breath, thinking of the professor who was framed by his own family, and felt a little guilty in his heart, and asked in a giggling voice, "You said that professor will not be expelled from the school, right?"

"You take care of him." Wang Guifen was more at ease than he was: "He's a high-ranking person, and he has long been short of money. If he is fired, he will be fired, and he will not starve to death."

He still felt that what he did this time was not authentic.

At this moment, the two of them were interrupted by a knock on the door.

Wang Guifen immediately put away the money vigilantly, raised his chin slightly, and asked him, "Who is it?"

Tian vigorously went to open the door: "Just take a look and you'll know."

When he opened the door, he saw a man in a suit and leather shoes standing outside. He didn't fit in with the old community and seemed to be looking for them.

He did something wrong and was very scared in his heart, his eyes flickered and he wanted to close the door, but the man quickly took one step to hold the door, and said to him with a smile: "Hello, I am a lawyer of Kaixuan Law Firm, I will replace mine. The client came over and sent lawyers' letters to the three."

He took out an envelope from his arms and handed it to Tian Dali, then looked inside again: "Your son is not at home?"

Tian Dali's heartbeat thumped, and he immediately lowered his face and took a step to block his sight: "What are you looking for him for?"

The young lawyer smiled at him politely: "Oh, it's nothing. I just want to see the defendant."

"My client has sued three people, including your son."

Tian Dali's face turned snow-white, and the envelope in his hand suddenly weighed more than a thousand jin. He looked at each other suddenly, and said in a deep voice, "He's still a child, how can you..."

"Mr. Tian!" The lawyer interrupted him, with a smile in his eyes, revealing a hint of majesty: "You know very well what you have done! Age is not an excuse, everyone should be responsible for their actions, otherwise... How chilling a good man who has done good deeds. You say so?"

Tian Dali was speechless by his rhetorical question.

It was mainly because of his own guilt that he had no confidence to refute it.

Chapter 2823 Sure enough, there is the queen's handwriting

"I'm just here to send a lawyer's letter. The court's summons will be delivered tomorrow. The court session is just a few days away. You can ask a lawyer to defend it if it's convenient for you." My client has not only brought civil lawsuits against you, but also criminal lawsuits. If it goes well, your actions will constitute the scope of sentencing, and there will be two or three lawsuits in the future."

Tian Dali was a little flustered and opened his mouth: "Professor Jiang he..."

He has met Jiang Zongjin, a very simple person, who looks very peaceful and easy to get along with. It's not like this kind of person who will sue them and file a criminal lawsuit.

He also wanted to intercede.

Who knew that the lawyer interrupted him coldly: "I'm sorry, it's not Professor Jiang who is suing you this time, it's his daughter. His daughter will come back in the next two days to deal with this matter."

...

Tian vigorously sent people from the law firm away, closed the door, his legs were weak, and he almost slipped along the door and sat on the ground. Liushen Wuzhu said: "What should I do, what should I do now?"

Wang Guifen was also quite frightened just now, but she was a little calmer than him, and raised her brows savagely: "What are you afraid of, we have the upper hand in public opinion. If she can't win us, even if she wins, anyone outside who believes them will scold them. They are bullying people."

They are vulnerable groups. As long as they cry and make trouble in front of the camera, someone will always speak for them.

She did not believe that Jiang Zongjin, as a professor of Qing University, dared to touch their eggs.

"I'll contact that person again and see what she has to say." She said that she was not afraid, but she still had no idea in her heart.

She had to find a way to make that Professor Jiang's daughter retreat! Know what is awesome!

*

M continent, inside the Privy Council.

Shadow walked quickly to Nie Qingru and whispered in her ear; "Wei Ying said that Qiao Nian already knew about Jiang Zongjin and was going to sue the family. She asked you what to do next?"

Nie Qingru was looking at the report at hand, and asked, "How is Ji Ziyin?"

Although Shadow didn't understand why she suddenly mentioned Ji Ziyin, she still lowered her head one by one and said, "She is still in the hospital. The doctor has clearly told her that her right leg will be disabled, and she may walk with a lame in the future."

"En." Nie Qingru closed the report in his hand and said with a blank face, "Find someone to take care of her, don't let her die."

Shadow suddenly raised his head: "Your Majesty, do you mean to use her again?"

Ji Ziyin is disabled.

Even Leonard gave up this piece.

He didn't understand why the Queen kept Ji Ziyin.

The queen stretched out her body, put her arms on the chair, raised her head slightly, and said indifferently: "I want someone to take over the Ji family, she is the best candidate."

Shadow didn't ask any more, and lowered his head gently again, whispering: "There in the capital..."

"I didn't let them figure this out to ruin Jiang Zongjin's reputation, I just told her that my warning to her outside the Privy Council was not a casual remark, she can be mad, but it depends on who she is mad in front of! If she is in me I can't hold back that look in front of me, so I'll take her mother's place and teach her how to be polite!"

"Of course if she can't even solve this trivial matter, it would be better for me if Jiang Zongjin was ruined..." Nie Qingru said very coldly.

Chapter 2824 On the independent continent, let them move faster

Shadow didn't look up: "That Weiyang side..."

"Let her continue." Nie Qingru supported her head with her hands and said, "Isn't Qiao Nian going to take legal action? I want to see how she plans to solve this crisis."

Shadow lowered his eyes and knelt down on one knee: "Yes, this subordinate will do it right away."

"Yes." Nie Qingru replied in a low voice.

Shadow got up from the ground, turned around and prepared to go out to arrange for Wei Ying to continue to bite Jiang Zongjin.

The moment he was about to step out the door.

"Shadow." Nie Qingru suddenly stopped him.

The well-trained man in black immediately turned around and stood in front of her again, with his hands down in front of him, humbly and respectfully: "Do you have any other orders?"

Nie Qing's eyes narrowed, and he said coldly, "Let our people move faster on the Independent Island side, don't make me wait too long."

Shadow looked up just to see the gloomy look on her face. She didn't dare to look at it, she bowed her head obediently, and said in a deep voice, "Yes."

"Go down." Nie Qingru raised his hand, indicating that he can go out.

"Yes, you rest early."

Shadow bowed slightly towards her, then turned and walked out.

**

Beijing City.

In June, the sun was in full swing, and the sun formed layers of heat waves on the ground, but the scorching sun could not stop the reporters and self-media people guarding the door of the court.

The court will officially open tomorrow, and today is the day for pre-trial adjustment.

If the pre-trial mediation is successful today, there will be no need for a lawsuit tomorrow. Conversely, if the mediation is unsuccessful today, the court will hear the case according to the procedure tomorrow...

Pre-trial mediation requires both parties to be present.

Wen Ruxia and Jiang Li took action to suppress the popularity. The popularity of this news is as high as scary. Under such a background, it is impossible for reporters and media to participate.

Tian Dali's family went to the court door first.

They were very cunning and chose to come here by bus, and they wore very plain clothes, and they looked like a tight and honest family.

As soon as reporters and media people saw their family, they swarmed over and slapped them in the face with guns and cannons.

"Will you accept pre-trial mediation?"

"Will you come up with stronger evidence this time to prove that the victim was bullied?"

"Will children testify in court?"

The reporter threw one sharp question after another, and used the microphone to slap them in the face desperately. The child was obviously frightened and hid behind the middle-aged man, clutching the man's old shirt with his hands, full of fear and anxiety. .

Tian Dali covered the child's face with his hands: "Stop shooting."

"You stop taking pictures."

His own face was flushed red, and his big fan-like hand reached out to tap the camera and microphone that were handed to him, and refused to cooperate with the reporter's interview.

"I don't know, nothing to say!"

Contrasted with them is Wang Guifang, who is being interviewed by the media recently and seems to be enjoying the high-profile feeling.

She wore a plaid coat today, which looked very inconspicuous, and tried her best to look like a poor victim.

But a pair of shiny gold earrings betrayed her vanity.

Facing the bombardment by reporters, she wiped away tears, and acted like a hard worker to criticize Jiang Zongjin's crimes.

"My child is still so young, he is... He is not worthy of being a professor, no, he is not worthy of being a person."

"Although we have no culture, no money, and we can't do things like him, is he still a person? My child, my child was destroyed by him."

Chapter 2825 Sister Nian: I believe my dad, is there a problem?

She was crying and wiping tears, for fear that outsiders would not see her grievances.

Then she faced the camera and said in a painful tone: "We are not here to adjust, no matter how much money they give us, I will fight them to the end! Even if I risk my life, I will pay for my son. Do justice!"

"You are all witnesses. If they win, or if anything happens in the middle of us, it must be the professor who did it! He just didn't want us to have a better time, so he hired someone to do it! You all have to be a witness to me."

...

A black Phaeton is parked on the side of the road a few meters away. The Phaeton looks very low-key and inconspicuous from the outside.

The reporters were all immersed in the excitement of catching big news, and no one noticed the black car with the Beijing license plate hanging on the side of the road.

The four windows of the Phaeton were rolled down, and the people inside could hear the cry of reporters and Wang Guifen outside.

Qiao Nian sat in the co-pilot seat, with one arm resting on the open window, his black eyes half-squinted, and he was looking at the crowded place.

Jiang Zongjin has arrived.

The reporter saw that the other party also came to the door of the court, and the spotlight flashed without stopping.

"Professor Jiang, will you reconcile with the victim's family?"

"Professor Jiang, the victim's family said that you once wanted to bribe them with money to shut them up. Is there such a thing?"

Jiang Zongjin looked haggard, and there was a bluish purple color under his eyelids. It could be seen that he hadn't been able to sleep well in the past few days.

He remained silent all the time, and only silently blocked the approaching reporters. He was polite and elegant: "I'm sorry, I don't accept interviews."

The reporter knew his background, and most people automatically gave up a way for him to pass, so that's fine.

But there are a few self-media who don't have long eyes, in order to gain attention, they still stand in front of Jiang Zongjin at this time, hand over their mobile phones to take pictures, and even open their mouths: "Professor Jiang, I heard that you have a daughter, your daughter Is it chasing the light? Does she know about you? What does she say? Is she on your side or the victim's side?"

Jiang Zongjin maintained his proper demeanor from the beginning until he heard that someone was implicated in Qiao Nian.

He was rarely angry: "What does this have to do with my daughter?"

The self-media person saw that he was angry, shrank his neck, relied on his own live broadcast, and then laughed embarrassingly: "The victim is also a child, chasing the light is almost 20? At 18 years old, she is an adult, she You should have the ability to distinguish right from wrong. I'm just curious if she knows about your molestation, and if so, what does she think."

Jiang Zongjin had blue veins on his forehead, clenched his fists, he could barely hold back his anger, and wanted to **** his mobile phone on the spot: "My business has nothing to do with my daughter!"

The self-media person hid in the crowd, and immediately shouted: "The mobile phone is stolen! The professor has stolen the mobile phone."

"You!" Jiang Zongjin had never seen such a rogue before, his whole body was shaking with anger, his fingertips were shaking, and he didn't know what to do.

At this moment, someone pushed through the layers of the crowd and walked in front of him, blocking the spotlight of the media reporters for him.

"I trust my dad, is there a problem?"

The girl's voice was clear but powerful.

Word by word, the wording is clear enough for everyone present to hear it clearly.

Jiang Zongjin was pulled behind her by her, and when he realized that Qiao Nian was coming, he was stunned for a moment, then his eyes were red, and his nose was sour: "Niannian."

Chapter 2826 The two sides also have a pretrial mediation

Qiao Nian looked back at him and hummed, "It's too late to come back."

Jiang Zongjin's heart melted, and then he quickly realized the predicament in front of him, and pulled her anxiously and dryly: "You shouldn't come, you go back quickly."

Qiao Nian was not pulled by him, but turned his head, and a pair of black eyes passed through the crowd to accurately see the eye-catching self-media person from before.

"The live broadcast you said just now?"

"..."

Her own aura was so strong that the man with the sharp-mouthed monkey's cheeks opened his mouth in embarrassment, but he didn't dare to speak.

"Since you have started a live broadcast, I am too lazy to collect evidence. I will keep the evidence and sue you for defamation at any time."

The man with the pointed mouth and monkey cheeks heard that she was going to sue, and immediately became anxious, and whispered in a hoarse voice: "I am the media, I have the right..."

He wants to say that he has the right to do interviews!

Qiao Nian said concisely: "No one has given you the power to spread rumors. Everyone is responsible for their own words and deeds, and the media is the same! What right do you have to convict people in advance before the court has issued a verdict? Do you represent the court or the law? , or do you think you are the truth? You can judge anyone?"

The man was speechless by her methodical scolding, unable to speak for a long time.

The barrage in his live broadcast room exploded.

[Follow the light, follow the light, follow the light! Wocao, it's really chasing the light!]

[Is she too strong? It was obviously her father who did something bad, so why is she so arrogant, and she doesn't know what she's doing.]

[Is the brain sick upstairs? Didn't people make it clear? The court has not yet made a judgment, and the police have not notified it. Who can say that he is a victim? Then I also said that if you stole my computer, are you a thief? Anyway, I don't have to go through legal procedures, I am the 'victim' who has the final say.]

[No comment, waiting for follow-up.]

[me too.]

Some people support Jiang Zongjin, and some people support the victims.

Most people began to rationalize, and proposed to wait for the follow-up result of the court, and did not want to be incited by a certain party.

As soon as Qiao Nian appeared, the focus of reporters and media all shifted to her, almost like a spotlight.

Wang Guifang's family no one paid attention.

Tian Dali looked at the girl in the crowd who was not easy to provoke at first glance, and felt very uncertain, he hesitated and whispered to her: "Look at her, she asked a lawyer to sue us, I think she is more difficult to deal with than Professor Jiang. More. You said whether we wanted to... forget it."

"We all took the money." Wang Guifang looked at the girl's position fearfully, then withdrew her gaze, sank her heart, and said, "You don't care how powerful she is, we are the victims anyway. As long as we are pitiful enough, they won't take it. to cheap!"

At this time, she still didn't forget to pull her son and sternly told him: "Don't forget what I taught you to say at the trial tomorrow, if anyone asks you, just follow what I taught you, do you understand? ?"

Tian Pengfei was staggered by her, his eyes shrank in fear, and he nodded repeatedly: "Understood."

Tian Dali looked at his son's fearful appearance, felt distressed and blamed himself, hugged him in his arms, glared at her, and said in a muffled voice, "It's almost done!"

Wang Guifang glanced at him and sneered: "Hehe, you will be a good father at this time!"

Tian Dali's face turned into a pig's liver color, but he didn't dare to quarrel with her.

*

After half an hour, both parties arrived at the out-of-court mediation office.

Tian Dali's family had already found a place to sit down, Wang Guifang raised Erlang's legs and waited for Jiang Zongjin to come over while drinking tea.

"We still hope that you can mediate out of court as much as possible." The court staff couldn't help reminding her when they saw her aggressive appearance.

Chapter 2827 The scum is about to be cleaned up

Wang Guifang rolled his eyes and said, "My phone is recording, don't bully us and scare us without culture."

"You!" The court staff was annoyed by her choking, and simply walked away and ignored her.

Jiang Zongjin then came in with Qiao Nian.

Qiao Nian saw the so-called victim's family for the first time. She only glanced at the three of them, and then pulled out the chair sharply and sat down.

Jiang Zongjin also saw Tian Dali's family, but he didn't look at Tian Dali and Wang Guifen, but looked at the child with a complicated expression.

Tian Pengfei never raised his head, let alone glanced at him, as if he was scared.

He pursed his lips and did not speak, choosing to sit next to Qiao Nian.

Everyone is here.

The staff also took the documents and sent them to them, then went to the front and said to both parties according to the procedure: "The trial will start tomorrow, and now is the time for out-of-court mediation. If you can reach a settlement out of court, you don't have to call tomorrow. Lawsuit. Are you willing to mediate out of court?"

Wang Guifen sneered and looked at the other side, probably wanting to see how much Jiang Zongjin was willing to pay to buy them off, so she said slowly, "Whether we want to mediate or not depends on what he means, right?"

She is greedy and wants to eat money from both sides.

Jiang Zongjin looked at her with disgust, his brows furrowed, and he didn't speak.

Qiao Nian pushed the document in front of him forward, stood up at this time and said, "If we don't mediate, we will go through the legal process."

Her attitude was beyond everyone's expectations, including the staff who carefully reminded: "This case is not easy to try."

"Isn't this not a trial yet? How do you know that it must not be a trial." Qiao Nian's sharp eyes swept a circle on Wang Guifen's surprised face, raised his peaked cap, and said with a delicate face expressionless: "I want what I want. It's not about peace of mind, what I want is justice."

"We don't accept out-of-court settlement. Let's see you in court tomorrow." She put down these words, turned to Jiang Zongjin and said, "Dad, let's go."

She is here just to respect the judicial process, but she will not change the legal process that should be followed. Just because of the family's performance outside the court, the lawsuit, she's settled!

Jiang Zongjin listened to her without saying a word, and left the mediation room with her.

After they left, only Tian Dali's family was left in the mediation room.

Tian Dali saw the scene in front of him, and became more and more uneasy. He tilted his head and said to her, "They won't have any evidence, right?"

Wang Guifen shook his hand away, reacted and said contemptuously: "Pengfei is only ten years old, they are fighting a lawsuit with us, only for crying!"

The staff gave them a sympathetic look, too lazy to tell a woman like Wang Guifen about the stakes here.

She relied on the child's young age, but the law is not a vegetable market scolding. Just relying on being pungent and young can turn black and white.

If people have evidence, they will go to jail.

**

"Qiao Nian is back?" Wei Ying's nervous voice became dry at this time.

Shen Jingyan's home.

Wei Ling and Shen Jingyan were both at home, and both of them were relatively speechless at this time, not knowing what to say to comfort Wei Ying.

In the end, Shen Jingyan pondered and said: "Mom, didn't you say that the hidden family asked you to do this? Since they let you continue to bite Jiang Zongjin, they must have arranged a back-up. You don't have to worry too much, contact them first, and look behind them. plan. We just need to cooperate with them."

Chapter 2828 They can't contact the hidden family at all

Wei Ying looked slumped, covered her face with her hands, and did not speak for a long time.

Wei Ling couldn't sit still and called her: "Mom, Jingyan is talking to you. You should contact the hidden family."

Wei Ying took her hand away and looked up at her, her eyes were red and bloodshot, and the voice in her throat was even more dry and hoarse: "I..."

"Things have come to this point, why are you hesitating? We have no choice but to bite them to death."

Wei Ling was as anxious as ants on a hot pan swirling in front of her.

"If Jiang Zongjin escapes successfully this time, we will be doomed!"

Wei Ying is willing to tell the truth: "I can't contact the people of the hidden family."

"what?!"

Shen Jingyan and Wei Ling said in unison, they both broke out in a cold sweat, and the cold sweat on their backs felt cold.

Wei Ying didn't dare to look them in the eyes and covered his head: "I called half an hour ago, but the other party didn't answer. I continued to call after that, and the other party's mobile phone became an empty number!"

Shen Jingyan stood up from the ground, and when he got here, his legs fell back on the sofa: "Why is this happening?"

Wei Ying covered her face, and she regretted it very much: "That little **** in Weilou is pressing so hard that we have no way out, otherwise I wouldn't reconnect with the people of the hidden family in order to give you a better future. "

"I didn't expect that the big family they claimed to be unborn would be so cowardly when they met a Qiao Nian, and they didn't even have the courage to confront them head-on, so they just gave up on us." On the edge of the cliff, it may fall off the cliff at any time.

Wei Ling didn't know what to say about her.

As soon as he came, it was his own mother who gave birth to himself.

The second coming to Weiying has a good starting point. I want to find a backer for them who can compete with the Wei family or even crush the Wei family...

Things have come to this point.

The atmosphere at home changed from being light at first to heavy.

Wei Ling lost the strength she had before, and sat back down, looking pale and ugly, and said, "Let's think for the best. Maybe tomorrow's lawsuit will be won? Qiao Nian is great, but Jiang Zongjin is a wooden man with no means... He may not be able to get it. Show evidence to prove your innocence!"

"..." Shen Jingyan was not as optimistic as her.

He never said a word, but his heart was desperate.

He knew very well that even if Jiang Zongjin couldn't win the lawsuit, Qiao Nian would definitely find out about them. When the day really came, how would they escape?

Qiao Nian doesn't care, who is behind him?

Before he could figure out a way to escape, the phone on the coffee table suddenly rang.

Now, the slightest sound would make them startled. Shen Jingyan took the phone and saw the caller ID on it. He turned around and said to the two of them, "It's Young Master Xu."

"Why is he calling you at this point?" Wei Ling looked puzzled.

"I don't know." Shen Jingyan said as he got up and walked to the side, "You'll know when you pick it up."

Wei Ling just waited for him to answer the phone, wanting to see what was going on.

Shen Jingyan didn't speak much the whole time, and saw his face getting worse and worse, and finally replied with a bleak face: "I see, thank you Xu Shao."

Wei Ling saw that the atmosphere was wrong, and immediately got up and walked in front of him: "What is he looking for from you?"

Shen Jingyan clenched the phone in his hand, looked at her hesitantly, and after a long while, said sullenly, "Young Master Ye found me."

Chapter 2829

He knew that Ye Wuchuan would not let them go, he would definitely find out about them, and make them miserable.

"I was suspended."

Wei Ling was like a thunderclap, grabbing his arm in a panic, and speaking quickly and anxiously: "Why is this? How could he suspend you if he is not in the country? Is there no other way?"

Shen Jingyan pulled her hand away, a bitter expression appeared at the corner of his mouth, and looked straight at her: "Have you forgotten what the Qin family does?"

Qin Family?

Wei Ling thought of Qin Si.

Shen Jingyan named the key points in her name: "The entire Qin family is guided by him. What Ye Lao said might not be as useful as what he said. He wants to clean up me, who would dare to help me?"

"..." Wei Ling lost her eyes and let go of her hand.

Shen Jingyan packed up his emotions and reluctantly said, "With that person's character, this is just the beginning. I'll see if I can contact Qiao Nian. If she's willing to raise her hand, we may end up better. If not... This time our family is even broken."

Wei Ling looked at him suddenly, seeing his unprecedented serious expression.

She hurriedly looked for her mobile phone: "I'll also go to Weilou."

Before, she would never go to Weilou, the nephew. The situation in their family took a turn for the worse, and the Hidden Family considered them to be abandoned.

She can only put down her body and beg the people around her.

*

Wei Ling and Shen Jingyan were in a mess.

Qiao Nian is very harmonious here.

She took Jiang Zongjin out of the courthouse and went to Ye Wangchuan, who drove the two to the old-fashioned mutton-flavored private kitchen in the old place.

When the three of them arrived at the place to eat, the boss had already prepared the pot and ingredients, and gave them a space to be alone.

There was a table of dishes in the huge courtyard. Ye Wuchuan took the lead and opened the chairs for the two of them. He politely said to Jiang Zongjin, "Uncle Jiang, sit here."

Jiang Zongjin walked over, hesitated and sat down: "Thank you."

Ye Wuchuan brought him the bowls and chopsticks again, poured a cup of tea and placed it in front of his table, then walked to the opposite side to sit down, and said with a smile, "The mutton hot pot here tastes good, I asked the boss to make clear porridge ahead of time. When we eat almost, you can drink another bowl of porridge to moisten your stomach."

Qiao Nian sat next to him and added vegetables to the pot quite naturally.

The copper pot came out with clear smoke and smoke on her delicate face, making it impossible to see her eyes or guess what she was thinking.

Jiang Zongjin sat there and barely moved his chopsticks, his face was full of guilt for her, and after a long time of psychological construction, he could hardly speak: "Niannian, don't be angry. I..."

Qiao Nian gave him a piece of mutton in a fresh soup, and then put the seasoning in a bowl and handed it over to him, and then said, "Eat first."

Jiang Zongjin lowered his head and slowly picked up the chopsticks.

Qiao Nian was originally angry, but when he saw that he couldn't raise his head, the anger disappeared long ago, so he put down his chopsticks, looked at him with his eyes and said, "I didn't blame you."

Jiang Zongjin raised his head.

Qiao Nian rubbed his eyebrows, his black eyes were deep and deep: "This matter has nothing to do with you, they came after me."

She didn't know that Jiang Zongjinqing didn't know how Ji Qing died and who died, so she didn't know how to tell him about Nie Qingru.

"...I implicated you this time." Jiang Zongjin was indeed blackmailed by this family this time, but without the help of the people behind it, the trouble would not have been so big.

Chapter 2830 She is not going to attend tomorrow's trial

Although Jiang Zongjin didn't understand what she meant when she said 'chasing her' and 'implicated you', he shook his head almost immediately: "I'm your dad, I'm useless, if I'm useful, I can protect you, It's not your problem at all."

Ye Wuchuan saw that the two of them said one sentence to another, and without even moving his chopsticks, he interrupted the two of them and took some dishes for each of them in the middle.

"Uncle hasn't eaten well these days. Let's talk about what you have eaten."

Qiao Nian eased his expression, snorted, picked up his chopsticks again, and brought Jiang Zongjin vegetables over, and said softly, "I'll solve this problem, eat something first."

...

After lunch, the three returned to Ye Fangchuan's residence in Beijing.

She probably found out about the family from Jiang Zongjin during the meal time.

The cause of the incident is very simple, that is, Jiang Zongjin saw a child who was often beaten by his parents, so he helped him.

Who knew that this child turned his head and blackmailed him with his parents, demanding compensation from him, or threatened to bring him down as a professor.

Originally, the matter was not serious, the other party just wanted money, and the amount raised was not much.

Jiang Li plans to spend money to eliminate the disaster and solve this matter as soon as possible. Who knows that the other party will go back on it later and will ask reporters to expose it.

Talk and go.

Tian Dali's family went back to their troubles and never went to the point of calling the police.

They just shouted through reporters and media, pretending to be pitiful everywhere, saying that they were victims and trying to use public opinion to coerce Jiang Zongjin.

Qiao Nian stepped in and went straight to the legal process this time, so they didn't expect to go to court, so they panicked.

Wang Guifen's last two interviews also showed that the foreword did not match the afterword, almost revealing the truth.

"Nian Nian, will you attend the court trial tomorrow?" Jiang Li returned to Beijing with her, and on the plane back home, she realized that Qiao Nian already knew what happened in Beijing.

He justified the loss himself, and he didn't go to Jiang Zongjin with Qiao Nian in the afternoon, but ran to the apartment to wait for them to come back.

Qin Si and Gu San were also there, and they were in charge of greeting the guests.

They brought ice water drinks to Jiang Li and Jiang Zongjin. Jiang Xinli was thinking about this and couldn't drink it.

On the contrary, Jiang Zongjin quietly unscrewed the lid and poured himself a glass of water, trying not to cause any confusion.

Qiao Nian just came back from outside when he heard that he pulled the bar stool and sat down, and said casually, "Don't go."

Jiang Li said, "Aren't you going?"

She put her hand on her chin and said softly, "Well, don't go."

Jiang Li: "?"

Qiao Nian finally raised his head after replying to the news, looked at him with black eyes, and said word by word, "Not only will I not go, but my father will not go either, it will be handled by a lawyer."

Tomorrow's court will be a civil lawsuit for defaming Jiang Zongjin. Both the plaintiff and the defendant can choose not to attend, as long as lawyers from both sides are present.

She estimated that the other party would definitely go, and was trying to mess with them in court.

She didn't go, and left this full authority to a lawyer.

She was looking for the best lawyer in Beijing.

If the other party can't produce evidence, he will only lose the case.

She waited for Wang Guifen's family to lose the case and then settle accounts with them slowly. There will be criminal proceedings later, and she will let Jiang Zongjin hand over to the police.

Qiao Nian saw the text message Shen Jingyan sent her through the new number, and just swiped it lightly and deleted the text message.

She also pulled Shen Jingyan's new number into the blacklist and turned on the interception mode for her mobile phone.
