

Madam's 2871

Chapter 2871 Sister Nian still has an hour to go to Independent Island

Xie Yun's whole body was cold and thorough, and her face was as white as paper.

If she hadn't pinched the palm of her hand tightly, she almost couldn't hold back her fingertips from trembling.

If this is a different person.

She can still argue with the other party today, but this person is Mrs. Xie!

Her sharp eyes shot at the young woman behind Mrs. Xie like a knife.

Ji Ziyin was as calm and elegant as always, and she seemed to feel that she was still looking at her kindly and smiled lightly.

looks so peaceful.

Xie Yun saw the provocation and pride hidden beneath that calm!

...

at the same time.

On the plane.

Qiao Nian received a call from Nan Tianyi.

"Uncle Nan? Huh?"

"Jinan is with me."

When Ji Nan heard his name, he immediately turned his head and looked over.

Qiao Nian rested his elbows on the table, frowned slightly, and there was still sleepiness in his eyes, and his nasal voice was heavy: "Huh? We are on our way back."

"About...an hour." She raised her hand to check the time.

Jinan asked her in a low voice, "Niannian, whose number is it?"

"Uncle Nan." Qiao Nian took the phone away and went back to him.

Jinan just heard her call, it is probably Nan Tianyi.

Hearing Qiao Nian say it was Nan Tianyi, he didn't show any surprise, just frowned slightly: "It seems that some people can't wait anymore."

Qiao Nian glanced at him.

Just heard Nan Tianyi tell her on the other end of the phone that Xie Yun was in a hurry to find him...

She sat up straight, her expression a little sloppy but her eyes narrowed: "Like this. You go first, I'll take him there as soon as I get there."

Nan Tianyi knew that she was more at ease with Jinan, so she didn't talk nonsense: "Okay, then I'll go first."

He paused again and said softly, "Jinan will ask you."

Qiao Nian lowered his eyes: "Yes."

*

Nan Tianyi hung up.

Xie Tingyun adjusted his tie for him, his beautiful face raised his head slightly, and Liu Meiqingdai was shrouded in a trace of sadness: "When will Jinan come back? I'm worried that the elder sister's side will not be able to support alone."

Nan Tianyi didn't want her to work hard, so he tugged on his tie and said to her, "Jinan and the others are still there in an hour. I'll go and see, it should be able to delay until he comes back."

"Well." Xie Tingyun gave way, but was a little worried: "Brother-in-law, his whereabouts are unknown. I'm afraid that even if Ji Nan comes back, those people will not obey him."

Nan Tianyi looked at her with tender eyes, put his hand on the woman's shoulder and comforted softly, "Don't worry about your health. Nian Nian came back with Jinan! With her here, don't worry. ?"

Xie Tingyun looked surprised: "Niannian and Ji Nan together?"

"Well." Nan Tianyi let go, and couldn't explain it to her for a while: "Anyway, Nian Nian will accompany Ji Nan back this time."

Xie Tingyun was a little relieved.

Nan Tianyi couldn't help but smile when she saw her worried look, and stroked her cheek with a big hand: "Don't worry. I'll go over right away. Even if I can't help, I can say a few words. I'll talk about everything when Ji Nan comes back."

Xie Tingyun nodded slightly and stopped talking.

I hope so.

"I'll go first." Nan Tianyi looked down at his watch, not wanting to waste any more time, so he could only say goodbye to his beloved wife.

The driver outside the door was already waiting for him to come out.

The driver saw him strutting out and opened the door respectfully: "Sir."

"Well." Nan Tianyi leaned over and got into the car.

The car started heading towards Ji's old house.

Chapter 2872 It's only an hour, you uncles shouldn't be in a hurry, right?

Ji's house.

"Then elders, start expressing your position." Ji Xiao said with a smile.

The buzzing discussion in the Juyi Hall.

"I think it works!"

"Yeah, dragging is not an option."

"The whereabouts of the former patriarch are unknown, we need to elect a new leader to lead the family forward..."

He looked around and talked to the elders of Ji's family: "Okay, which elder will make a statement first?"

"Let me do it."

Ji Hongyuan stood up at this moment without haste or slow, chanting the folds on his clothes, looking upright, and turning his head in the direction of Ji Ziyin: "I support Ziyin to take over the position of the patriarch."

Ji Ziyin looked at him, smiled respectfully, and bowed slightly to thank him, "Thank you, Sixth Elder, for believing in me."

Those who went to Tianshui Club yesterday saw this scene and had their own considerations.

They started talking one by one.

"Since this is the case, I will also talk about my own thoughts. I also support Ji Ziyin as the next patriarch, at least she has some research results in black powder."

He also said this to Xie Yun.

Xie Yun of course knew what they were planning, took a deep breath, and looked at the few people who were still in the neutral faction.

"Fourth Uncle, do you also think that a person who has been expelled from the family tree can become the next patriarch?"

The old man who was named by her looked stunned, did not dare to look her in the eye, and hesitated: "What they said has a certain truth. But according to the rules, she is indeed not qualified to inherit the position of the patriarch..."

Xie Yun let go of his fist, his face softened, and he said decisively: "Then wait for Ji Nan to come back and talk about it!"

Everyone else in Juyitang looked at her.

Xie Yun straightened her neck slightly, like a arrogant swan, looked around at these malicious uncles and elders, and said gracefully, "Jinan will be back soon. It's only an hour, uncles shouldn't be in a hurry, right?"

She did not wait for Ji Hongyuan and others to answer.

took care of himself.

She said loudly: "Of course, if the uncles plan to eat the dead. We orphans and widows have nothing to say!"

"What is this nonsense?"

"Yeah, we didn't mean that."

"If this word gets out, what will people think of us?"

Xie Yun, after hearing several of the most energetic elders looking at each other, blamed her for not saying that.

She stood there without changing her face and endured all the pressure, arrogant and unwilling to give up!

"Since the uncles didn't mean that, then everyone should wait for an hour for Ji Nan to come back. Otherwise, I can only think that his elders don't want to see him come back, so they have to finalize the big things before he comes back!"

Speaking of this.

A group of elders in Juyi Hall can still say that they are gods and horses?

Xie Yunji blocked them all speechless.

Ji Ziyin's eyes were slightly cold, and she tilted her head to give Mrs. Xie a look.

Old Mrs. Xie immediately inserted herself into it, and broke Xie Yun's momentum with one sentence: "How can you talk to the elders like this?"

"The elders of Ji's family are also for the family's consideration! I am Ji Nan's grandmother, and I also feel sorry for the child of Ji Nan, but I know that this kind of thing can't be based on emotion. What do you think of Ling Feng when you do this? Ling Feng is in the sky. Close your eyes?"

The elders of Ji's parents are not easy to speak due to Xie Yun's identity.

Mrs. Xie is different.

She will always be Xie Yun's mother.

Mothers even scold their children for doing wrong, will others have psychological burdens?

Chapter 2873 Sister Nian is here

Ji Hongyuan went on wisely: "yes. Madam, it's not that we don't want to wait for Ji Nan to come back, but we can't keep dragging it? You said that Ji Nan will be there in an hour. If he doesn't come back, we will delay another day. ."

"We don't care, but the Ji family can't wait any longer." Ji Hongyuan's eyes flashed ruthlessly, but he looked so upright: "The forces in the Independent Continent have been receiving news of the Patriarch's accident since this morning, we can't delay..."

After he finished speaking, he pursed his lips calmly, lowered his head and took a sip from the teacup, as if he was not in a hurry.

In Juyi Hall.

Everyone was buzzing about his news.

"Isn't the news of the Patriarch's accident covered up? How could it be spread?"

"If other forces know that something happened to the patriarch..."

Ji Ziyin saw that the preparation was almost done, Shi Shiran stood up and said in a deep voice to all the elders in the Juyi Hall: "I heard that the news began to spread in the morning, and it is estimated that the entire Independent Continent is about to know the news now. "

Xie Yun glared at her with unprecedented anger: "Haha, what a coincidence! I'm afraid this news has long eyes, and I know when it will be in your best interest to spread it out."

Ji Ziyin, however, explained to Xie Yun very modestly: "Madam, you misunderstood me. The news came from Continent F, and the Chamber of Commerce Alliance had business dealings there, and they were the first to know the news. I only found out in the morning that they knew about it. Something happened to the patriarch."

Xie Yun's eyes darkened, a sneer sneered at the corners of her lips, and her face was cold and angry. She obviously didn't believe her deceitful remarks.

turned to the crowd and said, "In short, Ji Nan has an hour to come back. I don't object to you choosing a new patriarch, but I hope you can wait for him to come back and talk about it!"

Ji Ziyin would not give her this chance, with a smile in her eyes, she said softly: "But Madam, time waits for no one..."

What a 'time waits for no one'!

Xie Yun was the first to face this kind of situation where there are wolves in front and tigers behind, and there is a biological mother who is holding back her side by her side.

She could only watch Ji Hongyuan once again ask the elders to express their opinions...

**

after an hour.

The plane landed at Independence Island Airport.

Qiao read the plane and Feng Yu came to pick them up.

Feng Yu saw Ji Nan who had lost a lot of weight, and greeted politely: "Get in the car first, then get in the car and then talk about it."

Jinan also politely called: "Feng Lao."

"Yeah." Feng Yu turned around and opened the car door.

Qiao Nian lowered his cap and bent over to get in the car first, and Ji Nan went around and sat on the other side.

Feng Yu waited for them all to get on the bus, and then he was the last to get on the bus.

He closed the door.

"Go to Ji's house."

"Yes, Dean."

The driver turned around without saying a word and started driving in the direction of Ji's house.

...

The car drove smoothly on the road.

Qiao Nian raised his hand to open the car window to let the outside wind in, and then turned his eyes slightly towards Feng Yu: "Are we coming back late?"

Feng Yu sighed: "You are always so sharp."

He raised his eyelids slightly to look at Ji Nan who didn't know, shook his head, and sighed again: "I don't know the result for the time being. But the current situation is not optimistic!"

"Well?" Qiao Nian turned his face to the side.

Feng Yu looked at her thin face: "I heard that Ji Ziyin called Mrs. Xie over."

Jinan's pupils shrank slightly, as if strangled by her throat: "She..."

Feng Yu talked to him a lot more often: "Ji Ziyin brought back a member of the hidden family this time, and that person is still one of the three giants of the Privy Council."

Chapter 2874 I won't accompany you in, it's inconvenient

He said: "Yesterday Leonard paid a special visit to your grandmother, and your grandmother went with her today."

Jinan seemed to be poured into a lump of ice from his throat, and it was cold all the way from his throat to his stomach, and his whole body was completely cold.

He clenched his fists violently, his face turning blue: "Then my mother..."

Feng Yu's dark face has the wisdom that has accumulated over the years. He knows what he wants to ask, and before he finishes speaking, he answers him: "Your uncle has also passed."

Jinan calmed down a little and sat back: "That's good."

Qiao Nian knew that he must feel very uncomfortable, but he was not good at comforting people, so he turned his face to Feng Yu: "Let's go over and talk about it."

"Well, that's what I thought too."

Feng Yu nodded.

Taking into account Ji Nan's mood, he stopped thanking the old lady for her good deeds.

Feng Yu's car soon drove outside Ji's old house.

He usually rides in a low-key Mercedes-Benz car, but with the license plate number of the First Research Institute, everyone knows that it is Feng Yu's personal car, and no one will stop his car.

The car stopped outside smoothly.

Feng Yu got out of the car and said to the two of them, "I won't accompany you in because of my inconvenience."

Qiao Nian took his bag and just stood still: "Okay, I'll go in with him to see."

Jinan also got off the car and bowed respectfully with Feng Yu: "Thank you Feng Lao for sending me back."

"Hey!" Feng Yu sighed again, reached out and patted his shoulder heavily, comforting him: "My condolences and change."

He was talking about Ji Lingfeng.

Independence Island now defaults that Ji Lingfeng is dead.

Feng Yu's 'Sorrows and Changes' is a kind of recognition and regret for Ji Lingfeng, otherwise, as he is, there is no need to say this sentence to the younger generation.

Jinan also understands that Feng Yu has no malicious intentions, just nods lightly and follows Feng Yu with firm eyes: "That old Feng, let's go first."

Qiao Nian raised his cap and raised his eyes slightly: "Let's go."

Feng Yu watched the two enter Ji's old house...

Until the two were gone.

He turned around and opened the door again to get in the car, and instructed the driver: "Let's go back to the research institute."

...

The winding path in Ji's old house is deep and secluded.

The centuries-old aristocratic family is not built. The buildings inside are magnificent and magnificent, and it is by no means comparable to the superficially designed buildings outside.

The building is full of well-designed luxury.

Jinan took Qiao Nian all the way to Juyitang.

Along the way, a servant of Ji's family recognized him and stood aside and shouted, "Young Master Nan."

"South Young Master."

"South Young Master."

Jinan didn't look at a single one, and hurried to Juyitang.

He saw Xie Yun who happened to be inside at a glance, his eyes warmed, and he walked in quickly and called someone: "Mom."

Xie Yun turned back suddenly.

Seeing Ji Nan who has lost a lot of weight, he couldn't hide his emotions and covered his eyes with his hands: "You, are you back?"

Qiao Nian then walked in.

She found that there were two other people in Juyi Hall besides Xie Yun.

One is Nan Tianyi, and the other is Mrs. Xie.

Nan Tianyi's face was full of anger, and when he saw her coming, his expression softened a little, and he raised his hand to greet her: "Niannian."

The old lady Xie was not so comfortable seeing her.

She frowned, and felt uncomfortable about leaving: "Since an outsider is here, I'll leave first."

She said this very unpleasantly.

Nan Tianyi was so angry at her behavior that he suddenly stopped her in a fit of anger: "Mother-in-law, Jinan is back, won't you tell him?"

Chapter 2875 Sister Nian: Aunt, you let those people come back!

Jinan briefly talked to Xie Yun about his life in Continent F, and when he heard Nan Tianyi calling him, he instinctively turned to look at Mrs. Xie.

The old lady Xie didn't slip away in time, her eyelids jumped, she stopped and laughed dryly: "Jinan, it's great that you can come back safely. Grandma has been worried about you these days, fortunately you're all right."

Xie Yun and Nan Tianyi were disgusted by her words.

Xie Yun was expressionless, with a cold face and even unwilling to pay attention to her.

Nan Tianyi was so angry that he was willing to say a few words to her: "You still know that you are his grandmother and a family."

Old Mrs. Xie looked at her son-in-law who didn't save her face at all, and said with a red face, "I just told the truth."

"Your truth is to embarrass your sister in public?" Nan Tianyi asked her back.

The old lady Xie moved her lips, but she couldn't refute because of her guilty conscience: "I don't know that Ji Nan can come back alive."

"Huh." Xie Yun sneered coldly all over her body.

Seeing that although she ignored her, at least she didn't fall out with her like Nan Tianyi, Mrs. Xie gathered up her courage and said earnestly, "Ling Feng has already had an accident, he is dead, you have to find a way out for yourself. Ji Ziyin is backed by a hidden family, so what if you keep Lingfeng's position? Ji Nan can't beat her..."

She opened her mouth and Ji Lingfeng was dead.

Shut up Ji Lingfeng is dead.

Old Mrs. Xie always looked like she wished Ji Lingfeng died.

Qiao Nian didn't want to meddle in his own business, but after hearing this, his eyes deepened, and he suddenly said casually, "Who told you that he died?"

Old Mrs. Xie felt fear in her bones every time she saw her, but now that she can't ride a tiger, she can only confront the girl bravely: "Everyone outside is saying..."

"Oh, did you see his body?"

"How could I..." Old Madam Xie touched Qiao Nian's cold eyes and closed her mouth angrily, but her eyes were filled with explicit fear and hatred.

This Qiao Nian is like a monster.

She didn't dare to provoke it at all.

Nan Tianyi and Xie Yun scolded her a few words, and she could return it without fear because of her identity as an elder. But she meets Qiao Nian...

Remembering that the Xie family was almost gone.

Old Mrs. Xie shuddered and hurriedly said, "I can't tell you! I won't hurt my daughter anyway. Since you guys want to talk, I won't be here to get in your way. I'll go first."

Before she left, Qiao Nian turned the cap to the back of her head, revealing her overly eye-catching face, and said with dark eyes, "You dare not guard his position, I will guard it. What you dare not manage, I will manage it. The lineage of the Ji family's direct line is not dead yet, and it is not the turn of others to grab this position!"

The old lady Xie looked back for a while, and then she didn't dare to look back.

ran away in a hurry.

**

Only Xie Yun and the other four were left in the Juyi Hall.

Xie Yun and Nan Tianyi had just recovered from Qiao Nian's powerful words.

Nan Tianyi walked up to her and said with a guilty face, "I'm sorry Nian Nian, it's too late when I came."

Ji Ziyin did come prepared this time.

He didn't expect that Mrs. Xie would join in and help outsiders rob her daughter and grandson's property. It's so shameful and chilling!

"Let's go next..." Nan Tianyi was still thinking about the next countermeasures.

Qiao Nian went straight to a chair, sat down sternly, put his hand on the back of the chair to sit like a big man, and said to Xie Yun, "Auntie, let the Ji family come back."

Chapter 2876 What did the lady ask us to do in the past

"Madam let us go over?"

Xie Yun's people found the front feet of the elders who left the Juyi Hall. They lowered their heads and didn't look at them: "Yes, Madam, let the elders come over."

Several elders looked at each other.

Someone frowned and said, "Did Madam tell us what to do?"

The man lowered his head: "This... Madam didn't say anything, just told me to invite a few elders back."

"..."

What does this mean? !

The elders of Ji's family couldn't understand Xie Yun's intention to suddenly call for them to go back, and they hesitated and didn't move.

The fourth elder was the first to speak, and said to the other people: "Let's go over and have a look, in case Madam finds us in a hurry..."

Others are not happy to delay any longer.

But he spoke up.

The remaining few people had to follow him reluctantly: "I hope Madam doesn't call us back like yesterday, it's okay."

Xie Yun's people are still here.

Except for the elder who spoke in innuendo, everyone else thought they were deaf and turned around to follow the pace of the fourth elder.

...

In Juyi Hall.

Xie Yun, without saying a word, sent someone to invite all the seniors who were highly respected by the clan according to Qiao Nian's intention.

Jinan rubbed his brows and walked in front of the girl, but he still couldn't hold back his curiosity and asked, "Niannian, they will be here soon, how are you going to deal with them next?"

"If you...if you just want to argue with them..." He was a little embarrassed to say it, he loosened his brows, looked at the girl seriously and said, "Those people are old foxes, they are usually the best at tai chi, you can't argue with them. result."

"I don't reason with them." Qiao Nian raised his eyelids slightly, and his black eyes looked at him with a smile: "Do you think I look like a face that likes to reason?"

Jinan was dumbfounded by her question.

really looked at her subconsciously.

The girl sat there in a dignified manner, with the black shoulder bag she brought back from Continent F by her hand.

This time, she put on her peaked cap upside down with the brim facing back, revealing that overly provocative face, her young brows shrouded in uncontrollable frivolity, and her eyes looked up slightly, bright and cold.

This face.

This aura.

Qiao Nian is not easy to mess with.

Jinan was stunned.

couldn't help but laugh out loud: "It's not like that."

Qiao Nian glanced at him, slowly removed the hand on his knee, and said to him, "I have a plan in mind, I'll talk about it when they come."

Jinan took a deep breath: "Okay."

He looked at the girl again, and said, "Don't be arrogant. No matter how you say it, I'm older than you. If it really doesn't work, I'll think of another way."

Qiao Nian raised his head in surprise.

Jinan looked a little embarrassed, and hummed: "My dad told me to protect you before parting. In the end, I still have to rely on you to help me... tsk!"

He patted Qiao Nian's shoulder and said in a low voice: "Anyway, if you can't do it later, just listen to me and don't push yourself for me. What they want is interests, and I have other ways to negotiate with them."

He had already thought about it.

It really doesn't work.

The benefits Ji Ziyin can give these people, he may also agree first.

One is the direct line and the other is the side branch.

There are always some conservative elders who will stand by his side. As long as he accumulates enough strength, he still has the opportunity to sit at the poker table and 'play' with Ji Ziyin...

Chapter 2877 Introduce yourself, Qiao Nian

Qiao Nian saw that he was slightly distracted, his eyes narrowed, and he immediately guessed what Ji Nan's so-called solution was. He looked into the distance from the corner of his eyes, and said lazily, "Let's talk about it."

"..." Ji Nan touched her earlobe, not sure whether she promised herself or not.

It happened that Xie Yun called him over.

Jinan turned around and responded.

Then he looked at the girl again: "I went over first."

"Hmm." Qiao Nian casually hummed.

Jinan saw that she was not afraid of the sky and the earth, and she was at a loss. Before leaving, she told her: "Wait, don't push yourself, I'll talk about it first."

Qiao Nian's eyes fell on him, put it away again, and turned his peaked cap to cover his beautiful eyes: "Got it."

Jinan then walked away with confidence.

*

Several elders came very quickly.

The first one who came over was the group of four elders who had a good relationship with Xie Yun.

When this group of people came in and saw an extra person in the Juyi Hall, they could see that Xie Yun didn't say much on behalf of Xie Yun.

The second elder and his party who came over and clearly stood on Ji Ziyin's side reacted greatly and were not so friendly.

As soon as the second elder came in, he saw the arrogant and domineering girl sitting on the chair of the Juyi Hall. His face sank immediately and he asked Xie Yun: "Who is she? How can you let an outsider come here. This is an important discussion of the Ji family. The place where people outside the family are not allowed to step in... What's going on?"

His attitude seemed to ignore Xie Yun, the former wife of the patriarch. He was very arrogant and arrogant.

Jinan frowned, stepped forward to stand in front of his mother and confronted him with eyes: "Second elder, this is my sister. She was originally from the Ji family, and is qualified to be here!"

"You said she was from the Ji family?" The second elder turned his head to look in Qiao Nian's direction, and his surprised expression showed how surprised he was.

Qiao Nian raised his head slightly, let his eyes fall on him, and raised the corner of his mouth at him, his eyes were like a wolf: "Tsk, blame me for having a public face."

Her face, which is five points similar to Ji Qing, is the best ID card!

Several elders of Ji's family who had never seen her immediately realized who she was.

"Joe..."

Qiao Nian moved his wrist and wrote lightly: "Introduce yourself, Qiao Nian."

No one in Ji's family has seen her in person.

But no one has never heard of this name!

The Ji family was almost turned upside down because of this name, so everyone present was very impressed by these two words.

The second elder, the fourth elder, and others were all shocked by the girl's aura, and for the time being, they have not been able to recover...

At this time, Ji Hongyuan also came in a hurry.

As soon as he stepped into the Juyi Hall, he saw the girls inside.

The muscles on Ji Hongyuan's face were shaking violently, and his face was a little distorted: "Qiao Nian, why are you here?"

When he saw that Ji Nan was also there, he suddenly understood everything.

Jinan is here to move the savior!

His temples throbbed violently, trying to control his emotions, and then turned to look at Xie Yun and Jinan, two people who were a little more annoying, and said solemnly: "Madam, Jinan is young and ignorant. You should remember that she once He personally said in public that he would cut ties with us! I don't understand why you called her back today!"

"Even if you are not satisfied with today's results, you can't bring the wolf into the room, let her intervene!"

Chapter 2878 Sister Nian: Do you know this thing?

He is not afraid of Ji Nan and Xie Yun.

How much wind and waves can a pair of orphans and widows make?

But Qiao Nian...

Ji Hongyuan's eyelids jumped when he saw the girl's figure out of the corner of his eye, and his heart was terrified.

Qiao Nian never played cards according to the routine, nor did he follow the rules and qualifications, and there was a huge force behind him. What she wants to do, no one can stop her.

So Ji Hongyuan didn't even dare to attack Qiao Nian as soon as he entered the door, but turned to trouble Xie Yun: "Madam, don't forget. Even if Ji Nan is not the next patriarch, you are also the former patriarch's wife. Heavy!"

Xie Yun was calm, and asked him with a calm expression, "Have you finished?"

Ji Hongyuan was taken aback by her attitude, pursed his lips, he couldn't go on, he slammed his hands and joined the Second Elder and others with a cold face: "Anyway, I won't agree to let a direct descendant who doesn't recognize his ancestors take over as the next one. The position of the patriarch!"

When Qiao Nian heard his words, the corners of his lips raised a sarcastic arc: "Hey."

Ji Hongyuan's scalp was numb from her sneer, so he had to ask with a straight face, "What are you laughing at?"

Qiao Nian raised his leg and stepped on the chair: "Do you think I want to take the position of the patriarch Ji Ziyin?"

Ji Hongyuan frowned immediately: "Isn't it? Ji Nan has never even studied gunpowder or entered a research institute, he is definitely not qualified to compete for a position, only you..."

Qiao Nian interrupted him impatiently, his eyes narrowed: "Jinan is a direct descendant."

Ji Hongyuan was overwhelmed by her aura, so he couldn't answer for the time being.

Qiao Nian glanced around the entire Juyi Hall, and swept across the faces, cold and sharp like a knife: "When will it be your turn to decide the position of the Ji family head? Even the direct heirs have not come back, so you have to make a decision. The next patriarch? Or a thief? What, the Ji family is going to change careers and develop a new business in the future?"

Ji Ziyin and her teacher, Gu Hengbo, were in trouble, and the academic theft was a stone hammer that was officially announced by the First Research Institute.

Ji Hongyuan can't wash away this point no matter how quibble he can quibble.

The elders of Ji's family with a little backbone were slightly sunburned, looking left and right one by one, but they were shameless to look at Ji Nan and the others.

Qiao Nian is not used to them either: "Oh, or are you just so impatient to try to curry favor with the hidden family behind her?"

"Enough!" The second elder was exposed, looked at her angrily, and said solemnly: "This is an internal matter of our family, it has nothing to do with you! Jinan asked you to tell us this? You let him say it himself. ."

Jinan's chest seemed to have a tinder thrown, Jun's face was cold, he took a step forward, just about to take it all down.

Who knew that Qiao Nian took the shoulder bag aside, took out a black eagle-shaped jade sculpture, threw it on the table, raised his eyebrows and asked the second elder and others, "Do you know me?"

Xie Yun was taken aback: "This is?!"

The jade emblem that Qiao Nian took out was only the size of a palm, and a lifelike eagle was carved on it.

Eagle's eyes seem to be alive.

She knew very well that the eyes were made of extremely rare black diamonds, so under the flow of light, the eagle's eyes seemed to be alive.

She recognized the badge.

How could several old people who have lived in Ji's family for a long time not recognize what Qiao Nian took out, which is the seal that symbolizes the power of the patriarch.

Chapter 2879 Ji Nan is not qualified, Ji Ziyin is also not qualified!

The fourth elder and others changed their expressions one after another, and looked at the girl suddenly: "You..."

Qiao Nian didn't care to face their gazes, put his hands in his pockets, and said in a loose tone: "Something about Ji Qing."

The elders of the Ji family took a deep breath, unable to calm down for a long time.

Ji Lingfeng has never taken out the patriarch badge, and they are also very clear that things were too big...

At that time, the old patriarch passed away, and Ji Qing, the real daughter of the Ji family, died hastily within two years, and then Ji Lingfeng became the patriarch as an illegitimate child...

They want to say that there is nothing tricky here, and no one will believe it.

It's just that this is a battle between the descendants.

They dare not interfere.

The elders of the Ji family did not even dare to investigate what happened in the past, and the name Ji Qing gradually became a taboo in the family.

However, since Qiao Nian took out the patriarch badge and clearly stated that this item belongs to Ji Qing, it means that the old group leader left the position of the patriarch to his daughter before he passed away...

Qiao Nian saw that these people were staring at the badge on the table, walked over, reached out and picked it up and threw it to the equally dumbfounded Ji Nan.

"It's yours now."

"..." Ji Nan subconsciously caught what was thrown in the air, lest his hand slip off the ground and break.

This thing is not about money.

The meaning of this thing has long exceeded the item itself.

Ji Hongyuan's whole body was struck by lightning, the blood on his face gradually faded, his lips trembled uncontrollably, and he looked at the girl with stupefied and incredible eyes.

Those eyes seemed to look at the evildoer again.

"Where did you get the patriarch's badge?" His voice was angry and anxious, and he was about to lose control of his eagerness.

Qiao Nian raised his eyebrows: "Ji's family rules, you only look at the badge and don't recognize people. Since the badge is now in Ji Nan's hands, he is the next patriarch. There is nothing to say!"

The one from Ji's family decided to make this rule when he was young.

The second elder had a pale face and realized that he was on the wrong team.

The Fourth Elder and the others were also surprised, but they didn't clearly choose a side, so they were surprised, and it wasn't too hard to accept.

Ji Hongyuan clenched his fists: "But he doesn't know any skills related to black gunpowder at all. This is the trump card for the Ji family to survive in the Independent Continent! If people outside know that the new patriarch doesn't even understand these things, who will obey us! "

Ji Hongyuan was in a hurry, but his mind was still spinning fast.

He seemed to be out of his mind when he was in a hurry, and he immediately swayed the elders who saw that the patriarch badge had been compromised.

The fourth elder and the second elder looked at each other, and both saw concern in each other's eyes.

Yeah, the Ji family became famous in Independence Island with black gunpowder.

A patriarch who doesn't understand anything, how can he convince the public both internally and externally?

The Ji family is also looking around at the tiger, and they need a strong backer to allow them to continue to maintain their position as the hegemon of the Independent Continent.

Ji Hongyuan was slightly relieved when he saw the crowd shaking, but he still had a tough attitude towards the girls: "So Ziyin is the most suitable candidate!"

Qiao Nian was patient and wanted to settle it with them. Hearing this, he pulled the corners of his mouth, and his eyes became cold. Seems like I've told them too much!

She just stood up.

Xie Yun held her hand, shook her head at her, turned around and said to the elders of the clan, "Since Ji Nan is not a suitable candidate, Ji Ziyin is definitely not a suitable candidate either. The result you elected before, we How about not admitting it?"

Chapter 2880 Are you going to offend the hidden family and Lei Lao for him?

Several elders whispered.

Ji Hongyuan glared at Qiao Nian almost angrily, squeezed his hands, lowered his voice and said, "Everyone, we can't be led by an outsider's nose. The fact that Ziyin will take over as the patriarch is already a certainty, how can it be just because of them just a few words. Change your mind. Isn't it a joke about the patriarch?"

The second elder, who had been standing on Ji Ziyin's side before, was silent and did not support him.

The fourth elder frowned: "Sixth elder, Ji Nan has the patriarch badge in his hand! According to the rules of the clan, whoever holds the badge is the patriarch of the Ji family. You won't be confused, you don't even know this?"

"The patriarch's badge is a dead thing, and a human being is alive! How can we living people be led by the nose by a dead thing!"

However, several elders of Ji's family have discussed the result.

The fourth elder ignored him: "Don't say it, the rules are the rules!"

Then the fourth elder took the lead and walked in front of Jinan, put his hand on his shoulder and patted it twice, then looked sideways at Xie Yun next to him.

sighed in a low voice: "Jinan, after all, you haven't systematically learned about black powder. We also have concerns. Can you understand a few elders?"

"I understand." Ji Nan was calm, but the stubbornness in his eyes was the same as Ji Lingfeng's: "I may not want to be the head of the Ji family, but I will never let Ji Ziyin and the hidden family behind him take charge of the Ji family. The Ji family has its own The arrogance. The Ji family also has this backbone!"

The fourth elder was slightly stunned: "You."

Jinan looked at him fixedly, obviously thinking the same in his heart.

The fourth elder immediately put down his hand and smiled bitterly: "Forget it, the result of our discussion is this, you and Ji Ziyin will not take over as the next patriarch for the time being."

"We haven't found the patriarch's body yet, which means that the patriarch may still be alive. Let's look for it again, but if we really can't find it, let's talk about it..."

Jinan's tense back muscles suddenly relaxed, and immediately raised his hand: "I have no problem."

Ji Hongyuan could not accept this result.

He was so angry that the second Buddha ascended to heaven: "Fourth elders, it is rumored that the patriarch died at sea. If we don't hurry up and elect a new patriarch..."

The four elders shot him with unselfish eyes: "This matter is settled!"

Ji Hongyuan is not as good as the fourth elder in terms of seniority, even if he is so angry that his throat is on fire, he does not dare to quarrel directly.

"But how did Ziyin explain that there is a hidden family behind her. Lao Lao Lei has also come to Independent Continent."

All the elders of the Ji family are very afraid of Leonard.

The fourth elder and the second elder exchanged glances and frowned.

Ji Hongyuan stepped forward while the iron was hot: "Lei has always supported her! We went back on our word. I'm afraid the hidden family won't give up easily."

"Then let them come." Qiao Nian leaned on one knee on the back of the chair, pinched the brim of his hat, and felt cool at his fingertips.

Ji Hongyuan got very angry when he saw her, he just turned his head and pretended that Qiao Nian did not exist, and continued to threaten the Fourth Elder and others with a heavy tone: "If we rashly offend the Hidden Family and the Patriarch is not there, there is absolutely no chance of winning!"

"Are we really going to offend a backer who came to the door for him?" He looked in the direction of Jinan, and anyone with discernment could see the contempt.

"Crack." Qiao Nian took off his hat and threw it on the coffee table.
