

Madam's 2941

Chapter 2941 Sister Nian: No way, life is bad

"If I overturn the car, it will be difficult for you. Similarly, if I become successful, you will also be promoted to a higher level." After Ji Ziyin finished speaking, she picked up the small clip in front of her, put a cube of sugar into the coffee for him in the cup.

The coffee in the cup in front of Ji Xiao immediately splashed with ripples.

He already sensed what Ji Ziyin wanted to do, and looked at her solemnly: "You won't think again..."

"One Leonard is not enough." Ji Ziyin interrupted him, and said as a matter of course: "Qiao Nian is already investigating us. From Lei Ting's point of view, she seems to have found something."

Boom!

Ji Xiao hit the table with his arm, he frowned in pain, ignored the pain in his arm, got up nervously and said, "Didn't you say you couldn't find it?"

Seeing how frightened he was, Ji Ziyin smiled nonchalantly, and added a cube of sugar to her coffee: "I don't think she can find evidence, but who knows? She has always been a monster, who can tell?" Guarantee that she won't come up with any unexpected evidence?"

She threw the sugar cube into the coffee, raised her pretty face, and said to Ji Xiao calmly, "So we have to act first!"

Ji Xiao's back secreted a thin layer of sweat, and he had long been scared to death.

Ji Ziyin told him about her going to Lei Ting and Lei Ting's meeting with Qiao Nian tomorrow.

Finally, she said to Ji Xiao: "Find someone to keep an eye on Lei Ting and find out where they will meet tomorrow."

Ji Xiao has long been panicked, and still has a strong anxiety. So he said to Ji Ziyin: "Forget it..."

Ji Ziyin's face was cold and serious, she stared at him sharply, stopped drinking the coffee on hand, pulled the corner of her lower lip, and smiled sarcastically: "Do you think we still have a way out?"

Ji Xiao didn't dare to speak anymore.

Of course they have no retreat.

Because he chose Ji Ziyin a long time ago and gave up the Ji family.

Seeing that he no longer objected, Ji Ziyin took a sip of coffee slowly, looking very calm.

After she put down the cup, she seemed to be talking to Ji Xiao, and seemed to be talking to herself: "Don't worry, I succeeded last time, and I can succeed this time!"

**

"Do you think she will take the bait?" In the car, Ye Wangchuan put his hands on the steering wheel and did not drive away immediately.

The girl has good eyebrows and eyes, and she is playing with her mobile phone. Hearing this, she stops to edit the WeChat in her hand, and raises her head: "En."

Ye Wangchuan is used to her succinct answering method, the corners of her mouth are hooked carelessly, which is very deceptive: "Why?"

Qiao Nian was already lowering her head to reply to the message. Seeing him asking herself again, she simply let go of the phone and raised her head slightly: "Because she is Ji Ziyin."

This answer...

Ye Wangchuan hasn't said anything yet.

Qiao Nian snorted impatiently, took the peaked cap she had just taken off and put on the car, and put it back on her head, slightly lowering the brim of the hat, rarely having the time to explain to him: "She took a huge risk and didn't get rewarded for a long time. .With her personality, she will definitely continue...until she achieves her goal!"

Ji Ziyin has always been ambitious.

It is not Ji Ziyin's character to sit and wait for death.

So if Lei Ting stimulates her a little bit, she will definitely take action, instead of waiting for herself to bring 'evidence' to Lei Ting tomorrow...

"You know her very well." Ye Wangchuan wore a white shirt today, with a splashed ink design on the neckline. It looked extremely elegant and luxurious, which fit his temperament, and he was a gentle scum.

Chapter 2942 As long as you solve the monitoring within three minutes, you will be fine

Qiao Nian couldn't help but look at him, his eyes flicked from his face to his neck, and then looked back lazily, and said casually, "No way, life is bad."

" ... "

She didn't wait for him to speak, and lazily added: "I always meet such self-righteous fools!"

Having met a lot, she is familiar with this business.

Ji Ziyin can guess what is going on in the mind of a person like Ji Ziyin, and she rarely guesses wrong.

"I'll find out by looking at it tomorrow." Qiao Nian's expression was relaxed, but his clear eyebrows and eyes were sober that ordinary people don't have.

Ye Wangchuan also thought so, so he started the car and drove towards the villa.

**

the next day.

Ji Xiao 'inquired' about the place where Lei Ting and Qiao Nian were going to meet last night, and he told Ji Ziyin the news early in the morning.

"They met in the hospital parking garage."

Ji Ziyin barely slept last night: "Okay, I see."

"etc."

Ji Xiao called her to stop before she hung up, and said hesitantly: "Ziyin, you think it's too coincidental. This time it's also an underground garage..."

It was also his people who went to stare at Leonard last time. At that time, he got the news that the place where the two met was in the underground garage of the hotel.

Ji Ziyin didn't think so: "It's probably Lei Ting's idea."

She drew the corners of her mouth, and a trace of contempt crossed her face: "When I saw him in the hospital yesterday, he still gritted his teeth when he mentioned Qiao Nian. I think he wants to force Qiao Nian to 'move' his hand again! If it succeeds, he also took revenge on Mr. Lei."

"Is that so?" Ji Xiao felt that her explanation made sense, but he was still faintly uneasy, feeling that things were not that simple.

Ji Ziyin just wanted to solve the immediate trouble as soon as possible: "Otherwise, what reason do you think? Besides, it's not convenient for them to meet outside."

"All forces in Independent Continent are staring at the hospital, just wanting to see the reaction of the Yinshi family. The news of his private meeting with Qiao Nian has reached these people's ears, and they don't know what it will be like. He chooses a private place. The place couldn't be more normal!"

She didn't want to waste any more time with Ji Xiao: "Old rules, deal with your people and don't leave anything behind!"

Ji Xiao agreed in a deep voice: "I know."

"kindness."

Ji Ziyin immediately hung up the phone.

After making some preparations, she found the black backpack she had used a few days ago from Angri under the bed, and opened the zipper to check the contents.

Her pretty face was cold, she zipped her bag again, picked it up, and was ready to go out.

Her car is parked in the underground garage.

Ji Ziyin threw her bag on the co-pilot seat, fastened her seat belt, and made a special phone call before setting off.

"It's up to you today."

This person is a hacker from the Hacking League that she helped before, and she has excellent technology. She asked this person to help her with things before, but it didn't work that time and was caught by Qiao Nian.

"They may prepare in advance. Be careful yourself. It's best to wait for me to send you a message, and then you can deal with the monitoring!"

"Then I...wait for your news first."

Ji Ziyin started the car, but didn't step on the accelerator immediately, but said: "Wait for my news!"

"Miss Ji, be careful yourself." The hacker on the other end of the Bluetooth reminded her loudly.

Ji Ziyin seemed to be quite sure that no one would catch her: "Don't worry, I know what's going on, when I get my hands on them, they're bound to mess up."

Chapter 2943 Sister Nian hung up the phone directly for him

"As long as you solve the monitoring within three minutes, I will be safe."

No one would have thought that she would make a second shot.

Qiao Nian might not have thought of this either!

The hacker whispered: "I will definitely solve the magnetic card within three minutes."

"That's fine." Ji Ziyin stopped talking to him, and said softly, "I'm dead."

She turned off the car's Bluetooth, took off the Bluetooth headset on her ear, stepped on the accelerator, and the car shot out like an arrow from the string, and soon disappeared.

...

"My Lord, she's leaving."

At the inconspicuous intersection outside Ji Ziyin's residence, a silver Volkswagen parked quietly on the side of the road, looking like a temporary stop.

The people in the car didn't get off until they saw Ji Ziyin's car rushing out.

Moxi pushed his gold-rimmed glasses to report to the man on the phone.

Just as Ji Ziyin was still passing by his car, Mo Xi quickly took a photo, zoomed in on the photo on his phone, and said with a sneer.

"It's exactly as Ms. Qiao expected. She put a bag in the car. It's quite big, and it looks like it can hide a lot of things."

*

at the same time.

Outside the hospital, an unremarkable car was also heard at the intersection. The windows of the car were closed, and it seemed that no one was inside.

Actually the person in the car is answering the phone.

He finishes taking Moxie's call.

Soon there was another call from Gu San.

"Master Wang, she is driving towards the hospital."

"...She parked the car at the second intersection and walked over by herself."

"knew."

Ye Wangchuan said lazily.

He hung up the phone and sent the girl a WeChat message.

[Y: People have passed.]

After sending the message, he exits WeChat first.

Immediately, he called Mo Dong, his voice was bewitching and low: "Are you ready for what I asked you to do?"

Mo Dong's voice was full of anger, and he patted his chest to reassure: "Don't worry, Mr. Wang, I have already settled here, and I will definitely not be found out."

"Um."

Ye Wangchuan just hung up the phone, found the pure white profile picture on the top of WeChat, clicked on it, and sent another message to that person.

[Y: Pay attention to safety.]

...

Qiao Nian was walking alone on the way to the hospital, the phone in his pocket kept buzzing and vibrating.

She took out her phone, pressed it to unlock it, glanced down at the two new messages received on WeChat, and curled her lips.

At this moment, a number from M state called.

Qiao Nian didn't reply to WeChat, but picked up the phone: "Hello."

"Are you here?"

The person who spoke was clearly Lei Ting.

While walking towards the agreed place, Qiao Nian said casually, "On the way, I'll be there soon."

"That's good." Lei Ting said bluntly, "I hope what you said is true, otherwise..."

Qiao Nian ignored his threat, and asked him instead: "Did you do what I asked you to do?"

Lei Ting seemed very unaccustomed to her natural sense of oppression, but he couldn't help but answer her: "I've done everything I should do. If it's true as you said, I won't risk myself."

"That's good." Qiao Nian said casually.

Lei Ting was irritated by her attitude, and he emphasized his tone: "I hope you didn't lie to me, otherwise I won't let you go!"

Qiao Nian didn't even bother to answer him, and hung up the phone directly.

...

The other end.

Lei Ting listened to the busy tone on the other end of the phone, took the phone away with a livid face, and looked at the phone that he had hung up on, feeling oppressed in his chest and had nowhere to say anything.

The tall and thin man came over, walked up to him and asked, "It's time, shall we go down?"

Chapter 2944 Sister Nian: Are you not tired?

"You wait for me at a place 50 meters away, and I will go and talk to her myself." Lei Ting suppressed the unhappiness in his eyes, put away his mobile phone, and turned to tell the tall and thin man.

The thin and tall man suddenly looked nervous and said, "Brother Ting, is it too risky for you to do this?"

"You don't want to know the truth?" Reiting asked him back.

The tall, thin man stopped talking.

Since the accident happened a few days ago, the Queen and the Privy Council have been slow to act. They, the Leonard family, are holding their breath. No one is feeling well these days!

Of course he wants to know the truth!

Lei Ting saw the anger in his eyes that couldn't escape, and his eyes were also gloomy. He reached out and patted his shoulder, and said in a deep voice, "Listen to me, don't come close later."

The tall and thin man nodded in response: "I see, Brother Ting."

Leiting led the people down.

He made an appointment with Qiao Nian at half past ten.

The wind that was released to the outside world was also at half past ten.

Now at 10:15, he arrived at the underground parking lot 15 minutes earlier than Leonard did before, and then waited for someone to come in the underground parking lot.

Twenty-five past ten.

At the entrance of the underground parking lot, the girl wearing a peaked cap arrived late, walking in a leisurely manner, and seemed in no hurry.

"Someone is coming." The tall and thin man spotted Qiao Nian immediately and lowered his voice.

Lei Ting also saw the girl walking in from the outside, clenched her fist hard and then let it go, and told the tall and thin man worriedly before leaving: "Remember what I said, no matter what happens later, after I fight you Don't come close until you make a gesture!"

"I know."

Leiting was still looking at him.

"I'll listen to you." The tall and thin man promised him solemnly.

Leiting was satisfied and walked towards the girl.

The tall and thin man watched Lei Ting slowly walking towards the girl, his eyes were full of haze, he stood there straight, his eyes fixed on the direction of the girl, his whole body was tense, ready to rush over at any time...

Twenty-eight past ten.

The two meet.

This time is the same as the last time Qiao Nian and Leonard met. They were the only two within 100 meters nearby. As long as you pay attention to the volume of your speech, others will not be able to hear what they are saying.

When Lei Ting saw the girl walking in front of him, he immediately said, "I did as you said, but my people didn't find anything unusual..."

Qiao Nian raised his hand to look at the time on his wrist, lowered his eyes, with a kind of willful aura around him, he said casually to Lei Ting, "There are still a few minutes, don't worry."

Lei Ting stared at her every move closely, seeing that she seemed really not in a hurry, as if there was a big stone on her chest, which was not a pleasant feeling. I couldn't help but warned her in a deep voice: "Qiao Nian, you told me that you could catch her today, if you lie to me..."

The girl picked out her ears, raised the end of her eyes and glanced at him irritably: "Aren't you tired?"

Leiting: "..."

Qiao read: "... save some strength."

"There are still many places that need your cooperation later."

"..." What kind of attitude does she have!

Lei Ting couldn't lift it up in one breath, the veins on his neck were bulging due to clenched fists, and the skin on his neck was even more red.

However, from the perspective of a bystander, his reaction looks more like the same thing. After all, the current relationship between him and Qiao Nian is regarded as an 'enemy'.

Enemies meet, if there is no extra jealousy.

Outsiders will become suspicious instead.

Lei Ting said to the girl stiffly: "Don't worry, as long as you can catch her and show me, I will cooperate with you!"

Chapter 2945 She almost wanted to attack sister Nian

In a hidden room on the second floor not far away.

The black muzzle of the gun protruded from the window, aiming at the two people exchanging 'evidence' face to face through the ventilation window of the underground parking lot.

She aimed her gun at the man's heart and squinted her eyes.

Ji Ziyin changed the angle again, aiming the gun at the girl's temple by accident.

The infrared sensor quickly and accurately locates the girl's temple.

Just click.

She can solve life's biggest obstacles in one click.

Ji Ziyin couldn't help but her heart beat faster, her whole body's blood flowed upwards, the scorching temperature spread from her fingertips to her whole body, every cell in her body boiled...

Since she is doing the same thing, why doesn't she bet more?

If Qiao Nian is solved directly...

As soon as Ji Ziyin thought of this, it lingered in her mind like a curse for a long time, and her fingertips unconsciously climbed onto the trigger of the sniper rifle.

at this time.

The screen of her silent phone lit up.

Ji Ziyin frowned, glanced distractedly out of the corner of her eye, and was thrown aside by her, ready to notify the hacker's phone as soon as she finished her work.

A text message from Ji Xiao popped up on the phone.

【Be careful, don't let people suspect you. 】

Ji Ziyin seemed to have been slapped across the face, and suddenly regained consciousness, squinted her eyes again, and looked at the two people in the underground parking garage with a cold face.

Qiao Nian was standing two steps away from Lei Ting.

She couldn't strike at such a short distance!

After all... If the biggest suspect dies at this time, then the Hermit Family and the Queen will pursue her, and she will definitely be listed as a suspect.

Ji Ziyin readjusted her breathing, and aiming the gun at Lei Ting unwillingly.

She did it in order to be 'real'.

The same is to choose the location of the heart.

Ji Ziyin was lying on the edge of the window, calculating the time, and estimated that it was almost time, especially when she saw the girl handing an envelope to Lei Ting through the lens of the sniper rifle...

It was too late to say, but it was soon.

She pursed the corners of her mouth, and a cool look flashed across her eyes: "If you want to blame, you can blame her! Who told you to meet her."

While speaking, Ji Ziyin pulled the trigger without hesitation!

Boom!

The bullets fired through the muffler head silently pierced the air.

Ji Ziyin immediately put away the gun, put the gun into the **** bag that she carried with her, and immediately picked up her mobile phone to make a call.

"In a minute, you can start solving monitoring!"

"OK."

Ji Ziyin hung up the phone.

She didn't stop there, went back to the living room and pulled a piece of paper to wipe off the place where she might have left her fingerprints on the edge of the window sill, and then left the room without looking back...

She grew up in Ji's family, and she learned not only black powder, but also a lot of self-defense skills.

Sniper Rifle is one of her best skills.

Her aiming accuracy has always been as high as 99%, and she has never missed a shot on the practice field since she was a child. So she didn't need to look at the result, the shot just now couldn't have turned her head...

What she has to do now is not to leave any traces.

Just like she did last time.

Be sure to leave the scene as soon as possible!

**

at the same time.

In the underground garage of the hospital, the moment Lei Ting reached out to pick up the envelope that the girl handed over, he felt a sharp pain in his chest.

Others fell to the ground clutching their chests.

"Brother Ting!" The tall and thin man ran over immediately, threw himself beside him and helped him up, with an anxious face on his face: "Brother Ting, are you alright?"

Chapter 2946 Everything was planned long ago

The bright red liquid flowed down from the man's body, and soon a pool of eye-catching red 'bloodstains' gathered on the ground.

The scene in front of me looks exactly the same as the accident that happened a few days ago!

Lei Ting recovered from the initial severe pain, clutched his chest, took off his coat, picked out a bullet from the bulletproof vest inside, and handed it to him, with a ferocious expression on his face. Laughing: "She really dares to come!"

The tall and thin guy prepared the bulletproof vest for him yesterday. Seeing that he was not injured, he breathed a sigh of relief and collapsed on the ground: "It's fine, it's fine..."

Lei Ting grabbed his shoulders, pulled him up slightly, and said to him in a low voice, "Don't move around, try to block me."

"The bullet came in from the vent, she might see what's going on inside, you have to try to block me, and don't let her find out that something is wrong."

The tall and thin man hurriedly stood up, blocking most of his sight with a nervous face.

Qiao Nian ignored them, picked up the phone and made a call: "He ran away?"

A man's deep voice came from the other end of the phone, lazy and very frivolous: "Just about to run, stop her?"

Qiao Nian raised the corners of her mouth, her eyes were dry, and she said casually, "Don't stop her, let her run."

Ye Wangchuan chuckled lightly, and his voice was very bewitching: "Aren't you afraid that she will run away?"

Qiao Nian felt the softness of the feathers brushing against her ears, and couldn't help but tighten her lips.

She walked up to Lei Ting and the other two first, and said to them: "I'm gone, don't pretend."

Then she looked away and said to Ye Wangchuan: "She won't run away."

The corners of Qiao Nian's eyes slightly raised, with a kind of calm indifference, as if everything was under her control: "She hasn't enjoyed the joy of 'victory' yet, so why is she willing to run away?"

Ji Ziyin didn't even know that Lei Ting's 'blood' dripping all over the ground was fake blood that had been prepared long ago, so how could he run away?

"Let her be happy first, otherwise it would be so boring?" Qiao Nian looked down at Lei Ting and the others again, and said to the opposite side in a concise and concise manner: "I still have some follow-up needs to be dealt with, and I will go find her when I finish."

Ye Wangchuan understood what she meant in seconds, and without Qiao Nian explaining to him in detail, he understood: "I asked Mo Dong to follow her."

"good."

Qiao Nian couldn't help but raise the corners of his mouth, he was in a good mood.

She hung up the phone.

Turning his head, he looked at Lei Ting and the two who got up.

Qiao Nian put the phone back, and asked him sideways: "Have you slowed down yet? When you slow down, get ready to catch the current situation."

Lei Ting had already supported the ground and stood up again, and the pain in his chest from being hit by the bullet just now gradually disappeared.

After he stood still, he stared straight at the girl, his voice hoarse: "How are you sure she will definitely come?"

Qiao Nian casually raised his peaked cap with his fingertips, raised his face, and looked at him with dark eyes: "I'm not 100% sure."

"But I'm lucky, I guessed it right."

"..." Every time Lei Ting talked to her, he felt like he was about to be **** off.

He really didn't understand how Qiao Nian could tell him so blatantly that he was being used as an experiment.

It's just that this time he wasn't so unwilling, and said with a cold face: "I just want to catch the murderer who killed Lei Lao. Since it wasn't you, our Leonard family won't embarrass you in the future!"

He thought Qiao Nian would be happy when he said that.

Who knew that the girl just put her hands lazily in her pockets, turned around, and asked him impatiently, "Are you going?"

Chapter 2947 Ji Ziyin thought she was unaware

Gritting his teeth, Lei Ting took off his bulletproof vest and threw it to the tall and thin man, and said to the girl, "Let's go!"

Qiao Nian walked ahead without looking back.

Lei Ting turned his head to the tall and thin man, and said in a deep voice, "Go and call all our people."

After all, Ji Ziyin grew up in Independence Island.

This is the territory of Independent Continent.

Their mighty dragons can't overwhelm local snakes, so it's always a good idea to bring more manpower.

The tall and thin man understood what he meant, and ran towards the elevator with the bulletproof vest he threw: "I'll call them right away."

Lei Ting looked at the back of the girl.

The light coming in from the outside of the underground parking lot dragged the girl's shadow for a long time, her back was straight, which inexplicably gave people a feeling of trust.

He no longer hesitated, took a deep breath, and followed quickly.

...

Ji Ziyin's residence.

She parked the car in the garage and returned to her place of residence with her bag alone.

"You're back?"

Ji Xiao saw her open the door and came in, immediately sat up and walked towards her quickly: "How is the matter going?"

Ji Ziyin casually threw her bag on the ground, changed her shoes and went in, turned on the faucet and washed her hands, then came out, bent down and took out a paper towel to wipe her hands clean.

Ji Xiao followed her all the way, and it seemed that he was very nervous.

Only then did Ji Ziyin look at him, and casually threw the paper towels that had wiped his hands into the trash can, with the corners of his mouth curled up, and leaned back on the sofa: "Don't worry, the monitoring has been destroyed. As long as you 'dispose' your people clean, you'll be fine." No one will find out about me!"

Ji Xiao carefully looked at the expression on her face, and saw that her expression was soothed and relaxed, and she really didn't look like there was a problem.

Only then did he feel relieved, let out a foul breath and said, "I've already dealt with that person."

"Um."

Ji Ziyin responded, and was about to unscrew the lid to drink water.

Her phone on the tea table buzzed and vibrated.

Ji Ziyin temporarily put the water on the table, picked up the phone, pressed the screen lock, and quickly found the latest video received.

The video is the scene where Lei Ting was "shot".

About five seconds.

very short.

is a video specially copied by the hacker when he was processing the surveillance disk.

Ji Ziyin saw Lei Ting's "shot" in the video and fell down, and his clothes began to seep out bright red blood... so he deleted the video with confidence, went to the memory to smash and clean up the remaining video, and then sent it to the hacker news.

"I received it. Old rules, you delete it yourself, don't leave anything behind!"

The hacker sent her back a screenshot of deleting the backup.

Ji Ziyin put down her phone in satisfaction, the contempt in her eyes deepened.

She wants to see how Qiao Nian can escape this time, how to explain that people from the Leonard family have accidents one after another when they meet her...

And the Queen.

She didn't believe that the queen could continue to hold her breath this time.

Everything is moving in the direction she wants...

When Ji Ziyin thought of this, she couldn't help but feel happy, and even wanted to laugh.

It happened that Ji Xiao was talking to her, but she didn't hear clearly, so she raised her eyes, as if she wanted to savor the joy of this moment: "What did you just say? I didn't hear it. Say it again."

Ji Xiao saw the joy in the corners of her eyes and eyebrows, and opened his mouth: "I wonder if this time will go too smoothly? I always feel a little uneasy."

Ji Ziyin frowned, and asked him impatiently, "Then what do you want?"

Ji Xiaogang said: "Why don't I use the name of Ji's family to inquire about it."

...

"Boom!"

I only heard a loud knock on the door suddenly.

Chapter 2948 People from the Renard family file in

Ji Xiao was taken aback, and suddenly turned around: "What's going on?"

He didn't finish his sentence.

I saw a group of people breaking in from outside.

Almost all the members of the Leonard family came, all of them barged in with fierce faces and seemed very unfriendly.

Ji Ziyin also saw the tall and thin leader, couldn't sit still, and stood up subconsciously: "You...what are you doing? What do you want me to do?"

The tall and thin man ignored her, turned around and ordered the people behind him, and nodded slightly: "Go in and search!"

"yes!"

Two members of the Leonard family immediately rushed into Ji Ziyin's bedroom and study room, and searched vigorously.

They didn't give Ji Ziyin any face at all.

The action of rummaging through things is huge.

The two overturned the chair, opened the drawer and dumped the documents inside, rummaging through the box to find things.

Ji Ziyin also changed her face slightly when she saw this scene, turned her head, looked at the tall and thin man in the lead, and asked in a deep voice: "What are you doing? Do you know where this is? I can't let you be presumptuous here!"

The tall, thin man is from the Lei family of the hermit family.

But she got into the Privy Council anyway!

She still has the confidence to challenge the tall and thin one!

The thin and tall man was not enough to give her face, so he walked over and personally overturned the table in her living room to search, but couldn't find what he wanted.

He sneered again, and looked down at Ji Ziyin and Ji Xiao: "Do you know that Brother Ting was attacked in the underground garage of the hospital today?"

"Someone shot him in the dark with a sniper rifle, hitting his heart. The situation at the scene is exactly the same as when Mr. Lei was shot a few days ago!"

"You mean Lei Ting?" Ji Ziyin's eyes flickered, and he forced his head up calmly. There was nothing unusual on the surface: "Didn't he ask Qiao Nian? Could it be..."

Ji Xiao was a little more flustered than her, and he didn't dare to let out a nervous air, desperately dodging the sight of the tall and thin man.

He pretended reluctantly: "Uh... what Qiao Nian? What happened?"

"Heh~!" Watching the performance of the two, the tall and thin man couldn't help stretching out his hand to applaud them: "Wonderful, really wonderful!"

Ji Ziyin was confused by his reaction, pinched the palm of his hand, trying to make himself look calm: "What do you mean?"

The tall and thin man stopped applauding, but stared at her, and asked, "Miss Ji, you mean that this matter has nothing to do with you?"

Ji Ziyin was furious, and immediately said sharply: "Otherwise? Don't you doubt me?! Why do I have to do this?"

The tall and thin man stopped talking to her, and turned his head away: "Why you did this, I don't know, but I will soon."

Ji Ziyin's heart felt cold when she heard this, and she faintly felt flustered.

She watched the house being turned into a mess by the people brought by the tall and thin man, and knew that she couldn't sit still like this any longer.

She turned to the tall and thin man and said, "I'll give you three minutes, take your people out!"

"If you continue to make trouble in my house, don't blame me for being unkind!" She squinted her eyes, her words were full of threats.

And Ji Ziyin is not just talking.

She had already turned around and bent down to pick up the mobile phone on the coffee table, making a gesture to call Ji Hongyuan, while explaining to Ji Xiao: "Call some people over."

Ji Xiao had a thin layer of sweat on his forehead, and he was so flustered that he had no idea. Hearing the words, as if he had found the backbone, he walked out without saying a word: "Okay, I'll call someone over right away."

Chapter 2949 Ji Ziyin discovers that Lei Ting is not dead

He is going outside.

The tall and thin man just glanced at him, and didn't make a sound to stop him, and didn't even let the people under his hand who were blocking the door stop him.

His confident attitude made Ji Ziyin feel even more uncertain, so sullenly, he walked aside and called Ji Hongyuan.

Just when she and Ji Xiao were calling for someone, the person in charge of searching the house quickly found a **** bag from the dark compartment of Ji Ziyin's bedroom.

"found it!"

They twisted the bag and left the black bag in the middle of the living room.

The tall, thin man asks someone to open the bag.

A member of the Leonard family squatted on the ground, unzipped the bag, and poured out the contents.

Bang There was only a bang, and a sniper rifle, a few unused bullets and a replacement clip were poured out of it.

The tall and thin man looked at these things, staring at the woman with icy eyes: "Miss Ji, what are these?"

Ji Ziyin came over after making a call at this time, seeing the thing that was found, she didn't panic, she glanced at the things on the ground calmly, and said, "Sniper rifle. What's wrong?"

"Don't you explain explain?"

Ji Ziyin looked away disapprovingly: "There's nothing to explain. It's normal for me to have a sniper rifle at home, and this is Independent Island! It's so strange that I have a gun at home. If you go to anyone's house, there will be one or two for self-defense. ."

The tall and thin man frowned. He didn't expect her to be so calm, and she didn't even show any signs, as if she really had nothing to do with this matter!

How did she do it?

at this time.

Lei Ting's deep voice sounded outside the door: "It's not surprising that there are guns in Independent Island, but I just find it strange that the model of the sniper rifle in your home happens to be L115A3!"

"!"

This voice is...

Ji Ziyin has maintained a sufficiently clear mind and a calm processing rhythm from someone breaking in to the tall and thin man ordering a house search.

It wasn't until she heard Lei Ting's voice from outside the door that she showed a panicked expression and opened her mouth slightly, extremely shocked!

What scares her even more is yet to come!

As the speaker approached, she saw Lei Ting appearing at the door.

Not only did Lei Ting appear, but he was still wearing the clothes she saw an hour ago without any damage, and there was not a single strand of hair missing.

"你..."

Ji Ziyin suddenly saw a person who should have been 'dead' appearing in front of her. Even after experiencing strong winds and waves, she couldn't help but turn pale and her mind was buzzing.

Lei Ting looked at her changed face, sneered at her and said, "Why, you're surprised to see me?"

Qiao Nian came out from behind him at this moment without haste, raised her peaked cap with her white hands, raised her head slightly, revealing that ostentatious face.

Her eyes were unrestrained, her expression was cold and arrogant, and the corners of her mouth were raised casually: "She was surprised that she didn't see you in the morgue."

Ji Ziyin's brain seemed to have been hit hard by a blunt object, her mind was blank, and she watched the two standing together as if struck by lightning.

she?

them?

They colluded?

Her face was so pale that there was no blood, and her lips were also white and transparent. She pinched the palm of her hand desperately, so that her whole body did not tremble uncontrollably.

"You... If you get mixed up with her, aren't you afraid that Lei's old spirit will not rest in peace!" She still had the last sliver of fantasy.

Lei Ting looked at him struggling to death, and couldn't help but sneered: "You still have the face to tell me about Lei Lao?"

Chapter 2950 The **** will not cry without seeing the coffin

Ji Ziyin pursed her lips tightly, turned her eyes away, and said coldly, "I don't dare to mention anything. I said it! That sniper rifle is something I usually keep at home for self-defense. Any sense. As for the model you mentioned..."

She said in a deep voice again: "I don't know what's wrong with this model, but I didn't pay attention to the model when I bought it."

"If it hits the model, it could be a coincidence!"

Qiao Nian didn't show the slightest surprise when she heard her sophistry as soon as she opened her mouth. She just curled her lips impatiently and raised her eyebrows: "What did I say? I said she wouldn't recognize it."

Lei Ting's complexion was so heavy that water dripped out, his face was darkened, but he couldn't find the point of attack.

He remembered what Qiao Nian had said to him when he found him a day ago.

At that time, the girl brought the purchase list obtained from the black market and the manufacturer, as well as the ballistic data analysis when Leonard was shot...

All the evidence at that time pointed to Ji Ziyin.

The first time he saw those things, his brain was full of blood, and he turned around and planned to ask Ji Ziyin to understand!

But Qiao Nian stopped him and told him indifferently that Ji Ziyin would not admit it.

Although he made a series of arrangements according to the plan proposed by Qiao Nian, he still wanted to settle the score with Ji Ziyin immediately.

Lei Ting looked at the woman who still couldn't see the coffin and shed tears after reaching the field, and had to admit that Qiao Nian was right again.

Ji Ziyin really refused to admit it!

And behaved very naturally.

From her face, there is no guilt or regret at all.

Lei Ting thought of Leonard who trusted Ji Ziyin so much, his eyes gradually became gloomy: "Coincidence? That's really a coincidence!"

Ji Xiao has come back from the outside now.

Seeing that Lei Ting was alive and together with Qiao Nian, he was frightened out of his wits, his pale face turned pale.

"Joe, Qiao read."

Qiao Nian also saw him, but quickly turned her head around and ignored Ji Xiao.

Ji Xiao gritted his teeth and looked at the situation in the room.

He quickly saw the **** bag that had been dug out on the ground, and the sniper rifles and magazines scattered beside the big bag.

Cold sweat broke out on his back, and his fingertips began to tremble slightly.

It's over, it's over.

Facing Lei Ting's pressing approach, Ji Ziyin also teared up his face and said, "You can insist that it's not a coincidence, and you can prove it with evidence."

"...Otherwise this is the Independent Continent, and I am also a member of the Privy Council. If you want to press charges against me, I have to find the Queen!"

Lei Ting was provoked by her to step forward, and sneered again and again: "You still have the face to mention the queen!"

At this moment, Qiao Nian stretched out a hand to block his way, and said casually, "Okay, are you here to quarrel with her?"

When Lei Ting was stopped by her words, the anger on his face decreased slightly, and he obviously calmed down a lot.

Ji Ziyin saw him being held back by Qiao Nian's light words, and her heart became cold again. She pinched her hands and looked down on the two of them coldly: "When did the Leonard family become her lackeys? The Queen knows that you listen to that." Her words?"

The tall and thin man cursed secretly, and was almost irritated by her again.

It was Lei Ting who was stopped by Qiao Nian and gradually regained his senses, stopped the tall and thin man and the others, and looked at the mocking woman with cold eyes.

"You don't have to provoke me with words."

"Since I came to you, I must have evidence."

"..." The sneer on Ji Ziyin's lips froze on his face, and he stood up straight pretending to be calm: "Oh, then show me the evidence."
