

Madam's 2831

Chapter 2831 The day when the arrogant lord calls his brother is coming

After she finished all this, she got up, pushed away the water glass in front of her and said to the others, "I'll go upstairs first, I have something to do."

She doesn't think that her cheap grandmother is such a boring person who only has this little trick.

Nie Qingru is different from Jiang Xianrou and Ji Ziyin.

She has been in a high position for decades, holding many secret organizations of the hidden family in her hands, her power is not trivial, even Xu Yi's father, Quentin, has to submit to her.

The church has not been able to escape from the control of the hidden family for decades. It can be seen that Nie Qingru is so powerful that he is not just playing tricks of framing.

She always felt that Jiang Zongjin was just a small 'reminder' from Nie Qingru this time, reminding her to consider the consequences of doing things, otherwise Jiang Zongjin, Jiang Li and others would become targets.

Qiao Nian was extremely disgusted by this feeling of being threatened.

But she is very clear that disgust is meaningless, and the only thing she can do is to be stronger to protect the people around her.

"You guys play slowly." She put the cap on her head, took the phone, and her back was dashing and sharp.

Ye Wangchuan looked at her back as she went upstairs, also got up, smiled and said to Jiang Zongjin, Jiang Li and others, "You guys talk first, I'll go up and have a look."

Jiang Li watched the two of them go upstairs without turning their heads, and subconsciously looked back at his uncle. He originally thought that the uncle would be angry or frown, but Jiang Zongjin sat on the sofa this time and didn't make a sound, it seemed that he had acquiesced. The relationship between the two is such a closeness that they can go upstairs before and after...

Jiang Li was stunned for a moment, then turned his head and looked in the direction where the two left, a trace of thought and depression flashed on his handsome face.

He always felt that according to this progress, he would soon usher in the day when the arrogant master called him "Brother Li"...

Jiang Liguang thought about it, the hairs all over his body stood up.

The arrogant master called him brother Li...

Well, just thinking about it is scary!

*

The next day, the court held the hearing on time.

A lot of reporters and media were crowded outside the court, waiting for the verdict to come out as soon as possible to issue a press release.

In addition, the Wei Ling family also arrived.

Shen Jingyan was afraid of being photographed by the media and did not dare to show up, so she chose to wait anxiously for the result in the cafe opposite the court.

The matter is almost as Qiao Nian guessed.

After being nervous last night, Wang Guifen was ready to make trouble in court today.

Who knew that Jiang Zongjin had no one here at all except the lawyer present.

She doesn't care about making trouble, but lawyers deal with these people every day, and she has her own way to deal with people like her.

The lawyer that Qiao Nian looked for directly provided the presiding judge with the relevant legal provisions and the plaintiff's appeal when Wang Guifen's family could not produce any evidence.

It was a civil lawsuit, which was an appetizer.

The case is easy to judge at a glance.

When Wang Guifen's family walked out of the court hearing, the three of them looked pale, and the child didn't expect that what he said would be useless. He staggered while walking while clutching Tian Dali's sleeve.

Reporters flocked up and immediately asked them about the results.

"Excuse me, what is the result of the trial?"

"Did you win?"

"How did the court decide? Can you tell us about it?"

Wang Guifang looked at the dazzling spotlight, and then remembered the amount of compensation she was sentenced to, her feet softened, she stepped on the steps and rolled down the steps.

Reporters and the media saw this scene and hurriedly followed up to photograph her embarrassed appearance.

Tian Dali didn't stop these reporters from pushing him by pulling him by the side: "Don't do this, everyone has fallen."

"Tell me about the results of the trial!"

"Yeah, win or lose!" None of the reporters paid any attention to them, and all the spotlights were slapping their faces, just wanting to capture their most embarrassed appearance.

"..." Tian Dali now has the heart to die.

He picked up Wang Guifen who had fallen, pulled the child, and rushed out of the reporter's circle desperately, running away like a mouse.

Chapter 2832 We're afraid to go to jail

In the cafe across the road from the courthouse.

Shen Jingyan went to answer the phone.

When he came back, his face was cloudy and he sat down in his seat, put the phone on the table, and said sullenly, "The lawsuit is lost."

"Losing?" Wei Ling's hand with the coffee trembled, almost spilling it.

Shen Jingyan nodded: "I lost."

Wei Ling hurriedly put the coffee on the table, clutching the fabric on her knees, her eyes wandering, her lips trembling: "How could Tian Dali lose? Didn't they make trouble with Jiang Zongjin?"

"Jiang Zongjin didn't go at all!" Shen Jingyan raised his eyebrows with his hand, and after a moment's thought, he knew who arranged it: "Qiao Nian didn't let him go to the scene. There was only the other party's lawyer at the scene, and this lawyer almost never lost a case, what a tricky case. , she can settle it smoothly. Do you think this kind of lawyer will be afraid of Tian Dali's family playing nonsense during the trial? "

Wei Ling thought of that scene and guessed how Tian Dali and the others were pressed and beaten by Qiao Nian's lawyer at the scene of today's trial.

Splashing in front of lawyers?

That's not dancing for the blind, it's superfluous!

She knew she was panicking, so she got up and looked nervously at Shen Jingyan: "What do we do next? We can't continue like this."

"..." Shen Jingyan didn't know that this was just the beginning, and there were bigger things waiting for them.

But things have come this far, and it is not the time when they can stop when they say stop.

Shen Jingyan tried his best to calm down, but his heart was in a mess, and he couldn't calm down and think of a solution.

After a long while, he looked at Wei Ling's face with red eyes, and said in a hoarse voice, "Fortunately, this is just a civil lawsuit, not involving criminal punishment. I guess she will use the court's verdict to influence her if she wins this case. Public opinion, as long as Tian Dali can withstand the pressure of the reversal of public opinion, we can still delay time."

"I will appease them and tell them not to panic." Wei Ling said immediately.

Shen Jingyan gave her a deep look, picked up the water glass, and forced himself to drink a sip of coffee to refresh himself: "How happy they were when they used the media to besiege Jiang Zongjin, and how painful it is now that it happens to them, they may not be able to bear it. The pressure of public opinion backlash..."

Wei Ling couldn't control so much, she said calmly, "I will spend money to shut them up, and I will definitely not let them go out and talk nonsense."

Shen Jingyan didn't want to argue with her, and continued: "If they can withstand the pressure and delay us, we can take advantage of this time to find a way to find a relationship and ask Qiao Nian or the Ye family to raise their hand and let us have a relationship. Horse. If it works, we can still get out of the skin. If it doesn't work..."

"What if it doesn't work?" Wei Ling wasn't very happy in the first half of the sentence, but when she heard the second half of his sentence, her heart was raised in her throat, and her breathing became heavier.

Shen Jingyan didn't want to comfort her anymore, lowered his head and took another sip of coffee with trembling hands, raised his head and looked at her: "I'm afraid we're going to jail."

*

as he expected.

Qiao Nian arranged for a well-connected media reporter to post the verdict on the Internet as soon as he got the result of the trial.

There is a lot of wind online.

How many people were scolding Jiang Zongjin for not being as good as a beast before, and now how many people are stunned by the verdict.

[Flying cat: Tian Dali and the others actually lost, it seems to be a frame-up, I said that the woman cried too fake during the interview.]

Chapter 2833 Wei Ying finds Mr. Ye on the head

[Tiantian is a goddess disease: there is no black box operation here?]

[Golden Pilot: Haha, do you think there is something wrong with the dark-box operation? If you don't believe the official news, you just believe other people's mouths. This is not a hammer, otherwise let you replace the law, you have the final say?]

...

Most netizens started sympathizing with the vulnerable 'victims' and gradually became rational. Some people took a screenshot of Wang Guifen dragging her child to face the camera in an interview with the media, using the screenshots to prove that Wang Guifen is not as loving as she cried. own children.

With the screenshots of the interview, some people began to slap the Tian Dali family.

It doesn't matter if you don't peel off the skin, as soon as the skin is peeled off, Tian Dali's family was ripped upside down by the melon eaters in a short period of time.

Tian Dali immediately rushed to Weibo hot search when he owed money for gambling.

The second flip of public opinion.

Previously, the attitude of netizens was that half of them believed in the court's judgment, and half of them believed that it was not easy to provide evidence for this kind of thing. Losing the lawsuit does not mean that Jiang Zongjin is innocent.

As a result, Tian Dali's gambling debts were exposed, and netizens who had maintained their attitude of re-seeing before realized that they were being treated as gunmen and began to spray out.

Some people spray, and naturally some people continue to peel.

Then the topic of #王桂芳Stepmother# also began to rush to the hot search list.

It turns out that Wang Guifen is not the biological mother of the child. Tian Dali had a girlfriend who gave birth to him before knowing Wang Guifen, but the two did not get married.

Tian Dali and Wang Guifen got married later. For the sake of the child's study, the child's household registration was in the name of the couple...

The truth is about to come out!

The situation after is the same as what Shen Jingyan said.

How Tian Dali and Wang Guifen used public opinion to attack Jiang Zongjin before, but now the truth is about to surface, how painful the reversal of public opinion is to them.

As more and more details are peeled off.

Tian Dali and Wang Guifen were so anxious that they had blisters in their mouths, they couldn't even eat their food, and they couldn't bear this kind of backlash.

The two of them didn't even dare to go out.

Lock yourself at home every day.

Just like this, they were afraid that someone would come to beat them. Every day, they locked the door in fear and locked themselves in a small dark room without even opening the windows.

...

In the evening, the Ye family's old house.

The servant of the Ye family walked to the garden pavilion, stopped a few steps away from the old man who was playing with the bird, and stood there respectfully: "Lao Ye, the Wei family is here."

Ye Maoshan put down the bird-friendly grass sign, picked up fresh bird food from the side, and said without looking back, "Who's here?"

"Wei Ying." The servants of the Ye family have met many people in the Beijing circle, and they have long been trained to have sharp eyes and know most of the people in the upper circle.

"Oh." Ye Maoshan didn't mean to take care of it. He used tweezers to pick up the bird food to feed the birds, and said calmly, "Let her go back."

"Yes."

The servant turned around and went to reply to Wei Ying who was anxiously waiting outside.

Ye Maoshan waited for him to leave, and then used tweezers to pick up the fresh worms and put them into the porcelain white bird food dish.

He looked at the thrush pecking at the little bugs in a dignified manner, opened his brows and smiled softly: "Doesn't this bring people back?"

He waited for the birds to finish their food, then put his hands behind his back and returned home in high spirits.

Ye Lan and Ye Qichen were waiting for him at home.

Chapter 2834 I only know now that I'm afraid, it's too late

As soon as he came in, Ye Lan couldn't wait to step forward: "I heard that Wei Ying is looking for you, Dad."

"I haven't seen her." Old Ye raised his eyelids and gave her a dissatisfied look: "Why, when you think I'm old and confused, who should I help and who shouldn't help?"

He walked to the mahogany chair and sat down, picked up the big bowl of tea, and clicked his tongue, obviously knowing very well: "She understands what she does herself! I will leave my in-laws alone and run to intercede for her? I look down on myself too much. Don't worry, I won't care about her. I've already sent people off!"

Ye Lan felt relieved after hearing what he said, and gave him a strange look: "Then you didn't help Niannian's father solve this matter before."

As soon as the news came out, she came back to the old man to press the news.

If Mr. Ye came forward, it would definitely be better than the younger ones like Wen Ruxia and Jiang Li.

But Mr. Ye walked over without hesitation.

Ye Lan was very upset.

Old Master Ye took the tea lid to remove the tea foam floating on the surface, lowered his head and took a slow sip of the new tea, then put down the tea cup and glanced at her, snorted, and said angrily, "You might as well think as the little devil at home. Understood! Look at what he usually rushes about when it comes to Nian Nian, did he say anything this time?"

Ye Lan looked back at the little guy who was sitting on the sofa playing games, and then looked at his dad, but he still couldn't react.

Mr. Ye simply pointed out to her: "This matter is not a big deal. If I take action, I can suppress the news, but it will not solve the problem fundamentally. The second and most important reason is that if I take action, Nian Nian Will you be back?"

How long has it been since he saw his precious grandson-in-law?

He also wanted to understand that if Qiao Nian didn't come back, he would try to force the news down, but this was an expedient measure, not the best way.

The best way is for Qiao Nian to come back, and by the way, the stinky boy at home will come back to see.

Ye Lan figured out what he was thinking, and then looked at the little guy who was too lazy to look up after being called by Mr. Ye several times. He was speechless and asked him, "You miss Nian Nian, did Nian Nian ask you out?"

"..." Old Master Ye's proud expression froze on his face, and the corners of his mouth could not be raised.

"Ah, it doesn't seem to be there yet?"

Ye Lan knew that he had not been summoned yet, and was in a good mood. She folded her arms over her chest and looked at the old and the young with pride: "I made an appointment with Nian Nian for dinner. You shouldn't want to go, right?"

Ye Qichen didn't care about their words before, as if he didn't hear them, but now he put down the game console in his hand, raised his head, his delicate face was very nervous, and immediately answered: "I'm going! I'm going. ."

Mr. Ye touched the bridge of his nose and followed his words: "Cough, I don't worry, Chenchen will go with him."

Ye Lan laughed.

She did not embarrass the two of them.

When she called Qiao Nian, Qiao Nian specifically mentioned to her to ask her to call Mr. Ye and the little guy over there...

Ye Lan said: "At six o'clock in the evening, in the box on the first floor of Lanting."

**

"Mom, what did Mr. Ye say?"

When Wei Ying came home, Wei Ling couldn't wait to ask her.

Wei Ying has aged quite a bit. In just three days, her temples and hair have turned white. Facing her daughter's expectant eyes, she dragged her heavy body and brushed past: "I haven't seen anyone."

Chapter 2835 Sister Nian: Why do you think I will let you go

"How could that be?" Wei Ling's legs softened and she followed up: "Is Elder Ye not willing to see you?"

Wei Ying put down her bag, turned around and spoke to her face to face, her eyes were dark: "I thought he would be able to show his face, who knows that after waiting for two hours in the past, people will disappear if they don't see it. This time I will also no solution anymore!"

Wei Ling was struck by lightning and couldn't recover for a long time.

She has no choice?

Their family is all betting on the hidden family, and now Wei Ying told her that there is no way, what should they do?

Is she going to jail with Wei Qi?

"Jingyan isn't at home?" Wei Ying asked her when she noticed that she was the only one at home.

Wei Ling's mind was in a mess at the moment, and she said vaguely: "He went out in the afternoon, he was very busy, and he didn't know where he went."

Wei Ying guessed where Shen Jingyan had gone.

Shen Jingyan could only find a relationship at this juncture. Most of the time he found out about Qiao Nian's location and went to Qiao Nian.

...

It turns out that Wei Ying guessed right.

Lanting outside.

Shen Jingyan heard about Qiao Nian's movements from his friends after inquiring from various sources, and rushed to the Lanting outside in a hurry to wait.

Hard work pays off.

He finally waited for the person he was waiting for in the evening.

Shen Jingyan almost jumped out of the car, for fear that he would be one step behind and someone would go up.

Lanting's access control is very strict. In his current situation, he may not even be able to enter Lanting's door, let alone go in to find someone.

"Nian Nian!"

Shen Jingyan yelled at the person who wanted to go in before the girl stepped into Lanting.

Tonight, Ye Lan will play the game. Ye Wuchuan and Qin Si are all together. Everyone plans to get together. There will be more people and more lively.

Qin Si turned around and saw Shen Jingyan with a sallow complexion not far away, he blinked sullenly and said, "Why did he follow."

Qiao Nian pulled down his cap, turned his head and said to them, "You go up first."

Ye Wangchuan called the others: "Go up first."

Qin Si, Gu San and the others were very sensible and went in directly without talking about it below.

Ye Wangchuan walked at the end and asked her, "Are you alone or should I stay with you?"

Qiao Nian looked at the time on the phone, raised his eyes and said to him, "You go first, I'll be here in ten minutes."

The meaning of is that she said a few words to Shen Jingyan alone.

"Ok."

Ye Wangchuan nodded slightly, but he was not worried that Shen Jingyan could come up with anything. Since Qiao Nian wanted to talk to him alone, he went up first.

...

"Nian Nian." At this time, Shen Jingyan also walked up to Qiao Nian.

He could see the look of embarrassment, life was not good, everyone lost ten pounds, so thin that he could not see the appearance of the scenery.

Qiao Nian turned the peaked cap to the back, revealing a delicate face, with stunning and flamboyant facial features. It could be seen that he was much more mature and stable than a year or two ago.

"You want to intercede with me?"

"..." Shen Jingyan was still phrasing how to speak, when she was interrupted by her words, standing there awkwardly, unable to speak for a long time.

Qiao Nian didn't waste time with him. After all, Old Master Ye and Ye Lan were still waiting for him, so they went straight to the point: "So that family was instructed by you to frame my dad?"

"Niannian." Shen Jingyan was shy, and only squeezed out: "I didn't know in advance what your aunt and her mother were doing behind the scenes..."

Qiao Nian is also not used to him, and his black eyes seem to penetrate people's hearts: "Oh, you didn't choose to stop it after knowing it, but wanted to see how things would turn out. Now that you have

nowhere else to go, come to me when you think of it. What do you think? I will see that you have been kind to me while you were around the city, and I will let you go with nostalgia?"

Chapter 2836 Sister Nian slaps her face

Shen Jingyan was blocked by her and couldn't answer, and begged on the spot in embarrassment and embarrassment: "Niannian, your grandma Wei is old, do you have the heart to let her go to jail at this age?"

Qiao Nian half-squinted his eyes, took his hand and looked sideways at him.

She didn't understand why Shen Jingyan had the face to ask herself this sentence?

Could not bear?

When they do bad things, they don't think about the consequences.

"...Niannian." Shen Jingyan thought that her attitude had loosened, and then continued: "I don't ask you to forgive her, as long as you withdraw the lawsuit and don't hold your grandma Wei criminally responsible."

"You mean that as long as I don't hold you criminally responsible, you will 'forgive' me?" Qiao Nian asked him back.

Shen Jingyan was stunned for a moment, then hesitantly said: "Our family can't talk about whether to forgive or not, but your grandma Wei is old, and her body can't stand the toss..."

Qiao Nian didn't expect that he really had the face to answer, and chuckled: "You are wrong."

Shen Jingyan subconsciously shut his mouth and looked at her, his brows furrowed unconsciously, his eyes moved, he realized his situation again, and called her with restraint and embarrassment: "Niannian."

To put it bluntly, he still wanted to sell miserably, trying to use his affection for Qiao Nian when he was in the city to talk about things.

Qiao Nian didn't buy it for a long time, and stared at Shen Jingyan: "I may have been too lenient with you before, so that you feel that you still have affection with me. But in the end, you didn't help me much while you were around the city. Don't you think that a few words of hypocritical concern you once sent out like a beggar will allow you to use it now?"

"..." Shen Jingyan was speechless.

Qiao Nian took his mobile phone and checked the time.

Five minutes left.

But she has lost the desire to chat with Shen Jingyan: "I will not withdraw the case, and if you are also involved in this matter, then you will go to jail together."

Shen Jingyan was really panicked, took a step forward and tried to pull her: "Niannian, I know I'm wrong."

"late."

Qiao Nian stepped back to avoid his hand, flicked the folds of his clothes, turned the peaked cap back again, lowered the brim to cover his eyes, turned and walked into Lanting.

Shen Jingyan saw the girl's back gradually drifting away, and endless fear shrouded her, and he instinctively wanted to catch up.

"Sir, I'm sorry." The waiter at the entrance of Lanting immediately reached out to stop him: "You can't go in."

"Don't you know who I am?!" Shen Jingyan saw Qiao Nian's back about to disappear at the corner of the corridor.

He was as anxious as an ant on a hot pan, he pushed the waiter at the door, and said sharply, "Get out of the way!"

However, Lanting's waiter not only did not let go, but also called the security guard with a pager, and several people surrounded him.

Shen Jingyan had never been treated like this before, his face flushed and his neck thick, staring at the waiter at the door: "What do you mean?"

The waiter was not in a hurry: "Sir, please stop making trouble!"

"..." Shen Jingyan didn't pay attention to him at all, and pulled the arm of the security guard blocking him again, posing to force his way in.

"Young Master Ye said, if you insist on making trouble here, he will come out to see you in person." Seeing that the waiter could not stop him, he reminded him loudly.

Shen Jingyan originally wanted to break in, but when he heard the words, like a deflated ball, he stopped immediately: "Ye Shaohe...?"

He really didn't dare to provoke Ye Wangchuan!

Shen Jingyan saw the waiter's eyes guarding him, took a deep breath, turned around reluctantly, and left the door of Lanting step by step...

Chapter 2837 Is Ji Nan going to M continent?

In the box.

As soon as Qiao Nian went in, he received a call from Ji Nan.

She pushed the door in for a while, then went to the side to answer the phone first: "Hello."

Jinan's voice came over: "Are you still in Continent M?"

Lanting is during the evening rush hour, and the carpeted corridor is occasionally noisy with waiters delivering dishes.

Qiao Nian went to the relatively quiet bathroom, turned on the faucet, and rushed forward. He clipped the phone to his shoulder and tilted his head, "What's wrong?"

Jinan said with a smile: "My dad and I are going to M Continent to do some business in two days. I think you are here too, so I asked you to have a meal together. Is Sun free to watch the show?"

Qiao Nian turned on the faucet in a daze, took out a piece of paper from the side to wipe the water off his hands, crumpled the paper into a ball and threw it into the trash can, pursed his lips and said, "What are you going to do in Continent M?"

Jinan didn't know why she cared so much about her going to M continent, so she shrugged and said, "I don't know either, my dad asked me to accompany him."

He didn't forget to say: "It's not that you don't know him, and you won't tell me even if there is a reason."

Qiao Nian frowned, a strange feeling surged in his heart: "I'm not in Continent M."

"Aren't you here?" Ji Nan was a little surprised.

Qiao Nian looked at his own shadow in the mirror: "Well. I left the Privy Council, and now I'm back in Beijing."

"You..." Ji Nan wanted to ask her how she had a falling out with the Privy Council, but the words turned into: "Forget it, when are you coming back?"

He means when Qiao Nian will return to Independence Island.

Qiao Nian counted the time, lowered his eyes and said, "About a week."

Jinan has some regrets: "Then I happened to be in Continent M. I'm afraid I can only talk about it when I come back."

"Yes." When she heard the word "M", the indescribable feeling enveloped her heart again.

Qiao Nian couldn't tell why he had such a strange feeling. After pondering for a moment, he said to Jinan in a rare serious tone, "Be careful on the road."

"Huh?" Monk Ji Nan Zhang Er was puzzled.

Qiao Nian also felt that he was thinking too much, so he pulled the corner of his mouth: "When you come back, I will invite you to dinner."

Jinan smiled and said, "It's almost the same!"

He heard the sound of water over Qiao Nian, and guessed that she was eating out. So without wasting Qiao Nian's time, he took the initiative to say, "Then I'll hang up first, you can go."

Qiao Nian replied: "Okay."

Ji Nan hung up the phone, she took off her phone and looked down at the screen.

A white shimmer glows on the phone screen.

Ye Wangchuan sent her a WeChat message a minute ago.

Qiao Nian clicked on the WeChat list and saw Y's message: [Do you know which private room? Do you want me to come pick you up.]

【Q: No, I'll come in right away. 】

She edited the news with her white fingertips and went back, patted her cheek immediately, and walked towards the box where she was having dinner tonight.

**

In the big box on the first floor.

Mr. Ye, Ye Lan, Jiang Zongjin, Zhang Yang and a large group of people were all there, and there were twenty people sitting.

Zhang Yang, Tangning and the other group of young people didn't dare to relax in front of Ye Maoshan at first. They were sitting on the board as if they were going to school.

Fortunately, there was Qin Si interspersed in the middle, and Zhang Yang and the others soon discovered that Ye Ye did not have the majesty in the legends outside, but he was actually an elder who spoke well.

Although everyone didn't dare to be as presumptuous as usual, they slowly relaxed and started to liven up...

Chapter 2838 The arrogant father is too dog!

Qiao Nian heard their voices outside, especially Qin Si, who was very loud and was talking about her.

"Sister Joe is still outside."

"Well, the one surnamed Shen came to find her."

"What else can I say? I'm just looking for her to let her go! Shit, I can't say anything, I'm so thick-skinned."

Qiao Nian was made by him to lower his eyes and smiled. He pushed open the door and appeared in front of everyone in the box.

"Sister Qiao?" Qin Si immediately stopped, and asked the waiter to add another seat, and greeted her warmly: "Come, come and sit on my side."

Who knew that Ye Wuchuan was faster than him, got up and picked up his jacket on the back of the chair, pulled the girl over, and sat down on his seat.

Looking back, he politely said to the waiter in the box, "Add a seat here."

The waiter kept his head down and didn't dare to raise his head, so he said, "Okay, I'll arrange it right away."

She pressed the headset and asked someone outside to send a chair in, put it respectfully beside the young man, and quietly stepped aside: "Your place."

Ye Wuchuan pulled the chair smoothly, sat next to the girl, put his jacket on the back of the chair in the new position, took the cup with his slender hand and rinsed it with tea, and then gave it to her again. Poured a glass of water and pushed it in front of the girl, with a low and **** voice: "Drink some hot water."

"..."

Drink some hot water? Isn't this a scumbag quote on the Internet?

Qiao Nian looked up at him, slowly picked up the cup and lowered his head to take a sip of water, and then saw that the people in the box were staring at the two of them, as if they were watching monkeys.

She coughed suddenly, leaned back, put her arms on the chair, and said, "Are you hungry? Would you like them to serve the food first?"

Ye Lan looked at her, and then looked at her unsatisfactory 'pig', breaking the ambiguous atmosphere in the box with a smile: "Yes, yes, don't even look at it."

"Waiter, serve us first." She arranged it neatly and ably.

"OK."

The waiter quickly went out to arrange the serving.

The atmosphere in the box returned to normal, Qin Si cleverly found a topic and asked Jiang Li about the filming this time.

With him taking the lead, Zhang Yang followed the pole to find several topics suitable for all ages, completely preventing the scene from getting colder.

Qiao Nian just sat there and listened to their chat quietly. When she remembered something, she lowered her head and took out two glass bottles from her pocket and handed one to Mr. Ye: "Grandpa Ye, this is my new one. buy health supplements."

Ye Maoshan looked at the familiar Sanwu glass bottle handed in front of him, and was a little embarrassed to answer: "This is too expensive, I am an old man who is quite tough, don't spend money on me."

"You keep it. You can give it to someone who needs it later." He refused to ask for it.

Qiao Nian hasn't spoken yet.

Ye Wangchuan said to him: "You take it. This is a little thought of Nian Nian."

Mr. Ye glared at him fiercely, and said angrily, "Everyone thinks of me, how about you stinky boy? What gift did you bring me back after you went out for so long?"

"did not buy."

"..."

"She gave it, just like I gave it." Ye Wuchuan leaned back in the chair very casually, and looked at him, that is a gentleman: "Who made me a soft eater."

"..."

Chapter 2839 Mr. Ye has already negotiated the marriage

If Mr. Ye hadn't been taking the small pills Qiao Nian gave him to keep himself healthy for a year, his blood pressure soared at this moment, and his capillaries were almost burst, and his brain was almost congested.

This brat!

His fingertips trembled, and his lips trembled with anger. Seeing Jiang Zongjin was still in the box, he just calmed down and tried his best to adjust his breathing. The kid is talking nonsense, in-laws, don't worry about it."

He probably felt that his grandson was too incapable of doing it, and said depressedly: "I'll take care of him when I get back, and let him talk nonsense!"

Qin Si and Gu San were watching the fun, even Zhang Yang laughed and didn't say a word, and was very smart and didn't interrupt.

Jiang Zongjin took a serious look at Ye Wangchuan's direction, was upright, and said to Ye Maoshan, "Young Master Ye is a person worthy of trust."

He was so direct, but instead, Mr. Ye couldn't answer for a long time. He covered his lips with his hands, and coughed awkwardly: "Haha, you'll be amused by his condescending appearance."

Jiang Zongjin shook his head, his eyes drifted in the direction of Qiao Nian: "My thoughts are not important, as long as Niannian likes it, I have no opinion."

Mr. Ye understood what he meant in a second, so he stopped talking politely and was overjoyed, and instead asked him if he had any special customs for children's marriage.

The speed of his climbing up the pole is no faster than that of Ye Wuchuan's usual dog. It can be seen that the genetic power is strong.

"We don't have any customs here." Jiang Zongjin recognized this marriage from the beginning, especially in the past year, he saw that Qiao Nian was surrounded by many dangers, and she was unwilling to tell herself that Ye Wuchuan could accompany her at any time. Beside her, be born and die with her.

He didn't feel too embarrassed, and said to the old man Ye readily, "But Nian Nian is not of legal age yet, and she has to wait for her to reach this stage in the future. In addition, I respect her and her grandfather. Views."

Mr. Ye made a decision on the spot: "This is no problem, we will definitely wait for the legal age, and prepare as soon as we reach the age."

"As for Wei Shang, I will go to the sanatorium to see him another day. Anyway, we will cooperate with your request, and we will have no problem at all!"

The two of them have come and gone, and the marriage is almost finalized.

Qiao Nian, as the client, didn't seem to hear what they were talking about. He was looking at his phone, and he didn't know what he was thinking about.

Ye Wangchuan noticed her absent-mindedness, leaned over and whispered, "What's wrong?"

Qiao Nian turned off the text message Jinan sent her, shook his head, and frowned slightly: "Nothing, just thinking about when to go back to Independent Island."

She had a feeling that she couldn't tell.

seems to vaguely feel that Ji Nan is going to have an accident.

But logically speaking, this probability is too small and can be completely ignored!

And she didn't receive any information that Ji Nan's trip would be dangerous.

Only then did she notice that Mr. Ye and Jiang Zongjin were talking happily in the box, so she raised her chin and asked in confusion, "What are they talking about?"

Ye Wangchuan saw her look that it had nothing to do with him, and suddenly burst into laughter, as if the stars fell into his deep eyes: "Talk about...you are 21 years old."

"?"

Qiao Nian reacted with a little movement of his mind, but didn't say anything: "...It hasn't arrived yet."

She still has a month to turn 20.

It will take more than a year to be 21 years old, so it's early.

Chapter 2840 She is also Jinan's grandma after all

Ye Wangchuan picked up her chopsticks, rinsed them with tea, and put them in front of her again, gentle and elegant: "Well, so they will have a chat. Let them chat, leave them alone."

Qiao Nian heard that Mr. Ye even started to ask whether she liked Chinese weddings or Western-style weddings, and whether the venue was on the beach or on the lawn...

She rubbed her temples with a headache and decided not to participate in this topic.

**

Independence Island has been exceptionally calm these two days.

Ji Lingfeng has not been out for a long time, this time it is rare to travel far, and there are a lot of things to deal with and arrange.

He has always been a workaholic. A few days before he went out, he made arrangements for his absence for two days. By the way, he temporarily handed over the affairs of the Ji family to a few elders in the clan.

And he also left his own eyeliner. If he went out for the past two days and the family encountered an emergency, several elders did not tell him, and someone would notify him immediately.

So even if he is not in Independent Continent these few days, everything in the Ji family is under his control, and there will be no chance for people to take advantage of loopholes.

"Are you really going to M Continent?" Xie Yun brought him a suit jacket and walked forward, hesitatingly said, "You should know that that person is also in M Continent, she is not a good person."

"Ok."

Ji Lingfeng took the coat from her hand and put it on, and took the tie to tie it himself, and then turned back, his mature and handsome face exuded a steady charm: "Don't worry, I have it all arranged."

Xie Yun opened her mouth and lowered her head again, refusing to look him in the eye. She seemed to lose her temper and said in a low voice, "I'm not worried about you."

The two of them were originally a marriage of interests, marriage is a transaction, and there is not much affection.

She thought so.

But every time she sees Nan Tianyi and Xie Tingyun's love and harmony, she always feels lost and doesn't understand what she has missed in her life.

But people have reached this age.

Xie Yun has long been alive and transparent.

She handed over the tie clip, calmed down, and said to him, "Be careful yourself, M continent is not an independent continent, not our territory."

Ji Lingfeng opened her arms and let her clip her own tie, lowered her eyes slightly, and answered in a shallow voice, "Yeah."

Xie Yun looked up and saw his face that he had seen for decades, as if seeing his stunning appearance when he was young, almost lost his mind.

She quickly closed her eyes: "Jinan wants to go with you?"

"I'll take him to meet the people of the hidden family." Ji Lingfeng explained to her rarely, and pulled off his tie by himself.

Xie Yun sighed and said vaguely: "I know you have never forgotten her over the years, and I respect your feelings. No matter what our marriage situation is, Xiao Nan will always be your son. I don't ask you to love her. I love my son just as much, I just hope you don't sacrifice him when faced with a choice, otherwise I can't bear it anymore!"

Ji Lingfeng looked at her in surprise.

Xie Yun always raised her head, her neck was slender and unbent like a swan, not as arrogant as Xie Tingyun, but she also had her own bottom line.

Ji Lingfeng understood what she was worried about, and gave her a promise: "I just took him to meet that person, after all...she is also Ji Nan's nominal grandma."

Xie Yun originally wanted to say 'the two are not related at all', but thought of the bad debt of the Ji family's older generation.

She also moved her mouth, but made no sound.

...

Ji Lingfeng took Ji Nan at 4:00 pm.
