

Madam's 2971

Chapter 2971 Sister Nian: Anyway, no one pays attention to little people like us

In the process of studying the experimental notes left by Ji Qing, she received a call from Nie Qixing's servant.

Qiao Nian went down halfway to get the invitation.

Nie Qixing did exactly what he said on the phone, and someone sent the invitation soon.

The servant was trying to find out something from her by insinuating, so Qiao Nian dealt with him casually, and said according to the identity Feng Yu gave her.

The man saw that he only asked about Independent Continent and the First Research Institute, and couldn't ask about anything else. He was very smart and accepted it as soon as he saw it. He presented the invitation with both hands, and said goodbye to Qiao Nian politely.

Qiao Nian took the invitation and went back to the room, opened the invitation and pasted the gold-plated authentication card, played with it between his fingertips for a while, then threw the gold card back on the table, and went back to his own business.

...

Two days later.

Nie Qixing's birthday.

Kevlin Hotel started to have luxury cars parked outside one after another in the morning, and these guests went straight to the reserved 30-33 floors, obviously they were here for today's birthday party.

The hotel has implemented strict management of the elevator since last night. Except for those who have the magnetic card in Nie Qixing's invitation letter, other people staying in the hotel have no way to press the button to light up the 30-33 floor of the elevator.

This also fundamentally eliminates the possibility of someone getting in!

Qiao Nian leisurely prepared to go to breakfast at 9:30 in the morning. After she opened the door, she knocked on the door of the opposite room and stood there waiting for someone to come out.

"Hold on."

A man's slightly hoarse voice came from inside.

Qiao Nian picked his ears and didn't knock on the door again. He stood at the door with his hands in his pockets and waited for the person inside to open the door.

Soon the door clicked.

Ye Wangchuan opened the door.

His hair was still dripping, and his body was wrapped in a loose bathrobe. His heroic face was filled with steam, and it could be seen that he had just taken a shower.

"Come in." Ye Wangchuan turned sideways to let the girl in.

Qiao Nian felt the steam coming from his body, rubbed between his brows, his black eyes flashed, he didn't want to go in, but obediently went into his room: "I'll ask you to have breakfast. Go?"

Ye Wangchuan went back to the bathroom by himself, wiped off the water on his hair with a towel, dried his hair briefly, changed into home clothes and came out, followed Qiao Nian who was waiting for him outside: "Let's go."

Qiao Nian raised his hand and looked at the time.

Nine forty-five.

It was 15 minutes before the end of the hotel's breakfast.

She estimated that she could eat it in the past.

She and Ye Wangchuan walked to the breakfast room on the 3rd floor one after the other.

The elevator reaches the third floor.

Qiao Nian saw many people in the lobby below preparing to enter the elevator under the guidance of the hotel staff, so she raised her eyes and turned to him and said, "A lot of people came today."

Ye Wangchuan was standing next to her at this time, seeing the bustling scene in the hotel lobby, squinting his eyes noncommittally, and said in a deep voice: "It seems that although this Nie Qixing's identity is inconspicuous, there are still people who smell the interest. Lots of flies around."

Qiao Nian remembered the phone call to her room two days ago, wondering if it had something to do with Nie Qixing.

Ye Wangchuan didn't know that someone called Qiao Nian's room before, and saw the people who started to arrive after nine o'clock.

Turning to ask her elegantly and dignifiedly: "What time do you plan to go there?"

Qiao Nian told him about getting the invitation letter, and Ye Wangchuan knew without asking that she got the invitation letter through the painting she got from Lu Yiming.

Qiao Nian looked away from downstairs, without any extra expression on his face, he turned his head casually: "Later later! Anyway, no one will pay attention to us little brats."

Chapter 2972 Sister Nian didn't plan to stay for dinner

Ye Wangchuan raised his eyebrows, Shentong looked at her with a smile that was not a smile: "Aren't you afraid of being beaten if you say that?"

Is she a young man?

These people that Nie Qixing called today are not even as good as 'little ones'.

"I'm just an ordinary person from an independent continent, and I'm a little guy."

Qiao Nian squeezed her fingers, turned around and walked to the breakfast room: "Let's go, I'm hungry."

Ye Fanchuan smiled, followed her into the restaurant.

*

The entrance of Keveling Hotel.

Today can be described as a gathering of luxury cars, and most of the political and business celebrities from country m are here.

Since 9:30 in the morning, luxury cars with special license plates have been parked in front of the hotel.

Guests in suits and leather shoes entered the lobby under the leadership of the waiter, and went straight to the elevator, surrounded by them without turning their eyes.

Many guests who lived on ordinary floors saw this scene, and couldn't help talking—

"Who are these people?"

"Who is working in the hotel today?"

"A lot of people."

Someone, like Qiao Nian, checked into the hotel a few days ago, heard some news from the front desk, and started gossiping with the people around him.

"I heard that it seems to be someone's birthday."

His friend was quite surprised and said: "It's such a big birthday party? Who is it? A star?"

The man shook his head: "I don't know either."

Seeing the people who were still coming in, he pondered for a moment and said, "Shouldn't he be a star? You see, that person seems to be the important man who often appears on TV."

Which star can have this kind of ostentation, can drive people of this level to spare time to celebrate his birthday?

Their voices were not loud, and some people could hear what they were talking about.

Those who were watching in the lobby looked at these people coming in from the outside in surprise, and wanted to find out whose birthday it was today!

However, the hotel security measures are well done.

These guests who came to Nie Qixing's birthday party were led directly by the hotel staff to a special elevator, and took the exclusive elevator up.

Ordinary people have no way to get close to them.

Not to mention eating melons.

besides.

Today, a hotel staff member is arranged in all the elevators of the hotel, in the name of pressing the elevator buttons for everyone.

In fact, it is to prevent anyone from trying to enter the area where the banquet is held on the 30-33 floor without a magnetic card.

This attitude of guarding against death also made the people staying in the hotel realize that the person who is hosting the birthday party here today is an extraordinary person.

Everyone basically watched the excitement in the lobby, and no one dared to see the disturbance without eyesight.

...

Qiao Nian finished his breakfast and it was already half past ten.

They were the last two guests to leave the breakfast room.

While waiting for the elevator, Ye Wangchuan asked her casually: "Shall we go back to the room to rest for a while, or go straight there?"

Qiao Nian thought for a while: "Go directly."

She went to Nie Qixing's birthday banquet this time not to eat, but to give Nie Qixing another gift.

When the things are delivered, she will leave, and there is a high probability that she will not stay for dinner.

The reason why it took so much trouble to get the invitation letter for Nie Qixing's birthday party today was just to make it easier for me to go in and find someone.

Ye Wangchuan reached out and pressed the up button of the elevator, and soon the elevator stopped on their 3rd floor, and opened with the elevator.

Qiao Nian saw the staff members arranged by the hotel in the elevator.

The staff looked at the two of them with a professional smile. Seeing Qiao Nian and Ye Wangchuan's outstanding looks but ordinary clothes, they smiled and asked them: "The 30th-33rd floors are not available today. Which floor do you two guests go to?"

Chapter 2973 The shadow also came to give gifts

Qiao Nian reckoned that this was one of Nie Qixing's methods to prevent outsiders from sneaking in. She went in first, and she took out a magnetic card from her pocket and handed it over: "33rd floor."

"..."

The people who can enter the 30-33 floors today are all the most distinguished guests of the hotel.

After the perfunctory staff verified the authenticity of the magnetic card, their attitude became extremely humble.

Quickly press the floor for them.

He didn't dare to talk nonsense anymore, he lowered his head the whole time to lower his sense of existence, and kept quiet there.

*

"Ding!"

The elevator quickly reaches the 33rd floor.

Qiao Nian walked out of the elevator, glanced at the crowds in the banquet hall at the end of the corridor, raised her hand and lowered the brim of her hat, revealing her snow-white chin, and said to Ye Wangchuan, "Wait for me to get off, I'll go find Nie Qixing."

"Um."

Ye Fanchuan walked to an inconspicuous place by himself.

Qiao Nian turned around and walked in another direction, looking for someone first.

It is now approaching eleven o'clock at noon.

More and more guests have arrived at the dining place on the top floor of the 33rd floor.

Nie Qixing's staff is partly responsible for receiving guests below, and partly responsible for arranging the check-in of guests who need to stay in the hotel. Zhang Yin is good at handling interpersonal relationships because of his long-sleeved skills, so he arranges him to sit on the 33rd floor.

Zhang Yin has a short and fat body, wearing a blue suit with a bow on the neckline, and wearing a brand-name suit on him like a hotel waiter.

Fortunately, he is very good at dealing with people, welcoming and sending off, and arranging the guests who come up properly and thoughtfully, he is very good at it.

Today is Nie Qixing's birthday.

There are a lot of guests.

Zhang Yin also brought his own people to help.

His friend was surprised when he saw that Zhang Yin sent another celebrity who could only be seen on TV to arrange a seat.

Wait for him to come out, took his hand and walked aside and said in a low voice, "Professor Nie, what's his background? These people who came today don't seem like they would attend a university professor's birthday."

Zhang Yin couldn't help but rolled his eyes when he heard his emotional words, and pulled his hand away angrily: "I told you the other day, didn't you believe it?"

He was talking about a few days ago, they had dinner with Nie Qixing.

He sent Nie Qixing out and said the wrong thing.

His friend made sarcastic comments from the sidelines, saying something stupid like 'Professor Nie seems to be easy to get along with'!

His friend scratched his head and coughed awkwardly: "Didn't I know before?"

Zhang Yin wiped the sweat from his forehead, but did not hide it from him: "I don't know. I only know that he is surrounded by top political figures and celebrities."

"As for how big his backstage is."

Zhang Yin looked at his friend without any concealment: "I don't know, his identity is not at a level I can touch. So I don't ask, just pretend to be ignorant to please him. Some things are clear But it's not easy to curry favor any more!"

His friend couldn't help showing a thoughtful expression after listening.

Zhang Yin didn't care what he thought, he looked up and saw a man in black walking over with a wooden box, his expression changed, and he hurried up to meet him: "Why did you come here in person? Young Master Qi is still on the phone at the stairs, I'll help you You call him over."

The man in black is the shadow beside the queen.

He had seen a fat-headed fish-like man next to Nie Qixing, so he knew Zhang Yin, and said coldly, "Don't be so troublesome. I'll come over and give you a gift, and leave as soon as the gift is delivered."

Chapter 2974 What strangers did you invite today? like a girl

"This..." Zhang Yin's mind was spinning quickly.

He knew very well that Nie Qixing was very polite to the people in front of him, so he naturally didn't dare to take it too seriously, and hurriedly said: "Young Master Qi is over there, if you don't wait for him, he will come back after calling, at least you can see him Let's go on the side."

Shadow has no objection either.

He turned sideways and looked in the direction Zhang Yin said.

Suddenly, I saw a figure passing by the corner of the stairs, and disappeared at the end of the corridor in a blink of an eye.

Shadow showed a rare surprise on his usually expressionless face. He turned his head to look at Zhang Yin who was serving him tea and water, and asked, "Did you invite any strangers today? For example, a girl..."

Zhang Yin was so questioned that Monk Zhang Er was puzzled, holding the water in his hand in a daze: "No, Young Master Qi invites all friends he knows around him, or colleagues he has been with. I haven't heard that he invited unfamiliar faces. I haven't heard him mention... the girl's name."

As he spoke, he secretly observed the shadow's reaction.

Secretly, he wondered why Shadow would bring up today's guest list.

And specifically emphasize girls.

girl...

instead of women.

He has a good brain, and immediately deduced that the person mentioned by the shadow should be young, very young, otherwise he couldn't say it was a girl.

But people of this age should not meet Qi Shao's taste...

He is a very discerning person, so he immediately went forward and said to Shadow: "I'll ask Young Master Qi, he may know the person you mentioned."

*

at the same time.

Qiao Nian has already found today's protagonist around the corner.

Nie Qixing still wears elegant and casual clothes on such important occasions, and the simple white shirt is quite stylish on him.

He was on the phone with someone, and his voice was very gentle: "I know, you don't have to worry about me."

"When I'm not by your side, you have to take care of yourself, otherwise I will worry."

"Well, don't worry."

He speaks slowly and very patiently, and always maintains a respectful and intimate attitude with the people over there.

Qiao Nian's sixth sense instinctively sensed the identity of the person talking to him - Nie Qingru!

At this time, out of the corner of Nie Qixing's eyes, he also noticed someone standing behind him. He immediately turned his head, his face was cold and serious, and his eyes were sharp.

When he saw Qiao Nian, he frowned again, and a look of surprise flashed across his eyes.

But he is obviously a person who does not easily show his emotions on his face.

Obviously a stranger suddenly appeared behind him, but Nie Qixing didn't even hang up the phone, still very calmly talking to the person on the other end of the phone: "Cummer, I'll hang up first."

cummer, godmother.

Qiao Nian raised her brows slightly, her expression became unpredictable. When Nie Qixing walked in front of her, she was the first to speak: "Professor Nie, I have long admired you."

Nie Qixing looked at the girl he had noticed at the front desk of the hotel a few days ago standing in front of him, his eyelids slightly drooping: "Are you...Miss Qiao?"

Qiao Nian's voice is very distinctive.

Her tone of voice always has a casual and lazy tone, as if nothing can take her to heart, which is very personal.

Nie Qixing looked at her face partially covered by the brim of the hat. From his perspective, he could only see a rough outline, but he could feel the eye-catching flaming roses in full bloom.

"How did you find this place?" Nie Qixing is very gentlemanly. Even though he was very interested in Qiao Nian, he still kept his face calm and even said, "Have you found a seat yet?" ? I'll take you there."

Chapter 2975 The gift from sister Nian is a photo of Ji Qing!

"Need not."

Qiao Nian stood where she was and didn't move.

Nie Qixing turned his head and paused slightly: "You?"

Qiao Nian took out an unsealed envelope from his body, walked over and handed it to him: "I came because I have something for you."

Nie Qixing took the thin envelope from her hand, about the thickness of a sheet of paper, which made him slightly dazed.

"What's the meaning?"

"I won't eat anymore."

Qiao Nian raised her head, her black eyes were extremely dark: "I came to see you on her behalf."

Nie Qixing was even more puzzled and curious by her confused words, pinched the envelope in his hand, and hadn't decided what to say.

The girl has already politely said to him: "Since the things have been delivered, I won't bother you."

She turned and left.

Nie Qixing looked at the back of her leaving without hesitation, and the envelope in his hand aroused his curiosity even more. He lowered his head and poured out the contents of the envelope, and soon a photo floated into his palm.

It was a single photo.

The woman in the photo is smiling at the camera. She looks only in her early twenties, brighter and more enthusiastic than the sun.

Nie Qixing knew very well that he did not know the person in the photo, but the person in the photo gave him a strong sense of familiarity.

He frowned, pursed his lips and stuffed the photo back into the envelope, turned around and followed to the banquet hall...

Outside, Qiao Nian went out a minute earlier than him, and ran into Fathead Fish who was looking for Nie Qixing.

When Zhang Yin saw the person passing by him, he slowed down from his impatience, and looked back subconsciously.

"Isn't that... the person that day?"

Before he had time to think about why Qiao Nian was here, he saw Nie Qixing coming out of the corner on his back, with something extra in his hand.

Zhang Yin couldn't help opening his eyes wide, filling up a lot of pictures in his mind, but the business still occupied his reason, he hurried to Nie Qixing: "Qi Shao, that elder of yours has come to look for you."

Nie Qixing glanced at him casually, but did not correct his address: "Where is he?"

"I'll be waiting for you at the door." Zhang Yin led him back, and on the way he said, "He seems to be looking for someone again."

Find someone?

Nie Qixing frowned rarely, and quickened his pace to find the shadow.

*

Shadow was waiting for him at the door.

Soon he saw Zhang Yin brought Nie Qixing back.

When he saw Nie Qixing, he smiled rarely, and greeted Nie Qixing: "Young Master Qi."

Nie Qixing knew his identity, but he didn't dare to take Joe in front of him, so he quickly supported him: "Uncle Ning, don't be polite to me, just call me Qixing."

Shadow said sternly: "The rules cannot be broken."

Nie Qixing seemed to have a helpless expression, but he didn't force him to change his words, and pulled him inside.

Shadow also followed him in. In the process of going in with Nie Qixing, he suddenly caught a glimpse of the corner of the photo that had slipped out of the envelope, his face changed slightly, and he stopped: "What is this?"

Nie Qixing hasn't reacted yet.

Shadow took out the photo from him and looked down.

When he saw the person in the photo clearly, the shadow's expression became visibly uglier, and his hands shook.

Nie Qixing didn't expect a photo to cause such a big reaction in him, so he asked him nonchalantly: "Uncle Ning, do you know the person in the photo?"

"..." Shadow's throat seemed to be strangled by an invisible hand, and he couldn't make a sound.

Of course he knew the person in the photo.

Because the person in the photo is—Ji Qing!

Chapter 2976 Wangye: Did you see him?

Shadow tried his best to control his hand, and asked him instead: "Where did you get the photo?"

Nie Qixing saw that the corner of his mouth was pulled down, and he grabbed the photo vigorously. He felt a little suspicious in his heart, but his face remained calm: "A new friend just gave it to me."

"Friend?" Shadow took a breath, calmly put away the photo: "Which friend? What's his name?"

"I don't know her name yet, I only know that her surname is Qiao." Nie Qixing mentioned the person he met before, and said briskly: "She gave me a painting as a gift, so I invited her to the birthday party. But she It seems that there is something urgent to do, so he gave me this photo and left."

Joe...

Shadow's eyes suddenly sank.

The photo in his hand became hot, almost burning his hand.

Who else in this world has Ji Qing's photos and has the ability to send them to Qi Shao, he thinks about it and there is only one person.

Qiao Nian!

The shadow pressed his eyebrows, and he wanted to call Nie Qingru to explain the situation here, so he took the photo and said to Nie Qixing: "I will give the gift prepared by the empress to your assistant, and you can find him later to get it. "

"Uncle Ning, don't you eat?"

Shadow said: "I still have things to do here, so I won't stay for dinner."

He wants to go back immediately and tell the Queen that Qiao Nian has already set his sights on Young Master Qi, and Ji Qing's photo is the best proof!

Qiao Nian was reminding them.

She has already noticed Nie Qixing's existence, and she can approach Nie Qixing quietly at any time!

Once they did what they did last time, she would pay Nie Qixing for it!

When Ying thought of this, his breath became stagnant, and his expression was extremely serious. Instead of returning the photo to Nie Qixing, he hurriedly left here with a yellow envelope...

Nie Qixing watched him leave in a hurry, with a slight smile, his eyes narrowed, and a fleeting doubt flashed in his eyes.

It happened that Zhang Yin rubbed his ears in confusion, then turned to him and asked, "Young Master Qi, what's wrong with that girl?"

Nie Qixing was thoughtful: "I checked her, she is from Independent Continent. Her background...is quite clean, she is just an ordinary person."

Mentioning this, Zhang Yin also remembered, and hurriedly said to him: "I also checked her check-in information. In the information she registered at the front desk of the hotel, it was written that she is from the First Research Institute."

Academic?

Nie Qixing connected the First Research Institute with what Qiao Nian told him on the phone before that he knew him through an authoritative academic journal of atomic energy.

So it seems that there is nothing wrong with that person.

Zhang Yin approached cautiously: "Young Master Qi, should we stop investigating her?"

Nie Qixing thought for a moment and said, "Let's see."

He thought of the girl's unique and cool aura, raised his eyebrows again, and said thoughtfully, "I'm quite interested in her."

Zhang Yin was stunned for a moment, then raised his head slightly to observe the man's expression, and saw Nie Qixing pushing down the glasses frame on the bridge of his nose with great interest, looking gentle and elegant.

He quickly lowered his head again, thinking about it.

**

"Are you back?" Ye Wangchuan waited at the elevator entrance for 20 minutes, and then saw the girl walking back, as if she had found someone: "Give him something?"

Qiao Nian mentioned this, raised his hand and pinched the bridge of his nose, his brows and eyes became more and more tired: "En."

Ye Wangchuan pressed the elevator in front of her, and while waiting for the elevator to arrive, he glanced at the girl who was not interested, and pursed his lips: "Did you see him?"

Chapter 2977 Do you think she complained?

Just as the elevator came over.

Qiao Nian glanced at him, and entered the elevator first.

Ye Fanchuan came in behind her, so she pressed the button on the 10th floor first.

Then wait for the elevator doors to close.

Qiao Nian said a little irritably: "Tsk, I thought the people she regarded as treasures were so different, but I didn't expect them to be like that. Two eyes and one mouth, not superhuman."

"..."

Ye Wangchuan understood what she meant.

Nie Qixing is not mediocre, but Nie Qingru can sacrifice even Jiqing, and she alone protects such a person well. How ironic to Qiao Nian? !

Ye Wangchuan curled up his fingers, and originally wanted to take a picture of her shoulder, when he saw the girl leaning against the side of the elevator with a cold and arrogant expression, her hands in her pockets carelessly: "I gave him the photo, Nie Qingru should understand me when she sees the photo the meaning of."

Ye Wangchuan's Adam's apple rolled, and it took a long time before he said: "Do you still want to investigate this Nie Qixing?"

In a blink of an eye, the elevator went down to the 10th floor.

open the door.

Qiao Nian walked out from the inside and headed towards the room.

Ye Fanchuan walked with her.

She had lost interest in this Nie Qixing. When she opened the door, she waited sideways and said, "I'm going to the Pharmacy Association in the afternoon."

"I have made an appointment with Mr. Zhong, and I will ask Aunt Yuan about her recovery."

Ye Wangchuan saw that she didn't answer the question of whether to investigate Nie Qixing, and didn't ask to the end. There were stars in his deep eyes: "I'll let Ji Lin accompany you."

Qiao Nian pushed open the door and was about to go in. Hearing this, he stretched out his hand and pulled off his peaked cap. Remembering the scene where Ji Lin and her were not in harmony before, he raised his eyes and said to him, "Forget it, I can go alone."

Ye Wangchuan was obviously not such an easy-to-fool person, he immediately noticed something unusual, raised his eyebrows, and was about to ask her seriously.

Qiao Nian preemptively found an excuse to prevaricate: "I'm used to being alone, so there's no need to trouble him to accompany me there."

Ye Wangchuan took a deep look at her, without revealing the words inside, nodded, looking quite calm: "Tell me when we arrive."

"good."

Qiao Nian pushed the door open and went in.

Ye Wangchuan watched as the door of Qiao Nian's room closed.

His eyes narrowed slightly, the smile on the corner of his mouth faded, he also swiped his card to open the door, walked in, unbuttoned his collar, rolled up his sleeves, went to the window and made a phone call.

"My Lord." Moxi answered in seconds.

Ye Wangchuan didn't follow him, and went straight to the point: "What did you say to her before?"

she?

Moxie's mind turned quickly, and he reacted immediately.

The "she" that Master Wang said could not be someone else, it must be Ms. Qiao.

His heart skipped a beat, and he wanted to cover up for Ji Lin, so he said stiffly, "No, we didn't say anything, we just chatted a few words about Nie Qixing."

"Where's Ji Lin?"

Ye Wangchuan and Qiao Nianhui held back their temper, and they were not so easy to fool others: "What did he say?"

Moxi listened to Ye Wangchuan's rare and cold tone, lit two sticks of wax for Ji Lin in his heart, and dared not fool around any further, honestly told what happened that morning.

"My lord, he also apologized to Ms. Qiao afterwards, and Ms. Qiao said she didn't take it to heart..." Mo Xi didn't doubt Qiao Nian's character.

He just thought that Ms. Qiao might have slipped her tongue and brought up what happened that day, so Master Wang would suddenly ask them to ask for a crime.

Who knew that Ye Wangchuan seemed to be able to see what he was thinking in his heart: "Do you think she complained?"

"Ahem." Moxi was embarrassed for a while, and became more and more at a loss: "I didn't mean that, Master Wang."

Chapter 2978 Ji Lin also found that Nie Qixing was unusual

Ye Wangchuan had a cold expression, his eyes were covered by extremely long eyelashes, and he stood in front of the window and said indifferently: "She never mentioned a word from the beginning to the end."

"..." Moxi was even more embarrassed, wishing he could find a crack in the ground and get in.

"I guessed it." After Ye Wangchuan finished speaking, he said lightly: "I asked her, but she didn't say anything."

"My lord, I'm sorry." Amidst the embarrassment, Moxi felt a sense of guilt, mainly because he felt that he had suspected that Qiao Nian had leaked something behind his back so that he... couldn't hold his head up.

Ye Wangchuan didn't bother to reason with them, so he just reminded them: "Tell Ji Lin. She is mine, and I am reluctant to say it myself, let alone allow others to make irresponsible remarks. Yaomen can't afford to be more noble than Madam." If he doesn't understand this, he doesn't need to stay in Yaomen."

These words are not harsh!

Moxi suddenly lost his luck, and realized Qiao Nian's position in Ye Wangchuan's heart more and more. He collected himself and said solemnly: "I understand Master Wang, I will pass it on to him."

Ye Wangchuan hung up the phone directly.

*

Moxi heard the busy tone on the other end of the phone, and understood that they were jumping on the red line this time.

He was implicated by Ji Lin this time, but he didn't quibble.

Moxi happened to be with Ji Lin, put down his phone and walked up to Ji Lin: "I have something to tell you."

Ji Lin and several Yaomen's subordinates in Country M were together, tracking the shadow, staring at the tracking location on the computer for a moment, and said without raising his head: "If you have something to say, just say it, I'm busy now, No time to go away."

Moxi also saw the location information of the shadow on the computer, raised his hand, stood sideways in front of the computer and looked at the red dot on it: "Have you found out where he is?"

Ji Lin heard him ask Shadow, but took the time to answer him, looked back at him, and stared at the computer again: "No."

"I don't think he plans to stay in country m more, and he should leave on the same day."

When Ji Lin said this, he couldn't help but frowned, and his expression became a little complicated: "It's strange, our people detected that he had a short stay at the Cavelin Hotel, and then he planned to leave country m..."

According to this logic, it is very likely that Shadow went to Country M this time to meet someone at the Cavelin Hotel.

And there is only one thing that is very lively at the Cavelin Hotel today - Nie Qixing's birthday!

Ji Lin himself was puzzled: "Could it be that this Nie Qixing is really different? The shadow is the second in command of the hidden family, second only to the existence of the queen. In other words, the queen rarely shows her face in public! What does the queen have to say? The words and things to be done are usually done through him... To some extent, the shadow is the Queen's spokesperson."

Moxi was not in the mood to listen to his analysis. After listening for a long time, he probably heard a key point: "So you admit that you misunderstood Miss Qiao before."

Ji Lin was originally full of thoughts of 'what is this Nie Qixing coming from', when he heard him ask without thinking, he raised his head involuntarily, and looked at him with a masked face.

Moxi saw that he didn't know that he had provoked Wang Ye, so he took a deep breath and dragged him outside to talk.

Probably conveyed Ye Wangchuan's meaning, and incidentally said it in a serious way to scare him.

Ji Lin himself was said to be ashamed, touched his nose, and said embarrassingly: "Then what should I do? I will apologize to Miss Qiao later?"

Chapter 2979 Some people hit the gun head by themselves

Moxi saw that he wasn't brainless, at least he was more relaxed than Mo Dong, so he breathed a sigh of relief, and patted him on the shoulder: "No. I think Master Wang meant to ask you to pay attention in the future."

Ji Lin raised his eyes, and was about to say: He must pay attention later.

Moxi stared at his face, smiled maliciously, and put his hands down: "It doesn't matter if you don't want to listen, we still have a mine in Continent F, and I heard that there is a shortage of manpower there."

Master Wang never kills people.

There are some tricks that make life worse than death, dead and alive again.

For example, the mine in Continent F is the place where people who have made mistakes in Yaomen and the dark castle are frightened...

Ji Lin's face turned green, he clenched his fists, and said gritting his teeth, "Don't worry, I won't go in before you go in!"

He refused to admit defeat, but he already knew it in his heart.

Ji Lin knew that Moxi was reminding him to make the previous mistake at most once. If he made another mistake, I think he could really throw him to Continent F to fend for himself.

So he was quite grateful to Moxie, fixedly looked at him, and said, "Anyway, thanks."

Moxi saw that he understood quite well, pressed his hand, squinted his eyes with a half-smile and said, "Don't thank me, I didn't help this time."

He let go of his hand, and said solemnly to Ji Lin: "We all want to thank Miss Qiao, if it wasn't for Miss Qiao showing that she doesn't want to pursue the matter. I guess Master Wang can kill us to cheer for Miss Qiao~"

When he said this, he was obviously half joking.

Ji Lin felt a chill down his spine, and he knew better what he should do next time: "I'll find someone to investigate Nie Qixing again!"

Qiao Nian has always wanted to check this Nie Qixing.

Ji Lin stays in country m all year round, and his connections here are deeper, and he knows a lot of strange people.

These people are usually useless, but sometimes they can show miraculous results.

He is going to ask these contacts to see if he can dig up something!

Mosey went in with him.

"I'll see if I can help."

**

Around three o'clock in the afternoon.

Qiao Nian set off to go to the Pharmacy Association.

As soon as she walked out of the hotel, she was stopped by a black luxury car at the intersection of traffic lights.

Qiao Nian is in a bad mood today.

She pulled down the brim of her hat coldly, folded her hands, and watched a person get out of the car with cold eyes.

The man was probably in his early forties, with a chubby face, a fat body, wearing an ill-fitting suit, and most of his belly was sticking out.

He came down and wiped his sweat.

At the same time, two burly men got out of the car and stood silently beside him, looking like thugs.

Zhang Yin walked up to Qiao Nian, put down the handkerchief, looked her up and down, his small eyes gleamed, and seemed very satisfied: "Miss Qiao?"

he asked.

Seeing that the girl didn't talk to him immediately, she wasn't angry, and continued to be kind and friendly: "You may not know me, but it doesn't matter, I know Miss Qiao. Are you from Independent State? You work in the First Research Institute. And you still Do you know Qi Shao?"

A cold light flashed across Qiao Nian's eyes. He wanted to deal with him directly, but he became interested when he heard the words: "Professor Nie?"

She bit the professor's word extremely frivolously, as if there was a slight sneer.

Zhang Yin didn't hear her ridicule, and thought that he had successfully fooled the person in front of him, so he immediately withdrew his friendly expression and showed a superior attitude: "Miss Qiao, our young master Qi wants to see you, why don't you get in the car with me? "

He made way sideways, tilted his head fearlessly, and gestured: "Please!"

Chapter 2980 Sister Nian fully cooperates!

Qiao Nian pulled off the brim of his hat, looked up at him with a half-smile: "Are you sure it's Nie Qixing who wants to see me?"

Zhang Yin kept the original posture still: "Miss Qiao will know where she is?"

Say it.

He winked at the people around him.

The two thugs beside him immediately stepped forward, standing on both sides of Qiao Nian, one on the left and one on the right, pretending that if Qiao Nian didn't cooperate to get in the car, they would come out.

Zhang Yin watched the girl fall into his control, with a friendly smile on his face, opened the car door, and said kindly to the girl: "Miss Qiao, I don't want to hurt you either. You are a distinguished guest I invited, I hope you can cooperate with me so that we can all be well."

"Chick."

Qiao Nian snorted, stepped forward and got into the car neatly.

Zhang Yin thought she was afraid, and was satisfied with her sense of time, so he turned his head and winked at the two thugs: "There are not enough people in the car, so one of you just follow me."

The bigger and stronger man volunteered to go to the passenger door and said to him: "Mr. Zhang, I'll go with you!"

"Yes." Zhang Yin responded, and immediately looked at the person who was left behind: "You go to Qi Shao, just say that I asked him to meet him at the old place. There is a surprise~"

He pronounced the last three words clearly, which was particularly meaningful.

The two thugs who followed him were confidantes, they knew his style very well, glanced in the direction of the car, withdrew their eyes sympathetically, and said respectfully: "Mr. Zhang, don't worry, I will notify Young Master Qi. "

"Okay." Zhang Yin opened the door and said to another person, "Get in the car."

The strong man also got into the car.

The car quickly ran over the zebra crossing and drove towards the suburbs.

disappeared in a blink of an eye.

The strong man watched the car disappear from his field of vision, turned around and went back to the hotel to find Nie Qixing.

*

In the car.

Zhang Yin looked at the girl's sculpted face, and it was no surprise that Young Master Qi would be interested in Qiao Nian.

He saw that the girl didn't look panicked or scared, so he couldn't help asking curiously, "Miss Qiao, aren't you afraid?"

Qiao Nian rested her fingers casually on her lap, turned her head, and looked at him with lazily raised eyebrows: "What are you afraid of? Aren't you from Nie Qixing?"

Zhang Yin was taken aback by her question, and when he came back to his senses, he couldn't help laughing: "That's right, I'm from Young Master Qi."

After he finished laughing, he suppressed his smile again, and said to the girl in a very old-fashioned way: "It's luck for you to be seen by Young Master Qi, you have to seize this opportunity and you might be able to fly on a branch! I think Miss Qiao is a smart person." , I don't need to say more about the twists and turns in it."

Qiao Nian is also good-tempered, and she nodded in a very easy-to-talk manner: "I know."

Zhang Yin had never seen such a 'cooperative' person, and couldn't help but look at her again.

Qiao Nian really doesn't look like the kind of weak girl who dare not resist, how could she cooperate with him so much...

Qiao Nian didn't care about his probing eyes, but asked casually: "You are from Nie Qixing, so you should know his family members. What does his family do? He should be more than just a professor, right?"

"Where did you hear that?" Zhang Yin immediately became vigilant.

Qiao Nian saw that he seemed very nervous, pulled down the brim of the peaked cap with her white hand, and raised the corners of her mouth, arrogant and unruly: "Just ask casually."

She looks completely relaxed, and she does have a freewheeling look.

Just as she said.

Much like a casual question.
