

## Madam's 2921

Chapter 2921 The person talking to Qiao Nian is Feng Yu

Su Zhe had no idea that the young looking girl in front of him was actually his girlfriend, so he was stunned and even more embarrassed.

"Hehe, yeah?"

The others hurriedly cheered up the atmosphere, and changed the topic: "Okay, well, speaking of which, we came to Independent Continent this time to meet Feng Lao..."

Seeing someone helping to change the topic, Su Zhe quickly returned to her seat, and she didn't pay much attention to it in the second half.

After sitting restlessly for more than ten minutes, she said to the people around her, "I'm going to the bathroom."

The people around her naturally understood her embarrassment, and they were very cooperative and asked her to go quickly.

...

Qiao Nian also happened to see the phone light up.

She also walked over, saw the flashing caller ID on it, picked up her mobile phone and said to Zhou Zhou: "I'm going out to answer a call."

Out of the corner of Zhou Zhou's eyes, he caught a glimpse of who was calling, so he nodded at her: "Okay, you can go."

Qiao Nian went out of the box first.

Outside the box.

Su Zhe just went to the bathroom to take a shower of cold water, and then used lipstick to touch up her makeup to make herself look more attractive in the mirror.

She packed her bag and walked back on the way.

On the way, she also received comfort from a friend of WAL who was close to her: She is just a person who came here to mess around, and she has nothing more than a beautiful face. What do you compare with her?

Su Zhe patted his face in the mirror passing by in the corridor, took a deep breath, and was about to return to the box with twinkling eyes.

Suddenly, she saw a familiar figure around the corner who seemed to be leaning against the wall and talking to someone.

That girl?

Su Zhe couldn't help but sneaked closer.

She saw that the person who was talking to the girl handed the girl a document bag, and then said a few words to the girl.

The lights in the corridor are relatively dim.

Su Zhe looked intently, only then did he see clearly the face of the man who was talking to the girl facing her—Feng Yu? !

Standing in front of the girl was an old man in his sixties. The old man looked hale and hearty, with dark skin and ordinary skin. He was wearing a blue gown. He was of medium height, and his gray hair was combed meticulously behind his head.

Isn't this person Feng Yu from the First Research Institute?

The people who came to Independent Continent this time wanted to meet Feng Yu, but Feng Yu never had time to see them. Feng Yu actually appeared here?

Su Zhe couldn't believe her eyes. She rubbed her eyes, and then she saw that the old man treated the girl with a friendly attitude, as if they were very familiar with each other.

She bit her lip, and was about to get closer to listen to what the two were talking about.

Suddenly, the old man stared straight at the place where she was hiding with sharp eyes.

Su Zhe broke out in a cold sweat, and subconsciously hid back. Afraid of being discovered, she hurried back to the box.

...

"Someone is eavesdropping." Feng Yu raised his chin slightly, motioning the girl to look behind her.

Qiao said 'uh', turned around bored, and saw a figure running away in a hurry.

She didn't recognize who it was at first, but what Suzhe was wearing today was really distinctive, it was a long pearl dress.

Qiao Nian recognized the skirt, a flash of enlightenment flashed in her eyes, she looked away, turned her head and said to Feng Yu: "It's okay, I know her."

"?" Feng Yu wondered how she knew that person, but he never asked Qiao Nian much, so he looked away and landed on the cowhide bag in her hand: "The empress is not easy to mess with, this time Check her private property, she will find out sooner or later..."

Chapter 2922 Low-key is Nie Qingru's best protection for that person

Qiao Nian has already taken out the paper from the brown leather bag and looked at it. The thick stack of paper is filled with various real estate title deeds and investment shares.

These are not the point.

She completely ignored the details above, and noticed that the name written on a manor in country m was not Nie Qingru.

It was Nie Qixing.

She pointed this property to Feng Yu: "This is it?"

Feng Yu only glanced at it: "Ah, this is the transfer record. This property was originally in the name of the empress, but it was later transferred to the younger generation of the family."

This kind of practice is very common in big families, so he doesn't particularly care about it.

Qiao Nian's eyes were dim, and she slowly stuffed the property list into the leather bag, raised the corners of her mouth, and said dryly, "This is where she lived in country m last time!"

Nie Qingru has countless private properties, and even more real estate.

M country is one of the strongholds of the hermit family, and it can also be regarded as the birthplace of the Nie family.

Nie Qingru has more real estate in country m than in other places. Under such circumstances, how could she live in a house that has been given away?

It can be seen that the relationship between that person and her is very close.

Feng Yu also figured out the joints inside, and slowly frowned: "But... I've never heard of this Nie Qixing."

"Ji Qing's name has been spread all over Independent Island, and you know what happened in the end." Qiao Nian looked at him with a serious face and a cold tone: "...The best protection is to be inconspicuous."

How can a person like Nie Qingru let her weakness be under the nose of everyone, it is her style to hide it like this!

Feng Yu's eyelids twitched violently, and subconsciously stretched out his hand: "Qiao Nian, you..."

The girl seemed to know what he was going to say, her voice was very dark: "I know it well."

Feng Yu lowered the hand that was raised in mid-air.

Qiao Nian looked at the time, put the cowhide bag under his arm and said to Feng Yu, "I'm going back first."

Feng Yu knew that she was eating outside, so she nodded her head preoccupied, for fear that she would act impulsively: "Go."

Qiao Nian saw his worry, and said to him again: "Don't worry."

Feng Yu raised his eyes to look at her, and reluctantly nodded.

The girl stopped wasting time and turned around to walk into the box.

\*\*

In the box.

The meal was coming to an end when Qiao Nian came back from outside.

Seeing the girl coming in from the outside, Su Zhe couldn't help but her heart pounding. She seemed to be thinking about something, holding on to the wine glass in her hand.

She didn't recover until the people around her bumped into her.

"What are you doing? You've been out of your mind since you came back from the bathroom."

Su Zhe's brows gradually loosened: "It's nothing."

The friend looked her up and down: "Why do I think you don't look like nothing?"

"It's really nothing, you think too much."

Su and Zhejiang are perfunctory.

It happened that the time was almost up, and everyone exchanged greetings and prepared to leave.

The entrance of the hotel.

Moxi's car drove over first, and rolled down the window to greet the two of them: "Miss Qiao, Mr. Wang, do you want to get in the car?"

Ye Wangchuan opened the car door for the girl smoothly: "Go up first."

Girls just bend down and get on the bus.

He said a few words to Shi Fu, got in the car, and said goodbye to Shi Fu and his party first.

The car drove slowly into the night...

Wait for the black car to drive away.

Su Zhe felt relieved, and moved away the big stone that had been pressing on his chest.

She thought of the person she accidentally saw tonight, but she couldn't hold it back. Before Shi Fu and Zhou Zhou left, she called out to him: "Vice President."

Chapter 2923 The painting was snatched by Qiao Nian

Shi Fu's car also arrived.

Hearing Su Zhe calling him, he frowned and stopped, letting Zhou Zhou get in the car first: "Is Professor Su okay?"

Su Zhe stood there in embarrassment, summoned up his courage and said, "Well... I want to ask Mr. Ye's little girlfriend tonight if she knows Feng Lao?"

Shi Fu looked at her in surprise.

Su Zhe became more and more embarrassed, clenched his hands, and explained: "When I went to the bathroom, I met Feng Lao, and Mr. Ye's little girlfriend was there, so I wondered if the two knew each other..."

She originally thought that Qiao Nian was unlikely to befriend someone at Feng Yu's level.

But Qiao Nian is that Mr. Ye's girlfriend, so everything becomes difficult to talk about.

But Su Zhe didn't want to figure out this matter for these reasons. She mainly wanted to prove that she was better than girls with ostentatious appearances!

After all, Ye Fanchuan rejected her, so she still lost face tonight.

Shi Fu didn't understand her twists and turns, and when she saw her asking himself, he answered straightforwardly: "You mean Qiao Nian? She is from the First Research Institute, the heir chosen by Feng Lao, and also a member of WAL. one."

Su Zhe didn't believe his ears at all, and hurriedly raised his head: "She, she, she is..."

"Q." Shi Fu said a code name with indifferent eyes.

Q God.

Su Zhe's face turned pale, his lips trembled for a moment, and he forced a smile that was uglier than crying: "Thank you, Vice President, I won't bother you anymore."

She steps aside.

Shi Fu hummed, opened the door and got in the car.

The car of the First Research Institute also drove away in an instant.

Only her friend saw her go over and say a few words to Shi Fu, with a very bad expression on her face, and worriedly grabbed her shoulder and asked, "What's wrong with you, why is your face so bad?"

Su Zhe looked at her and shook his head bitterly.

What happened to her?

I thought I was quite arrogant at first, but I found out that I was arrogant to the wrong person. Now I'm embarrassing and embarrassing, I just want to find a crack in the ground and get in.

Fortunately, no one else knew what she was talking about with Shi Fu, so Su and Zhejiang could barely maintain their dignity.

She just wants to get out of here quickly.

\*\*

at the same time.

At the Four Seasons Hotel, Ji Ziyin's celebration banquet is also over.

Her celebration banquet this time is comparable to a public execution scene. After the whole banquet, no member of WAL was present to congratulate.

The degree of embarrassment is comparable to the moon and stars hitting the earth.

Ji Ziyin finally made it through to the end of the banquet and immediately left with a sullen face. She didn't even care about the guests present, and left it to Ji Xiao to deal with it.

She didn't go far from the banquet hall, but took the elevator to reach the top floor where Leonard was.

Leonard hasn't rested yet.

After she knocked on the door and went in.

"Old Lei, I have something to ask you."

Leonard walked towards the sofa and asked her, "Where is the painting I want?"

Ji Ziyin had long expected that he would urge her, and she kept it secret before, but now she changed her mind and walked in front of the hooked-nosed old man.

"The painting was robbed by Qiao Nian."

Reynard was opening a drink, but when he heard this, he squinted at her with extremely dangerous eyes: "Didn't you promise me that you would help me get the painting?"

Ji Ziyin immediately avoided his gaze, lowered her head, looking very weak: "I'm sorry, Mr. Lei. She took the painting by force, and I can't help it. I have already mentioned to her that you like that painting very much, She still wouldn't budge."

Leonard's complexion was drooping.

He didn't expect that Qiao Nian even took away the painting. Wasn't this against him on purpose?

## Chapter 2924 What do you think he is

She observed Leonard's expression, and said cautiously: "Mr. Lei, we can't always be led by her. Now she is less and less concerned about you and the queen. If this continues, I'm afraid ...I am afraid that your reputation will be ruined forever!"

Leonard was furious: "Ji Ziyin, who gave you the courage to talk to me like that?"

Ji Ziyin lowered her head and stood there straight without talking back.

Leonard was so angry that the veins on his forehead bulged.

But Ji Ziyin hit his heart a little bit. The progress of the independent island's plan has not been smooth, and what he wanted was also cut off by Qiao Nian.

If he doesn't fight back, no one will take him seriously in the future.

"Okay, I will think about it myself." Leonard suppressed his anger and issued an order to evict the guest: "Go out."

Ji Ziyin raised the corners of her lips, her mood suddenly brightened, she went out very obediently and closed the door for him.

\*\*

"Old Lei, do you want to listen to her instigation? This woman is obviously using you as a weapon, and wants you to come forward and teach Qiao Nian for her."

After Ji Ziyin left, a medium-sized man came out of Leonard's room.

The man is Leonard's assistant and Leonard's confidant.

"That Qiao Nian... is not easy to mess with. If we make a rash move, maybe she has something to back me up. Since she snatched the painting when she knew you wanted to paint it, she is not afraid of you coming to her."

Leonard walked back to the sofa and sat down with a heavy heart, his face sank like water: "I know what you said! I haven't paid attention to Ji Ziyin's little thought, the most important thing is that I promised Nie Shaoyao Give him this painting."

His confidant walked up to Leonard with a look of embarrassment: "Can't we change the gift?"

Leonard glanced at him quickly, and seemed to think that the question he asked was ridiculous, and immediately put his hands aside, and casually said: "What do you think he is? He usually can't get what he wants, it's rare Talk to me once, how can I disappoint him..."

At this time, there were only the two of them in the room.

Reynard's confidant also relaxed, and couldn't help but look up, and lowered his voice: "Old Lei, is that Nie Qixing the son of Her Majesty the Queen or..."

When Leonard heard this, his eyes suddenly shot at him sharply.

His confidant was shocked, and the cold sweat rolled down his back: "I'm sorry, Mr. Lei, I'll just talk about it."

The hooked-nosed old man withdrew his gaze and said slowly, "You are from our Lei family. Of course I believe in your loyalty."

He wanted to see his relaxed confidant again, and reminded him coldly: "But you have to remember, what you just asked is a taboo topic. Don't talk about it outside, once it reaches the Queen's ears, you will only have There is a dead end! And the family may be implicated. Do you understand?"

His tone was extremely severe, and his expression was very serious.

His confidant couldn't help mentioning the twelve distractions, nodded immediately, bowed and said: "I understand, Mr. Lei."

"Yeah." Leonard responded and raised his hand: "Go out, I want to stay alone for a while."

His confidant saw his preoccupied appearance, raised his head a few times, and still obeyed his order. Before going out, he brought him a glass of warm water and put it on the table, carefully said: "You have a bad stomach, drink less wine."

Leonard was stunned for a moment, hesitating for a moment from the wine glass and water glass, but he picked up his confidant and poured warm water for him.

Chapter 2925 Leonard asked me to meet

His confidant also went out lightly, and closed the door for him by the way.

He was the only one left in the room.

Leonard took two sips of warm water, and with a heavy heart, he stood up and walked to the window to look at the night view of Independent Island.

He went back again, instead of calling Qiao Nian, this time he chose to call Feng Yu very wisely.

...

Feng Yu just got home when she received a call from Leonard.

"Sir, I have your phone." The servant handed him the phone.

Feng Yu just changed his clothes, took the mobile phone from the servant, looked down at the caller ID, and his wheat-colored face became serious: "You go out first."

The servants at home have all gone out.

Feng Yu picked it up slowly, and said with a smile: "Old Lei, what brought you here. It's so late, what can I do for you?"

Leonard didn't go around in circles: "I want to see Qiao Nian."

Feng Yu had expected that he was coming for Qiao Nian, she frowned subconsciously, and then immediately loosened her brows, still with a slick attitude: "I can't make up my mind about this, you can go to her directly."

Leonard has never been a tactful character, so he immediately interrupted him: "You know she can't answer my call, and I don't reply to her messages. I can't find her, so I can only find you. You just say you Can you help me with this!"

If you explicitly reject him, it is obviously too offensive.

Feng Yu pondered for a while, then said: "Sorry, I have to ask her opinion on this."

Leonard did not expect that he would still reject him. He smiled and said in a voice that could not hear the joy or anger: "I am looking for her to talk about painting."

"Painting?" Feng Yu didn't know that Leonard stayed in Independent Island all this time because he was looking for a painting, let alone that Qiao Nian got the painting first.

Reynard didn't explain too much to him: "Just tell her, I want to talk to her about the painting. The condition is up to her, I want that painting!"

He didn't give Feng Yu a chance to refuse again, he reported a time and place, and hung up the phone quickly.

Feng Yu heard the busy tone on the other end of the phone, slowly put down the hand holding the phone, frowned and thought for a moment, and finally conveyed Leonard's words to Qiao Nian.

\*\*

"Reynard is scheduled to find me in the underground garage of the Intercontinental Hotel at five o'clock tomorrow afternoon."

In the car, the girl turned her head and said to the man after answering the phone: "He wants to ask me to get the painting. In exchange, I can ask him for one."

"What do you want him to do?" Ye Fanchuan guessed that she only wanted to exchange the painting with Leonard, after all Qiao Nian holding this painting is useless.

Qiao Nian raised the corners of her eyes, propped her chin on her hands, and looked at the neon lights flashing by outside the window. The lights reflected on her face, and she couldn't see her emotions in half-brightness.

"I want to ask someone."

Ye Wangchuan thought she was going to ask Ji Qing: "Auntie?"

Qiao Nian shook her head: "No."

She didn't say who it was.

Seeing that she didn't want to say anything, Ye Wangchuan closed his eyes slightly, thoughtfully didn't ask any further, and instead said: "I'll accompany you there tomorrow."

Qiao Nian thought it was inappropriate at first, but after thinking about it, she agreed: "Let's see it later."

...

The next afternoon.

Because Leonard's appointment was at five o'clock in the afternoon, Qiao Nian didn't go there so early.

She stayed in the laboratory from morning to noon, and was still doing the last experiment left in Jiqing's USB flash drive.

This experiment is extremely complicated.

Even if Qiao Nian is a genius, he has suffered a lot from this experiment during this time.

She came back from Continent F until now, and she has been suffering for several days in a row, but the progress of the experiment is pitifully slow, and she is still just at the beginning.

Chapter 2926 What is Ji Ziyin planning behind her back?

Around three o'clock in the afternoon.

The experimental reactor Qiao Nian did today just came out with results, but it failed again. She recalculated the experimental steps on straw paper, and found no mistakes. He glanced at the mobile phone that was thrown aside. There was an unfamiliar text message on the mobile phone.

【Miss Qiao, see you at the Intercontinental Hotel at 5 pm. 】

She only glanced at it briefly.

The data analysis library on the computer produced the results.

Qiao Nian didn't reply to the message, put the phone back, and refocused on Ji Qing's last experiment.

\*

at the same time.

Ji Ziyin's residence.

Ji Xiao answered the phone and came back in a hurry: "Mr. Lei is out."

"Yeah." The oval-faced woman didn't even lift her eyelids, she seemed to have a plan in mind, and she already had a plan in mind.

Ji Xiao felt a little uneasy seeing her like this. Seeing that Ji Ziyin was about to go out, he asked her: "Ziyin, why do you want me to keep an eye on Mr. Lei? If he finds out, we..."

"If you are more careful, you won't be discovered!"

Ji Ziyin is wearing a rare and cool outfit today. The tight-fitting little vest is paired with a pure black inner layer, which looks very capable.

What is a little bit concerning is that she is holding a big bag in her hand that doesn't match her outfit today. The bag is bulging, and she doesn't know what's in it.

Ji Xiao watched her start to change her shoes, and unconsciously landed on the bag she was about to take out: "Are you hiding something from me?"

Ji Ziyin has already put on her short boots, put on her bag, and stood up again.

Seeing that she didn't seem to be going to answer him, Ji Xiao felt even more inexplicably flustered, and grabbed her hand: "What are you going out for? Also, why did you let me watch Mr. Lei's every move since yesterday? Yin, what do you want to do!"

Ji Ziyin shook off his hand impatiently: "It's better that you don't know about some things!"

Ji Xiao felt even more uneasy hearing her say this, and went to stop her again: "Tell me first, what are you going out for now?"

Ji Ziyin looked at him, but his eyes had long been swallowed up by desire, leaving only sternness and cruelty.

Ji Xiao was almost frightened by her eyes.

Ji Ziyin twitched the corner of her mouth in disapproval, and said calmly: "You just need to know that we are grasshoppers tied to the same boat. If I'm having a hard time, you won't be too!"

Ji Xiao's heart fell suddenly.

He vaguely realized what Ji Ziyin wanted to do, but as soon as this ridiculous idea came to his mind, Ji Xiao was so frightened that he quickly denied it.

Ji Ziyin looked at his watch, not intending to waste any more time with him, and told him before leaving: "Remember to deal with that follower."

Ji Xiao: "..."

His heart was beating fast, and he always felt that something big was about to happen.

Ji Ziyin saw that he didn't answer her for a long time, then looked straight at him, and asked him impatiently: "Do you understand what I mean by 'clean up'?"

Ji Xiao nodded reflexively under her gaze, and said softly: "I see."

\*\*

Four thirty in the afternoon.

Qiao Nian saw that the time was almost up, so he sorted out the things in the laboratory, took his bag and mobile phone, and prepared to meet Leonard at the agreed place.

She walked out of the laboratory and saw a car waiting outside.

Qiao Nian walked straight towards the car.

When she walked to the front of the car and opened the door, she saw a person who surprised her: "Old Feng?"

Chapter 2927 Did you bring the painting?

Feng Yu was sitting in the car, seeing Qiao Nian looking at him, touched the bridge of his nose uncomfortably, and said, "I was worried, so I contacted Xiaoye. I will accompany you there with him."

"..."

Qiao Nian looked at the extra person, and a tendon in her head was dragging her to a splitting headache.

Ye Wangchuan also turned his head in the front row at this time, and looked at her innocently: "The dean insists on following, but I can't help it. We'll wait for you in the car later, it shouldn't affect anything."

Qiao Nian looked at Feng Yu again.

Feng Yu refused to meet her eyes, so he pretended not to see her and looked around.

Qiao Nian's head ached again, and he pressed his forehead hard, knowing that Feng Yu would go with him no matter what.

She didn't speak any more, bent down and got into the car.

\*

In the car.

Feng Yu looked at the scenery outside the window, and finally felt relieved. Quietly exhaled, she turned to the girl and said, "I don't know if Leonard has passed?"

"He's looking for you at this time, I'm afraid that besides painting, he also wants to settle accounts with you about the East Pole Organization."

The Ji family took the leader of the East Pole Organization, Lang Ke, back for several days, but they didn't ask why.

The opponent's mouth is extremely hard.

Even if several elders of the Ji family threatened him with his subordinates, he still had the attitude of killing him and not saying anything.

But behind Netac is the Leonard family, this is something everyone knows well.

They just wanted to find out if Ji Ziyin was involved.

Qiao Nian half-closed his eyes, he didn't seem to wake up, he was quite sleepy, but he just drooped his eyelids, and said casually, "He's not that boring."

Seeing Feng Yu looking at her.

Qiao Nian sat up a little bit: "He had to settle the score a long time ago, and he won't wait until now. Leonard should be looking for me for painting."

"It's just a painting..." Feng Yu didn't understand.

Qiao Nian raised the end of his eyes slightly, and said casually, "It means that this painting is very important to him."

Five o'clock.

The car drove steadily into the underground garage of the InterContinental Hotel.

The old man with the hooked nose was already waiting in the garage.

Beside him stood an unattractive man, who was Leonard's confidant.

The man saw the car lights coming in from outside, half-closed his eyes, and turned to report to the old man: "She's here."

"Yeah." Of course Leonard saw a car coming in, he said to his confidant: "You stay here later, I'll go over and talk to her alone."

His confidant immediately looked at him, trying to stop him: "Old Lei, isn't this too risky. That Qiao Nian..."

Reynard said in a deep voice: "The condition she mentioned should be to ask someone, this involves a secret of the hidden family. I can just talk to her in the past."

His confidant looked at him fixedly, seeing Leonard's serious expression, he didn't insist anymore, but said solemnly: "Then call me if you have anything to do."

The car happened to be parked 20 meters away from them.

Ye Wangchuan tacitly kept the car at a distance.

"Here we are." He stabilized the car, then turned his head and said to the girl in the car.

Qiao Nian has already unbuckled her seat belt and opened the door to get out of the car.

Feng Yu couldn't help saying: "Be careful yourself."

Qiao Nian turned around and gave him an OK gesture, then walked towards Leonard in a free and easy manner.

Leonard was also very understanding. When he saw her get off the car, he talked to his confidant, and went to meet Qiao Nian alone.

As soon as the two meet.

The hooked-nosed old man looked over sharply and asked the girl, "Did you bring the painting?"

Chapter 2928 Who said I want to ask Ji Qing, the person I want to ask is Nie Qixing

"Let's talk about the terms of exchange first." Qiao Nian didn't stand in front of him squarely, and didn't give him a chance to take the initiative.

Leonard wanted to paint, so he could only take a deep breath, and said with a stern face: "I will do what I say. Tell me, what conditions do you want to put forward?"

He guessed that the girl just wanted to ask about Ji Qing's death.

Sure enough.

Qiao Nian said, "I want to ask someone."

The corners of Leonard's mouth curled up slightly, and his haughty eyes fell on the girl. It seemed that he was not surprised at all, and he was even prepared: "Yes. Your mother..."

Who knew that he was interrupted unceremoniously before he could say the answer he had prepared long ago.

"That's not what I'm asking."

"..." Leonard looked at her with a surprised expression: "You don't want to ask this, who do you want to ask?"

Hasn't she been looking into this matter?

Who knew that the girl just walked in front of him and raised her head. Her dark eyes seemed to be able to pierce people's hearts. There were ferocious beasts hidden inside, and they would pounce out at any time: "The person I want to ask is...Nie Qixing."

Leonard took a step back suddenly, his face changed suddenly: "What are you asking him for?"

He came to his senses again, and looked straight at the girl: "No, where did you know this name? Who told you?!"

"Feng Yu told you?" He didn't wait for Qiao Nian to answer, and immediately guessed who it was.

Then he frowned, denying this possibility in his heart.

No, impossible.

Feng Yu couldn't possibly know this secret.

This secret is only known to him and a few people, and the old man surnamed Xue may not know the secret inside.

Therefore, it is absolutely impossible for Qiao Nian to know this secret from Feng Yu.

So...

Qiao Nian must not know much, otherwise he wouldn't ask him this in exchange!

Leonard regained his composure for a while, and immediately said: "You change the conditions. I can't say this!"

Qiao Nianguang knew that he had made the right bet just by seeing his series of aggressive reactions. Nie Qixing was indeed an extremely important person by Nie Qingru's side.

Instead, she was not in a hurry, stood there with one hand in her pocket, and said casually, "If you want to paint, that's my condition. You figure it out."

...

In the car.

Because there is a lot of noise in the above-ground parking garage.

Feng Yu and Ye Wangchuan closed the car windows, but they couldn't hear what the two outside were saying clearly, only a few sporadic words.

Seeing Leonard's sudden change of expression and agitated body movements, he couldn't help turning his head to look at the man, frowned and said, "What exactly did Qiao Nian ask him, and why did he react so strongly?"

"Talk to someone."

Ye Fanchuan knows a little bit of lip language.

Although he was sitting in the car, he could roughly guess what they were talking about through the movements of Leonard when he spoke.

But Qiao Nian turned his back to him, he wasn't sure who they were talking about.

Feng Yu frowned, and said tentatively: "Are you talking about her mother?"

"No." Ye Wangchuan put his hands on the steering wheel, his appearance was lazy and dignified, and he gave off the aura of a gentleman.

"Really?" Feng Yu increased his voice, showing a surprised expression.

He sat down in his seat again, looked at the two people who were still negotiating, watched for a long time, and unconsciously murmured: "Could it be that she is asking Nie Qixing?"

Nie Qixing?

Ye Wangchuan heard this name for the first time, and just turned his head to ask him.

\*\*

the other side.

Leonard has gradually rationalized from the initial shock and anger.

Chapter 2929 Sudden accident!

He looked at the girl with extremely cold eyes, and warned in a low voice: "I don't know where you heard this name... But Qiao Nian, if you're smart, you'd better not ask, it won't do you any good."

"I like to take risks." The girl pursed her lips frivolously, quite casually.

Reynard squinted his eyes when he saw her like this, remembering his power that had been defeated in Independent Continent, he sneered: "You can tell me if you want to know."

Qiao Nian looked at him seriously: "So Nie Qixing is Nie Qingru's illegitimate son?"

"An illegitimate child?" Leonard seemed to hear a big joke, and laughed loudly: "So you thought so too."

At first, he also thought that Nie Qixing was Nie Qingru's illegitimate son, but later he discovered something more interesting.

Qiao Nian frowned watching him laugh.

Leonard finished laughing, and said in a deep voice: "It doesn't matter if I tell you, anyway, only the two of us can hear it here. If you want to kill yourself, I won't stop you. Actually, Nie..."

Qiao Nian held her breath, her heart clenched slightly, and she was concentrating on waiting for him to reveal the answer.

at this time.

There was only a slight sound of breaking wind in the air.

Out of the corner of his eye, Qiao Nian saw the incoming bullet. While dodging instinctively, he subconsciously rushed towards the person facing him: "Be careful!"

This change came too fast!

Reynard, Leonard's confidants, Feng Yu and Ye Wangchuan in the car didn't react.

Seeing the hook-nosed old man being shot in the chest, he fell straight backwards.

His face was full of shock, his eyes widened and he looked at the girl who rushed over, obviously extremely surprised.

Then there was the sound of a heavy object falling to the ground.

Boom!

As soon as Qiao Nian's fingertips touched the corner of his clothes, he fell to the ground in front of her.

Besides, Qiao Nian was standing face to face with him and talking, when the bullet hit his chest, the burst of blood splashed directly on her face.

The warm blood, plus she was so close.

All of this looks as if it was premeditated!

"Old Lei!" Leonard's confidant was stunned by the scene in front of him, dropped his cigarette butt, and ran over like crazy.

Leonard closed his eyes a long time ago, leaving only half a breath.

He squatted on the ground and tried the breath of the old man with the hooked nose. His face lost all blood, his face was white, and he suddenly raised his head to look in the direction of the girl: "You dare to sneak attack?!"

Qiao Nian was indeed caught off guard by this sudden turn of events, but she quickly calmed down, wiped the blood off her face, and said expressionlessly, "Would you believe me if I said that this matter has nothing to do with me?"

"Oh, do you think I believe it?!" Leonard's confidant laughed back in anger, and hurriedly called someone from outside to come in, and also called 120 by the way.

Ye Wangchuan and Feng Yu also got out of the car and walked over here quickly.

Feng Yu was also stunned when he saw Leonard who was on the verge of life and death: "What happened? How did it suddenly become like this?"

Ye Wangchuan didn't ask this question, but checked the girl up and down without saying a word, and made sure that the blood on her body was all Leonard's, and she was not injured, so she let go of her hanging heart. Turning back and following Feng Yu, "There are snipers."

Feng Yu was dumbfounded again: "...how could it be? Who arranged the sniper?"

They didn't have snipers.

But if it was someone arranged by Leonard, how could he shoot Leonard? It doesn't make sense at all!

Reynard's people outside quickly flooded in, and under the orders of his confidants, they were sent out in an orderly manner.

Chapter 2930 You better pray that Mr. Lei will be fine!

No one in Leonard's family thought that Qiao Nian would dare to kill, and they were in a panic when they saw Leonard lying in a pool of blood.

After they sent the people out, a small group of people who stayed behind drew their guns silently and surrounded Qiao Nian and the others.

"Brother Ting, how do you deal with her?" Somebody was angry and said angrily.

Leonard's confidant was calm enough to let them stop first, and said in a deep voice: "Go to the hospital first."

"Should we just let her go like this?" Someone was still angry and didn't want to let her go.

Lei Ting glanced at the person who spoke, his eyes were sharp, and he waved his hands: "There is nothing more important than Lei Lao's safety now! Go first!"

The reason why he was willing to leave first was that Leonard's life was more important than pursuing responsibility, and secondly, he felt that Qiao Nian might not be so stupid.

It's just that all of this is based on the fact that Lei Lao is alive.

If Lei Lao dies, no one will feel better!

"Why, you don't even listen to me?" He has been with Leonard all year round and is the person Leonard trusts the most.

The others did not dare to disobey his will, put away their weapons unwillingly, and walked out one after another.

Lei Ting walked to the end, and he walked up to Qiao Nian first, with a gloomy face dripping: "You'd better pray that Mr. Lei is okay, otherwise our Leonard family will not let you go even if we use all our strength!"

After he finished speaking, he turned his head and walked away without looking back.

"What's the matter with this sniper?" Feng Yu and the others exhaled after leaving.

Qiao Nian remained expressionless, turned around and walked towards the elevator entrance: "Go check the monitoring first."

The first time she was swayed like this, it stopped abruptly when she was about to know Nie Qingru's secret.

"The easiest and clearest way to know who the shooter is is to check the surveillance."

hotel lobby.

Not long after Ye Wangchuan made a phone call, the lobby manager of the InterContinental Hotel ran over wiping his sweat.

"How many people want to check the monitoring? How long is the monitoring?"

"Just today."

The manager of the InterContinental Hotel immediately walked ahead: "Let me show you."

With him leading the way, Qiao Nian and his party quickly arrived at the security room.

Before they walked over, there was a noisy argument at the door of the security room.

A man with a toolbox on his back danced and said something.

"It's not that I won't repair it for you. It will take time to repair this, and it will be repaired tomorrow afternoon at the earliest."

A staff member wearing a hotel uniform grabbed his arm anxiously, bargaining there: "No way. It's too late tomorrow afternoon, if the manager finds out..."

They are talking.

The hotel staff found Qiao Nian and his party.

She was startled, quickly let go of her hand, and said respectfully to the manager in the lobby: "Hello, manager."

"Um."

The lobby manager hummed and asked the two of them, "What are you arguing about? What's going on?"

The hotel staff saw that the matter could not be concealed, and they looked dejected: "...the hotel surveillance system is broken, I asked someone to come over to fix it, and he won't be able to fix it until tomorrow afternoon, so I argued with him in a hurry."

"The hotel surveillance is broken?" The lobby manager didn't expect such a coincidence, and instinctively looked back at Qiao Nian and the others.

this...

Qiao Nian's eyes were dark and her complexion was frosty. She walked up to the staff and asked her calmly, "The broken surveillance you mentioned just happened to be the underground garage?"
