

## Madam's 2981

Chapter 2981 Independent Continent and the First Research Institute are not qualified for Nie Qixing

Zhang Yin took a deep breath, and his attitude changed a lot: "Don't inquire about nothing!"

"oh."

Qiao Nian agreed too quickly.

Zhang Yin couldn't help but look at her again.

The girl sat on her body calmly, not panicking at all. It didn't look like she was stopped and taken into the car while walking on the road, but more like getting into the car on her own initiative. I'm not afraid at all!

Zhang Yin felt impetuous for no reason, took a deep breath, and said coldly to the girl: "Just remember what I told you, follow Qi Shao, and you will have endless glory and wealth in the future. You are strong in Independent Continent!"

Better than her in Independent Continent?

Qiao Nianxing narrowed her eyes slightly, squeezed her fingers, and said with the same foolish look: "You are right."

The car drove in the urban area for about half an hour, and stopped in front of a high-end club.

"Here we are." The driver stopped the car and turned around.

Zhang Yin saw the outside, turned to look at the girl who was very cooperative along the way:  
"Miss Qiao, we're here."

"Okay." Qiao Nianhao spoke very well, and pushed open the door to get out of the car.

When she saw the door of the clubhouse that caught her eye, and Zhang Yin led her in with ease, she knew that there was a high probability that this was one of Nie Qixing's well-hidden private sites.

Qiao Nian paused slightly.

Zhang Yin stopped and urged her: "Miss Qiao, please!"

Qiao Nian saw him as if he was afraid that he would run away, so the corners of his mouth curled up, the coldness in his eyes disappeared, and he walked forward cooperatively.

...

Zhang Yin arranged her in one of the private rooms.

"Miss Qiao, your mobile phone." Before he went out, he was very cautious, and he knew that he would take away Qiao Nian's mobile phone and cut off contact with the outside world.

Qiao Nian very cooperatively handed over the phone from his pocket: "Take it."

Zhang Yin stretched out his hand to take it, and looked at her vigilantly again.

"Miss Qiao seems to be very cooperative with us?"

"Do I have a choice?"

Qiao Nian's rhetorical question dispelled Zhang Yin's suspicion.

He smiled bitterly, took Qiao Nian's cell phone away, and said with a smile: "Miss Qiao will thank me in the future."

As he spoke, he was about to go out.

Qiao Nian went to the sofa and sat down, and found that there was a fruit plate on the table, so he inserted an apple with a fork, and stopped him instead: "Since you know that I am from Independent Island, you should also know that behind me is the number one apple." Institute."

Zhang Yin put his hands on the doorknob, and when he heard Qiao Nian's question, he turned around and replied kindly: "I said, neither the Independent State nor the First Research Institute is qualified in front of Qi Shao!"

"If you follow Qi Shao, life will only be better than this!"

Good one is not qualified!

Independence Continent and the First Research Institute are not qualified in front of him.

What a big tone.

Qiao Nian got his answer, her eyes were dark and bright, her face showed no emotion, she said to him very calmly: "Okay, I understand."

"Then Miss Qiao has a good rest!" Zhang Yin didn't know what she understood, but he just didn't want to waste time with her.

Mainly, he always felt that the girls in front of him cooperated a little out of sorts.

It made his heart flutter, and he always felt an inexplicable sense of uneasiness, and this uneasiness would gradually increase with time...

Zhang Yin left as soon as he said.

Close the door soon.

He saw that Qiao Nian was very cooperative along the way, and he didn't bring anything with him, so he just took a mobile phone and went out without bringing anything else.

He searched Qiao Nian's mobile phone away, and asked two people to guard outside to prevent him from running away, and he didn't care about the rest.

Chapter 2982 He still doesn't know that he is going to be miserable

Qiao Nian watched as the door of the box was closed.

She finished eating the apple on the fork slowly, clapped her hands, and then adjusted the watch on her hand. After a while of her tinkering, the watch turned into a small high-tech communicator, and there was nothing unusual without looking carefully.

She only messaged one person.

is a voice that lowers the voice.

very short.

Only three seconds.

"I found Nie Qixing's lair."

\*\*

At the moment.

The people under Zhang Yin had already found Nie Qixing in the hotel, nodded and bent down, and repeated Zhang Yin's confession, emphasizing it.

"Young Master Qi, Mr. Zhang said that he has prepared a surprise for you. He is waiting for you at the old place."

"Surprise? What surprise did he prepare for me?"

Nie Qixing had just finished seeing off the guests and had a little free time. He stood in the corridor and pushed down his glasses impatiently.

"He won't get me in trouble again?"

His speaking speed is not fast, and his voice is soothing, which will give people a sense of spring breeze.

The strong man under Zhang Yin's hand lowered his head suddenly in fright, and quickly denied: "Mr. Zhang has indeed prepared a surprise for you."

Nie Qixing seemed to understand what Zhang Yin said about the old place and the surprise. He squinted his eyes, rolled up his cuffs, and said casually, "I'm not done here yet. I'll talk about it when I'm done!"

"Okay." The subordinates didn't dare to urge him.

His subordinates watched helplessly as Nie Qixing walked back to the banquet hall and continued to arrange for the guests to leave, while he went to the corner and called Zhang Yin to report...

...

In the clubhouse.

"Young Master Qi hasn't finished delivering the guests yet." Zhang Yin received a call from his subordinates, put the phone he found on the table, and leaned comfortably on the sofa, and a waitress came over to give him a massage immediately.

Fathead Yu closed his eyes enjoying it, and continued to talk to the other side: "Don't disturb him, let Young Master Qi do the work first. I'll just wait here!"

"Yes, President Zhang."

Zhang Yin heard the subordinate's obedient answer, put down the phone casually, opened his eyes, and saw the mobile phone on the table from the corner of his eyes.

He paused for a second, and asked the waitress to bring him the phone: "Bring it here and let me see."

"Okay." The waitress delicately handed over Qiao Nian's cell phone on the table.

Zhang Yin took it over without even looking at her, and lowered his head to turn on the screen, thinking that he could unlock it directly.

Unexpectedly, he tried several times, all of which were wrong passwords.

And the third time, the phone was locked directly.

Zhang Yin took a deep breath, feeling inexplicably irritated, and threw the phone to her: "Go find someone to unlock the password."

The female waitress frantically picked up the phone. She could tell with great insight that he was in a bad mood, so she wisely went out to find someone.

Zhang Yin waited for her to go out, then called the manager of the clubhouse, and cautiously told the manager: "Find someone to keep a close watch on the people in the box, I always feel a little uneasy."

The manager of the clubhouse is about the same age as him, even fatter than him, as fat as an inflated balloon, very smooth: "Mr. Zhang, don't worry. This is not the first time we have done this kind of thing, and we will definitely not. Something went wrong!"

"Besides, we are backed by Qi Shao." The manager is very confident: "Which person who doesn't have a good eye dares to provoke us!"

Zhang cited his mouth and said: "Be careful."

He has let down his vigilance in his heart.

After all, ever since he wooed Nie Qixing by relying on "knowledge", he has stepped into the real top circle with half a foot. Even if he only touched the tip of the iceberg of that circle by relying on Nie Qixing's relationship, compared to the people outside, he will spend his whole life. It's much better to want to touch that circle!

Chapter 2983 Even Zhong Yiliu was alarmed

He didn't do this kind of strong buying and selling business once or twice, so Zhang Yin was not afraid.

It's just that he always feels that this girl from Independent Continent is a bit evil, and she cooperates too much!

Always makes him uneasy!

The manager of the club didn't know what he was thinking, so he clapped his hands, and several beautiful waiters filed in from outside, and surrounded Zhang Yin again.

"It will be to your benefit to accompany Mr. Zhang well."

"OK."

A few beautiful waitresses posted it up with insight.

Zhang Yin was surrounded by beauties, and quickly put that concern behind him, hugging left and right to enjoy the services of beauties.

\*\*

Kevlin Hotel.

Ye Wangchuan received a voice message from Qiao Nian.

"I found Nie Qixing's lair."

After listening, he pressed the voice button and played it again.

The girl's voice is contemptuous, with a playful tone, and it can be heard that the environment she is in is probably not dangerous.

However, Ye Wangchuan's face was still darkened, and a storm that was about to rain was accumulated in his eyes, and he almost didn't write "court death" on his face.

"Old Zhong, I am Ye Wangchuan."

He called Zhong Liulu first, and restrained himself very politely: "Nian Nian said to look for you before, hasn't she arrived yet?"

Zhong Yiliu happened to be waiting for Qiao Nian to come over, and wondered why Qiao Nian hadn't arrived yet: "She told me that she would come over to get the medicine... I thought she was delayed by something."

"She's not with you?"

Ye Wangchuan said to Zhongliu: "It's okay, she probably encountered something on the road, I'll look for it first, and I'll tell you when I find her."

Zhong Liulu keenly noticed something unusual.

"Q missing?"

"No, you don't have to worry."

Ye Wangchuan comforted him for a few words, then hung up the phone, and immediately stood by the window and dialed Ji Lin's phone: "Check the surveillance near the hotel at 2:30 in the afternoon!"

...

Pharmacy Association.

Zhong Liuliu is obviously not someone who can be fooled by just a few words, he hurried out of his pharmaceutical laboratory.

Just ran into Robert who was looking for him.

"Teacher? What's wrong with you, why are you in such a hurry?" Seeing his anxious expression, Robert hurriedly stopped him to ask.

Zhong Liuliu grabbed his arm: "I just happened to be looking for you."

"Eh." Robert was caught by him for a long time but couldn't recover.

Zhong Liuliu said to him with a serious face: "You go to the people of the m royal family, just say...my friend is missing, ask them to help you find it."

"Okay, I'll do it right away." Robert hurriedly responded.

He was in a hurry to leave before he realized that he hadn't asked who was missing.

Robert turned back and asked him: "By the way, teacher, who are you talking about friends...? I need to understand the characteristics so that they can find someone."

"you know."

Zhong Zhongliu's tone was slightly low.

Robert raised his eyes, touched his earlobe, his eyes were full of confusion: "?"

He knows?

Who is it?

Zhong Liuliu didn't give a damn, and gave a name: "Q."

"You said that God Q..." Robert took a breath, and realized that he was even more anxious than Zhong Liuliu, and was about to trot to do it: "I'll ask someone right away."

Zhong Zhongliu stopped him and told him: "I don't know the specific situation yet, try to keep a low profile and don't make too much trouble."

"Okay, I understand." Robert nodded. He was clearly aware of Qiao Nian's behavior, and knew that he might do bad things with good intentions if there was a big trouble.

He left the Pharmacy Association in a hurry, and hurried to find someone.

Zhong Yiliu watched him leave, still worried, asked someone to arrange a car, and rushed to the Cavelin Hotel where Qiao Nian was staying...

Chapter 2984 Slap in the face, thought Zhong Liuliu came to him

When Zhong Liuliu rushed to the Cavelin Hotel, Nie Qixing hadn't left yet.

When he heard the hotel front desk tell him that Mr. Zhong was here, Nie Qixing was still a little surprised. He didn't have much communication with the Pharmacy Association. Why did Zhong first come to the hotel suddenly?

Although Nie Qixing couldn't figure out why Zhong Liuliu, who had always been too lazy to socialize, would favor him so much that he came here to 'congratulate' him on his birthday.

He was the first to take people down to meet Zhong Liuliu as soon as he received the news.

...

"How is it? Did you find anyone?" At this moment, the old man in blue and plain clothes was standing at the front desk anxiously urging something.

"Sorry, please wait a moment." The front desk was in a hurry.

Zhong Liuliu let out a 'hmm', his brows were filled with anxiety, and it was obvious that he really wanted to find out the check-in information.

The front desk tried to enter the name he said several times, but the computer registration system showed that there was no such person.

The front desk couldn't find out, so he was just about to raise his head and tell him.

Nie Qixing has already led people to the hotel lobby in a hurry.

"Old Zhong!"

Nie Qixing walked in front, walked straight to Zhongliu Liu with a smile on his face, stretched out his hand and said politely: "Why don't you tell me in advance when you come over, so I can arrange to come down early to pick you up."

Zhong Yiliu looked at the hand stretched out in front of him, and then his eyes fell on the face of the strange man. He tried hard to think about it, but asked him out of politeness: "Are you...?"

Nie Qixing's hands hanging in mid-air suddenly froze, his expression became more exciting, and the gentle mask on his face almost cracked.

Fortunately, he grew up beside Nie Qingru, so he won't be unable to bear this blow.

Nie Qixing immediately put down his hand: "Mr. Zhong may not have heard of me. I am from the Nie family, nicknamed Qixing. Now Nancheng University has its own small laboratory, engaged in the research of quantum mechanics."

"I have heard of your name before, and I have always admired you."

He has extraordinary conversation, gentle and elegant, and he is quite favored by Zhong first-class.

Zhong Zhongliu also looked at him, a little surprised that he was from the Nie family: "Who are you Nie Su?"

Nie Su is the head of the generation of the Nie family.

Nie Qixing replied very humbly: "I'm just a marginal figure in the Nie family."

Zhong Liuliu himself is not a person who pays attention to his background. Hearing this, he nodded at him and praised him in approval: "You can have your own achievements in quantum mechanics at a young age, which is already considered pretty good."

He simply praised Nie Qixing, obviously absent-minded, and didn't want to continue the chat.

Instead, he turned his head and looked towards the front desk frequently.

Nie Qixing noticed his unusual behavior with sharp eyes, so he asked with a smile: "Mr. Zhong, what's the matter with you here?"

"I'm here to find a friend." Zhong Liuliu had a good first impression of him, and returned him without hesitation.

Nie Qixing frowned subconsciously, and soon realized that he had lost his composure, and regained his misty elegance: "Then I won't bother you."

He originally thought that Zhong Liuliu came here for him, but it turned out that he was only here for business.

Nie Qixing rarely gets slapped in the face, and he is also in an embarrassing situation. He has no reason to stay here forever.

Zhong Yiliu really had something to do, so he raised his hand indifferently: "Well, I do have something urgent today, let's talk again when we have a chance."

"Okay." Nie Qixing showed a humble attitude that a junior should have, and didn't bother too much. He winked at the people around him and prepared to leave.

Chapter 2985 Nie Qixing heard sister Nian's name again

Zhong Zhongliu was full of Qiao Nian's business, and didn't pay too much attention to this little episode, so he turned his head and asked the front desk: "How is it, haven't found it yet?"

After waiting for a long time at the front desk, he was finally able to tell him: "Sorry, we don't have this name in our hotel system."

"You said you don't have Qiao's name? Impossible, she is staying in your hotel room." Zhong Liuliu frowned, his eyes were sharp: "You need to look for it again."

The front desk of the hotel wanted to say that he had searched for it no less than three times, but the system really didn't have this name.

But facing the anxious old man, she didn't dare to shirk, so she had no choice but to try to find the guest's check-in information again.

At the same time, Nie Qixing, who hadn't gone far, also heard his conversation with the front desk.

Qiao Nian.

He vaguely felt that the name was very familiar.

In Nie Qixing's mind, a scene of a girl pulling a peaked cap with white fingertips appeared in Nie Qixing's mind... There was an indescribable sixth sense in his heart.

Joe?

He looked back and saw Zhong Liuliu still talking at the front desk.

"Young Master Qi, what's the matter?" Seeing him stop and look back in the direction of the front desk, the people under him couldn't help being startled, and leaned forward to ask him.

Nie Qixing withdrew his gaze: "Go and find out how many people named Qiao are staying in the hotel."

The people under him are preparing to do it.

Nie Qixing called him back again: "Come back."

The person under his hand scratched his head and returned: "Young Master Qi, what else do you want?"

Nie Qixing's eyes were sharp and old, and he couldn't see the appearance of gentleness and elegance at all. He pursed his lips, seemed to think for a while, and then said slowly: "Don't go there, after Zhong Lao leaves, you can go and ask, see Did he finally find that friend?"

The people under him didn't understand why it was so troublesome, but they still nodded obediently: "Yes, Young Master Qi."

Nie Qixing always has a stone on his chest, and he can't explain why, but he always feels an inexplicable uneasiness shrouded in him.

He stroked the button on his right hand, his face was cold and serious, his eyes were dark and clouded: "The hotel has been booked by me half a month ago, and guests have to go through layers of screening before they can check in. I didn't hear that before. A friend from the Pharmacy Association checked in... So how did this person check in?"

The people around Nie Qixing stopped talking.

There was a person who whispered the blame: "Zhang Yin has been handling this matter, could it be that he was negligent?"

Nie Qixing remembered that Zhang Yin had sent someone over to tell him about a 'surprise' arrangement, raised his hand and rubbed the space between his brows, noncommittal: "Let's go back first!"

He walked ahead, and everyone had to keep up with him and follow him to get on the elevator.

Nie Qixing had just entered the elevator when he received a call from the royal family.

He entered the elevator alone, raised his hand and pressed the door close button, and then answered the phone: "Hello?"

The person on the other end was very polite to him. He first asked him if he had booked the top floor of the Cavelin Hotel to celebrate his birthday recently. After getting a reply from Nie Qixing.

The person at the other end immediately mentioned it: "A guest in the hotel is missing, can you help me check it out, Young Master Qi?"

Nie Qixing jumped up and down his temples, squinted his eyes, pursed the corners of his lips, and asked slowly, "Is the person you're talking about called Qiao Nian?"

"Yes." Although the person at the other end was surprised, he quickly answered him: "Young Master Qi has also heard about this matter? To tell you the truth, I have received several calls to check the whereabouts of this person, but we The police force was used and still no clues were found."

Chapter 2986 I can't unlock the password of this phone

"Who looked for you?"

"Pharmaceutical Association, Ji Family, and a few other well-known people found us indirectly..."

Nie Qixing saw Zhong Liuliu questioning at the front desk in the lobby downstairs, and it was no surprise that the Pharmacy Association found the royal family, but... the Ji family?

How did the forces on the Independent Continent find the royal family?

He gradually connected Qiao Nian, who Zhong Liuliu was looking for, with the Joe who gave him a gift before, and found that the information of the two overlapped extremely.

Nie Qixing hung up the phone out of caution, and went looking for someone non-stop...

\*\*

the other side.

Zhang Yin waited and waited until Nie Qixing came over.

He finally couldn't sit still, pushed away the entangled woman beside him, got up and went outside to call Nie Qixing.

The phone call just got through.

The other side directly hung up on him.

Zhang Yin was terrified, and didn't dare to call Nie Qixing any more. After hesitating for a moment, he sent a message to Nie Qixing carefully asking why he hadn't come yet.

He stood in the corridor and waited for ten minutes. Before Nie Qixing could reply, he waited for the person from the clubhouse to decipher the phone.

"Mr. Zhang, this phone..." The man with an unshaven beard and a very rough appearance, took a phone and handed it to Zhang Yin: "I can't decipher it."

Zhang Yin held Qiao Nian's cell phone with frowning eyes, thinking that his ears were ringing: "You can't decipher the code? How is it possible?"

The man in front of him looks inconspicuous, but his strength should not be underestimated.

When he heard that Nie Qixing was in a good mood, he revealed that this person was recruited by the Hermit Family and was very good at code breaking.

Zhang Yin didn't dare to ask why the Yinshi family sent this kind of talent to Nie Qixing's side for his use, so he just wrote down the matter silently.

So when he heard the man say that he couldn't decipher the password of the small mobile phone, he had a completely incredulous expression.

The man looked at him very calmly: "I really can't decipher the password on the phone. This password seems to be a kind of Morse code and has pupil membrane verification... To be honest, this is the first time I have seen such a complicated combination password. It will take ten or eight days to solve this password in the hands of a top decryption master, and I have no tools here, so there is really no way."

"You said the password on this mobile phone is so advanced?" Zhang Yin looked confused, and lowered his head to check the mobile phone in his hand over and over again.

The brand of Qiao Nian's mobile phone cannot be identified, it is just an old black mobile phone, the metal edges are very worn, it seems that it has not been replaced for a long time.

Such a mobile phone can't be sold for a price in the second-hand market, and it is equipped with a combination code that even the master crackers around Qi Shao can't solve?

What about pupil membrane verification, this... is somewhat beyond Zhang Yin's expectations!

Zhang Yin hesitated for a moment, took his mobile phone and walked to Guan Qiaonian's box.

There were two burly men standing outside the box, their strong biceps looked intimidating, and none of them stood outside chatting.

When the two saw Zhang Yin approaching, they were startled and quickly stood up straight.

"Mr. Zhang."

"Mr. Zhang."

Zhang Yin pretended not to see the two people touching the fish, and asked them indifferently: "Is the person inside?" Qi Shao hasn't come here yet, if the person runs away, everyone can't eat and walk around!

The two looked at each other and answered him affirmatively: "It's in there! She hasn't come out before."

One of them said it opened the door for him.

Zhang took a breath, took his phone and walked in.

Sure enough.

Qiao Nian didn't run away, and was still in the box.

Chapter 2987 He still doesn't know the disaster is coming

She was sitting there swaying her legs contentedly, holding a bottle of mineral water in her hand, and turning the bottle slowly.

Just in time to see him coming in, Qiao Nian raised his eyes and said lazily, "Why, isn't Nie Qixing here yet?"

Zhang Yin was so scared of her that he couldn't say anything now, walked up to her, handed her the phone, and asked, "What's the password for your phone?"

Qiao Nian took his mobile phone from him, raised his eyebrows, and squinted at him with a smile that was not a smile, but he didn't move his hand, and didn't unlock his combination lock according to Zhang Yin's intention.

Zhang Yin frowned, his face sank, and his voice became cold, threatening: "Miss Qiao, what are you doing in a daze? Didn't I tell you before you came? You have to cooperate with us Good fruit to eat. You won't forget it so soon!"

Qiao Nian stood up slowly at this time, looked at him at the same level, and looked very foolish: "Didn't you find out clearly before you kidnapped me?"

"What?" Zhang Yin took a step back vigilantly.

Qiao Nian threw the water in his hand on the table in front of him, and his whole body was covered with an unfriendly aura: "For example, what is my last name? What is my name? Where do I come from? What are you doing in country m?"

"..."

Zhang Yin was stunned for a moment, subconsciously wanting to laugh.

Why did he want to investigate these things, a girl who is just a little more beautiful, he doesn't care what these people are called, how old they are, where they come from...

In his eyes, these are his tools to curry favor with the higher-ups.

It's just a tool.

In his eyes, even ants are inferior.

Who bothers to learn about ants?

But Zhang Yin couldn't laugh at this moment, because Qiao Nian's personal aura was so strong that he was a little out of breath.

Facing the aggressive girl, the nerves around his temples twitched wildly, he clenched his hands, and threatened, "Miss Qiao, if you don't cooperate with me, don't blame me for being rude!"

The two thugs outside heard the movement and immediately trotted in, standing beside Zhang Yin on one left and one on the right, looking at Qiao Nian with murderous eyes.

One of them even turned his head to ask Zhang Yin: "Mr. Zhang, do you want to teach her a lesson?"

Zhang recalled what Nie Qixing said, hesitated for a moment, and suppressed the displeasure in his eyes, mainly because he was still a little shocked by Qiao Nian: "Not for now."

There was someone backing him around him, his face looked a little better, and he walked up to the girl to persuade him: "Miss Qiao, as long as you cooperate with me to unlock the password of the phone and let me have a look, I will not make things difficult for you."

He didn't wait for Qiao Nian to answer.

Half-threatening and half-taunting, he pointed to the two thugs beside him and said, "If you insist on being so uncooperative, you can see that they are not easy to talk to."

Qiao Nian let out a cry, raised his chin and asked him, "How long have you been doing this?"

"?"

"Isn't it the first time you kidnapped a woman?"

As soon as the words came out.

Zhang Yin changed his face slightly: "Miss Qiao, do you not understand human speech?! I said, if you don't cooperate with us anymore, I have plenty of ways to teach you to be obedient!"

Qiao Nian is right. It is indeed not the first time he has done this, so how to make disobedient people give in, Zhang Yin has a good method.

He didn't want to use these methods on Qiao Nian, but if Qiao Nian continued like this, he could only give her a 'lesson' first.

Seeing that the girl still looked rebellious, his eyes were fierce, he raised his hand, and was about to order the two thugs: "You guys greet Miss Qiao well."

Chapter 2988 When the master went up, he just kicked him in the heart

He just finished speaking.

The two thugs were gearing up to approach Qiao Nian.

Qiao Nian jumped down from the table she was sitting on, stretched her wrist, and was raising her hand to lower the brim of her hat, her eyes were slightly cold...

at this time.

There was a crackling sound outside the box.

Zhang Yin looked outside vigilantly: "What's going on outside? Why is it so noisy?"

The two thugs who were approaching Qiao Nian were also attracted by the noise outside. They also looked sideways and shook their heads: "...I don't know."

Zhang Yin frowned and walked out: "I'll go and see!"

As soon as he walked to the door, half of his body was still in the box, his neck was not stretched out, and his chest was kicked fiercely in front of his eyes!

Zhang Yin's eyes darkened when he was kicked, and he leaned back, almost vomiting blood in pain.

The two thugs turned pale with shock at the sudden turn of events, one of them stepped forward to support Zhang Yin, at least not letting Zhang Yin sit on the ground.

"Mr. Zhang, are you okay?"

"..." Zhang Yin clutched his chest, the place where he was just kicked hurt so much that his face was contorted, his blood was surging, and he couldn't breathe for a long time, let alone speak.

Before he had time to react, he saw someone breaking in from the outside.

The person who came was a young man in his mid-twenties, with an outstanding appearance. The white sweatshirt on his body was neat and ironed, and he had the demeanor of a nobleman.

If it weren't for the rusty taste in Zhang Yin's mouth, he couldn't believe that the person in front of him was the one who almost sent him away with a kick just now.

"Who are you?" Zhang Yin's temples twitched, his brain nerves involved, probably aware of the danger, he didn't care about the pain on his body, and forced himself to speak: "Do you know where this is! How dare you be here Saye, I think you don't want to live anymore!"

As he spoke, he winked at the two thugs around him.

The two thugs have been doing things to help the evildoers all the year round, and when they received Zhang Yin's wink, they immediately turned cold and took out the things on their bodies to teach them a lesson.

Before they got close, people from outside filed in.

A dozen people held guns in their hands, and the black hole was pressed against their foreheads, and the hard and cold touch announced who was the owner of this place.

The two thugs cited by Zhang Yin turned pale with fright, immediately dropped their weapons and raised their hands to beg for mercy: "I, we surrender, don't shoot, don't shoot."

They didn't finish speaking.

A man wearing gold-rimmed glasses walked in from the outside, walked up to the girl and called out in a low voice, "Miss Qiao."

Qiao Nian raised her hand and kneaded the center of her eyebrows: "It came very quickly."

"Sorry, we're late." Moxi thought she thought they were coming too late, and said so on purpose.

After he apologized, he looked back at the two thugs who were under control, walked up to them, looked condescendingly, raised his hand and pushed the glasses frame: "You guys tied people up?"

Where did the two of them see this battle before, their legs were already trembling with fright. Facing Moxi's questioning, they looked at each other, their faces pale, and they didn't dare to speak.

Seeing that Qiao Nian was locked in the box by them, Moxi's heart was already angry, his brows were pressed down, he was too lazy to talk nonsense with them, he raised his hand, and ordered the Yaomen people: "Take them out, squat with the people outside Together."

"yes."

The two thugs were taken out with guns against their temples.

In the blink of an eye, there were only five people left in the box.

Zhang Yin's eyes changed: "You, who are you?"

## Chapter 2989 You must have other backgrounds

Qiao Nian ignored him, walked over to pick up his mobile phone, unlocked it, just in time for a message from Guanyan: [Boss, we are here. Shall I lead someone to break in directly? Or do you have other arrangements. ]

Qiao Nian slid open the fingerprint password, found Guan Yan's phone number in the address book and called.

The woman over there answered in seconds.

"Come in directly, there are people inside."

"Eh... what does sun mean?"

Qiao Nian looked back at the people in the box, leaned lazily on the edge of the coffee table, and lowered his eyes: "The people from Yaomen are inside."

"..."

Guan Yan paused for a few seconds before digesting the news, the corners of his lips twitched, depressed enough: "Yes, they are robbing business!"

Qiao Nian knew that she was competing with Ye Wangchuan, so she raised her eyes coldly: "You come in first."

Guan Yan: "En."

Qiao Nian hung up the phone, then turned around and walked towards Zhang Yin at a leisurely pace.

Zhang Yin was sweating profusely at this moment and didn't care to wipe it off. Seeing her approaching him, his face changed drastically, and he instinctively took two steps back, fearing that Qiao Nian would do something to him.

But before he could hide much, he heard the lazy and cold voice of the man at the door reminding him: "There are no eyes on the muzzle of the gun, I advise you not to move around."

Zhang Yin felt a chill down his spine, how dare he make a move!

He froze on the spot, watching Qiao Nian walk in front of him, he was sweating profusely, his legs were already limp, and he had to hold on with one breath.

"Who the \*\*\*\* are you guys?"

He asked Qiao Nian, mainly because the kicked place on his chest was so painful that he didn't dare to turn his head in Ye Wangchuan's direction.

He gritted his teeth and said, "I don't care who you are! You'd better not act wild here, this is not a place for you to act wild. Otherwise, I will let you eat and walk around!"

"Boom!"

Qiao Nian threw the phone in front of him, raised her eyes slightly, and said frivolously at the end of her eyes, "Call Nie Qixing and see if he comes to get you."

Zhang looked at her dumbfounded: "You?"

He only said a word.

Qiao Nian interrupted him impatiently, with his hands in his pockets, with a cool expression: "Isn't he the one behind you?"

Zhang Yin opened his mouth: "...you know?"

Qiao Nian looked around: "Is this also his territory?"

Zhang Yin's pupils trembled, and he strangled his hands tightly. Unexpectedly, Qiao Nian knew more than he imagined, which made him even more terrified.

Qiao Nian didn't talk nonsense with him, and raised his chin in a concise manner, motioning for him to pick up the phone: "Call Nie Qixing, and ask him if he wants land or fame. If he wants land, he will come and get you, if he wants fame..."

The second half of the sentence she hadn't finished immediately came to Zhang Yin's mind: Young Master Qi wants to be famous, and he is the one who was thrown out to take the blame!

Zhang Yin is very aware of the dirty business in this clubhouse, and even more aware of how many rampant evil things he has done in his daily life.

If Nie Qixing hadn't come, he might be here today!

He was short of breath, gritted his teeth and looked at the girl, and wanted to make a final struggle, at least to make himself understand: "Who the \*\*\*\* are you?!"

"Don't you know?" Qiao Nian glanced with a good temper: "The First Research Institute of Independent State."

Zhang Yin shook his head crazily, not believing it at all: "Impossible! You are definitely not as simple as the background of Independent Continent and the First Research Institute. They dare not provoke Qi Shao, and there are people around Qi Shao to protect... You should have other identities."

"..." Oh, what a dare not provoke Nie Qixing!

Qiao Nian thought again of Ji Qing who passed away early.

Chapter 2990 Nie Qixing received a message from Sister Nian

Ji Qing died of Xiao Suo, with no one around him, so he died so bleakly at the hands of his biological mother. But Nie Qingru has held an outsider in his palm for twenty or thirty years, and he values it more than blood and family ties. He protects him like an eyeball and does not allow anyone to despise him.

What is the season?

In her eyes, Ji Qing is a tool that can be sacrificed?

She has seen the contents of the USB flash drive.

When Ji Qing left the USB flash drive, she must have found out who wanted her to die, but there was no mention of Nie Qingru on the USB flash drive.

Even to death.

Ji Qing still chose to protect Nie Qingru's reputation.

She was suddenly worthless for Ji Qing.

Qiao Nian's expression was cold, his brows were filled with depression, and he walked up to him with his hands behind his back and looked at him at the same level: "Then you tell Nie Qixing that Independent Island and the First Research Institute have provoked him! Not only have you provoked him, but you are also planning to take him away. territory..."

Zhang Yin was so shocked that his face was snow-white, he opened his mouth several times but hesitated to speak, facing the muzzle of Hei Ququ's gun aimed at him, his back was already drenched in sweat.

He slowly bent down, picked up the phone that Qiao Nian threw in front of him, and called Nie Qixing...

\*\*

Kevlin Hotel.

Nie Qixing hasn't left the hotel yet, and is waiting for his subordinates to find out the news and come back to tell him.

His people went out several times.

Except that Zhongliu went to a certain room on the 10th floor and never went out again, he didn't find any useful information.

Nie Qixing didn't wait for Qiao Nian's news, but instead waited for Zhang Yin's call.

He didn't intend to answer this strange call at first.

But by coincidence, he touched the call before it was automatically hung up, and the call was connected.

Zhang Yin stammered about the situation in the hall. Nie Qixing looked impatient from the beginning and wanted him to shut up quickly, but later his expression became more and more serious, and he walked to the window in a hurry: "You mean, Joe Is it where you read it?"

"I don't know her name... Just the Miss Qiao we met before, I thought she was just an ordinary person."

"You said you were interested in her again."

"I'm obsessed with ghosts for a while..." That's it, it goes without saying!

This idiot! Nie Qixing was so angry that he didn't recover for a long time. He lowered his cold and dark voice and said, "Do you know that the whole city of M is looking for her!"

Zhang Yin said: "I... I don't know."

Hearing his voice, Nie Qixing wished to kill him, and said coldly: "Mr. Zhong from the Pharmacy Association, Ji's family from Independent Island, and the royal family are all looking for her. The Cavelin Hotel has been searched all over, and the police are also dispatched." Now, the surveillance cameras are being adjusted at intersections everywhere... How do you ask me to save you for the battle you caused today?"

Nominally, he didn't even have a hand in the business of the Nie family. If the shadow and the queen knew that he not only had his own property behind him, but also touched the gray industry.

Will the empress be disappointed in him?

How can he continue to enjoy the unique status and favor?

When Nie Qixing thought that he might be involved this time, his voice sank, and without giving Zhang Yin a chance to argue, he continued to intimidate him: "Zhang Yin, I remember your son is only eight years old, and he studied outside since he was a child, and his grades are excellent? "

"Qiqi Qishao..." Zhang Yin stuttered so badly that he could feel the fear of Nie Qixing's splitting liver and gallbladder in his voice.

Nie Qixing said softly: "Don't worry, you've been with me for so long, as long as you're smart enough, I won't do unnecessary things. Of course, don't let me down by saying unnecessary things!"
